

FOI 23/378 – companies in China and India holding an MHRA manufacturing licence

REQUEST
15 May 2023

what companies in China and india holder a MHRA manufacturing licence

MHRA RESPONSE
16 June 2023

Dear

Thank you for your email.

No companies in India or China hold a UK manufacturing authorisation as we do not issue manufacturing authorisations to overseas sites.

Overseas sites named on UK marketing authorisations must hold a Good Manufacturing Practice (GMP) certificate issued by either the UK or a national competent authority that we have a recognition agreement with.

All GMP certificates are on publicly available databases. Information issued by the MHRA relating to manufacturing and wholesale authorisations, including ~~and~~ certificates for GMP, Good Distribution Practice (GDP), Manufacturing and Import Authorisations (MIA), and Wholesale Distribution Authorisations (WDA) are available via the following link: <https://cms.mhra.gov.uk/mhra>

If you disagree with how we have interpreted the Freedom of Information Act 2000 in answering your request, you can ask for an internal review. Please reply to this email, within two months of this reply, specifying that you would like an Internal Review to be carried out.

Please remember to quote the reference number above in any future communications.

If you were to remain dissatisfied with the outcome of the internal review, you would have the right to apply directly to the Information Commissioner for a decision. Please bear in mind that the Information Commissioner will not normally review our handling of your request unless you have first contacted us to conduct an internal review. The Information Commissioner can be contacted at:
