# Section 1

## Introduction

---

1. Supply Estimates are the means by which the Government seeks authority from Parliament for its own spending each year. A full description of Supply Estimates was included in *Central Government Supply Estimates 2023-24: Main Supply Estimates* (HC 1383) presented to Parliament on 18 May 2023.

### Supplementary, Revised and New Estimates

2. In a financial year the Government may need to ask Parliament for additional resources, capital and/or cash by means of a Supplementary Estimate. There is one scheduled opportunity for departments to amend departmental budgets and Estimates, the details of which are set out in this booklet.
3. Revised Estimates are rare, but they may be presented in the summer to replace corresponding Main Estimates before Parliament formally approves them. Revised Estimates normally reduce the amount sought in the original Estimate or vary the way in which it is spent. New Estimates may also be introduced, for example to reflect a new entity, and are usually presented at the same time as the Supplementary Estimates.

### Out-of-Turn Supplementary Estimates

4. In addition, Out-of-Turn Supplementary Estimates may be presented at any time during the year whilst Parliament is sitting. This is only allowed in the most exceptional circumstances, where urgent additional provision is needed at short notice and where this cannot wait for a normal Estimates round.

### Total Estimates to date

5. For the current year, Main Estimates were presented to Parliament on 18 May 2023 (HC 1383). This booklet sets out the request for changes since that publication.

### Original provision, changes and revised Supply

6. **Table 1** below shows the total voted Supply provision sought for 2023-24 in the Main Estimates and the changes sought in the Supplementary Estimates.

**Table 1 Summary of Changes to Supply provision sought, current year †**

† Numbers may not add up in the table due to rounding.

†† This measure of DEL includes grants paid to Academies which do not form part of DfE's RDEL and CDEL budgetary control totals set by HMT. See tables 3 and 5 for DfE's full budgetary DEL limits as set by HMT which include the net spending of Academies.

7. There are 49 Supplementary Estimates for central government departments, seeking the changes set out in **Table 2**, in this booklet. In addition, independent bodies may present their own booklets.
8. The main aggregate for public expenditure is **Total Managed Expenditure (TME)**, which includes Departmental Expenditure Limits (DEL), for which firm plans were set in the *Autumn Budget and Spending Review 2021* (HC 822) in October 2021, and Annually Managed Expenditure (AME), which is subject to annual review as part of the Budget process. These definitions are explained in more detail in Chapter 1 of the *Public Expenditure Statistical Analyses 2023* (CP 905) and section 1 of the Main Estimates 2023-24 (HC 1383).
9. The main elements of DEL and AME that are not funded through the Supply Estimates are central government expenditure funded directly from other sources, (e.g. the National Insurance Fund).

#### In-year controls

10. Parliament votes limits on:
  - The net resource DEL requirement;
  - The net capital DEL requirement;
  - The net resource AME requirement;
  - The net capital AME requirement;
  - The net non-budget requirement; and
  - The net cash requirement for the Estimate as a whole.

The operation of in-year controls for 2023-24 was explained in Section 1 of the Main Estimate booklet HC 1383.

### **Amendments to ‘Clear Line of Sight’ (Alignment) Reforms**

11. The Clear Line of Sight (Alignment) reforms outlined in Cm 7567 of March 2009 simplified the government’s financial reporting to Parliament by aligning, as far as possible, the recording of government spending in Supply Estimates with departmental budgets and accounts. The reforms were approved by the House of Commons following a debate and vote in the House in July 2010.
12. As mentioned in HC 1383, where complete alignment of Parliamentary controls, departmental budgets and resource accounts is not practical, it is necessary for expenditure items to be reported differently in different documents. From 2016-17, the Department for Education’s (DFE) Estimate and accounts will not wholly align to the budgets set by the Treasury. DFE’s Estimates and Accounts now include the grant paid to Academies by DFE within the Estimate’s Resource DEL and Capital DEL controls. The actual spending of Academies will instead be reported separately to Parliament on an Academic year basis. DFE’s budgeting controls, as set by the Treasury, will continue to include the spending of Academies on a financial year basis whilst these entities remain classified to the central government sector. DFE’s Resource DEL and Capital DEL budgets as set by the Treasury (which include the spending of Academies) can be viewed in Tables 3 and 5 of this publication, whilst DFE’s Resource AME budget can be viewed in Part III Note A of DFE’s Estimate. The figures in DFE’s Estimate are consistent with those presented in the 2023-24 Main Estimates (HC 1383).

### **Parliamentary procedure**

13. Supplementary Estimates seek funds for expenditure in addition to, or a reduction in, that sought in previous Supply Estimates in the same financial year. They may be presented to:
  - seek authority, and additional resources, capital and/or cash as necessary, for any new services; and
  - increase or decrease the provision for existing services.
14. The House of Commons has an opportunity to debate and vote on Supplementary Estimates (and where applicable New Estimates), followed by detailed examination by departmental Select Committees. This process is described more fully in Section 3 of the Main Estimate booklet HC 1383.

### **Format of Supplementary Estimates**

15. Each Supplementary Estimate is produced in a standard format and consists of an introduction, Part I, Part II and Part III. The format and organisation of Estimates is explained more fully in section 2 of the Main Estimate booklet HC 1383. Since that publication there are minor changes to the formatting on Part II tables and one Part III table (income) which are set out below.

### **Introduction**

16. Each Supplementary begins with an introduction which explains why changes to the existing provision are being sought.

### **Part I**

17. Part I of each Supplementary Estimate states, as necessary, the changes sought to resource DEL, capital DEL, resource AME, capital AME, non-budget expenditure and the net cash requirement (as relevant) for the financial year. It also reproduces the ‘ambit’, which is the formal description of all the expenditure and income (not just any new services) to be financed from the Estimate. Where an ambit has been amended since the publication of the Main Estimate, the new services or income will be identified by the insertion of an asterisk (\*) before the additional text.

### **Part II**

18. Part II of the Supplementary Estimate contains three tables. The first table identifies the sections within each budgetary limit where changes to resources and capital are being proposed and also shows movement in cash. This is followed by a reproduction of original Main Estimate Part II table showing the revised subhead detail, including the additional provision sought for each subhead (including unchanged subheads) as a

result of the Supplementary Estimate. The third table (Part II: resource to cash reconciliation) provides a reconciliation between the net resource total and the net cash requirement (NCR).

19. In this publication the Part II changes proposed table and the revised subhead detail table appear in landscape for the first time. All future Main and Supplementary Estimates will be presented like this.

### Part III – other statements and notes

20. Part III of the Supplementary Estimates contains a number of notes. Each Supplementary Estimate will contain at least:
- **Part III: Note A** - the Statement of Comprehensive Net Expenditure (SoCNE) and Reconciliation table, either restated or updated from that appended to the Main Estimates. Individual Select Committees may, of course, request additional department-specific explanatory information to supplement this material;
  - **Part III: Note B** - an Analysis of Departmental Income (resource and capital), which is being used to offset gross spending. This table has been altered slightly to show income by line, then type, compared to the Main Estimates presentation;
  - **Part III: Note C** - an analysis of extra receipts payable to the Consolidated Fund; and
  - **Part III: Note D** - an Explanation of the Accounting Officer (AO) responsibilities. An AO prepares resource accounts for each financial year and has personal responsibility for the proper presentation of the department's resource accounts and their transmission to the Comptroller & Auditor General and the proper use of public money and stewardship of assets. In discharging these responsibilities particular regard is given to:
    - observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis
    - making judgements and estimates on a reasonable basis
    - stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts, and
    - preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of *Managing Public Money* (MPM).

In accordance with MPM requirements, the relationship between the Principal Accounting Officer and Additional Accounting Officer(s), together with their respective responsibilities, is set out in writing. Similarly, the relationship between the Principal Accounting Officer and the arm's length body (ALB) Accounting Officer(s) is set out in writing.

21. The Supplementary Estimates may be accompanied by further notes providing additional information to Parliament about the specific nature of the department's plans, details of the grants-in-aid (G-in-A) paid to Arm's Length Bodies (ALBs), changes in accounting policies, etc, where relevant.

† The DELs above relate to individual departmental Supply Estimates: for DEL control purposes the Treasury may combine departments into groups to evaluate DEL breaches.

†† DfE budgets set by HMT in this table include the net spending of Academies which are not voted through the Estimates. The number voted for DfE in this table differs from the voted figures shown in DfE's Estimate and Table 2 because the Estimate and Table 2 include grants paid by DfE to Academies.

††† Figures for the independent entities are provisional. See their published Estimates for the final provision.

† The DELs above relate to individual departmental Supply Estimates: for DEL control purposes the Treasury may combine departments into groups to evaluate DEL breaches.

†† DfE budgets set by HMT in this table include the net spending of Academies which are not voted through the Estimates. The number voted for DfE in this table differs from the voted figures shown in DfE's Estimate and Table 2 because the Estimate and Table 2 include grants paid by DfE to Academies.

††† Figures for the independent entities are provisional. See their published Estimates for the final provision.

† As limited companies these bodies do not receive grant-in-aid from the Department, instead they receive cash via working capital loans or equity.

†† The total amount recorded above differs from the amount shown in Part II: Resource to cash reconciliation as the NHS England is also partly funded from National Insurance Contributions and a further adjustment is made for NHS Providers, which follow similar budgeting rules to ALBs, but earn their income from trading activities - mainly the provision of healthcare.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
The Department is bearing an insurable risk for professional indemnity or malpractice on behalf of the Human Fertilisation and Embryology Authority.	1,500
The Department is bearing an insurable risk for professional indemnity or malpractice on behalf of the Human Tissue Authority.	Unquantifiable
The Department has undertaken to meet the legal costs of medical, scientific and nursing staff engaged on clinical trials approved by NHS Blood and Transplant.	Unquantifiable
The Department has undertaken to cover any damages arising from NHS Blood and Transplant clinical trials activity.	Unquantifiable
The Department has undertaken to indemnify members of its expert advisory committees: a) Advisory Committee on Dangerous Pathogens (ACDP) (and their associated Working Groups); b) New and Emerging Respiratory Virus Threats Advisory Group (NERVTAG); c) Advisory Committee on Antimicrobial Resistance and Healthcare Associated Infection (ARHAI); d) The Advisory Committee on the Safety of Blood Tissues and Organs (SaBTO).	Unquantifiable
The Department has undertaken to indemnify members of the: a) Committee for Carcinogenicity; b) Committee for Mutagenesis; c) Committee for Medical Effects of Radiation; d) Committee for Medical Aspects of Air Pollution; e) Administration of Radioactive Substances Advisory Committee. The Department would pay the legal costs and damages of any member who was personally subject to any action arising out of the business of these Committees and sub-committees of them.	0
The Department would need to meet the costs of damages awarded in litigation involving MHRA actions or decisions in carrying out its functions and activities on behalf of the Secretary of State for Health and Social Care.	Unquantifiable
The Department has an exemption certificate in place with the Medicines and Healthcare products Regulatory Agency (MHRA) regarding the National Institute of Biological Standards and Control (NIBSC). This relates to any liability to its employees as defined in section (1) of the Employers' Liability (Compulsory Insurance) Act 1969. The Department would indemnify the Board in the event of any legal act incurring liability for damages, providing the action arose from the proper discharge of its statutory duties.	Unquantifiable
The Department has undertaken to meet the cost of compensation payments arising from injury claims in relation to the immunisation of voluntary donors with specialised immunoglobulin.	Unquantifiable
The Department is involved in a number of Employment Tribunal cases.	Unquantifiable
The Department holds contractual liabilities in respect of redundancy payments and entitlements, and it also holds liabilities in respect of commercial contract obligations. These liabilities include contractual indemnities the Department has entered into as part of its response to COVID-19.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
The Department is the actual or potential defendant in a number of actions regarding alleged clinical negligence. There is a large degree of uncertainty as to the Department's liability and the amounts involved.	Unquantifiable
UK Health Security Agency maintains a stockpile of medical countermeasures for responding to Chemical, Biological, Radiological and Nuclear (CBRN) incidents. Some of these products are unlicensed because no licensed alternatives are available in the UK. Similarly, UKHSA also holds stocks of unlicensed anti-venoms and anti-toxins. If any recipients were to suffer an adverse reaction to using these products UKHSA would be liable. The associated contingent liability is unquantifiable.	Unquantifiable
Liabilities for NHS Continuing Healthcare, a package of health and social care arranged and funded solely by the NHS for a person aged 18 or over to meet physical or mental health needs which have arisen as a result of disability, accident or illness. Where an individual has both health and social care needs, but they have been assessed as having a 'primary health need' under the National Framework for NHS Continuing Healthcare and NHS funded Nursing Care, the NHS has responsibility for providing for all of that individual's assessed needs, both the health and social care.	14,066
Notified legal claims relating to NHS England, predominantly for contract and procurement dispute cases.	3,107
The Department holds a contingent liability relating to contracts signed between His Majesty's Government and Pfizer/BioNTech for their COVID-19 vaccine.	Unquantifiable
The Department holds a contingent liability relating to the contracts signed between His Majesty's Government and Moderna for their COVID-19 vaccine.	Unquantifiable
The Department holds a contingent liability relating to the two contracts signed between His Majesty's Government and the medicine supplier Pfizer for their COVID-19 antiviral drug PF-07321332+ritonavir, co-packaged and marketed as Paxlovid.	Unquantifiable
The Clinical Negligence Scheme for Coronavirus (CNSC), was launched on 3 April 2020 in response to the need for Government to provide indemnity cover for clinical negligence arising from the NHS healthcare arrangements put in place to respond to the COVID-19 pandemic. Any clinical negligence liabilities arising prior to or after this date from these coronavirus-related NHS activities are covered by CNSC by direction from Secretary of State under section 11 of the Coronavirus Act 2020 or, prior to the commencement of that section, under general powers to provide indemnity for clinical negligence.	21,574
UK Health Security Agency has provided a letter of comfort to local authorities participating in the COVID-19 Community Testing Programme, offering a route to manage potential clinical negligence claims, should they arise in the course of testing conducted by local authorities.	Unquantifiable
An indemnity has been issued for the Essex Mental Health Enquiry covering the chair and all other members of the enquiry team for the entire duration of the inquiry's work.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
A letter of comfort has been issued to the Care Quality Commission (CQC) in respect of potential future pension liabilities that may arise in respect of early cessation costs or inherited deficits.	0
The Department holds a contingent liability relating to the interim compensation payments of the Infected Blood Inquiry.	Unquantifiable
NHS England holds a contingent liability for GP Non Reimbursable property costs.	1,907
The Department holds a contingent liability for the provision of life assurance cover for individuals transferred to the Department.	400
The department holds an indemnity provided to Oxford University for unexpected tax implication as a result of the National Institute for Health Research (NIHR) National Biosample Centre transfer to the department.	3,200
The department holds a general indemnity provided to Oxford University in relation to the National Institute for Health Research (NIHR) National Biosample Centre transfer to the department.	14,925
The Department holds a contingent liability for compensation payments due to individuals unable to be traced.	0
The Department holds an indemnity in relation to the Mpox vaccine.	Unquantifiable
Indemnity related to the relabelling of the monoclonal antibody sotrovimab as a result of a shelf life extension, which will permit the continued use of the stock.	Unquantifiable
The Department holds a contractual liability for redundancy payments.	500
The Department entered into contracts for the supply of PPE during the COVID-19 pandemic, which were found to be not suitable. Legal proceedings have been initiated against the Department for the balance of the contract and damages.	Unquantifiable
At 31 March 2023, NHS Resolution had other non-clinical contingent liabilities of £263 million (2021-22: £295 million). These related to non-clinical claims such as public and employers' liability for incidents on or after 1 April 1999, and non-clinical negligence liabilities that have transferred to the Secretary of State for Health and Social Care following the abolition of any relevant health bodies.	263,000
NHS England holds a contingent liability for possible late payment and interest penalties with HMRC.	21,000

## INTRODUCTION

The voted DEL and Total Net Budget in Parts I and II of this Estimate include grant paid to Academies which is voted by Parliament. Part III: Note A shows how, by making adjustments, including removing these grants and instead adding spending by Academies, the totals voted by Parliament can be reconciled to the budgetary spending limits controlled by HMT and shown in Table 3. The grant paid to Academies and spending of Academies is unlikely to be the same in any given year. This is because, spending can include items such as depreciation that do not require cash, as well as any spending from Academy reserves. Reserves are built from other income streams available to academies, plus any unspent grant from previous years.

