Subject: Land to west of mill lane, Hatfield Heath

How many more times to we have to object to this proposed development??

I can't really see what's changed from their last submission!!

'Holiday Homes'!! What a joke !! The developers obviously think that by applying to build holiday homes that it won't have any impact on the village, I.e the GP surgery which is bursting at the seams or the Primary School which is way over subscribed. After all, holiday makers won't need them !!

The only people buying holiday homes are the rich who want to buy a second home.

Have any staff members from the planning department stood by this Stortford Road and watched lorries and cars thundering down it at 60 or 70 miles an hour ?? It's a very dangerous road. It still floods badly, that's never been rectified properly.

But don't forget, the developers are only here to make money, they don't care what this development will do to the village and the impact it will have.

They will also apply for full residential after a while which WILL have an effect upon on the school and doctors surgery.

I strongly object.
