Subject: Planning of land west of mill lane Hatfield Heath

Application ref, S62A/2024/0032

I am writing once again in the hope you will refuse the application for building houses on the land west of Mill Lane Hatfield Heath. This keeps on being refused by U.D.C and the inspectorate as well.

The plans have not changed since the last time it was refused. The reason for refusing the plans has not changed either. i.e. the lane being too narrow to take two cars as it also takes dog walkers. The school bus stops opposite Mill Lane and the children use the lane as a short cut to go home. The flooding on Stortford Road will increase and the danger of turning off the Stortford road into Mill Lane is still there.

The school is full and has to turn people away, and the doctors is hard to get an appointment without extra people. This is besides the historical interest in it being a prison of war camp that could benefit school children if it was opened up to them
