Chapter 1 Live Animals

Commodity Code	Description
0101291000	Live horses, asses, mules and hinnies
	Horses
	Other
	For slaughter

Chapter 2 Meat and Edible Meat Offal

	Chapter 2 Meat and Edible Meat Offal
Commodity Code 0202203081	Description Meat of bovine animals, frozen, Other cuts with bone in
0202203081	Unseparated or separated forequarters
	Other Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products)
	Of bison
0202203082	Meat of bovine animals, frozen, Other cuts with bone in
	Unseparated or separated forequarters
	Other
0202203083	Meat of bovine animals, frozen, Other cuts with bone in
	Unseparated or separated forequarters
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products) Of bison
0202203084	Meat of bovine animals, frozen,
	Other cuts with bone in Unseparated or separated forequarters
	Other
0202301081	Meat of bovine animals, frozen; Boneless
	Forequarters, whole or cut into a maximum of five pieces, each quarter being in a single block; 'compensated' quarters in two blocks, one of which contains the forequarter, whole or cut into a maximum of five pieces, and the other,
	the hindquarter, excluding the tenderloin, in one piece Other
	Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products)
0202204082	Of bison Meat of bovine animals, frozen, Boneless
0202301082	Forequarters, whole or cut into a maximum of five pieces, each quarter being in a single block; 'compensated' quarters in two blocks, one of which contains the forequarter, whole or cut into a maximum of five pieces, and the other,
	the hindquarter, excluding the tenderloin, in one piece Other
0202301083	Meat of bovine animals, frozen;
	Boneless Forequarters, whole or cut into a maximum of five pieces, each quarter being in a single block; 'compensated' quarters in two blocks, one of which contains the forequarter, whole or cut into a maximum of five pieces, and the other,
	the hindquarter, excluding the tenderloin, in one piece
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products) Of bison
0202301084	Meat of bovine animals, frozen,
	Boneless Forequarters, whole or cut into a maximum of five pieces, each quarter being in a single block; 'compensated' quarters in two blocks, one of which contains the forequarter, whole or cut into a maximum of five pieces, and the other,
	the hindquarter, excluding the tenderloin, in one piece
	Other Most of begins enimals frozen Banalese
0202305081	Meat of bovine animals, frozen, Boneless Crop, chuck-and-blade and brisket cuts
	Other Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products)
	Of bison
0202305082	Meat of bovine animals, frozen, Boneless Crop, chuck-and-blade and brisket cuts
	Other
	Intended for processing For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products) Other
0202305083	Meat of bovine animals, frozen;
	Boneless Crop, chuck-and-blade and brisket cuts
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
0202305084	Of bison Meat of bovine animals, frozen, Boneless
0202303004	Crop, chuck-and-blade and brisket cuts
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products) Other
0202309041	Meat of bovine animals, frozen, Boneless
	Other Other
	Buffalo meat
	Intended for processing For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products) Of bison
0202309042	Meat of bovine animals, frozen, Boneless
	Other Other
	Buffalo meat
	Intended for processing For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products) Other
0202309043	Meat of bovine animals, frozen,
0202303043	Boneless
	Other
	Other For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products) Of bison

Commodity Code	Description Meet of boying animals, frozen
0202309044	Meat of bovine animals, frozen, Boneless
	Other
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
0202309070	Other Meat of bovine animals, frozen,
0202309070	Boneless
	Other
	Other Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
020220075	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products) Meat of bovine animals, frozen,
0202309075	Boneless
	Other
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
0206101000	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen Of bovine animals, fresh or chilled
	For the manufacture of pharmaceutical products
0206291000	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Of bovine animals, frozen Other
	For the manufacture of pharmaceutical products
0206299133	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Other Other
	Thick skirt and thin skirt
	Other This glaint whole
	Thin skirt, whole Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products) Of bison
0206299135	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Other
	Other Thick skirt and thin skirt
	Other
0206299137	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Other Other
	Thick skirt and thin skirt
	For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
0000000400	Of bison Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
0206299138	Other
	Other
	Thick skirt and thin skirt For the manufacture of products other than those falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
	Other
0206299151	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Other Other
	Thick skirt and thin skirt
	Other
	Intended for processing For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat
	proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products)
0206299159	Of bison Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
JE00E00 100	Other
	Other
	Thick skirt and thin skirt Other
	Intended for processing
	For the manufacture of products falling within subheadings 1602 10, 1602 50 31 or 1602 50 95, not containing meat other than that of animals of the bovine species, with a collagen/protein ratio of no more than 0,45 and containing
	by weight at least 20% of lean meat (excluding offal and fat) with meat and jelly accounting for at least 85% of the total net weight; the products must be subjected to a heat treatment sufficient to ensure the coagulation of meat proteins in the whole of the product and which therefore shows no traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part (A-products)
	Other
0206299161	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
	Other Other
	Thick skirt and thin skirt
	For the manufacture of other products than products falling within subheadings ex 0210 20, 0210 99 51, 0210 99 90, 1602 50 10 and 1602 90 61 (B-products)
0206801000	Of bison Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen
0200001000	Other, fresh or chilled
	For the manufacture of pharmaceutical products
0206901000	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen Other, frozen
	Other, trozen For the manufacture of pharmaceutical products

Chapter 3 Fish and Crustaceans, Molluscs and Other Aquatic Invertebrates

	Chapter 3 Fish and Crustaceans, Molluscs and Other Aquatic Invertebrates
Commodity Code	Description
0302311000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to0302 99 Albacore or longfinned tuna (Thunnus alalunga) For the industrial manufacture of products of heading 1604
0302321000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to 0302 99 Yellowfin tuna (Thunnus albacares) For the industrial manufacture of products of heading 1604
0302331000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to 0302 99 Skipjack or stripe-bellied bonito For the industrial manufacture of products of heading 1604
0302341000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to 0302 99 Bigeye tuna (Thunnus obesus) For the industrial manufacture of products of heading 1604
0302351100	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to 0302 99 Atlantic and Pacific bluefin tuna (Thunnus thynnus, Thunnus orientalis) Atlantic bluefin tuna (Thunnus thynnus) For the industrial manufacture of products of heading 1604
0302359100	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91to 0302 99 Atlantic and Pacific bluefin tuna (Thunnus thynnus, Thunnus orientalis) Pacific bluefin tuna (Thunnus orientalis) For the industrial manufacture of products of heading 1604
0302361000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91 to 0302 99 Southern bluefin tuna (Thunnus maccoyii) For the industrial manufacture of products of heading 1604
0302392000	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0302 91 to 0302 99 Other For the industrial manufacture of products of heading 1604
0302491100	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Herrings (Clupea harengus, Clupea pallasii), anchovies (Engraulis spp.), sardines (Sardina pilchardus, Sardinops spp.), sardinella (Sardinella spp.), brisling or sprats (Sprattus sprattus), mackerel (Scomber scombrus, Scomber australasicus, Scomber japonicus), Indian mackerels (Rastrelliger spp.), seerfishes (Scomberomorus spp.), jack and horse mackerel (Trachurus spp.), jacks, crevalles (Caranx spp.), cobia (Rachycentron canadum), silver pomfrets (Pampus spp.), Pacific saury (Cololabis saira), scads (Decapterus spp.), capelin (Mallotus villosus), swordfish (Xiphias gladius), Kawakawa (Euthynnus affinis), bonitos (Sarda spp.), marlins, sailfishes, spearfish (Istiophoridae), excluding edible fish offal of subheadings 0302 91 to 0302 99 Other Kawakawa (Euthynnus affinis) For the industrial manufacture of products of heading 1604
0302511020	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0302 91 to 0302 99 Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus) Of the species Gadus morhua For processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks For human consumption
0302519010	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0302 91 to 0302 99 Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus) Other
0302520010	For industrial manufacture Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0302 91 to 0302 99 Haddock (Melanogrammus aeglefinus) With heads off, gilled and gutted, for processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks For human consumption
0302591010	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0302 91 to 0302 99 Other Polar cod (Boreogadus saida) For processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks For human consumption
0302892100	Fish, fresh or chilled, excluding fish fillets and other fish meat of heading 0304 Other fish, excluding edible fish offal of subheadings 0302 91 to 0302 99 Other Other Fish of the genus Euthynnus, other than the skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis) mentioned in subheading 0302 33 and other than Kawakawa (Euthynnus affinis) mentioned in subheading 0302 49
0303411000	For the industrial manufacture of products of heading 1604 Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99 Albacore or longfinned tuna (Thunnus alalunga) For the industrial manufacture of products of heading 1604
0303422000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99 Yellowfin tuna (Thunnus albacares) For the industrial manufacture of products of heading 1604

Commodity Code	Description
0303431000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99
	Skipjack or stripe-bellied bonito
	For the industrial manufacture of products of heading 1604
0303441000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99
	Bigeye tuna (Thunnus obesus)
0202454200	For the industrial manufacture of products of heading 1604
0303451200	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99 Atlantic and Pacific bluefin tuna (Thunnus thynnus, Thunnus orientalis)
	Atlantic bluefin tuna (Thunnus thynnus)
	For the industrial manufacture of products of heading 1604
0303459100	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99
	Atlantic and Pacific bluefin tuna (Thunnus thynnus, Thunnus orientalis)
	Pacific bluefin tuna (Thunnus orientalis) For the industrial manufacture of products of heading 1604
0303461000	
0303401000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99
	Southern bluefin tuna (Thunnus maccoyii)
	For the industrial manufacture of products of heading 1604
0303492000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Tunas (of the genus Thunnus), skipjack or stripe-bellied bonito (Euthynnus (Katsuwonus) pelamis), excluding edible fish offal of subheadings 0303 91 to 0303 99
	Other
	For the industrial manufacture of products of heading 1604
0303592100	Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Herrings (Clupea harengus, Clupea pallasii), anchovies (Engraulis spp.), sardines (Sardina pilchardus, Sardinops spp.), sardinella (Sardinella spp.), brisling or sprats (Sprattus sprattus), mackerel (Scomber scombrus, Scomber
	australasicus, Scomber japonicus), Indian mackerels (Rastrelliger spp.), seerfishes (Scomberomorus spp.), jack and horse mackerel (Trachurus spp.), jacks, crevalles (Caranx spp.), cobia (Rachycentron canadum), silver pomfrets
	(Pampus spp.), Pacific saury (Cololabis saira), scads (Decapterus spp.), capelin (Mallotus villosus), swordfish (Xiphias gladius), Kawakawa (Euthynnus affinis), bonitos (Sarda spp.), marlins, sailfishes, spearfish (Istiophoridae),
	excluding edible fish offal of subheadings 0303 91 to 0303 99
	Other Kawakawa (Euthynnus affinis)
	For the industrial manufacture of products of heading 1604
0303631010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus)
	Of the species Gadus morhua
	For processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks
	For human consumption
0303633010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus)
	Of the species Gadus ogac
	For processing (except retail and catering) Subject to one or more of the following processing pro
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks For human consumption
0303639010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
0303033010	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus)
	Of the species Gadus macrocephalus
	For processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks
	For human consumption
0303640010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Haddock (Melanogrammus aeglefinus)
	With heads off, gilled and gutted, for processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks
	For human consumption
0303661110	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Hake (Merluccius spp., Urophycis spp.)
	Hake of the genus Merluccius
	Cape hake (shallow-water hake) (Merluccius capensis) and deepwater hake (deepwater Cape hake) (Merluccius paradoxus)
	For processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials
0000001015	For human consumption
0303661210	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Hala (Mada a San and Haraba San A
	Hake (Merluccius spp., Urophycis spp.)
	Hake of the genus Merluccius
	Hake of the genus Merluccius Argentine hake (Southwest Atlantic hake) (Merluccius hubbsi)
	Hake of the genus Merluccius

