Dear Members of the Planning Committee of Uttlesford District Council,

Please find attached our objection to the proposed development on Mille Lane, Hatfield Heath. To add to our objection registered online via your planning portal, attached you will find professional traffic survey funded by the residents. As you can see based on the findings and factual checks of the traffic situation, the claims by the developer do not stand a reality check. The survey strongly supports our concerns and objections filed on multiple occasions. We hope this will help you to come to the right decision to the benefit of all living on the Mill Lane and neighbouring streets.

I hope you will take our opinion, as active users and residents of the Mill Lane ,in your final decision to oppose this development.

Sincerely hoping for the justice to be served to the residents of the Mill Lane.  
Kind regards

Dmitry Grishin / Neighbour  
For the Residents of Mill Lane