This Supplementary Estimate is required for the following purposes:

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
Contingent liabilities in connection to Private Finance Initiative (PFI) contracts to Academies. These contingent liabilities are a result of the Department providing an indemnity to the local authority for potential costs of buildings they own, with existing PFI arrangements, which will be used by the academies. This type of indemnity is considered to be low risk and is only a feature of the academies programme in very specific circumstances. These contingent liabilities only arise where an academy is using a local authority building with an existing PFI contract.	9,250,000
Curriculum Body asset transfer - conditions set by previous provider for the asset transfer state that the DfE must indemnify the Foundation to cover all the related liabilities for the assets transferring (including IP infringement liabilities).	10,000
Free Schools Group for Principal designates. The majority of contingent liabilities recorded by Free School Group currently relate to the potential costs that maybe incurred resulting from the engagement of staff prior to the opening of a Free School e.g. head teacher /deputy head teacher who will, in many cases have had to tender their resignation at an existing school to take up their post in the Free School. The Department has agreed to underwrite the salaries of these staff for up to two terms in the event that the Free School does not open as planned. Each potential liability is calculated on an individual basis for each project. Once the Free School opens the liability will expire.	923
Following the closure of HEFCE and the creation of OfS, the Department is acting as guarantor for the handful of employees transferring from HEFCE to OfS who are members of the Universities Superannuation Scheme (USS), which has transferred from HEFCE to OfS as part of the property and staff transfer. This was a condition of OfS' admission to the USS and allows staff transferring from HEFCE to continue to participate as employees of OfS. In the event of a transfer or winding up of OfS, the Department will guarantee that these pension liabilities will be covered by the successor body, or by the Department in the event that no other body assumes the OfS' functions.	4,000
The Department for Education has contracted a charity to manage the Junior Individual Savings Account (JISA) scheme on its behalf. Using an initial £200 payment from the Department, the contractor opens and manages JISAs on behalf of looked after children while they remain in care. The government made a commitment in 2011 to provide £200 to set up a JISA for each child in care across the UK.	1,640
Indemnity to cover the cost of the 35 year lease arrangement with a property company for an academy site.	12,500
Indemnity in respect of commercial lease of a Free School.	110
Indemnity for project costs to manage a Free School project in case the project has to be aborted.	300
The Department has updated its data sharing agreement template for future agreements with third parties in line with the Data Protection Agreement Act 2018 and the Information Commissioner's Office enforcement powers. The Department is planning to offer indemnities to third parties which will be capped in agreement with HMT at £3 million in any financial year.	3,000

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
Property insurance - The Group has agreed with a contractor to cover losses incurred if a catastrophic event occurred during the development of one of its properties. The cover has been provided in accordance with Managing Public Money's view that government departments should not incur excessive insurance costs, but bear risks themselves where possible for value for money. Property 1.	100,000
£10m capped liability indemnity from the Department for Education to an NHS trust. This indemnity will give them the legal cover and reassurance to transfer land and funding to the DfE for the construction of the roads, whilst still legally being responsible for the construction of roads under a S38 highways agreement with the Borough.	10,000
S184 Agreement: S184(9) of the Highways Act allows the highways authority to permit a developer to undertake crossover works and the S184 Agreement sets out the terms on which the works shall proceed.	10,000
A guarantee to Local Government Pension Scheme (LGPS) to meet the pension deficit if an Academy Trust closes.	Unquantifiable
A basic asset protection agreement (BAPA) between DfE and a Public Sector Company is in place whilst work is undertaken at a school.	Unquantifiable
Uncapped indemnity related to Section 185 (s185) agreements entered into as part of school builds. S185 of the Water Industry Act 1991 relates to loss or damage caused to property and interruption to services (including third party claims) as a result of sewer works.	Unquantifiable
DfE contracts with lead suppliers for the delivery of the Early Career Framework (ECF) and National Professional Qualification (NPQ), the Department used model government clauses on indemnity limits and since the introduction of the revised Data Protection legislation under the GDPR it has been standard practice to include unlimited liability relating to data protection fines.	Unquantifiable
The permanent site for an Academy school delivery was subject to entering an unlimited indemnity with Canal & Rivers Trust (CRT) to allow the drainage connection.	Unquantifiable
As a result of entering into a PFI arrangement for the building of schools (PF2) there are a number of contracts in place which have clauses that could give rise to liability for the DfE. These are considered by DfE to be remote and unquantifiable as they relate to breach of contractual conditions.	Unquantifiable
As a result of entering into contracts on site purchases, the DfE are subject to a number of overage clauses. These are considered to be remote as they relate to changes in contractual arrangements.	Unquantifiable
Uncapped indemnity related to Section 104 (s104) agreements entered into as part of school builds. A section 104 agreement (or s104) is a section of the Water Industry Act 1991 that allows developers to enter into a legal agreement local sewerage authorities where the developers construct sewers on their land and request that the sewers are adopted and maintained at the Sewerage authority's expense once it is built to the required standard.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>Uncapped indemnity related to Section 38 (s38) agreements entered into as part of school builds. S38 of the Highways Act and relates to the design, construction and eventual adoption of a new road along with other infrastructure agreements.</p>	Unquantifiable
<p>Contingent liabilities in connection to Free School building contracts and leases. These contingent liabilities are a result of the Department providing an indemnity to the local authority landlords for potential costs in not performing its obligations under various building contracts and leases which the Secretary of State is a counterparty. This type of indemnity is considered to be low risk and is only a feature of the free school programme.</p>	Unquantifiable
<p>Statutory Indemnity in relation to the Office of the Schools Adjudicator outlined in Paragraph 7 of Schedule 5 to the SSFA 1998. Under paragraph 7 of the Schools Standards Framework Act 1998, the Secretary of State has a statutory duty to indemnify any adjudicator against any reasonable cost and expense reasonably incurred by the adjudicator in connection with any decision taken in pursuit of the statutory duties of the Office of the Schools Adjudicator. The adjudicator's decisions can be challenged through judicial review. It is not possible to quantify the potential costs.</p>	Unquantifiable
<p>Indemnities and warranties agreed as follows:</p> <p>a) a warranty to provide investors compensation for policy changes which reduce cash flows to investors. This is because the terms of the loans remain within Government control, and there is nothing investors can do to influence this. The liability will exist for the life of the securities.</p> <p>b i) Collection of repayments for the sold loans through the UK tax system by HMRC ceased;</p> <p>b ii) RPI used to calculate the interest rate of the loans was abolished without a substitute being put in place;</p> <p>b iii) There was a problem with the collection of loan repayments that could not be remedied for three consecutive annual payment dates; or</p> <p>b iv) Legislation is passed which means the Consumer Credit Act (CCA) / FSMA applies to the loans and the CCA low interest exemption applies.</p> <p>c) the indemnity given to investors to cover potential losses if a "servicing event" is triggered. Investors are not able to change the servicer (unlike for a typical commercial transaction) and therefore an indemnity is their only recourse in the event that the servicing is not in line with the contractually agreed standard. The liability is expected to be live for the life of the securities, i.e. up to around 30 years, and will reduce over time.</p> <p>d) indemnities given to the Joint Lead Managers if they (or their employees, directors or affiliates) suffer any loss as a result of misrepresentation, misleading statement or omissions or breach of duty by Government. All of the liabilities are expected to be live for the life of the loans, i.e. up to around 30 years.</p>	Unquantifiable
<p>The Student Loans Company (SLC) has an indemnity in place with a software supplier, which protects the supplier in respect of any litigation raised against it relating to the provision of services by them on behalf of SLC.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
The Department has a contingent liability to the Civil Service Pension Scheme for the incremental costs of uprating accrued benefits by the Consumer Prices Index (CPI), if a decision is taken in future to uprate benefits in the Civil Service Scheme by less than CPI.	Unquantifiable
Uncapped indemnity, relating to 23 agreements for schools/colleges in respect of Section 278 (s278) agreements entered into as part of school builds. An s278 is a section of the Highways Act 1980 that allows developers to enter into a legal agreement with a council (in its capacity as the Highway Authority) to make permanent alterations or improvements to a public highway, as part of the planning approval for free school projects.	Unquantifiable
Indemnities relating to 19 agreements for schools/colleges, in respect of Section 278 (s278) agreements entered into as part of school builds. (Ranging in value from £127k to £11m each agreement). An s278 is a section of the Highways Act 1980 that allows developers to enter into a legal agreement with a council (in its capacity as the Highway Authority) to make permanent alterations or improvements to a public highway, as part of the planning approval for free school projects.	166,432
Coal Authority Permit - the permit is required to undertake a ground investigation (GI) survey as part of the delivery of a free school project, 25 agreements in place. The total value is unquantifiable.	Unquantifiable
A Guarantee - The DfE has entered into a number of tenant default agreements which give rise to a contractual obligation to pay monies to the landlord up to a fixed cap in certain circumstances where the Free School tenant is in breach of its lease.	2,901
Property insurance - The Group has agreed with a contractor to cover losses incurred if a catastrophic event occurred during the development of one of its properties. The cover has been provided in accordance with Managing Public Money's view that government departments should not incur excessive insurance costs, but bear risks themselves where possible for value for money. Property 2.	Unquantifiable
Contingent Liability relating to a contract held by Standards and Testing Agency (STA), one of the Departments Executive Agencies, with a third party. The agreement states that should the third party meet a key milestone then a previous delay credit shall be cancelled. The Delay credit amount is a pre-agreed value.	185
The department is involved in a legal case brought by a third party. As an ongoing case with uncertain outcome, we are not yet able to quantify any possible payment.	Unquantifiable
The Department for Education has agreed financial support to assist the relocation of the National College for Digital Skills. Supplementary funding of up to £225k will be available if certain conditions are met.	225
Contingent Liability relating to a contract held by The Construction Industry Training Board (CITB), one of the Departments NDPB's, with a third party. As part of the contract CITB has agreed to compensate the third party should CITB exit the contract early.	2,190
A Student Loans Company (SLC) legal case relating to a personal injury claim.	5
A Student Loans Company (SLC) legal case, dismissed by a court order dated 25 April 2023 and is now deemed a contingent liability.	110

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
---------------------	-------

The Home Office has entered into the following quantifiable contingent liabilities by offering guarantees, indemnities or by giving letters of comfort. None of these is a contingent liability within the meaning of IAS 37 since the likelihood of a transfer of economic benefit in settlement is too remote.

**Non-statutory liabilities**

Indemnity provided to British Airports Authority (BAA) in respect of damage or injury caused to third parties from Borders and Enforcement in their use of vehicles operating airside while transporting immigration officers between airside locations.	52,000
Indemnity granted in relation to Cyclamen programme up to a maximum €10m. (Minute dated 17 July 2009). Revalued at GBP/EUR 0.85 01.02.24	8,534
Indemnity arising from Riot Damage Costs. (Minute dated 21 May 2012).	10,000
Grant Agreements with Telecommunications Providers.	31,351

**The following liabilities are judged to be unquantifiable:**

Police – City of London Economic Crime Basic Command Unit (ECBCU) (Minute dated 12 March 2004).

If the Home Office reduces or discontinues its share of the match funding of the expanded ECBCU then it will contribute up to 50% of the resulting costs, for example redundancy payment or property cost.

The Home Office appeal to the Supreme Court in relation to the Gubeladze case (A8 Worker Registration Scheme) has failed. This outcome leaves the Department liable to refund Worker Registration Scheme fees collected over the period 2009 and 2011. The Home Office has recognised a provision for this liability in its 2019/20 accounts. There is also an unquantifiable liability for claims for consequential losses.

**Indemnities**

Borders and Enforcement New Detection Technology (NDT).

The following minutes have been used to notify Parliament of the contingent liability relating to Borders and Enforcement NDT, dated:

10 September 2003, 18 December 2003, 18 March 2004, 2 July 2004 and 30 August 2016.

The minutes above refer to the following locations and NDT equipment which is loaned by the Department to recipients:

1. Belgium (loan of motion detection equipment and building; and loan of passive millimetre wave imager trucks and reflector and thermal imaging equipment).
2. The Netherlands (loan of motion detection equipment and building/shelters; CO2 probes and Thermal imaging equipment).
3. France (loan of motion detection equipment and building/shelters; CO2 probes and loan of passive millimetre wave imager reflectors and ISO containers).

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
---------------------	-------

- i) Calais: Heartbeat equipment and building and Passive Millimetric Wave Imager ISO containers. Heartbeat equipment and two buildings in juxtaposed control zone commenced Spring 2004.
- ii) Coquelles: Heartbeat Detection Unit at the Euro tunnel operated in the juxtaposed control zone by the Home Office. Passive Millimetric Wave Imager ISO containers. Shelter for and Heartbeat detection equipment which is under control of, and operated by Borders and Enforcement in the juxtaposed control zone.
- iii) Dunkerque: Heartbeat building commenced Summer 2005. Heartbeat equipment and building operated by the Home Office in the juxtaposed control zone and commenced operation in Spring 2004.
- iv) Ostend: Heartbeat shelters.
- v) St. Malo: CO2 probes to be operated by French operators.
- vi) Vlissingen: Heartbeat equipment and shelters.
- vii) Zeebrugge: Two further Heartbeat buildings and one Passive Millimetric Wave Imager ISO container.

The minutes also refer to the following:

Indemnity in respect of the deployment and/or demonstration of NDT by Borders and Enforcement in Europe. Within the scope of this indemnity "Europe" is defined as the member states of the Organisation for Security and Co-operation in Europe (OSCE); those North African and Middle Eastern countries with which the OSCE has special relationships. (Algeria, Israel, Jordan, Morocco and Tunisia); and those countries which participate in Euro-Mediterranean dialogue with the Council of Europe (Libya, Syria, Lebanon and the Palestinian Authority).

Credit Industry Fraud Avoidance Service (CIFAS) – Fraud Protection Service (Minutes dated 23 November 2011 and 2 March 2016).

To indemnify bodies against erroneous data entered on the CIFAS database, resulting in claims lodged against those organisations.

Angiolini Inquiry (Minute dated 24 May 2022)

The Angiolini Inquiry was established on 31 January 2022 to review the circumstances of the abduction, rape and murder of Sarah Everard, and the abuse of power by a serving Metropolitan Police officer that risks undermining public confidence in the police.

The Home Office agrees to indemnify Dame Elish Angiolini as Chair of the Inquiry, as well as current and former members of the Inquiry and any individual engaged at any time to aid the Inquiry, against any legal costs, actions or damages arising from the execution of their duties in connection with the Inquiry. The indemnity will also cover any civil liability for any act done or omission made in good faith in the execution of their duties.

This indemnity applies only to acts done or omissions made during the Inquiry's work, from establishment on 31 January 2022 until the final report is published by the Home Secretary.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
---------------------	-------

The indemnity is subject to the proviso that any liability which is to any extent met by insurers on the beneficiary of this indemnity, or for which reimbursement is made to any extent by such insurers, shall in that event and to that extent no longer be the subject of the indemnity and, if previously met or reimbursed by the Government, shall to that extent be refunded by the beneficiary to the Government.