Commodity Code	Description
0303661310	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Hake (Merluccius spp., Urophycis spp.)
	Hake of the genus Merluccius
	Southern hake (Merluccius australis)
	For processing (except retail and catering) Subject to one or more of the following processing energtions, diging filleting, production of flore, cutting of frezen blocks, children of interlooped fillet blocks, clicing for metarials
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials For human consumption
0303661911	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Hake (Merluccius spp., Urophycis spp.)
	Hake of the genus Merluccius
	Other
	Silver hake (Merluccius bilinearis)
	For processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials
	For human consumption
0303661991	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Hake (Merluccius spp., Urophycis spp.)
	Hake of the genus Merluccius
	Other Other hake of the genus Merluccius
	For processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials
	For human consumption
0303670010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Alaska pollock (Theragra chalcogramma)
0303691010	For processing Figh frames and other figh most of heading 0204
0303091010	Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Other
	Polar cod (Boreogadus saida)
	For processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks
0303892100	For human consumption
0303092100	Fish, frozen, excluding fish fillets and other fish meat of heading 0304 Other fish, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Other
	Other
	Fish of the genus Euthynnus, other than Kawakawa (Euthynnus affinis) covered by subheading 0303 59
0303897010	For the industrial manufacture of products of heading 1604 Fish, frozen, excluding fish fillets and other fish meat of heading 0304
0303037010	Hake (Merluccius spp. Excluding Merluccius merluccius, Urophycis spp.), and pink cusk-eel (Genypterus blacodes and Genypterus capensis)
	Frozen
	For processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials
0303899030	For human consumption Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Other fish, excluding edible fish offal of subheadings 0303 91 to 0303 99
	Other
	Other
	Other
	Pink cusk-eel (Genypterus capensis) for processing (except retail and catering)Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, slicing for materials
	For human consumption
0303911000	Fish, frozen, excluding fish fillets and other fish meat of heading 0304
	Livers, roes, milt, fish fins, heads, tails, maws and other edible fish offal
	Livers, roes and milt Hard and soft roes for the manufacture of deoxyribonucleic acid or protamine sulphate
0304530031	Fish fillets and other fish meat (whether or not minced), fresh, chilled or frozen
	Other, fresh or chilled
	Fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae
	Haddock (Melanogrammus aeglefinus) For processing
0304711010	Fish fillets and other fish meat (whether or not minced), fresh, chilled or frozen
	Frozen fillets of fish of the families Bregmacerotidae, Euclichthyidae, Gadidae, Macrouridae, Melanonidae, Merlucciidae, Moridae and Muraenolepididae
	Cod (Gadus morhua, Gadus ogac, Gadus macrocephalus)
	Cod of the species Gadus macrocephalus For processing (except retail and extering)
	For processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks
	For human consumption
	Fish fillets and other fish meat (whether or not minced), fresh, chilled or frozen

	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks For human consumption

Chapter 4 Dairy produce; birds' eggs; natural honey; edible products of animal origin, not elsewhere specified or included

Commodity Code	Description
0406900100	Cheese and curd Other cheese For processing

CHAPTER 7 EDIBLE VEGETABLES AND CERTAIN ROOTS AND TUBERS

Commodity Code	CHAPTER / EDIBLE VEGETABLES AND CERTAIN ROOTS AND TUBERS
Commodity Code	Description Description
0701901000	Potatoes, fresh or chilled
	Other For the manufacture of storeh
0700000400	For the manufacture of starch
0709609100	Other vegetables, fresh or chilled
	Fruits of the genus Capsicum or of the genus Pimenta
	Other Of the gapus Capaigum for the manufacture of capaigin or capaigum electrois dues
0709609500	Of the genus Capsicum, for the manufacture of capsicin or capsicum oleoresin dyes Other vegetables, fresh or chilled
0709009300	Fruits of the genus Capsicum or of the genus Pimenta
	Other
	For the industrial manufacture of essential oils or resinoids
0709921000	Other vegetables, fresh or chilled
0703321000	Other
	Olives
	For uses other than the production of oil
0710400020	Vegetables (uncooked or cooked by steaming or boiling in water), frozen
0.1010020	Sweetcorn
	Corn cobs (Zea Mays Saccharata) whether or not cut, with a diameter of 10 mm or more, but not more than 20 mm, for use in the manufacture of products of the food industry for treatment other than simple repacking
0710806910	Vegetables (uncooked or cooked by steaming or boiling in water), frozen
	Other vegetables
	Mushrooms
	Other
	of the species Auricularia polytricha, for the manufacture of prepared meals
0711201000	Vegetables provisionally preserved, but unsuitable in that state for immediate consumption
	Olives
	For uses other than the production of oil
0712320010	Dried vegetables, whole, cut, sliced, broken or in powder, but not further prepared
	Mushrooms, wood ears (Auricularia spp.), jelly fungi (Tremella spp.) and truffles
	Wood ears (Auricularia spp.)
	Mushrooms, excluding mushrooms of the genus Agaricus, dried, whole or in identifiable slices or pieces, for treatment other than simple repacking for retail sale
0712340031	Dried vegetables, whole, cut, sliced, broken or in powder, but not further prepared
	Shiitake (Lentinus edodes)
	Mushrooms, excluding mushrooms of the genus Agaricus, dried, whole or in identifiable slices or pieces, for treatment other than simple repacking for retail sale
0712390031	Dried vegetables, whole, cut, sliced, broken or in powder, but not further prepared
	Mushrooms, wood ears (Auricularia spp.), jelly fungi (Tremella spp.) and truffles
	Other
<u> </u>	Mushrooms, excluding mushrooms of the genus Agaricus, dried, whole or in identifiable slices or pieces, for treatment other than simple repacking for retail sale

Chapter 8 Edible fruit and nuts; peel of citrus fruit or melons

Commodity Code	Description
0811905000	Fruit and nuts, uncooked or cooked by steaming or boiling in water, frozen, whether or not containing added sugar or other sweetening matter
	Other
	Other
	Fruit of the species Vaccinium myrtillus

Chapter 10 Cereals

Commodity Code	Description
1001110000	Wheat and meslin
	Durum wheat
	Seed
1001190012	Wheat and meslin
	Other
	High quality durum wheat
	Durum wheat with
	- a specific weight in kg/hl greater than or equal to 80,
	- a maximum of 20,0 % of grains which have lost their vitreous aspect,
	- a maximum of 10,0 % of matter which is not quality wheat grains of unimpaired quality of which a maximum of 7,0 % of broken and/or shrivelled grains, a maximum of 2,0 % grains damaged by pests, a maximum of 5,0 % grains
	affected with fusariosis and/or mottled grains, a maximum of 0,5 % of sprouted grains,
	- a maximum of 1,0 % of miscellaneous impurities (Schwarzbesatz),
4004400040	- a Hagberg falling number of a minimum of 250
1001190018	Wheat and meslin
	Other
4004400000	Other Wheat and masking
1001190020	Wheat and meslin
	Other Modium quality durum wheat
1001190030	Medium quality durum wheat Wheat and meslin
1001190030	Other
	Low quality durum wheat
1003900020	Barley
100000020	Other
	For the manufacture of malt
	with the following quality criteria:
	- specific weight 60,5 kg/hl or more,
	- damaged grains 1% or less,
	- moisture content 13,5% or less,
	- sound, fair and merchantable barley 96% or more,
	to be used for the manufacture of beer aged in vats containing beechwood
	to be used for the manufacture of beer aged in vats containing beechwood

Chapter 15 Animal or Vegetable Fats and Oils and Their Cleavage Products; Prepared Edible Fats; Animal or Vegetable Waxes

0	Chapter 15 Animal or Vegetable Fats and Oils and Their Cleavage Products; Prepared Edible Fats; Animal or Vegetable Waxes
Commodity Code 1501101000	Description Pig fat (including lard) and poultry fat, other than that of heading 0209 or 1503
1501101000	Lard
	For industrial uses other than the manufacture of foodstuffs for human consumption
1501201000	Pig fat (including lard) and poultry fat, other than that of heading 0209 or 1503
	Other pig fat For industrial uses other than the manufacture of foodstuffs for human consumption
1502101000	Fats of bovine animals, sheep or goats, other than those of heading 1503
	Tallow
1502001000	For industrial uses other than the manufacture of foodstuffs for human consumption
1502901000	Fats of bovine animals, sheep or goats, other than those of heading 1503
	Other For industrial uses other than the manufacture of foodstuffs for human consumption
1507	For industrial uses other than the manufacture of foodstuffs for human consumption Soya-bean oil and its fractions, whether or not refined, but not chemically modified
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1507101000	Soya-bean oil and its fractions, whether or not refined, but not chemically modified
	Crude oil, whether or not degummed
45050400	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1507901000	Soya-bean oil and its fractions, whether or not refined, but not chemically modified Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1508901000	Groundnut oil and its fractions, whether or not refined, but not chemically modified
	Other For technical or industrial uses other than the manufacture of feedstuffs for human consumption
1509	For technical or industrial uses other than the manufacture of foodstuffs for human consumption Olive oil and its fractions, whether or not refined, but not chemically modified
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1510	Other oils and their fractions, obtained solely from olives, whether or not refined, but not chemically modified, including blends of these oils or fractions with oils or fractions of heading 1509
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4544404000	• for linking these drilling or production platforms to the mainland
1511101000	Palm oil and its fractions, whether or not refined, but not chemically modified Crude oil
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
454440000	• for linking these drilling or production platforms to the mainland
1511109000	Palm oil and its fractions, whether or not refined, but not chemically modified Crude oil
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1511901100	Palm oil and its fractions, whether or not refined, but not chemically modified Other
	Solid fractions
	In immediate packings of a net content not exceeding 1kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4-444	• for linking these drilling or production platforms to the mainland
1511901990	Palm oil and its fractions, whether or not refined, but not chemically modified Other
	Solid fractions
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1511909120	Palm oil and its fractions, whether or not refined, but not chemically modified
	Other
	Other For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption For the manufacture of:
	-industrial monocarboxylic fatty acids of subheading 3823 19 10,
	-methyl esters of fatty acids of heading 2915 or 2916,
	-fatty alcohols of subheadings 2905 17, 2905 19 and 3823 70 used for the manufacture of cosmetics, washing products or pharmaceutical products, -fatty alcohols of subheading 2905 16, pure or mixed, used for the manufacture of cosmetics, washing products or pharmaceutical products,
	-stearic acid of subheading 3823 11 00,
	-goods of heading 3401, or
	-fatty acids with high purity of heading 2915

Commodity Code	Description
1511909190	Palm oil and its fractions, whether or not refined, but not chemically modified
	Other Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1511909900	Palm oil and its fractions, whether or not refined, but not chemically modified
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4540	for linking these drilling or production platforms to the mainland
1512	Sunflower-seed, safflower or cotton-seed oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1512111000	Sunflower-seed, safflower or cotton-seed oil and fractions thereof, whether or not refined, but not chemically modified
	Sunflower-seed or safflower oil and fractions thereof Crude oil
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1512191000	Sunflower-seed, safflower or cotton-seed oil and fractions thereof, whether or not refined, but not chemically modified
	Sunflower-seed or safflower oil and fractions thereof other For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1512211000	Sunflower-seed, safflower or cotton-seed oil and fractions thereof, whether or not refined, but not chemically modified
	Cotton-seed oil and its fractions Crude oil, whether or not gossypol has been removed
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1512291000	Sunflower-seed, safflower or cotton-seed oil and fractions thereof, whether or not refined, but not chemically modified
	Cotton-seed oil and its fractions Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1513111000	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified Coconut (copra) oil and its fractions
	Crude oil
4540444000	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1513111020	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified Coconut (copra) oil and its fractions
	Crude oil Crude
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption for the manufacture of:
	-industrial monocarboxylic fatty acids of subheading 3823 19 10,
	-methyl esters of fatty acids of heading 2915 or 2916,
	-fatty alcohols of subheadings 2905 17, 2905 19 and 3823 70 used for the manufacture of cosmetics, washing products or pharmaceutical products, -fatty alcohols of subheading 2905 16, pure or mixed, used for the manufacture of cosmetics, washing products or pharmaceutical products,
	-stearic acid of subheading 3823 11 00,
	-goods of heading 3401, or -fatty acids with high purity of heading 2915
1513111090	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified
	Coconut (copra) oil and its fractions Crude oil
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
1513119100	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified
	Coconut (copra) oil and its fractions Crude oil
	Other
	In immediate packings of a net content not exceeding 1kg • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
1513119900	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified
	Coconut (copra) oil and its fractions Crude oil
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
1513191100	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined, but not chemically modified
	Coconut (copra) oil and its fractions
	Other Solid fractions
	In immediate packings of a net content not exceeding 1kg
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	for linking these drilling or production platforms to the mainland

