

EMPLOYMENT TRIBUNALS

Claimant: Miss M Gribbin

Respondent: Herefordshire Council

Judge: Employment Judge Hindmarch

JUDGMENT

Upon the Claimant's application for reconsideration received on 18 December 2023 in relation to a Judgment following a public preliminary hearing on 29 November 2023 and sent to the parties on 18 December 2023:

The application is refused.

REASONS

The application is refused because I conclude there are no reasonable prospects of the original Judgment dated 18 December 2023 being varied or revoked. The grounds put forward by the Claimant in support of her application for reconsideration do not reveal any new facts or legal argument. I have already dealt in the original Judgment with the point that the Tribunal should have rejected the claim. I considered carefully both sides arguments which I set out in my written reasons. The reconsideration application is refused.
