### **EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations revoke 60 instruments of secondary assimilated law (as defined in section 21(1) of the Retained EU Law (Revocation and Reform) Act 2023 (c.28)) (“the REUL Act”) for Great Britain.

The instruments revoked by these Regulations authorised the use of, or refused authorisation for the use of, health claims in respect of food. They were made by the European Commission prior to the UK’s exit from the EU and became part of domestic law by virtue of section 3 of the European Union (Withdrawal) Act 2018 (c.16) (“EUWA”). Where a health claim was approved by the European Commission, it was added to the register in the Annex to Commission Regulation (EU) No 432/2012 of 16 May 2012 establishing a list of permitted health claims made on foods, other than those referring to the reduction of disease risk and to children’s development and health (“Regulation 432/2012”). Regulation 432/2012 was also incorporated into domestic law by section 3 of EUWA, amended by the Nutrition (Amendment etc) (EU Exit) Regulations 2019 (S.I. 2019/651) (“the EU Exit Regulations”) and became secondary assimilated law under section 5 of the REUL Act.

The regulation of the use of health claims on food is governed by Regulation (EC) No 1924/2006 of the European Parliament and of the Council of 20 December 2006 on nutrition and health claims made on foods, which was incorporated into domestic law by section 3 of EUWA, amended by the EU Exit Regulations and became assimilated law under section 5 of the REUL Act. Under article 20 of that Regulation, the Commission is obliged to keep a register of authorised and rejected health claims, and after EU Exit, that obligation falls on the Secretary of State in relation to Great Britain. The Great Britain Nutrition and Health Claims Register is available on the Department of Health and Social Care’s website <https://www.gov.uk/government/publications/great-britain-nutrition-and-health-claims-nhc-register>.

The instruments revoked by these Regulations, therefore, have no ongoing legal purpose, as the health claims which they authorised or rejected are listed in the register mentioned above or, for authorised health claims, in the Annex to Regulation 432/2012.

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, voluntary or public sector is foreseen.