1514	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified
1514	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
1514	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
1514	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
1514	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Low-erucic-acid rape or colza oil and its fractions
1514 1514111000	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Low-erucic-acid rape or colza oil and its fractions Crude oil
1514111000	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Low-erucic-acid rape or colza oil and its fractions Crude oil For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1514111000	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Low-erucic-acid rape or colza oil and its fractions Crude oil For technical or industrial uses other than the manufacture of foodstuffs for human consumption Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Low-erucic-acid rape or colza oil and its fractions Crude oil For technical or industrial uses other than the manufacture of foodstuffs for human consumption

Commodity Code	Description
1514911000	Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Other
	Crude oil
1514991000	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1314331000	Rape, colza or mustard oil and fractions thereof, whether or not refined, but not chemically modified Other
	Other
1515110000	For technical or industrial uses other than the manufacture of foodstuffs for human consumption Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Linseed oil and its fractions
	Crude oil • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515191000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Linseed oil and its fractions Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1515199000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Linseed oil and its fractions
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515210000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified Maize (corn) oil and its fractions
	Crude oil
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1515211000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Maize (corn) oil and its fractions Crude oil
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1515290000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified Maize (corn) oil and its fractions
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1515291000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Maize (corn) oil and its fractions Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1515301000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified Castor oil and its fractions
	For the production of aminoundecanoic acid for use in the manufacture of synthetic textile fibres or of artificial plastic materials
1515309000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Castor oil and its fractions Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1515501100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Sesame oil and its fractions
	Crude oil For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
1515501900	• for linking these drilling or production platforms to the mainland Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Sesame oil and its fractions
	Crude oil Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
1515509100	• for linking these drilling or production platforms to the mainland Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Sesame oil and its fractions
	Other For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
1515509900	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Sesame oil and its fractions Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515601100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Microbial fats and oils and their fractions
	Crude oils For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1515605100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Microbial fats and oils and their fractions
	Crude oils
	Other Solid, in immediate packings of a net content not exceeding 1 kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515605900	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Microbial fats and oils and their fractions
	Crude oils Other
	Solid, other; fluid
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
1515606000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Microbial fats and oils and their fractions Crude oils
	Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
1515609100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Microbial fats and oils and their fractions Crude oils
	Other
	Other
	Solid, in immediate packings of a net content not exceeding 1 kg
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
1515609900	• for linking these drilling or production platforms to the mainland Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
1313003300	Microbial fats and oils and their fractions
	Crude oils
	Other
	Other Solid, other; fluid
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1515901100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other
	Tung oil; jojoba and oiticica oils; myrtle wax and Japan wax; their fractions
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515902100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other Tobacca cood oil and its fractions
	Tobacco-seed oil and its fractions Crude oil
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
1515903100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other Tobacco-seed oil and its fractions
	Other
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;

Commodity Code	Description
1515904000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other
	Other oils and their fractions
	Crude oils For tacknical at industrial years other than the manufacture of foodstuffs for human consumption
	For technical or industrial uses other than the manufacture of foodstuffs for human consumption • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
1515905100	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other
	Other oils and their fractions
	Other
	Solid, in immediate packings of a net content not exceeding 1 kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515905900	Other fixed vegetable or microbial fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified Other
	Other oils and their fractions
	Crude oils
	Other
	Solid, other; fluid
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1515906000	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified
	Other
	Other oils and their fractions
	Other For technical or industrial uses other than the manufacture of foodstuffs for human consumption
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4546	• for linking these drilling or production platforms to the mainland
1516	Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised, whether or not refined, but not further prepared • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
1516209500	Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised, whether or not refined, but not further prepared
	Vegetable fats and oils and their fractions
	Other Other
	Colza, linseed, rapeseed, sunflower-seed, illipe, karite, makore, touloucouna or babassu oils, for technical or industrial uses other than the manufacture of foodstuffs for human consumption
1517	Margarine; edible mixtures or preparations of animal, vegetable or microbial fats or oils or of fractions of different fats or oils of this chapter, other than edible fats or oils or their fractions of heading 1516
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
1518003100	Animal or vegetable fats and oils and their fractions, boiled, oxidised, dehydrated, sulphurised, blown, polymerised by heat in vacuum or in inert gas or otherwise chemically modified, excluding those of heading 1516; inedible
	mixtures or preparations of animal or vegetable fats or oils or of fractions of different fats or oils of this chapter, not elsewhere specified or included
	Fixed vegetable oils, fluid, mixed, for technical or industrial uses other than the manufacture of foodstuffs for human consumption
	Crude
1518003900	Animal or vegetable fats and oils and their fractions, boiled, oxidised, dehydrated, sulphurised, blown, polymerised by heat in vacuum or in inert gas or otherwise chemically modified, excluding those of heading 1516; inedible
	mixtures or preparations of animal or vegetable fats or oils or of fractions of different fats or oils of this chapter, not elsewhere specified or included
	Fixed vegetable oils, fluid, mixed, for technical or industrial uses other than the manufacture of foodstuffs for human consumption Other
	Out to

Chapter 16 Preparations of Meat, of Fish or of Crustaceans, Molluscs or Other Aquatic Invertebrates

Commodity Code	Description
1605219045	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved
	Shrimps and prawns
	Not in airtight containers
	Other
	Shrimps and prawns of the species Pandalus borealis
	cooked and peeled for processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, or treatment by gases other than air, introduced into a container before during or after the placing of a foodstuff in that container For human consumption
605219062	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved
	Shrimps and prawns
	Not in airtight containers
	Other
	Shrimps and prawns of the species Pandalus montagui
	cooked and peeled for processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, or treatment by gases other than air, introduced into a container before
	during or after the placing of a foodstuff in that container For human consumption
605290050	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved
	Shrimps and prawns
	Other
	Shrimps and prawns of the species Pandalus borealis, cooked and peeled for processing (except retail and catering)
	Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, or treatment by gases other than air, introduced into a container before
	during or after the placing of a foodstuff in that container
COECOOOFF	For human consumption
605290055	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved
	Shrimps and prawns
	Other
	Shrimps and prawns of the species Pandalus montagui, cooked and peeled for processing (except retail and catering) Subject to one or more of the following processing operations: dicing, filleting, production of flaps, cutting of frozen blocks, splitting of interleaved fillet blocks, or treatment by gases other than air, introduced into a container before
	during or after the placing of a foodstuff in that container
	For human consumption
605301000	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved
	Lobster
	Lobster meat, cooked, for the manufacture of lobster butter or of lobster pastes, pâtés, soups or sauces

Chapter 17 Sugars and Sugar Confectionery

Commodity Code	Description
1701121000	Cane or beet sugar and chemically pure sucrose, in solid form
	Raw sugar not containing added flavouring or colouring matter
	Beet sugar
	For refining
1701131000	Cane or beet sugar and chemically pure sucrose, in solid form
	Raw sugar not containing added flavouring or colouring matter
	Cane sugar specified in subheading note 2 to this chapter
	For refining
1701141000	Cane or beet sugar and chemically pure sucrose, in solid form
	Raw sugar not containing added flavouring or colouring matter
	Other cane sugar
	For refining Total Control of the Co

Chapter 20 Preparations of Vegetables, Fruit, Nuts or Other Parts of Plants

Commodite Code	Chapter 20 Preparations of Vegetables, Fruit, Nuts or Other Parts of Plants
Commodity Code 2005800030	Description Other vegetables prepared or preserved otherwise than by vinegar or acetic acid, not frozen, other than products of heading 2006
2000000000	Sweetcorn (Zea mays var. saccharata)
	Corn cobs (Zea Mays Saccharata) whether or not cut, with a diameter of 10 mm or more, but not more than 20 mm, for use in the manufacture of products of the food industry for treatment other than simple repacking
2007991000	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter
	Other Other
	With a sugar content exceeding 30% by weight
	Plum purée and paste and prune purée and paste, in immediate packings of a net content exceeding 100kg, for industrial processing
007995084	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter
	Other Other
	With a sugar content exceeding 13% but not exceeding 30% by weight
	Other
	Fruit purées obtained by sieving then brought to the boil in a vacuum, the texture and chemical composition of which have not been changed by the heat treatment Other
	Papaya puree concentrate, obtained by cooking:
	-of the Genus Carica spp.,
	-with a sugar content by weight of more than 13% but not more than 30% for use in the manufacture of products of food and drink industry
2007995085	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter
	Other
	Other With a surger content succeeding 120/, but not succeeding 200/, but under the
	With a sugar content exceeding 13% but not exceeding 30% by weight Other
	Fruit purées obtained by sieving then brought to the boil in a vacuum, the texture and chemical composition of which have not been changed by the heat treatment
	Other
	Guava puree concentrate, obtained by cooking: -of the Genus Psidium spp.,
	-with a sugar content by weight of more than 13% but not more than 30%
	for use in the manufacture of products of food and drink industry
2007995093	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter Other
	Other
	With a sugar content exceeding 13% but not exceeding 30% by weight
	Other
	Other Mango puree concentrate, obtained by cooking:
	-of the Genus Mangifera spp.,
	-with a sugar content by weight of not more than 30%
007995094	for use in the manufacture of products of food and drink industry Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter
.007 333034	Other
	Other
	With a sugar content exceeding 13% but not exceeding 30% by weight Other
	Other
	Papaya puree concentrate, obtained by cooking:
	-of the Genus Carica spp., -with a sugar content by weight of more than 13% but not more than 30%
	for use in the manufacture of products of food and drink industry
007995095	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter
	Other Other
	With a sugar content exceeding 13% but not exceeding 30% by weight
	Other
	Other
	Guava puree concentrate, obtained by cooking: -of the Genus Psidium spp.,
	-with a sugar content by weight of more than 13% but not more than 30%
	for use in the manufacture of products of food and drink industry
007999310	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter Other
	Other
	Other
	Of tropical fruit and tropical nuts Mango puree concentrate, obtained by cooking:
	-of the Genus Mangifera spp.,
	-with a sugar content by weight of not more than 30%
00000000	for use in the manufacture of products of food and drink industry
008603930	Fruit, nuts and other edible parts of plants, otherwise prepared or preserved, whether or not containing added sugar or other sweetening matter or spirit, not elsewhere specified or included Cherries
	Containing added spirit
	Other
	Other Sweet cherries containing added spirit, with a sugar content of not more than 9% by weight, of a diameter of not more than 19,9mm, with stones, for use in chocolate products
008994894	Fruit, nuts and other edible parts of plants, otherwise prepared or preserved, whether or not containing added sugar or other sweetening matter or spirit, not elsewhere specified or included
	Other, including mixtures other than those of subheading 200819
	Other Not containing added spirit
	Not containing added spirit Containing added sugar, in immediate packings of a net content exceeding 1kg
	Tropical fruit
	Mangoes, mangosteens, papaws (papayas), cashew apples, lychees, jackfruit, sapodillo plums, carambola and pitahaya
	Other Mango puree:
	• not from concentrate,
	• of the genus Mangifera,
	• of a Brix value of 14 or more, but not more than 20
	used in the manufacture of products of drink industry

