Dear Leanne,

Thank you for confirming.

Please see link below to download the revised drawings with the amendments requested at the hearing by the Inspector:

[REDACTED]

Please also see attached an updated schedule of documentation showing the latest revision of each plan submitted.

In summary, the following changes have been made:

1. The 'GOS2' housetype has been renamed 'GOS' to avoid confusion with the variations of this housetype shown in the housetype pack and the materials plan. The 'PEN2' housetype has been renamed 'PEN' for the same reason. This change has been made on all the layout plans and the housetype names have also been removed from the landscaping plans to resolve the same issue..
2. The parking to plots 14, 15, 16, 29 and 58 have all been lengthened ever so slightly to ensure policy compliant lengths, this has meant the garages, where relevant, have been pushed back as well to accommodate the change.
3. The scale bar issue has been corrected on the landscaping plans.

I would be grateful if you would please confirm receipt of this email and the revised plans.

Best regards

David
