DEROGATIONS (WAIVERS) - POST CONTRACT SIGNATURE DATE527

THIS CONTRACT is dated 4 October 2022

BETWEEN:

- (1) **THE SECRETARY OF STATE FOR TRANSPORT**, whose principal address is at 33 Horseferry Road, London SW1P 4DR (the “**Secretary of State**”); and
- (2) **ABELLIO EAST MIDLANDS LIMITED** (Company Number: 09860485), whose registered office is at 2nd Floor St Andrew's House, 18-20 St Andrew Street, London, United Kingdom, EC4A 3AG (the “**Operator**”).

BACKGROUND:

- (A) National Rail Contracts are the successors to the previous Franchise Agreements, enabling the Secretary of State to appoint private sector operators to run rail services in line with its statutory duties.
- (B) National Rail Contracts represent a new approach to the delivery of rail services, with operators providing their leadership, operating and management expertise, in return for management fees, and the inclusion of incentives for operators to act in the best interests of passengers, taxpayers and the wider community and excel in the delivery of their services. The contracts will reward agile and responsive operators who act in the best interests of passengers, taxpayers and the wider community in the delivery of their services.
- (C) National Rail Contracts are designed to be flexible and responsive over the life of the contract, and are structured around an annual Business Plan process. The Secretary of State will set out detailed objectives and priorities each year in a Request for Business Plan. The operator will then prepare the Business Plan on a basis that seeks to achieve these objectives and priorities, in collaboration with rail industry partners to deliver in the best interests of passengers and taxpayers.
- (D) The National Rail Contract should therefore be read alongside the Business Plan which sets out the Business Plan Commitments, targets and performance measures that the operator is contracted to deliver.

OBJECTIVES:

The Secretary of State has the following objectives for the delivery of rail services under the National Rail Contract:

- To improve the passenger experience on the railway, by providing a modern and reliable means of transport accessible to all;
- To meet the needs of the wider community through working collaboratively with stakeholders and all rail industry partners;
- To meet the challenge of improving the railway’s contribution to the Government’s wider sustainability aims; and
- The Secretary of State also wishes to ensure that the railway is operated efficiently and is affordable for the taxpayer.

Through these objectives, the Secretary of State aims to restore and improve the reputation of the railway, rebuilding trust in the way it operates for passengers, stakeholders and the wider community.

1. COMMENCEMENT

- 1.1 All the clauses of this Contract and the Immediately Effective Chapter Provisions shall take effect and be binding upon each of the Secretary of State and the Operator immediately upon signature of this Contract.

Chapter 2.2

Rail Workforce

1. Notification of the Secretary of State

1.1 The Operator shall, and shall procure that each other Relevant Employer, shall:

- (a) as soon as practicable prior to engaging with any Trade Union or other employee representative body in relation to any In-Scope Matter; or
- (b) promptly and in any event three (3) Weekdays following any communication from any Trade Union or other employee representative body to the Operator (or the Relevant Employer, as applicable) in relation to any potential In-Scope Matter which is not covered by an existing Mandate,

and where practicable in each case in good time to allow for proper engagement with the Secretary of State, inform the Secretary of State of all relevant information relating to any such matters and any other information the Secretary of State may request from time to time in relation to such matters. Where there is any doubt as to whether a matter requires notification in accordance with this paragraph 1.1, the Operator shall, and shall procure that each other Relevant Employer shall, make a notification in any event. In determining whether to make a notification and/or what information must be provided to the Secretary of State by the Operator, the Operator shall have regard to its obligations under paragraph 7.1 (*Duties of the Operator*) of this Chapter 2.2.

1.2 Following notification to the Secretary of State pursuant to paragraph 1.1 above, the Operator shall, and shall procure that each Relevant Employer shall, prior to any further communication with any Trade Union or other employee representative body in relation to the applicable In-Scope Matter, consult with the Secretary of State with a view to reaching agreement with the Secretary of State on a Mandate.

1.3 If:

- (a) a Mandate cannot be agreed and the Operator or a Relevant Employer acts or omits to act in respect of a relevant In-Scope Matter without a Mandate;
- (b) the Secretary of State determines that the Operator or Relevant Employer has incorrectly treated a matter as not being an In-Scope Matter and the Operator or Relevant Employer acts or omits to act in respect of that matter without a Mandate; or
- (c) the Operator or Relevant Employer breaches a Mandate or acts outside the scope of a Mandate in relation to the relevant In-Scope Matter,

and, in any such case, in doing so incurs costs, or loses revenue, then the Secretary of State may in the Secretary of State's discretion direct that:

- (i) any loss of revenue shall be treated as Revenue Foregone; and
- (ii) any increase in costs shall be treated as a Disallowable Cost,

in each case where the Secretary of State in the Secretary of State's discretion determines that such loss of revenue or increased costs (as the case may be) arises in connection with actions taken (or omitted to be taken) by the Operator or Relevant Employer in relation to the relevant In-Scope Matter.

1.4 Once a Mandate has been agreed, the Operator shall and shall procure that each Relevant Employer shall:

- (a) act in accordance with the Mandate; and
- (b) act in accordance with paragraph 2 (*Reward and People Principles*) below,

in relation to the In-Scope Matter to which that Mandate relates.

1.5 For the purposes of this paragraph 1, communications shall include any verbal discussions or written communications, in each case of a formal or informal nature.

- 1.6 Where any Business Employees are not subject to collective representation (whether by a Trade Union or any other employee representative body):
- (a) any issue which would require notification in paragraphs 1.1(a) and 1.1 (b) in relation to an In-Scope Matter shall require notification if the issue arises in respect of any group of more than one such unrepresented Business Employees (“**Unrepresented Employees**”); and
 - (b) when paragraph 1.6(a) applies, once a Mandate is required, the provisions of this Chapter 2.2 shall apply in full in respect of the relevant Unrepresented Employees.
2. **Reward and People Principles**
- 2.1 In relation to any In-Scope Matter (and whether or not a Mandate has been agreed in respect of that matter), the Parties acknowledge the applicable principles for reward and working arrangements are set out in Reward and People Principles established in accordance with the Previous Agreement, subject to the remainder of this paragraph 2.1. Specifically:
- (a) the Operator agrees that the Reward and People Principles and any other policies, high level instructions or guidance that the Secretary of State may introduce or direct from time to time (including in accordance with the provisions of paragraph 6 (*Reform*) below) (together, the “**Employment Policy Framework**”), shall, in the case of any conflict or inconsistency, take precedence over any arrangements which form the substance of an In-Scope Matter between the Secretary of State and the Operator which are in place immediately prior to the Start Date, including:
 - (i) any multi-year pay awards;
 - (ii) staffing budgets (whether pre-approved or otherwise, and including where any assumptions relating to pay growth may have been made); and
 - (iii) any other agreement or arrangement relating to any In-Scope Matters, in each case which may take effect following the Start Date; however
 - (b) without prejudice to paragraph 2.2, the Employment Policy Framework shall not take precedence over any such In-Scope Matters which, prior to the Start Date, have become legally binding on the Operator or Relevant Employer (whether by reason of individual contract of employment, collective agreement or by custom and practice) and including agreements made which have not yet taken effect at the Start Date or any changes which the Operator or Relevant Employer is required to make by law.
- 2.2 Nothing in this Chapter 2.2 shall prevent the Operator or Relevant Employer from seeking to reach agreement with any Trade Union, other employee representative body or Business Employees or taking such other steps as are appropriate or necessary regarding new or revised terms and conditions of employment in order to implement the Employment Policy Framework or any Mandate.
- 2.3 The Operator shall, and shall procure that each Relevant Employer shall, unless otherwise directed by the Secretary of State, conduct any negotiations or consultation with any Trade Union, other employee representative body or group of employees (within paragraph 1.6(a) (*Notification of the Secretary of State*)) regarding the subject of a Mandate in accordance with the Employment Policy Framework.
- 2.4 Subject to paragraph 2.3, the Operator shall, or shall procure that the Relevant Employer shall, lead and have full day to day conduct of the relevant negotiations or consultation and implementation of any Mandate.
3. **Terms of Employment**
- 3.1 In addition to the obligations set out in paragraph 1 (*Notification of the Secretary of State*) above but subject to the provisions of paragraph 3.2 below, the Operator shall not, and shall procure that each other Relevant Employer shall not, without the Secretary of State’s consent, effect, or purport or promise to effect, or otherwise implement any In-Scope Matter other than in accordance with the relevant Mandate.

- 3.2 Without limiting paragraph 3.1, subject to paragraph 3.4, the Operator shall not, and shall procure that each Relevant Employer shall not, without the prior consent of the Secretary of State, vary, or purport or promise to vary the terms or conditions of employment with any Business Employee (in particular, the Operator shall not, and shall procure that each Relevant Employer shall not, promise to make any additional payment or provide any additional benefit or vary any term or condition relating to holiday, leave or hours to be worked) where the revised terms of employment of any existing Business Employee may take effect on or after the Start Date if and to the extent that such terms or conditions are more favourable than the standard terms or conditions of employment of the equivalent or nearest equivalent Business Employee role at the date on which such revised terms and conditions are scheduled to take effect.
- 3.3 Without limiting paragraph 3.1 above, subject to paragraph 3.4, the Operator shall not, and shall procure that each other Relevant Employer shall not, without the prior consent of the Secretary of State, create or grant, or promise to create or grant, terms or conditions of employment for any prospective Business Employee where the employment of such prospective Business Employee by the Operator or such other Relevant Employer may commence on or after the Start Date if and to the extent that:
- (a) such terms or conditions are more favourable than the standard terms or conditions of employment of the equivalent or nearest equivalent Business Employee role at the date on which such employment is scheduled to commence; and
 - (b) if such terms or conditions were granted to such equivalent Business Employee already employed by the Operator by way of variation to their terms or conditions of employment, the Operator would be in contravention of paragraph 3.2.
- 3.4 For the purposes of matters falling within paragraphs 3.2 and 3.3, no consent will be required from the Secretary of State in respect of any changes or proposed changes made or proposed in the ordinary course of business in accordance with human resources policies (in relation to the day to day management of the Operator's or Relevant Employer's business) which exist prior to the Start Date which: (a) are not likely to give rise to material industrial relations risks (including a risk of Industrial Action); and/or (b) will not have a material negative impact on productivity; and/or (c) are not contrary to train passengers' interests.
- 3.5 The expression "**promise to vary**" or "**promise to effect**" when used in paragraphs 3.1 and 3.2 includes any offer or indication of willingness to vary (whether or not such offer or willingness is made conditional upon obtaining the Secretary of State's consent).
4. **In-Scope Matters**
- 4.1 The Secretary of State may at any time, in the Secretary of State's discretion, determine that a matter is, or is not, an In-Scope Matter. Save where either paragraph 4.4 or 4.5 applies, a determination that a matter is an In-Scope Matter will be final and conclusive but will not prevent the Parties agreeing that a matter is no longer an In-Scope Matter.
- 4.2 Without prejudice to paragraphs 4.3 and 4.4, if a matter is not an In-Scope Matter, no Mandate is required. For these purposes, matters in respect of which a Mandate is not required will include changes to working practices made in the ordinary course of business in accordance with human resources policies (in relation to the day to day management of the Operator's or Relevant Employer's business) which exist prior to the Start Date which:
- (a) are not likely to give rise to material industrial relations risks (including a risk of Industrial Action); and/or
 - (b) will not have a material negative impact on productivity; and/or
 - (c) are not contrary to train passengers' interests.
- 4.3 Where the Operator (or a Relevant Employer) is in any doubt as to whether any matter is an In-Scope Matter requiring a Mandate, it must, or must procure that the Relevant Employer shall, inform the Secretary of State in good time prior to steps being taken to implement such matter or change and the Operator must, or must procure that the Relevant Employer shall, if requested by the Secretary of State, provide an explanation of why it believes the proposed matter or change is not an In-Scope Matter requiring a Mandate. Thereafter, the Secretary of

State may make a determination in accordance with paragraph 4.1. Provided the Secretary of State is satisfied that the Operator complied with its obligations under this paragraph 4.3 and paragraph 7.1 (*Duties of the Operator*), the Secretary of State's determination shall, subject to paragraph 4.5, be final and conclusive. Where the Secretary of State has determined that a matter is an In-Scope Matter, nothing will prevent the Parties subsequently agreeing that the matter is no longer an In-Scope Matter.

- 4.4 Where a matter is not an In-Scope Matter, the Parties acknowledge and agree that further developments in relation to, and/or escalation of, that matter may be such that it could result in (a) material industrial relations risks (including a risk of Industrial Action); and/or (b) a material negative impact on productivity; and/or (c) be contrary to train passengers' interests. In any such event, the Operator will make a notification to the Secretary of State in accordance with paragraph 4.3 with a view to seeking a determination from the Secretary of State as to whether the matter has become an In-Scope Matter.
- 4.5 Any determination by the Secretary of State that any matter is an In-Scope Matter is conditional on the Secretary of State being and remaining satisfied that the Operator and, where relevant, the Relevant Employer have disclosed all relevant information relating to such matter and complying and continuing to comply with the duty in paragraph 7.1 (*Duties of the Operator*). If, in the Secretary of State's opinion there is or has been any material non-disclosure of relevant information or a material breach of paragraph 7.1 (*Duties of the Operator*) by the Operator or Relevant Employer, the Secretary of State may determine that the Mandate is void in which case for the purposes of this Chapter 2.2 costs, losses and revenues shall be treated as if that Mandate had never been agreed and paragraph 1.3(a) (*Notification of the Secretary of State*) of this Chapter 2.2 shall apply in respect of any acts or omissions of the Operator, or the Relevant Employer, in relation to that matter. The Parties acknowledge and agree that where this paragraph 4.5 applies, the Secretary of State may take such action and/or instruct such changes as it considers necessary to correct the apportionment of costs, losses and revenues between the Parties and designate the Operator's costs, losses and revenues as Disallowable Costs and/or Revenue Foregone.
5. **Industrial Action**
- 5.1 The Operator shall, and shall procure that each Relevant Employer shall, comply with the Dispute Handling Policy. Without prejudice to any obligations under the Dispute Handling Policy, to the extent the Operator believes that Industrial Action is likely to occur as a result of its (or any Relevant Employer's) compliance with any aspect of this Chapter 2.2 (including any Mandate agreed pursuant to it), or for any other reason, it shall promptly notify the Secretary of State of its reason for that belief and the effect, or the anticipated effect, of such event on the performance of the Rail Services and provide the Secretary of State with such further information as the Secretary of State may request.
- 5.2 As soon as practicable following a notification set out in paragraph 5.1 above, and in any event within three (3) Weekdays following such notification, the Operator shall propose a process it intends to adopt to deal with the relevant Industrial Action in accordance with and subject to the Dispute Handling Policy. The Operator and the Secretary of State shall use all reasonable endeavours to agree how the relevant Industrial Action shall be handled, bearing in mind the Dispute Handling Policy, provided however that the Operator's handling of such Industrial Action will be subject always to the Secretary of State's direction, such agreement and/or direction being the "**Dispute Handling Plan**". The Operator shall, and shall procure that each Relevant Employer shall, act in accordance with the Dispute Handling Plan.
- 5.3 If:
- (a) agreement is not reached regarding how relevant Industrial Action is to be handled; or
 - (b) in the event that Industrial Action occurs which the Secretary of State determines (at the Secretary of State's discretion, acting reasonably), has arisen as a result of the Operator or any Relevant Employer not complying with its or their obligations under this Chapter 2.2 (including any Mandate agreed pursuant to it, any failure to act in accordance with the Dispute Handling Plan, to make a notification required by paragraph 1.1 (*Notification of the Secretary of State*) or to provide all relevant

information in relation to such notification and/or to comply with paragraphs 7.1 (*Duties of the Operator*) and 7.3 (*Duties of the Operator*),

either of which has resulted in a loss of revenue, an increase or decrease in costs, or a combination of the foregoing, as a consequence (direct or otherwise) of the disruption to Passenger Services (however so related), the Secretary of State may in the Secretary of State's discretion:

- (c) determine that this shall be a Financial Target Amendment Event (as applicable) and/or a Cost Budget Change Event;
- (d) direct that any such increase in costs shall be treated as Disallowable Costs and the Operator shall not, in any circumstances, be entitled to claim back such costs from the Secretary of State whether pursuant to Chapter 7.1 (*Contract Payments*) or otherwise; and/or
- (e) direct that any such lost revenue shall be treated as Revenue Foregone.

5.4 To the extent that the Operator:

- (a) has complied with this Chapter 2.2 (including any applicable Mandate); and
- (b) has complied with the Dispute Handling Plan,

then

- (c) the Secretary of State, will not treat any increase in costs or loss of revenue of the Operator arising from the relevant Industrial Action (however caused and of whatever nature) as a Disallowable Cost or Revenue Foregone (respectively); and
- (d) a Financial Target Amendment Event (as applicable) shall occur and a Cost Budget Change Event shall occur;

in circumstances where the Secretary of State is satisfied that the Operator has used all reasonable endeavours (and procuring that any Relevant Employer has used all reasonable endeavours) to avoid the Industrial Action and that, Industrial Action having nevertheless occurred, the Operator has used all reasonable endeavours (and has procured that any Relevant Employer used all reasonable endeavours) to mitigate its effects.

6. Reform

6.1 The Operator shall, and shall procure that each Relevant Employer shall:

- (a) co-operate with the Secretary of State as may be required by the Secretary of State from time to time in respect of the planning, development and/or implementation (as applicable) of industry reform with respect to the Employment Policy Framework and the Dispute Handling Policy, including co-operating and collaborating with other Train Operators and other organisations in respect of planning, developing and implementing such reforms to the extent permitted by applicable laws; and
- (b) provide to the Secretary of State, such information and data in relation to the Employment Policy Framework and/or the Dispute Handling Policy (or any aspect of it/them) as the Secretary of State may require from time to time.

6.2 The Operator shall, and shall procure that each Relevant Employer shall, use all reasonable endeavours to introduce, implement and comply with such amendments to the Dispute Handling Policy, the Employment Policy Framework generally and any other applicable industry agreements (including any successor arrangements or any other agreement between the Operator and one or more third parties relating to the sustainability of the Operator's staffing model, people practices, engagement with related industry stakeholders or any related matter) as may be directed by the Secretary of State from time to time.

6.3 During the Contract Term, the Operator shall not, and shall procure that each Relevant Employer shall not, enter into any new Employment Agreements otherwise than in accordance with the terms of this Chapter 2.2 (including any applicable Mandate) and the Employment Policy Framework without the prior written consent of the Secretary of State.

7. Duties of the Operator

- 7.1 In relation to any matters dealt with in this Chapter 2.2, the Operator shall, and shall procure that each Relevant Employer shall, deal with the Secretary of State in an open and cooperative way, and must disclose to the Secretary of State on an ongoing basis anything relating to the Business Employees (and any Trade Union or other employee representative body representing any such employees) of which the Secretary of State would expect notice in respect of anything which might be relevant to an In-Scope Matter.
- 7.2 The Operator shall (and shall procure that each Relevant Employer shall) act within the spirit of this Chapter 2.2 in its communications and dealings with any Trade Union, employee representative body or any Business Employee, both locally and nationally.
- 7.3 The Operator's duty to act as a Good and Efficient Operator shall apply to the discharge of its obligations under this Chapter 2.2.

8. Cooperation with Secretary of State and Relevant Employer

- 8.1 Where the Operator or Relevant Employer reasonably considers that complying with any aspect of this Chapter 2.2, including any aspect of the Employment Policy Framework or any Mandate, will cause it to breach any legal obligation of the Operator or Relevant Employer in their capacity as employer (whether arising under legislation or at common law) including breaches of legislation relating to unlawful discrimination or equal pay, the Secretary of State and Operator shall work in cooperation (and/or, as appropriate, the Secretary of State shall, and the Operator shall use all reasonable endeavours to procure that the Relevant Employer shall, work in cooperation) with a view to agreeing an approach to, as the case may be, compliance with such obligations under this Chapter 2.2 or avoidance or mitigation of the risk of such breach by the Operator or Relevant Employer. Once such an approach is agreed, the Operator shall, and will procure that the Relevant Employer shall, implement it on its terms.

9. Disallowable Costs

- 9.1 Save as provided in this Chapter 2.2 or as expressly agreed with the Secretary of State, any losses and liabilities (including costs, charges, penalties, compensation or similar payments) incurred as result of termination of a contract of employment of, or reaching any settlement or compromise with a Business Employee shall be Disallowable Costs.

10. Workers

- 10.1 To the extent that the Operator or any Relevant Employer engages individuals to work on the Rail Services as workers (howsoever "workers" is defined in relevant English employment legislation from time to time, but excluding "agency workers" as defined in the Agency Worker Regulations 2010, as amended from time to time) ("**Workers**") rather than employees, the provisions in this Chapter 2.2 shall be deemed to cover such Workers. In such circumstances, the engaging party shall be the Operator or the Relevant Employer, as applicable, and references to terms and conditions of employment shall be construed as references to terms and conditions of engagement and references to Business Employees shall include such workers.

11. Changes in Numbers and Total Cost of Employees

- 11.1 Subject to and excluding any increase in the remuneration of Business Employees permitted under this Chapter 2.2 (*Rail Workforce*) the Operator shall not, and shall secure that each other Relevant Employer shall not, without the prior Approval of the Secretary of State increase or decrease the number of Business Employees such that:
- (a) the total number of Business Employees or the total cost per annum to the Operator and each other Relevant Employer of employing all Business Employees is increased by more than five per cent (5%); or
- (b) the total number of Business Employees is decreased by more than five per cent (5%),
- in each case (unless otherwise agreed or determined by the Secretary of State), during the Contract Period as compared to (i) the relevant total number of such Business Employees as at the Start Date, or (ii) the budgeted costs of employing such Business Employees as set out in the Operator's first Cost Budget, as applicable.

- 11.2 Subject to paragraph 11.3 below, if at any time the Operator becomes aware that:
- (a) the total number of Business Employees in any particular role or the total cost per annum to the Operator and each other Relevant Employer of employing all Business Employees in any particular role is likely to increase, or has increased, by more than five per cent (5%); or
 - (b) the total number of Business Employees in any particular role or the total cost per annum to the Operator and each other Relevant Employer of employing all Business Employees in any particular role is likely to decrease, or has decreased, by more than five per cent (5%),

in each case (unless otherwise agreed or determined by the Secretary of State), during the Contract Period as compared to (i) the relevant total number of such Business Employees as at the Start Date, or (ii) the budgeted costs of employing such Business Employees as set out in the Operator's first Cost Budget (as applicable) (each a “**Business Employee Change**”), then the Operator shall, as soon as practicable, notify the Secretary of State of any such Business Employee Change together with the reasons behind the relevant Business Employee Change.

- 11.3 Paragraph 11.2 above shall not apply in respect of any Business Employee Change which is:
- (a) caused by a change of fewer than three (3) full-time Business Employees or full-time equivalent Business Employees; or
 - (b) clearly articulated in the Business Plan and the Operator's Cost Budget most recently Placed in Escrow.

11.4 Following receipt of any notice issued by the Operator pursuant to paragraph 11.2 above, the Secretary of State may direct the Operator to take all reasonable endeavours to reverse the Business Employee Change (either in whole or in part) and such direction shall not be a Cost Budget Change Event or a Financial Target Amendment Event unless the relevant Business Employee Change is clearly articulated in the Business Plan and the Operator's Cost Budget most recently Placed in Escrow. The Operator shall use all reasonable endeavours to comply with any direction provided under this paragraph 11.4.

- 11.5 The Operator shall provide to the Secretary of State a report at the end of each Reporting Period which sets out:
- (a) the numbers of Business Employees that fall into the categories of (a) revenue protection, (b) ticket office staff; (c) the sale of tickets or (d) any other category notified by the Secretary of State to the Operator; and
 - (b) in outline, the Operator’s plan for recruitment to fill any vacancies where the vacant role wholly or partially relates to the categories noted at (a), (b), (c) or (d) in paragraph 11.5(a) above.

COLLABORATION

1. Duty of Cooperation

- 1.1 The Operator shall fully and effectively cooperate with each of the Specified Persons, to the extent applicable, in respect of each of the Specified Matters. This cooperation shall include such of the Specified Actions as are relevant or applicable to the particular Specified Matter. These Specified Actions shall be undertaken by the Operator in collaboration with such of the Specified Persons (if any) as may be appropriate in the particular circumstances.
- 1.2 At any time the Secretary of State may specify, by notice to the Operator, any additional Specified Persons, Specified Matter and/or Specified Action as the Secretary of State may determine. The Operator's obligations pursuant to paragraph 1.1 above in relation to any such additional Specified Persons, Specified Matter and/or Specified Action determined by the Secretary of State shall take effect from the date of the Operator's receipt of such notice.
- 1.3 If in the course of the cooperation required pursuant to paragraph 1.1 above, a Specified Person seeks to require the Operator to implement:
- (i) any Specified Action; or
 - (ii) any initiative or action that is not a Specified Action,
- and such implementation would necessitate additional staff headcount or other material out-of-pocket expenses that are not to be fully funded by a third party and that were not provided for within the Cost Budget most recently Placed in Escrow, the Operator shall discuss the matter with the Secretary of State and paragraph 1.1 above shall not require the Operator to implement that initiative or action unless the Parties agree or the Secretary of State instructs to the contrary.
- 1.4 Notwithstanding any other terms of this paragraph 1, the Operator shall not be required to do anything which would put it in breach of any obligation on the Operator arising under applicable Law (including competition law under the Competition Act 1998) or the terms of its Licences.
- 1.5 Without prejudice to the generality of paragraph 1 (*Duty of Cooperation*), if, pursuant to the Williams-Shapps Plan for Rail or otherwise in furtherance of rail reform in Great Britain, the Secretary of State requires the Operator to transfer, prior to the Expiry Date or date of earlier termination of this Contract, any Primary Asset to the Secretary of State or to such other party as directed by the Secretary of State, the Operator shall fully and effectively cooperate with the Secretary of State to determine the terms of and the process for such transfer provided that:
- (a) the relevant Primary Asset shall be valued in accordance with the principles set out in the Schedule (*Net Asset Statement*) to the form of the Supplemental Agreement; and
 - (b) following the transfer, the Secretary of State shall permit, or procure that such other relevant party permits, the Operator continued use of the relevant Primary Asset or procure provision of a replacement asset in order to allow the Operator to continue to comply with its obligations under this Contract.
- 1.6 The Parties acknowledge that the government has published the Williams-Shapps Plan for Rail. If, pursuant to the Williams-Shapps Plan for Rail or otherwise in furtherance of rail reform in Great Britain, the Secretary of State wishes to amend any of the provisions of this Contract (including by way of removal of certain obligations), the Parties acknowledge and agree that any such amendment may be undertaken in accordance with paragraph 8 (*Variations*) of Chapter 7.5 (*Variations, Changes and Amendments*), paragraph 6 (*Business Plan Revisions*) of Chapter 7.7 (*Business Plan*) and/or through the annual Business Plan process set out in paragraph 3 (*Annual Business Plan Process*) of Chapter 7.7 (*Business Plan*).

2. NR Data Sharing Strategy

- 2.1 The Operator shall continue to use all reasonable endeavours to implement the NR Data Sharing Strategy in accordance with its terms, and shall continue to consult, collaborate and co-operate with Network Rail to agree any reasonable amendments or updates to the NR Data Sharing Strategy from time to time.
- 2.2 The Operator shall propose and use all reasonable endeavours to agree with Network Rail suitable amendments to the NR Data Sharing Strategy to ensure compliance with any guidance or instructions issued or provided by the Secretary of State from time to time.
- 2.3 The Operator shall not unreasonably withhold or delay its consent to any amendments which Network Rail may reasonably propose to the NR Data Sharing Strategy, provided that the Operator shall not agree to any amendments which would not be in compliance with any guidance the Secretary of State may provide or issue from time to time.
- 2.4 Notwithstanding any other term of this paragraph 2, the Operator shall not be required to do anything which would put it in breach of any obligation on the Operator arising under applicable Law (including competition law under the Competition Act 1998) or the terms of its Licences.

3. Sharing further data with Network Rail

- 3.1 The Operator shall, to the extent reasonably requested by Network Rail, share with Network Rail all relevant data including GPS data and data derived from geometry measurement systems, forward facing CCTV, driver advisory systems and train condition monitoring systems fitted to any rolling stock within the Train Fleet. Any such data provided to Network Rail shall be provided in an open standard format as Network Rail may reasonably request as soon as practicable and without charge.
- 3.2 The Operator shall, if so requested by Network Rail, provide advice to Network Rail on the feasibility, costs and associated practicalities of providing Network Rail with real-time access to live replay footage from on-train forward-facing CCTV systems.
- 3.3 The Operator shall, as soon as practicable following any request, provide Network Rail with such information as it may reasonably request, including:
- (a) information in relation to current and projected future numbers of train crew employed, in aggregate and in respect of each individual train crew depot or link, and distinguishing in each case between different types of train crew and between fully qualified individuals and trainees (the “**Train Crew Numbers Data**”); and
 - (b) a comparison of the Train Crew Numbers Data against the Operator’s most recent assessment of the current and expected future Required Establishment in each case.

4. Safety information

- 4.1 The Operator shall co-operate with any request from any relevant competent authority for provision of information and/or preparation and submission of reports detailing or identifying compliance with safety obligations set out in the Safety Regulations including any breaches of the Safety Regulations.
- 4.2 The Operator shall notify the Secretary of State as soon as practicable of the receipt and contents of any formal notification relating to safety or any improvement or prohibition notice received from the ORR. Immediately upon receipt of such notification or notice, the Operator shall provide the Secretary of State with a copy of such notification or notice.
- 4.3 The Operator shall participate in industry groups and committees addressing the domestic and European safety agenda of the Railway Group.

5. British Transport Police

- 5.1 The Operator shall give due consideration to any request by the British Transport Police to provide suitable accommodation (including additional or alternative accommodation) or facilities at Stations to enable the British Transport Police to effectively perform the services

owed to the Operator under any contract or arrangement entered into between the British Transport Police and the Operator.

