

Sarah Owen
Laci Land Restoration Ltd
By email only

Our ref: **EPR/KB3706MB/A001**

Date: 14/01/2022

Dear Sarah Owen,

Environmental Permitting – Recovery or Disposal Operation

Pre-application Reference: EPR/KB3706MB/A001

Proposed Operator: Laci Land Restoration Ltd

Regulated facility: Sweethayes Farm

Site Address: Sweethayes Farm, London Road, Etchingham, Hurst Green, TN19 7PS

As part of our pre-application discussions, you have submitted information to us that includes your assessment that the activity you wish to undertake at your site amounts to a recovery operation.

We have now fully considered your submission and we would like to advise you that: We agree with your assessment that your activity is a recovery operation. This advice is based on the information you have provided in relation to waste types, amounts and nature of proposal including any proposed landform. If you change any of these between now and when you submit an application form, this advice may no longer apply. **Please also note that following submission of an application, additional assessment will take place (for example, further assessment of the proposed waste types based on the sensitivity of the site location) and therefore agreement that an operation is a recovery activity does not guarantee that a permit will be granted or a variation issued.**

For the sake of clarity, the following documents are considered to form the approved waste recovery plan;

- Waste Recovery Plan, Sweethayes Farm, August 2021, Document reference: WIE18431-101-R-2.2.2-WRP
- Email from Beth Lyon of Waterman Infrastructure and Environment Ltd received on 22/10/21 at 14:21
- Waste Recovery Plan Review – Sweethayes Farm Briefing note, December 2021, Document reference: WIE18431-100-BN-3.1.2-AddWRP

If you have any questions please phone me or email akheel.yahseen@environment-agency.gov.uk

Yours sincerely

Akheel Yahseen

Permitting Officer
