Subject: Application ref S62A/2024/0032 - Land to the west of Mill lane, Hatfield heath

[REDACTED]

Dear Sirs,

I write as secretary of The Hundred Parishes Society, a registered charity whose aims include education of the public in the history of the area that includes Hatfield Heath and the conservation and protection of the area's historic and architectural environment.

Our particular concern with this application is that it may irreparably destroy or damage or fail to adequately preserve and protect the best-preserved prisoner-of-war camp in Essex, Hertfordshire and Cambridgeshire, the counties of which The Hundred Parishes forms part. We hope you will give proper consideration to the preservation and protection of this exceptional historic site.

As a sidenote, assessment of this application is not assisted by the fact that the application form online at Uttlesford includes sections 3 and 4 which are illegible.

Kind regards,

Ken McDonald
Secretary to The Hundred Parishes Society
Registered Charity number 1157891 and company limited by guarantee number 8124462.
