Materials

No comments

Tall Equipment

The applicant's attention is drawn to the procedures for crane and tall equipment notifications, please see: <https://www.caa.co.uk/Commercial-industry/Airspace/Event-and-obstacle-notification/Crane-notification/>

Construction Management

-In the interests of aviation safety, measures to minimise and manage the creation of dust and smoke should be implemented for the full duration of all construction works, including demolition and excavation, in accordance with the advice of Stansted Airport and the Civil Aviation Authority.

Reason: Flight safety – dust and smoke are hazardous to aircraft engines; dust and smoke clouds can present a visual hazard to pilots and air traffic controllers.

Other Comments

It is important that any conditions or advice in this response are applied to a planning approval. Where a Planning Authority proposes to grant permission against the advice of Stansted Airport, or not attach conditions which Stansted Airport has advised, it shall notify Stansted Airport, and the Civil Aviation Authority as specified in the Town & Country Planning (Safeguarded Aerodromes, Technical Sites and Military Explosive Storage Areas) Direction 2002.
