I strongly object AGAIN to the planning of knocking down the old prisoner of war camp and houses being built in its place

At Mill Lane. Hatfield Heath CM 22.

The request has been turned down numerous times ALSO by yourselves, there are few of these old camps left I think it should be put as a Heritage site and renovated I am sure local people would be glad to help with this.

My parents sisters and I made friends with some of the Italian prisoner and they would come to us for Sunday Dinner.

Both my sister after the war went on holidays and stayed with one of the prisoners and his families in Valderbiadeen in Dolomites and they came back and stayed with us.

It would be a bad day to see this knocked down.

Yours Sincerely Neil Rickards.
