

FOI 23/539

Dear

Thank you for your email.

We would like information on the number of medicine blister packs produced in the UK in 2022. And what percentage of these were made of composite plastic and aluminium. If you do not hold this information, please can you point us to the correct organisation to approach?

This is not information that we hold. Although we grant marketing authorisations and licence new medicines, we do not hold information on the volume of manufactured medicines in the UK.

For volumes of manufactured medicines, we suggest that you contact the Association Of The British Pharmaceutical Industry (ABPI) who may hold data.
