Subject: Daneshill biofilter construction CLO or waste wood?

Hi Kellie,

Apologies for the separate email again but I've noticed an inconsistency in the application documents and clarification is required.

Again regarding your Schedule 5 response to question 24. You state the biofilter will be formed of off spec compost 19 05 03. The OMP however states the biofilter will be woodchip. It's not clear if this is waste woodchip. Please clarify this with your response to my earlier query regarding waste materials and their use.

I'm on leave next week. Please respond w/b 1st November.

Kind regards

Katie Dunmore
