1. Introduction

- 1.1 This attachment describes the Cross Country Train Service Requirement.
- 1.2 Any references to December refers to the Principle Timetable Change Date (December). Any references to May refers to the Subsidiary Timetable Change Date (May).
- 1.3 The general provisions described in this document relate to TSR 1 (October 2020) and TSR2 (December 2020). These consist of TSR tables which detail the minimum requirements for train services (the number of calls at each station) as well as the First Train and Last Train times.
- 1.4 The TSR1 and TSR2 include Minimum Capacity Requirements for passenger services into and out of Birmingham New Street for weekdays.

2. Days and Times of Day

- 2.1 References to a day mean the period commencing at 00:00 on one day and ending at 01:59 on the following day and references to Weekdays and particular days of the week shall be construed accordingly.
- 2.2 All references to time are to the twenty-four hour clock.
- 2.3 References to periods of times and periods of days include the times and days such periods start and finish.

3. Minimum Service Requirement

- 3.1 Each TSR table sets out the Minimum Service Requirement provided by the Franchisee at each station.
- 3.2 Only Cross Country Passenger Services may be counted to meet the Minimum Service Requirements – services operated by other Train Operating Companies or unadvertised staff-only calls cannot count towards meeting any of the requirements of the TSR.
- 3.3 Except where expressly indicated to the contrary, and subject to compliance with other provisions of the Franchise Agreement and the RfP, nothing in this TSR shall prevent services from calling at any station(s) which are not specified in the TSR and/or exceeding the total number of stops shown at any station.
- 3.4 Except where expressly indicated to the contrary, references to "Summer" shall mean that period in any year from the start of the May timetable (inclusive) until the second Saturday in September (exclusive) and "Winter" is defined as any period other than "Summer."
- 3.5 Some locations are shown on multiple tables however the number of stops shown on any one table for any location will always be the total number that needs to be provided across all tables for that location.

4. First and Last Services

- 4.1 Each TSR table specifies the time of the First and Last Service.
- 4.2 The First Service time is the latest permissible time at which the First Service of the Day may be operated and the Last Service is the earliest permissible time at which the Last Service of the Day may be operated, between designated stations.