- 5.2 The Operator shall:
- (a) work with the British Transport Police to:
 - (i) reduce crime and anti-social behaviour on the railway;
 - (ii) reduce minutes lost to police-related disruption;
 - (iii) increase passenger confidence with personal security on train and on station;
 - (b) work in partnership with the British Transport Police and conduct an annual assessment of the security and crime risk at all Stations and across the Rail Services area generally;
 - (c) co-operate with the British Transport Police to provide it with access to records and/or systems maintained by the Operator which relate to lost property to enable the British Transport Police to have access to such information when dealing with items reported to them as lost; and
 - (d) consult with the British Transport Police as to its requirements in relation to records and/or systems and shall ensure that, within fifteen (15) Weekdays of the Start Date, processes are in place expeditiously, and in any event within five (5) Weekdays, to provide the British Transport Police with access to such records and/or systems upon notification of a crime.
- 5.3 The Operator shall consult with the British Transport Police in relation to plans to develop any part of the land within a Property Lease which could affect staff or customers and give the British Transport Police an opportunity to advise on and/or provide comments on any opportunities for the enhancement of safety and reduction in crime.

Chapter 4.1

Service Development

1. Train Service Requirement

- 1.1 The Train Service Requirement is the specification of the Passenger Services to be provided by the Operator during the Contract Term.
- 1.2 The Train Service Requirement shall remain in force unless and until amended or replaced pursuant to this Chapter 4.1.

2. Train Formation Capacity Plan

- 2.1 Subject to paragraph 2.2, for the purposes of this Contract, the “**Train Formation Capacity Plan**” shall be the plan (including sub-plans) prepared by the Operator for the operation of trains and train formations under the Timetable that best matches available capacity to Forecast Passenger Demand as amended from time to time during the Contract Period in accordance with this Contract.
- 2.2 For the purposes of Chapter 4.4 (*Operational Performance*) references to “**Train Formation Capacity Plan**” shall be construed as the latest version of the Train Formation Capacity Plan which includes any amendments thereto pursuant to paragraphs 3 (*Timetable changes proposed by Network Rail*), 4 (*Timetable changes proposed by the Operator*) and/or 5 (*Timetable changes and Train Formation Capacity Plan changes requested by the Secretary of State*) of Chapter 4.2 (*Operating Obligations*):
- (a) where such amendments are required as a consequence of Network Rail exercising its rights pursuant to the Track Access Agreement;
 - (b) where such amendments proposed by the Operator have prior Approval from the Secretary of State; or
 - (c) where such amendments are requested by the Secretary of State.
- 2.3 The Operator shall submit to the Secretary of State a Train Formation Capacity Plan in respect of each Timetable in accordance with this Contract.
- 2.4 In preparing any Train Formation Capacity Plan, the Operator shall do so by reference to the Timetable that it envisages operating in order to comply with the Train Service Requirement and paragraph 6 of this Chapter 4.1.
- 2.5 Each Train Formation Capacity Plan shall set out for each railway passenger service in the Timetable to which it relates:
- (a) its start point and departure time;
 - (b) its terminating point and arrival time;
 - (c) the number and class of rolling stock vehicles allocated to each such railway passenger service;
 - (d) the Passenger Carrying Capacity that each such railway passenger service, as formed, is to have; and
 - (e) its Forecast Passenger Demand and, where this has been requested by the Secretary of State and is capable of calculation, Actual Passenger Demand.
- 2.6 A Train Formation Capacity Plan shall be in any format that the Secretary of State may specify for this purpose.
- 2.7 From the Start Date until the next Passenger Change Date, the Operator shall adopt as the Train Formation Capacity Plan the document in the agreed terms marked **TFCP**. It is acknowledged that the Train Formation Capacity Plan in the agreed terms marked **TFCP**

shall be replaced from time to time during the Contract Period in accordance with the provisions of paragraph 6.4.

3. **Consultation on Alterations to the Timetable**

- 3.1 If the Secretary of State is of the opinion that the proposed alterations to the Timetable represent a material alteration, the Secretary of State will require the Operator to undertake a consultation exercise, the scope of which must be agreed in advance with the Secretary of State.

4. **Timetable Development Rights**

- 4.1 The Operator shall use all reasonable endeavours to amend and/or enter into such Access Agreements as may be necessary or desirable from time to time to obtain the timetable development rights that it requires to secure a Timetable that enables it to operate railway passenger services that comply with the Train Service Requirement or such service amendments as may be agreed by the Secretary of State and Network Rail, pursuant to paragraph 8 and otherwise comply with its obligations under the National Rail Contract (including under paragraph 6 of this Chapter 4.1).
- 4.2 Subject to the remaining provisions of this paragraph 4, the Operator shall exercise its Timetable Development Rights so as to secure a Timetable that enables it to operate railway passenger services that comply with the Train Service Requirement and paragraph 6 of this Chapter 4.1 in accordance with its obligations under paragraph 9 of this Chapter 4.1.
- 4.3 The Operator shall work with Network Rail, for the purposes of securing a Timetable that complies with the Train Service Requirement. In so doing the Operator may, in such a manner as can be reasonably considered appropriate in the circumstances, exercise its rights under the Track Access Agreement (including the Network Code) to object, to make representations and to withhold consent in respect of any actual or proposed act or omission by Network Rail in relation to such agreement in respect of its Timetable Development Rights, and shall inform the Secretary of State of the circumstances providing any supporting evidence from Network Rail.
- 4.4 If the Secretary of State does not consider that the Operator has taken sufficient steps under paragraph 4.3, the Secretary of State may require the Operator to exercise its rights in such manner as the Secretary of State considers appropriate in the circumstances, including:
- (a) disputing any actual or proposed act or omission by Network Rail in respect of any Timetable Development Rights; and
 - (b) submitting such dispute to any relevant dispute resolution arrangements or procedures and appealing against any award or determination under such arrangements or procedures, including to the ORR.
- 4.5 Subject to the Operator complying with its obligations under paragraph 4.3 above, it shall not be liable for any failure to secure a Timetable that enables the Operator to operate railway passenger services that comply with the Train Service Requirement and paragraph 6 of this Chapter 4.1, to the extent that such failure is caused by:
- (a) the Operator's Timetable Development Rights being inadequate to enable it to secure the requisite Train Slots, provided that the Operator has exercised all reasonable endeavours to obtain the requisite Timetable Development Rights in accordance with paragraph 4.1 above;
 - (b) Network Rail exercising its flexing rights from time to time under the Track Access Agreement or the Network Code in respect of such Train Slots;
 - (c) Network Rail exercising its other rights from time to time under the Track Access Agreement or the Network Code; or
 - (d) the exercise by the ORR of its powers pursuant to section 22C of the Act.
- 4.6 **TDR Amendments**

- (a) If and to the extent that the Operator is not able to secure a Timetable that enables it to operate railway passenger services that comply with the Train Service Requirement as a result of it not being able to obtain the Timetable Development Rights that it requires for that purpose, the Secretary of State shall (subject to paragraphs 4.6(b) and 4.6(c) below) issue to the Operator amendments to the Train Service Requirement (“**TDR Amendment**”). The amendments to the Train Service Requirement contained in the TDR Amendment shall be those that the Secretary of State considers necessary for the purposes of enabling the Operator to secure a Timetable that is compliant with the Train Service Requirement by exercise of the Timetable Development Rights that the Operator does have.
- (b) The Secretary of State shall have a discretion as to whether or not to issue a TDR Amendment in circumstances where the Operator:
- (i) has failed to exercise all reasonable endeavours to obtain the requisite Timetable Development Rights in accordance with paragraph 4.1; and
 - (ii) is not relieved by paragraph 4.5 above from liability for such failure to secure a Timetable that enables the Operator to operate railway passenger services that comply with the Train Service Requirement.
- (c) The Operator shall not be relieved from its obligations to obtain a Timetable that enables the Operator to operate the Train Service Requirement by the issue of any TDR Amendment where the Secretary of State considers that such failure to secure a Timetable that enables the Operator to operate the Train Service Requirement is partly due to the default of the Operator in not properly complying with its obligations under this Contract in relation to securing timetable development rights. Accordingly any TDR Amendment may be drafted so that it does not relieve the Operator of the obligation to comply with the Train Service Requirement to the extent that the Secretary of State determines that the failure is due to such default of the Operator and the Operator may therefore be in contravention of this Contract.
- 4.7 Following issue of any TDR Amendment pursuant to paragraph 4.6 the Operator shall, unless otherwise agreed by the Secretary of State, continue to use all reasonable endeavours to amend and/or enter into such Access Agreements as may be necessary or desirable from time to time to obtain the timetable development rights that it requires to secure a Timetable that enables it to operate railway passenger services that comply with the Train Service Requirement without such TDR Amendment.
- 4.8 Any TDR Amendment issued pursuant to paragraph 4.6 shall:
- (a) unless otherwise required by the Secretary of State, cease to have effect on the date (if any) on which the first Timetable comes into effect after the Operator has obtained the Timetable Development Rights to secure a Timetable that enables it to operate railway passenger services that comply with the Train Service Requirement without any such TDR Amendment; and
 - (b) amount to a Financial Target Amendment Event (as applicable), a Cost Budget Change Event and an Operational Performance Target Amendment Event but if such TDR Amendment has been issued in consequence of Network Rail exercising the rights referred to in paragraphs 4.5(b) or 4.5(c) there shall be no Trigger Event.
- 4.9 With effect from the date on which any TDR Amendment ceases to have effect in accordance with paragraph 4.8:
- (a) the Train Service Requirement without such TDR Amendment shall thereafter apply; and
 - (b) where a TDR Amendment resulted in a Trigger Event pursuant to paragraph 4.8 (b), the cessation of such TDR Amendment shall be further Financial Target Amendment Event (as applicable), a Cost Budget Change Event and an Operational Performance Target Amendment Event.

5. **Certification and Notification by Operator of Exercising Timetable Development Rights**

- 5.1 Before exercising any Timetable Development Right to bid for Train Slots, the Operator shall provide a certificate addressed to the Secretary of State and signed by a statutory director of the Operator confirming that its proposed exercise of that Timetable Development Right will be compliant with its obligation specified in paragraph 4.2.
- 5.2 The Operator shall also provide a statement of the agreed approach with, and response from, the “*Industry Timetable Change Assurance Programme Management Office*” (or any similar independently minded timetable improvement and assurance cooperative function, as may be identified by the Secretary of State).
- 5.3 If requested by the Secretary of State, the Operator agrees to demonstrate to the satisfaction of the Secretary of State that the Operator’s certificate referred to in paragraph 5.1 is a true and accurate confirmation of compliance with its obligation specified in paragraph 4.2.
- 5.4 The Operator shall:
- (a) keep the Secretary of State fully informed of any discussions with Network Rail in relation to the matters referred to in this Chapter 4.1 which may, in the reasonable opinion of the Operator, have a material impact on the ability of the Operator to deliver the Train Service Requirement or meet the requirements of paragraph 6 of this Chapter 4.1 through the Timetable and shall, if required to do so by the Secretary of State, supply copies of any related correspondence to the Secretary of State; and
 - (b) update any notification under this paragraph 5.4 and/or certification under paragraph 5.1 as soon as practicable, if at any time it elects or is required to modify any aspect of its exercise of its Timetable Development Rights following Network Rail’s proposed or actual rejection or modification of its bid or any part of it or for any other reason.

6. **Planning to meet Target Passenger Demand**

6.1 **Capacity and Timetable Planning**

- (a) The Operator shall use all reasonable endeavours to provide for Passenger Carrying Capacity on each Passenger Service that meets as a minimum the Target Passenger Demand for that Passenger Service.
- (b) The Operator shall use all reasonable endeavours to provide passengers with a reasonable expectation of a seat:
 - (i) on boarding any Off-Peak Passenger Service; and
 - (ii) twenty (20) minutes after boarding (or such other time period as the Secretary of State may stipulate) on any Peak Passenger Service.

6.2 **Allocation of rolling stock where Operator unable to meet the capacity requirements**

If at the time it prepares its Timetable and/or Train Formation Capacity Plan, having exercised all reasonable endeavours, the Operator is unable to prepare a Timetable and/or Train Formation Capacity Plan having the Passenger Carrying Capacity and/or meeting the reasonable expectations referred to in paragraphs 6.1(a) and 6.1(b), then the Timetable and/or the Train Formation Capacity Plan shall specify the best allocation of Passenger Services and rolling stock vehicles to Passenger Services that is practicable with a view to:

- (a) minimising, so far as is possible, the amount by which Target Passenger Demand exceeds the provision of Passenger Carrying Capacity on the affected Passenger Services;
- (b) ensuring, so far as is possible, that such excess is not unduly concentrated on any particular Route or Passenger Service; and
- (c) minimising, so far as is possible, the extent to which passengers are required to stand:

- (i) on boarding any Off-Peak Passenger Service; and
- (ii) twenty (20) minutes after boarding (or such other time period as the Secretary of State may stipulate) on any Peak Passenger Service.

6.3 Preparation of Timetable and Train Formation Capacity Plan

- (a) Subject to paragraph 6.3(b), the Operator shall in preparing its Timetable and its Train Formation Capacity Plan take full and proper account of its calculation of Forecast Passenger Demand and use all reasonable endeavours to ensure that the Train Fleet is deployed in an optimal manner for the purposes of complying with its obligations under paragraphs 6.1 and 6.2 above.
- (b) The Operator shall in preparing its Timetable and Train Formation Capacity Plan deploy the entire Train Fleet (excluding reasonable planning requirements for the allocation of Hot Standbys or other rolling stock vehicles to be out of service due to maintenance requirements, Mandatory Modifications or any other reason agreed with the Secretary of State (such agreement not to be unreasonably withheld or delayed)) in delivering the Passenger Services at all such times where such deployment of the entire Train Fleet is reasonably required to meet the Operator's obligations pursuant to paragraphs 6.1 and 6.2 above.

6.4 Finalising the Train Formation Capacity Plan

- (a) The Operator shall submit its proposed Train Formation Capacity Plan to the Secretary of State as soon as practicable after Network Rail has issued the Timetable on which the Train Formation Capacity Plan is to be based.
- (b) The Operator shall submit its final Train Formation Capacity Plan to the Secretary of State prior to the commencement of the Timetable to which it relates.
- (c) The Train Formation Capacity Plan shall be certified by a statutory director of the Operator as being true and accurate and including the minimum capacity specified in the Train Service Requirement.
- (d) The Operator shall provide to the Secretary of State in a timely manner such rolling stock diagrams as the Secretary of State may request from time to time.

7. Restrictions Relating to Rail Services

- 7.1 In preparing its Timetable, the Operator shall not without the prior written consent of the Secretary of State plan to operate Passenger Services other than those required to deliver the Train Service Requirement (including as amended by any TDR Amendment).
- 7.2 The Secretary of State may impose such conditions to the Secretary of State's consent as the Secretary of State considers appropriate for the purpose of securing the continuity of the provision of the Rail Services at the end of the Contract Term.

8. Development of Proposals for Passenger Service Enhancements

- 8.1 In delivering improvements to Passenger Services (which may include service decrements), the Operator shall co-operate with Network Rail, the Secretary of State and where appropriate, other operators to identify options (the "**Passenger Services Enhancement Options**").
- 8.2 The Passenger Services Enhancement Options shall:
 - (a) respond to changes in travel patterns and increases and decreases in demand;
 - (b) improve network performance;
 - (c) propose/take advantage of changes to the existing infrastructure;
 - (d) propose/take advantage of changes in rolling stock capability or reliability as a result of changes in the Train Fleet;
 - (e) improve overall industry cost efficiency and/or reduce in costs in relation to any or all parts of the railway network;

- (f) promote decarbonisation and other environmental improvements (in addition to the Secretary of State's goals and ambitions on decarbonisation for rolling stock as set out in the rolling stock part of the Business Plan);
 - (g) propose the reopening of disused, freight-only or new railway routes to passenger services; or
 - (h) support any government policy objective,
- including for this purpose any such options which arise after the expiry of the Contract Term.

Such amended or new Train Service Requirement will be issued prior to the commencement of the timetable development process of Network Rail for the Timetable in respect of which it is proposed to implement the change to Passenger Services arising from the amended or new Train Service Requirement.
- 8.5 Where the Operator is required by the Secretary of State to produce a report pursuant to paragraph 8.6, the Operator shall undertake a feasibility study for the purposes of identifying options for delivering enhanced Passenger Services on Routes where such improvements can be delivered, including by:
- (a) implementing changes to the existing infrastructure;
 - (b) improving rolling stock capability or reliability including through the modification of rolling stock or employing efficient maintenance arrangements; and/or

- 8.6 At the request of the Secretary of State, the Operator shall submit to the Secretary of State within the timescales specified in any such request (or such other timescales as may be agreed by the Secretary of State and the Operator) a report which sets out the outcomes of the feasibility study undertaken pursuant to paragraph 8.5.
- 9. Procedural Arrangements and Timescales**
- 9.1 The Operator agrees that the effective operation of the provisions of this Chapter 4.1 (and of provisions addressing the same or similar matters in other franchise agreements) will require certain procedural arrangements and timescales to be followed to a common timescale by the Secretary of State, the Operator, Network Rail and others.
- 9.2 The Operator agrees that the Secretary of State may stipulate any reasonable procedural arrangements and timescales that are to be followed by the Secretary of State and the Operator for these purposes (which shall be consistent with any relevant standard railway industry processes for the development of the Timetable and the resultant Train Formation Capacity Plan) and that the Secretary of State may amend any such stipulation from time to time.
- 9.3 The Secretary of State agrees to consult the Operator as far as practicable prior to stipulating or amending any such procedural arrangements and timescales in accordance with paragraph 9.2.

- 10. Obligations in relation to other Train Operators**
- 10.1 Subject to the terms of the Licences and any applicable Law, the Operator shall co-operate with other Train Operators in respect of their timetable development rights where such other Train Operators provide railway passenger services meeting common or displaced passenger demand, with a view to ensuring that:
- (a) the levels of overcrowding over the Routes or other relevant routes are minimised and not unduly concentrated on particular railway passenger services, Routes or other relevant routes;
- (b) the stopping patterns of such railway passenger services are placed at approximately evenly-spaced intervals throughout each relevant hour, taking into account the reasonable needs of passengers and the different types of railway passenger services provided by other Train Operators and the Operator; and
- (c) a reasonable pattern of railway passenger service is provided on the relevant route(s) to enable passengers to make Connections (particularly where low frequency railway passenger services are operated, first trains or last trains are involved, taking account of seasonal fluctuations in passenger demand and the time needed to make any such Connection).
- 11. Provisions relating to Access Agreements and Property Leases**
- 11.1 Where the Secretary of State considers it requisite for the purposes of better securing the delivery of railway passenger services under this Contract, or any other franchise agreement, or for the better achievement by the Secretary of State of any of the Secretary of State's duties, functions and powers in relation to railways, the Secretary of State may require the Operator:

- 11.4 If and to the extent that:
- (a) the Secretary of State exercises the Secretary of State's rights pursuant to paragraph 11.1;

(b) the Operator's compliance with the Secretary of State's requirements pursuant to paragraph 11.1 would lead to the unavoidable consequence of the Operator contravening any other terms of the National Rail Contract or the occurrence of an Event of Default; and

(c) the Operator duly complies with such requirements,

no such contravention of the National Rail Contract or Event of Default shall have occurred.

12. The Timetable and Network Rail's Working Timetable

12.1 Any specification of Passenger Services in the Train Service Requirement shall (unless the Secretary of State states to the contrary) be regarded as relating to how those Passenger Services are to be provided for in the National Rail Timetable that Network Rail publishes for passengers.

12.2 The Operator shall ensure, for each period between two (2) consecutive Passenger Change Dates during the Contract Term that the Timetable for such period is, in its reasonable opinion, not materially different from the relevant working timetable issued by Network Rail.

13. Subcontracting any Passenger Services

13.1 Subject to paragraph 13.2, the Operator may not subcontract or delegate the provision of the Passenger Services without the prior Approval of the Secretary of State.

13.2 The Operator may subcontract or delegate the provision of the Passenger Services, provided that:

(a) the Secretary of State receives prior written notice of any such subcontracting or delegation;

(b) the Operator continues to be party to all Access Agreements and Property Leases necessary to provide such Passenger Services and to enjoy all relevant access and operational rights thereunder;

(c) the Operator continues to specify and control the terms and conditions (subject to the requirements of the Inter-Operator Schemes) on which such Passenger Services are to be provided, including the determination of the Price or Child Price (as the case may be) of any Fares;

(d) the Planned Train Mileage of the Passenger Services so delegated or subcontracted does not exceed five per cent (5%) of the Planned Train Mileage of the Operator in any Reporting Period; and

(e) the Operator continues to perform its obligations under this Chapter 4.1 in respect of any subcontracted or delegated services.

13.3 Any such subcontracting or delegation shall not relieve the Operator from any of its obligations under the National Rail Contract, including its obligations under this paragraph 13 and any other obligations under the National Rail Contract.

14. Boxing Day Services

14.1 At least six (6) months prior to each of the Passenger Change Dates occurring in December 2023 and December 2027, the Operator shall:

(a) consult with passengers, user groups, Network Rail, other train operators licensed under the Act and who operate along the affected Routes and other relevant Stakeholders on the potential demand for passenger services on 26 December in each Contract Year ("**Boxing Day Services**"); and

(b) prepare and submit a report to the Secretary of State which sets out its proposals for operating Boxing Day Services which are additional to those Passenger Services to be operated by the Operator on 26 December in each Contract Year pursuant to the relevant Train Service Requirement (the "**Additional Boxing Day Services**"). Such report shall include:

- (i) the Operator's view on whether or not the operation of the Additional Boxing Day Services will be commercially viable;
 - (ii) the anticipated impact on Actual Costs and/or Actual Revenue (if any) if the Secretary of State (at the Secretary of State's discretion) elects to vary the Train Service Requirement in accordance with paragraph 8.4 of this Chapter 4.1 to require the provision of the Additional Boxing Day Services.
- 14.2 Following the submission of the report required pursuant to paragraph 14.1(b) the Operator shall:
 - (a) promptly respond to the Secretary of State's queries in relation to such report (including the provision of such assistance as the Secretary of State may require in connection with the verification of any information contained in such report); and

- 14.3 The Operator shall have due regard to the outcomes and findings of the consultation referred to in paragraph 14.1(b) in proposing on which Routes the Additional Boxing Day Services should operate if the Secretary of State (at the Secretary of State's discretion) elects to vary the Train Service Requirement to require the provision of the Additional Boxing Day Services.
- 15. **Passenger Numbers Information**
- 15.1 The Operator shall provide information to the Secretary of State on the extent of the use by passengers of the Passenger Services twice yearly or as otherwise requested by the Secretary of State. Without limitation to the generality of the foregoing, in particular and when so requested, the Operator shall provide information relating to:

 - (ii) on each Route; and/or
 - (iii) at any station or between any stations;
 - (b) the times of the day, week or year at which passengers travel; and
 - (c) the Actual Consist Data and the Scheduled Consist Data,

(the information referred to in the whole of paragraph 15.1 being referred to together as "**Actual Passenger Demand**").
- 15.2 The Operator shall obtain and collate the information specified in paragraph 15.1 by using the technology specified in paragraph 17. The Operator shall ensure that any technology for determining the number of passengers travelling in each class of accommodation that is fitted on the Train Fleet remains operational and in good working order from the date that it is fitted throughout the Contract Period. The Operator shall also ensure that, if such technology is not fitted to one hundred per cent (100%) of the Train Fleet, the individual rolling stock vehicles that have been fitted with such technology shall be rotated around the Routes as necessary to satisfy such request for data as is made by the Secretary of State pursuant to paragraph 15.1. The Secretary of State shall have the right to obtain such other information that the Operator has, ought properly to have or could reasonably obtain which may provide a more detailed or accurate view of the extent of use by passengers of the Passenger Services including information about ingress and egress of passengers at ticket gates at Stations.
- 15.3 The Operator shall provide to the Secretary of State all of the information generated by the technology specified in paragraph 17 and/or by using manual counts pursuant to paragraph 16 including the information specified in paragraph 15.1:
 - (a) promptly following its collation and in any case within the following timescales:
 - (i) in the case of data collected automatically by the Count Equipment and capable of being transmitted directly and automatically to the RPC Database, within forty-eight (48) hours of its collation;

- (ii) in the case of data collected automatically by the Count Equipment but not capable of direct and automatic transmission to the RPC Database, within one (1) calendar month of its collation; and
 - (iii) in the case of data collected by manual count, within one (1) calendar month of its collation;
- (b) using such systems, in such a format and to such level of disaggregation as the Secretary of State may require, and in a format which is capable of being read by the RPC Database (which shall include providing data which is not encrypted);
 - (c) either by transmitting such data directly to the RPC Database or by ensuring that the database provider can pull and transmit such data to the RPC Database, as appropriate according to the nature of the Operator's Count Equipment from time to time or by providing such data to the Secretary of State by such other means as the Secretary of State notifies to the Operator from time to time; and
 - (d) to the extent required by the Secretary of State, by providing the Secretary of State with direct remote access to the system used by the Operator to collect such information such that the Secretary of State is able to download such information, and such information may be used by the Secretary of State for such purposes as the Secretary of State may require including for the purposes of assisting the Secretary of State's decision making on train service requirements, infrastructure, station and rolling stock investment, the best use of the network and the alleviation of overcrowding.
- 15.4 The Operator shall use any flagging system contained within the RPC Database to highlight such events and occurrences as the Secretary of State may specify in writing from time to time.

16. Manual Passenger Counts

- 16.1 The Secretary of State shall have the right to require the Operator to carry out manual counts in relation to some or all of the Passenger Services at such times as may be required and in such manner (including as to levels of accuracy and the number of days) as may be specified from time to time by the Secretary of State including if, exceptionally, the Operator is unable to comply with its obligations to provide data generated by the technology specified in paragraph 17.
- 16.2 The Secretary of State shall be entitled to audit such counts (whether by specimen checks at the time of such counts, verification of proper compliance with the manner approved by the Secretary of State or otherwise). In the event that such audit reveals, in the opinion of the Secretary of State, a material error, or a reasonable likelihood of material error, in such counts, the Secretary of State may require the counts to be repeated or the results adjusted as the Secretary of State considers appropriate, and in these circumstances the Operator shall pay to the Secretary of State the costs of any such audits (and such payment shall be a Disallowable Cost).
- ## **17. Technology for Obtaining the Information referred to in paragraph 15.2**
- 17.1 The technology to be used for the purpose of paragraph 15.2 shall be automated systems utilising an appropriate recognised technology such as camera, infrared, stereoscopic or spectroscopic counting technology, or loadweigh technology, unless advised otherwise by the Secretary of State.
- 17.2 The technology to be used for the purposes of paragraph 15.2 shall be fitted to:
- (a) in the case of any brand new rolling stock which is admitted to the Train Fleet, one hundred per cent (100%) of it from the date that such rolling stock is properly admitted; and
 - (b) in the case of all other rolling stock, by 15 October 2023, to every vehicle comprised within no less than thirty-five per cent (35%) of such rolling stock units included in the Train Fleet from time to time in aggregate.

- 17.3 Without limiting the Secretary of State’s rights under paragraph 15.1 of this Chapter 4.1, the technology specified in paragraph 17.1 above shall be used to provide counts in respect of, in any period of not less than twelve (12) weeks, at least two (2) of each of the Timetabled Services, and each count shall be carried out on each rolling stock unit comprising a particular train. The Operator may only use a method of extrapolation and use extrapolated data to provide a reliable estimate of a full train’s count with the Secretary of State’s prior Approval of the use of extrapolated data and the method of extrapolation. The Operator shall comply with its obligation under this paragraph 17 from the date(s) such rolling stock is incorporated into the Train Fleet.

- 17.4 The Parties acknowledge that the information supplied under paragraph 15.1 above, and any product of it created by the RPC Database, may constitute Confidential Information to which Chapter 9.6 (*Confidentiality and Data Protection*) applies.

Chapter 4.2

Operating Obligations

1. Daily Operating Obligations

The Operator agrees to use all reasonable endeavours to operate on each day of the Contract Term each of its Passenger Services as are set out in the Plan of the Day for that day and with at least the Passenger Carrying Capacity specified in the Train Formation Capacity Plan for that Passenger Service. The Operator shall notify the Secretary of State as soon as practicable if it has on any day of the Contract Term failed to operate to a material extent each of its Passenger Services as are set out in the Plan of the Day for that day and with at least the Passenger Carrying Capacity specified in the Train Formation Capacity Plan for that Passenger Service.

2. Timetabling and Train Planning Compliance Investigation and Contravention

2.1 The Secretary of State shall have the right, by serving notice on the Operator, to instigate an investigation of the Operator's compliance with its obligations of Chapter 4.1 (*Service Development*) regarding creation of the Timetable and Train Formation Capacity Plan, and paragraph 1 of this Chapter 4.2 (*Timetabling and Train Planning Compliance Investigation*).

2.2 Following the service of such a notice the Operator shall fully co-operate to facilitate such audit and provide such information as the Secretary of State may require for the purposes of determining if the Operator has complied with its obligations including evidence of:

- (a) the steps taken by the Operator regarding Access Agreements, and exercise of its rights under the Track Access Agreement;
- (b) the extent to which the Operator has operated on each day of the relevant Reporting Period each of its Passenger Services as are set out in the Plan of the Day for that day and with at least the Passenger Carrying Capacity specified in the Train Formation Capacity Plan for that Passenger Service;
- (c) the means of Forecast Passenger Demand calculation and assessment;
- (d) any assumptions about the timetables likely to be operated by other Train Operators made by the Operator; and
- (e) the alternative solutions considered by the Operator before finalising the Timetable and Train Formation Capacity Plan and the reasons why any such alternative solutions were not adopted.