Commodity Code	Description
2009493091	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Pineapple juice
	Other Other Reinvelop and display 22 but not according 27
	Of a Brix value exceeding 20 but not exceeding 67 Of a value exceeding 25.00 GBP per 100 kg net weight, containing added sugar
	Of a value exceeding 25.00 GBF per 100 kg fiet weight, containing added sugar Other
	Pineapple juice, other than in powder form:
	-with a Brix value of more than 20 but not more than 67,
	- a value of more than 25.00 GBP per 100 kg net weight,
	-containing added sugar used in the manufacture of products of food or drink industry
2009619010	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Grape juice (including grape must)
	Of a Brix value not exceeding 30
	Of a value not exceeding 15.00 GBP per 100 kg net weight for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
2009691111	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
2000001111	Grape juice (including grape must)
	Other
	Of a Brix value exceeding 67 Of a value not exceeding 48 00 CRB nor 100 kg not weight
	Of a value not exceeding 18.00 GBP per 100 kg net weight for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
	With an added sugar content not exceeding 30% by weight
2009691119	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Grape juice (including grape must)
	Other Of a Brix value exceeding 67
	Of a value not exceeding 18.00 GBP per 100 kg net weight
	for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
	Other
2009691910	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Grape juice (including grape must) Other
	Of a Brix value exceeding 67
	Other
	for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
2009695110	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter Grape juice (including grape must)
	Other
	Of a Brix value exceeding 30 but not exceeding 67
	Of a value exceeding 15.00 GBP per 100 kg net weight
	Concentrated for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
2009699020	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Grape juice (including grape must)
	Other 15 CO
	Of a Brix value exceeding 30 but not exceeding 67 Of a value not exceeding 15.00 GBP per 100 kg net weight
	Of a value not exceeding 15:00 GBF per 100 kg net weight
	for the production of grape juice and/or non-wine sector products such as non-alcoholic drinks, jams and sauces
2009897313	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Juice of any other single fruit or vegetable Other
	Other Of a Brix value not exceeding 67
	Other Other
	Of a value exceeding 25.00 GBP per 100 kg net weight, containing added sugar
	Juices of tropical fruit
	Passion fruit juice and passion fruit juice concentrate, whether or not frozen: -with a Brix value of 13,7 or more but not more than 55,
	-with a Brix value of 13,7 of more than 35, -of a value of more than 25.00 GBP per 100 kg net weight,
	-in immediate packings of a content of 50 litres or more, and
	-with added sugar
	for the use in the manufacture of products of food or drink industry Other
2009899729	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter
	Juice of any other single fruit or vegetable
	Other
	Of a Brix value not exceeding 67
	Other Other
	Not containing added sugar
	Juices of tropical fruit
	Passion fruit juice and passion fruit juice concentrate, whether or not frozen:
	-with a Brix value of 10 or more but not more than 13,7,
	-of a value of more than 25.00 GBP per 100 kg net weight, -in immediate packings of a content of 50liters or more, and
	-without added sugar
	-without added sugar for the use in the manufacture of products of food or drink industry Other

CHAPTER 24 TOBACCO AND MANUFACTURED TOBACCO SUBSTITUTES

0 " 0 1	CHAPTER 24 TOBACCO AND MANUFACTURED TOBACCO SUBSTITUTES
Commodity Code	Description Unpropulation to be acceptable to be accepta
2401103591	Unmanufactured tobacco; tobacco refuse Tobacco, not stemmed/stripped
	Light air-cured tobacco
	Other
	whether or not cut in regular size, having a custom value of not less than Euro 450 per 100kg net weight, for use as binder or wrapper for the manufacture of goods falling within subheading 2402 10 00
2401107010	Unmanufactured tobacco; tobacco refuse Tobacco, not stemmed/stripped
	Dark air-cured tobacco
	whether or not cut in regular size, having a custom value of not less than Euro 450 per 100kg net weight, for use as binder or wrapper for the manufacture of goods falling within subheading 2402 10 00
2401109511	Unmanufactured tobacco; tobacco refuse
	Tobacco, not stemmed/stripped Other
	Fire-cured tobacco
	Kentucky type
	whether or not cut in regular size, having a custom value of not less than Euro 450 per 100kg net weight, for use as binder or wrapper for the manufacture of goods falling within subheading 2402 10 00
2401109521	Unmanufactured tobacco; tobacco refuse Tobacco, not stemmed/stripped
	Other
	Fire-cured tobacco

	Other
	whether or not cut in regular size, having a custom value of not less than Euro 450 per 100kg net weight, for use as binder or wrapper for the manufacture of goods falling within subheading 2402 10 00
2401209591	Unmanufactured tobacco; tobacco refuse
	Tobacco, partly or wholly stemmed/stripped Other
	Other tobacco
	whether or not cut in regular size, having a custom value of not less than Euro 450 per 100kg net weight, for use as binder or wrapper for the manufacture of goods falling within subheading 2402 10 00
2404120010	Products containing tobacco, reconstituted tobacco, nicotine, or tobacco or nicotine substitutes, intended for inhalation without combustion; other nicotine containing products intended for the intake of nicotine into the human body Other, containing nicotine
	Cartridges and refills, filled, for electronic cigarettes, preparations for use in cartridges and refills for electronic cigarettes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2404120090	Products containing tobacco, reconstituted tobacco, nicotine, or tobacco or nicotine substitutes, intended for inhalation without combustion; other nicotine containing products intended for the intake of nicotine into the human body
	Other, containing nicotine Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2404199000	Products containing tobacco, reconstituted tobacco, nicotine, or tobacco or nicotine substitutes, intended for inhalation without combustion; other nicotine containing products intended for the intake of nicotine into the human body
	Products intended for inhalation without combustion
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2404990000	• for linking these drilling or production platforms to the mainland Products containing tobacco, reconstituted tobacco, picotine, or tobacco or picotine, substitutes, intended for inhalation without combustion; other picotine, containing products intended for the intake of picotine into the human body.
2404990000	Products containing tobacco, reconstituted tobacco, nicotine, or tobacco or nicotine substitutes, intended for inhalation without combustion; other nicotine containing products intended for the intake of nicotine into the human body Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 27 Mineral Fuels, Mineral Oils and Products of Their Distillation; Bituminous Substances; Mineral Waxes

Commodity Code	Chapter 27 Mineral Fuels, Mineral Oils and Products of Their Distillation; Bituminous Substances; Mineral Waxes Description
2705	Coal gas, water gas, producer gas and similar gases, other than petroleum gases and other gaseous hydrocarbons
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0710101100	• for linking these drilling or production platforms to the mainland
2710121100	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations For undergoing a specific process
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2710121500	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations For undergoing chamical transformation by a precess other than those experied in respect of subheading 2710, 12, 11
	For undergoing chemical transformation by a process other than those specified in respect of subheading 2710 12 11 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2710122100	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations
	For other purposes Special spirits
	White spirit
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2710122500	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations For other purposes
	Special spirits
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2710124100	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations
	For other purposes
	Other Motor spirit
	Other, with a lead content
	Not exceeding 0,013 g per litre
	With an octane number (RON) of less than 95 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2710124500	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Light oils and preparations
	For other purposes Other
	Other Motor spirit
	Other, with a lead content
	Not exceeding 0,013 g per litre
	With an octane number (RON) of 95 or more but less than 98 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
2710124900	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these

	For other purposes
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code 2710193100	
2710193100	Description (iii)
	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Other
	Heavy oils
	Gas oils For undergoing a specific process
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2710193500	• for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
27 10 195500	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Other
	Heavy oils Gas oils
	For undergoing chemical transformation by a process other than those specified in respect of subheading 2710 19 31
2710194300	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70 % or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70 % or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Other
	Heavy oils
	Gas oils
	For other purposes
	With a sulphur content not exceeding 0,001 % by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2710404600	• for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
2710194600	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Other
	Heavy oils Gas oils
	For other purposes
	With a sulphur content exceeding 0,001% by weight but not exceeding 0,002% by weight
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2710194700	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
	oils being the basic constituents of the preparations; waste oils
	Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
	Other
	Heavy oils
	Gas oils
	For other purposes
	With a sulphur content exceeding 0,002% by weight but not exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 With a sulphur content exceeding 0,002% by weight but not exceeding 0,1% by weight for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
2710194800	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
2710194800	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these
2710194800	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
2710194800	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
2710194800	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland
2710194800	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or product
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals,
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or product
	• for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms (isted below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations, suste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0.1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in or the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in or the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation in or the purposes of their construction, repair, maintenanc
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils Petroleum oils and oils obtained from bituminous minerals (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting by or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting by or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting by or equipping such ships, boats or other vessels; • for linking these drilling or production platforms to
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipiping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils of the preparations of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight 1 of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of ritting to or equipping such ships, boats or other vessels: 2 of ritting to or equipping such ships, boats or other vessels: 3 of ricorporation for the purposes of their construction, repair, maintenance or conversion; 4 of ritting to or equipping such ships, boats or other vessels: 5 of ricorporation for the purposes of their construction, r
	• for incorporation in ships, boats or other vesses!s; sted in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vesses!s; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms, is not purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for inking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations was test oils Petroleum oils and oils obtained from bituminous minerals, (other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; was the solid being the basic constituents of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Petroleum oil
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipiping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations, other than crude) and preparations not elsewhere specified or included, containing by weight 70% or more of petroleum oils or of oils obtained from bituminous minerals, these oils of the preparations of the preparations, other than those containing biodiesel and other than waste oils Other Heavy oils Gas oils For other purposes With a sulphur content exceeding 0,1% by weight 1 of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of ritting to or equipping such ships, boats or other vessels: 2 of ritting to or equipping such ships, boats or other vessels: 3 of ricorporation for the purposes of their construction, repair, maintenance or conversion; 4 of ritting to or equipping such ships, boats or other vessels: 5 of ricorporation for the purposes of their construction, r

	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 28 Inorganic Chemicals; Organic or Inorganic Compounds of Precious Metals, of Rare-Earth Metals, of Radioactive Elements or of Isotopes

Commodity Code	Description
2804100000	Hydrogen, rare gases and other non-metals Hydrogen
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
304210000	Hydrogen, rare gases and other non-metals
	Rare gases
	Argon • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
804291000	Hydrogen, rare gases and other non-metals
	Rare gases
	Other Helium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
04299000	Hydrogen, rare gases and other non-metals
	Rare gases Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
804300000	Hydrogen, rare gases and other non-metals Nitrogen
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
304400000	Hydrogen, rare gases and other non-metals
	Oxygen
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
806	• for linking these drilling or production platforms to the mainland Hydrogen chloride (hydrochloric acid); chlorosulphuric acid
500	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	-for linking these drilling or production platforms to the mainland
807	Sulphuric acid; oleum
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
000	for linking these drilling or production platforms to the mainland Nitrig poids and beginning and a side
808	Nitric acid; sulphonitric acids • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
809	Diphosphorus pentaoxide; phosphoric acid; polyphosphoric acids, whether or not chemically defined
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	-for linking these drilling or production platforms to the mainland
810	Oxides of boron; boric acids • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
311110000	• for linking these drilling or production platforms to the mainland Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic acids
	Hydrogen fluoride (hydrofluoric acid)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
044420000	• for linking these drilling or production platforms to the mainland
811120000	Other inorganic acids and other inorganic oxygen compounds of non-metals Other inorganic acids
	Hydrogen cyanide (hydrocyanic acid)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	The incomparation for the purposes of their construction, repair maintenance of conversion in obtition distrothes listed below fixed, of suppeading 8X 4X 10 44 of floating of suppeading 8X 10 44 of floating 8X 10 44 of floatin
	• for equipping the above platforms;

