

# EMPLOYMENT TRIBUNALS

**Claimant:** Mr Omari Adjei-Dawkins

**Respondent:** Halfords Limited

## JUDGMENT

The claimant's application dated **10/01/2024** for reconsideration of the judgment sent to the parties on **28/12/2023** is refused.

## REASONS

There is no reasonable prospect of the original decision being varied or revoked, because the claimant is asking the tribunal to reconsider its decision because the "*evidence... have (sic) not been fairly accepted or at all considered*". The claimant has argued against a number of conclusions that the Tribunal reached based on the evidence presented to it, the claimant considers that the conclusions of the Tribunal are against the weight of the evidence. The claimant discloses no grounds on which the application for reconsideration can succeed. The claimant also seeks to rely on new evidence but has failed to explain why the evidence was not presented during the hearing when the evidence was available. Further the evidence if admitted would not have resulted in any different conclusion by the Tribunal.