2.3 The Secretary of State shall, upon conclusion of the Timetabling and Train Planning Compliance Investigation, provide a copy of the finalised report to the Operator.

2.4 The Secretary of State shall notify the Operator if the Secretary of State concludes the Operator is in contravention of the National Rail Contract and the Secretary of State may at the Secretary of State's discretion, and entirely without prejudice to the Secretary of State's other rights consequent upon the relevant contravention, serve a Remedial Plan Notice pursuant to paragraph 2 of Chapter 9.4.3 (*Procedure for remedying a Contravention of the National Rail Contract*).

3. Timetable changes proposed by Network Rail

3.1 The Operator agrees, after being notified by Network Rail that Network Rail has decided or proposes to exercise its rights under the Track Access Agreement (including the Network Code) to:

- (a) omit from the Plan of the Day Passenger Services that are included in the Timetable; or
- (b) reschedule in the Plan of the Day Passenger Services from their scheduling in the Timetable,

to maintain appropriate record (having regard to both duration and scale) in respect of any actual or proposed omission or rescheduling of Passenger Services by Network Rail.

- 3.2 To the extent that any such decision or proposal may, in the reasonable opinion of the Operator, materially (having regard to both duration and scale) prejudice the Operator's ability to deliver the Timetable with the Passenger Carrying Capacity stipulated in the Train Formation Capacity Plan the Operator shall (unless the Secretary of State specifically agrees otherwise), and in such a manner as can be reasonably considered appropriate in the circumstances, exercise its rights under the Track Access Agreement (including the Network Code) on a basis that seeks to limit the impact on the Operator whilst accommodating as far as possible the requirements of Network Rail.
- 3.3 The Operator agrees to supply to the Secretary of State from time to time, in the format required by the Secretary of State, such details of any actual or proposed omission or rescheduling of Passenger Services by Network Rail as the Secretary of State may require, including details of the steps which the Operator reasonably considered appropriate in the circumstances, to exercise its rights under the Track Access Agreement (including the Network Code) to reach agreement of the changes on a basis that seeks to limit the impact on the Operator whilst accommodating as far as possible the requirements of Network Rail.
- 3.4 The Operator shall explain in such submission the way in which, in its reasonable opinion, such omission or rescheduling may materially (having regard to both duration and scale) prejudice the Operator's ability to deliver the Timetable with the Passenger Carrying Capacity stipulated in the Train Formation Capacity Plan.
- 3.5 The provisions of this paragraph 3 shall apply to any actual or proposed omission or rescheduling of Passenger Services that originates from any person other than Network Rail or the Secretary of State, as those provisions apply to Network Rail.

 - (b) omission from the Plan of the Day of any Passenger Services included in the Timetable; or
 - (c) rescheduling in the Plan of the Day of any Passenger Services from their scheduling in the Timetable,
- without the Secretary of State's prior consent, and wherever possible, the prior agreement of Network Rail.
- 4.2 The Operator shall (with the exception of paragraph 4.3 of this this Chapter 4.2) submit to the Secretary of State an amended Train Formation Capacity Plan in respect of each Timetable change proposal.
- 4.3 Notwithstanding the provisions of paragraph 7 (*Restrictions Relating to Rail Services*) of Chapter 4.1 (*Service Development*), the Operator shall use all reasonable endeavours to operate adequate railway passenger services to or from any special events which are not already provided for in the Plan of the Day to meet the passenger demand that is reasonably likely to arise from such special events and to ensure that the railway passenger services provided have an appropriate amount of passenger carrying capacity. The Operator shall in meeting its obligations pursuant to this paragraph 4.3:
- (a) if so requested by the Secretary of State, each quarter, submit to the Secretary of State their list of identified special events to which the Operator shall consider application of this paragraph 4.3 (the list is not exhaustive and does not obligate the Operator to amend the Plan of the Day);
 - (b) consider amending the Plan of the Day through the omission, addition or rescheduling of Passenger Services;
 - (c) consider submitting to the Secretary of State an amended Train Formation Capacity Plan in respect of each special event where to apply the current Train Formation

Capacity Plan will have an avoidable detrimental effect to the Short Formations Figures; and

- (d) seek to optimise the effective delivery of the Passenger Services as a whole with the provision of appropriate capacity in the context of the additional demand consequent upon a relevant special event.

5. Timetable changes and Train Formation Capacity Plan changes requested by the Secretary of State

5.1 The Operator agrees, as and when requested by the Secretary of State, to use all reasonable endeavours to seek and to obtain:

- (a) the addition to the Plan of the Day of any railway passenger services that are not included in the Timetable;

- (b) co-operate with Network Rail and other Train Operators to act in the overall interests of passengers using such railway passenger services, including using all reasonable endeavours to ensure that such disruption is not concentrated on a particular part of the network, except where such concentration either:
 - (i) would be in the overall interests of passengers using such Passenger Services or railway passenger services and would not result in disproportionate inconvenience to any group of passengers; or
 - (ii) is reasonably necessary as a result of the cause or the location of the disruption; and
- (c) use all reasonable endeavours to provide or secure the provision of alternative transport arrangements in accordance with paragraph 6.2.

6.2 The Operator shall use all reasonable endeavours to provide or secure the provision of alternative transport arrangements to enable passengers affected by any disruption referred to in paragraph 6.1 to complete their intended journeys in accordance with this paragraph 6.2. In particular, the Operator shall use all reasonable endeavours to:

- (a) ensure that such alternative transport arrangements are of reasonable quality, of a reasonably similar frequency to the Passenger Services included in the Timetable which such arrangements replace and fit for the purpose of the journey to be undertaken;
- (b) transport passengers to, or as near as practicable to, the end of their intended journey on such Passenger Services, having particular regard to the needs of any Disabled Persons and, where appropriate, making additional arrangements for such Disabled Persons to complete their intended journey;

- (c) provide adequate and prominent publicity of such alternative transport arrangements in advance, subject, in the case of unplanned disruption, to the Operator having sufficient notice of such disruption to enable it to provide such publicity;
- (d) provide sufficient alternative transport capacity for the reasonably foreseeable demand for the disrupted Passenger Services; and
- (e) ensure, if any planned disruption overruns, that there is a reasonable contingency arrangement for such alternative transport arrangements to continue for the duration of such overrun.

7. **Obligation to use “all reasonable endeavours” under Chapter 4.2**

- (h) the impact, and emerging projections relating to the likely or potential impact, from time to time, of COVID-19 on the Operator’s ability to provide the Passenger Services and/or the level of passenger demand or reasonably expected passenger demand for the Passenger Services.

7.3 For the purpose of taking measures in respect of any disruption to the Rail Services in accordance with paragraph 7.1(b) and assessing the extent of any risk referred to in paragraph 7.1(b) and any such risk’s reasonable foreseeability, regard shall be had both:

- (a) to the historical levels of incidence of disruption in the operation of:
 - (i) the Rail Services;
 - (ii) similar services both by the Operator and/or its predecessors; and
 - (iii) other services of a type similar to the Rail Services; and

- (b) to potential changes in circumstances which may affect those levels.
- 7.4 To the extent not already provided for in the National Rail Contract, the Operator shall use all reasonable endeavours to ensure the performance by Network Rail of its obligations under any relevant agreement including, where appropriate or where requested by the Secretary of State, enforcing its rights against Network Rail under any such agreement.

undertaking any of the calculations required to be performed by the Secretary of State pursuant to this Chapter 4.4 .

3. TOC on Self Cancellation Calculation

3.1 For each Reporting Period during the Contract Term the Secretary of State shall:

- (a) calculate the Operator’s performance in relation to TOC on Self Cancellations in accordance with the formula set out in Table 1 below (each an “**Initial TOC on Self Cancellations Calculation**”); and
- (b) (other than for the first (1st) and second (2nd) Reporting Periods following the Start Date) re-calculate the Operator’s performance in relation to TOC on Self Cancellations for the two (2) Reporting Periods immediately preceding the relevant Reporting Period using the formula set out in Table 1 below (each a “**TOC on Self Cancellations Re-Calculation**”), except that
- (c) if there are outstanding claims with regard to any Force Majeure Event relating to TOC on Self Cancellations for any Reporting Period then a further TOC on Self Cancellations Re-Calculation shall be undertaken for the relevant Reporting Period once the relevant claims have been resolved.

3.2 In the event that a TOC on Self Cancellations Re-Calculation demonstrates that the Initial TOC on Self Cancellations Calculation or an earlier TOC on Self Cancellations Re-Calculation was incorrect, the Initial TOC on Self Cancellations Calculation and/or the relevant earlier TOC on Self Cancellations Re-Calculation shall, for the relevant Reporting Period, be replaced with the latest TOC on Self Cancellations Re-Calculation.

Table 1		
A	=	$\frac{B}{C} \times 100$
where:		
	B	is the total number of Cancellations or Partial Cancellations of Passenger Services scheduled to be operated in the Enforcement Plan of the Day for that Reporting Period, on the basis that: <ul style="list-style-type: none"> (a) a Cancellation shall count as 1; (b) a Partial Cancellation shall count as 0.5; and (c) any Cancellations or Partial Cancellations during that Reporting Period which were caused by the occurrence or continuing effect of a Force Majeure Event, shall, if the Operator has complied with paragraph 7 (<i>Service Recovery Plans and Force Majeure</i>) of this Chapter 4.4, be disregarded in determining such total number of Cancellations and Partial Cancellations;
	C	is the total number of Passenger Services scheduled to be operated in the Enforcement Plan of the Day for that Reporting Period, disregarding, if the Operator has complied with paragraph 7 (<i>Service Recovery Plans and Force Majeure</i>) of this Chapter 4.4, any Cancellations or Partial Cancellations during that Reporting Period which were caused by the occurrence or continuing effect of a Force Majeure Event.

4. TOC Minutes Delay Calculations

4.1 For each Reporting Period during the Contract Term the Secretary of State shall:

- (a) calculate the Operator’s performance in relation to TOC Minutes Delay in accordance with the formula set out in Table 2 below (each an “**Initial TOC Minutes Delay Calculation**”); and

- (b) (other than for the first (1st) and second (2nd) Reporting Periods following the Start Date) re-calculate the Operator’s performance in relation to TOC Minutes Delay for the two (2) Reporting Periods immediately preceding the relevant Reporting Period using the formula set out in Table 2 below (each a “**TOC Minutes Delay Re-Calculation**”), except that:
 - (c) if there are outstanding claims with regard to any Force Majeure Event relating to TOC Minutes Delay for any Reporting Period then a further TOC Minutes Delay Re-Calculation shall be undertaken for the relevant Reporting Period once relevant claims have been resolved.
- 4.2 In the event that a TOC Minutes Delay Re-Calculation demonstrates that the Initial TOC Minutes Delay Calculation or an earlier TOC Minutes Delay Re-Calculation was incorrect, the Initial TOC Minutes Delay Calculation and/or the relevant earlier TOC Minutes Delay Re-Calculation shall, for the relevant Reporting Period, be replaced with the latest TOC Minutes Delay Re-Calculation.

- (b) (other than for the first (1st) and second (2nd) Reporting Periods following the Start Date), re-calculate the Operator’s performance in relation to Short Formations (and, if applicable, re-calculate the Operator’s performance in respect of Short Formations against the OP Target for Short Formations) for the two (2) Reporting Periods immediately preceding the relevant Reporting Period using the formula set out in Table 3 below (each a “**Short Formations Re-Calculation**”), except that
- (c) if there are outstanding claims with regard to any Force Majeure Event relating to Short Formations for any Reporting Period then a further Short Formations Re-Calculation shall be undertaken for the relevant Reporting Period once the relevant claims have been resolved.

5.2 In the event that a Short Formations Re-Calculation demonstrates that the Initial Short Formations Calculation or an earlier Short Formations Re-Calculation was incorrect, the Initial Short Formations Calculation and/or the relevant earlier Short Formations Re-Calculation shall, for the relevant Reporting Period, be replaced with the latest Short Formations Re-Calculation.

Table 3		
A^{SF}	=	

		$\frac{B_{SF}}{C_{SF}} \times 100$
where:		
B_{SF}	is the total number of Short Formation Passenger Services in that Reporting Period operated with less Passenger Carrying Capacity than that specified for such Short Formation Passenger Services in the Train Formation Capacity Plan disregarding, if the Operator has complied with paragraph 7 (<i>Service Recovery Plans and Force Majeure</i>) of this Chapter 4.4, any such Short Formation Passenger Services which were operated in that way as a result of the occurrence or continuing effect of a Force Majeure Event; and	
C_{SF}	is the total number of Short Formation Passenger Services scheduled to be operated in that Reporting Period disregarding, if the Operator has complied with paragraph 7 (<i>Service Recovery Plans and Force Majeure</i>) of this Chapter 4.4, any such Short Formation Passenger Service operated with less Passenger Carrying Capacity than that specified for such Short Formation Passenger Services in the Train Formation Capacity Plan as a result of the occurrence or continuing effect of a Force Majeure Event.	

5.3 For the purposes of the calculation to be undertaken by the Secretary of State pursuant to paragraph 5.1:

- (a) if and to the extent that any Short Formation Passenger Services are operated in excess of the Passenger Carrying Capacity specified for such Short Formation Passenger Service in the Train Formation Capacity Plan, the excess capacity shall be disregarded; and
- (b) any Short Formation Passenger Service that are the subject of a Cancellation or a Partial Cancellation shall be disregarded.

6. Calculations

6.1 The Secretary of State shall perform the calculations referred to in paragraphs 3.1, 4.1 and 5.1 rounded to two (2) decimal places with the midpoint (that is, 11.115) rounded upwards (that is, 11.12).

7. Service Recovery Plans and Force Majeure

7.1 Subject to paragraphs 8.1 and 8.2(b)(i) (*Obligations relating to operating performance management*) of Chapter 4.2 (*Operating Obligations*), the Operator shall create and implement such Service Recovery Plan(s) as may be agreed by Network Rail from time to time (as more particularly described in the “Approved Code of Practice 2013” or any document of a similar equivalent nature) during a Reporting Period.

7.2 The Parties acknowledge that the relevant Enforcement Benchmarks and the relevant OP Targets shall be deemed to be inclusive of the implementation of any Service Recovery Plans as may be agreed from time to time in accordance with paragraph 7.1 above.

- 8.2 Without limiting the provisions of paragraph 8.4 below and Chapter 7.2 (*Performance Based Fee*), if in any Reporting Period the Operator’s performance, as calculated by the Secretary of State in accordance with the requirements of this Chapter 4.4, is **equal to or worse than** any Breach Performance Level relating to an Enforcement Benchmark in respect of the relevant Contract Year, then a contravention of the National Rail Contract shall occur and the Secretary of State may serve a Remedial Plan Notice in accordance with the provisions of paragraph 2 (*Remedies for Contraventions of the Rail Contract*) of Chapter 9.4.3 (*Procedure for remedying a Contravention of the National Rail Contract*).
- 8.3 For the purposes of paragraph 4.2(c) (*Remedial Plans*) of Chapter 9.4.3 (*Procedure for remedying a Contravention of the National Rail Contract*) the steps to be proposed by the Operator pursuant to that paragraph are those which ensure that the Operator’s performance against the relevant Enforcement Benchmark will be **better than** the Breach Performance Level relating to such Enforcement Benchmark.
- 8.4 Certain consequences of the Operator’s performance being **equal to or worse than** the Breach Performance Levels and Default Performance Levels relating to each Enforcement Benchmark are set out in Chapter 9.4 (*Remedies and Dispute Resolution*).

9. Consequences for Poor Performance.

Table 4

F: G	
where:	
F	is the total number of Undisputed Cancellations and/or Undisputed Partial Cancellations from the twelve (12) preceding Reporting Periods including any Disputed Cancellations or Disputed Partial Cancellations which were resolved or determined (and attributed to the Operator) during such twelve (12) preceding Reporting Periods; and
G	is the total number of Undisputed Network Rail Cancellations and/or Undisputed Network Rail Partial Cancellations from the twelve (12) preceding Reporting Periods including any Disputed Cancellations or Disputed Partial Cancellations which were resolved or determined (and attributed to Network Rail) during such twelve (12) preceding Reporting Periods.

10.2 For so long as fewer than thirteen (13) Reporting Periods have elapsed following the Start Date, the Secretary of State shall, for the purposes of allocating Disputed Cancellations and/or Disputed Partial Cancellations between the Operator and Network Rail in accordance with Table 4, assume performance at the Previous Performance Level in respect of the relevant Reporting Periods (up to a maximum of twelve (12) Reporting Periods) that precede the Start Date.

11. Allocation of Disputed Minutes Delay

11.1 Where the attribution of any Minutes Delay is in dispute between Network Rail and the Operator at the end of a Reporting Period the Secretary of State shall, subject to paragraph 11.2, for the purpose of performing the calculations referred to in paragraph 4.1 of this Chapter 4.4, allocate any disputed Minutes Delay between the Operator and Network Rail in the ratio of:

Table 5	
FF: GG	
where:	
FF	is the total number of undisputed Minutes Delay, in each case, from the twelve (12) preceding Reporting Periods that are attributable to the Operator including any disputed attributions which were resolved or determined (and attributed to the Operator) during such twelve (12) preceding Reporting Periods; and
GG	is the total number of undisputed Minutes Delay, in each case from the twelve (12) preceding Reporting Periods that are attributable to Network Rail including any disputed attributions which were resolved or determined (and attributed to Network Rail) during such twelve (12) preceding Reporting Periods.

11.2 For so long as fewer than thirteen (13) Reporting Periods have elapsed following the Start Date, the Secretary of State shall, for the purposes of allocating disputed Minutes Delay between the Operator and Network Rail in accordance with Table 5, assume performance at the Previous Performance Level in respect of the relevant Reporting Periods (up to a maximum of twelve (12) Reporting Periods) that precede the Start Date.

12. Operational Performance Information

12.1 The Operator shall provide to the Secretary of State the information specified in paragraph 12 (*Operational Performance Information*) to this Chapter 4.4 at the times specified herein and any additional information at such frequencies and in such form as the Secretary of State may

 - (ii) the actual costs incurred in operating, maintaining and renewing the infrastructure relevant for such Community Rail Route.

2.3 The Operator shall use all reasonable endeavours to develop and implement the Community Rail Partnership's initiatives in order to increase the use of the Passenger Services by non-users of the Passenger Services and tourists including, where appropriate, the development of and implementation of marketing strategies.

2.4 The Secretary of State may at any time, by proposing a Variation pursuant to paragraph 8 of Chapter 7.5 (*Variations, Changes and Amendments*) require the transfer of any Rail Services to another Train Operator in order to deliver either of the initiatives that were examined pursuant to paragraph 2.2(d).

2.5 The Operator shall become a member and shall continue to participate in the National Community Rail Steering Group.

- 2.6 Within one (1) month of the Start Date in respect of the first Contract Year and no later than three (3) months before the start of each subsequent Contract Year, the Operator shall provide to the Secretary of State a report (“**Community Rail Report**”) setting out the distribution of the CRP Amount in full amongst the Community Rail Partnerships identified in paragraphs 2.1 and 2.2.

- 2.8 The Operator shall within thirty (30) days of the commencement of each Contract Year, make the relevant payments totalling the CRP Amount to each of the Community Rail Partnerships identified in the Community Rail Report for that year. The Operator shall during each Contract Year make funding available to the Community Rail Partnerships for the sole purpose of funding projects proposed by the Community Rail Partnerships that support the delivery of the Community Rail Development Strategy, up to (but not exceeding) the value of the CRP Project Sum.
- 2.9 The Operator shall hold an annual conference for the Community Rail Partnerships’ officers and station adopters in conjunction with the Community Rail Network to encourage the spread of best practice and to communicate plans for service development. The first such conference shall be held within six (6) months of the Start Date.
- 2.10 The Operator shall devise and implement, in collaboration with the relevant Community Rail Partnership, a “**station adopters scheme**” under which members of the local community can “**adopt**” a local Station and engage in activities such as:

Chapter 5.3

Accessibility and Inclusivity

1. **Relationship with other obligations relating to Disabled Persons**
 - 1.1 The Operator acknowledges that its obligations in this Chapter 5.3 are in addition to and do not limit its obligations to comply with:
 - (a) the EA 2010 and any regulations imposed by it;
 - (b) any applicable condition(s) in any of its Licences (including in respect of Disabled Persons); and
 - (c) any other requirements of the National Rail Contract.
 - 1.2 This Chapter 5.3 sets out requirements for changes, improvements to and maintenance of stations to facilitate and maximise accessibility and use by Disabled Persons and those requiring assistance.
 - 1.3
 - (a) Subject to paragraph 1.3(c) below, it is acknowledged that the Operator is subject to obligations regarding accessibility under the terms of its Licences (including under the form of its Accessible Travel Policy as approved from time to time by the ORR in connection with the requirements of its Licences) (the “**Licence Accessibility Obligations**”).
 - (b) Where any matter included in this Chapter 5.3 is the subject of a Licence Accessibility Obligation, it is agreed that compliance with the Licence Accessibility Obligation shall take precedence over this Chapter 5.3 such that compliance with the Licence Accessibility Obligation shall be deemed to fulfil the obligation of the Operator in respect of that matter under this Chapter 5.3 and any failure by the Operator in respect of that matter shall be addressed under that Licence and not under the National Rail Contract.
 - (c) Paragraph 1.3(a) shall have no application to paragraph 3 (*Dealing with Claims relating to Stations*).
2. **Physical Alterations and Accessibility of Stations**
 - 2.1 Standards set out in the ‘Design Standards for Accessible Railways: Code of Practice’ or any successor regulatory document must be met whenever station infrastructure is installed, replaced or renewed. In respect of physical alteration works at stations to facilitate accessibility and use by Disabled Persons, it is acknowledged by the Operator that:
 - (a) there is limited funding available to the Secretary of State to assist Train Operators and/or franchise operators with the carrying out of those works;
 - (b) consequently, there is a need for such works to be carried out over a period of time to reflect the availability of funding, and for such works to be prioritised as identified through an accessibility (audit) data collection with the Operator responsible for designing and delivering this; and
 - (c) the Secretary of State’s Access for All programme of works of physical alterations at stations addresses these issues in a structured way.
 - 2.2 The Operator shall:
 - (a) co-operate with and assist the Secretary of State in the development and furtherance by the Secretary of State of the programme described in paragraph 2.1(c) by providing to the Secretary of State:
 - (i) information concerning the usage of Stations (including, where and to the extent practicable, usage of Stations by Disabled Persons); and

- (ii) following consultation with its Accessibility Panel, advice as to the most effective way in which accessibility for Disabled Persons could, in the Operator's reasonable opinion, be improved at Stations;
 - (b) co-operate reasonably with other Train Operators and/or Network Rail to seek to ensure that the needs of Disabled Persons are considered in any planned work on the Stations and, so far as practicable, co-ordinated with other work to be carried out at the Stations and/or other parts of the network; and
 - (c) use all reasonable endeavours to secure sources of grant funding (other than from itself or an Affiliate of the Operator) for improving accessibility for Disabled Persons at Stations (in addition to any funding secured through the Secretary of State pursuant to paragraph 2.5), including from Local Authorities, local development agencies and National Lottery funding. The Operator shall notify the Secretary of State of:
 - (i) any such additional funding which it secures; and
 - (ii) the terms on which such additional funding has been granted.
- 2.3 In participating in any multi-modal fares scheme, the Operator shall use all reasonable endeavours to secure, through the planning and development of such scheme, improvements in disabled access to the entrances of any relevant station, including within and in the immediate proximity of such station and shall not make physical access more difficult as a result of inappropriately designed and/or sited barriers or other physical changes required by the multi-modal scheme.
- 2.4 If, during the Contract Term:
- (a) the Operator has complied with its obligations in section 20(4) and section 20(9), as varied by paragraph 2(3) of Schedule 2 of the EA 2010 (to take such steps as are reasonable to provide a reasonable alternative method of making services at a Station accessible to a Disabled Person to avoid a Disabled Person being placed at a substantial disadvantage by a physical feature at a Station); and
 - (b) notwithstanding such compliance, the Operator reasonably considers it is still required to carry out or procure physical works of alteration at a Station in order to comply with the EA Requirements in respect of that Station, and, in so carrying out or procuring, would incur expenditure which it would not otherwise have an obligation to incur and which was not contemplated in the Cost Budget as most recently Placed in Escrow,
- the Operator may propose a Cost Budget Change in respect of the same.
- 2.5 If the Operator proposes a Cost Budget Change under paragraph 2.4, and demonstrates to the Secretary of State's satisfaction that the criteria in paragraph 2.4 have been satisfied, then a Cost Budget Change Event shall occur and the Operator shall deliver the relevant improvements so as to comply with the EA Requirements referred to in paragraph 2.4(b).
- 2.6 If and to the extent the Operator is required to pay any increased access charges as a result of additional expenditure required to be incurred by another station Facility Owner for the purpose of complying with the EA Requirements in respect of an Operator Access Station, provided that the Operator:
- (a) notifies the Secretary of State within seven (7) days of becoming aware of any proposal for the increase in such charges (or the works to which they relate); and
 - (b) complies with the Secretary of State's directions regarding the exercise of any rights the Operator may have in respect thereof,
- the imposition of the increased access charges shall be a Cost Budget Change Event and a Cost Financial Target Amendment Event or Profit Financial Target Amendment Event (as applicable).

3. Dealing with Claims relating to Stations

- 3.1 If the Operator receives notification of a claim under the EA 2010 in respect of any alleged non-compliance with the EA Requirements or otherwise in respect of any Station (an “**EA Claim**”) then the Operator shall:
- (a) notify the Secretary of State within seven (7) days of receiving notification of the EA Claim. The Operator shall at the same time notify the Secretary of State of any reasonable alternative methods of making services at the Station accessible to Disabled Persons that it has considered and/or put in place pursuant to section 20(4) and section 20(9), as varied by paragraph 2(3) of Schedule 2 of the EA 2010;
 - (b) if required by the Secretary of State, defend the EA Claim or any aspect of the EA Claim (which may include appealing the judgment). The Secretary of State shall, subject to paragraph 3.4, pay the Operator’s reasonable costs of:
 - (i) any defence or appeal required by the Secretary of State; and/or
 - (ii) compliance with the Secretary of State’s instructions in accordance with paragraph 3.1(c); and
 - (c) act in accordance with the instructions of the Secretary of State to defend the EA Claim (or any aspect of it) as required under paragraph 3.1(b) and shall not (without the prior consent of the Secretary of State) settle or enter into any compromise in relation to the EA Claim (or the relevant aspect of it), including by entering into mediation.
- 3.2 If, in the reasonable opinion of the Operator, it will be more cost effective to settle the EA Claim rather than act in accordance with the Secretary of State’s requirement under paragraph 3.1, it shall produce for the Secretary of State’s review and consent a settlement proposal, setting out the terms of the Operator’s proposals to make an offer to the Disabled Person making the EA Claim and its reasons for making such offer (the “**Settlement Proposal**”).
- 3.3 If the Secretary of State does not accept the Settlement Proposal and still requires the Operator to defend the EA Claim (or any aspect of it) then the Operator shall defend the EA Claim in accordance with paragraph 3.1.
- 3.4 If the Operator is required to defend an EA Claim where it has submitted a Settlement Proposal to the Secretary of State and an award is made in respect of the EA Claim in favour of the person bringing it which is higher than the figure set out in the Settlement Proposal, then, subject to paragraph 3.5 and Appendix 2 (*Disallowable Costs*) to Chapter 7.1 (*Contract Payments*), the Secretary of State shall pay to the Operator:
- (a) the total amount of such award; and
 - (b) the further reasonable costs incurred or payable by the Operator in defending the EA Claim, to the extent that such costs have not already been paid by the Secretary of State under paragraph 3.1(b).
- 3.5 The Secretary of State shall not have any obligation to make the payments described in paragraphs 3.1(b) or 3.4 where it is determined or, if no declaration or determination by the court on this point has been sought or made, the Secretary of State, in the Secretary of State’s opinion, considers that the Operator has not taken such steps as it is reasonable, in all the circumstances of the case, for it to take to provide a reasonable alternative method of making services at the Station accessible to Disabled Persons.
- ### 4. Specific additional obligations relating to Disabled Persons
- 4.1 To the extent the Operator did so prior to the Start Date, it shall continue to implement procedures necessary to:
- (a) record the making of reservations for seating accommodation and for spaces for wheelchairs and/or for the provision of assistance to, Disabled Persons which are made through the Passenger Assist (or whatever service may replace it from time to

time for the purposes of ORR's most recent guidance on the Accessible Travel Policies);

- (b) record whether such seating accommodation and/or assistance is actually provided, whether there has been a delay in providing such assistance at either departing, arrival or any interchange stations, and whether the journeys planned using Passenger Assist have been completed successfully (e.g. by surveying a representative sample of users); and
 - (c) provide the results of such records to the Secretary of State, and publish a summary of the data in its Customer Report(s) and on the relevant section of the Operator's website.
- 4.2 The Parties acknowledge that, under the terms of the Previous Agreement, the Operator has notified the Secretary of State of:
- (a) the extent to which it recorded the matters described in paragraphs 4.1(a) and 4.1(b) above (collectively referred to as the "**Seating and Assistance Provisions**"), as at the date of the notification; and
 - (b) if and to the extent to which it did not previously record any aspect of the Seating and Assistance Provisions, its assessment of the costs, practicalities and timescales involved in putting in place the necessary systems and processes to enable them to do so.
- 4.3 Following the Start Date:
- (a) if the Operator already records the Seating and Assistance Provisions, it shall continue to do so and shall provide the results of such records to the Secretary of State, and publish a summary of the data in its Customer Report(s) and on the relevant section of the Operator's website; and
 - (b) if the Operator does not record any aspect of the Seating and Assistance Provisions, then the Secretary of State may by a Business Plan Revision require the Operator to establish and implement the necessary systems and processes by such date as the Secretary of State may specify (having regard to any assessment provided by the Operator pursuant to paragraph 4.1 above), and with effect from such date, it shall record Seating and Assistance Provisions and shall provide the results of such records to the Secretary of State and publish a summary of the data in its Customer Report(s) and on the relevant section of the Operator's website.
- 4.4 The Operator shall promptly send to the Secretary of State a copy of:

 - (b) any reports that the Operator submits to ORR in connection with the effectiveness of, and satisfaction with, the Passenger Assist service.