**Western Jet Foil Indemnity**

The Jetfoil project was tendered through the CCS framework in December 2021 to supply first a temporary and then a permanent pontoon solution for the disembarking for small boat arrivals at Dover Harbour Jetfoil basin. Indemnity granted to the supplier to protect against damage/loss resulting in pontoon breaking free as a result of extreme weather conditions.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
Headquarters Employment Tribunals: The department is currently defending a number of claims.	6,000
Headquarters legal claims: There is a number of outstanding legal claims against the core department, some of which involve possible financial liabilities.	230
Data Protection Act: There are claims against the department for alleged failure to comply with the Data Protection Act. These cases are ongoing.	105
HM Courts and Tribunal Service (HMCTS) is currently defending a number of Employment Tribunal claims.	60
Employment Tribunal Refunds: In July 2017, the UK Supreme Court handed down a judgment that quashed the Employment Tribunals and the Employment Appeal Tribunal Fees Order 2013/1893. HMCTS is making refunds of fees paid under the order to those who paid them.	13,726
Other refunds: Schemes to refund court fees which were charged in error, or incorrectly set.	9,296
HMCTS is involved in a number of legal cases dealing with ex gratia, compensation and other claims.	277
In November 2017, a review of other fees for courts and tribunal proceedings identified that in some cases fees had been incorrectly charged and in other cases fees had inadvertently been set above cost without the legal authority to do so. In July 2018, a Written Ministerial Statement announced that a refund scheme would be established to reimburse people the amounts they had been over-charged.	10,920
Claims against HM Prison and Probation Service by staff, prisoners and third parties, where the likelihood of a liability arising is deemed possible but not likely, or not reliably measurable.	50,000

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>Incidents Incurred But Not Yet Received (IBNYR): Criminal Injuries Compensation Authority (CICA) has an unquantifiable contingent liability in respect of individuals who have been victims of violent crime but have not yet applied to CICA. This depends upon an application being submitted which meets the criteria set out in the relevant Criminal Injuries Compensation Scheme in force at the date of the application. CICA therefore recognises that a contingent liability exists for IBNYR. It is not practicable to estimate the financial effect of IBNYR because it is not possible to establish the total number of eligible criminal injuries or other relevant factors, such as the likelihood of an application being made.</p>	Unquantifiable
<p>CICA: offers of compensation not accepted within time limits.</p>	400

Supplementary amounts required in the year ending 31 March 2024 for expenditure by Crown Prosecution Service on:

**Departmental Expenditure Limit:**Expenditure arising from:

Administrative, operational, and capital costs incurred by the CPS in prosecuting criminal cases in England and Wales. These costs include prosecution costs, costs of confiscating the proceeds of crime and capacity building in the Criminal Justice System along with staff costs, the hire of agents, support of voluntary sector organisations within the Criminal Justice System and associated depreciation and any non-cash costs falling in DEL.

Income arising from:

The CPS has two main sources of income, Costs awarded to CPS in court and the Asset Recovery Incentivisation Scheme. Additional to this we receive income from the following sources, revenue from contract with customers, refund of expenditure for seconded staff, collaborative working with partner organisations and other administrative income.

**Annually Managed Expenditure:**Expenditure arising from:

Write-offs and changes in allowance for irrecoverable debts, provisions and other non-cash costs falling in AME.

**Crown Prosecution Service** will account for this Estimate.

**PART III: NOTE I - GIFTS**

The department gifted infrastructure to the United Nations (UN) multilateral integrated stabilisation mission—MINUSMA—in Gao, Mali. This infrastructure carried a net book value of £3,522,479 as at 7 September 2023.

The process for transferring legal ownership of the camp to the UN has now been completed. The UK has transferred ownership of the camp infrastructure to the UN and no longer has any financial obligation for disposal or remediation of the site.

**PART III: NOTE J - STAFF BENEFITS**

For the Financial Year 2023-24, the Top Level Budget (TLB) holders have delegated authority to make special bonus payments to civilian staff, to either an individual or to a team, in recognition of exceptional performance in a one-off task/situation, or for achievement of a significant personal development activity via the In-Year Reward Scheme. Awards will not exceed £5,000 per person during a financial year and there is no guarantee of an In-Year Reward.

TLB holders are also able to authorise non-cash awards via the Thank You Scheme, which include such items as retail outlet or theatre ticket vouchers. The value of an award will not exceed £100 per individual and nor will they in total exceed 0.1% of the civilian pay bill for the TLB.

In addition to the financial rewards is the Business Unit Commendations for all civilian employees in broader banded grades, retained grades, skill zones and analogue grades and military personnel. Business Unit Commendations exist as a means of non-pay reward to ensure that exceptional effort undertaken either individually, or collectively, is recognised by top-level management and made publicly known to colleagues. This is typically done by means of a presentation and certificate. Business Unit Commendations and related Commendation Schemes vary from organisation to organisation within the Department.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
1. Unquantified liabilities arising from offering guarantees, limitations of contractors' liability, indemnities or by giving letters of comfort which cannot disclosed due to reasons of commercial confidentiality and / or national security.	Unquantifiable
2. Quantified Liabilities arising from offering guarantees, limitations of contractors' liability, indemnities or by giving letters of comfort which cannot disclosed due to reasons of commercial confidentiality and / or national security.	2,423,437
3. Liabilities arising from the use of Special Risk Indemnities in MOD contracts.	383,680
4. Unquantified Liabilities arising from the use of Special Risk Indemnities in MOD contracts.	Unquantifiable
5. Environmental and safety responsibility for a large number of shipwrecks both in UK waters and globally.	Unquantifiable
6. Indemnities to the Babcock Group in respect of non-nuclear risks resulting from claims for damage to property or death and personal injury to a third party.	Unquantifiable
7. Indemnity for contractors liability relating to explosion or ignition of Authority owned ammunition or explosives.	2,000
8. Indemnity for possible damage caused by contractors on Government property.	662,200
9. Indemnity for residual employee disease liability arising from the disbanding of Defence Evaluation and Research Agency (DERA) as a MOD Trading Fund and the formation of QinetiQ on 1 July 2001.	Unquantifiable
10. Indemnity for residual public liability arising from the disbanding of Defence Evaluation and Research Agency (DERA) as a MOD Trading Fund and the formation of QinetiQ on 1 July 2001.	Unquantifiable
11. Indemnity to Rolls-Royce Power for the non-insurance of the Rolls-Royce Core Factory and the Neptune Test Reactor facility for death and personal injury to a third party.	Unquantifiable
12. Indemnity to SERCO under the Marine Services contract for losses and costs incurred due to the unintended detonation of explosives while being handled in performance of the contract.	Unquantifiable
13. Overall cap on contractor liability within the future submarine design phase contract with Devonport Royal Dockyard Limited.	Unquantifiable
14. Strategic Weapons System Activities Future Delivery Project – outsourced contract includes an indemnity for non-nuclear events and unintended detonation of explosives.	Unquantifiable
15. Third-party claims for injury/death and/or damage to property resulting from loss of a UK RJ aircraft.	200
16. Under the Defence Marine Services contract losses or claims which relate to towing are handled according to the terms of the International Ocean Towing Agreement (TOWCON). Under TOWCON the contractor is indemnified by the MOD for injury to persons on towed vessels, loss or damage caused to towed vessels, and loss or caused to 3rd parties by towed vessels.	Unquantifiable
17. Indemnities and limits of liability to contractors in respect of consequential and indirect losses.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
18. Guarantee to NAAFI that the Department will reimburse 90% of their additional costs arising from any changes in MOD's service requirements.	Unquantifiable
19. Liability for redundancy.	216,871
20. New Fair Deal Arrangements for staff Pensions: staff transfers from Central Government.	10,610
21. Potential redundancy costs for employees at the Defence College of Technical Training.	4,742
22. Potential redundancy liability for employees at several sites due to USVF re-basing as part of US European Infrastructure Consolidation (EIC).	4,000
23. Service Life Insurance is a life insurance scheme for Service personnel which aims to guarantee access to life insurance cover throughout their Service. The insurer undertakes to cover the risk for all deaths regardless of cause within a contracted mortality rate of 75 deaths per 100,000 members. Above this mortality rate MOD would be liable.	Unquantifiable
24. The Guarantee would not guarantee payment to the NAAFI Pension Scheme of NAAFI's obligations, as that would require the maintenance of NAAFI as an on-going entity. Rather, the Guarantee would operate as a "pay-as-you-go" guarantee, and guarantee the Trustees' ability to pay full benefits to members.	8,000
25. Legal Claims.	37,155
26. Quantified Liabilities arising from offering guarantees, limitations of contractors' liability, indemnities or by giving letters of comfort, which cannot be disclosed due to reasons of commercial confidentiality and / or national security.	19,000

29. Indemnity for environmental losses incurred by QinetiQ arising from certain defined materials at specific properties before the formation of QinetiQ on 1 July 2001.	Unquantifiable
30. Indemnity given in relation to the disposal of Gruinard Island in the event of claims arising from the outbreak of specific strains of anthrax on the Island.	Unquantifiable
31. The Department has a number of sites where it may be necessary to carry out decontamination work. It is not practicable or cost effective to identify all contamination at these sites, any possible liability is therefore not quantified and possible site remediation exposure is recognised as an unquantifiable contingent liability.	Unquantifiable
32. Indemnities to AWE Management Ltd for nuclear risks.	Unquantifiable
33. Indemnities to Rolls-Royce and BAE Systems for risks associated with the handling of fissile materials.	Unquantifiable
34. Standard shipbuilding indemnity in respect of Astute class submarines.	Unquantifiable

**PART III: NOTE J - STAFF BENEFITS**

The Exceptional Performance and Instant Reward Scheme is open to all DLUHC employees below the Senior Civil Service. The guidelines suggest a maximum of £1,000 for exceptional performance and £100 for Instant Voucher Awards. All awards are taxable, reckon for national insurance purposes, are non-consolidated and non-pensionable. For voucher awards, DLUHC meets the tax and national insurance costs. The total cost of the exceptional performance scheme for delegated grades is limited to 0.65% of paybill. There are separate arrangements for the performance management of the Senior Civil Service (SCS).

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
The Government Legal Department (GLD) manages litigation cases on behalf of the department. Litigation costs may be incurred following unsuccessful attempts to resist some of those challenges.	237
Claim for repair or repurchase of defective Right to Buy homes sold by local authorities between 1980 and 1985.	250 - 750 per house
Potential liabilities to the EC arising from current European legislation.	Unquantifiable
Potential losses arising from inability to recover ineligible expenditure arising as a result of the closure of ERDF 2014-20 programmes.	Unquantifiable
Potential liabilities arising following the tragic events at Grenfell Tower in June 2017. At this time, the nature and value of the liabilities arising cannot be determined with sufficient reliability and consequently, are considered to be unquantifiable.	Unquantifiable
Homes England: At 30 September 2023, the West Sussex Pension Scheme had 9 active members. When the last active member leaves the scheme, the obligation to pay an exit debt will be crystallised. The timing and value of any exit debt due in the future is not yet known.	Unquantifiable
Homes England: Homes England is potentially liable for miscellaneous claims by developers, contractors and individuals in respect of costs and claims not allowed for in development agreements, construction contracts, grants and claims such as Compulsory Purchase Orders. Payment, if any, against these claims may depend on lengthy and complex litigation and potential final settlements cannot be determined with any certainty at this time. As claims reach a more advanced stage they are considered in detail and specific provisions are made in respect of those liabilities to the extent that payment is considered probable.	Unquantifiable
Planning Inspectorate: Litigation costs may be incurred following unsuccessful attempts to resist a High Court challenge to an Inspector's decision. The timing and value of such awards are difficult to predict.	64
Planning Inspectorate: Ex-gratia payments which may possibly be made to appellants or other appeal parties who have incurred abortive appeal costs following an error made by a member of the Inspectorate's staff.	243
Estimated £2.5 million self-correction to the European Regional Development Fund (ERDF) programme to reduce the total error rate below 2% following the European Commission audit.	2,500

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<b>Parliamentary Contingent Liabilities that have been disclosed to Parliament and are disclosed in the Accountability Report but are not disclosed under IFRS as the probability is considered remote:</b>	
Professional Indemnity Insurance (PII) Scheme – The department provides state backing to an insurer who administers PII policies for qualified professionals to enable them to access the indemnity cover they need to undertake EWS1 assessments. The scheme is now closed to new policies. The risk is limited by the number of policies in issue, policy limits depending on the size of the building, insurance only being issued to qualified professionals and the audit of the certificates.	Unquantifiable
<p>The department operates two guarantee schemes for the affordable housing sector (AHGS). The AHGS 2013 closed to applicants in March 2016 and the programme is now in the portfolio management and monitoring phase, meaning there will be no new applicants or approvals. Therefore, there will be no further drawing against this scheme, with £3.2 billion drawn down. A financial guarantee against the 2013 scheme has been recognised in the Statement of Financial Position with a value of £29.1 million. A second scheme was launched in 2020, guaranteeing debt of no more than £3 billion. At 31 March 2023 £722.5 million of borrowing had been approved, with £648.5 million drawn down. The financial guarantee in the Statement of Financial Position had a value of nil.</p> <p>The department has provided a guarantee scheme for the private rented sector (PRS), guaranteeing debt of no more than £3.5 billion. At 31 March 2023, the department has approved borrowing of circa £1.8 billion of which £1.5 billion has been drawn down and is covered by the guarantee scheme. The guarantees have been valued in accordance with IFRS 9 and have been recognised as a financial guarantee in the Statement of Financial Position with a value of £76.1 million.</p> <p>On the 7 May 2019, the department launched the ENABLE Build guarantee scheme, guaranteeing debt of no more than £1 billion. At 31 March 2023, £346 million has been drawn down and is covered by the guarantee scheme. The guarantees have been valued in accordance with IFRS 9 and have been recognised as a financial guarantee in the Statement of Financial Position with a value of £50,000.</p>	
In 2019-20, the department provided a letter of comfort to the Queen Elizabeth II Conference Centre to confirm that a loan will be provided if required, in accordance with the Framework Agreement between the department and the trading fund. The department laid a Statutory Instrument on the 8th June 2021 to increase the trading fund's borrowing limit from £2 million to £12 million. At 31 March 2023, the department had loaned the trading fund £2.6 million.	2,600
To strengthen local authorities' ability to enforce building safety remediation action, the department has indemnified the Joint Inspection Team (JIT) for professional indemnity and for death and personal injury claims resulting from their advice. The local authority retains responsibility for decisions on enforcement. The indemnity is unquantifiable and will continue for the duration of the period over which the JIT operates and 6 years thereafter for professional indemnity, and 125 years for death and personal injury.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>The department provides letters of comfort to ALBs in relation to their pension scheme liabilities. Ebbsfleet Development Corporation is no longer part of the Departmental Group for accounting purposes but the department continues to be responsible for governance arrangements and the letter of comfort continues to be in place.</p>	Unquantifiable
<p>An indemnity to Returning Officers for UK Parliamentary elections; For the purposes of UK Parliamentary elections, Returning Officers and Acting Returning Officers throughout Great Britain are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at polling stations to significant election petitions challenging the outcome of a poll and associated legal costs. The indemnity is to cover the costs of any claims against them, which are not covered under the existing insurance policies that Returning Officers hold. The indemnity will cover costs arising in relation to UK Parliamentary elections including by-elections, where the date of the poll is on or before the 1 May 2024.</p>	Unquantifiable
<p>An indemnity to Police Area Returning Officers and Local Returning Officers for the Police and Crime Commissioner elections held on 6 May 2021. For the purposes of Police and Crime Commissioner elections, Police Area Returning Officers and Local Returning Officers throughout England and Wales are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at polling stations to significant election petitions challenging the outcome of a poll and associated legal costs. The indemnity is to cover the costs of any claims against them, which are not covered under any existing insurance policies that Police Area Returning Officers and Local Returning Officers hold. The Department will also certificate the Returning Officers under The Employers' Liability (Compulsory Insurance) Regulations 1998 in respect of any liability to their employees. The indemnity and certificate will remain in place to provide cover to Police Area Returning Officers and Local Returning Officers for any by-elections that are held prior to the next scheduled Police and Crime Commissioner elections on 2 May 2024.</p>	Unquantifiable
<p>An indemnity to Petition Officers for any Recall Petition that may be held between the date the indemnity came into force, 8 June 2016, and 6 May 2020; For the purposes of Recall Petitions, Petition Officers throughout Great Britain are statutorily independent officers. They stand separate from both central and local government. As a result, they can be exposed to a variety of legal risks varying from minor claims for injury at signing locations to recall petition complaints, challenging the outcome of a petition and associated legal costs. The Cabinet Office has not provided an indemnity for Petition Officers previously as the Recall Petition legislation came into effect only in 2015. This follows the same process where the Cabinet Office has provided an indemnity to Returning Officers for the UK Parliamentary elections in May 2015, as well as all other recent electoral events. The indemnity is to cover the costs of any claims against Petition Officers, which are not otherwise recoverable under the charges provisions contained in paragraph 3 of Schedule 1 to the Recall of MPs Act 2015.</p>	Unquantifiable