Commodity Code	Description
2811191000	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic acids Other
	Hydrogen bromide (hydrobromic acid)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2811198050	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic acids
	Other Other
	Sulphamidic acid (CAS RN 5329-14-6) with a purity by weight of 95 % or more, whether or not with not more than 5 % addition of the anti-caking agent silicon dioxide (CAS RN 112926-00-8)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2811198090	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic acids
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2811210000	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic oxygen compounds of non-metals Carbon dioxide
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2811220010	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic oxygen compounds of non-metals
	Silicon dioxide Silicon dioxide (CAS BN 7624 06 0) in the form of powder for use in the grounds of bight perfect use of bight perfect
2811220015	Silicon dioxide (CAS RN 7631-86-9) in the form of powder, for use in the manufacture of high performance liquid chromatography columns (HPLC) and sample preparation cartridges Other inorganic acids and other inorganic oxygen compounds of non-metals
2011220013	Other inorganic oxygen compounds of non-metals Other inorganic oxygen compounds of non-metals
	Silicon dioxide
	Amorphous silicon dioxide (CAS RN 60676-86-0),
	-in the form of powder -of a purity by weight of 99,0% or more
	-with a median grain size of 0,7 μm or more, but not more than 2,1 μm
	-where 70% of the particles have a diameter of not more than 3 μm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2811220040	Other inorganic acids and other inorganic oxygen compounds of non-metals Other inorganic oxygen compounds of non-metals
	Silicon dioxide
	Silica filler in the form of granules, with a purity by weight of 97% or more of silicon dioxide
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2811220090	Other inorganic acids and other inorganic oxygen compounds of non-metals Other inorganic oxygen compounds of non-metals
	Silicon dioxide
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2811290000	Other inorganic acids and other inorganic oxygen compounds of non-metals
	Other inorganic oxygen compounds of non-metals Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2812	Halides and halide oxides of non-metals
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2813	Sulphides of non-metals; commercial phosphorus trisulphide
	Carbon disulphide
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
2814	Ammonia, anhydrous or in aqueous solution
	Anhydrous ammonia • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2815	Sodium hydroxide (caustic soda); potassium hydroxide (caustic potash); peroxides of sodium or potassium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2010	• for linking these drilling or production platforms to the mainland
2816	Hydroxide and peroxide of magnesium; oxides, hydroxides and peroxides, of strontium or barium • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2817	Zinc oxide; zinc peroxide
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2818	• for linking these drilling or production platforms to the mainland
2010	Artificial corundum, whether or not chemically defined; aluminium oxide; aluminium hydroxide • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2819100000	Chromium oxides and hydroxides
	Chromium trioxide
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2819901000	• for linking these drilling or production platforms to the mainland Chromium oxides and hydroxides
2010001000	Other
	Chromium dioxide
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2819909020	Chromium oxides and hydroxides
	Other
	Other Dihydroxy(dioxo)chromium (CAS RN 7738-94-5)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2819909030	Chromium oxides and hydroxides Other
	Other
	Dichromic acid (CAS RN 13530-68-2)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2819909090	• for linking these drilling or production platforms to the mainland Chromium oxides and hydroxides
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2820	Manganese oxides
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2821	• for linking these drilling or production platforms to the mainland Iron oxides and hydroxides; earth colours containing 70% or more by weight of combined iron evaluated as Fe2O3
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2822	Cobalt oxides and hydroxides; commercial cobalt oxides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	TO THINGHOUTHESE WHITHOUT DISCOULT DISC

Commodity Code	Description
2823000010	Titanium oxides Titanium dioxide (CAS RN 13463 67.7):
	Titanium dioxide (CAS RN 13463-67-7): -of a purity by weight of 99,9% or more,
	-or a purity by weight of 99,9 % of more, -with an average grain-size of 0,7 μm or more but not more than 2,1 μm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2823000090	Titanium oxides
2023000090	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2824	Lead oxides; red lead and orange lead
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2825	Hydrazine and hydroxylamine and their inorganic salts; other inorganic bases; other metal oxides, hydroxides and peroxides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2826	Fluorides; fluorosilicates, fluoroaluminates and other complex fluorine salts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2827	Chlorides, chloride oxides and chloride hydroxides; bromides and bromide oxides; iodides and iodide oxides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2828	Hypochlorites; commercial calcium hypochlorite; chlorites; hypobromites
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2829	Chlorates and perchlorates; bromates and perbromates; iodates and periodates
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2830	Sulphides; polysulphides, whether or not chemically defined
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- nking these drilling or production platforms to the mainland
2831	Dithionites and sulphoxylates
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2832	Sulphites; thiosulphates
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2833	Sulphates; alums; peroxosulphates (persulphates)
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2834	Nitrites; nitrates
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels;
	- for intering to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2835	Phosphinates (hypophosphites), phosphonates (phosphites) and phosphates; polyphosphates, whether or not chemically defined
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels;
	- for intering to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2836	Carbonates; peroxocarbonates (percarbonates); commercial ammonium carbonate containing ammonium carbamate
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms;

Commodity Code	Description
2837	Cyanides, cyanide oxides and complex cyanides
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
2839	- for linking these drilling or production platforms to the mainland Silicates; commercial alkali metal silicates
2000	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2840	Borates; peroxoborates (perborates)
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
2841	- for linking these drilling or production platforms to the mainland Salts of oxometallic or peroxometallic acids
2041	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2842	Other salts of inorganic acids or peroxoacids (including aluminosilicates whether or not chemically defined), other than azides
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
2843101000	- for linking these drilling or production platforms to the mainland
2043101000	Colloidal precious metals; inorganic or organic compounds of precious metals, whether or not chemically defined; amalgams of precious metals Colloidal precious metals
	Silver
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2843109000	Colloidal precious metals; inorganic or organic compounds of precious metals, whether or not chemically defined; amalgams of precious metals
	Colloidal precious metals
	Other
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2843210000	Colloidal precious metals; inorganic or organic compounds of precious metals, whether or not chemically defined; amalgams of precious metals
	Silver compounds
	Silver nitrate • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2843290000	Colloidal precious metals; inorganic or organic compounds of precious metals, whether or not chemically defined; amalgams of precious metals
	Silver compounds
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2843300000	Colloidal precious metals; inorganic or organic compounds of precious metals, whether or not chemically defined; amalgams of precious metals
	Gold compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2844	• for linking these drilling or production platforms to the mainland Radioactive chemical elements and radioactive isotopes (including the fissile or fertile chemical elements and isotopes) and their compounds; mixtures and residues containing these products
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
2011	- for fitting to or equipping such ships, boats or other vessels;
2011	
2011	
2017	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms;
2017	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
2845	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Isotopes other than those of heading 2844; compounds, inorganic or organic, of such isotopes, whether or not chemically defined
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Isotopes other than those of heading 2844; compounds, inorganic or organic, of such isotopes, whether or not chemically defined • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Isotopes other than those of heading 2844; compounds, inorganic or organic, of such isotopes, whether or not chemically defined • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Isotopes other than those of heading 2844; compounds, inorganic or organic, of such isotopes, whether or not chemically defined • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
2846	Compounds, inorganic or organic, of rare-earth metals, of yttrium or of scandium or of mixtures of these metals
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2847	Hydrogen peroxide, whether or not solidified with urea
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2849	Carbides, whether or not chemically defined
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
2850	Hydrides, nitrides, azides, silicides and borides, whether or not chemically defined, other than compounds which are also carbides of heading 2849
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2852	Inorganic or organic compounds of mercury, whether or not chemically defined, excluding amalgams
	The game of a game complete and of the complete and a game game game game
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2853	Phosphides, whether or not chemically defined, excluding ferrophosphorus; other inorganic compounds (including distilled or conductivity water and water of similar purity); liquid air (whether or not rare gases have been removed);
	compressed air; amalgams, other than amalgams of precious metals
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 29 Organic Chemicals

	Chapter 29 Organic Chemicals
Commodity Code	Description
2901	Acyclic hydrocarbons • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2902	Cyclic hydrocarbons a for incorporation in abina, beats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2903	Halogenated derivatives of hydrocarbons
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2904	Sulphonated, nitrated or nitrosated derivatives of hydrocarbons, whether or not halogenated
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2905	• for linking these drilling or production platforms to the mainland Acyclic alcohols and their halogenated, sulphonated, nitrated or nitrosated derivatives
2903	Diols
	Other
	Butane-1,4-diol Butane
	Butane-1,4-diol or tetramethylene glycol (1,4-butanediol) having a bio-based carbon content of 100 % by mass • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2906	Cyclic alcohols and their halogenated, sulphonated, nitrated or nitrosated derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2907	• for linking these drilling or production platforms to the mainland Phenols; phenol-alcohols
2907	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2908	Halogenated, sulphonated, nitrated or nitrosated derivatives of phenols or phenol-alcohols• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2909303500	• for linking these drilling or production platforms to the mainland Ethers, ether-alcohols, ether-phenols, ether-alcohol-phenols, alcohol peroxides, ether peroxides, acetal and hemiacetal peroxides, ketone peroxides (whether or not chemically defined), and their halogenated, sulphonated, nitrated
	or nitrosated derivatives
	Aromatic ethers and their halogenated, sulphonated, nitrated or nitrosated derivatives Derivatives halogenated only with bromine
	1.2-bis(2.4,6-tribromophenoxy)ethane, for the manufacture of acrylonitrile-butadiene-styrene (abs)
2909601000	Ethers, ether-alcohols, ether-phenols, ether-alcohol-phenols, alcohol peroxides, ether peroxides, acetal and hemiacetal peroxides, ketone peroxides (whether or not chemically defined), and their halogenated, sulphonated, nitrated
	or nitrosated derivatives
	Alcohol peroxides, ether peroxides, acetal and hemiacetal peroxides, ketone peroxides and their halogenated, sulphonated, nitrated or nitrosated derivatives Acetals and hemiacetals peroxides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2910	Epoxides, epoxyalcohols, epoxyphenols and epoxyethers, with a three-membered ring, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2911	• for linking these drilling or production platforms to the mainland Acetals and hemiacetals, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0046	for linking these drilling or production platforms to the mainland
2912	Aldehydes, whether or not with other oxygen function; cyclic polymers of aldehydes; paraformaldehyde • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2913	Halogenated, sulphonated, nitrated or nitrosated derivatives of products of heading 2912
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
2914110000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic ketones without other oxygen function
	Acetone Acetone
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914120000	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
2914120000	Acyclic ketones without other oxygen function
	Butanone (methyl ethyl ketone)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2914130000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic ketones without other oxygen function
	4-Methylpentan-2-one (methyl isobutyl ketone) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2914191000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic ketones without other oxygen function Other
	5-Methylhexan-2-one
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2914199020	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic ketones without other oxygen function
	Other Other
	Heptan-2-one (CAS RN 110-43-0)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914199030	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
2314133000	Acyclic ketones without other oxygen function
	Other Other
	3-Methylbutanone (CAS RN 563-80-4)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914199040	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
2314133040	Acyclic ketones without other oxygen function
	Other Other
	Pentan-2-one (CAS RN 107-87-9)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914199060	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
201710000	Acyclic ketones without other oxygen function
	Other
	Other Zinc acetylacetonate (CAS RN 14024-63-6)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2014400000	• for linking these drilling or production platforms to the mainland Ketopes and quinches, whether or not with other express function, and their halogeneted, sulphenated, nitrated or nitraceted derivatives
2914199090	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic ketones without other oxygen function
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
004400000	for linking these drilling or production platforms to the mainland
2914220000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives Cyclanic, cyclenic or cycloterpenic ketones without other oxygen function
	Cyclohexanone and methylcyclohexanones
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
2914230000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Cyclanic, cyclenic or cycloterpenic ketones without other oxygen function
	Ionones and methylionones • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914290000	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
2914290000	Cyclanic, cyclenic or cycloterpenic ketones without other oxygen function
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2914390000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Aromatic ketones without other oxygen function Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2914400000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Ketone-alcohols and ketone-aldehydes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2914500000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Ketone-phenols and ketones with other oxygen function • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2914610000	• for linking these drilling or production platforms to the mainland Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
2314010000	Quinones
	Anthraquinone
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2914620000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives Quinones
	Coenzyme Q10 (ubidecarenone (INN))
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2914690000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Quinones
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2914710000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives
	Halogenated, sulphonated, nitrated or nitrosated derivatives
	Chlordecone (ISO)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
204 470202	• for linking these drilling or production platforms to the mainland
2914790000	Ketones and quinones, whether or not with other oxygen function, and their halogenated, sulphonated, nitrated or nitrosated derivatives Halogenated, sulphonated, nitrated or nitrosated derivatives
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading or 8430,40 or floating or submarsible of subheading 8005,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2915	Saturated acyclic monocarboxylic acids and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	for linking those drilling or production platforms to the mainland
	- for linking these drilling or production platforms to the mainland
2916110000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
2916110000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Unsaturated acyclic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
2916110000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
2916110000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Unsaturated acyclic monocarboxylic acids, their anhydrides, halides, peroxyacids and their derivatives Acrylic acid and its salts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
2916110000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Unsaturated acyclic monocarboxylic acids, their anhydrides, halides, peroxyacids and their derivatives Acrylic acid and its salts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
2916199590	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Unsaturated acyclic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2916200000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Cyclanic, cyclenic or cycloterpenic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2916310000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Aromatic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Benzoic acid, its salts and esters
	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2916320000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Aromatic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives Benzoyl peroxide and benzoyl chloride
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2916340000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
2310040000	Aromatic monocarboxylic acids, their anhydrides, peroxides, peroxyacids and their derivatives
	Phenylacetic acid and its salts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2916390000	Unsaturated acyclic monocarboxylic acids, cyclic monocarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Aromatic monocarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
004744000	• for linking these drilling or production platforms to the mainland
2917110000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxides, peroxyacids and their derivatives
	Oxalic acid, its salts and esters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2917120000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Adipic acid, its salts and esters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2917130000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Azelaic acid, sebacic acid, their salts and esters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
20474 40000	• for linking these drilling or production platforms to the mainland Polyacorbonydia aside their applydridge, holidge, paravidge and paravyaside their beloggested sulphaneted pitrated or pitrated or pitrated derivatives.
2917140000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Maleic anhydride
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2917191000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other
	Malonic acid, its salts and esters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

