

## Working sheet – total pension savings tax charges

Use this working sheet to work out the figure to put into box 6 on the [Tax calculation summary](#) pages. If you're liable to the annual allowance charge, start by calculating the tax due on all of your income. You can do this by filling in the [Tax calculation summary notes](#) up to and including box A164, in section 5. You'll need the values from boxes A119 and A164 for boxes 10 and 11 below. Other box numbers referred to in this working sheet refer to the boxes on page Ai 4 of the [Additional information](#) pages. If any box in this working sheet is negative, substitute zero.
