

EMPLOYMENT TRIBUNALS

Claimant: Mr Z Rehman

Respondent: Capital Retail Financial Services Ltd

JUDGMENT

All the claims are struck out.

REASONS

1. The claimant brings complaints in relation to holiday pay and complaints of disability discrimination in relation to the condition *costa condritus*.
2. On 24 November 2023 Employment Judge Wade gave him the opportunity to set out in writing why those complaints should not be struck out as having no reasonable prospect of success, or to request a hearing. He was ordered to do so by 15 December 2023. He has not sent any response to the Tribunal by that date or at all. Those complaints are therefore struck out as having no reasonable prospect of success.
3. On 24 November 2023 Employment Judge Wade also ordered the payment to pay deposits as a condition of continuing with complaints of disability discrimination related to dyslexia. The Claimant has not paid the deposits. Those complaints are therefore struck out pursuant to Employment Tribunal Rule 39.
