One Estate and Building Occupancy

Allan Gardner, Head of Technology

Our vision

A **transformed**, **shared**, **sustainable** and **value for money** Government estate **supporting civil servants** to work productively in **every nation and region** of the UK.

Creating great places to work

We work with **client departments** to create great places to work for their people, including:

Cabinet Office

Department for Business & Trade

Department for Levelling Up, Housing & Communities

NHS

Crown Commercial Service

acas
working for everyone

Department for Transport

Northern Ireland Office

Ofsted
raising standards
improving lives

HM Treasury

Department of Health & Social Care

Department for Digital, Culture, Media & Sport

Department for Business, Energy & Industrial Strategy

Home Office

Department for Education

HM Revenue & Customs

Department for Energy Security & Net Zero

Attorney General's Office

Driver & Vehicle Standards Agency

Department for Work & Pensions

CPS

Ministry of Justice

Civil Service Interoperability

| One Data	One Estate	One IT	One HR
• Priority Datasets • Employee Identifier	• Building Access • Occupancy Management	• Harmonising with MS • IT Architecture	• SCS Strategy • Campus Online

One Estate

One Estate

Building Access

Occupancy Management

- Service to Customer, Clients, Partners

- Information Assurance, Privacy & Security

- AV Standards, GovWifi, GovPass, GovPrint

- Occupancy Monitoring, Occupancy Management

- Shared Networks

Occupancy Monitoring

Design, fit out & change of space

Business cases	Design Guidance
Space briefing	Space planning
Project planning	Project and cost management

Space Servicing

FM resourcing	FM allocation
Client experience & standards	Change requests

Health & Safety

H&S requirements	Other legal requirements

Space sizing & allocation

Portfolio consolidation	Property occupation
New buildings	

Customer Experience

Work setting availability	Meeting room availability
Wayfinding	Space quality
Servicing quality	

Consumption

Energy	Waste
Water	Consumables

Why can't you just get data from Access Control?

GovPass

- Modernising Access Control

- A common standard for the Access Control token

- A way to check the token is valid

- Builds on the common civil service pass

- Privacy First

- Secure Connectivity

- A roadmap for the API

An Open Architecture For Occupancy Data

Building Data → **Enterprise Data** → **Summary Reporting**

Thank you.