Commodity Code	Description
2917192000	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Ethane-1,2-dicarboxylic acid or butanedioic acid (succinic acid) having a bio-based carbon content of 100% by mass
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2917198015	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Other
	Dimethyl but-2-ynedioate (CAS RN 762-42-5)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2917198030	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other
	Other
	Ethylene brassylate (CAS RN 105-95-3)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2917198035	• for linking these drilling or production platforms to the mainland Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
2317 130033	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxides and their derivatives
	Other
	Other Diethyl methylmalonate (CAS RN 609-08-5)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2917198040	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Other
	Dodecanedioic acid (CAS RN 693-23-2), of a purity by weight of more than 98,5 %
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0047400050	• for linking these drilling or production platforms to the mainland
2917198050	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxides, peroxyacids and their derivatives
	Other
	Other Tates de constilicio a cid (CAS RN 894 39.5)
	Tetradecanedioic acid (CAS RN 821-38-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
2917198060	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other
	Other Oxalyl dichloride (cas rn 79-37-8) with a purity by weight of 99% or more
	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2917198070	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Other
	Itaconic acid (CAS RN 97-65-4)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2917198080	Polycarboxylic acids, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Acyclic polycarboxylic acids, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other Other
	Ethyl chloroglyoxylate (cas rn 4755-77-5) with a purity by weight of 98% or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Commodity Code	Description
2918140000	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Citric acid • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2918150000	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Salts and esters of citric acid • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2918160010	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Gluconic acid, its salts and esters
	Dry sodium gluconate with a Customs Union and Statistics (CUS) number 0023277-9 and a Chemical Abstracts Service (CAS) registry number 527-07-1
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2918160090	• for linking these drilling or production platforms to the mainland Corbovalia goids with additional avages function and their applydridge, holides, persyddes and persyspeids, their hologenetad, sulphenetad, pitrated or pitrated derivatives.
2910100090	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Gluconic acid, its salts and esters
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
2918170000	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	2,2-Diphenyl-2-hydroxyacetic acid (benzilic acid)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2918180000	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Chlorobenzilate (ISO)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2918190000	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2918199850	Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxyacids and their derivatives
	Carboxylic acids with alcohol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other
	Other
	12-Hydroxyoctadecanoic acid (CAS RN 106-14-9) with a purity by weight of 90 % or more for use in the manufacture of polyglycerin-poly-12-hydroxyoctadecanoic acid esters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2918210000	• for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives
2010210000	Carboxylic acids with additional oxygen function and their annyances, halides, peroxides and peroxyacids, their halogenated, sulphonated, hitrased or hitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their annyarides, halides, peroxides, peroxyacids and their derivatives