- (a) the activities undertaken by the Operator to improve accessibility to the Rail Services;
 - (b) the approach that the Operator has taken to assessing the accessibility requirements of passengers pursuant to the requirements of the EA 2010, for example when making decisions about operations, design and service improvements; and
 - (c) the action(s) taken by the Operator to remedy any failure (whether identified by the Operator or ORR) to comply with the Operator's Accessible Travel Policy or any other

accessibility related obligation arising pursuant to its Licence Accessibility Obligations.

5.2 The Operator shall provide a copy of any report submitted to ORR pursuant to paragraph 5.1 to the Secretary of State within seven (7) Weekdays of it being submitted to ORR.

6. Accessibility Director and Accessibility Manager

6.1 As soon as practicable and by no later than three (3) Reporting Periods from the Start Date, the Operator shall nominate (to the extent that the Operator has not already done so):

- (a) a director to the board of directors of the Operator; and
- (b) an operational manager,

each with specific responsibility of ensuring the Operator complies with its obligations in connection with accessibility, including pursuant to its Accessible Travel Policy requirements.

6.2 The Operator shall ensure that such roles referred to in paragraph 6.1 are filled as soon as practicable after such roles become vacant throughout the Contract Term.

7. Accessibility Panel

7.1 The Operator shall:

- (a) consult the Accessibility Panel on operational and policy decisions that may have an impact on the needs of passengers with accessibility requirements;
- (b) develop the design of the Enhanced Disability Awareness Training referred to in paragraph 8 below, and the co-design of physical assets, electronic services and applications, and other services and facilities relating to accessibility as appropriate, in each case, actively engaging with the Accessibility Panel as may be appropriate; and

who have not received such training under the Previous Agreement.

(b) The Operator shall also ensure it delivers the Enhanced Disability Awareness Training to any Business Employees in customer facing roles and any staff with management responsibilities appointed following thirteen (13) Reporting Periods from the Start Date (excluding Business Employees in customer facing roles and any staff with management responsibilities appointed less than two (2) months prior to the Expiry Date if it is not practicable to deliver Enhanced Disability Awareness Training to such Business Employees or staff) as soon as practicable after their appointment.

(c) If at any time there is material change to the Enhanced Disability Awareness Training as compared to the relevant training provided previously to Business Employees in customer facing roles and staff with management responsibilities pursuant to this paragraph 8.1, the Operator shall use all reasonable endeavours to communicate the new and/or amended Enhanced Disability Awareness Training (including relevant materials) to the Business Employees in customer facing roles and staff with management responsibilities which had received the previous Enhanced Disability Awareness Training.

- (a) the ORR licensing regime requires the publication of certain documents (the "**Relevant Documents**") in accessible formats; and
 - (b) insofar as the obligation in paragraph 9.1 above applies to the Relevant Documents, enforcement action is within the remit of the ORR and accordingly a failure to comply with paragraph 9.1 in respect of the Relevant Documents shall not be treated as a contravention of this Contract (but the Operator nevertheless acknowledges that it will remedy any such failure, as soon as practicable and in accordance with any directions as may be given by the ORR).
- 10. Diversity Impact Assessments**
- 10.1 The Operator shall, from the Start Date and throughout the Contract Term, ensure that it conducts a diversity impact assessment on all projects and initiatives that will or may affect the interests of persons with protected characteristics (as defined under the EA 2010) carried out by the Operator (except where in the reasonable opinion of the Operator, the project or initiative is sufficiently completed such that a diversity impact assessment is not reasonably expected to materially influence the outcome of the project, in which case the requirement to conduct a diversity impact assessment in respect of that particular project shall not apply).

Chapter 5.5

Customer Experience Performance

Part 1: Service Quality Regime

1. Purpose

1.1 This Part 1 of Chapter 5.5 sets out the following:

- (a) Part A – Service Quality Management Process;
- (b) Part B – Inspections and Audits;
- (c) Part C – Calculation of Pass Rates and Calculations related to the Service Quality Regime;
- (d) Part D – Publication and Reporting Requirements; and
- (e) Part E – Remedies.

Part 1A - Service Quality Management Process

2. Service Quality Management

2.1 SQR Management System

- (a) The Operator shall put in place service quality management arrangements and processes (including the collection of relevant data) which shall (as a minimum):
 - (i) be capable of measuring and reporting the Operator's performance against each Service Quality Indicator comprised in a Service Quality Area;
 - (ii) be capable of recording and retaining Service Quality Rectification Evidence; and
 - (iii) set out procedures for:
 - (A) ensuring compliance with the requirements of this Part 1 of Chapter 5.5 including the obligation to conduct Service Quality Inspections as required pursuant to this paragraph 2; and
 - (B) identifying and rectifying failures identified during each Service Quality Inspection (including processes which ensure that corrective actions identified during any Service Quality Inspection are undertaken in a diligent and prompt manner),

(the "SQR Management System").
- (b) The SQR Management System shall be implemented and fully operational by the Start Date.

2.2 SQR Register

- (a) The Operator shall prepare and complete the SQR Register so as to include the facilities and services which exist on every SQR Train and every SQR Station by the Start Date.
- (b) The form and content of the SQR Register shall include as a minimum the following content:
 - (i) description, purpose and quantity of each facility or service;
 - (ii) photographic evidence of each facility or service;
 - (iii) individual serial number and asset tracking number (where applicable) for each facility or service;

- (iv) details of the applicable Service Quality Indicators against which the facility or service will be measured and reported against as set out in Appendix 1 (*Service Quality Areas/Service Quality Indicators/Weightings*) of this Part 1 of Chapter 5.5; and
 - (v) map of each SQR Station, setting out the location of each facility or service located at such SQR Station.
- (c) The Operator shall maintain the SQR Register and update such SQR Register at such regular intervals as is reasonably necessary to ensure compliance with its obligations under this Part 1 of Chapter 5.5. The Operator shall not, without the prior Approval of the Secretary of State, remove any facility or service from the SQR Register unless such facility or service relates solely to a Ceased Service.
- (d) The Operator shall provide an up to date copy of the SQR Register to the Secretary of State (when requested to do so from time to time) or to any person carrying out an SoS Audit or SoS Service Quality Inspection on behalf of the Secretary of State.

2.3 Changes to Rail Services

- (a) If at any time during the Contract Term, the Operator:
- (i) operates additional railway passenger services or operates additional stations (including any Managed Stations) which are not part of the SQR Trains or SQR Stations (as the case may be) at the Start Date (including where such are transferred from another train operator) (“**New Services**”); and/or
 - (ii) introduces new facilities or services on a SQR Train and/or on a SQR Station (including Managed Stations) which were not in existence at the Start Date (including where such are transferred from another train operator) (“**New Facilities**”),

then it shall update its SQR Management System and the SQR Register to include such New Services and New Facilities by no later than the first day of the first Reporting Period which commences after the date upon which the Operator begins to operate such New Services or such New Facilities are introduced (as the case may be).

- (b) The requirements of this Part 1 of Chapter 5.5 shall begin to apply in relation to such New Services and such New Facilities from the first day of the first Reporting Period which commences after the date on which the Operator commences the operation of such New Services or New Facilities are introduced (as the case may be).
- (c) If at any time during the Contract Term, the Secretary of State directs the Operator to:
- (i) permanently stop operating certain railway passenger services or permanently stop operating stations which are part of the SQR Trains or SQR Stations, (as the case may be) at the Start Date; and/or
 - (ii) to remove any facilities or services which are part of the SQR Trains or SQR Stations (as the case may be),

(together, the “**Ceased Services**”),

then the Operator shall update the SQR Management System and the SQR Register to remove such Ceased Services by no later than the first day of the first Reporting Period which commences after the date upon which the Operator stopped operating such Ceased Services.

- (d) The requirements of this Part 1 of Chapter 5.5 shall cease to apply in relation to such Ceased Services from the first day of the first Reporting Period which commences after the date on which the Operator stops the operation of such Ceased Services are introduced.

2.4 Procuring SQR Services

Prior to any procurement by the Operator of any of the SQR Services, the Operator shall agree with the Secretary of State the scope and terms of the work and/or service to be procured.

Part 1B – Inspections and Audits

3. Operator Service Quality Inspections

- 3.1 In each Reporting Period commencing from the Start Date, the Operator shall procure the undertaking of:
- (a) Station Service Quality Inspections, and Train Service Quality Inspections and Customer Service Quality Inspections (together to be known as the “**Service Quality Inspections**”) in accordance with the requirements of paragraph 3.3;
 - (b) Service Quality Re-inspections, in accordance with the requirements of paragraph 4.1(a); and
 - (c) audits to verify the matters referred to in paragraph 4.1(b).
- 3.2 For the purposes of this Part 1B of Chapter 5.5, where the definition of “**SQR Station**” refers to the Managed Stations, this shall exclude any areas that are exclusively utilised by operators other than the Operator.
- 3.3 The Operator shall (as a minimum):
- (a) ensure that each Service Quality Inspection is carried out so as to determine whether any Service Quality Indicator has been passed or failed in accordance with the failure criteria specified in the Service Quality Schedules;
 - (b) ensure that each Service Quality Inspection is carried out accurately and impartially by independent parties who are not Business Employees (excluding employees of the SQR Contractor from the scope of the term “Business Employees” for these purposes);
 - (c) ensure that any Business Employee who is a member of the customer relations team or who is involved in the operation of any SQR Station or SQR Train (including any person who is responsible for the management and operation of any such SQR Station or SQR Train) in respect of which a Service Quality Inspection is to be undertaken is not notified or otherwise made aware of the date or time of any proposed or actual Service Quality Inspection;
 - (d) ensure that:
 - (i) each SQR Station (which is not St Pancras International Station) is the subject of a Station Service Quality Inspection at least six (6) times in each Contract Year; and
 - (ii) a Station Service Quality Inspection is carried out in respect of each Reporting Period at fifty-seven 57 different SQR Stations (which are not St Pancras International Station with such Station Service Quality Inspections being distributed across the day and between the days of the week in proportion to typical passenger use of the SQR Station across the day and the days of the week in each such Reporting Period. Such Station Service Quality Inspections shall be reasonably apportioned so that subsequent Service Quality Inspections in respect of each SQR Station are not unduly concentrated on a particular time of the day or day of the week; and
 - (iii) St Pancras International Station is the subject of a Station Service Quality Inspection two (2) times in each Contract Year with such Station Service Quality Inspection being distributed across the day and between the days of the week in proportion to typical passenger use of the SQR Station across the day and the days of the week; and
 - (e) ensure that:

- (i) in respect of each Reporting Period, one-hundred and five (105) Train Service Quality Inspections are carried out in respect of different vehicles comprised within different SQR Trains with such Train Service Quality Inspection being apportioned across the day and between the days of the week in proportion to the typical distribution of passenger journeys across the day and between the days of the week; and
 - (ii) Train Service Quality Inspections are carried out in respect of vehicles operating on each Route once every Reporting Period. Such Train Service Quality Inspections shall not be unduly concentrated on vehicles that operate on a particular Route; and
 - (iii) Ninety percent (90%) of the Train Service Quality Inspections are carried out on standard class vehicles and ten percent (10%) of the Train Service Quality Inspections are carried out on first class vehicles in each Reporting Period; and
- (f) ensure that, in each Reporting Period:
- (i) at least thirty (30) Customer Service Quality Inspections are conducted of the “Helpfulness of Staff at Stations” Service Quality Indicator;
 - (ii) at least thirty (30) Customer Service Quality Inspections are conducted of the “Helpfulness of Staff on Trains” Service Quality Indicator;
 - (iii) at least twenty (20) Customer Service Quality Inspections are conducted of the “Social Media Mystery Shopper Question” Service Quality Indicator; and
 - (iv) at least ten (10) Customer Service Quality Inspections are conducted of the “Planned and Unplanned Disruption” Service Quality Indicator,
- in each case, in accordance with the provisions of the Service Quality Schedules; and
- (g) ensure that:
- (i) 25% of Customer Service Quality Inspections of the “Helpfulness of Staff at Stations” and 25% of Customer Service Quality Inspections of the “Helpfulness of Staff on Trains” Service Quality Indicators are completed by mystery shoppers who require additional assistance (including disabled persons with mobility or other impairments) in each Reporting Period;
 - (ii) 25% of all Customer Service Quality Inspections of the “Social Media Mystery Shopper Question” Service Quality Indicator are related to questions about accessibility in each Reporting Period;
 - (iii) Customer Service Quality Inspections relating to SQR Stations are apportioned across the day and between the days of the week in proportion to typical passenger use of the SQR Station across the day and the days of the week in each such Reporting Period; and
 - (iv) Customer Service Quality Inspections relating to SQR Trains are carried out on each Route once every Reporting Period. Such Customer Service Quality Inspections shall be reasonably apportioned so that they are undertaken on SQR Trains across the different Routes.
- 3.4 For any Reporting Period which is longer than thirty-two (32) days or shorter than twenty-five (25) days the minimum number of:
- (a) Station Service Quality Inspections as specified in paragraph 3.3(d);
 - (b) Train Service Quality Inspections as specified in paragraph 3.3(e); and
 - (c) Customer Service Quality Inspections as specified in paragraph 3.3(f) and 3.3(g),
- shall be increased or reduced pro rata based on a normal Reporting Period of twenty-eight (28) days.

- 3.5 For any Contract Year which has less than thirteen (13) Reporting Periods:
- (a) Station Service Quality Inspections as specified in paragraph 3.3(d);
 - (b) Train Service Quality Inspections as specified in paragraph 3.3(e); and
 - (c) Customer Service Quality Inspections as specified in paragraph 3.3(f) and 3.3(g),
- shall be reduced pro rata based on a normal Contract Year of thirteen (13) Reporting Periods.
4. **Service Quality Re-Inspection and Service Quality Rectification Evidence**
- 4.1 If in any Reporting Period a “fail” is recorded against any Service Quality Indicator set out in any Service Quality Schedule (“**Service Quality Failure**”) then:
- (a) in relation to SQR Stations, the Operator shall rectify such specific Service Quality Failure and undertake an inspection of the relevant facility or service which resulted in the occurrence of such Service Quality Failure within the relevant time period set out within the Service Quality Schedule (“**Service Quality Re-inspection**”) and the requirements of paragraphs 3.3(b) and 3.3(c) shall apply to any such Service Quality Re-inspection. Where such Service Quality Re-inspection identifies that the Service Quality Failure has not been rectified, then a further Service Quality Failure shall occur (“**Re-inspection Failure**”); and
 - (b) in relation to SQR Trains and the applicable Service Quality Indicators for SQR Stations as set out in the Service Quality Schedules, the Operator shall within the relevant time period specified in the Service Quality Schedule (the “**Relevant Rectification Period**”), ensure that relevant Service Quality Rectification Evidence is recorded and retained in the SQR Management System. If no Service Quality Rectification Evidence is recorded in the SQR Management System within the Relevant Rectification Period, then a further Service Quality Failure shall occur (“**Rectification Evidence Failure**”).
- 4.2 Where a Service Quality Re-inspection or Rectification Evidence Failure results in a Service Quality Failure being recorded against a facility or service, such Service Quality Failure(s) shall be included in the calculation of the Pass Rates for the Reporting Period in which the Service Quality Re-inspection is conducted or the Rectification Evidence Failure occurs, in accordance with the provisions of paragraph 8 (*Calculation of Pass Rates*) and paragraph 17 (*Consequences of Performance falling below the SQR Benchmark*) of this Chapter 5.5 and Part 4 of the Service Quality Schedules.
- 4.3 The provisions of this paragraph 4 shall continue to apply until such a time as:
- (a) in the case of the circumstances described in paragraph 4.1(a), the relevant facility or service which has resulted in the occurrence of a Service Quality Failure is rectified and a Service Quality Re-inspection in respect of that facility or service has not resulted in a Service Quality Failure; or
 - (b) in the case of the circumstances described in paragraph 4.1(b), the Operator has recorded relevant Service Quality Rectification Evidence within the Relevant Rectification Period and accordingly a Service Quality Failure has not occurred.
- 4.4 If following two (2):
- (a) Re-inspection Failures, the original Service Quality Failure has not been rectified; or
 - (b) Rectification Evidence Failures, no Service Quality Rectification Evidence has been recorded in the SQR Management System in respect of the facility or service which resulted in the occurrence of the original Service Quality Failure;
- then the Operator shall within fourteen (14) days of the occurrence of such Re-inspection Failure or Rectification Evidence Failure notify the Secretary of State of such failure.
- 4.5 The Operator shall prepare and submit to the Secretary of State, together with such notice, a plan which sets out the steps the Operator proposes to implement to ensure that the Re-inspection Failure or Rectification Evidence Failure is rectified before the next Service Quality

Inspection and the Re-inspection Failure or Rectification Evidence Failure does not reoccur. The Operator shall use all reasonable endeavours to implement such plan in accordance with its terms.

- 4.6 The provisions of this paragraph 4 shall not apply to Managed Stations, Customer Service Quality Inspections, or the Service Quality Indicators relating to “*Information During Disruption*”.
5. **Independent Service Quality Audit**
- 5.1 In respect of each Contract Year (and in accordance with paragraph 5.3), the Operator shall procure the carrying out of an independent audit (“**Independent Service Quality Audit**”).
- 5.2 Prior to any procurement by the Operator of any Independent Service Quality Audit, the Operator shall agree with the Secretary of State the scope and terms of the work and/or service to be procured.
- 5.3 An Independent Service Quality Audit shall be undertaken once per Contract Year, or once in relation to any agreed longer or shorter period as agreed with or directed by the Secretary of State in accordance with paragraph 5 (*Effect of alterations to the PBF Assessment Period*) of Chapter 7.2 (*Performance Based Fee*) in which case such Independent Service Quality Audit may be in respect of multiple Contract Years. The purpose of each Independent Service Quality Audit shall be to verify and confirm that, in respect of the relevant Contract Year(s) to which it relates, the:
- (a) SQR Management System complies with the requirements of paragraph 2.1 (*SQR Management System*) and has been implemented as required pursuant to this Part 1 of Chapter 5.5 (including that Service Quality Rectification Evidence has been recorded and retained in accordance with (and is otherwise in compliance with) the requirements of this Part 1 of Chapter 5.5);
 - (b) Service Quality Inspections undertaken in that Contract Year comply with the requirements of paragraph 3.3 (*Operator Service Quality Inspections*);
 - (c) SQR Register has been maintained and updated as required pursuant to paragraph 2.2 (*SQR Register*);
 - (d) Pass Rates reported by the Operator for Reporting Periods within that Contract Year have been calculated in accordance with the requirements of paragraph 8.1 (*Calculation of Pass Rates*);
 - (e) Pass Rates reported by the Operator for that Contract Year have been calculated in accordance with paragraph 8.2 (*Calculation of Pass Rates*).
- 5.3A In the first Contract Year:
- (a) the Independent Service Quality Audit shall apply in respect of the Reporting Periods in that Contract Year, and the seven Reporting Periods that immediately precede the Start Date, provided that the SQR Services are undertaken by the same SQR Contractor in all such Reporting Periods; and
 - (b) If the Independent Service Quality Audit identifies any Material Discrepancies in respect of the Reporting Periods that precede the Start Date, the Operator shall derive a comparable Pass Rate for those Reporting Periods in accordance with paragraph 5.9 below, but the provisions of paragraphs 15.2 and 16.1 of this Chapter 5.5 shall not apply.
- 5.4 Any Independent Service Quality Audit shall, in respect of the relevant Contract Year(s) to which it relates either:
- (a) confirm that, after having regard to the findings of such inspections, its assessment of the matters referred to in paragraphs 5.3(a) to 5.3(e) and any other relevant information at the disposal of any person conducting such Independent Service Quality Audit, it can reasonably be concluded that the Pass Rates reported by the Operator for that Reporting Periods within that Contract Year and/or for that

Contract Year are a fair, accurate and impartial reflection of the Operator's performance against each Service Quality Indicator or Service Quality Area; or

- (b) state that such confirmation cannot be provided and proceed to comply with paragraph 5.9 below.
- 5.5 Any Independent Service Quality Audit carried out on behalf of the Operator as required under this paragraph 5 shall be for the benefit of the Secretary of State.
- 5.6 The Secretary of State (and any of the Secretary of State's employees, agents, representatives and/or advisers, and any of its advisers, representatives and employees (each such person to be referred to as a "**SoS Nominee**")) shall have the right to witness any inspection carried out as part of an Independent Service Quality Audit.
- 5.7 The Operator shall co-operate in good faith with the Secretary of State in permitting the Secretary of State (including a SoS Nominee) to exercise the Secretary of State's rights under paragraph 5.6 and this paragraph 5.7 including by promptly providing to the Secretary of State the details of how and when any Independent Service Quality Audit will be conducted a reasonable time (and in any event not less than two (2) weeks) prior to the commencement of any such Independent Service Quality Audit.
- 5.8 The Operator shall provide the report together with all data produced as a consequence of any Independent Service Quality Audit to the Secretary of State as soon as practicable after the completion of the Independent Service Quality Audit to which it relates and in any event by no later than the date that is twenty eight (28) days following the last day of the last Contract Year to which the Independent Service Quality Audit relates.
- 5.9 To the extent that the confirmation specified in paragraph 5.4(b) cannot be provided in respect of any Independent Service Quality Audit, the Operator shall procure that any such audit report specifies in detail the reasons why such confirmation cannot be provided (including details of any Material Discrepancies between any Pass Rate reported by the Operator in accordance with paragraph 11 (*Reporting Requirements*) and a comparable Pass Rate derived from the inspections carried out as part of the Independent Service Quality Audit (and in particular where any such Material Discrepancies are in favour of the Operator)).
- 6. Secretary of State's Right of Audit**
- 6.1 Without prejudice to any other audit rights the Secretary of State may have under the National Rail Contract, the Secretary of State (and a SoS Nominee on the Secretary of State's behalf), shall have the right to carry out audits (the "**SoS Audits**") for the purposes of verifying, as a minimum, the matters referred to in paragraph 3.1 (*Operator Service Quality Inspections*).
- 6.2 The Secretary of State shall use the Secretary of State's all reasonable endeavours to procure that any inspections carried out as part of any SoS Audits undertaken pursuant to this paragraph 6 are conducted on a basis that is, as far as reasonable practicable, consistent with the Service Quality Inspections undertaken in respect of the Contract Year to which the SoS Audit relates.
- 7. Access Rights**
- 7.1 The Operator shall grant such access to information, individuals and facilities including:
- (a) access to the SQR Stations and the SQR Trains;
 - (b) access to schedules of the locations and times of any actual or planned Independent Service Quality Audits or Service Quality Inspections (as the case may be);
 - (c) access to the relevant Business Employees, records and information (including access to relevant third parties and information, records and other materials kept by such third parties on behalf of the Operator); and
 - (d) access to any and all Service Quality Rectification Evidence,

as is reasonably necessary to enable the Secretary of State and/or the SoS Nominees to carry out SoS Audits or SoS Service Quality Inspections (as the case may be) or to witness any Service Quality Inspections, or Independent Service Quality Audits.

- 7.2 The Operator shall ensure that it has necessary arrangements in place with any relevant third parties for the purposes of ensuring that it can comply with its obligations under this paragraph 7.
- 7.3 The Secretary of State shall use all reasonable endeavours to ensure that the persons employed in undertaking any SoS Service Quality Inspections or SoS Audits carry out such audits diligently and objectively.
- 7.4 The Secretary of State shall use all reasonable endeavours to notify the Operator of the result of any SoS Service Quality Inspection or SoS Audit that is undertaken.
- 7.5 In carrying out any SoS Service Quality Inspection or SoS Audit (as the case may be) or witnessing any Service Quality Inspections, or Independent Service Quality Audits, the Secretary of State shall, subject to paragraph 7.6, be responsible for ensuring that the SoS Nominees:
 - (a) are appropriately trained and briefed with respect to such reasonable location-specific safety rules and regulations; and
 - (b) obey such reasonable location-specific rules and regulations in respect of security and access,
 in each case, as have been notified to the Secretary of State under paragraph 7.6.
- 7.6 The Operator shall provide reasonable prior notice from time to time of current location-specific access, security and safety rules and regulations to the Secretary of State for the purpose of ensuring that the Secretary of State (and the SoS Nominees) can carry out their respective inspection and auditing rights in an efficient, secure and safe manner.

Part 1C – Calculations of Pass Rates and Calculations related to the Service Quality Regime

8. Calculation of Pass Rates

- 8.1 From the Start Date, the Operator shall calculate the Pass Rates for the Train Service Quality Inspections, Station Service Quality Inspections and the Customer Service Quality Inspections for each Reporting Period as follows:

Table 1	
$SQA_{rp} = \sum IPR_{rp}$	
where:	
SQA_{rp}	is the Pass Rate for each Service Quality Area comprised in such Service Quality Schedule for that Reporting Period;
IPR_{rp}	is ascertained as follows:
	$p \times w$
	where:
	p is ascertained as follows:
	$P = \left(\frac{SQi - SQf}{SQi} \right) \times 100$

Table 1	
	where:
SQ_i	is, in respect of each Service Quality Indicator relevant to a Service Quality Area, the total number of: (a) Service Quality Inspections carried out; (b) Service Quality Re-inspections in which a Re-inspection Failure was recorded; and (c) occasions on which a Rectification Evidence Failure occurred, in respect of that Service Quality Indicator for that Reporting Period;
SQ_f	is, in respect of each Service Quality Indicator relevant to a Service Quality Area, the total number of: (a) Service Quality Inspections where a “fail” was recorded; (b) Service Quality Re-inspections in which a Re-inspection Failure was recorded; and (c) occasions on which a Rectification Evidence Failure occurred, in respect of that Service Quality Indicator for that Reporting Period; and
w	is the weighting as specified in either Column 3 (<i>Weighting</i>) or Column 4 (<i>Alternative Weighting</i>) (as applicable) of the table(s) in Appendix 1 (<i>Service Quality Areas/Service Quality Indicators/Weightings</i>) of this Part 1 of Chapter 5.5 in respect of the relevant Service Quality Indicator comprised in that Service Quality Area.

8.2 Within fourteen (14) days after the end of each Contract Year, the Operator shall provide to the Secretary of State its calculation of the Pass Rate for the relevant Contract Year in respect of each Service Quality Area comprised in each Service Quality Schedule, such Pass Rate to be separately calculated for the Train Service Quality Inspections, Station Service Quality Inspections and the Customer Service Quality Inspections carried out in that Contract Year as follows:

Table 2	
$SQA_{yr} = \sum IPR_{yr}$	
where:	
SQA_{yr}	is the Pass Rate for each Service Quality Area comprised in such Service Quality Schedule for that Contract Year;
IPR_{yr}	is ascertained as follows:
	$p \times w$
	where:
	p is ascertained as follows:
	$P = \left(\frac{SQ_i - SQ_f}{SQ_i} \right) \times 100$

Table 2		
	where:	
	SQ _i	is, in respect of each Service Quality Indicator relevant to a Service Quality Area, the total number of: (a) Service Quality Inspections carried out; (b) Service Quality Re-inspections in which a Re-inspection Failure was recorded; and (c) occasions on which a Rectification Evidence Failure occurred, in respect of that Service Quality Indicator for that Contract Year;
	SQ _f	is, in respect of each Service Quality Indicator relevant to a Service Quality Area, the total number of: (a) Service Quality Inspections where a “fail” was recorded; (b) Service Quality Re-inspections in which a Re-inspection Failure was recorded; and (c) occasions on which a Rectification Evidence Failure occurred, in respect of that Service Quality Indicator for that Contract Year; and
	w	is the weighting as specified in either Column 3 (<i>Weighting</i>) or Column 4 (<i>Alternative Weighting</i>) (as applicable) of the table(s) in Appendix 1 (<i>Service Quality Areas/Service Quality Indicators/Weightings</i>) of this Part 1 of Chapter 5.5 in respect of the relevant Service Quality Indicator comprised in that Service Quality Area.

8.3 The Operator shall perform the calculations referred to in paragraphs 8.1 and 8.2 rounded to two (2) decimal places with the midpoint (that is, 0.115) rounded upwards (that is, 0.12).

9. **Calculations related to the Service Quality Regime**

9.1 On the later of receipt of the notification(s) referred to in paragraph 8.2 in respect of a Contract Year or any audit report relating to any Independent Service Quality Audit or SoS Audit (as the case may be) undertaken in respect of that Contract Year, the Secretary of State shall:

- (i) confirm the calculation of **SQA_{yr}**; or
- (ii) notify the Operator that the provisions of paragraph 15 (*Material Discrepancies*) shall apply where any Independent Service Quality Audit or SoS Audit (as the case may be) reveals that there were Material Discrepancies in the calculation of the Pass Rate in favour of the Operator for that Contract Year (including where any such Independent Service Quality Audit or SoS Audit (as the case may be) fails to confirm or verify any of the matters specified in paragraph 5.1 (*Independent Service Quality Audits*)).

Part 1D – Publication and Reporting Requirements

10. **Publication of Pass Rates**

10.1 The Operator shall publish (as a minimum) on its web site (in such format as the Secretary of State may require) details of:

- (a) within 14 days of the end of each Reporting Period, the Pass Rate for each Service Quality Area relating to SQR Stations, SQR Trains and SQR Customer Service for that Reporting Period, alongside the SQR Benchmark for such Service Quality Area; and
- (b) within two (2) weeks of receipt of the confirmation from the Secretary of State provided in accordance with paragraph 9.1 (*Calculations related to the Service Quality Regime*), the Pass Rate for each Service Quality Area for each Contract Year alongside the applicable SQR Benchmark for such Service Quality Area.