Guarantee for the 'Borrowing facility for Historic Royal Palaces'.	4,000
British Library loans	2,500
The Library has a maximum remote contingent liability of £2.5m to cover items on loan from other organisations for inclusion in exhibitions. £2.5m is the full value of all the items so the worst case if there was damage to all items.	
Gambling Commission legal costs	300
There are remote contingent liabilities of £0.3m as at 31 March 2023 (31 March 2022: £0.4m) which relate to legal costs.	
Olympic Delivery Authority (ODA)	Unquantifiable
Upon dissolution of the Olympic Delivery Authority (ODA), the following contingent liabilities passed to DCMS:	
1. Contingent liability of up to £10m for one third of the cost of constructing new railway sidings at Lea Interchange.	
2. Indemnity to Lee Valley Regional Park Authority (LVRPA) against costs incurred for pollution / contamination from ODA's construction of the Lee Valley White Water Canoe Centre.	
3. Potential reimbursement to LVRPA of certain claw back liabilities payable to funders of the Lee Valley Hockey and Tennis Centre at Eton Manor.	
Jubilee Gardens	Unquantifiable
Indemnity given to the Arts Council England and the Southbank Centre Limited for certain liabilities owed by Shirayama Shokusan Company Limited for potential costs in replacing the proposed new Jubilee Gardens.	

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
<p>Hague Convention and Cultural Property (Armed Conflicts) Act 2017</p> <p>The government has ratified the 1954 Hague Convention for the Protection of Cultural Property in the Event of Armed Conflict and accede to its two Protocols. The Cultural Property (Armed Conflicts) Act 2017 created a number of new criminal offences in domestic law to enable the UK to ratify the Convention and accede to the Protocols. The offences include a serious breach of the Second Protocol, unauthorised use of the Cultural Emblem and the offence of dealing in unlawfully exported cultural property. The Department has an unquantifiable contingent liability for the additional costs related to imprisonment and legal costs incurred by the Ministry of Justice for prosecutions brought solely under this new legislation. The Department also has an unquantifiable contingent liability for any costs it may be required to cover relating to compensation which may be payable to buyers of 'good faith' that forfeit any cultural property.</p>	Unquantifiable
<p>The Royal Parks historic liabilities</p> <p>On 15 March 2017, an agreement to manage the Royal Parks was signed between The Royal Parks Limited and the Secretary of State setting out the elements transferred from The Royal Parks Agency (TRPA) and additional obligations and arrangements. Under the terms of the agreement, the core Department retains responsibility for the cost of historic liabilities of TRPA for 10 years.</p>	Unquantifiable
<p>Lottery Distribution Bodies</p> <p>At 31 March 2023, the LDBs had contingent liabilities relating to future grant payments. The estimated value is £523m (31 March 2022: £424m). The LDBs include British Film Institute, National Lottery Community Fund (formerly Big Lottery Fund), National Lottery Heritage Fund, Sport England, and UK Sport.</p>	523,000
<p>BHA Pension Scheme</p> <p>On 30 July 2007 the Board entered into an agreement with the BHA, the Jockey Club and Trustees of the Jockey Club Pension Fund and Life Assurance Scheme, now known as the BHA Pension Scheme (the 'Scheme'), to guarantee the payment by the BHA of certain contributions to the Scheme. The last completed formal valuation of the Scheme took place in December 2017. Until 2020-21 HBLB provided two separate guarantees: an annual repair deficit guarantee of £0.6m valid until September 2024 if BHA were unable to pay and a maximum wind up guarantee of £30.3m valid until December 2024.</p>	30,300

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
<p>Great British Bonus Scheme</p> <p>The Great British Bonus Scheme (GBB) is a prizemoney scheme designed to support the UK breeding and racing industries through enhanced prizemoney to qualifying UK bred horses. It is a whole industry scheme that is administered by the Thoroughbred Breeders' Association (TBA) as agent for the scheme. They administer registrations to the scheme and market and support the scheme operationally. The TBA sit on the GBB Management Group, along with members of the British Horseracing Authority (BHA) and the Racehorse Owners Association (ROA). Members of the Horserace Betting Levy Board (HBLB) and Weatherbys also sit on the Group as observers. The vast majority of funding for GBB prizemoney comes from HBLB. The GBB Management Group propose any changes to the structure and rules of the scheme, but ultimately the Board of HBLB have control over the funding of the scheme.</p> <p>On 14 September 2021 the Board agreed to the principle of a contingent liability for the unlikely event of GBB scheme closure, resulting in repayment of unused registrations, until the scheme has built up sufficient reserves to cover the closure liability itself. The value of paid registrations that had not had an opportunity to utilise the scheme at 31 March 2023 amounted to £1,038k (31 March 2022: £1,425k). At this date GBB had reserves of £504k (31 March 2022: £839k). Therefore, the Board recognises a contingent liability of £534k (31 March 2022: £586k).</p>	534
<p>Sport England</p> <p>In 1979, the Football Association (FA) contributed £0.5m towards the construction of a hostel at Lilleshall National Sports and Conferencing Centre. A management agreement with the FA was entered into by Sport England which enabled the FA to run the Vauxhall School at the Centre which closed in July 1999.</p> <p>The Management Agreement continues to remain in place and at the present time the accommodation is used by the FA's Medical and Education Units. If Sport England were to terminate the agreement at any time before 2039, then a proportion of the £0.5m would fall due to be paid to the FA calculated by the reference to time. It is considered unlikely that the agreement will be terminated by Sport England.</p>	500
<p>Gambling Commission legal costs</p> <p>There are contingent liabilities of £0.1m as at 31 March 2023 (31 March 2022: £0.1m) relating to legal costs. The contingent liabilities figure has been calculated under the guidance of IAS 37 Provisions, Contingent Liabilities and Contingent Assets, based on events existing at the Statement of Financial Position date.</p>	100
<p>British Film Institute Locked Box - The BFI Locked Box initiative enables UK-filmmakers supported through the BFI to benefit from their film's success. In short, a share of income from supported film productions is put aside (into a BFI Locked Box) and can be used by the filmmakers for the development and/or production of future projects. The value of this contingent liability as at 31 March 2023 is £2.6m (31 March 2022: £3.1m).</p>	2,600
<p>National Lottery Community Fund</p> <p>Within dormant accounts, NLCF has recognised a contingent liability of £5.5m at 31 March 2023 in respect of possible obligations to pay up to £500k per annum to The Big Society Trust (BST) for their administration costs. This possible obligation is as per a deed of agreement between BST and NLCF made on 10 December 2019, which is valid for 15 years from that date. Therefore, the contingent liability is for the remaining 11 years. Additionally, a contingent liability of £20m is recognised which is in respect of (unsigned) contractual amounts owed to designated distributors.</p>	25,500

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
<p>The British Library Digitisation</p> <p>The British Library has undertaken the digitisation of millions of pages of newspaper from the archive using a commercial partner to take on the costs of digitisation in return for being able to exploit the digital archive commercially.</p> <p>The supplier has warranted in its contract with the Library that use of the digitisations will not infringe copyright, or give rise to any possible action for defamation and has undertaken to cover any liability falling on the library as a result of any such claims (in addition to the cost of defending the action) up to £5m.</p> <p>DCMS has agreed to underwrite any liability which arises beyond that, for the duration that such claims might arise. It is considered that a claim in excess of £5m would be extremely unlikely but in the event that the liability is called, provision for any payment will be sought through the normal supply procedure. The British Library is aware of a personal injury claim which has been investigated. The Library does not believe it has any liability and nothing has been heard from the claimant for over a year so no provision has been made in the accounts. A complaint has been made against the Library relating to copyright due on material licensed to 3rd parties. The Library has taken legal advice which confirms that no contract exists and no backdated royalties are due so no provision has been made in the accounts.</p> <p>The Library is dealing with two employment tribunal cases. It is not yet possible to say with certainty what any liability and related costs might be so no provision has been made in the accounts. A complaint has been made by a member of the public against the Library under the Equality Act 2010, alleging that the reader registration process is discriminatory because registration requires attendance onsite. This is currently under investigation. It is not yet possible to say with certainty what any liability and related costs might be so no provision has been made in the accounts. Whilst the costs of these disputes cannot be determined with sufficient certainty to make a provision, it is considered unlikely that the worst case outcomes would result in material costs to the Library.</p>	Unquantifiable
<p>4th National Lottery Licence Legal Challenge</p> <p>The Gambling Commission considers the liability to be a contingent liability in accordance with IAS 37. The liabilities will remain until the legal challenges are settled, because they relate to possible obligations in respect of enduring legal challenges as a result of the Gambling Commission's decision.</p>	Unquantifiable
<p>British Tourist Authority – India Subsidiary</p> <p>BTA continue to work on an on-going challenge in relation to their India operations. There is uncertainty over whether there may be non-compliance with local rules and whether any fines could arise as a consequence. BTA are reviewing a way forward for operations in India and decisions are expected in the first half of 2023-24. The conclusion as to whether there are non-compliance issues is likely to take a significant amount of research and BTA continue to work with its advisers in India to resolve.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES (*continued*)**

