There is flooding issues along the main road. Access and leaving Mill Lane is difficult because you don't have a clear view. The school bus drops and picks up by Mill Lane. Children do walk up the Lane and there is no footpath so with more cars potentially using the route the children could be at risk. The road isn't wide enough to put a footpath in and cope with extra vehicles. As it has been refused twice I cannot see why it is being considered again.