Other Subbotalon/line paids, hydrogenethricid acids, their salts and exters Subbotalon/line paids. * for incoporation in elipse, bosts or other vessels lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incoporation in elipse, bosts or other vessels lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incoporation, for the purposes of their construction, repair, maintenance or conversion; * for line paids or extending or practical majesterms to the maintenance or conversion; * for line paids or the hydrogen function and their enhydrides, hiddes, perceives and perceives; their hadgenated, subhorated, nitrated or nitrosated derivatives Catalonical acids, their which coften congent function, and their enhydrides, hiddes, perceives and their orderivatives * Subhanasicylic acids, hydrogenphilitic acids, their salts and esters * Other Controlled acids, and high, totals or other vessels lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting in or equipping such ships, boats or other vessels lated in Table 1, for the purposes of their construction, in the purposes of their construction, repair, maintenance or conversion; * for fitting in or equipping such ships, boats or other vessels: * for incoporation in the purposes of their construction, repair, maintenance or conversion; * for incoporation in the purposes of their construction, repair, maintenance or conversion; * for incoporation in the purposes of their construction, repair, maintenance or conversion; * for incoporation in elipse, boats or other vessels lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels lated in Table 1, for the purposes of the	
Mondystoxyrephibics acids - for incorporation in stiges, bear or other vessels lated in Table 1, for the purpose of their construction, repair, maintenance or conversion. - for incorporation in stiges, bear or purposes of their construction, repair, maintenance or conversion, in diffuge or production platforms is the repair of the control of the above platforms. - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in diffuge or production platforms to the maintenance or conversion, in diffuge or production platforms is the maintenance or conversion. - Carbooyle acids, hydroxynaphthols acids; their salts and esters - Christophility acids, hydroxynaphthols acids; their salts and esters - Christophility acids, hydroxynaphthols acids; their salts and esters - Christophility acids, hydroxynaphthols acids; their salts and esters - Christophility acids, hydroxynaphthols acids; their salts and esters - For incorporation in signs, beats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion. - For incorporation in signs, beats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion. - For incident places are designed in the acid of their vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion. - For incident places are designed and repair acid from the control of their architecture. - For incident places are designed and repair acid from the control of their architecture. - For incident places are designed and repair acid from the control of their architecture. - For Individual or an experience and their architecture. - For incident places are designed and acid and acid and acid and acid and acid and acid acid acid acid acid acid acid aci	
- for incorporation in ships, but on closed or other vessels itsed in 1 able 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms itsed before fitted, at subhesding or 8430 49 or floating or so for the vessels in the contribution or production platforms itsed before fitted, and the contribution of the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the maintenance or conversion, in drilling or production in ships, but on contribution or contribution, repair, maintenance or conversion, in drilling to or equipping such ships, busits or other vessels listed in 1 able 1, for the purposes of their constitution, repair, maintenance or conversion, in drilling or production platforms listed before fixed, of subheading or 8430 49 or floating or so 1 to recorporate the contribution or contribution platforms listed before fixed, of subheading or 8430 49 or floating or so 1 to recorporate contribution or contribution, repair, maintenance or conversion, in drilling or production platforms to the maintenance or conversion, in drilling or production platforms to the maintenance or conversion, in drilling or production platforms to the contribution or contribution or contribution, repair, maintenance or conversion, in drilling or production platforms listed before fixed, of subheading or 8430 49 o	
In incorporation, for the purposes of their construction, repair, maintenance or conversion, in diffusion or production platforms factor below: Report of subheading or 8430 49 or floating or 5 th or coaprept the above platforms. 2012/200019 Carbooyle acids with additional congent function and their arithydrides, haldes, percoides and percoyacids, their halopenated, suphonated, nitrated or nitroseted derivatives Carbooyle cacks with pendo function but without of the register function. Their arithydrides, percoides, percoyacids and fiber detendent for carbooyle cacks with pendo function but without of the register. * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion. * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in filting or production, postions listed below: funct, of sutheading or 8430 49 or floating or 6 for filtering to requiping such ships, boats or other vessels, haldes, percoides, percoyacides, their halopenated, suphorated, nitrated or nitrosated derivatives and carbooyle cacks with additional congent function and their arrhydrides, haldes, percoides, percoyacides, their halopenated, suphorated, nitrated or nitrosated derivatives are carbooyle cacks with pendo function and without other oxygen function, their anhydrides, haldes, percoides, percoyacides, their halopenated, suphorated, nitrated or nitrosated derivatives are considered to a major percoparation of their construction, repair, maintenance or conversion, in filling to or explaying such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in filling to or explaying such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in filling to production platforms fact below vessels, in the intendigue of the string the same ships, boats or other vessels listed in	
- for equipping the above platforms: - for larginging the above platforms to the maintain - for the larging the celling or production patiforms to the maintain of the analysticles, habites, peroxides and permysocis; that hadogenetic, sulphonated, nitrated or nitrosated derivatives Cother - Sulphosatioptic acids, hydroxynaphthoic acids; their salts and osters - Other - Sulphosatioptic acids, hydroxynaphthoic acids; their salts and osters - Other - Sulphosatioptic acids, hydroxynaphthoic acids; their salts and osters - Other - Ot	
- for insing these diffling of production platforms to the maintand Cartinoyle costs with patient furnishment of the maintand Cartinoyle costs with patient furnishment and production and their analystics, heldes, peroxides, peroxides, peroxides and their derivatives Cartinoyle costs with period furnishment and product of the original costs of the costs o	ubmersible of subheading 8905 20;
Carboyle acids with phenol function but without other oxygen function, their anhydrides, peroxides, peroxydicds and their derivatives Other Suphrosolicytic acids, hydroxynaphthoic acids; their salts and destres Suphrosolicytic acids, hydroxynaphthoic acids; their salts and destres I or impropreation in shigs, bosts or other vessels listed in Table 1, for the purposes of their conscitution, repair, maintenance or conversion; I for fitting to or equipping such ships, bosts or other vessels: I for impropreation, for the purposes of their conscitution, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ox 8430-49 or floating or a ferritary of the conscitution, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ox 8430-49 or floating or a conversion of their conscitution, repair, maintenance or conversion. 2018;200056 2018;200056 2018;200056 2018;200056 2018;200056 2019	ubmersible of subheading 8905 20;
Officer Sulphosalicylic acids, hydroxynaphthoic acids; their salts and esters Official procession in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; I for filling to couplings such ships, boats or other vessels; I for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms bits do elow: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms or both or maintenance or conversion, in drilling or production platforms bits do elow: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms or both or any platforms for the maintenance or conversion, in drilling or production platforms bits do elow: fixed, of subheading ex 8430 49 or floating or Propyl 24, 5-trillydroxybenzoate (CAS RN 121-79-9) • for incorporation in ships, basis or other vessels bitsed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels is lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fining to or occuping such ships, boats or other vessels is lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fining to be occuping such ships, boats or other vessels is lated in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fining to be occuping such ships, boats or othe	ubmersible of subheading 8905 20;
Other 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion. 2 for incorporating such ships, boats or other vessels. 3 for inline or or equipping such ships, boats or other vessels. 3 for or equipping such ships, boats or other vessels. 4 for or equipping such ships, boats or other vessels. 5 for inlining these difficient or production platforms to the maintenance or conversion, in drilling or production platforms to the maintenance or conversion. 5 for inlining these difficient or equipping such ships, boats or other vessels. 6 carboxylis acids with planel function but without other oxygen function, their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylis acids with planel function that without other oxygen function, their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylis acids with planel function but without other oxygen function, their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives or oxygen planels. 5 for inlining these drilling or production platforms to the maintained 6 carboxylis acids with planel function and their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives carboxylis acids with planel function but without other oxygen function, their anhydrides, halides, peroxides and peroxysoids and their derivatives carboxylis acids with planel function but without other oxygen function, their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives carboxylis acids with planel function but without other oxygen function, their anhydrides, halides, peroxides and peroxysoids; their halogenated, sulphonated, nitrated or nitrosated derivatives carboxylis acids with planel funct	ubmersible of subheading 8905 20;
For incorporation in ships, boats or other vessels lated in Table 1, for the purposes of their construction, regair, maintenance or conversion; for filling to requipping such ships, boats or other vessels; to incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading or 8430.49 or floating or 8 of in limiting these drilling or production platforms for the maintenance or conversion, in drilling or production, platforms (and derivatives Cartoxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, suphonated, nitrated or nitrosated derivatives Cartoxylic acids with phron function but without other oxygen function, their anhydrides, platforms, peair, maintenance or conversion; or for fining to or equipping such ships, boats or other vessels; or for incorporation in ships, boats or other vessels; or for incorporation, for the purposes of their construction, regair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or so for equipping the above platforms; or equipping the above platforms; or for incorporation, for the purposes of their construction, expair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or so for equipping the above platforms; or the maintenance or con	ubmersible of subheading 8905 20;
I for fitting to or equiping such ships, boats or other vessels; I for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading or 8 for equiping the above platforms. 291820035 Carboxyle acids with additional acygen function and their anhydrides, halides, peroxides, peroxyacids; their halogenated, sulphonated, intrated or nitrosated derivatives Cother Propy 3.4,5-trihydroxyberuzote (CAS RN 121-79-9) The proposition in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, epair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, epair, maintenance or conversion; 291820050 Carboxyle acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxyle acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxyle acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxyle acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxyle acids with period function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxyle acids with period function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives 291820060 291820060 291820060 Carboxyle acids with period function but without other oxygen function, their anhydrides, halides, peroxides, peroxides a	ubmersible of subheading 8905 20;
1 for equipping the above platforms; 1 for linking these drilling or production platforms to the mainland 2918200035 Carboxylia acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, supponated, nitrated or nitrosated derivatives Carboxylia acids with phonof function but without other oxygen function, their arrhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylia cacids with phonof function but without other oxygen function, their arrhydrides, halides, peroxides peroxyacids; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 291820050 Carboxylia cacids with phonof function but without other oxygen function, their arrhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylia cacids with phenof function but without other oxygen function, their arrhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylia cacids with phenof function but without other oxygen function, their arrhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylia cacids with phenof function but without other oxygen function, their arrhydrides, halides, peroxides, peroxyacids and their derivatives Other Haxamethylene bial(3,15-d-1 turt -but/4-hydroxyphenyl/propionate) (CAS RN 35074-77-2) 1 for filing to or equiping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, 2 for linking these drilling or production platforms to the mainland Carboxylia caids with additional oxygen function of their construction, repair, maintenance or conversion, 3 for linking these drilling or production platforms to the mainland Carboxylia caids with additional oxygen function of their arrhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylia caids with phe	ubmersible of subheading 8905 20;
1- for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their arhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their arhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenof function but without other oxygen function, their arhydrides, halides, peroxides, peroxyacids and their derivatives Or proportion in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s - for explicitly the additional oxygen function and their arhydrides, halides, peroxydes and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their arhydrides, halides, peroxyacids, peroxyacids and their derivatives Carboxylic acids with phenof function but without other oxygen function, their arhydrides, halides, peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function and their arhydrides, halides, peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function and their arhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their arhydrides, halides, peroxides, peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof	
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxydexids and their derivatives Other Propyl 3.4,5-rhydroxybenzosite (CAS RN 121-79-9) 1. for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1. for fitting to or equipping such ships, boats or other vessels. 1. for fitting to the pulping such ships, boats or other vessels. 1. for fitting to the pulping the above platforms. 1. for fitting to the pulping the above platforms. 1. for fitting to the pulping the above platforms. 1. for fitting to the pulping the above platforms. 1. for linking these defilling or production platforms to the maintaind. 2. factorytic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives 2. Carboxytic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives 2. Carboxytic acids with phenol function but without other oxygen functions. 2. for fitting for equipping such shaps, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 2. for fitting for equipping with shaps, boats or other vessels: 2. for incorporation in shaps, boats or other vessels: 3. for incorporation, for the purposes of their construction, repair, maintenance or conversion; 3. for incorporation in shaps, boats or other vessels: 3. for incorporation in shaps, boats or other vessels: 3. for incorporation in shaps, boats or other vessels: 3. for incorporation in shaps, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 3. for incorporation in shaps, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 3. for incorporation in shaps, boats or other vessels listed	
Other Propy 3.4, 5-trihydroxybenzoate (CAS RN 121-79-9) 1-for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1-for fitting to or equiping such ships, boats or other vessels; 1-for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms to the maintenance or conversion; or individual personal pers	
Propyl 3.4.5-tribydroxybenzoate (CAS RN 121-79-9) 1 of introproporation in ships, boats or other vessels islade in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of fitting to or equipping such ships, boats or other vessels; 1 of reincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or size of the requipping the above platforms; 1 of miking lines drilling or production platforms to the maintand 2 obsolved in the sea of the production of the size of t	
- for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is the above platforms; - for linking these drilling or production platforms to the mainland - Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives - Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides, peroxyacids and their derivatives - Carboxylic acids with particular function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives - Carboxylic acids with particular purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to requipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is or derivatives - for incorporation or fitting to requipping such ships, boats or other vessels; - for incorporation in ships, boats or derivatives/- for incorporation in ships, boats or derivatives/- for incorporation in ships, boats or derivatives/- for incorporation, for the purposes of their construction, repair, maintenance or conversion, - for fitting to or equipping such ships, boats or other vessels itself on Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels itself on Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fittin	
* for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms (in the purposes) platforms; * for linking these drilling or production platforms to the mainland * Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives of their construction, repair, maintenance or conversion;	
918290050 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Hexamethylene bis[3-(3,5-fi_ent_butyl-4-hydroxyphenyl)propionate] (CAS RN 35074-77-2) for incorporation in ships, boats or other vessels; itself in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; is for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with penol function but without other oxygen function, their anhydrides, halides, peroxides peroxyacids and their derivatives Other Methyl-, ethyl-, propyl-or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42-67 incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; of fitting to or equipping such ships, boats or other vessels; information, for the purposes of their construction, repair, maintenance or conversion; of linking these drilling or production platforms to the mainland Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids and their derivatives of thei	ubmersible of subheading 8905 20;
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Other Hexamethylene bis[3-(3,6-di_tertbutyl-4-hydroxyphenyl)propionate] (CAS RN 35074-77-2) • for incorporation in ships, boats or other vessels isled in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitning these drilling or production platforms to the maintenance or conversion, in drilling or production platforms listed below. fixed, of subheading ex 8430 49 or floating or s • for equipping the above platforms; • for linking these drilling or production platforms to the maintenance or conversion, in drilling or production platforms listed below. fixed, of subheading ex 8430 49 or floating or s • for fitning dress drilling or production platforms to the maintenance or conversion, in drilling or production platforms in the maintenance or conversion; • for linking these drilling or production but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives • for incorporation in ships, boats or other vessels islated in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitning to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the maintand • Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives • Carboxylic acids with platform to the maintand • Carboxylic acids with platform to the maintand • Carboxylic acids with platform to the maintand • For fitting to or equipping such	-
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Chemistry of the properties of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; For linking these drilling or production platforms; For linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Chemistry of the properties of their construction, their anhydrides, halides, peroxides, peroxyacids and their derivatives Chemistry of the properties of their construction, their anhydrides, halides, peroxides, peroxyacids and their derivatives Chemistry of their or equipping such ships, boats or other vessels islated in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels islated in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For linking these drilling or production platforms to the mainland Carboxylic acids with phenol function but without other oxygen functio	
Hexamethylene bis[3-(3,5-dL-1ert_butyl-4-hydroxyphenyl)propionate] (CAS RN 35074-77-2) 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 fitting to or equipping such ships, boats or other vessels; 291829060 291829060 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with pencil function but without other oxygen function, their anhydrides, halides, peroxides peroxyacids and their derivatives Other Methyl-, ethyl-, propyl-or butyl estess of 4-hydroxyphenzoic acid or their sodium salts (CAS RN 35285-68. 8, 9-78-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42-67 incorporation in ships, boats or other vessels; 2918290070 2918290070 2918290070 Carboxylic acids with additional oxygen function, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sequipping the above platforms; 2918290070 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Other 2918290075 2918290075 2918290080 2918290080 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxyl	
- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Carboxylic acids with phenof function and their anhydrides, halides, peroxides and peroxyacidis; their halogenated, sulphonated, nitrated or nitrosated derivatives - Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacidis and their derivatives - Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacidis and their derivatives - Methyl-, ethyl-, propyl- or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42 for incorporation, for hisps, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in frilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; - for incing these drilling or production platforms to the mainland - Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacidis; their halogenated, sulphonated, nitrated or nitrosated derivatives - Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacidis and their derivatives - Other - 3,5-Dilodosalicylic acid (CAS RN 133-91-5) - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, r	
* for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below. fixed, of subheading or x for equipping the above platforms; * for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Cherry (and the production of the purposes) of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for linking these drilling or production platforms to the mainland * Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives * Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives * Carboxylic acids with pation function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives * Carboxylic acids with pation function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives * Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such sh	
1 for equipping the above platforms: 1 for linking these diffiling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with penol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Methyl-, propyl- or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42-60 incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for linking these diffiling or production platforms; 2 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 2 for inking these diffiling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Other Carboxylic acids with penol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3,5-Diodosalicylic acid (CAS RN 133-91-5) 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for linking these diffulling or production platforms is of their construction, repair, maintenance or conversion; 2 for incorporation for the purposes of their construction, repair, maintenance or conversion; 2 for incorporation for the purposes of their construction, repair, maintenance or conversion; 3,5-Diodosalicylic acids with phosition and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function and their anhydrides, halides, per	uhmarsible of subboading 2005 20.
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids, their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxyacids and their derivatives Wethyl-, propyl- or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42 - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430-49 or floating or sincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430-49 or floating or sincorporation, for the purposes of their construction, and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3.5-Diadosalicylic acid (CAS RN 133-91-5) - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping such ships, boats or other vessels; - for linking these drifting or production platforms listed below: fixed, of subheading ex 8430-49 or floating or sincorporation, for the purposes of	abinersible of Subfleading 6903 20,
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxyacids and their derivatives Other Methyl-, ethyl-, propyl-or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Other 3,5-Diodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of the mainland Carboxylic acids with patient purposes of thei	
Other Methyl., ethyl., propyl-or butyl esters of 4-hydroxybenzoic acid or their sodium salts (CAS RN 35285-68-8, 99-76-3, 5026-62-0, 94-26-8, 94-13-3, 35285-69-9, 120-47-8, 36457-20-2 or 42 - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s - for equipping the above platforms; - for inking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3.5-Diodosalicylic acid (CAS RN 133-91-5) - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion, and repair in the production platforms is ted below: fixed, of subheading ex 8430 49 or floating or s - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenof function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Other Octadecyl 3-(3.5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for inking these drilling or production platforms to the mainland 918290070 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3,5-Diodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or solve for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland 918290075 918290075 Octaoxylic acids with phenol function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated o	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s for equipping the above platforms; • for linking these drilling or production platforms to the mainland 218290075 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but of more than 99 % by weight and • a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides and peroxyacids and their derivatives Carboxylic acids with phenol function but without other	17-02-3)
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3,5-Diiodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with • a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and • a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxyli	
• for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3,5-Diiodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 918290075 Table 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1,	ubmersible of subheading 8905 20;
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other 3,5-Diodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 918290075 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with • a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and • a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides, peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentareythrifol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
Other 3,5-Diiodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with • a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and • a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
3,5-Diiodosalicylic acid (CAS RN 133-91-5) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or some for equipping the above platforms; • for linking these drilling or production platforms to the mainland 2918290075 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or so for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, peroxides, peroxyacids and their derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, peroxides, peroxides, peroxyacids and their derivatives	
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Pal829080 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	ubmersible of subheading 8905 20:
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	,
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) 2918290080 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
Octadecyl 3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate (CAS RN 2082-79-3) with - a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
- a sieve passing fraction at a mesh width of 500 µm of more than 99 % by weight and - a melting point of 49 °C or more, but not more than 54 °C, for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) 1918290080 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives Other Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate) (CAS RN 6683-19-8)	
- a melting point of 110 °C or more, but not more than 125 °C,	
for use in the manufacture of PVC processing stabilizer-one packs based on powder mixtures (powders or press granulates) 918290090 Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives	
Carboxylic acids with phenol function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives	
Other Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s 	uhmersible of subbeading 8005 20.
• for equipping the above platforms;	ADMINISTRATION OF SUBMINISTRATION OF SUBMINISTRATIO
• for linking these drilling or production platforms to the mainland	
Carboxylic acids with additional oxygen function and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives Carboxylic acids with additional oxygen function but without other oxygen function, their anhydrides, halides, peroxides, peroxyacids and their derivatives	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or s	ubmersible of subheading 8905 20
• for equipping the above platforms;	Or our loading bood ZU,
• for linking these drilling or production platforms to the mainland Corbovylic poids with additional exagen function and their applydridgs, halides, perovides and perovides their halogenated, sulphonated, pitrated or pit	· ·