Nature of liability	£'000
<p>BBC Tax Survey</p> <p>From 14 – 16 February 2023, the Indian Income Tax Department conducted a tax survey on the BBC's Indian operations in Mumbai and Delhi. This involved tax surveys carried out at the offices of BBC World Service India Private Limited and BBC Studios India Private Limited.</p> <p>The BBC has co-operated in full, and will continue to do so, with all requests made to it including document and information requests, supported by its external legal and tax advisers. As matters are ongoing and have not yet concluded, it is not possible at this stage to identify if in any or all instances a liability exists and/or to quantify any such liability with reasonable certainty.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>Legal costs</p> <p>– A contingent liability exists in relation to various ongoing legal cases. The cost is dependent on the outcome of cases which currently cannot be reliably estimated.</p>	Unquantifiable
<p>Indemnities against personal liability</p> <p>– Indemnities have been given to the directors appointed by the core department to wholly owned subsidiaries. These indemnities are against personal liability following any legal action against the companies</p>	Unquantifiable
<p>Intellectual Property</p> <p>– A liability to the European Patent Office could arise under Article 40 of the European Patent Convention of 1973 as the UK is one of the contracting states.</p> <p>– A liability to the World Intellectual Property Organisation could arise under Article 57 of the Patent Cooperation Treaty as the UK is one of the contracting states.</p>	Unquantifiable
<p>Others</p> <p>– Under international (UN) convention, the UK government is ultimately liable for third party costs from accidental damage arising from UK space activities. To manage the risk to the Government, the Outer Space Act 1986 requires licensees to indemnify HMG against any proven third-party costs. In March 2015, the Outer Space Act 1986 was amended to provide for a limit of liability to be applied in licences to what was previously an unlimited liability to indemnify HMG for licensed activities. The Outer Space Act now regulates spaceflight activities carried out overseas by UK entities only.</p> <p>With the coming into force of the Space Industry Act on 29 July 2021, this act now regulates licensed spaceflight activities in the UK. The Act requires the licensee to indemnify claims made against the UK government and also claims made by third-parties against the licensee with respect to damage arising in the UK. Limits of operator liability are to be included as licence conditions in licences issued under the Act. Therefore, no operator will be facing unlimited liability for activities carried out in compliance with the act. The UK government is therefore exposed to a potential liability for third party costs which are not recoverable from the licensee. This liability is unquantifiable at the time of reporting.</p> <p>– UKRI collaborates with a number of other international partners in the funding, management and operation of technical facilities which are not owned by UKRI. In the event of a decision to withdraw from any of these arrangements, it is likely that UKRI would assist in the search for a replacement partner to ensure that technical commitments were met. The most significant international collaborations are in respect of CERN and European Southern Observatory (ESO). For both of these facilities there is the possibility that UKRI would be obliged to contribute to decommissioning costs arising from a decision taken to discontinue operations. The decisions to decommission are not wholly within UKRI's control.</p> <p>– Core Department - Indemnity to Public Appointments Assessors (PAAs): The Cabinet Secretary has provided a government-wide indemnity to Public Appointments Assessors (PAAs) against personal civil liabilities incurred in the execution of their PAA functions.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
– Others: There are a number of potential liabilities for the departmental group in respect of claims from suppliers, employees and third parties which depend on actual or potential proceedings. The timing and amounts of any liabilities are uncertain.	Unquantifiable
– UKRI - (Innovate UK) Decommissioning costs: UKRI has a contingent liability which may arise if UKRI has to provide a grant to Narec (Natural Renewable Energy Centre) in order for it to be able to decommission a weather monitoring platform in the North Sea. This is currently collecting data to support the development of an offshore wind test site. This may take place anytime between three and twenty-five years from now dependent on the development of the site, at an estimated cost of £2.2m.	2,200
– UKRI - (STFC) Decommissioning costs: A contingent liability exists for European Synchrotron Radiation Facility (ESRF) decommissioning costs associated with the dismantling of the facility and infrastructures. Decommissioning occurs on winding up of ESRF. If exit by the UK (or any other Member) results in ESRF being wound up, the Members are required to arrange for decommissioning of ESRF's plant and buildings and to meet the costs of doing so in proportion to their share of capital at the time of dissolution. The contingent liability is estimated to be £1.7 million.	1,700
– UKRI - (STFC) Reprocessing and staff commitments: A contingent liability exists in respect of the Science and Technology Facilities Council (STFC)'s share of Institut Laue-Langevin (ILL) unfunded provisions for staff related costs (e.g. early retirement) and costs associated with reprocessing fuel elements that will arise on the closure of the facility. The contingent liability will become a provision when a detailed closure plan has been documented and communicated to all those affected. The contingent liability is estimated to be £10.5 million.	10,500
– UKRI - Departmental group: As part of a sale agreement relating to a previous Biotechnology and Biological Sciences Research Council (BBSRC) site, BBSRC (now part of UKRI) agreed to indemnify the purchaser against contamination resulting from dangerous substances. The indemnity was over a 10-year period commencing in 2013-14 and was capped at £3 million.	3,000
A contingent liability exists in relation to the disposal of radioactive sources on the Teddington site, should the radiological work at NPL cease and the normal practice of returning depleted sources to the supplier of replacement sources, no longer occurs. These costs cannot be reliably estimated. Covered by the disclosure for Environmental Permitting (England and Wales) Regulations 2016 CL: A contingent liability exists in relation to the costs of retrieving and disposing of sealed radioactive sources under the Environmental Permitting (England and Wales) Regulations 2016 in the event that a company keeping such sources becomes insolvent.	Unquantifiable
As a member of EUMETNET, The Met Office is indemnified to pay any liabilities transferred to the individual member state shareholders in the event that the organisation was no longer a going concern. The Met Office represents the UK as a Member of EUMETNET which is an economic interest grouping under Belgian law of 31 European national meteorological and hydrological services. EUMETNET provides a framework to organise co-operative programmes between its Members in the various fields of basic meteorological activities. These activities include observing systems, data processing, basic forecasting products, research and development and training.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<b>Statutory liabilities:</b>	
Channel Tunnel Act 1987, s 25, 26 and 29 : potential liabilities in the event of termination of Eurotunnel's concession.	100,000
Marine and Aviation Insurance Act 1952, s 1 : Government war risk reinsurance for British shipowners insuring their vessels with the British Mutual War Risks Associations (Clubs). Under the current agreement with Clubs, the Government provides 95% reinsurance for King's Enemy Risks (KER). A contingent liability arises from the continuous KER cover for the hull and machinery value of British flag vessels entered with the Clubs.	Unquantifiable
Railways Act 1993, s 29(5) : Liabilities in direct agreements with rolling stock companies re Environmental Deed of Indemnity.	Unquantifiable
Railways Act 1993, Transport Act 2000: Contingent liabilities arise from signing of new, replacement and extended passenger rail franchise and successor agreements, and other agreements to encourage railways investment, including investments in assets that will be leased to train operating companies. This includes new undertakings that cover the period after an individual National Rail Contract (NRC) has expired. Due to the NRCs' terms and conditions, the Department has narrowed the range of risks to which it is exposed, compared to the predecessor arrangements, so the likelihood of payment would be lower.	1,878,870
CTRL Act 1996. Undertaking under the HS1 concession agreement. The amount payable in the event of crystallisation would reflect the financial circumstances of the concession agreement and of its operator at that time, and will therefore fluctuate in line with market conditions	4,112,000
Town and Country Act 1990, The Department has issued a Safeguarding Order for the proposed route of HS2. This creates an obligation on the Department to purchase properties that have been blighted.	Unquantifiable
Liabilities for statutory blight for the furtherance of transport infrastructure projects.	Unquantifiable
Legacy liabilities for railway structures sold by British Rail and transferred from British Railways Board (Residuary) Limited (BRBR) on its abolition.	Unquantifiable
<b>Non-statutory liabilities</b>	
Reinstatement of International Maritime Organisation (IMO) building, and abatement of rent, if IMO building destroyed; and rehousing of IMO during rebuilding. The reinstatement cost has been updated based on a valuation commissioned during the year.	136,394
National Highways (formerly Highways England) third party claims.	11,000
Indemnities have been issued to non-executive members of the departmental board, and to civil servants appointed to represent the Department on the boards of other organisations, and to individuals in analogous roles.	1,800
North Atlantic Treaty Organisation (NATO) agreement relating to the indemnification of civil aircraft in respect of their use on NATO tasks in times of crises and war.	Unquantifiable
Letters of comfort have been issued providing an indemnity in relation to legal action taken against the Judge, Counsel, solicitors and secretaries to the Thames Safety Inquiry (report published in year 2000) and the Victim Identification Inquiry (report published in year 2001) following major transport disasters. The amount has been updated to reflect a current estimate of the costs.	20,000
Under the HS1 Concession agreement the Secretary of state may be liable for a number of quantifiable and unquantifiable payments. As the unquantifiable proportion is significant, the category is presented as unquantifiable.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
In 2013 the Secretary of State agreed to quantifiable (disclosed) and unquantifiable assurances, warranties, indemnities and potential losses to external parties under the Thameslink Rolling Stock contracts with Siemens, Network Rail and Cross London Trains.	644,000
In 2012 the Secretary of State agreed to quantifiable (disclosed) and unquantifiable assurances, warranties, indemnities and potential losses to external parties under the Inter City Express Rolling Stock contracts with Agility Consortium and Network Rail.	5,900,000
Indemnities issued to businesses at Rail privatisation and transferred from the British Railways Board (Residuary) Limited (BRBR) on abolition. The final remaining item has expired.	0
Commitment by the Department to fund any shortfall of toll revenue from the Mersey Gateway Bridge to meet Halton Borough Council's financial obligations under the Demand Management Participation Agreement. The financial exposure reduces as toll revenues are collected.	1,196,000
Cross-guarantees within NR Group - indemnities given by companies within the Network Rail Group to support entities that are not consolidated within the DfT resource accounts, to deliver value for money to the taxpayer.	171,930
Other contingent liabilities, including legal claims, comprising both quantifiable (disclosed) and unquantifiable amounts. This summarises more than thirty individual items. The change in amount reflects the expiry of some claims, and net reductions in the amount of others.	134,510
Indemnities to stakeholders relating to infrastructure works, comprising quantifiable (disclosed) and unquantifiable elements. During the year, HS2 Ltd reviewed their processes for classifying undertakings and assurances, leading to a reduction to the totals presented as contingent liabilities; this was reflected in the Annual Report and Accounts for 2022-23.	221,565
The Department has a potential constructive obligation to cover the costs of managing the SS Richard Montgomery, which ran aground off Sheerness in 1944, with a cargo of munitions. The Department has funded the costs of marking, guarding, inspections and mitigation works, indicating that it would fund other works as required. The potential cost is considered to be unquantifiable.	Unquantifiable
The Department has accepted obligations to indemnify operators under the Space Industry Act 2018 (the 2018 Act) and Space Industry Regulations 2021 for losses occurring before the satellite reaches orbit. During 2022-23, one launch took place: Cosmic Girl, on 9 January 2023. There was no cost to the taxpayer under the indemnity. There have been no further launches to date.	Unquantifiable

**PART III: NOTE F - ACCOUNTING POLICY CHANGES**

This Supplementary Estimate includes £2,600,000,000 resources under *Taking action on climate change and decarbonisation (ALB) net* within Resource Annually Managed Expenditure for the impact of the FReM (Financial Reporting Manual) new adaptation to IFRS 9 to measure financial instruments, with the exception of financial guarantees, at initial recognition at fair value.

A prior period adjustment (PPA) of £71,065,109,000 results from this change in accounting standards however there is no net impact on budgets and the Supply sought in the prior year Estimates was correct at that time. As such, the current year Estimate does not seek voted authority for the PPA.

### PART III: NOTE G - EXPENDITURE RESTING ON THE SOLE AUTHORITY OF THE SUPPLY AND APPROPRIATION ACT

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
As at 31 March 2023 the following liabilities fell to be met from the then Department for Business, Energy and Industrial Strategy's Estimate:-	
<b>Statutory Indemnities</b>	
– Indemnities have been given to the UK Atomic Energy Authority to cover certain indemnities provided by the Authority to carriers and British Nuclear Fuels plc against certain claims for damage caused by nuclear matter in the course of carriage.	Unquantifiable
– Indemnity has been given to National Grid's liabilities with regards to the interconnector linking the UK and France.	Unquantifiable
– A statutory liability will arise under the Nuclear Installations Act 1965 (as amended by the Nuclear Installations (Liability for Damage) Order 2016) for third-party claims in excess of the operator's liability in the event of a nuclear accident in the UK.	Unquantifiable
Indemnities have been provided to certain nuclear site companies and the Nuclear Decommissioning Authority in respect of personal injury claims in the event of a nuclear incident.	Unquantifiable
Indemnities have been provided to the Energy Price Guarantee scheme administrators in relation to legal fees in case of a legal action against the administrators.	Unquantifiable
– A contingent liability exists in relation to the possibility of claims for any exposure to ionising radiation arising from the fusion activities of the UK Atomic Energy Authority.	Unquantifiable
<b>Legal costs</b>	
– A contingent liability exists in relation to ongoing legal cases. The cost is dependent on the outcome of cases which currently cannot be reliably estimated.	Unquantifiable
<b>Indemnities against personal liability</b>	
– Indemnities have been given to the directors appointed by the core Department to wholly owned subsidiaries. These indemnities are against personal liability following any legal action against the companies.	Unquantifiable
– Indemnities have been provided to directors appointed to the Low Carbon Contracts Company Limited and Electricity Settlements Company Limited against personal liability following any legal action against the companies, to be triggered only after all other means have been excluded i.e. company and directors' insurance and recovery of costs through their levies.	Unquantifiable
– Indemnities have been provided to the Low Carbon Contracts Company Limited and Electricity Settlements Company Limited in respect of their officers, to be triggered only after all other means have been excluded i.e. company and directors' insurance and recovery of costs through their levies.	Unquantifiable
– Indemnities have been provided to trustees of the Nuclear Liabilities Fund appointed by the Secretary of State against personal liability in the event of legal action against the Fund.	Unquantifiable
– Indemnities have been provided to trustees of the Nuclear Liabilities Fund appointed by British Energy (now EDF Energy) against personal liability in the event of legal action against the Fund, to be triggered only in the event of failed recourse to indemnities from EDF Energy.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
– Indemnities have been provided to the Oil and Gas Authority (OGA) who operate as the North Sea Transition Authority (NSTA), in respect of certain liabilities that could arise from the actions or omissions of its directors and otherwise arising from a director holding or having held office in the company.	Unquantifiable
– Indemnities have been provided to the MCS Service Company Limited and trustees of the MCS Charitable Foundation for any liability that might arise as a result of actions taken and decisions made for which the Core Department was ultimately responsible prior to transfer to the Company and Charitable Foundation of responsibility for the Microgeneration Certification Scheme (MCS) in April 2018.	Unquantifiable
– An indemnity has been provided to Elexon Limited against third party claims relating to the design and/or implementation of the Contracts for Difference and Capacity Markets settlement systems which are not covered by insurance and/or guarantees by their sub-contractors.	Unquantifiable
<b>Losses or damages under agreements</b>	
– An indemnity has been provided for any losses or damages caused to other parties to the Energy Research Partnership consortium agreement.	Unquantifiable
<b>Environmental clean-up</b>	
– A contingent liability exists in relation to the costs of retrieving and disposing of sealed radioactive sources under the Environmental Permitting (England and Wales) Regulations 2016 in the event that a company keeping such sources becomes insolvent.	Unquantifiable
– A contingent liability arises in relation to the remediation of land contaminated by a nuclear occurrence as the Secretary of State is deemed to be the appropriate person to bear responsibility under section 9 of The Radioactive Contaminated Land (Modification of Enactments) (England) (Amendment) Regulations 2007 SI 2007/3245.	Unquantifiable
– Core Department – Nuclear Liabilities Fund: The Nuclear Liabilities Fund was established in 1996 to meet certain costs of decommissioning eight nuclear power plants in the UK that have been owned and operated by EDF Energy Nuclear Generation Limited since 2009. A constructive obligation was created in 2002 when the government undertook to underwrite the Fund in respect of these liabilities to the extent that the assets of the Fund might fall short; any surplus generated by the Fund would be paid over to the government once the liabilities have been met. The total undiscounted estimated liability as at 31 March 2023 of £26.5 billion (31 March 2022: £24.7 billion) has a present value of £19.0 billion (31 March 2022: £51.9 billion) which includes an allowance for future inflation. The value of the Fund as at 31 March 2023 is £20.5 billion (31 March 2022: £20.4 billion). It is not possible to quantify the extent to which the government may be obliged to contribute to the fund, nor of any surplus that may arise, given the high level of uncertainty relating to estimation of decommissioning costs and investment returns on fund assets over a future period exceeding 100 years.	Unquantifiable
– Under the United Nations Convention on the Law of the Sea (UNCLOS) 1982, OSPAR decision 98/3, the Energy Act 2004 and the Petroleum Act 1998, the department would become responsible for decommissioning most oil, gas and renewable energy installations in the event that operators are unable to fulfil their decommissioning commitments.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>– A contingent liability exists in relation to responsibility that the department inherited from British Coal to reimburse certain third parties for costs incurred meeting statutory environmental standards in the restoration of particular coal-related sites.</p>	Unquantifiable
<p>Others</p>	
<p>– A contingent liability exists in respect of the risks associated with the Department assuming responsibility for uplifts in pension contributions for the UK Atomic Energy Authority's non-active pension scheme members.</p>	Unquantifiable
<p>– The Secretary of State Investor Agreement (SOSIA) provides protections in certain scenarios where the Hinkley Point C nuclear plant is shut down for reasons that are political or due to certain changes in insurance arrangements or certain changes in law. Payments under the SOSIA would be expected in the first instance to be made using funds from the Supplier Obligation but in certain circumstances they could also come direct from the Secretary of State, relying on spending powers granted under the relevant Appropriation Act or, if payments were to be made over a period longer than two years, seeking a new spending power at the time. The payments could be up to around £22 billion excluding non-decommissioning operational costs that may be incurred after any shutdown. However, the liability to make payments under the SOSIA is almost entirely within the control of HM Government.</p>	Unquantifiable
<p>– The NDA has non-quantifiable contingent liabilities arising from indemnities given as part of the contracts for the management of the nuclear site license companies. These indemnities are in respect of the uninsurable residual risk that courts in a country which is not party to the Paris and Brussels Conventions on third party liability in the field of nuclear energy may accept jurisdiction to determine liability in the event of a nuclear incident. Indemnities are provided to the previous Parent Body Organisations (PBOs) of LLWR, Magnox, Sellafield and Dounreay covering the periods of their ownership.</p>	Unquantifiable
<p>– Core Department - Deeds Relating to the Mineworkers' Pension Scheme and British Coal Staff Superannuation Scheme under Paragraph 2(9) of Schedule 5 to the Coal Industry Act 1994: Government guarantees were put in place on 31 October 1994, the day the schemes were changed to reflect the impact of the privatisation of the coal industry. They are legally binding contracts between the scheme Trustees and the Secretary of State for Business, Energy and Industrial Strategy. The guarantees ensure that benefits earned by scheme members during their employment with British Coal, and any benefit improvements from surpluses which were awarded prior to 31 October 1994, will always be paid and will be increased each year in line with the Retail Prices Index. If, at any periodic valuation, the assets of the Guaranteed Fund of either scheme were to be insufficient to meet its liabilities, the assets must be increased to bring the Fund back into balance. This is a long term contingent liability dependent on the performance of the schemes' investments and their mortality experience.</p>	Unquantifiable
<p>– Core Department - Indemnity to Public Appointments Assessors (PAAs): The Cabinet Secretary has provided a government-wide indemnity to Public Appointments Assessors (PAAs) against personal civil liabilities incurred in the execution of their PAA functions.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
– Core Department - Compensation for exclusion from grant scheme: The Core Department may become liable for funding the costs of compensation to certain claimants whose applications to the GB Non-Domestic Renewable Heat Incentive scheme had been rejected, following a court judgment that their applications for accreditation had not been processed in full accordance with scheme regulations.	Unquantifiable
- Core Department - A contingent liability exists in relation to claims for judicial review in relation to the transfer of the business of Bulb Energy Limited (in special administration). British Gas and E.ON have made applications in the Court of Appeal seeking permission to appeal the judgment of the High Court which found in favour of the Department. The financial impact is dependent on the outcome of the case which currently cannot be reliably estimated.	Unquantifiable
- Core Department - Energy Price Guarantee Scheme - The core department has recognised a provision for payments made under the Energy Price Guarantee (EPG) for the period from 1 April 2023 to 30 June 2023. From 1 July 2023, household energy bills fell below the EPG. However, should household energy bills increase above the Energy Price Guarantee price, the core department may need to make payments under the Energy Price Guarantee. The liability has not been estimated due to dependence on ongoing policy decisions.	Unquantifiable
- Core Department - Energy Bill Discount Scheme - The Energy Bill Discount Scheme (EBDS) was announced on 9 January and came into force on the 26 April. The EBDS will provide all eligible businesses and other non-domestic energy customers with a discount on high gas and electricity bills in the period between 1 April 2023 until 31 March 2024, following the end of the EBRS. It will also provide businesses in sectors with particularly high levels of energy use and trade intensity with a higher level of support as they are less able to pass these higher costs on to customers due to international competition. The price reduction will be linked to the wholesale element of a non-domestic customer's gas and electricity bill and Government will reimburse suppliers in accordance with the scheme. The total cost of the scheme cannot be reliably estimated.	Unquantifiable
– Core Department - Wave Hub transfer: The department has indemnified Cornwall Council up to 2028 in respect of the transfer of Wave Hub to a maximum amount of £5 million.	5,000
– Core Department - EBSS Alternative Funding: The core department has made a commitment under the EBSS Alternative Funding. Applications remained open until 31 May 2023, with payments being finalised by 30 June 2023. The total cost of the EBSS Alternative Funding is estimated to be £19 million.	19,000
– Core Department - EPG Alternative Fuel Payment Alternative Fund: The core department has made a commitment under the EPG Alternative Fuel Payment Alternative Fund. Applications remained open until 31 May 2023, with payments being finalised by 31 July 2023. The total cost of the EPG Alternative Fuel Payment Alternative Fund is estimated to be £13 million.	13,000
– Core Department - Non-Domestic Alternative Fuel Payment Scheme: The core department has made a commitment under the Non-Domestic Alternative Fuel Payment Scheme. Applications remained open until 28 April 2023. The total cost of the EBSS Alternative Funding and EPG Alternative Fuel Payment Alternative Fund is estimated to be £1.7 million.	1,700

