Section 1 – Applications Received

Inspection of licence applications can be requested under the provisions of Regulation 9 of the Goods Vehicles (Licensing of Operators) Regulations 1995 by anybody who holds statutory objector status. Applications may be inspected free of charge at the Office of the Traffic Commissioner in Leeds by any person who carries written authorisation to act in that capacity.

Objections against published applications may be made in writing by a Chief Officer of Police, a local authority, a planning authority or a prescribed trade union or association within 21 days of the date on which notice of an application is published in Applications and Decisions. Objections must be made either on the grounds that any of the requirements listed in Section 13 of the Goods Vehicles (Licensing of Operators) Act 1995 are not met and/or that a nominated operating centre will be unsuitable for use as such. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector.

You may fax a copy of your objection to 0113 2488521 but please note that you must send the original signed document through the post.

Classification of Operator Licences – There are three classes of licence:

- A **Restricted (R)** licence authorises the use of a goods vehicle on public roads in Great Britain for the carriage of the licence holder's own goods in the course of his trade or business. The licence holder cannot carry goods for other people for hire or reward;
- A **Standard National (SN)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward, on public roads in Great Britain. He can also carry his own goods on journeys abroad;
- A **Standard International (SI)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward. These activities can be undertaken both in Great Britain and on international journeys.

Section 3 – Schedule 4 Applications

Schedule 4 to the Goods Vehicles (Licensing of Operators) Act 1995 allows, in certain situations, the transfer of operating centres from one existing licence to either another existing licence or as part of a new licence application. A range of qualifying criteria has to be met, with approval at the Traffic Commissioner’s discretion. An important consideration in the process is any environmental history relating to the subject operating centre or any potentially adverse environmental impact resulting from the transfer. Legislation prevents any statutory objection against the Schedule 4 element of an application.

New Applications (Section 3.1): where the Traffic Commissioner has given a direction that the provisions of paragraph 2 of Schedule 4 shall apply, objections may only be lodged against the published application under Section 12(1)(a) of the 1995 Act, disregarding the suitability of the operating centre for use as such by the applicant as set out in Section 13(5)(d) of the Act.

Variation Applications (Section 3.2): where the Traffic Commissioner has given a direction that the provisions of paragraph 4 of Schedule 4 shall apply, objections may again only be

lodged against the published application under Section 12(1)(a) of the 1995 Act unless that transfer can be accommodated without any overall increase in the existing overall vehicle/trailer authorisation on the receiving licence, in which case there is no statutory requirement to publish details of that application. However, **Section 3.3** does detail any such applications in order that interested parties are made aware of changes to authorised operators at listed operating centres

Article 6 of Regulation (EC) No 1071/2009

The former transport manager, Mr Mullender, is issued with a formal written warning as he was in post when the letter of 08 December 2022 was sent and during the period of time covered by the 2023 MIVR. I understand he ceased to be undertaking the role of TM in November 2023.

TM Public Inquiry (Case ID: 461623, Public Inquiry ID: 101629) for JASON JOHN MOWATT to be held at The PI Room (Birmingham), B15 1PL, 38 George Road, Edgbaston, Birmingham, on 11 April 2024 commencing at 10:00 (Previous Publication:(3090))

“After carefully considering all of the evidence I issued Mr Mowatt with a Formal Warning. I made no adverse determination about his good repute as a transport manager as he had been open, honest and co-operative in the hearing and there was no reason before me to suggest that I could not trust him going forward.

TM Public Inquiry (Case ID: 460618, Public Inquiry ID: 101530) for Mr SEAN CONROY to be held at The Court Room (Cambridge), CB2 8BF, Eastern Traffic Area, Eastbrook, Shaftesbury Road, Cambridge,

on 27 March 2024 commencing at 10:00 (Previous Publication:(3090))

Under Schedule 3 of the Act, Sean Conroy loses his good repute as a transport manager and he is disqualified indefinitely from acting as a transport manager. Should he wish to regain his good repute he may apply after a minimum period of 12 months under Schedule 3, para. 17 of the Act.

TM Public Inquiry (Case ID: 460619, Public Inquiry ID: 101529) for DANIELLE MIDDLEMASS to be held at The Court Room (Cambridge), CB2 8BF, Eastern Traffic Area, Eastbrook, Shaftesbury Road, Cambridge,

on 27 March 2024 commencing at 10:00 (Previous Publication:(3090))

Under Schedule 3 of the Act - loss of good repute, Danielle Middlemass is disqualified from acting as a transport manager on any licence for a period of 12 months. The Deputy Traffic Commissioner made no formal rehabilitation order and in order to regain her good repute, continued good performance in her role within her present operator/employer company, and, a recognition of the responsibilities that go with the statutory role of transport manager, will count heavily in her favour.
