

Kidde CO2 Klem Valve	
Aspect	Details
Images	
PSD Number	2310-0089
Product Type	Pressure equipment / vessels - Co2 Klem Valve end cap
Product Identifiers	Brand: Kidde Affected batches: 01/2022 to 05/2023. Other identifiers: Kidde CO2 Fire Suppression System incorporating Kidde CO2 Klem Valve
Product Description	A CO2 fire suppression system including a cylinder assembly, a component of which is a fast-acting container valve (the Valve).
Country of Origin	China
Counterfeit	No
Risk Level	Serious
Risk Type	Injuries
Risk Description	<p>The KIDDE Co2 Klem Valve end cap could accidentally detach from the valve body on a Co2 cylinder assembly.</p> <p>This can result in the unintended discharge of Co2 gas and the high velocity ejection of components of the valve.</p>
Corrective Measures	<p>Affected units were identified and existing stock withdrawn from the market.</p> <p>A Safety Notice was issued to the affected customers in the UK, warning customers of the risk, along with advisory control measures. The manufacturer will issue further communications as required.</p> <p>The manufacturer has developed a safety guard that can be fitted over the top of the valve which should stop the ejection of any parts if a valve failed, along with instructions on how to install the guard safely.</p>
