

FOI 23/853

Dear

Many thanks for your request for information dated 07 November 2023, where you requested the following:

a list of all marketing authorisation extensions from the period 2018 to 2023. The MHRA publicly posts a monthly list of all new marketing authorisations for new medicinal products but does not appear to publicly list the dates of extensions of the marketing authorisation for existing products in new indications. As such I am lacking this information.

Please find a list of all Marketing Authorisations where there has been a variation granted to add a new indication between 2018 to 17 November 2023.

We publish Public Assessment Reports for marketing authorisations granted after 30 October 2005. When a Type II variation is granted to add a new indication, we update the published PAR to include an annex which describes the assessment of the variation. Please find a link to our Public Assessment Reports below:

After that, if you remain dissatisfied, you may write to the Information Commissioner at;

The Information Commissioner's Office

They will make a decision on whether or not we have interpreted the FOIA correctly in handling your request.

Yours sincerely,