11. Reporting Requirements

11.1 Within fourteen (14) days after the end of each Reporting Period, the Operator shall provide to the Secretary of State:

- (a) a statement (disaggregated to separately show the total number of Train Service Quality Inspections, Stations Service Quality Inspections and Customer Service Quality Inspections carried out in that Reporting Period) setting out the following:
 - (i) the raw data produced by any Service Quality Inspection (and where applicable Service Quality Re-inspections) and/or the recording of Service Quality Rectification Evidence in the SQR Management System within the Relevant Rectification Period pursuant to paragraph 4.1(b) (where applicable);
 - (ii) the number of:
 - (A) Service Quality Inspections (and where applicable Service Quality Re-inspections) carried out in respect of each Service Quality Schedule in that Reporting Period; and
 - (B) occasions on which the Operator was required to record Service Quality Rectification Evidence in the SQR Management System within the Relevant Rectification Period pursuant to paragraph 4.1(b) in that Reporting Period;
 - (iii) the number of:
 - (A) Service Quality Inspections (and where applicable Service Quality Re-inspections) where a “fail” was recorded in respect of a Service Quality Indicator in that Reporting Period; and
 - (B) Service Quality Failures occurring in the circumstances described in paragraph 4.1(b) in that Reporting Period;
 - (iv) the number of:
 - (A) Service Quality Inspections (and where applicable Service Quality Re-inspections) where a “pass” was recorded in respect of a Service Quality Indicator in that Reporting Period for each Service Quality Schedule; and
 - (B) occasions on which the Operator was required to record Service Quality Rectification Evidence in the SQR Management System within the Relevant Rectification Period pursuant to paragraph 4.1(b) in that Reporting Period and a Service Quality Failure did not occur in respect of the same pursuant to paragraph 4.1(b);
 - (v) for each Service Quality Schedule and in respect of a Service Quality Area, the total number of “passes” and “fails” recorded in respect of each Service Quality Indicator comprised in such Service Quality Area; and
- (b) in respect of that Reporting Period, the Operator’s calculation of the Pass Rate for each Service Quality Area comprised in the relevant Service Quality Schedule.

- 11.2 The Pass Rate shall be separately calculated for the Train Service Quality Inspections, the Station Service Quality Inspections and the Customer Service Quality Inspections in that Reporting Period determined as set out in paragraph 8 (*Calculation of Pass Rates*).
12. **Additional Information Requirements for Service Quality Re-inspections and Service Quality Rectification Evidence**
- 12.1 In addition to the information to be provided by the Operator pursuant to paragraph 11 (*Reporting Requirements*), the Operator shall at the end of each Reporting Period during which Service Quality Inspections have been carried out provide to the Secretary of State a list of each facility or service or train comprised in a SQR Train and SQR Station (on a Station by Station basis) against which a “fail” was recorded:
- (a) during any Service Quality Inspections or Service Quality Re-inspection (as the case may be); or
 - (b) in the circumstances described in paragraph 4.1(b).
13. **Maintenance of Records**
- 13.1 Without limiting the obligations of the Operator pursuant to paragraph 3 (*Maintenance of Records*) of Chapter 1.1 (*Organisation and Management*), the Operator shall maintain true, up to date and complete records of the results of each Service Quality Inspection, its calculations of the Pass Rates in relation to such Service Quality Inspections and the results of each Independent Service Quality Audit.
- 13.2 The Operator shall, immediately at the request of the Secretary of State make any records required under this Part 1 of Chapter 5.5 available to the Secretary of State.

Part 1E – Remedies

14. Consequences of a Failed Audit

- 14.1 If:
- (a) following an Independent Service Quality Audit or SoS Audit (as the case may be) any such audit cannot verify or confirm any of the matters referred to in paragraph 5 (*Independent Service Quality Audits*) or any confirmation required by paragraph 5.4(a) (*Independent Service Quality Audits*) cannot be provided; or
 - (b) the Operator fails to:
 - (i) carry out a Service Quality Inspection as required by paragraph 3.1 (*Operator Service Quality Inspection*); or
 - (ii) calculate the Pass Rates and/or report to the Secretary of State the Pass Rates as required pursuant to paragraphs 8.1 and 8.2 (*Calculation of the Pass Rates*); or
 - (iii) procure that an Independent Service Quality Audit is carried out or fails to provide an audit report as required pursuant to paragraph 5.9 (*Independent Service Quality Audits*),
 then the provisions of this paragraph 14 shall apply.
- 14.2 If any of the circumstances specified in paragraph 14.1 occur then:
- (a) the Secretary of State may in the case of an SoS Audit, require the Operator to reimburse to the Secretary of State the reasonable and proper costs incurred in undertaking any such SoS Audit (and such reimbursement shall be a Disallowable Cost); and
 - (b) the Secretary of State may in all cases:
 - (i) require the Operator to carry out additional Service Quality Inspections at the Operator’s cost (that is, in excess of those required pursuant to paragraph 3.1 (*Operator Service Quality Inspections*)) which cost shall be a Disallowable Cost;

- (ii) require the Operator to procure a further Independent Service Quality Audit (or the Secretary of State may carry out a further SoS Audit) for the purposes of verifying whether any deficiencies in the SQR Management System have led or contributed to the failure of any Independent Service Quality Audit or SoS Audit or to confirm or verify whether any of the matters referred to in paragraph 5 (*Independent Service Quality Audits*) have been subsequently rectified by the Operator (the cost of which shall be a Disallowable Cost); or
- (iii) elect to step in and carry out SoS Service Quality Inspections in place of the Service Quality Inspections for the remainder of the Contract Term or such period as the Secretary of State may specify (the “**SoS Service Quality Inspection Period**”) and in these circumstances:
 - (A) the results of each SoS Service Quality Inspection shall be used for the purposes of calculating the Pass Rates in accordance with paragraph 8 (*Calculation of Pass Rates*) and paragraph 2 (*Calculation of the Performance Based Fee*) of Chapter 7.2 (*Performance Based Fee*);
 - (B) the Operator’s obligations to undertake Service Quality Inspections and procure an Independent Service Quality Audit shall cease to apply for the duration of the SoS Service Quality Inspection Period; and
 - (C) the Secretary of State may require the Operator to reimburse to the Secretary of State the reasonable and proper costs incurred by the Secretary of State in undertaking any such SoS Service Quality Inspection during the SoS Service Quality Inspection Period (and such reimbursement shall be a Disallowable Cost).

15. **Material Discrepancies**

15.1 For the purposes of this Part 1 of Chapter 5.5, “**Material Discrepancies**” means:

- (a) discrepancies in the Operator’s calculation of the Pass Rate which in the opinion of the Secretary of State are considered to be material; or
- (b) where an Independent Service Quality Audit or SoS Audit fails to confirm or verify any of the matters specified in paragraph 5.3 (*Independent Service Quality Audits*) in circumstances where the Pass Rate has been calculated wrongly; or
- (c) where an Independent Service Quality Audit or SoS Audit confirms that there would have been a different Pass Rate if the Operator had complied with the requirements of paragraph 5.3 (*Independent Service Quality Audits*).

15.2 If, in any PBF Assessment Period, an Independent Service Quality Audit or SoS Audit (as the case may be) reveals any Material Discrepancies, paragraph 3.2 (*Material Discrepancies*) of Appendix 5 (*Quantified Target Methodology*) to Chapter 7.2 (*Performance Based Fee*) shall apply.

16. **Contravention of the National Rail Contract in respect of Material Discrepancies**

16.1 On the second occasion that any Independent Service Quality Audit or SoS Audit (as the case may be) identifies any Material Discrepancies (irrespective of the nature or type of such Material Discrepancy) then this shall constitute a contravention of the National Rail Contract in addition to the provisions of paragraph 15.2 of this Part 1 of Chapter 5.5 applying.

17. **Consequences of Performance falling below the SQR Benchmark**

17.1 If:

- (a) NOT USED; or
- (b) subject to paragraph 17.1(c) below, the Pass Rate as calculated in accordance with paragraph 8 (*Calculation of the Pass Rates*) in respect of any Service Quality Area is below any SQR Benchmark for that Service Quality Area (“**Affected Service Quality Area**”) for:

- (i) any three (3) consecutive Reporting Periods; or
- (ii) any four (4) Reporting Periods within any period of thirteen (13) consecutive Reporting Periods; or
- (iii) any Contract Year,

then the Operator shall immediately notify the Secretary of State of such fact and, if requested to do so by the Secretary of State, within twenty-eight (28) days (or such longer period as the Secretary of State may specify) of such request prepare and submit to the Secretary of State (for the Secretary of State's review and consent) the Operator's proposals for achieving, as soon as practicable, a Service Quality Improvement (a "**Service Quality Improvement Proposal**"); and

- (c) with respect to:
 - (i) paragraph 17.1(b)(i), for so long as fewer than 3 Reporting Periods have elapsed following the Start Date, the Operator's performance as against the relevant Previous SQR Benchmark in respect of the relevant Reporting Periods (up to a maximum of 2 consecutive Reporting Periods) that immediately precede the Start Date shall be taken into account for the purposes of determining the matters referred to in that paragraph (and "Reporting Period" shall have the meaning given to such term in the Previous Agreement with respect to those Reporting Periods falling before the Start Date); and
 - (ii) paragraph 17.1(b)(ii), for so long as fewer than 13 Reporting Periods have elapsed following the Start Date, the Operator's performance as against the relevant Previous SQR Benchmark in respect of the relevant Reporting Periods (up to a maximum of 4 consecutive Reporting Periods) that immediately precede the Start Date shall be taken into account for the purposes of determining the matters referred to in that paragraph (and "Reporting Period" shall have the meaning given to such term in the Previous Agreement with respect to those Reporting Periods falling before the Start Date), to the extent that a Service Quality Improvement Proposal has not already been submitted, accepted and/or implemented in respect of the relevant event triggering the application of paragraph 17.1(b)(ii) under the Previous Agreement in accordance with requirements equivalent to those set out in paragraphs 17.2 to 17.5 of this Part 1 of Chapter 5.5.

17.2 The Service Quality Improvement Proposal shall:

- (a) contain specific tangible action points and indicate in the case of each action point:
 - (i) how that action will contribute to meeting the relevant SQR Benchmark;
 - (ii) where the action is to be implemented;
 - (iii) the proposed timescales for implementing such action and, where any action is expressed to be ongoing, proposed review dates;
 - (iv) the date by which the Service Quality Improvement will be achieved; and
- (b) the additional expenditure associated with each action.

17.3 The Secretary of State shall be entitled to:

- (a) request further information from the Operator with respect to its Service Quality Improvement Proposal and the Operator shall submit such further information to the Secretary of State within the timescales as requested by the Secretary of State; and/or
- (b) propose amendments to the Service Quality Improvement Proposal and the Parties shall agree and, in the absence of agreement, the Secretary of State shall determine the amendments to the Service Quality Improvement Proposal, in which case paragraph 17.4 shall apply; or

- (c) accept the Service Quality Improvement Proposal, in which case paragraph 17.4 shall apply; or
 - (d) not accept the Service Quality Improvement Proposal, in which case the Operator shall not be obliged to undertake any further action with respect to its Service Quality Improvement Proposal.
- 17.4 The Operator shall implement the Service Quality Improvement Proposal as amended, determined or accepted by the Secretary of State (as the case may be) in accordance with paragraph 17.3. Any additional expenditure stated in the Service Quality Improvement Proposal shall trigger a Cost Budget Change Event.
- 17.5 If:
- (a) the Operator fails to implement any Service Quality Improvement Proposal (as consented to by the Secretary of State) as required pursuant to paragraph 17.4 of this Part 1 of Chapter 5.5 within the required timescales; or
 - (b) the Operator's performance in relation to the Affected Service Quality Area is not at a level that is equal to or above the SQR Benchmark within the period specified in the Service Quality Improvement Proposal,

then this shall constitute a contravention of the National Rail Contract.

18. Variations to the Service Quality Regime

- 18.1 The Secretary of State and the Operator may from time to time agree to vary the contents of the Service Quality Schedules, the weightings associated with any Service Quality Indicators and/or any SQR Benchmark (including by reducing the SQR Benchmark in respect of certain Service Quality Areas and at the same time increasing others, or by adjusting the treatment of Service Quality Re-Inspections and/or Service Quality Rectification Evidence). Any variation agreed by the Secretary of State and the Operator pursuant to this paragraph 18.1 shall be effective from the date agreed by the Parties for this purpose. Any such variation as agreed by the Secretary of State and the Operator shall (unless otherwise agreed by the Parties) constitute a Cost Budget Change Event and a Cost Financial Target Amendment Event, a Revenue Financial Target Amendment Event or a Profit Financial Target Amendment Event (as applicable).

Part 2: NRPS and Wavelength**19. Conduct of National Rail Passenger Surveys**

19.1 The Operator agrees with the Secretary of State that:

- (a) the Passengers' Council may measure the level of passenger satisfaction with the Rail Services through National Rail Passenger Surveys;
- (b) the Passengers' Council and/or the Secretary of State may, from time to time, publish the results of each National Rail Passenger Survey.

19.2 The Secretary of State shall ensure or shall procure that the findings of any National Rail Passenger Survey are made available by the Passengers' Council to the Operator within a reasonable period of time after the completion of each survey.

19.3 The Operator shall, as soon as practicable after such information is made available to the Operator in accordance with paragraph 19.2, publicise its performance against the NRPS Benchmarks by including such information in its Customer Report and displaying such information at all of the Stations and on its website.

19.4 It is agreed by the Operator that, subject to paragraph 19.5, the methodology to be adopted by the Passengers' Council in conducting any such National Rail Passenger Survey shall be as described in the document in the agreed terms marked **PSM** (the "**Passenger Survey Methodology**").

19.5 If:

- (a) at any time during the Contract Term the methodology adopted in conducting any National Rail Passenger Survey is, in the opinion of the Secretary of State, materially inconsistent with the Passenger Survey Methodology; and
- (b) the Secretary of State determines that in consequence a revision to the NRPS Benchmark and/or the NRPS Expected Range is required in order to hold constant the risk of the Operator failing to satisfy the NRPS Benchmark and/or perform within the NRPS Expected Range,

then the Secretary of State shall make such revisions to such NRPS Benchmarks and/or the NRPS Expected Range as the Secretary of State considers appropriate to hold constant such risk, subject always to paragraph 2.8 of Chapter 7.2 (*Performance Based Fee*) (and the Secretary of State's determination of any such revisions shall be subject to the Determination Escalation Process).

19.6 If:

- (a) National Rail Passenger Surveys are replaced by an alternative survey; or
- (b) the Secretary of State after consultation with the Operator, determines that an alternative passenger survey would be more appropriate,

then in each case the provisions of this Chapter 5.5 and/or the relevant provisions of Chapter 7.2 (*Performance Based Fee*) relating to the results of National Rail Passenger Surveys shall apply in respect of any alternative survey (the "**Alternative Survey**") and for these purposes Passengers' Council shall be replaced with such other entity that is responsible for conducting such Alternative Survey.

20. Performance Review

20.1 It is agreed by the Secretary of State and the Operator that, subject to paragraph 19.6, the results of the National Rail Passenger Survey(s) published by the Passengers' Council in any Contract Year should be used to determine the Operator's performance against the NRPS Benchmarks for that Contract Year. If in any Contract Year the Passengers' Council has published:

- (a) only one (1) National Rail Passenger Survey in that Contract Year then the performance of the Operator against the NRPS Benchmarks shall be measured on the basis of such National Rail Passenger Survey; or

- (b) more than one (1) National Rail Passenger Survey in that Contract Year then the performance of the Operator against the NRPS Benchmarks shall be measured on the basis of the average of the results of all of the National Rail Passenger Surveys published by the Passengers' Council in that Contract Year.
- (c) For the purposes of undertaking the comparison pursuant to this paragraph 20.1, the results referred to in paragraph 20.1(a) or paragraph 20.1(b) (as the case may be) shall be rounded up to one (1) decimal place with the midpoint (that is, 4.45) rounded upwards (that is, 4.5).
- 20.2 In the event that the Passengers' Council determine that the total number of respondents relating to any NRPS Service Group and/or NRPS Measure is too low to enable a meaningful statistical analysis the Secretary of State after consultation with the Operator, shall determine any amended or alternative NRPS Service Groups or NRPS Measures, and any consequential revisions to the NRPS Benchmarks and/or NRPS Expected Range, subject always to paragraph 2.8 of Chapter 7.2 (*Performance Based Fee*).
- 21. NRPS Improvement Proposals**
- 21.1 In the event that the Operator fails to achieve a NRPS Benchmark, or the Secretary of State believes that the Operator will fail to achieve a NRPS Benchmark, the Secretary of State may require that the Operator submit a proposal for the Secretary of State's consideration which shall:
- (a) contain specific tangible action points and indicate in the case of each action point:
- (i) how that action will contribute to meeting the relevant NRPS Benchmark;
 - (ii) where the action is to be implemented;
 - (iii) the proposed timescales for implementing such action and, where any action is expressed to be ongoing, proposed review dates; and
 - (iv) how the Operator proposes to measure the performance of the action; and
- (b) the additional expenditure associated with each action,
being the **"NRPS Improvement Proposal"**.
- 21.2 The Secretary of State shall be entitled to:
- (a) request further information from the Operator with respect to its NRPS Improvement Proposal, and the Operator shall submit such further information to the Secretary of State within the timescales as requested by the Secretary of State; and/or
 - (b) propose amendments to the NRPS Improvement Proposal and the Parties shall agree and, in the absence of agreement, the Secretary of State shall determine the amendments to the NRPS Improvement Proposal, in which case paragraph 21.3 shall apply; or
 - (c) accept the NRPS Improvement Proposal, in which case paragraph 21.3 shall apply; or
 - (d) not accept the NRPS Improvement Proposal, in which case the Operator shall not be obliged to undertake any further action with respect to its NRPS Improvement Proposal.
- 21.3 The NRPS Improvement Proposal as agreed, determined or accepted by the Secretary of State (as the case may be) in accordance with paragraph 21.2 shall be referred to as the **"NRPS Improvement Plan"**. The Operator shall implement the NRPS Improvement Plan in accordance with its terms and the provisions of Chapter 7.1 (*Contract Payments*) shall apply.
- 22. Wavelength**
- 22.1 For the purpose of this paragraph:
- (a) **"Wavelength Programme"** means the programme of work being developed by the rail industry which involves collecting a wide range of information about the customer experience by tracking, amongst other things, the Operator's performance against

certain journey touchpoints (as specified in the Wavelength Survey) and certain key commitments based on core passenger priorities; and

- (b) **“Wavelength Survey”** means the weekly survey relating to the Passenger Services (in such form as may be agreed from time to time), which is undertaken as part of the Wavelength Programme to monitor, amongst other things, the Operator’s performance against certain journey touchpoints (as specified in the Wavelength Survey) and certain key commitments based on core passenger priorities.

22.2 Unless otherwise directed by the Secretary of State, the Operator shall:

- (a) fully and effectively engage with the Wavelength Programme;
- (b) subject to the relevant information being made available to the Operator via the Wavelength portal, provide to the Secretary of State by no later than seven (7) Weekdays following the end of each Reporting Period, a report setting out the results of the Wavelength Survey undertaken during that Reporting Period, such results to be presented in such aggregated or disaggregated format as the Secretary of State may specify from time to time; and
- (c) subject to the relevant information being made available to the Operator via the Wavelength portal, provide to the Secretary of State by no later than fourteen (14) Weekdays following the end of each Quarter, a report detailing:
- (i) how the Operator has used the full range of Wavelength Programme insights (including the analysis of data received through the Wavelength Survey) to implement and/or invest in:
- (A) customer-focused initiatives; and/or
- (B) tangible benefits or improvements for customers; and
- (ii) whether such initiatives, benefits or improvements referred to in paragraph 22.2(c)(i) have:
- (A) resulted in any improvement in the Wavelength Survey scores collected to date; and/or
- (B) any other improvements or benefits to the Operator.

22.3 The Operator shall engage with rail industry partners (including the Secretary of State, Network Rail, RDG and the ORR) in the development and implementation of the industry-wide Maturity Model for Customer Experience.

Chapter 6

Environment and Sustainability

1. Environmental Information

1.1 Data Sharing

- (a) Within three (3) months following the end of each Contract Year, the Operator shall report to the Secretary of State and the RSSB the Initial Dataset corresponding to the previous Contract Year by completing the RSSB's online "Environmental Reporting Tool".
- (b) The Operator shall share all available environmental data with the Secretary of State and/or RSSB as requested from time to time by the Secretary of State and/or RSSB, acting reasonably, including in relation to:
 - (i) air pollution emissions referenced in the Clean Air Strategy 2019 (including nitrogen oxides and particulate matter);
 - (ii) emissions of Greenhouse Gases (as defined in the Kyoto Protocol to the United Nations Framework Convention on Climate Change); and
 - (iii) energy usage.
- (c) The Secretary of State and/or (with the prior approval of the Secretary of State) RSSB, acting reasonably, may instruct the Operator to collect and share with the Secretary of State and/or RSSB (as applicable) such additional environmental data as the Secretary of State and/or RSSB (as applicable) may require from time to time.

1.2 Environmental Information Data Collection Plan

- (a) If the Operator is unable to provide the Initial Dataset in respect of any Contract Year they will promptly inform the Secretary of State and RSSB with a written explanation of why they are unable to provide such data.
- (b) The Operator shall cooperate with the Secretary of State and/or RSSB to seek to identify improvements in type of data to be collected, the method of collection and the efficiency and cost effectiveness of collection.
- (c) The Operator shall ensure that the form of measurement of the Initial Dataset for each Contract Year enables it to report a consolidated periodic or annual usage figure to the Secretary of State and RSSB as specified for each measure in Table 1 in paragraph 1 (*Environmental Impact Monitoring Dataset*) of Appendix 1 (*Environmental Information*) to this Chapter 6.
- (d) In addition to paragraph 1.2(c) above and in complying with its obligations in paragraph 1.1(a) above, the Operator shall deliver the information for each measure in Table 1 in paragraph 1 (*Environmental Impact Monitoring Dataset*) of Appendix 1 (*Environmental Information*) to this Chapter 6 in the units, with the granularity and in respect of the regularity required for each measure as indicated in that Table 1.

1.3 Environmental Impact Monitoring Audit

The Operator shall procure a suitably qualified independent body (such independent body to be appointed only with the prior Approval of the Secretary of State) to undertake an independent audit of the data provided to RSSB and/or the Secretary of State and the

collection methodology of the Initial Dataset in respect of the first Contract Year then as requested by the Secretary of State (the “**Environmental Impact Monitoring Audit**”). The scope of the Environmental Impact Monitoring Audit shall be agreed in advance with the Secretary of State.

1.4 Remedial Actions

- (a) In the event that an Environmental Impact Target is not met in any Contract Year, the Operator shall as soon as practicable produce and provide to the Secretary of State a revised Environmental Impact Targets Plan which, in the opinion of the Secretary of State, is capable of achieving the Environmental Impact Targets.
- (b) The Operator shall use all reasonable endeavours to implement the revised Environmental Impact Targets Plan, which shall be the Environmental Impact Targets Plan for the purposes of this Contract.

1.5 Publication

The Operator shall publish (in such format as the Secretary of State may require) details of its performance against the Environmental Impact Targets in widely accessible forms including, as a minimum, publishing them on its website and in each Customer Report (excluding the first (1st) Customer Report).

2. Air Quality Monitoring and Improvement

2.1 The Operator shall for the purposes of air quality monitoring at Stations or depots under its control:

- (a) provide to the Secretary of State all existing data in relation to air quality and measures that the Operator is implementing to improve air quality at Stations or depots under its control;
- (b) provide to the Secretary of State, RSSB, or any person whom the Secretary of State might specify, access to any sites, power supplies and telemetry under its control as requested by the Secretary of State or RSSB from time to time, including for the purpose of installing air quality monitors; and
- (c) assist the Secretary of State, RSSB or any person whom the Secretary of State might specify in the placement, replacement and dispatch of diffusion tubes.

2.2 The Operator shall for the purposes of air quality monitoring on rolling stock vehicles:

- (a) provide to the Secretary of State, RSSB or any person whom the Secretary of State might specify during the Contract Term, free-of-charge access to rolling stock vehicles and on board power supplies whilst in or out of service;
- (b) consent for equipment to be installed on rolling stock vehicles for the purposes of air quality monitoring;
- (c) provide available on-train air quality data, train management system data and/or OTMR data as the Secretary of State may require from time to time.

2.3 The Operator shall for the purposes of monitoring and reducing air pollutant emissions from traction:

- (a) through an industry-led industry working group, support the development and delivery of a policy in relation to the maximum time for which a train’s engine may be kept idling while stationary;
- (b) use all reasonable endeavours to work with the fleet owner to develop an air pollution emissions reduction pathway for all diesel rolling stock vehicles; and
- (c) provide to the Secretary of State such information and/or data in relation to exhaust emissions from rolling stock vehicles comprised within the Train Fleet as the Secretary of State may require from time to time for the purposes of data collection

and analysing the consequent impact of such emissions on air quality in Depots and Stations and along the Routes on which such rolling stock vehicles are deployed.

- 2.4 The Operator shall for the purposes of supporting wider industry approaches to air pollution emissions reduction:
- (a) consider the impact of any rolling stock vehicle, operational or infrastructure changes on emissions; and
 - (b) provide to the Secretary of State and RSSB, and update as necessary, a named contact as a point of enquiry in relation to air quality.

3. Sustainability

3.1 Environmental Management and Sustainability Accreditation

- (a) The Operator shall, by no later than the date which is eighteen (18) months after the Start Date, attain and, at all times thereafter, maintain certification pursuant to ISO14001:2015 and ISO50001:2011 or equivalent standards.
- (b) The Operator shall provide the Secretary of State with copies of the certification audit reports and a copy of their ISO50001 Energy Review within four (4) weeks of each subsequent recertification during the Contract Period.

3.2 Sustainable Construction

For construction projects (including building refurbishment or fit out):

- (a) which are either being funded by the Operator or in respect of which the Operator has design responsibility; and
- (b) in respect of which the total capital cost exceeds £1,000,000 (pounds sterling one million),

the Operator shall use all reasonable endeavours to achieve at least an “**excellent**” rating from an accredited assessor using BREEAM (or a rating equivalent to “**excellent**” in an equivalent recognised standard such as the SKA Rating Standard as appropriate) at both the design stage and the post-construction stage unless the Secretary of State agrees that the relevant project is not of a suitable scale or type to be so assessed and the Operator shall provide to the Secretary of State such information in relation to any construction project as the Secretary of State may request.

4. Measurement of Traction Energy Usage

- 4.1 The Operator shall ensure that all rolling stock units that form part of the Train Fleet are able to measure and monitor fuel use as soon as practicable, and in the case of electric traction, enable the Operator to be a “**Metered Train Operator**” as defined by the Traction Electricity Rules.
- 4.2 The Operator shall become a Metered Train Operator as soon as practicable but in any event by no later than 31 December 2024.

- 8.3 The Secretary of State shall be entitled to consider any information provided to the Secretary of State by the Operator and any other sources of information which the Secretary of State considers to be relevant and the Secretary of State shall be entitled to request such information from the Operator as the Secretary of State requires for the purposes of the operation of this Chapter 7.1 (*Contract Payments*). Affiliate Trading

- 8.6 Without limiting paragraph 8.7, and unless otherwise agreed by the Secretary of State by reference to this paragraph, the Operator shall:
- (a) not rely on a Group Contract entered into by an Affiliate Counterparty on or after the Start Date unless:
 - (i) the Operator has rights of enforcement under that Group Contract against each Group Contract Supplier; and/or
 - (ii) the Group Contract is expressed such that rights and other benefits enjoyed by the Operator under that Group Contract can be assigned, novated or otherwise made available to any Public Sector Operator (including by way of Transfer Scheme) on the same terms (including as to price) as enjoyed by the Operator as a beneficiary of the Group Contract, following the termination of this Contract on the occurrence of an Event of Default or a Termination Event; and
 - (b) procure that any Affiliate Contract entered into on or after the Start Date (including a renewal of any such contract or arrangement (including the continuation of any such Affiliate Contract beyond its original term) and/or the variation of any Affiliate Contract):
 - (i) complies with the following requirements (each a “**Minimum Requirement**”), such that any Affiliate Contract, as a minimum:
 - (A) is on terms which ensure that:
 - (1) all rights and other benefits enjoyed by the Operator under that Affiliate Contract can be assigned, novated or otherwise made available to any Public Sector Operator (including by way of Transfer Scheme) following the termination of this Contract on the occurrence of an Event of Default or a Termination Event; and
 - (2) the assignment, novation or other transfer of such Affiliate Contract to a Public Sector Operator (including under a Transfer Scheme) does not, except as permitted under this paragraph 8.6(b), trigger a change to the rights and obligations of the parties under such Affiliate Contract or otherwise result in the Public Sector Operator being subject

- to different terms than those which would have applied if the Affiliate Contract had not been assigned, novated or otherwise transferred to the Public Sector Operator (including under a Transfer Scheme);
- (B) includes an unlimited warranty that the Affiliate Counterparty has and will continue to have (including upon the transfer of the Affiliate Contract to a Public Sector Operator) all rights (including contractual rights and Intellectual Property Rights) which are necessary for the:
 - (1) performance by the Affiliate Counterparty of its obligations under that Affiliate Contract; and
 - (2) Operator to receive the benefit of, and exercise the Operator's rights under, that Affiliate Contract without infringing the rights of the Affiliate Counterparty or any third party (and provides for the grant to the Operator of such rights as are required for that purpose);
 - (C) unless otherwise agreed by the Secretary of State, includes a restriction on any right for the Affiliate Counterparty to terminate for convenience the Affiliate Contract or any third party contract(s) necessary for the performance by the Affiliate Counterparty of its obligations under that Affiliate Contract such that the right to terminate for convenience can only be exercised by the Affiliate Counterparty on giving no less than twelve (12) months' notice. For this purpose, "**termination for convenience**" means a right for the Affiliate Counterparty to terminate the relevant contract for any reason other than on the basis permitted by the relevant contract as a result of a breach or insolvency of the other party;
 - (D) is procured, arranged and entered into in compliance with Procurement Policy; and
 - (E) is capable of being terminated by the Operator upon giving notice of no less than seven (7) Reporting Periods and includes terms that the Operator shall not incur any penalty or be required to make any termination payment to the relevant Affiliate Counterparty if the Operator elects to exercise any such termination right; and
- (ii) complies with the following further requirements (each an "**Additional Requirement**"), such that any Affiliate Contract:
- (A) includes provisions which require the Affiliate Counterparty to ensure that following any transfer of the Affiliate Contract to a Public Sector Operator:
 - (1) the level of service to the Public Sector Operator is to no less a standard than provided to the Operator in the twelve (12) months preceding the transfer (without limiting any provision which provides for a higher standard); and
 - (2) as regards any contractual term which permits a discretion to the Affiliate Counterparty (including as to price), the Public Sector Operator shall be treated by the Affiliate Counterparty no less favourably than the Affiliate Counterparty treats any other Affiliate of the Affiliate Counterparty;
 - (B) includes provisions which require that on the expiry or earlier termination of an Affiliate Contract which has been transferred to a Public Sector Operator, the Affiliate Counterparty will provide reasonable cooperation to the Public Sector Operator and/or its

replacement provider. Such reasonable cooperation will include, if and as requested by the Public Sector Operator, acting reasonably in facilitating and implementing data transfer (in a reasonably required format), knowledge transfer, the delivery up of any other Public Sector Operator assets and the return or deletion of data from the Affiliate Counterparty's systems; and

- (C) is entered into, renewed or varied only if the goods and/or services to be purchased from the Affiliate Counterparty are at competitive rates, on an arm's length basis, are in all ways appropriate, comply with this Contract and there is a sound business case for contracting with, or entering into an arrangement with, the Affiliate Counterparty.