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>– Core Department - EPGPPM: In the Spring Budget on 15 March 2023, the Chancellor announced that the government will align charges for comparable direct debit and Pre-Payment Meter customers, ensuring that customers on Pre-Payment Meters no longer pay a premium for their energy costs. This scheme applies to customers in Great Britain only and runs from 1 July 2023 to 31 March 2024, the end of the Energy Price Guarantee. Looking ahead, the government will ensure the Pre-Payment Meter premium is ended on a permanent basis. Ofgem is reviewing Pre-Payment Meter costs and is considering additional regulatory options, including options for ending the Pre-Payment Meter standing charge premium for readiness to be implemented from April 2024. The estimated cost is £59 million, with a range of £45 million to £99 million, based on Q3 Ofgem price cap projections and the best available evidence on the number of Pre-Payment Meter customers.</p>	59,000
<p>– Coal Authority - Environmental Legal Claims: Under the Environmental Information Regulations 2004 - The Coal Authority is aware of potential legal proceedings in respect of past fees paid for Mining Information. In the eventuality of receiving formal notification to commence legal proceedings, the Coal Authority will strongly defend its position.</p>	Unquantifiable
<p>– Coal Authority - Legal claims: The Coal Authority is subject to various claims and legal actions in the ordinary course of its activities. Where appropriate, provisions are made in the accounts on the basis of information available and in accordance with guidance provided under the FReM and IFRS. The Coal Authority does not expect that the outcome of the above issues will materially affect its financial position.</p>	Unquantifiable
<p>– Coal Authority - Restructuring Scheme: Where liabilities transferred under the various Coal Authority Restructuring Schemes (CARS) have crystallised due to planning conditions, agreements, claims etc, a provision has been made. It has not, however, been possible to quantify contingent liabilities that may arise in the future. It is expected that any costs will be covered by future allocations of grant in aid.</p>	Unquantifiable
<p>– Coal Authority - Subsidence damage and public safety liabilities: Licensees of mining operations are required to provide security to the Coal Authority to cover the anticipated future costs of settling subsidence damage liabilities within their areas of responsibility. Outside the areas of responsibility of the holders of the licences under Part II of the Coal Industry Act 1994, the Coal Authority is responsible for making good subsidence damage. Where an area of responsibility is extinguished this would transfer to the Coal Authority who would become responsible for the discharge of outstanding subsidence liabilities. The Coal Authority also has an ongoing liability to secure and keep secured the majority of abandoned coal mines. In all cases the liability for operating collieries is the responsibility of the licensees/lessees and security is held to address those liabilities. These liabilities have been provided for within the Public Safety and Subsidence provision based on analysis of trends and claims experience. However it is possible that significant, unexpected events outside of this provision may materialise. It is expected that any deficit will be covered by future allocations of grant-in-aid.</p>	Unquantifiable
<p>– CNPA - Legal claims: There are a number of potential liabilities in respect of claims from employees. The timing and amounts of any payment are uncertain. These liabilities have not been provided for as the CNPA believes that the claims are unlikely to be successful and unlikely to lead to a transfer of economic benefits.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>– NDA - Pension Schemes: Whilst not the lead employer, the NDA is the lead organisation and has ultimate responsibility for certain nuclear industry pension schemes, including the Combined Nuclear Pension Plan and the Magnox section of the Electricity Supply Pension Scheme. Provisions for known deficits are included within Nuclear Provisions. However, movements in financial markets may adversely impact the actuarial valuations of the schemes, resulting in an increase in scheme deficits and consequent increase in nuclear provision.</p>	Unquantifiable
<p>– NDA - Renewal of an uncapped indemnity in the Sellafield Replacement Sea Line (RSL) Lease: NDA has entered with two landlords, The Crown Estate and Baron Egremont, for the renewal of an uncapped indemnity in the Sellafield Replacement Sea Line (RSL) Lease. A pipeline runs from the Sellafield Nuclear Plant site over foreshore and seabed owned by two separate third party landowners, The Crown Estate (TCE) and Baron Egremont of the Leconfield Estate (Egremont). The Replacement Sea Line (RSL) is a critical asset for the delivery of nuclear safety and the environmental performance of the Sellafield Site. These are long standing liabilities, with the lease arrangement for the unlimited liabilities in place since 1991. This lease pre-dates the formation of NDA in 2004, following the introduction of new guidelines and status of Sellafield as part of central Government (2016) meant such indemnities now require government approval.</p>	Unquantifiable
<p>– Others: There are a number of potential liabilities for the Department in respect of claims from suppliers, employees and third parties which depend on actual or potential proceedings. The timing and amounts of any liabilities are uncertain.</p>	Unquantifiable
<p>NDA – AGR Transfer: On 23 June 2021 the NDA, Government and EDF Energy entered into new decommissioning arrangements for seven Advanced Gas-cooled Reactor (AGR) stations in which Government has directed NDA to take on the future ownership of the stations for decommissioning. The work will be undertaken by the NDA subsidiary Magnox Limited. The NDA will recognise the estimated future liability in its financial statements for each of the stations at the respective points at which NDA takes ownership. The completion and timing of the transfer of ownership is currently uncertain and contingent on the fulfilment of a number of conditions by the parties involved. The NDA therefore recognises a contingent liability for the future decommissioning costs of the stations. This has been estimated by the current owner of the stations at £18,515 million (undiscounted) in its most recently published financial statements.</p>	18,515
<p>– The core Department has indemnified Cornwall Council for any liability relating to the European Regional Development Fund (ERDF) that might arise from the transfer of Wave Hub due to (a) any breach of the ERDF Funding Agreements which occurred on or before the transfer date of 31 March 2017 and (b) any action or omission by the core Department or Wave Hub in relation to the ERDF Funding Agreements prior to the transfer which leads to finding of an Irregularity by any competent authority.</p>	18,000
<p>– The core Department has indemnified the Coal Authority against potential claims arising from remunerated advisory work undertaken for other public sector bodies where settlement exceeds the Authority's professional indemnity insurance.</p>	3,000

**PART III: NOTE F - ACCOUNTING POLICY CHANGES**

As part of the 2023-24 Annual Report and Accounts (ARA) preparation process a number of changes will be required to the Outturn figures for prior years. These prior period adjustments are voted in the Estimate, as they are due to a reclassification from Capital DEL to Resource DEL following a review of legacy asset balances. The exact value has not yet been fully confirmed, but the current estimated value is £200m.

**PART III: NOTE G - EXPENDITURE RESTING ON THE SOLE AUTHORITY OF THE SUPPLY AND APPROPRIATION ACT**

The following subheads contain provision sought under the sole authority of Part I of the Estimate and of the confirming Supply and Appropriation Act

<b>Section in Part II: Subhead Detail</b>	<b>Service</b>	<b>£'000</b>
A to F - DEL	Payments for Committees and Tribunals	58
B, F - DEL	Grain Verification Scheme	760

**PART III: NOTE H - EXPENDITURE IN THE FORM OF ADJUSTABLE ADVANCES**

Under the Sustainable Farming Incentive scheme, advance payments are made to agreement holders, such as landowners and tenant farmers.

Defra will be paying a one-off capital grant to Local Authorities before the end of the year. This is to allow Local Authorities to plan and start purchasing fixed assets in the form of Bin Lorries so they can start collecting doorstep refuse under a new scheme in later years. This is a one-off grant for a specific purpose and no adjustment in future years.

**PART III: NOTE J - STAFF BENEFITS**

Defra operates an Employee Voluntary benefits discount scheme and Recognition scheme, which provides staff access via a secure login to an employee benefits portal. This portal allows:

Employees as part of the In-year bonus scheme to recognise other colleagues for one off exceptional pieces of work with a retail voucher of up to £250. This voucher scheme is funded by existing Pay remit monies for each Defra group delivery body and has replaced an outdated paper scheme as advised by a Government Internal Audit recommendation since April 2021.

Employees to access discounted retail vouchers and purchase certain goods and services at a discounted rate. The cost of any items purchased is met by the employee.

Employees to access a white goods and technology benefit, health cash plans, Gym discounts and many other voluntary benefits.

Defra group pays the portal provider an admin charge for all the services above.

Defra Group staff have access to a Mindfulness App. Staff can sign up to this App. Defra pays the App provider for this service.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p>The Woodland Carbon Guarantee is a £50 million scheme that aims to help accelerate woodland planting rates and develop the domestic market for woodland carbon for the permanent removal of carbon dioxide from the atmosphere. It provides the option to sell captured carbon in the form of verified carbon credits, called Woodland Carbon Units, to the Government for a guaranteed price every five or ten years up to 2055-56. If preferred, credits can be sold on the open market rather than to the Government. The Forestry Commission's liabilities under the Woodland Carbon Guarantee are contingent on others deciding to exercise their rights to sell the Woodland Carbon Units to the Government. The limit of this liability under the Guarantee is £20.9 million.</p>	10,400
<p>Small potential liabilities against the Defra group.</p>	1,900
<p>Defra has contingent liabilities relating to retained rights to former staff affected by Transfer of Undertaking Protection of Employment (TUPE) Regulations.</p>	Unquantifiable
<p>Potential liability under Authorised Guarantee Agreements. The contingent liability covers the potential costs associated with Defra guaranteeing the performance of incoming tenants, where Defra was the outgoing tenant for pre-1995 leases.</p>	Unquantifiable
<p>The department is currently involved in a number of ongoing legal cases.</p>	Unquantifiable
<p>Regarding the cyber incident at Capita which impacted the Environment Agency Pension Fund (EAPF), at the time of writing there is significant uncertainty on the extent of both obligation and value based on the behaviour of regulators and potential claimants and as such no contingent liability could be reliably measured.</p>	Unquantifiable
<p>EA have a potential liability in respect of damage to an existing weir when EA works took place nearby. The claimants have indicated their claim would be in the region of £3 million. The EA disagrees with that valuation. The uncertainty and difference between these positions mean a reliable value cannot be attributed.</p>	Unquantifiable
<p>EA have a further potential liability relating to commercial matters. EA assesses the likelihood of these leading to cash outflow beyond the operation of the contracts themselves as possible rather than probable, and in any case does not recognise provisions on these matters on the basis that no reliable basis for assessment is available.</p>	Unquantifiable

† The Department for Business and Trade process cash expenditure payments on behalf of the Trade Remedies Authority. Consequently, a notional value of grant-in-aid will be recognised in the Department's Annual Report and Accounts reflecting resource expenditure incurred on the ALB's behalf.

**PART III: NOTE F - ACCOUNTING POLICY CHANGES**

The Department for International Trade (DIT) and parts of the department for Business, Energy and Industrial Strategy (BEIS) merged to form the Department for Business and Trade in line with the Machinery of Government changes announced on 7 February 2023. The accounting policies from former DIT and former BEIS aligned and have been retained within DBT, except for Property, Plant and Equipment/intangibles where former DIT had a £3k capitalisation threshold, and former BEIS had £10k. DBT will adopt the former BEIS threshold of £10k.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<b>Statutory Guarantees</b>	
– Under section 9 of the British Aerospace Act 1980, the government is liable to discharge any outstanding liability of BAE Systems plc which vested in the company on 1 January 1981 in the event of its being wound up other than for the purpose of reconstruction or amalgamation.	Unquantifiable
– Paid in capital subscription for the Common Fund for Commodities (CFC) - Government is committed to the payment of a subscription of £2.24m, in the form of Promissory Notes to be redeemed on request by the fund.	2,240
– Callable capital subscription for CFC - Government is committed to the payment of a subscription of £1.96m to the fund.	1,960
– Dilapidation liability for leased property - The Department is obligated to reimburse the Government Property Agency (GPA) for any dilapidations incurred during DBT's tenure on property leased through the GPA when the underlying lease agreements between GPA and its landlords expire. The Department also has a possible obligation to pay for any dilapidations which arose before the former DIT's lease agreements with GPA came into effect. The amount disclosed is the reasonable worst-case scenario.	3,800
– Shipbuilding Credit Guarantee Scheme (SCGS) - Maximum expected risk exposure to the department in respect of guarantees issued under the Shipbuilding Credit Guarantee Scheme.	500,000
<b>Statutory Indemnities</b>	
– Indemnities have been given to bankers of the Insolvency Service against certain liabilities arising in respect of non-transferable "account payee" cheques due to insolvent estates and paid into the Insolvency Service's account.	Unquantifiable
– Horizon 2020 Funding - In July 2018, the UK Government announced an extension of its guarantee of EU-funded projects after the UK has left the EU. The guarantee was originally announced in 2016. The UK left the EU on 31st January 2020 Under the terms of the Withdrawal Agreement, the European Union can exclude UK participation in Horizon 2020 EU-funded grants which involve security related sensitive information. This means that for security related projects under the Horizon, there is a doubt over continued EU funding. The guarantee in relation to Horizon 2020 is unquantifiable due to the European Commission administering and holding the information in relation to the scheme. There are uncertainties around the total amount that may be payable if the settlement were to occur.	Unquantifiable
<b>Legal Costs</b>	
– A contingent liability exists in relation to ongoing legal cases. The cost is dependent on the outcome of cases which currently cannot be reliably estimated.	Unquantifiable
– Under an agreement with the Financial Reporting Council (FRC), if the amount held in their legal costs fund falls below £1 million in any year, an additional grant will be made to cover legal costs subsequently incurred in that year.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
– Reconsideration by the Trade Remedies Authority. Decisions by the Trade Remedies Authority may be subject to legal challenge from third parties following reconsideration of original decisions in dumping, subsidy or safeguard investigations or reviews. The amount disclosed reflects the TRA's best estimate of legal costs that might arise in connection with reconsiderations that were ongoing at the reporting date.	15
<b>Indemnities against personal liability</b>	
– Indemnities have been given to the directors appointed by the core Department to wholly owned subsidiaries. These indemnities are against personal liability following any legal action against the companies.	Unquantifiable
– Indemnities have been provided to the Official Receiver relating to actions undertaken in respect of administration of specified companies.	Unquantifiable
– An indemnity has been provided to the Chair of the Post Office Horizon IT Inquiry in respect of any liabilities he may incur as a result of holding, or having held, this position.	Unquantifiable
Funding of the Official Receiver to perform their duty in the event of insolvency.	10,000
<b>Others</b>	
– Financial Reporting Council funding: A guarantee has been given to the Financial Reporting Council that, if the Council's general voluntary funding from external sources falls sufficiently for the department to have to consider making legislation to activate the statutory levy under section 17 of the Companies (Audit, Investigations and Community Enterprise) Act 2004, the department will make such a grant to cover the Council's costs as is sufficient to meet the preconditions in those levy raising powers provided the requisite funding has not been made available through another grant.	Unquantifiable
– Insolvency Service - Legal Cases: Due to the nature of the work undertaken by the Agency, there are a number of ongoing legal cases giving rise to contingent liabilities. The legal cases included as contingent liabilities all relate to possible obligations where the Agency has issued civil and criminal proceedings through the courts, and the outcome is dependent on court rulings and findings. Further details cannot be disclosed, as in accordance with IAS 37 (paragraph 92), the Agency considers that disclosure of values for any contingent liability connected to legal proceedings could seriously prejudice ongoing litigation.	Unquantifiable
– Others: There are a number of potential liabilities for the Department in respect of claims from suppliers, employees and third parties which depend on actual or potential proceedings. The timing and amounts of any liabilities are uncertain.	Unquantifiable

**PART III: NOTE J - STAFF BENEFITS**

For the financial year 2023-24, budget holders have delegated authority to award reward vouchers to staff. The vouchers are for a range of well-known retail outlets and are given in recognition of valuable or exceptional contributions to business performance (through the Reward and Recognition Scheme), as well as to recognise long service (through the Loyalty and Recognition Scheme).

