

**FOI 23/842**

Dear

Thank you for your email of 2 November where you have asked:

*I am requesting a freedom of information act to see the database data of all registered Dental laboratories in the United Kingdom.*

*I would request to have all contact information of each registered entity and would ask to be advised on anything further I need to require to make this information request.*

We do not hold the information you have requested. The information which we hold is for devices which have been registered with the MHRA, a process which is described on our website at this link: <https://www.gov.uk/guidance/register-medical-devices-to-place-on-the-market>. Information about registrations is available via our Public Access Registration Database, which can be accessed at this link: <https://pard.mhra.gov.uk/>

If you wish to make a new request regarding registrations then we recommend that you provide us with details of a specific manufacturer, device or product, or a specific Global Medical Devices Nomenclature (GMDN) code which is of interest. We will then consider your new request under the Freedom of Information Act.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date you receive this response and addressed to: [info@mhra.gov.uk](mailto:info@mhra.gov.uk)  
Please remember to quote the reference number above in any future communications.

If you were to remain dissatisfied with the outcome of the internal review, you would have the right to apply directly to the Information Commissioner for a decision. Please bear in mind that the Information Commissioner will not normally review our handling of your request unless you have first contacted us to conduct an internal review. The Information Commissioner can be contacted at:

Information Commissioner's Office  
Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF

Yours sincerely