8.7 The Operator shall not enter into any Affiliate Contract (including the renewal of any such contract or arrangement (including the continuation of any such Affiliate Contract beyond its original term) and/or the variation of any Affiliate Contract) unless the Secretary of State has, in the discretion of the Secretary of State, first consented to the terms of such Affiliate Contract and to it being entered into, varied or renewed on those terms, whether at or following a Periodic Finance Review Meeting (where such Affiliate Contract forms part of the agenda for that meeting) or otherwise, or Qualified Consent has been granted or deemed in respect of such Affiliate Contract pursuant to paragraph 8.8 below. In connection with any permission sought by the Operator in connection with this paragraph, the Operator shall provide to the Secretary of State:

- (a) evidence demonstrating that it has complied with the Minimum Requirements and the Additional Requirements set out in paragraph 8.6(b) above, which in relation to paragraph 8.6(b)(ii)(C), may include quotations and prices from other suppliers or providers for comparison and commercially challenging the price(s) quoted by the Affiliate Counterparty;
- (b) details of any management charges or management overheads forming part of such proposed Affiliate Contract; and
- (c) together with the evidence required pursuant to this paragraph 8.7, a certificate signed by a statutory director of the Operator confirming that the proposed Affiliate Contract complies with the requirements of paragraphs 8.6(b) and 8.7.

8.8 Where the Operator has provided the evidence and the statutory director certificate set out in paragraph 8.7 to the Secretary of State and:

- (a) the Secretary of State is not, at such time, able to properly evaluate such evidence in order to consent to the entry into (or variation) of any Affiliate Contract then the Secretary of State, at the Secretary of State's discretion, shall be entitled to grant consent to the entry into (or variation) of such Affiliate Contract subject to:
- (i) the Operator's compliance with any condition or conditions that the Secretary of State considers appropriate; and/or
- (ii) the Secretary of State retaining at all times the right to withdraw that consent, by notice to the Operator, where the Secretary of State having evaluated the evidence provided by the Operator in accordance with paragraph 8.7 is not or is no longer satisfied with the evidence provided by the Operator in relation to such Affiliate Contract ("**Qualified Consent**"); or
- (b) the Secretary of State has not, within twenty eight (28) days of receipt of such evidence and the statutory director's certificate, responded to the Operator by granting consent, granting Qualified Consent or refusing consent, in each case, to the entry into (or variation) of any Affiliate Contract then the Secretary of State shall be deemed to have granted Qualified Consent (on the same basis as set out in paragraph 8.8(a)(ii)) to the entry into (or variation) of such Affiliate Contract,

except that this paragraph 8.8 shall not apply in respect of any intra-group fuel hedging arrangement.

- 8.9 In the event that the Qualified Consent is granted or deemed in accordance with any of paragraphs 8.8(a) or 8.8(b) (as the case may be) then any payments made or costs or other liabilities incurred by the Operator in accordance with the terms of the relevant Affiliate Contract shall not be a Disallowable Cost, unless and until such Qualified Consent is withdrawn and the Operator has not complied with its obligations under paragraph 8.10 (within the timescales stipulated by the Secretary of State in that paragraph), to vary such Affiliate Contract or enter into a replacement agreement, contract, licence or other arrangement.
- 8.10 If Qualified Consent is withdrawn then the Operator shall, within such timescale as the Secretary of State may require:
- (a) vary such Affiliate Contract as required by and to the satisfaction of the Secretary of State for the purposes of securing compliance with the Minimum Requirements and the Additional Requirements and the Operator shall ensure the process set out in paragraph 8.7 is followed in respect of any such variation; or
 - (b) terminate such Affiliate Contract and enter into a replacement agreement, contract, licence or other arrangement. To the extent that such replacement contract is an Affiliate Contract, the Operator shall ensure that the process set out in paragraph 8.7 is followed in respect of the re-procurement of any replacement agreement, contract, licence or other arrangement,
- and the timescale to be required by the Secretary of State under this paragraph 8.10 shall be no less than:
- (i) twenty eight (28) days from the date upon which such Qualified Consent is withdrawn, in circumstances where Qualified Consent is withdrawn due to the Affiliate Contract not complying with any Minimum Requirement; and
 - (ii) six (6) months from the date upon which such Qualified Consent is withdrawn, in circumstances where Qualified Consent is withdrawn due to the Affiliate Contract not complying with any Additional Requirement.

- 8.11 Any costs, expenses, and liabilities whatsoever incurred by the Operator in complying with the requirements of paragraph 8.10 and 8.13 shall be borne by the Operator as a Disallowable Cost and:
- (a) such costs shall include any legal, management and procurement costs, any termination costs and liabilities and any costs or expenses (including payments in the nature of a one off or upfront payment such as licence fees) associated with transitioning from any agreement, contract, licence or other arrangement to another, including facilitating and implementing data transfer (in a reasonably required format), knowledge transfer, the delivery up of any Operator assets and (where applicable) the return or deletion of data from the Affiliate Counterparty's systems; but
 - (b) if and to the extent that the payments to be made or any costs or other liabilities to be incurred by the Operator in accordance with the terms of a varied Affiliate Contract or a replacement agreement, contract, licence or other arrangement (as the case may be) that is procured in accordance with any of paragraphs 8.10(a), 8.10(b) or 8.13 (as applicable) are (in aggregate) higher than those which would otherwise have been payable or incurred under the applicable preceding Affiliate Contract then the resulting increase in cost shall not be a Disallowable Cost except that, to the extent that, in the Secretary of State's opinion, such payments, costs or other liabilities include costs which might reasonably have been expected to be incurred under or in connection with the termination of or transition of the applicable preceding Affiliate Contract, then such costs will be Disallowable Costs.

- 8.12 If:
- (a) consent to enter into, or vary, an Affiliate Contract is refused by the Secretary of State; or
 - (b) in respect of an Affiliate Contract in which Qualified Consent is withdrawn by the Secretary of State, the Operator has failed to comply with the requirements of paragraph 8.10 within the timescales stipulated by the Secretary of State in that paragraph,

then, in each case, without limiting any other rights the Secretary of State may have, any payments made or costs or liabilities incurred by the Operator under any such Affiliate Contract subsequent to any refusal of consent or expiry of such relevant timescales shall be a Disallowable Cost.

- 8.13 If the Operator is, at the Start Date, a party to an Affiliate Contract and such Affiliate Contract does not comply with the Minimum Requirements and Additional Requirements then the Operator shall, within such timescales as may be specified by Secretary of State, use all reasonable endeavours to vary or replace such Affiliate Contract so as to incorporate the Minimum Requirements and Additional Requirements. Paragraph 8.11 above shall apply in relation to any costs, expenses, and other liabilities whatsoever incurred by the Operator in complying with the requirements of this paragraph 8.13.

- 8.14 The Operator shall:

- (a) attend any additional meetings requested by the Secretary of State for the purposes of agreeing or determining any Contract Payments (if any) which are required to be calculated and paid pursuant to this Chapter 7.1 (Contract Payments) between the end of the Contract Period until the date of payment of the Final Closing Adjustments. Any relevant provisions in paragraphs 8.1 to 8.12 to such Contract Payments in question shall apply mutatis mutandis to any such meetings; and
- (b) within ten (10) days of the start of each Contract Year provide to the Secretary of State a document which lists:
 - (i) all the Affiliate Contracts which, as at the date upon which such list is provided, do not comply with the Minimum Requirements and Additional Requirements. The list shall, as a minimum, include a description of the goods and services supplied under such Affiliate Contract, the name of the Affiliate Counterparty, the commencement date and date of expiry of such Affiliate Contract and the details of all third party arrangements relied on by an Affiliate Counterparty for the purposes of delivering the goods and services under the Affiliate Contract); and
 - (ii) all the Group Contracts that the Operator has, as at the date upon which such list is provided, relied on for the provision of the Rail Services and which do not comply with the requirements of paragraph 8.6(a).

At the request of the Secretary of State, the Operator shall provide to the Secretary of State a copy of all Affiliate Contracts (including all third party arrangements relied on by an Affiliate Counterparty for the purposes of delivering the goods and services under the Affiliate Contract) and Group Contracts, in each case, as listed in the document supplied by the Operator under this paragraph 8.14(b).

- (c) provide such further supporting information as the Secretary of State shall require.

9.4 The Parties acknowledge and agree that the payment of any amounts to remedy a Working Capital Shortfall shall be at the Secretary of State’s discretion. Where the Secretary of State elects to make a payment to remedy a Working Capital Shortfall, the Parties shall agree or where the Parties fail to agree, the Secretary of State may determine the amount required to remedy such Working Capital Shortfall (an “**Emergency Working Capital Payment**”) and when such Emergency Working Capital Payments are to be paid.

9.5 The Secretary of State shall pay to the Operator any Emergency Working Capital Payment in accordance with the timescales agreed or determined in accordance with paragraph 9.4.

---------------	----------------------------

Where:

FWCP	First Working Capital Payment
TotalWCP	the aggregate of all Working Capital Payments and all Emergency Working Capital Payments paid to the Operator during the Contract Period
TotalWCR	the aggregate of all Working Capital Repayments paid by the Operator during the Contract Period

11.2 The value of FWCA shall be payable as an adjustment to the Contract Payment payable in the Reporting Period in which the Final Balance Sheet is delivered to the Secretary of State, provided that if the Final Balance Sheet is delivered more than ten (10) Weekdays after the first day of that Reporting Period, the value of FWCA shall become payable in the immediately following Reporting Period.

11.3 If the Operator fails to provide any information in accordance with its obligations in Chapter 7.3 (*Management Information*) to enable the Secretary of State to calculate any Working Capital Repayment or the Final Working Capital Adjustment the Secretary of State shall (without prejudice to the Secretary of State’s other rights) be entitled (but not obliged) to determine the amount of WCR or FWCA (as the case may be) in accordance with this paragraph 11 but by reference to the relevant information available to the Secretary of State at the time of such determination.

- 12.3 FFPBF shall be calculated on the basis that no interest is due pursuant to paragraph 3 of this Chapter 7.1 (*Contract Payments*).
- 12.4 Where a PBF Assessment Period has been extended pursuant to Chapter 7.2 (*Performance Based Fee*) and such PBF Assessment Period extends across two Contract Years, when calculating FFPBF:
 - (a) the value of PBF for the first of those Contract Years shall be zero and the FFPBF for that first Contract Year shall be made as an adjustment to the next Contract Payment payable after the Actual Annual Losses for that Contract Year have been agreed between the Parties or determined by the Secretary of State in accordance with paragraph 8.1(a)(viii); and

in each case, if and to the extent that the Secretary of State considers that the STS Amount at the end of the then current Reporting Period will have increased above the STS Amount last taken into account in calculating STSA by an amount significantly more than the Secretary of State would reasonably expect as a result of a stable, long-run trend.

13.4 Where the Secretary of State requires an adjustment to the value of STSA, the Parties shall agree or where the Parties fail to agree, the Secretary of State may determine the amount of any such adjustment.

13.5 Where the Secretary of State requires the payment of an Extraordinary STS Adjustment, the Parties shall agree or where the Parties fail to agree, the Secretary of State may determine the amount of any Extraordinary STS Adjustment and when such Extraordinary STS Adjustment is to be paid.

14.2 Where the Annual Audited Accounts and consequently the Audited Accounts Reconciliation in relation to any previous Contract Year are subject to adjustment or restatement the Secretary of State shall have a discretion to require the recalculation of any affected Contract Payment Component for the relevant Contract Year and to require that the Operator shall pay to the Secretary of State the amount which is the difference between:

- (a) any amount actually paid to the Secretary of State or adjusted in favour of the Secretary of State and the amount that would have been paid or adjusted had the affected Contract Payment Component been originally calculated on the basis that such adjustment or revision was included in the Annual Audited Accounts and Audited Accounts Reconciliation; and/or
- (b) any amount actually paid by the Secretary of State or adjusted in favour of the Operator and the amount that would have been paid or adjusted had the affected Contract Payment Component been originally calculated on the basis that such adjustment or revision was included in the Annual Audited Accounts and Audited Accounts Reconciliation.

- 16.2 The Operator shall not, without the consent of the Secretary of State, at any time be a party to any arrangement of any kind whatsoever under which:

- unless otherwise directed in writing by the Secretary of State, provided that where compliance with paragraph (a) in relation to revenue will have consequential impacts on costs and/or compliance with (b) in relation to costs will have consequential impacts on revenue, the Operator's obligation will be to use all reasonable endeavours to optimise in combination the revenue and cost position.
- 16.7 The Operator shall proactively consider and implement actions to meet its obligations pursuant to paragraph 16.6 above, provided that where the consent of the Secretary of State is required to any action pursuant to the terms of the National Rail Contract, the Operator shall seek the Secretary of State's consent as soon as practicable and shall only pursue such action once consent has been provided.

APPENDIX 1 TO CHAPTER 7.1

Calculation of Periodic Contract Payments (PCP)

1. Periodic Contract Payments

- 1.1 This Appendix 1 (*Calculation of Periodic Contract Payments (PCP)*) to Chapter 7.1 (*Contract Payments*) sets out how the Periodic Contract Payment (PCP) shall be calculated.
- 1.2 In carrying out the calculations in this Appendix 1 (*Calculation of Periodic Contract Payments (PCP)*):
 - (a) Actual Costs and the Cost Budget shall be expressed as positive numbers where they are paid or payable by the Operator; and
 - (b) Actual Revenue and Forecast Revenue shall be expressed as positive numbers where they are received or receivable by the Operator
- 1.3 In this Appendix 1 (*Calculation of Periodic Contract Payments (PCP)*) to Chapter 7.1 (*Contract Payments*):

“Current Reporting Period”	means the Reporting Period for which the Periodic Contract Payment (PCP) calculation is being made;
“Preceding Reporting Period”	means the Reporting Period immediately before the Current Reporting Period;
“Current Year”	means the Contract Year which contains the Current Reporting Period;
“Preceding Year”	means the Contract Year immediately before the Current Year; and
“YT2PP”	means calculated for all Reporting Periods in the Current Year up to and including the Reporting Period that is two Reporting Periods before the Current Reporting Period.

2. Calculation of Periodic Contract Payment

- 2.1 The Periodic Contract Payment (PCP) (which may be a positive or a negative number) shall be calculated in relation to each Reporting Period after the Start Date as follows:

PCP =	ICP + CostADJ – IRP – RevADJ + AADJ
--------------	--

ICP (initial cost payment) *	means the initial costs payment being an amount equal to the budgeted costs for the Current Reporting Period as shown in the Cost Budget as most recently Placed in Escrow.
CostADJ (periodic cost adjustment) (i.e. the adjustment for the difference between the initial cost payment and the relevant costs actually	means: <ul style="list-style-type: none"> (a) for the first and second Reporting Periods of the first Contract Year, £0 (zero); (b) for the <u>first and second</u> Reporting Period of the <u>second and subsequent</u> Contract Years; CAC_{py}, <u>minus</u> PICP_{py}, <u>minus</u> PCostADJ_{py} i.e.: $CostADJ = CAC_{py} - PICP_{py} - PCostADJ_{py}$

<p>incurred, in the relevant period)</p>	<p>(c) for the <u>third and subsequent</u> Reporting Periods in each Contract Year; CAC_{cy} minus PICP_{cy} minus PCostADJ_{cy} i.e.:</p> $CostADJ = CAC_{cy} - PICP_{cy} - PCostADJ_{cy}$
<p>PICP_{cy} (previous initial cost payments (current year to two reporting periods before the current reporting period))</p>	<p>means the sum of the initial cost payments (calculated as ICP) YT2PP. For the avoidance of doubt, in calculating PICP_{cy}, each ICP is the amount as at the date of its original calculation (i.e. each ICP shall not be recalculated to take account of any Cost Budget Changes).</p>

Management Information

1. Financial Information

1.1 Accounting Records

The Operator shall prepare and at all times during the Contract Term and until the date of payment of the Final Closing Adjustment, maintain true, up to date and complete accounting records as are required to be kept under section 386 of the Companies Act 2006. Such records shall be prepared on a consistent basis for each Reporting Period of the Contract Year. The Operator shall ensure that such accounting records are produced and maintained in a form which distinguishes between transactions which reasonably and properly relate, on the accruals basis, to:

- (a) the period prior to 1 March 2020;
- (b) the period from 1 March 2020 to the Start Date;
- (c) the Contract Period; and
- (d) the period from the end of the Contract Period until the date of payment of the Final Closing Adjustment.

- 1.2 The Operator shall record all balances and transactions relating to this Contract within an accounting system, or a clearly distinguishable and separate section of an accounting system, entirely separate from transactions and balances relating to the Previous Agreement. At all times this separation of transactions and balances shall be maintained such that receipts, payments, the reversal of accounting transactions and any other accounting adjustments relating to the Previous Agreement are entirely separately identifiable and capable of aggregation into a separate balance sheet, on demand by the Secretary of State, which exclusively contains information in relation to Previous Agreement.

In winding down the balance sheets and settling transactions relating to: (1) any Previous Agreement until its Final Settlement Date (as defined in the Previous Agreement); and (2) the period from the end of the Contract Period until the date of payment of the Final Closing Adjustment, the Operator shall act as a Good and Efficient Operator including by:

- (a) making payments to third parties only where there is compelling evidence that such payments are required to be made by contract or statute, permitted by the Funding Deed (as defined in the Previous Agreement) or the Funding Deed, or are at the direction of the Secretary of State;
- (b) not writing off, forgoing, failing to correct or otherwise not pursuing third parties which the Operator believes owe the Operator cash or other consideration, whether as settlement of debtors, claims or otherwise, and whether recorded as a debtor or accrued income in the Operator's accounts or otherwise;
- (c) actively and frequently reviewing provisions and other liabilities to consider the likelihood of cash payments being required to be made to settle these, and only writing off any such balances where there is a highly remote chance of the Operator being required to settle these balances;
- (d) actively and frequently reviewing debtor and accrued income balances to consider whether there are opportunities to bring forward receipt and settlement of such debts;
- (e) seeking to settle balances with third parties at values and within timescales which a Good and Efficient Operator seeking to maximise revenue and minimise cost would seek to do (unless otherwise directed by the Secretary of State);
- (f) matching the receipt of cash or the payment of cash against accounting balances, and where such payments and receipts occur, seeking to adjust any remaining balances

relating to such transactions so that once settled in full, residual debtors and creditors are nil;

- (g) reviewing, analysing and, as required by the Secretary of State from time to time, reporting the residual balances relating to the Previous Agreement, sufficient to be capable of providing an accurate, true and fair balance sheet, restated as necessary to take account of subsequent events, in accordance with GAAP as at:
 - (i) 1 March 2020;
 - (ii) 20 September 2020;
 - (iii) the Start Date; and
 - (iv) the date of payment of the Final Closing Adjustment;
- (h) otherwise maintaining records sufficient to provide the Secretary of State with any of the equivalent applicable reporting requirements of paragraph 1.3 of this Chapter 7.3 (*Management Information*) for transactions and balances in relation to the Previous Agreement;
- (i) Promptly updating the Secretary of State when material transactions occur relating to the Previous Agreement at any time, or occur relating to this contract after the Expiry Date, providing sufficient information for the Secretary of State to consider the requirement to make, and value of, transactions between the Secretary of State and the Operator in order to comply with the obligation of this Contract or the Previous Agreement;
- (j) reviewing, analysing and, as required by the Secretary of State from time to time, reporting the residual balances relating to this Contract, sufficient to be capable of providing an accurate, true and fair balance sheet, restated as necessary to take account of subsequent events, in accordance with GAAP as at:
 - (i) the Start Date;
 - (ii) the end of the Contract Period; and
 - (iii) the date of payment of the Final Closing Adjustment; and

Chapter 7.5

Variations, Changes and Amendments

1. Purpose and Application of Chapter

1.1 This Chapter 7.5 (*Variations, Changes and Amendments*) sets out:

- (a) the circumstances which will result in an adjustment to any of the Escrow Documents and/or the Operational Performance Targets;
- (b) the process by which the Operational Performance Target(s) will be adjusted to reflect any Operational Performance Target Amendment Event; and
- (c) the process by which the Amendable Financial Target(s) will be adjusted to reflect any Financial Amendment Event.

2. How any adjustments to the Cost Budget, Record of Assumptions, Amendable Financial Target(s) and Operational Performance Target(s), will be established

2.1 Each Party shall notify the other promptly on becoming aware that any Trigger Event has occurred or is likely to occur and in particular the Operator shall notify the Secretary of State as soon as practicable after the date that Operator becomes so aware (or if earlier, that date that a Good and Efficient Operator should have been aware).

2.2 Any notice under paragraph 2.1:

- (a) in the case of a notice of a Cost Budget Change Event or a Financial Target Amendment Event served by the Operator shall be accompanied by such information as will enable the Secretary of State to determine the financial effect of such Cost Budget Change Event or Financial Target Amendment Event (including, where appropriate, the proposed updates to the applicable Cost Category, and if applicable to the Amendable Financial Target and/or the Record of Assumptions to reflect the financial effect of the Cost Budget Change Event or Financial Target Amendment Event);
- (b) in the case of a notice of a Cost Budget Change Event or a Financial Target Amendment Event served by the Secretary of State, the Operator shall supply to the Secretary of State such information within such period as the Secretary of State may require for the purposes of determining the financial effect of such Cost Budget Change Event or Financial Target Amendment Event (including, where appropriate, the proposed updates to the applicable Cost Category in the Cost Budget and the Record of Assumptions to reflect the financial effect of the Cost Budget Change Event or Financial Target Amendment Event);
- (c) in the case of a notice of an Operational Performance Target Amendment Event served by the Operator, shall be accompanied by such information as will enable the Secretary of State to determine the operational effect of such Operational Performance Target Amendment Event (including the proposed updates to the applicable Operational Performance Target(s) to reflect the operational effect of the Operational Performance Target Amendment Event); and
- (d) in the case of a notice of an Operational Performance Target Amendment Event served by the Secretary of State, the Operator shall supply to the Secretary of State such information within such period as the Secretary of State may require for the purposes of determining the operational effect of such Operational Performance Target Amendment Event (including the proposed updates to the applicable Operational Performance Target(s) to reflect the operational effect of the Operational Performance Target Amendment Event).

2.3 The Parties shall act in a timely manner in considering the effects of any Trigger Event notified under paragraph 2.1 or in any discussions pursuant to paragraph 1.24 of Appendix 1 to this Chapter 7.5 (*Variations, Changes and Amendments*).

Cost Budget Changes

Periods 1 to 7 Budget Change

2.4 A Cost Budget Change will occur to reflect the difference between:

- (a) the Operator's outturn costs for each Cost Category for the ERMA Final Part Year; and
- (b) each of the Cost Categories for the Periods 1 to 7 Budget, as calculated in accordance with paragraph 2.5.

2.5 The EFPY Outturn (**EFPYO**) for each Cost Category shall be calculated as follows:

$$EFPYO = \text{Periods 1 to 7 Budget Costs} - EFPYActuals$$

where

Periods 1 to 7 Budget Costs	means in relation to each Cost Category, an amount equal to the total costs included in the Periods 1 to 7 Budget; and
EFPYActuals	<p>means in relation to each Cost Category, an amount equal to the ERMA Final Part Year Actual Costs plus the ERMA Final Part Year Actual Capex adjusted as follows:</p> <ul style="list-style-type: none"> (a) by excluding any Aggregated Costs and Revenues Liabilities (as defined in paragraph 9.11 of Schedule 8.1A of the Previous Agreement) for the ERMA Final Part Year; (b) by excluding any depreciation; and (c) by applying such other adjustments as the Parties agree or the Secretary of State reasonably determines are appropriate to achieve a "like-for-like" comparison between the ERMA Final Part Year outturn costs and (disaggregated) costs in the Periods 1 to 7 Budget for the ERMA Final Part Year.

If EFPYO:

- (a) equals **zero**, there will be no Cost Budget Change under this paragraph 2.5;
- (b) is a **positive number**, the Cost Budget for the first Contract Year shall be increased by that amount;
- (c) is a **negative number**, the Cost Budget for the first Contract Year shall be reduced by the absolute value of that amount,

and the Parties shall seek to agree the Agreed Updates to reflect such financial impact (including discussing the reasons for the overspends and/or underspends). If the Secretary of State and the Operator are unable to agree such Agreed Updates, the Secretary of State may determine them.

2.6 If the Final Audited Accounts Reconciliation (as defined in the Previous Agreement) indicates that the EFPY Outturn amount was incorrect or if the Final Accounts (as defined in the Previous Agreement) are subject to adjustment or restatement, the Secretary of State shall have a discretion to require the recalculation of the EFPY Outturn amount, and the Parties shall seek to agree the Agreed Updates. If the Secretary of State and the Operator are unable to agree such Agreed Updates, the Secretary of State may (but shall not be obliged to) determine them.

Cost Budget Change Events

2.7 If a Cost Budget Change Event occurs, (save to the extent that any mitigation measures and/or amended outputs agreed or determined following discussions under paragraph 2.8, result in the Cost Budget Change Event having no financial impact on any of the Cost Categories) a Cost Budget Change will occur and the Parties shall seek to agree the Agreed Updates (if any) to reflect the financial impact of the Cost Budget Change Event and of such mitigation measures and amended outputs (if any) as may be agreed or determined. If the Secretary of State and the Operator are unable to agree such mitigation measures and/or Agreed Updates (if any), the Secretary of State may determine them (if any). Any Secretary of State

determination pursuant to this paragraph 2.7 regarding any potential Agreed Updates shall be subject to the Determination Escalation Process.

- 2.8 When considering the financial impact of a Cost Budget Change Event:
- (a) the Parties shall discuss the reasons for any actual or anticipated overspend or underspend;
 - (b) if the Cost Budget Change Event causes an increase in costs, the Operator shall promptly propose and the Parties shall consider proposals for mitigating any increase in cost in any Cost Category resulting from (or otherwise associated with) the Cost Budget Change Event, including whether any such increase can be:
 - (i) absorbed (in whole or part) by being offset by actual or anticipated underspend on other cost items within the relevant Cost Category;
 - (ii) absorbed (in whole or part) within the overall Cost Budget (including by offsetting (in whole or part) the increase in cost in a Cost Category by reducing the costs in another Cost Category to reflect actual or anticipated underspend); and/or
 - (iii) offset (in whole or part) by a Business Plan Revision pursuant to the provisions of paragraph 6 of Chapter 7.7 (*Business Plan*) or by a Variation;
 - (c) if the Cost Budget Change Event causes a decrease in costs, the Operator shall promptly propose and the Parties shall consider options for the application of the reduction in costs resulting from the Cost Budget Change Event to deliver additional or improved outputs including through a Business Plan Revision or Variation; and
 - (d) in relation to a Cost Budget Change Event pursuant to paragraph 1.24 of Appendix 1 to this Chapter 7.5 (*Variations, Changes and Amendments*) only, the Parties shall take account of any relevant discussions held between the parties pursuant to paragraph 1.24 of Appendix 1 to this Chapter 7.5 (*Variations, Changes and Amendments*).
- 2.9 If there is no relevant Trigger Event as referred to in paragraphs 1.1 to 1.23 of Appendix 1 to this Chapter 7.5 (*Variations, Changes and Amendments*) but:
- (a) the Actual Costs, incurred or expected to be incurred in relation to a Cost Category exceed the level in the Cost Budget as most recently Placed in Escrow; and
 - (b) the Secretary of State is not satisfied that that the provisos in paragraph 1.24 of Appendix 1 to this Chapter 7.5 (*Variations, Changes and Amendments*) have been met,

the Secretary of State (at the Secretary of State's discretion) may determine that a Cost Budget Change Event shall occur in which case the updated Cost Budget shall not include any costs to the extent arising from the Operator's failure to act as a Good and Efficient Operator.