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p><b><u>1. Legal Cases</u></b></p> <p>The ongoing legal cases, (judicial reviews and appeals) may lead to possible obligations where the Department is facing legal challenge to the policy behind the legislation through the courts and the outcomes depend on the court rulings. In some early stage cases the legal challenges include numerous arguments that require a decision to be made by the Courts. In these cases, until further rulings are received, a reliable estimate is not always possible. However, there will be underpinning analysis done by the Department to support a number of estimates based on a range of different scenarios. Further disclosure of the details of the cases or the ranges is not provided as, in accordance with IAS 37 (Provisions, Contingent Liabilities and Contingent Assets), the Department considers that the disclosure of values for any legal contingent liabilities could be expected to seriously prejudice ongoing litigation. The Department is aware of 5 cases estimated at £2,285 million.</p>	2,285,290
<p><b><u>2. Benefit Underpayments</u></b></p> <p>Distinct from legal cases, the Department acknowledges that administrative errors (termed official error) by its staff will sometimes result in the underpayment of benefit. Where underpayments relating to official error are identified, we pay arrears in full at the earliest opportunity. The Department cannot quantify the cumulative historic liability which may exist due to limitations in data. Therefore, a contingent liability exists for underpayments not yet found and corrected. At present there is no mechanism by which we can calculate the value of historic official error corrected in year, to support an overall quantification of the outstanding liability. The Department will review processes and data sources available with a view to quantify this liability in future.</p>	Unquantifiable
<p><b><u>3. European Social Fund (ESF) repayments</u></b></p> <p>The ESF Audit Authority is required to provide opinions on the 2014-20 ESF programme. This is largely based on the level of errors identified during the audit of claims submitted by projects to the Managing Authority of the ESF England programme (on behalf of DWP). If this exceeds the EU-defined 2% tolerance error rate, the audit opinion is defined as 'qualified' by the ESF Audit Authority, with the risk that the EU can impose a financial correction. The 2021-22 rate was 0.3%, (0.6% for 2020-21, whilst the rate was 3.2% for 2019-20, which triggered a financial correction of £3.7m for the variance between the actual error rate and the tolerance rate of 2.0%). Therefore, a risk remains that the 2% error tolerance level may be breached in future years.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
<p><b><u>4. The Rent Service employee pensions</u></b></p> <p>The Rent Service transferred from us to the Valuation Office Agency on 1 April 2009. The Rent Service employed around 400 staff, who were members of the Local Government Pension Scheme, following the transfer they could continue to participate in the scheme. Whilst the scheme is currently balanced, if there is a pension deficit we will be liable to meet the shortfall, it is not practical to disclose an estimate of the financial effect or the timing of any outflow.</p>	Unquantifiable
<p><b><u>5. Compensation Claims</u></b></p> <p>Compensation payments may become due because of claims against us by staff and members of the public. Claims relate to employment tribunal, personal injury and Civil Service Appeals Board cases. There is significant uncertainty around the estimated liability and the timing of payments. This uncertainty can fluctuate based on factors such as medical evidence received, witness statements and whether claims proceed to trial or are settled early. Therefore, it is not practical to disclose an estimate of the financial effect or the timing of any outflow.</p>	Unquantifiable
<p><b><u>6. Compensation Recovery</u></b></p> <p>We recognise recoveries from insurance companies for compensation claims made by benefit recipients. Once the recovery is made the insurance company has the right to mandatory reconsideration or appeal within a set time period. If the reconsideration or appeal is successful, recoveries are refunded to the insurance company. Analysis of existing data suggests that it is reasonable to recognise a contingent liability of £11.2 million for successful mandatory reconsideration or appeals.</p>	11,163
<p><b><u>7. Dilapidation liability for leased property</u></b></p> <p>The Department is obligated to reimburse some Landlords for any dilapidations incurred during DWP's tenure on property leased from them. The timing and amount of these liabilities is presently unquantifiable.</p>	Unquantifiable

**PART III: NOTE D - EXPLANATION OF ACCOUNTING OFFICER RESPONSIBILITIES**

The Accounting Officer prepares resource accounts for each financial year. See Note D of the Main Estimate 2023-24 for further details of Accounting Officer responsibilities.

**Accounting Officer:** Jim Harra

**Executive Agency Accounting Officers:**

Jonathan Russell For sections B, L and M (Chief Executive of the Valuation Office Agency)

**PART III: NOTE F - ACCOUNTING POLICY CHANGES**

- The introduction of a £5k minimum threshold for tangible Non-Current Assets (except devices).
- The introduction of a £250k minimum threshold for Intangible Non-Current Assets – software licences.
- Where a property is held under a long leasehold that is in excess of the life of the building, the risks and rewards of ownership of the building transfers to HMRC. In substance this reflects a freehold interest, so the asset is recognised as a freehold building.
- Where HMRC has subleases within government, the risks and rewards are not transferred by HMRC as lessor. These subleases are treated as operating leases.

### **PART III: NOTE J - STAFF BENEFITS**

For the financial year 2023-24, budget holders have delegated authority to present reward vouchers to staff (grades from AA to Grade 6), under the terms of the Department's Reward and Recognition Scheme ("Simply Thanks").

The vouchers are for a range of well-known retail outlets and offer managers a quick way to show their appreciation for the good work and positive behaviours of staff and colleagues by awarding them £20 vouchers. With effect from 1st December 2023, the value of the Simply Thanks voucher has increased from £20 to £25. The vouchers are funded from the Department's pre-existing budget for bonuses.

The Cycle to Work (CtW) scheme is part of the Government's Green Transport Plan to promote healthier journeys to work and reduce environmental pollution. The scheme allows staff to vary their contract of employment to sacrifice part of their salary and in return, are provided with the loan of a bike and cycling equipment. Staff are able to use the bike and equipment in their spare time as well as for cycling to work. Cycle Solutions administer the scheme on behalf of HMRC.

In HMRC, we use long service recognition to recognise jobholders who complete a total of 30, 40 and 50 years of service within the Civil Service. If a staff member meets the qualifying criteria and completes 40 or 50 years total service, they're entitled to a 'gift' to the value of £40. Note that the gift cannot be in the form of gift tokens/vouchers or any other form of money.

Childcare (Salary Sacrifice) Schemes are closed to new joiners but HMRC still operates a scheme for existing employees who opted into the scheme prior to its closure. This allows staff to vary their contract of employment to sacrifice part of their salary in exchange for childcare vouchers.

HMRC operates an Employee Discount Scheme, run and administered by Edenred, which provides staff access to buy discounted retail vouchers and purchase certain goods and services at a discounted rate. The cost of any items purchased is met by the employee.

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<b><u>HMRC</u></b>	
Legal claims - Costs that may be awarded should various legal cases in which HMRC is involved be determined against the department.	145,000
Guaranteed costs – possible liability where appointed liquidators have been guaranteed payment of their costs with a view to recovery of outstanding tax liabilities.	700
Other – the department has a further number of contingent liabilities.	118,400
<b><u>VOA</u></b>

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
1. HM Treasury has provided indemnities for the directors of UK Infrastructure Bank Limited, IUK Investments Limited, IUK Investments Holdings Limited, HM Treasury Sovereign SUKUK plc, UK Government Investments Limited and Help to Buy (UK) Limited against liabilities and losses incurred in the course of their actions.	Unquantifiable
2. HM Treasury authorised the Bank of England (January 2009) to purchase high quality private sector assets and UK Government debt purchased on the secondary market. The Government has indemnified the Bank of England and the fund specially created to implement the facility from any losses arising out of or in connection with the facility.	Unquantifiable up to 750,900,000
3. Agreement via the financial framework to recapitalise the Bank of England in the event of a major capital loss (announced June 2018) leads to an unquantifiable contingent liability.	Unquantifiable
4. The Deed of Indemnity between HM Treasury, the Bank of England and BEAPFF provides that BEAPFF on behalf of itself and its officers and directors may at any time claim payment under the indemnity in respect of any indemnified losses incurred. Maximum potential liabilities under this intervention are considered unquantifiable.	Unquantifiable
5. HM Treasury provides guarantees to the UK oil and gas industry in the form of Decommissioning Relief Deeds. These deeds provide companies with certainty on the tax relief they will receive on future decommissioning of North Sea oil fields. Currently there have been no changes to the tax regime that would generate a liability to be paid under these agreements. The maximum potential liability under this scheme cannot be quantified at present.	Unquantifiable
6. HM Treasury provides a guarantee for the No-interest Loan Scheme (announced 31 March 2021). The maximum amount to be paid under the contingent liability is £10m.	10,000
7. The Royal Mint Trading Fund has a Memorandum of Understanding (MOU) arrangement that provides a financing facility (upper limit £36m) subject to demand. Parliamentary authority limits the overall amount of public money available to the Royal Mint at £50m. If the Royal Mint Trading Fund was unable to meet this commitment the NLF funding conditions dictate that the amount outstanding would have to be met from within HM Treasury's DEL.	Up to 36,000
8. HM Treasury indemnifies the Cabinet Office in the event that the Royal Mint fail to make payments to the civil service pension scheme.	Unquantifiable
9. An indemnity similar to those given to civil servants under the Civil Service Management Code has been given to the members of the board of Royal Mint Limited for the period between 16 July 2009 and 31 December 2009. The indemnity remains in place for the HMG director on the board of Royal Mint Ltd on behalf of HM Treasury as shareholder.	Unquantifiable
10. The UK's investment in the Asian Infrastructure Investment Bank (AIIB) is in the form of 20% paid-in capital and 80% callable capital. A remote contingent liability arises in relation to the US\$2.4bn (approximately £2.0bn) of callable capital.	Unquantifiable up to \$2.4bn (liability subject to US\$ exchange rate)

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
11. The UK's investment in the European Bank for Reconstruction and Development (EBRD) is in the form of 20.9% paid-in capital and 79.1% callable capital. A remote contingent liability arises in relation to the €2.0bn (approximately £1.8bn) of callable capital.	Unquantifiable up to €2.0bn (liability subject to € exchange rate)
12. HM Treasury has a remote contingent liability valued at £32.2bn at 31 March 2023 in respect of the UK's liability to the European Investment Bank (EIB).	32,200,000
13. HM Treasury has a remote contingent liability for the possible crystallisation of obligations to the EU for legal cases around the EU Budget and financial interests where facts forming the subject occurred before 31 December 2020. The UK share of these disclosed items is estimated at 31 March 2023 to be £338m.	338,000
14. Guarantee for the Help to Buy mortgage guarantee scheme. In the event of a borrower defaulting on their mortgage under the scheme, HM Treasury would be liable for a portion of net losses suffered following the sale of the property. The maximum contingent liability is £12bn.	Up to 12,000,000
15. Guarantee for the Mortgage Guarantee Scheme. In the event of a borrower defaulting on their mortgage under the scheme, HM Treasury would be liable for a portion of net losses suffered following the sale of the property. A maximum contingent liability of £3.2bn arises.	Up to 3,200,000
16. The Chancellor of the Exchequer and Chief Secretary to the HM Treasury announced the UK Guarantees scheme on 18 July 2012. The scheme aims to kick start critical infrastructure projects that may have stalled because of adverse credit conditions.	Up to 577,000
17. HM Treasury has an agreement with the UK Investment Bank to act as sovereign guarantor for guarantee products issued up to £10bn, capped at £2.5bn in any given year.	Up to 240,000
18. Possible crystallisation of market standard warranties in association with the sale of the UKAR Bradford and Bingley and NRAM loan book assets:	
(i) to Prudential plc (March 2017 announcement) certain fundamental market standard warranties. The maximum potential liability is capped at the value of the sale proceeds of £11.4bn	Up to 11,400,000
(ii) to Rothesay Life (September 2018 announcement) certain fundamental market standard warranties. The maximum potential liability is capped at £195m	Up to 195,000
(iii) market standard intermediate warranties, issued by UKAR and backed by HM Treasury. The maximum potential liability is capped at £4.96bn	Up to 4,900,000 and 60,000
19. The UKAR Group's lending and other consumer credit business is governed by consumer credit law and other regulations. Claims upheld in favour of customers in relation to potential breaches of requirements could result in costs to the Group. It is not possible to provide any meaningful estimate or range of the possible cost.	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
20. Possible crystallisation of certain warranties and indemnities given as part of the sale of Bradford and Bingley and NRAM and remaining mortgage and loan portfolios to Citibank and Davidson Kempner, with financing provided by PIMCO. The total consideration for this sale for the Exchequer was £5.2bn.	
The remote contingent liability includes certain remote fundamental market-standard warranties in relation to the sale, capped at 100% of the final sale price, giving a maximum liability of £4.8bn. In addition the following were also provided in respect of:	Up to 4,800,000
a) The loan sale	Up to
(i). market standard intermediate warranties, capped at 20% of final sale price, giving a maximum liability of £960m	960,000
(ii). broker commission warranty, capped at 100% of the principal balance of the loans, or £4.8bn	4,800,000
(iii). fundamental warranties, capped at the value attributed to the written-off debt portfolio (£28m)	28,000
b) The share sale	Up to
(i). tax covenant covering historic tax liabilities and certain risks associated with the transaction on 26 February and is called at 100% of the purchase price of the shares, giving a maximum liability of c.£290m	290,000
c) The share sale - provided by UKAR but create contingent liabilities as they are backed by HM Treasury	Up to
(i). other warranties (£28m)	28,000
ii). other miscellaneous indemnities amounting to an aggregate cap of £290m.	290,000
21. HM Treasury has guaranteed indemnities provided by UK Asset Resolution (UKAR), NRAM Ltd (formerly plc) and Bradford and Bingley for its directors against liabilities and losses in the course of their actions whilst the entities were in public ownership (Treasury Minute dated 25 January 2010). These indemnities have been terminated for forward-looking action for Directors remaining with B&B and NRAM as the companies have transferred to private ownership.	Unquantifiable
22. HM Treasury has guaranteed to pay or procure the payment of any benefit amount which falls due for the remaining section of the Bradford and Bingley Pension Scheme should there be insufficient assets to make the payments.	Unquantifiable
23. The Dormant Bank and Building Society Accounts Act 2008 ensures that the right of account holders to reclaim their money and is protected in perpetuity by transferring the individual's claim against the bank or building society to RFL.	Up to 1,100,946
24. HM Treasury provided BlackRock Investment Management (UK) Ltd. with a capped £3m indemnity. The indemnity covers the risk that BlackRock could become liable to third parties for claims made in the context of their engagement related to the Bounce Back Loan Scheme.	Unquantifiable up to 3,000

