

FOI 23/689

Dear

Thank you for your request of 19 September 2023 under the Freedom of Information Act. You requested:

Please could you tell me what flash glucose devices were available in calendar year, 2021, for use in the UK?

We do not hold the information you have requested. The information which we hold is for devices which have been registered with the MHRA, a process which is described on our website at this link: <https://www.gov.uk/guidance/register-medical-devices-to-place-on-the-market>

The registration of a device with us does not automatically mean that device is placed onto the market once the registration process is complete. Information about registrations is available via our Public Access Registration Database, which can be accessed at this link: <https://pard.mhra.gov.uk/>

If you wish to make a new request regarding registrations then we recommend that you provide us with details of a specific device or product, or a specific Global Medical Devices Nomenclature (GMDN) code which is of interest. We will then consider your new request under the Freedom of Information Act.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date you receive this response and addressed to: info@mhra.gov.uk

Please remember to quote the reference number above in any future communications.

If you were to remain dissatisfied with the outcome of the internal review, you would have the right to apply directly to the Information Commissioner for a decision.

Please bear in mind that the Information Commissioner will not normally review our handling of your request unless you have first contacted us to conduct an internal review. The Information Commissioner can be contacted at:

Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Yours sincerely