- 2.10 Any Cost Budget Change shall take effect when the updated Cost Budget and associated updated Escrow Documents are Placed in Escrow. For the avoidance of doubt, although a Cost Budget Change takes effect from the Placed in Escrow date, the Parties acknowledge that it may have a retrospective impact on the Cost Budget.
- 2.11 If the Cost Budget has been agreed or determined before the start of the relevant Contract Year and a Cost Budget Change Event occurs after the relevant Escrow Documents are updated which will affect it, the provisions of paragraph 2.7 shall apply in relation to the impact that such Cost Budget Change Event has on the Cost Budget Placed in Escrow.

Financial Target Amendments

- 2.12 A Financial Target Amendment will occur if:
- (a) a Financial Target Amendment Event occurs; and
 - (b) such Financial Target Amendment Event requires the relevant Amendable Financial Target(s) for that Contract Year to be amended by a net financial value which is equal to or greater than the Relevant Threshold Amount for that Amendable Financial Target,

and the Parties shall seek to agree the financial impact of a Financial Target Amendment Event and if applicable shall seek to agree the Agreed Updates (if any) to reflect the financial impact of the Financial Target Amendment Event. If the Secretary of State and the Operator are unable to agree whether the Relevant Threshold Amount has been met (or exceeded) and/or such Agreed Updates (if any), the Secretary of State may determine such matters (and any such determination shall be subject to the Determination Escalation Process).

- 2.13 Any Financial Target Amendment shall take effect when the updated relevant Escrow Documents are Placed in Escrow. For the avoidance of doubt, although a Financial Target Amendment takes effect from the Placed in Escrow date, the Parties acknowledge that it may have a retrospective impact on the Amendable Financial Target(s).
- 2.14 If an Amendable Financial Target has been agreed or determined before the start of the relevant Contract Year and a Financial Target Amendment Event occurs after the relevant Escrow Documents are updated which will affect it, the provisions of paragraph 2.12, shall apply in relation to the impact that such Financial Target Amendment Event has on the relevant Amendable Financial Targets Placed in Escrow.

Operational Performance Target Amendments

- 2.15 If an Operational Performance Target Amendment Event occurs, an Operational Performance Target Amendment will occur and the Parties shall seek to agree the impact of the Operational Performance Target Amendment Event and updates (if any) to the applicable Operational Performance Target(s) to reflect the Operational Performance Target Amendment Event. If the Secretary of State and the Operator are unable to agree such updates (if any), the Secretary of State may determine them (if any) (and any such determination shall be subject to the Determination Escalation Process).
- 2.16 Any Operational Performance Target Amendment shall take effect on and from the date that the relevant updated Operational Performance Target(s) is agreed or determined. For the avoidance of doubt, although an Operational Performance Target Amendment takes effect from date agreed or determined, the Parties acknowledge that it may have a retrospective impact on the Operational Performance Target(s).

3. Other impacts of Trigger Events and Agreed Updates

- 3.1 Where the Secretary of State considers that the assumptions contained in the Record of Assumptions, are ambiguous or that additional assumptions are required in relation to circumstances not dealt with by the assumptions in the Record of Assumptions, the Parties shall agree or the Secretary of State shall determine the assumptions or additional assumptions to be utilised for this purpose (and any such determination shall be subject to the Determination Escalation Process).
- 3.2 In considering or determining the impact of any Trigger Event, the Secretary of State shall (inter alia) take account of:

The impacts of the Agreed Updates will not be processed until the Secretary of State has confirmed that the adjusted updated document(s) are ready to be Placed in Escrow in accordance with paragraph 5 of this Chapter 7.5 (*Variations, Changes and Amendments*).

- 3.4 Within five (5) Weekdays after the end of each Quarter in each Contract Year, the Operator shall submit to the Secretary of State draft updates:

4. Variations in benefits, contributions and investment

4.1 If the Operator is considering making a proposal that falls within the scope of paragraphs 4.2(a) to 4.2(g) inclusive, it shall promptly consult with the Secretary of State in relation to that proposal prior to putting such a proposal to the Pensions Committee of any Operator Pension Section, the Trustee of the Railways Pension Scheme (the “**Trustee**”), or to any trade union. The Operator must otherwise consult in good time with the Secretary of State in relation to any proposal falling within the scope of paragraphs 4.2(a) to 4.2(g) inclusive.

4.2 Separately and in addition to complying with its obligations under paragraph 4.1, the Operator shall not, without the prior written consent of the Secretary of State (which may be given on such terms and subject to such conditions as the Secretary of State thinks fit):

- (a) restructure or change the composition of the earnings of employees of the Operator in such a way as to increase the part of those earnings which qualifies as pensionable earnings under the rules of the Railways Pension Scheme applicable to any Operator Pension Section (the “**Operator Pension Section Rules**”) or take any action (or consent to the taking of any action) which could detrimentally affect the funding of any Operator Pension Section, including varying or providing different or additional benefits under that Operator Pension Section or promising to do so, unless this change:
 - (i) is required by Law; or
 - (ii) only affects benefits payable in respect of past service of members of that Operator Pension Section and on or prior to the effective date of the change the Operator pays an additional cash payment to the Trustee which, in the opinion of the Actuary, meets in full the additional funding cost imposed on that Operator Pension Section; or
 - (iii) would not lead to substantial changes in the funding of any Operator Pension Section and is the result of the normal application of the Operator Pension Section Rules in the ordinary day to day running of the business of the Rail Services, for example, where individual employees are, from time to

time promoted or transferred to higher paid or different employment which has a different composition of earnings;

- (b) make or consent to any proposal to change any of the provisions of the Pension Trust in respect of the Operator Pension Sections unless the change is required by Law;
- (c) provide retirement, death or life assurance benefits in respect of any of its employees other than under any Operator Pension Section or as provided in paragraph 3;

- (e) take any action (or consent to the taking of any action) which could affect the contributions payable by Participating Employers under any Operator Pension Section, including exercising any discretion allowed to the Operator as Designated Employer arising out of any actuarial valuation of an Operator Pension Section, and varying or providing different or additional benefits under the Operator Pension Sections in respect of future service, unless such action is required by Law;
- (f) close an Operator Pension Section to new members; or
- (g) take (or omit to take) any action which could result in any Operator Pension Section being wound up, in whole or in part.

4.3 The Operator shall consult with the Secretary of State on:

- (a) any proposal made by the Trustee to change the statement of investment principles applicable to any Operator Pension Section; and
- (b) any proposal to alter the rate of contributions payable by the Operator or its employees under a new schedule of contributions for the Operator Pension Section.

5. Funding Liabilities

5.1 The Operator shall pay the employer contributions required under the schedule of contributions applicable to each Operator Pension Section (or either of the British Railways Superannuation Fund or the BR (1974) Pension Fund in which it participates) in respect of the Contract Term subject to the provisions of paragraph 5.2 below.

5.2 Where, during the Contract Term, Rail Services are aggregated or disaggregated by the Secretary of State (for example, as a result of remapping) and, as a consequence, an Operator Pension Section of which the Operator is the Designated Employer is required to accept a transfer in or to make a transfer out of members, the Secretary of State shall ensure that the Operator has no liability for any resulting deterioration immediately arising in the funding level of the Operator Pension Section measured in accordance with the Operator Pension Sections' technical provisions in Part 3 of the Pensions Act 2004, or for any amount arising under Article 7(4) of the Railway Pensions (Protection and Designation of Schemes) Order 1994. Notwithstanding the above the Secretary of State shall have no liability for any future deterioration in the funding levels of the Operator Pension Section linked to such transfer in or out of members.

6. Discharge of Obligations

6.1 The Secretary of State may at any time during the Contract Term seek information from the Trustee with a view to satisfying himself that the Operator and the other Participating Employers (if any) have fully discharged their respective obligations under the Railways Pension Scheme, including their obligations in respect of the payment of contributions to any Operator Pension Section.

6.2 The Operator shall promptly provide such information in relation to any Operator Pension Section, including actuarial advice and information, as the Secretary of State may from time to time request and shall authorise and consent to the Trustee doing so.

6.3 The Operator shall, in respect of the Contract Term, use all reasonable endeavours to provide to the Secretary of State:

(a) within one (1) month of the expiry of each Contract Year; and

(b) at other times as soon as practicable following a request by the Secretary of State, a certificate signed by the Trustee in relation to the Operator Pension Sections stating either that the Operator has fully complied with its obligations under the Railways Pension Scheme, including its obligation to contribute to the Operator Pension Sections or, if it has not so complied, stating the extent to which it has not done so. Where the certificate is given pursuant to paragraph 6.3(a), it shall cover the relevant Contract Year. Where the certificate has been given pursuant to paragraph 6.3(b), it shall cover such period as the Secretary of State shall specify.

7. **Termination of this Contract**

The Secretary of State shall at the end of the Contract Period ensure that the Operator has no liability for any deficit in the Operator Pension Sections (other than for contributions due and payable by the Operator to the Operator Pension Sections for any period prior to the end of the Contract Term) and shall have no right to benefit from any surplus which may exist in the Operator Pension Sections. For the avoidance of doubt, this paragraph 7 shall apply where the Rail Services are either aggregated or disaggregated (for example, as a result of remapping).

8. **Operator Obligations to Participate in any Investigation and Reform**

8.1 The Operator shall:

(a) act in good faith and in a Reasonable Commercial Manner at all times; and

(b) engage appropriately with the RDG, the Pensions Regulator and the relevant trade unions,

(b) any Investigation concerning one or more of the Operator Pension Sections, in which case the Operator shall use all reasonable endeavours to achieve an outcome from that Investigation with which a reasonable Train Operator, who was in the position of the Operator and acting in a Reasonable Commercial Manner, would be satisfied; and

(c) any industry wide efforts to reform the pension arrangements or benefits payable under the Railways Pension Scheme or offered to employees of Train Operators, recognising the need for the British passenger rail industry to be affordable and offer value for money in the interests of relevant stakeholders including taxpayers.

9. **Information Powers**

Where required by the Secretary of State, the Operator agrees to allow the Secretary of State or the Secretary of State's representatives to attend any meeting between the Operator and the Trustee and/or the Pensions Regulator where the meeting in whole or part relates to matters to which paragraph 8 or 10 of this Chapter 7.6 applies.

10. **Pension Directions by the Secretary of State**

10.1 The Secretary of State may, at any time, by written notice to the Operator, direct that the Operator take such action in relation to pensions for employees and workers of the Operator

as the Secretary of State may in its discretion determine. The Secretary of State may consult with the Operator before issuing any such direction under this paragraph 10. The Secretary of State may issue more than one direction to the Operator under this paragraph 10.

- 10.2 Without limiting the generality of paragraph 10.1, such directions may include:

 - (b) directing the Operator to offer such alternative pension arrangements to employees or workers of the Operator as the Secretary of State may determine; and
 - (c) directing the Operator to make proposals to the Trustee of the Railways Pension Scheme in relation to benefits, contributions or investments.
- 10.3 Where the Operator receives a direction under paragraph 10.1, the Operator will use all reasonable endeavours to implement the direction and to work in good faith and act in a Reasonable Commercial Manner with other parties to give effect to the direction.
- 10.4 To the extent that the terms of any direction given under paragraph 10.1 conflict with any of the other terms of this Chapter 7.6, the terms of the direction shall prevail to the extent of that inconsistency.
- 10.5 The Operator will provide the Secretary of State with any documents or information which it may request in connection with any matter which is relevant to the subject of any direction given under paragraph 10.1 or its implementation.
- 10.6 Nothing in this paragraph 10 shall require the Operator to breach any legal obligation to which it is subject. Where the Operator reasonably considers that the implementation of any aspect of the direction will cause it to breach any legal obligation of the Operator the Secretary of State shall work in cooperation with the Operator with a view to agreeing an approach to discuss changes to avoid or otherwise mitigate the risk of such breach.

The Operator shall implement the Business Plan KPI Improvement Plan in accordance with its terms and the agreement or determination of the Business Plan KPI Improvement Plan shall be a Cost Budget Change Event, provided that any action point that would require the Operator to perform or deliver relevant requirements of the Business Plan Approach shall not entitle the Operator to any adjustment to the Cost Budget.

- (d) either Party may from time to time propose, by notice to the other Party, that revisions may be made to the then current Business Plan,

and in each case, revisions to the then current Business Plan may be agreed between the Parties or determined at the Secretary of State's discretion (and any such determination shall be subject to the Determination Escalation Process), provided that (to the extent practicable) the Secretary of State shall act reasonably and shall not make such a determination without first consulting with, and taking due regard of any views of, the Operator, any such revision being a **"Business Plan Revision"** for the purposes of this Contract.

- 6.2 The Operator's performance and progress against the Business Plan will be reviewed in particular at each Contract Performance Meeting and in the first Periodic Finance Review Meeting in each Quarter. No later than ten (10) Weekdays after the start of each Quarter (save for the first Quarter in each Contract Year), the Operator shall:

- (a) the Secretary of State wishes the parties to seek to agree the terms of such Industry Change Project pursuant to paragraph 7.3 below;
 - (b) the Secretary of State wishes the Operator to amend its proposal with respect to such Industry Change Project, and/or provide further information as the Secretary of State may request in relation to such Industry Change Project (and following the submission of any such amended Industry Change Project proposal and/or additional information, the Secretary of State shall notify the Operator whether (in the Secretary of State's discretion) the Secretary of State is then minded to apply limb (a), (b) or (c) of this paragraph 7.2 in relation to such Industry Change Project); or
 - (c) the Secretary of State does not wish to proceed with such Industry Change Project.
- 7.3 Following any notification from the Secretary of State to the Operator pursuant to paragraph 7.2(a) above, the Parties shall each act in a timely manner to seek to agree the terms of such Industry Change Project, together with any associated ICP Incentivisation and/or ICP Relief, such that the Operator is enabled to deliver such Industry Change Project under this Contract, provided that in all circumstances:
- (a) any ICP Incentivisation shall be commensurate with the increased risk to be adopted by the Operator as a result of the relevant Industry Change Project, taking into account:
 - (i) any other incentives and rewards available to the Operator pursuant to this Contract;
 - (ii) the scale and nature of the relevant Industry Change Project;
 - (iii) the extent of any increased requirements for the Operator to deploy or draw on the input and expertise of senior employees of any Parent or Affiliate of the Operator in excess of what would reasonably be expected to be required for the purposes of the day to day management of the Operator and the performance of its obligations under the National Rail Contract;
 - (iv) the levels of return that could reasonably be expected in relation to projects of a similar nature (whether within the rail industry or otherwise);
 - (v) the extent to which the Secretary of State is likely to benefit from the Operator's transfer, grant or licensing of Intellectual Property Rights relating solely to the relevant Industry Change Project; and
 - (vi) the terms and effect of any applicable ICP Relief;
 - (b) any ICP Relief shall not exceed the relief necessary in order to account for any adverse effect on the Operator's performance of its obligations under the National Rail Contract (or other adverse impact on the Operator pursuant to the provisions of the National Rail Contract) which would otherwise arise as a direct result of the Operator's performance or delivery of the associated Industry Change Project; and
 - (c) the Secretary of State considers (in the Secretary of State's discretion), that the Industry Change Project meets any affordability criteria as the Secretary of State may be minded to apply in relation to consideration of any proposed Industry Change Project from time to time; and
 - (d) the terms of any Industry Change Project, together with any associated ICP Incentivisation and/or ICP Relief are consistent with the Procurement Policy, Subsidies Rules, Regulation 1370, and all applicable Laws (including all applicable requirements therein relating to the correspondence between compensation and net financial effect (including a reasonable profit) and the avoidance of overcompensation or a lack of compensation).

8. Conflicts between the National Rail Contract and the Business Plan

- 8.1 In the event of any conflict between the National Rail Contract and any Business Plan Commitment or other element of the Operator's then current Business Plan:
- (a) each Party shall notify the other promptly on becoming aware of any such conflict; and
 - (b) subject to paragraph 8.2 below, the provisions of the National Rail Contract shall prevail.
- 8.2 If at any time there is a conflict between the National Rail Contract and any Business Plan Commitment or other element of the Operator's then current Business Plan, the Parties may agree or the Secretary of State may give notice to vary this Contract in accordance with the provisions of paragraph 8 (*Variations*) of Chapter 7.5 (*Variations, Changes and Amendments*).

- (b) not apply in respect of:
 - (i) Rolling Stock Related Contracts, Access Agreements, Property Leases; and
 - (ii) any other contracts, licences and arrangements in relation to which the Secretary of State has expressly agreed that this paragraph 12 will not apply.

12.2 The Parties agree and acknowledge that where a Business Plan includes:

- (a) details of the proposed Business Plan Approach for Subsequent Business Plan Years, any actual implementation and delivery of that approach will be dependent upon the Secretary of State (in the Secretary of State's discretion) deciding to agree such implementation and delivery and related funding as part of the Business Plan for each of the relevant Subsequent Business Plan Years so referred to in the Business Plan Approach; and
- (b) Business Plan Commitments that are to continue for Subsequent Business Plan Years, any actual implementation and delivery of that Business Plan Commitment will be dependent upon the Secretary of State (in the Secretary of State's discretion) deciding to agree such implementation and delivery and related funding as part of the Business Plan for each of the relevant Subsequent Business Plan Years to which the continuation of that Business Plan Commitment relates.

12.3 At the end of each Quarter, the Operator shall provide to the Secretary of State a report listing:

- (a) each contract entered into by the Operator during the relevant Quarter which:
 - (i) the Operator requires to deliver any Business Plan Commitment; and
 - (ii) has a term extending beyond the then current Business Plan Year,
 (each an “**Extended Term Contract**”);
- (b) the purpose and scheduled expiry date of each relevant Extended Term Contract; and
- (c) the potential breakage and termination costs which would be incurred in respect of each relevant Extended Term Contract if the relevant Extended Term Contract were terminated by the Operator prior to the end of its term.

12.4 The Operator shall not, without the prior consent (or Approval, if so required in accordance with the terms of this Contract in relation to the subject matter and/or effect of the relevant contract) of the Secretary of State, enter into any contract which:

- (a) the Operator requires for the performance of or compliance with its obligations under this Contract, including to deliver any Business Plan Commitment;

- (an “**Extended Term Designatable Contract**”).

12.5 The Operator shall provide to the Secretary of State:

- (a) by no later than the Start Date, a report listing all of the Extended Term Designatable Contracts to which the Operator is a party and which the Secretary of State has Approved or consented to (as applicable); and
- (b) on or before each anniversary of the Start Date, an updated version of the report provided pursuant to paragraph 12.5(a),

unless otherwise directed by the Secretary of State.

12.6 When seeking the Secretary of State's Approval or consent (as applicable) in respect of any Extended Term Designatable Contract, the Operator shall specify (i) the preferred term of each relevant contract; (ii) why it believes that such term is optimal by reference to all relevant factors including contract terms, costs and value for money considerations; and (iii) potential breakage and termination costs if any such contract was to be terminated by the Operator prior to the end of the proposed term. If relevant, the Operator shall also provide by way of comparator details of the contracts that it could obtain for the same outputs terminating as the case may be at the end of the Core Term Expiry Date (or such later date as notified by the Secretary of State) or on no more than three (3) months' notice thereafter.

12.7 In developing the scope and content of any: (i) proposed Business Plan Commitments set out in a draft Business Plan (pursuant to paragraph 3 (Annual Business Plan Process) of Chapter 7.7 (Business Plan)), or (ii) any proposed revisions to Business Plan Commitments resulting from proposed Business Plan Revisions (in either case a “**Proposed Business Plan Commitment**”), the Operator shall also provide details to the Secretary of State of any Extended Term Designatable Contract that the Operator considers it will reasonably need to enter into in order to deliver a Proposed Business Plan Commitment, unless otherwise directed by the Secretary of State.

12.8 Notwithstanding Chapter 1.3 (*Approval Process*), following receipt of the information provided by the Operator pursuant to paragraph 12.6 above and paragraph 12.7 above (if applicable), the Secretary of State shall be entitled to:

- (a) Approve or consent to (as applicable) the contracting approach proposed by the Operator with respect to such Extended Term Designatable Contract and, where the Secretary of State so Approves or consents (as applicable) :
 - (i) the Secretary of State shall confirm that the Secretary of State would be minded to Approve or consent to (as applicable) the Operator entering into the relevant Extended Term Designatable Contract subject to the Secretary of State's Approval of or consent to the final terms of that contract; and
 - (ii) if the Secretary of State subsequently Approves or consents to (as applicable) the terms of the relevant Extended Term Designatable Contract and to the Operator entering into such contract and the Secretary of State issues an Expiry Notice pursuant to clause 2.2 (*Expiry on or after the Core Term Expiry Date*), then the Secretary of State shall, by (on or around the Expiry Date) serving a notice on the Operator, designate each Extended Term Designatable Contract as a Primary Asset, with such designation being on the following terms:

- (A) the relevant designation shall take effect on the Expiry Date;
 - (B) the Operator shall not be released from any accrued but unperformed obligation, the consequences of any antecedent breach of a covenant or obligation in the relevant Extended Term Designatable Contract or any liability in respect of any act or omission under or in relation to the Extended Term Designatable Contract prior to, or as at the date of, the transfer (except to the extent that the Secretary of State or the Secretary of State's nominee agrees to assume responsibility for such unperformed obligation, such liability or the consequences of such breach in connection with the transfer); and
 - (C) neither the Secretary of State nor the Secretary of State's nominee shall be obliged, in connection with such transfer, to agree to assume responsibility for any unperformed obligation, liability or consequences of a breach referred to in paragraph 12.8(a)(ii)(B), and the Operator shall indemnify the Secretary of State or the Secretary of State's nominee, as the case may be, on demand, on an after-tax basis against any costs, losses, liabilities or expenses suffered or incurred in relation thereto except to the extent that any such costs, losses liabilities or expenses incurred by the Secretary of State or the Secretary of State's nominee arise in respect of circumstances where the Operator was acting as a Good and Efficient Operator; and
- (b) reject the requirement for an Extended Term Designatable Contract and instead specify those terms that the Secretary of State requires to be included in the relevant contract, including provisions allowing for that contract to expire or terminate, without any termination liabilities or breakage costs accruing. Prior to the Operator entering into any such contract on those terms as specified by the Secretary of State, the Secretary of State shall be entitled to review and propose amendments to or Approve or consent to (as applicable) the relevant contract.
- 12.9 The Operator shall, in negotiating the terms of any Extended Term Contract, Extended Term Designatable Contract or contract referred to in paragraph 12.8(b), acting as a Good and Efficient Operator achieve the most commercially advantageous terms to the Operator (in the context of the position of the Secretary of State under this Contract) and if requested by the Secretary of State, use all reasonable endeavours to obtain terms to a specification requested by the Secretary of State.
- 12.10 In relation to any Extended Term Contract, where a Business Plan Commitment extends into Subsequent Business Plan Years and that Business Plan Commitment is not included in any relevant Subsequent Business Plan Year, then the Cost Budget for that Subsequent Business Plan Year will include any such breakage costs and redundancy costs as contained in the relevant Extended Term Contract provided that:
- (a) the Operator has used all reasonable endeavours to minimise and mitigate such costs to the maximum extent reasonably practicable; and
 - (b) if the relevant Extended Term Contract is also an Extended Term Designatable Contract, the Secretary of State has Approved or consented to (as applicable) the relevant Extended Term Designatable Contract applicable to that Business Plan Commitment in accordance with paragraph 12.8(a).
- 12.11 If the Operator is, at the date of this Contract, a party to a contract which meets the conditions set out in paragraph 12.4(a) to (c) above, the Parties agree that such contracts shall:
- (a) constitute an Extended Term Designatable Contract for the purpose of this Contract; and
 - (b) be deemed to be Approved pursuant to paragraph 3 (*Deemed Approval*) of Chapter 1.3 (*Approval Process*) on the date of this Contract,

provided that the Operator shall, within such timescales as may be specified by Secretary of State, use all reasonable endeavours to vary or replace the relevant contract so as to incorporate a right for the Operator to terminate the relevant contract on three (3) months' notice (or less) on or after the Core Term Expiry Date (or such later date as notified by the Secretary of State) without the Operator incurring breakage or termination costs.

Chapter 7.8

Fleet Replacement Programme and Capital Works Programme

1. Background

- 1.1 Pursuant to the terms of the Business Plan, the Operator is responsible for the delivery of the Fleet Replacement Programme.
- 1.2 [REDACTED⁴⁰]
- 1.3 One of the reasons that the Operator has been appointed by the Secretary of State to operate the Rail Services is that it is a skilled and experienced train operator with the ability to manage these uncertainties and impacts in a way that is consistent with the efficient and effective delivery of railway infrastructure and rolling stock projects in accordance with planned timescales and budgets. However, it is also the case that successful delivery of infrastructure and rolling stock projects is to varying extents dependent on third parties including Network Rail and other external factors which the Operator has limited or, in some circumstances, no ability to control or mitigate.
- 1.4 Accordingly in accordance with this Chapter 7.8 (*Fleet Replacement Programme and Capital Works Programme*) the Parties have sought to establish a process under which they will work together to manage and mitigate risks that materialise or are likely to materialise on a reasonable and good faith basis in accordance with their respective specified roles and the following general principles:
- (a) the establishment of a FRP Oversight Panel to oversee the delivery of the Fleet Replacement Programme and to support the Secretary of State in determining how the Secretary of State's functions should be exercised under the Contract in relation to such Fleet Replacement Programme;
 - (b) regular and effective reporting by the Operator with full information-sharing on an 'open book' basis;
 - (c) regular and effective discussion and engagement between the Parties leading to appropriate decision making;
 - (d) effective risk management and the taking of appropriate risk mitigation actions on a timely basis;
 - (e) review of, and where appropriate adjustment to, agreed risk mitigation actions in response to developing circumstances;
 - (f) the absolute and unqualified precedence of the duties of the Secretary of State including in relation to the expenditure of public monies and his unfettered discretion as to how these duties should be complied with; and
 - (g) in relation to each of (b), (c), (d) and (e) above, with due regard to the need to protect the interests of passengers.
- 1.5 The Secretary of State and the Operator acknowledge and agree that the FRP Assumptions are, as at the date of this Contract and will be on the first day of each Subsequent Business Plan Year, aligned with:
- (a) the Parties' mutual understanding and expectations with respect to the anticipated outcomes, outputs and deliverables (as the case may be) with respect to each of the Fleet Replacement Programme described within the FRP Assumptions Document; and

- (b) the Business Plan and/or the Escrow Documents applicable to the relevant Business Plan Year.

2. The FRP Oversight Panel

2.1 The Secretary of State shall establish a panel (the “**FRP Oversight Panel**”) the members of which shall be representatives appointed by each of:

- (a) the Secretary of State;
- (b) the Operator;
- (c) Network Rail;

to act on its behalf. Each such entity shall be entitled to appoint the number of representatives specified by the Secretary of State. The Secretary of State shall be entitled to extend membership of the Board to:

- (d) any relevant stakeholders;
- (e) any other specialists or advisers,

as the Secretary of State may determine from time to time having regard to any views as may be expressed by the Operator as to the membership of the FRP Oversight Panel. A representative of the Secretary of State shall act as the chairperson of the FRP Oversight Panel. The Secretary of State, in consultation with the Operator, shall be entitled from time to time to determine the basis on which the FRP Oversight Panel shall operate and conduct its business, including by specifying any terms of reference that may apply.

2.2 The functions and purpose of the FRP Oversight Panel shall be:

- (a) to oversee the progress of the Fleet Replacement Programme generally, including monitoring the timely completion of the Fleet Replacement Programme against the applicable programme and to discuss, consider and where relevant seek to reach unanimous conclusions as to any actions, steps or measures required to be undertaken in order to mitigate the impact of any delays or changes to Fleet Replacement Programme and/ or adjustments required to the Operator’s obligations in order to mitigate the impact of any such delays or changes to the Fleet Replacement Programme;
- (b) to oversee progress of the Capital Works Programme with specific reference to such matters as are to be reported to the FRP Oversight Panel by the Operator in the applicable Capital Works Programme Report;
- (c) to discuss, consider and review any circumstances occurring since the date of this Contract that impact on the FRP Assumptions and may reasonably be expected to require a consequential amendment to the FRP Assumptions; and
- (d) the discussion and consideration of any other matter or issues as the Secretary of State may consider relevant to the successful delivery of the Fleet Replacement Programme having regard also to both the interests of passengers and the Secretary of State’s duties in relation to the proper expenditure of public monies.

2.3 The Parties shall convene a meeting of the FRP Oversight Panel at least once in every Reporting Period (or such other interval as the Parties may agree in writing) at a time and location as agreed between the Parties or in the absence of agreement as notified by the Secretary of State to the Operator and the members of the FRP Oversight Panel (a “**FRP Oversight Panel Meeting**”).

