Dear Inspectorate,

I write to object to the above mentioned planning application due to the following reasons:

Site is located within the green belt;

The application would destroy a local heritage historical site; Mill lane does not provide suitable access for an additional development especially considering that Greenways Eggs at the north of Mill Lane has its own outstanding application which would lead to additional traffic; No provision for footpaths along the length of Mill lane for pedestrians safe passage.

Regards,
Bow Slipper
