

FOI 23-221 – medical device recalls

REQUEST

I understand you have all issues related to medical device recalls from 2020 as an excel sheet, and older field actions in PDFs I was wondering do you have information from 2007-2020 also in an excel or similar format? I Understand this is an unusual request so any help is appreciated.

FURTHER CLARIFICATION

Apologies for my late reply. In my original email I stated a time frame 2007-2020, this can be Jan 2007 - December 2020.

Attached is what you list for FSCAs issued after 2020, if I could have something similar for the period of 2007-2020.

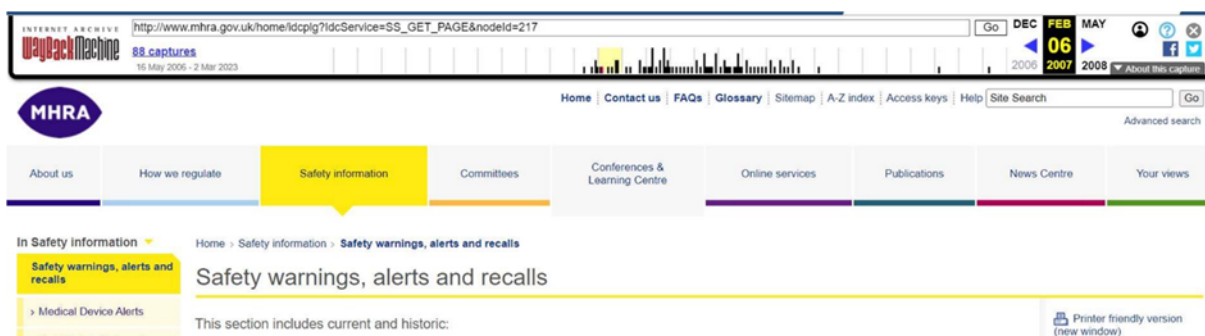

MHRA RESPONSE

Thank you for your email.

The list of FSNs from November 2014 can be accessed via this link [Field Safety Notices: 31 January to 4 February 2022 - GOV.UK \(www.gov.uk\)](#), screenshot included below for reference:-

However, the list of FSNs before 2014 is not on our gov.uk website, but can be accessed using the internet archive here - [Safety warnings, alerts and recalls \(archive.org\)](#). Here you'll be able to find the safety alerts from 2007-. You will be able to select the year/month that you require by selecting it in the top right corner (see screenshot below for reference).

Please note that the MHRA does not manage this site and we are unable to offer any support for this site or answer any questions about its functionality.

I hope the information provided is helpful, but if you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of this response; and can be addressed to this email address.

Kind regards,

FOI Team