2.4 No later than five (5) Weekdays prior to each FRP Oversight Panel Meeting, the Operator shall provide to the Secretary of State and each member of the FRP Oversight Panel a written review (to such specification and/or in such format as the Parties may agree or in the absence of agreement as the Secretary of State may specify) of each of the FRP Assumptions (the “**FRPA Review**”). The FRPA Review shall:

- (a) include the Operator's latest forecast for achievement of each of the FRP Assumptions (including any intermediate milestones that are required to be achieved in order that the FRP Assumption can be met) with appropriate supporting information;
 - (b) identify in relation to each FRP Assumption whether the Operator remains reasonably confident that the FRP Assumption will be met;
 - (c) [REDACTED⁴¹]
 - (d) provide details of the steps and actions taken by the Operator since the last FRPA Review to implement or comply with any Mitigating Commitments (which have not been completed as at the date of the FRPA Review) and the impact that such Mitigating Commitments, in the reasonable view of the Operator, have had and/or are likely to have: (i) on the consequences of the FRP Assumption not being met; or (ii) on the risk of the FRP Assumption not being met (as the case may be); and
 - (e) such further information as the Parties may agree or the Secretary of State may otherwise require.
- 2.5 In preparing each FRPA Review, the Operator shall engage and liaise with relevant stakeholders (as from time to time notified by the Secretary of State) for the purpose of ensuring that such FRPA Review is as accurate as reasonably practicable in the circumstances.
- 2.6 The Secretary of State shall be entitled to request (and the Operator shall provide) such further information and evidence in relation to the FRPA Review as the Secretary of State may require and, notwithstanding any other provision of this Contract, the Secretary of State shall be entitled to share such information and evidence with other members of the FRP Oversight Panel.
- 2.7 The Secretary of State shall be entitled to convene extraordinary meetings of the FRP Oversight Panel ("**Extraordinary FRP Oversight Panel Meetings**") on such notice as is reasonable in the circumstances where the Secretary of State considers that the FRP Oversight Panel should consider matters that are of an urgent or time critical nature such that it would be detrimental to the delivery of the Fleet Replacement Programme, the Rail Services or the interests of the Secretary of State if there were any delay in the FRP Oversight Panel considering such matters. As soon as reasonably practicable prior to such Extraordinary FRP Oversight Panel Meetings the Operator shall provide to the Secretary of State and each member of the FRP Oversight Panel such information as the Secretary of State may require and as is reasonable in the circumstances with respect to the matter to be considered at the Extraordinary FRP Oversight Panel Meeting, which may include any initial or interim updates to the most recent FRPA Review or Capital Works Programme Report (the "**Extraordinary Review Materials**").
- 2.8 Without prejudice to the generality of paragraph 2.2, at each FRP Oversight Panel Meeting and Extraordinary FRP Oversight Panel Meeting the Parties shall procure that the members of the FRP Oversight Panel shall consider and discuss the contents of the most recent FRPA Review, Capital Works Programme Report or Extraordinary Review Materials (as the case may be) provided by the Operator and in concluding such discussions the members may together propose:
- (a) revisions to any FRP Assumption that are required to align that assumption to the then prevailing circumstances, having regard to any inter-relationship between FRP Assumptions; and/or
 - (b) steps, actions or measures that should be implemented by the Operator (together with a programme or timetable for the implementation of such proposed mitigations)

⁴¹ **1 March 2023 (Date of Redactions Approval) CR03836 - Where text has been omitted from the document - this is because the Secretary of State has decided to exclude the text in accordance with the provisions within the Freedom of Information Act 2000.**

which are required to either mitigate the impact of the relevant FRP Assumption not being met or reduce the risk of the FRP Assumption not being met,

at all times having regard to the existing circumstances as compared with the FRP Assumptions set out in the FRP Assumptions Document.

- 2.9 The Secretary of State and the Operator acknowledge that any proposal made by the FRP Oversight Panel is intended to provide assistance in achieving the success of the Fleet Replacement Programme or Capital Works Programme. Subject to the Parties' respective obligations in clause 3 (*General Obligations*) of this Contract, proposals of the FRP Oversight Panel will not be binding on the Secretary of State, the Operator, Network Rail or any other appointee or members of the FRP Oversight Panel.

3. Changes to the FRP Assumptions

- 3.1 Following any discussions by the FRP Oversight Panel or at any other time, the Parties shall seek to agree (or in the absence of agreement the Secretary of State shall determine) revisions (if any) to the FRP Assumption Document that are reasonably required to align the FRP Assumptions to the then prevailing circumstances, having regard to any inter-relationship between FRP Assumptions.

4. Mitigating Business Plan Revisions

[REDACTED⁴²]

5. Impact of FRP Assumptions revisions and Mitigating Business Plan Revisions

5.1 [REDACTED⁴³]

6. Annual updates to the FRP Assumptions Document

- 6.1 In preparing the Business Plan for any Subsequent Business Plan Year in accordance with paragraph 3 (*Annual Business Plan Process*) of Chapter 7.7 (*Business Plan*), the Parties shall agree in a timely manner and in any event on or [REDACTED⁴⁴] falling prior to the Subsequent Business Plan Year any revisions required to the FRP Assumptions Document in order to amend, revise, delete, replace or include new or additional FRP Assumptions in order to:

- (a) reflect the impact of any Mitigating Commitment on a FRP Assumption applicable to the Business Plan Year preceding the relevant Subsequent Business Plan Year; and/or
- (b) to align the relevant FRP Assumption to the then prevailing circumstances and/or to ensure alignment and consistency with the Business Plan and/or the Escrow Documents applicable to that Subsequent Business Plan Year.

- 6.2 To the extent that the Parties do not agree the revisions and updates (if any) to the FRP Assumption Document with respect to any Subsequent Business Plan Year on or [REDACTED⁴⁵] falling prior to the commencement of such Subsequent Business Plan Year, the Secretary of State may determine the revisions and updates (if any) to the FRP Assumptions

 - (b) nothing in this paragraph 1 shall prevent the Secretary of State from carrying out any other ticketless travel surveys as the Secretary of State may wish to undertake from time to time (such surveys not to be subject to the provisions of this paragraph 1).
- 1.3 Within thirty (30) days of the completion of each Ticketless Travel Survey the Operator shall produce and provide to the Secretary of State a report setting out the results of such Ticketless Travel Survey and detailing how such Ticketless Travel Survey was carried out in accordance with the Ticketless Travel Survey Methodology.

2.1 Ticketless Travel Survey Periods Calculations

(a) Calculation of “TT Deemed”

At the end of the second and each subsequent Ticketless Travel Survey Period the Secretary of State shall use the Ticketless Travel Rate for such Ticketless Travel Survey Period to calculate the Operator’s performance against the TT Nil Fee Performance Level and/or the Breach Ticketless Travel Benchmark (as applicable) in accordance with the following formula:

$$[TT \text{ Deemed}] = \frac{A + B}{2}$$

where:

TT Deemed is the Operator’s deemed performance against the TT Nil Fee Performance Level and/or the Breach Ticketless Travel Benchmark (as applicable);

A is the Ticketless Travel Rate for that Ticketless Travel Survey Period; and

B is the Ticketless Travel Rate for the preceding Ticketless Travel Survey Period.

2.2 Consequences of Poor Performance

- (a) If for any Ticketless Travel Survey Period the TT Deemed as calculated pursuant to paragraph 2.1 above is:

Travel Rates will be below (that is, **better than**) the TT Nil Fee Performance Level (“**TT Action Plan**”);

- (b) The Operator shall (i) produce, (ii) obtain the Secretary of State’s consent in relation to, and (iii) commence the implementation of the TT Action Plan within three (3) months after the TT Deemed is calculated as being more than (that is, is **equal to or worse than**) the TT Nil Fee Performance Level.
- (c) The TT Action Plan shall contain specific tangible action points and indicate in the case of each action point:
 - (i) how that action will contribute to ensuring that the Ticketless Travel Rates will be below (that is, **better than**) the TT Nil Fee Performance Level;
 - (ii) where the action is to be implemented;
 - (iii) when the action is to be commenced and by when it is to be implemented provided always that where any action is expressed to be ongoing the TT Action Plan shall include specific review dates; and
 - (iv) how performance of the action is to be measured.
- (d) The Operator shall, except to the extent otherwise agreed by the Secretary of State in advance, implement each TT Action Plan in accordance with its terms.
- (e) It is acknowledged by the Operator that the consent or lack of consent of the Secretary of State in respect of each TT Action Plan as contemplated in this paragraph shall not relieve the Operator of its obligations in relation to this paragraph 2 or any other provisions of the National Rail Contract.

- (a) with the intent that section 31 of the Act shall apply to such leases; and
 - (b) in the agreed terms marked SL and DL (as appropriate).
- 3.3 In respect of any assignment or amendment of any Property Lease to which section 31 of the Act applied on its grant, each of the Secretary of State and the Operator acknowledge that it is their intention that section 31 of the Act shall continue to apply to such assigned or amended lease.
- 3.4 The Operator shall use all reasonable endeavours to ensure that any Station Lease that it enters into accurately records all fixtures and fittings in relation to such Station Lease.

4. Novation of Access Agreements during the Contract Term

- 4.1 The Operator shall, to the extent so requested by the Secretary of State (other than on termination of this Contract, for which the provisions of paragraph 1 (*Novation of Access Agreements on Termination of the National Rail Contract*) of Chapter 9.5.3 (*Provisions applying on and after Termination*) apply):
- (a) following receipt of a notice purporting to terminate any Access Agreement to which it is a party, in relation to such Access Agreement; or
 - (b) following receipt of a notice purporting to terminate a Station Lease or Depot Lease in whole or in part or on becoming aware of any proceedings or any other steps having or purporting to have similar effect, in relation to any Access Agreement under which it is a Facility Owner by virtue of such Station Lease or Depot Lease,
- novate its interest under any such relevant Access Agreement (and any related Network Rail Collateral Agreement) to the Secretary of State or as the Secretary of State may direct.
- 4.2 Such obligation to novate shall be subject to the agreement of any counterparty to such Access Agreement or Network Rail Collateral Agreement and, to the extent applicable, the ORR.
- 4.3 Such novation shall be on such terms as the Secretary of State may require, including:
- (a) that the Operator shall not be released from any accrued but unperformed obligation, the consequences of any breach of the relevant agreement which is the subject of arbitration or litigation between the Parties thereto or any liability in respect of any act or omission under or in relation to the relevant agreement prior to, or as at the date of, any such novation (except to the extent that the Secretary of State or the Secretary of State's nominee agrees to assume responsibility for such unperformed obligation, such liability or the consequences of such breach in connection with the relevant novation); and

- (b) that neither the Secretary of State nor the Secretary of State's nominee shall be obliged, in connection with the novation, to agree to assume responsibility for any unperformed obligation, liability or consequences of a contravention referred to in paragraph 4.3(a),

but shall not, unless the Operator otherwise agrees, be on terms which release any counterparty to the relevant agreement from any liability to the Operator arising prior to the date of such novation.

- 4.4 The Operator shall, on the occurrence of any of the circumstances specified in paragraph 4.1 in relation to any other Train Operator who is a party to an Access Agreement to which the Operator is also party, agree to the novation of the relevant Train Operator's interest under the relevant Access Agreement to the Secretary of State or as the Secretary of State may direct, subject, to the extent applicable, to the consent of the ORR. The provisions of paragraph 4.3 shall apply to any such novation.

- 4.5 The Operator shall notify the Secretary of State on becoming aware of any circumstances which might lead to the Secretary of State being able to require the Operator to novate its interest or agree to the novation of another Train Operator's interest under this paragraph 4.

5. Assignment of Property Leases during the Contract Term

- 5.1 The Operator shall (other than on termination of this Contract, for which the provisions of paragraph 4.5 (*Property Leases*) of Chapter 9.5.3 (*Provisions applying on and after Termination*) shall apply) following receipt of a notice purporting to terminate a Property Lease or on becoming aware of any proceedings or any other steps having or purporting to have similar effect, if requested by the Secretary of State, assign its interest under all or any Property Leases to the Secretary of State or as the Secretary of State may direct, subject, where applicable, to the agreement of any other party to such Property Lease or the ORR.

- 5.2 Such assignment shall be on such terms as the Secretary of State may require, including:

- (a) that the Operator shall not be released from any accrued but unperformed obligation, the consequences of any antecedent breach of a covenant or obligation in the Property Leases or any liability in respect of any act or omission under or in relation to the Property Lease prior to, or as at the date of, any such assignment (except to the extent that the Secretary of State or the Secretary of State's nominee agrees to assume responsibility for such unperformed obligation, such liability or the consequences of such antecedent breach in connection with the relevant assignment); and

- (b) that neither the Secretary of State nor the Secretary of State's nominee shall be obliged, in connection with such assignment, to agree to assume responsibility for any unperformed obligation, liability or consequences of a contravention referred to in paragraph 5.2(a), and the Operator shall indemnify the Secretary of State or the Secretary of State's nominee, as the case may be, on an after-tax basis against any costs, losses, liabilities or expenses suffered or incurred in relation thereto, except to the extent that any such costs, losses liabilities or expenses incurred by the Secretary of State or the Secretary of State's nominee arise in respect of circumstances where the Operator was acting as a Good and Efficient Operator.

- 5.3 The Operator shall, on the occurrence of any of the circumstances specified in paragraph 5.1 in relation to any other Train Operator who is a party to a Property Lease to which the Operator is also party, agree to the assignment of such Train Operator's interest under the relevant Property Lease to the Secretary of State or as the Secretary of State may direct, subject, where applicable, to the consent of Network Rail. The provisions of paragraph 5.2 shall apply to any such assignment.

- 5.4 The Operator shall notify the Secretary of State on becoming aware of any circumstances which might lead to the Secretary of State being able to require the Operator to assign its interest or agree to the assignment of another Train Operator's interest under this paragraph 5.

6. Sub-Leasing Arrangements

6.1 Where the Secretary of State requires the Operator to sub-let some of its fleet to another Train Operator under the terms of paragraph 2.4 (*Changes to the Train Fleet*) of Chapter 4.3 (*The Rolling Stock*), then the Operator shall:

- (d) provide the sub-lessee all relevant information in relation to property arrangements at any Depot relevant to the sub-leased rolling stock (a “**Relevant Depot**”) including any stabling arrangements, and

procure such access to each Relevant Depot as the sub-lessee may reasonably require.

7. Station and Depot Leases

7.1 The Operator shall at all times enforce its rights under each Station Lease and Depot Lease.

7.2 The Operator shall not:

- (c) sublet the whole or substantially the whole of the property comprised in any Station Lease or Depot Lease,

except to the extent that the Secretary of State may otherwise agree from time to time (such agreement not to be unreasonably withheld if the Operator has made arrangements, satisfactory to the Secretary of State, for the continued operation of such Station or Depot (as the case may be) for the remainder of the Contract Term or if consent to the Closure of the relevant Station or Depot has been granted).

8. Station Subleases

8.1 Unless the Secretary of State agrees otherwise, the Operator shall not sublet to any of its Affiliates any part of the property comprised in any Property Lease except on terms that any such subletting:

- (a) (other than any subletting to an Affiliate of the Operator which is a Train Operator) is terminable without compensation immediately upon the termination of this Contract; and
- (b) is excluded from the provisions of Part II of the Landlord and Tenant Act 1954 and the Tenancy of Shops (Scotland) Act 1949.

8.2 If so requested by the Secretary of State, the Operator shall:

- (a) extend each Station Sublease on the same terms for such period as the Secretary of State may request (including a period equivalent to the franchise term of the Train Operator who is the lessee under such Station Sublease); and
- (b) if such Station Sublease terminates (which for the purposes of this paragraph 8.2(b) shall include the termination of a station sublease in respect of which the Operator was the lessor), grant a new Station Sublease on the same terms to such Train Operator and for such period as the Secretary of State may request (including a period equivalent to the franchise term of the Train Operator who is the lessee under such Station Sublease),

subject, where required, to the consent of Network Rail (and, if required, the relevant sub-lessee) and to the duration of the relevant Station Lease.

8.3 The Operator shall notify the Secretary of State immediately on it becoming aware of any event which might give the Operator a right to forfeit or terminate any Station Sublease. The Operator shall notify the Secretary of State if it wishes to forfeit or terminate any such Station Sublease but shall not (without the Secretary of State's prior written consent) effect such forfeiture or termination until the date which occurs three (3) months after the date of such notice

9. **Rolling Stock Related Contracts and Insurance Arrangements**

9.1 The Operator shall not:

- (a) execute any Rolling Stock Related Contract;
 - (b) subject to paragraph 9.1A below, exercise any option or other discretion in any Rolling Stock Related Contract that would result in any increased payment or delay in delivery being made by or to the Operator or the relevant counterparty or which may result in it being reasonably likely to be unable to comply with the terms of the National Rail Contract; or
 - (c) amend or waive the terms of any Rolling Stock Related Contract,
- without, in each case, the prior written consent of the Secretary of State.

9.1A If the Secretary of State has not issued an Expiry Notice pursuant to clause 2.2 (*Expiry on or after the Core Term Expiry Date*) by the date which is three (3) months prior to the Original Scheduled Expiry Date of any Rolling Stock Lease, the Operator shall, by exercising its rights pursuant to the relevant Rolling Stock Lease, procure that the term of the relevant Rolling Stock Lease is extended to continue until the NRC Longstop Date or, subject to the rights of the Operator under the relevant Rolling Stock Lease, to such other date as the Secretary of State may specify.

9.1B If this Contract expires prior to the date set out in limb (a)(i) of the definition of "Expiry Date", the Operator shall at the direction of the Secretary of State exercise its rights under any relevant Rolling Stock Lease to novate the Operator's rights and obligations under that Rolling Stock Lease to a Successor Operator or any nominee of the Secretary of State. Such novation shall be on the terms specified within the relevant Rolling Stock Lease unless otherwise approved by the Secretary of State.

9.2 The Operator shall supply to the Secretary of State a copy of all draft Rolling Stock Related Contracts and, immediately following execution, all executed Rolling Stock Related Contracts (including any agreement amending any Rolling Stock Related Contract) together with:

- (a) such other information or documentation relating to such Rolling Stock Related Contract and/or the relevant rolling stock as the Secretary of State may request (which may include offer letters (original and final));
- (b) the terms proposed by any person providing finance in relation to the relevant rolling stock (including cash flows);
- (c) any agreement (in whatever form) to which the Operator (or an Affiliate of the Operator) is a party and which relates to the relevant rolling stock;
- (d) information relating to capital allowances, details of any changes in the terms (including rentals) on which the relevant rolling stock is proposed to be leased compared to the terms on which such rolling stock was previously leased; and
- (e) a detailed justification of the Operator's proposed maintenance strategy for the relevant rolling stock and/or the Operator's analysis of the whole life costs of the relevant rolling stock.

9.3 Where the information or documentation so requested by the Secretary of State is not held by the Operator, the Operator shall use all reasonable endeavours to obtain the relevant information or documentation from a third party (including any person from whom the Operator leases rolling stock).

- 9.4 The Operator shall not, without the prior written consent of the Secretary of State:
- (a) amend the terms of any insurance arrangements which relate to rolling stock vehicles used by it in the provision of the Passenger Services to which it is a party on the Start Date; or
 - (b) enter into any new insurance arrangements after the Start Date which relate to rolling stock vehicles used or to be used by it in the provision of the Passenger Services (“**New Insurance Arrangements**”).
- 9.5 The Operator shall, in addition, if it enters into any New Insurance Arrangements, use all reasonable endeavours to ensure that the relevant insurers waive their rights of subrogation against any Train Operator which may have equivalent insurance arrangements providing for a similar waiver of rights of subrogation against the Operator, whether on a reciprocal basis or otherwise.
10. **Cascaded Rolling Stock and Delayed Cascade Mitigation Plan**
- 10.1 Without limiting paragraph 9.1 (*Rolling Stock Related Contracts and Insurance Arrangements*):
- (a) each Rolling Stock Lease that relates to Cascaded Rolling Stock must be capable of allowing the Secretary of State to make a direction under paragraph 10.1(b) below including allowing Cascaded Rolling Stock to be sub-leased to the Prior Train Operator; and
 - (b) if a Relevant Delay occurs, the Secretary of State may in the Secretary of State's discretion direct the Operator to make the Cascaded Rolling Stock available for use by the Prior Train Operator during such period as the Secretary of State may require, and the Operator shall comply with such direction. Any such direction may include the Secretary of State requiring the Operator to sublease the Cascaded Rolling Stock back to the Prior Train Operator and/or to delay the date on which the Cascaded Rolling Stock is required to be delivered to the Operator under such Rolling Stock Lease.
- 10.2 Where the Secretary of State exercises the Secretary of State's right pursuant to paragraph 10.1 (b) to make Cascaded Rolling Stock available for use by the Prior Train Operator during a specified period there shall be a Cost Budget Change Event and a Financial Target Amendment Event and for the purposes of Chapter 7.5 (*Variations, Changes and Amendments*), the impact of such change on the Cost Budget shall set out the difference between each of the rolling stock lease costs and variable track usage charge for the Cascaded Rolling Stock and the rolling stock lease costs and variable track usage charge applicable in relation to whatever rolling stock is to be used by the Operator in place of the Cascaded Rolling Stock.
- 10.3 Where there is a Trigger Event pursuant to paragraph 10.2 and the period that the Prior Train Operator retains any Cascaded Rolling Stock is more than ninety (90) days there shall be a further Trigger Event.
- 10.4 Where there is a Trigger Event pursuant to paragraphs 10.2 or 10.3 there shall be a further Trigger Event on the date that the last Cascaded Rolling Stock ceases to be retained by the Prior Train Operator.
- 10.5 Where the Secretary of State exercises the Secretary of State's right pursuant to paragraph 10.1(b) to require the Operator to make the Cascaded Rolling Stock available for use by the Prior Train Operator during a specified period, the Operator shall not be liable for any failure to comply with its obligations under this Contract to the extent that:
- (a) such failure to comply arises directly as a result of the Operator being unable to use the Cascaded Rolling Stock; and
 - (b) the Operator uses all reasonable endeavours to comply with the relevant obligations notwithstanding the unavailability of the Cascaded Rolling Stock.
- 10.6 The Operator shall notify the Secretary of State as soon as practicable if it becomes aware of any material risk that a Relevant Delay will occur. If a Relevant Delay does occur the Operator shall use all reasonable endeavours to mitigate the impact on the delivery of the Rail Services

- of the unavailability of the Cascaded Rolling Stock at the expected time including by identifying and proposing value for money alternative sources of replacement rolling stock.
- 10.7 If a Relevant Delay has occurred or the Secretary of State believes that there is a material risk that a Relevant Delay will occur, the Secretary of State may serve a notice on the Operator requiring it to produce a plan to a reasonable specification provided with the notice to remedy or mitigate the impact of the delayed availability of the Cascaded Rolling Stock (“**Delayed Cascade Mitigation Plan**”). Such specification may include measures to be implemented by the Operator to mitigate the direct or indirect impact of the Relevant Delay on the Prior Train Operator or any other affected Train Operator. The Delayed Cascade Mitigation Plan shall provide a comprehensive analysis backed by relevant data and assumptions of:
- (a) all cost and revenue and other financial implications of options contained within it including the potential implications for Contract Payments;
 - (b) the implications (if any) for the Operator’s performance in relation to TOC on Self Cancellations, TOC Minutes Delay and/or Short Formations; and
 - (c) the likely impact of options within it for existing and future passenger journeys and journey opportunities.
- 10.8 The Operator shall meet with the Secretary of State to discuss the Delayed Cascade Mitigation Plan and provide such further information or analysis and further iterations of the Delayed Cascade Mitigation Plan as the Secretary of State shall require.
- 10.9 Where any rolling stock vehicles cease to be part of the Train Fleet but are acquired by another Train Operator for use in delivering passenger services the Operator shall:
- (a) ensure that:
 - (i) such rolling stock is in an acceptable redelivery condition consistent with the hand back terms agreed with the lessor;
 - (ii) a complete set of maintenance and mileage records are handed over in a suitable format; and
 - (iii) the Train Operator is given reasonable access to the relevant rolling stock prior to handover to assist with an effective hand over in relation to both operation and maintenance; and
 - (b) use all reasonable endeavours to ensure that:
 - (i) the Train Operator is offered ‘knowledge transfer’ sessions to enable recipient engineers and operational personnel to learn from informed peers;
 - (ii) the Train Operator is offered on-train development programmes to train their maintenance staff to an appropriate level of competence; and
 - (iii) it offers medium-term support and advice in relation to such rolling stock including technical and operational support.

- (b) the Secretary of State's rights to require the Operator, in accordance with paragraph 5 (*Direct Agreements*), to procure that a counterparty to a Key Contract enters into a Direct Agreement with the Secretary of State.

1.2 Where at any time on or after the date of this Contract the Operator proposes to enter into any agreement, contract, licence or other arrangement which falls within one of the categories listed in Appendix 2 (*Categories of Key Contracts*) to this Chapter 9.2.1 the Operator shall:

- (a) as soon as practicable, inform the Secretary of State of any such agreement, contract, licence or other arrangement which it may be intending to enter into; and

the Secretary of State may, following the provision of written notice to the Operator, amend Appendix 1 (*List of Key Contracts*) to this Chapter 9.2.1 to take account of any such designation, de-designation or re-designation.

2. Designation of Key Contracts

2.1 Where the Secretary of State considers that it is reasonably necessary for securing the continued provision of the Rail Services or the provision of services similar to the Rail Services by a Successor Operator in accordance with the National Rail Contract, the Secretary of State may make a designation pursuant to paragraph 2.2.

2.2 The Secretary of State may at any time, by serving notice on the Operator, designate as a Key Contract any actual or prospective agreement, contract, licence or other arrangement with effect from the date specified in such notice.

2.3 Key Contracts may include any agreement, contract, licence or other arrangement whether in written, oral or other form, whether formal or informal and whether with an Affiliate of the Operator or any other person and may include any arrangement for the storage of assets (including electronic systems or Computer Systems) or accommodation of employees.

5. **Direct Agreements**

5.1 Unless the Secretary of State otherwise agrees, or unless directed to do so by the ORR, the Operator shall not enter into any prospective Key Contract unless the counterparty to that prospective Key Contract:

- (a) is a Train Operator; or
- (b) has entered (or, at the same time that the Operator enters into the prospective Key Contract, enters) into a Direct Agreement with the Secretary of State in respect of that prospective Key Contract, providing on a basis acceptable to the Secretary of State, amongst other things, for the continued provision of the Passenger Services and/or the continued operation of the Stations and Depots in the event of:
 - (i) breach, termination or expiry of such Key Contract;

6. **Emergencies**

6.1 Where any emergency may arise in connection with the provision and operation of the Rail Services, the Operator:

- (a) may enter into on a short-term basis such contracts, licences or other arrangements as it considers necessary or appropriate to deal with the emergency;

- (c) shall promptly inform the Secretary of State of any such emergency and contracts, licences or other arrangements which it proposes to enter into; and
- (d) shall take such action in relation to such emergency, contracts, licences or other arrangements as the Secretary of State may request.

7. No Amendment

- 7.1 The Operator shall not at any time without the prior Approval of the Secretary of State vary, or purport to vary, the terms or conditions of any Key Contract referred to in Appendix 1 (*List of Key Contracts*) (or as otherwise notified by the Secretary of State) as requiring Approval, unless directed to do so by the ORR.
- 7.2 The Operator shall not at any time without the prior consent of the Secretary of State vary, or purport to vary, the terms or conditions of any Key Contract referred to in Appendix 1 (*List of Key Contracts*) (or as otherwise notified by the Secretary of State) as requiring consent, unless directed to do so by the ORR.

8. Replacement of Key Contracts

The Operator shall, prior to the scheduled expiry date of any Key Contract (or, if earlier, such other date on which it is reasonably likely that such Key Contract will terminate), use all reasonable endeavours to enter into an appropriate replacement contract (whether with the counterparty to the existing Key Contract or not) and shall comply with the instructions of the Secretary of State and the provisions of this Chapter 9.2.1 in relation to such replacement contract.

Such licence shall be free of charge and royalty-free for a minimum of six (6) months. The Secretary of State may in its reasonable discretion extend the royalty-free period of any licence.

- 4.4 If the licence of any Intellectual Property Rights is for a period in excess of the royalty-free period determined under paragraph 4.3 above, the grant of the licence shall be subject to payment of a reasonable royalty on the basis of a willing licensor and licensee entering into a licence on comparable terms to similar licences of such Intellectual Property Rights. If the Operator and the relevant Successor Operator are unable to agree such royalty, the Operator shall submit such dispute for resolution in accordance with such dispute resolution rules as the Secretary of State may require.
- 4.5 Any licence granted under this paragraph 4 shall be in such form as the Secretary of State shall determine and shall:

- (d) the relevant event did not occur as a result of:
 - (i) any act or omission to act by the Operator or its agents or subcontractors, save that in respect of the occurrence of Industrial Action in accordance with paragraph 1.1(f), the provisions of paragraph 2.2 apply; or

- 3.2 If any Force Majeure Event continues, with the effect of preventing the Operator from delivering, wholly or mainly, the Passenger Services for more than six (6) consecutive months, it shall be a Termination Event in accordance with paragraph 2.1 (*Definition of Termination Events*) of Chapter 9.4.1 (*Events of Default and Termination Events*).
- 3.3 Notwithstanding any other provision of this Contract, and without prejudice to the Parties' positions as to whether the Force Majeure Event provisions would otherwise be engaged, the Operator agrees that it shall not be entitled to further relief from obligations pursuant to the Force Majeure Event provisions under this Chapter 9.4.4 as a direct or indirect impact of COVID-19.

4. Effect of Force Majeure Event on a Remedial Agreement

- 4.1 Without prejudice to the operation of paragraph 2.1 (*Definition of Termination Events*) of Chapter 9.4.1 (*Events of Default and Termination Events*), the following provisions shall apply in relation to Force Majeure Events affecting the Operator's performance of their obligations pursuant to a Remedial Agreement:

5. No Relief under Force Majeure

- (a) Nothing in paragraph 3 (*Consequences of Force Majeure Events*) will relieve the Operator from its obligations under this Contract to create, implement and operate the Business Continuity Plan.
- (b) If a Force Majeure Event affecting the Operator occurs which is an event or circumstance that is within the scope of the Business Continuity Plan, then paragraph 3.1 will only apply to that Force Majeure Event to the extent that the impacts of that Force Majeure Event would have arisen even if:
 - (i) the Operator had complied with paragraph 2 (*Business Continuity Plan*) of Chapter 1.2 (*Strategies and Plans*); and
 - (ii) the Business Continuity Plan had been fully and properly implemented and operated in accordance with paragraph 2 (*Business Continuity Plan*) of Chapter 1.2 (*Strategies and Plans*) and the terms of the Business Continuity Plan in respect of that Force Majeure Event.

6. Force Majeure and Payments

Following the occurrence of a Force Majeure Event, the payment of Contract Payments shall continue to be calculated in accordance with Chapter 7.1 (*Contract Payments*) and the payment of such Contract Payments shall continue unaffected.

CHAPTER 9.4.5**Liability****1. Liability with respect to Passengers and Third Parties**

The Operator may not recover from the Secretary of State or any of the Secretary of State's officers, agents, or employees any amount in respect of loss of profit or consequential loss.

3. No Relief due to the Secretary of State