**PART III: NOTE K - CONTINGENT LIABILITIES (*continued*)**

Nature of liability	£'000
25. UKGI provided an uncapped indemnity to investment banks providing corporate finance advice on a specific UKGI mandate to cover the risk that they could become liable to market participants for any misrepresentation, misleading statements or omissions (based on information from HM Government) made in the context of their engagement.	Unquantifiable
26. HM Treasury carries a contingent liability for the risks associated with the Pool Re and Pool Re (Nuclear) reinsurance activity. These arrangements are given statutory authority under the Reinsurance (Acts of Terrorism) Act 1993.	Unquantifiable
27. HM Treasury is currently engaged in litigation activity as the defendant. This may result in costs or damages being ordered against HM Treasury. HM Treasury has not disclosed all of the information that is ordinarily required under IAS 37 on the grounds that it may be prejudicial to legal privilege and the outcome of the litigation.	Unquantifiable

<b>Total</b>		<b>20,571</b>	<b>850</b>	<b>21,418</b>

**PART III: NOTE K - CONTINGENT LIABILITIES**

Nature of liability	£'000
<p><b>1. Indemnity for Ventilator Provider</b></p> <p>In agreeing the emergency provision of Rapidly Manufactured Ventilator Systems (RMVS), Cabinet Office have provided indemnities. Indemnity one is for the third party Intellectual Property Rights for the designers of the RMVSs and for the contract manufacturers of RMVSs. The basic functionality of a ventilator is well understood and we believe that the risk here is low. Indemnity two is for the product liability for the designers of the RMVSs and for the contract manufacturers of RMVSs. The need is driven by the unprecedented speed of the development of this medical device compared to typical development times frequently measured in months and years.</p>	Unquantifiable
<p><b>2. Indemnity for the Official Receiver</b></p> <p>The government has indemnified the Official Receiver, appointed as Liquidator of Virtual Infrastructure Group Limited and UK Cloud Limited or any related or affiliated companies for actions he undertakes as Receiver in respect of any claims and proceedings that are made against him personally. The indemnity does not extend to any costs which may legitimately be charged to the company or companies in liquidation. This will enable the Official Receiver to ensure the orderly winding up of the group's activities and in particular safeguard the continuity of public services. The indemnity became effective on 25 October 2022 and may be terminated by government giving not less than 14 days' notice.</p>	Unquantifiable
<p><b>3. Commercially Sensitive</b></p> <p>Cabinet Office have entered into contingent liabilities by offering contractual guarantee limitations to supplier liabilities. There are some liabilities where details are not given due to reasons of commercial sensitivity, of which the likelihood of a future outflow of economic resources is considered remote and unquantifiable.</p>	Unquantifiable
<p><b>4. Indemnity for United Nations Framework Convention on Climate Change</b></p> <p>In November 2021, the UK hosted the 26th Conference of Parties (COP26) on behalf of the United Nations Framework Convention on Climate Change (UNFCCC).</p> <p>In accordance with the Host Country Agreement, the UK is responsible for dealing with any action, claim or other demand against the secretariat, the United Nations or any of their officials. The UK has indemnified and holds harmless the United Nations and the secretariat and any of their officials in respect of any such action, claim or demand, except where it is agreed by the United Nations/secretariat and the UK. The likelihood of a future outflow of economic resources is considered remote and unquantifiable.</p>	Unquantifiable
<p><b>5. Indemnity for trustees of the Commission for Racial Equality Pension and Life Assurance Scheme</b></p> <p>The government has indemnified the trustees of the Commission for Racial Equality Pension and Life Assurance Scheme (CREPLAS) against future personal liability claims in relation to their administration of the scheme to the extent that such personal liability claims exceed the scheme's surplus assets and the trustee's private insurance maximum benefit.</p>	Unquantifiable

**PART III: NOTE K - CONTINGENT LIABILITIES (continued)**

Nature of liability	£'000
<p><b>6. Legally Privileged</b></p> <p>Cabinet Office has contingent liabilities subject to legal privilege for which details are not given to avoid prejudicing the position of the Department, of which the likelihood of future outflow of economic resources is considered unlikely. The financial estimate of this liability is unquantifiable.</p>	Unquantifiable
<p><b>7. IR35</b></p> <p>Since April 2017 the responsibility for assessment of employment status of contingent workers is the public sector body. The Department is responsible for deciding whether engagements are inside of the off-payroll working rules or not, and informing the fee-paying agency so appropriate deductions can be made.</p> <p>Since 2019 HMRC has been undertaking audit compliance work on our determinations for workers engaged since April 2017. The Department applied the off-payroll rules with care, however it may be liable for any tax unpaid as a result of an incorrect determination passed to the fee-paying agency.</p> <p>We are therefore disclosing an unquantifiable liability in respect of tax and NI that would have been paid to HMRC had the engagements been considered inside scope of IR35.</p>	Significant judgement in estimate - worst case scenario £30m
<p><b>8. Legally Privileged</b></p> <p>A contingent liability exists regarding one employment tribunal claim; this is scheduled to be heard in late 2023. No further information has been disclosed as this could be prejudicial to the outcome of the case. The financial estimate of this liability is unquantifiable.</p>	Unquantifiable
<p><b>9. Indemnity for the Official Receiver</b></p> <p>The government has indemnified the Official Receiver, appointed as liquidator of Carillion plc and certain other companies in its group, for actions he undertakes as Receiver in respect of any claims and proceedings that are made against him personally. The indemnity does not extend to any costs which may legitimately be charged to the company or companies in liquidation. This will enable the Official Receiver to ensure the orderly winding up of the group's activities and in particular to safeguard the continuity of public services. The indemnity was provided on 15 January 2018 and may be terminated by the government giving not less than 14 days' notice.</p>	Unquantifiable
<p><b>10. Legally Privileged</b></p> <p>A contingent liability exists regarding an ongoing Judicial Review; this is likely to be heard in 2023. No further information has been disclosed as this could be prejudicial to the outcome of the case. The financial estimate of this liability is unquantifiable.</p>	Unquantifiable

Supplementary amounts required in the year ending 31 March 2024 for expenditure by The Statistics Board on:

**Departmental Expenditure Limit:**Expenditure arising from:

The collection, preparation and dissemination of economic, social, labour market and other statistics; undertaking and commissioning statistical research, and assisting statistical research by providing access to data; promoting and safeguarding the quality of official statistics, monitoring the production and publication of official statistics; conducting a programme of assessment of existing and candidate National Statistics against the Code of Practice for Official Statistics; providing analysis of statistics to enhance understanding; coordinating the design, collection, preparation, supply, quality management of the UK's European statistics, provision of business support and IT services and associated non-cash items. Undertaking of various roles in an international context.

Income arising from:

Provision of social surveys and the provision of other services (statistical and corporate); provision of statistical related IT platforms to other public sector organisations; recovery costs of shared projects; sales of statistical data supply services, analyses and publications; research grants or funding for Statistical Research; receipts from EU and other overseas contracts; rental income; recovery of Apprenticeship Levy; the provision of business support services and through the sale of fixed assets.

**Annually Managed Expenditure:**Expenditure arising from:

Creation of provision in respect of onerous contracts; early departure costs; and other provisions and associated non-cash items.

**The Statistics Board** will account for this Estimate.

<sup>†</sup> £23,500,000 has been advanced from the Contingencies Fund to provide cash in respect of £23,500,000 resource DEL spending supporting the service provided for under section A of this Estimate. A corresponding cash amount is required to enable repayment to be made to the Fund by March 2024.

<sup>††</sup> £5,000,000 has been advanced from the Contingencies Fund to provide for a deficient net cash requirement. A corresponding amount is required to enable repayment to be made to the Fund by March 2024. There are no implications for resources/capital supporting the services provided for in the Estimate.

Supplementary amounts required in the year ending 31 March 2024 for expenditure by Office of Qualifications and Examinations Regulation on:

**Departmental Expenditure Limit:**Expenditure arising from:

The regulation of the validity of general, vocational and other qualifications throughout their lifecycle; promoting public confidence in regulated qualifications; continuing delivery of vocational and technical education reforms; monitoring and evaluating reformed qualifications; and evaluating the validity of National Assessments.

Conducting relevant investigation, research and analysis, and undertaking engagement and consultation with stakeholders to provide assurance that regulated qualifications are fit-for-purpose and support good educational and training outcomes.

Exploring, investigating and acknowledging opportunities for innovation, including the use of artificial intelligence to improve the quality of marking in high-stakes qualifications.

Developing the skills and capabilities of our people, and developing and investing in our digital systems to secure efficiency and value for money.

Income arising from:

The Department for Education to support ongoing Reform programmes, and, where required, to enable Ofqual to take on new Reform programmes as they arise.

The recovery of costs associated with the monetary penalties imposed on awarding organisations for breaches of Ofqual's regulations.

The recovery of costs associated with the provision of data and analysis to regulatory counterparts and to other Government departments; for provision of support relating to IT/digital development, including developments to the register of qualifications; and income from the disposal of hardware as part of ongoing IT refresh. Receipts relating to the recovery of salaries and associated costs for seconded staff. Receipts relating to the recovery of building-related costs.

**Office of Qualifications and Examinations Regulation** will account for this Estimate.

Supplementary amounts required in the year ending 31 March 2024 for expenditure by Food Standards Agency on:

**Departmental Expenditure Limit:**Expenditure arising from:

Delivering the FSA's statutory purpose of protecting public health and consumers' wider interests in relation to food. The five-year strategy, published in April 2022, said that the FSA would continue to work to ensure that consumers have food you can trust. By this we mean a food system in which food is safe, food is what it says it is and food is healthier and more sustainable. All of the FSA's work contributes to this strategic mission and vision, and to deliver the above FSA will pursue activities incurring costs associated with: managing research and evidence gathering, food incidents, investigations, prosecutions, combating food fraud and crime, deploying the risk analysis process for food and animal feed safety issues, product authorisations, policy development, enforcement and management of regulated products; inspections, meat hygiene and official controls; controls on primary production; animal health and welfare monitoring, surveillance and enforcement; supporting local authorities and port health authorities to deliver food and/or feed law official controls; support to public analyst laboratories; regulatory reform, developing new regulatory frameworks and reviewing retained European Union (EU) law; international and border activity on official controls; support for trade negotiations, market access and related activities with EU and non-EU countries; engaging internationally to influence key priorities; Windsor Framework activity on food safety and standards; collaboration with or on behalf of UK, international public bodies; Government's wider aims to ensure that food is healthier and more sustainable including working with devolved governments; digital and data services for food businesses, local authorities and consumers; information and communication services to food businesses and consumers; FSA's annual report on food standards; advice and education, marketing and publications; accrediting third party auditors; staff and overhead costs; debt recovery, payments of penalties and interest, funding for depreciation, audit fees and other non-cash items.

Income arising from:

Meat official controls and other official activities, including enforcement and export related activities; wine standards and other food-related activities concerning international market access; risk assessments, evidence and research, testing, sampling, food crime – Proceeds of Crime Act (POCA) activities, receipt of court costs and fees; enforcement and surveillance work for, and recharge of expenditure relating to work done in collaboration with or on behalf of UK, EU and non-EU countries' public bodies; assessments/consultations on radioactive discharges; staff loans and secondments; sub-letting of accommodation and associated services; disposal of fixed assets; and income arising from capital grants in kind.

**PART I: EXPENDITURE AND AMBIT****Annually Managed Expenditure:**Expenditure arising from:

Creation, adjustment and utilisation of provisions relating to pensions, early exits and retirements, bad debts, onerous leases, personal injury and legal claims; revaluations and write off of bad debts; and other non-cash items.

**Food Standards Agency** will account for this Estimate.

<b>£</b>			
<b>Budget Neutral Changes</b>			
(Section A) Ringfenced RDEL: Revisions to IFRS16 depreciation and leases driven by better information available after the Main Estimates.		-600,000	
(Section A) Non-ringfenced RDEL - See commentary above. As GAD is self-funded GAD's ringfenced RDEL has a direct and opposite relationship with its non-ringfenced RDEL.	600,000		
<b>Reserve Claims</b>			
(Section A) GAD has covered most of the £1.3m dilapidations cost through its income, but has requested £400k of the £1.2m guarantee provided by HMT in GAD's Main Estimate settlement letter 2023-24 to cover the remainder.	400,000

**Accounting Officer:**

Jonathan Brearley

**PART III: NOTE F - ACCOUNTING POLICY CHANGES**

This supplementary estimate includes a prior period adjustment (PPA) relating to an adjustment to the value of previously recognised notional income and expenditure of the Supplier of Last Resort (SoLR) levy, which is classified by Office for National Statistics as notional tax and spend for Ofgem. The last resort levy true up decisions made by Ofgem in December 2023 have been classified to the RDEL budget, however there is no overall impact on the RDEL budget as the levy income fully offsets the expenditure. The RDEL impact in 2022-23 (covered by this PPA) is therefore expenditure of £16,041,000 and income of -£16,041,000. A token £1,000 has been added to the Non-Budget control to enable the PPA to be voted.

## INTRODUCTION

This Supplementary Estimate is required for the following purposes:

Changes in budgets, non-budget voted provision and cash	Increases	Reductions	Total
<b>£</b>			
<b>Budget Regime Change</b>			
(Section A) The changes represents RDEL <u>budget adjustment</u> where £9.2m of the underspend is being transferred from 2023-24 into 2024-25 to help manage the delivery of the Financial Reporting Changes Programme which spans over SR21 period and represents a single largest project the department has undertaken to date; the change is done by reducing the retained income limit in 2023-24 and increasing it commensurately in 2024-25.	9,200,000	-9,200,000	
(Section B) Shipbuilding Credit Guarantee Scheme - support provided by UKEF to set up and administer the scheme in 2023-24.	51,000	-50,000	
<b>Total change in Resource DEL (voted)</b>	<b>51,000</b>	<b>-50,000</b>	<b>1,000</b>
<b>AME Expenditure Changes</b>			
(Section C) A decrease of £200.0m represents the fact that originally expected Ukraine deals are not going to progress resulting in lower budgetary requirement in the current financial year.		-200,000,000	
<b>Total change in Resource AME (voted)</b>		<b>-200,000,000</b>	<b>-200,000,000</b>
<b>Budget Exchange</b>			
(Section A) The reduction includes budget exchange where £1.2m of the underspend is being transferred from 2023-24 into 2024-25 to help manage the delivery of the Financial Reporting Changes Programme which spans over SR21 period and represents a single largest project the department has undertaken to date.		-1,200,000	
<b>Total change in Capital DEL (voted)</b>		<b>-1,200,000</b>	<b>-1,200,000</b>
<b>AME Expenditure Changes</b>			
(Section D) The reduction represents an update to projected Direct Lending (DL) drawings when compared to the Main Estimate projections where some of the direct lending did not materialise in 2023-24.		-1,000,000,000	
<b>Total change in Capital AME (voted)</b>		<b>-1,000,000,000</b>	<b>-1,000,000,000</b>
The change largely represents lower Direct Lending drawings in 2023-24 as described above for Capital AME (voted).		-999,999,000	
<b>Total change in Net Cash Requirement</b>		<b>-999,999,000</b>	<b>-999,999,000</b>