927000030	Description
2100000	Diazo-, azo- or azoxy-compounds
	4'-Aminoazobenzene-4-sulphonic acid (CAS RN 104-23-4) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
22200000	• for linking these drilling or production platforms to the mainland
927000060	Diazo-, azo- or azoxy-compounds 4,4'-Dicyano-4,4'-azodivaleric acid (CAS RN 2638-94-0)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
927000090	• for linking these drilling or production platforms to the mainland Diazo-, azo- or azoxy-compounds
21000030	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
928	Organic derivatives of hydrazine or of hydroxylamine,
	1-{[(1H-Fluoren-9-ylmetoxi)carbonil]oxi}pyrrolidine-2,5-dione (CAS RN 82911-69-1) with a purity by weight of 98 % or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
929	Compounds with other nitrogen function,
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
930	• for linking these drilling or production platforms to the mainland Organo-sulphur compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
224	• for linking these drilling or production platforms to the mainland
931	Other organo-inorganic compounds • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
122	• for linking these drilling or production platforms to the mainland
932	Heterocyclic compounds with oxygen hetero-atom(s) only • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
933	• for linking these drilling or production platforms to the mainland Heterocyclic compounds with nitrogen hetero-atom(s) only
,33	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
933199033	• for linking these drilling or production platforms to the mainland
33133033	Heterocyclic compounds with nitrogen hetero-atom(s) only: Other
	Other
	Fipronil (ISO) (CAS RN 120068-37-3) with a purity by weight of 95 % or more for the use in the manufacture of veterinary medicine
934	Nucleic acids and their salts, whether or not chemically defined; other heterocyclic compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms:
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
935	
135	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
135	 • for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
135	 for linking these drilling or production platforms to the mainland Sulphonamides for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
)35	 for linking these drilling or production platforms to the mainland Sulphonamides for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	 for linking these drilling or production platforms to the mainland Sulphonamides for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
935	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other
	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, their derivatives and structural analogues
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hornones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, their derivatives and structural analogues • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hornones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, their derivatives and structural analogues • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other ves
937290000	Sulphonamides for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for inking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones rot incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or productio
937290000	Sulphonamides Sulphonamides for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for ritting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for ritting to production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for litting these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxan
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fire incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for incorporation, for the purposes of their construction reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, hard or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships. • for incorporation in ships, boats or other vessels listed in Table 1,
937290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones • for linking these or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by sy
37290000	• for linking these drilling or production platforms to the mainland Sulphonamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Steroidal hormones, their derivatives and structural analogues Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fire incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for incorporation in ships, boats or other vessels; • for incorporation in production platforms to the mainland Hormones, prostaglandins, thromboxanes and leukotrienes, natural or reproduced by synthesis; derivatives and structural analogues thereof, including chain modified polypeptides, used primarily as hormones Prostaglandins, thromboxanes and leukotrienes, heir derivatives and structural analogues • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fired polypeptides, boats or other vessels listed in Table 1, for the purpose

Commodity Code	Description
2938	Glycosides, natural or reproduced by synthesis, and their salts, ethers, esters and other derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2940	Sugars, chemically pure, other than sucrose, lactose, maltose, glucose and fructose; sugar ethers, sugar acetals and sugar esters, and their salts, other than products of heading 2937, 2938 or
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2942	Other organic compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 30 Pharmaceutical Products

Commodity Code	Description
3006500000	Pharmaceutical goods specified in note 4 to this chapter
	First-aid boxes and kits
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 32 Tanning or Dyeing Extracts: Tannins and Their Derivatives: Dyes, Pigments and Other Colouring Matter: Paints and Varnishes: Putty and Other Mastics: Inks

Commodity Code	Description
3203	Colouring matter of vegetable or animal origin (including dyeing extracts but excluding animal black), whether or not chemically defined; preparations as specified in note 3 to this chapter based on colouring matter of vegetable
	animal origin
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
204	Synthetic organic colouring matter, whether or not chemically defined; preparations as specified in note 3 to this chapter based on synthetic organic colouring matter; synthetic organic products of a kind used as fluorescent
	brightening agents or as luminophores, whether or not chemically defined
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
205000090	Colour lakes; preparations as specified in note 3 to this chapter based on colour lakes
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
00	• for linking these drilling or production platforms to the mainland
06	Other colouring matter; preparations as specified in note 3 to this chapter, other than those of heading 3203, 3204 or 3205; inorganic products of a kind used as luminophores, whether or not chemically defined • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
07100000	Prepared pigments, prepared opacifiers and prepared colours, vitrifiable enamels and glazes, engobes (slips), liquid lustres and similar preparations, of a kind used in the ceramic, enamelling or glass industry; glass frit and other largest in the forms of a second se
	glass, in the form of powder, granules or flakes Prepared pigments, prepared opacifiers, prepared colours and similar preparations
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
2200000	• for linking these drilling or production platforms to the mainland
07200000	Prepared pigments, prepared opacifiers and prepared colours, vitrifiable enamels and glazes, engobes (slips), liquid lustres and similar preparations, of a kind used in the ceramic, enamelling or glass industry; glass frit and oth glass, in the form of powder, granules or flakes
	Vitrifiable enamels and glazes, engobes (slips) and similar preparations
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
07300000	• for linking these drilling or production platforms to the mainland Prepared pigments, prepared opacifiers and prepared colours, vitrifiable enamels and glazes, engobes (slips), liquid lustres and similar preparations, of a kind used in the ceramic, enamelling or glass industry; glass frit and other
07300000	glass, in the form of powder, granules or flakes
	Liquid lustres and similar preparations
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
207408540	Prepared pigments, prepared opacifiers and prepared colours, vitrifiable enamels and glazes, engobes (slips), liquid lustres and similar preparations, of a kind used in the ceramic, enamelling or glass industry; glass frit and other controls.
	glass, in the form of powder, granules or flakes
	Glass frit and other glass, in the form of powder, granules or flakes
	Other
	Glass flakes (CAS RN 65997-17-3): -of a thickness of 0,3 µm or more but not more than 10 µm, and
	-coated with titanium dioxide (CAS RN 13463-67-7) or iron oxide (CAS RN 18282-10-5)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
207408590	• for linking these drilling or production platforms to the mainland Prepared pigments, prepared opacifiers and prepared colours, vitrifiable enamels and glazes, engobes (slips), liquid lustres and similar preparations, of a kind used in the ceramic, enamelling or glass industry; glass frit and other
.07400390	glass, in the form of powder, granules or flakes
	Glass frit and other glass, in the form of powder, granules or flakes
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
08100000	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Based on polyesters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
08200000	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Based on acrylic or vinyl polymers • for incorporation in ships, heats or other vessels listed in Table 1, for the nurposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
08901100	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other
	Solutions as defined in note 4 to this chapter Polygrethens of 2.2' (tort by the limits) distance and 4.4' methylenedic releasest limits form of a colution in N.N. dimethylened representation by weight 48% or more of polymer.
	Polyurethane of 2,2'-(tert-butylimino)diethanol and 4,4'-methylenedicyclohexyl diisocyanate, in the form of a solution in N,N-dimethylacetamide, containing by weight 48% or more of polymer • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code 3208901300	Description Description Description
3206901300	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter Other
	Solutions as defined in note 4 to this chapter Copolymer of p-cresol and divinylbenzene, in the form of a solution in N,N-dimethylacetamide, containing by weight 48% or more of polymer
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208901915	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other Chlorinated polyolefins, in a solution
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3208901925	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter Other
	Solutions as defined in note 4 to this chapter Other
	Tetrafluoroethylene copolymer in butylacetate solution with a content of solvent of 50% (± 2%) by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3208901940	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other Polymer of methylsiloxane, in the form of a solution in a mixture of acetone, butanol, ethanol and isopropanol, containing by weight 5% or more but not more than 11% of polymer of methylsiloxane
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208901945	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other Polymer consisting of a polycondensate of formaldehyde and naphthalenediol, chemically modified by reaction with an alkyne halide, dissolved in propylene glycol methyl ether acetate
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208901950	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
0200001000	Other Solutions as defined in note 4 to this chapter
	Other Solution containing by weight:
	-(65 ± 10)% of γ-butyrolactone,
	-(30 ± 10)% of polyamide resin, -(3,5 ± 1,5)% of naphthoquinone ester derivative and
	-(1,5 ± 0,5)% of arylsilicic acid • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3208901960	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter Other
	Solutions as defined in note 4 to this chapter Other
	Copolymer of hydroxystyrene with one or more of the following: • styrene
	• alkoxystyrene • alkylacrylates
	dissolved in ethyl lactate
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208901965	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other Silicones containing 50% by weight or more of xylene and not more than 25% by weight of silica, of a kind used for the manufacture of long term surgical implants
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208901975	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other
	Acenaphthalene copolymer in ethyl lactate solution • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Commodity Code	Description
3208901990	Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
	Other Solutions as defined in note 4 to this chapter
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3208909100	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
3206909100	Other
	Other Record on synthetic polymers
	Based on synthetic polymers • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3208909900	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in a non-aqueous medium; solutions as defined in note 4 to this chapter
3200909900	Other
	Other Based on chemically modified natural polymers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3209	• for linking these drilling or production platforms to the mainland Paints and varnishes (including enamels and lacquers) based on synthetic polymers or chemically modified natural polymers, dispersed or dissolved in an aqueous medium
3203	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3210	• for linking these drilling or production platforms to the mainland Other paints and varnishes (including enamels, lacquers and distempers); prepared water pigments of a kind used for finishing leather
U L 10	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3211	• for linking these drilling or production platforms to the mainland Prepared driers
3211	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3212	• for linking these drilling or production platforms to the mainland Pigments (including metallic powders and flakes) dispersed in non-aqueous media, in liquid or paste form, of a kind used in the manufacture of paints (including enamels); stamping foils; dyes and other colouring matter put up in
3212	forms or packings for retail sale
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3213	Artists', students' or signboard painters' colours, modifying tints, amusement colours and the like, in tablets, tubes, jars, bottles, pans or in similar forms or packings
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3213	Artists', students' or signboard painters' colours, modifying tints, amusement colours and the like, in tablets, tubes, jars, bottles, pans or in similar forms or packings
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3214	Glaziers' putty, grafting putty, resin cements, caulking compounds and other mastics; painters' fillings; non-refractory surfacing preparations for façades, indoor walls, floors, ceilings or the like
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3215110000	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
	Printing ink Black
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3215190020	• for linking these drilling or production platforms to the mainland Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
-	Printing ink
	Other Ink:
	-consisting of a polyester polymer and a dispersion of silver (CAS RN 7440-22-4) and silver chloride (CAS RN 7783-90-6) in methyl propyl ketone (CAS RN 107-87-9),
	-with a total solid content by weight of 55% or more, but not more than 57%, and -with a specific density of 1,40 g/cm³ or more, but not more than 1,60 g/cm³,
004540000	for use in the manufacture of electrodes
3215190090	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid Printing ink
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
3215907010	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
	Other
	Other
	Ink formulation, for use in the manufacture of ink-jet cartridges
3215907020	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
	Other
	Other
	Heat sensitive ink fixed on a plastic film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3215907030	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
	Other
	Other
	Disposable cartridge ink, containing by weight:
	-1% or more, but not more than 10% of amorphous silicon dioxide or
	-3,8% or more of dye C.I. Solvent Black 7 in organic solvents
	for use in the marking of integrated circuits
3215907090	Printing ink, writing or drawing ink and other inks, whether or not concentrated or solid
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 34 Soap, Organic Surface-Active Agents, Washing Preparations, Lubricating Preparations, Artificial Waxes, Prepared Waxes, Polishing or Scouring Preparations, Candles and Similar Articles, Modelling Pastes, 'Dental Waxes' and Dental Preparations with a Basis of Plaster

0	Modelling Pastes, 'Dental Waxes' and Dental Preparations with a Basis of Plaster
Commodity Code	Description (in the contract of the contract o
3402900000	Organic surface-active agents (other than soap); surface-active preparations, washing preparations (including auxiliary washing preparations) and cleaning preparations, whether or not containing soap, other than those of heading
	3401
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3403190000	Lubricating preparations (including cutting-oil preparations, bolt or nut release preparations, anti-rust or anti-corrosion preparations and mould-release preparations, based on lubricants) and preparations of a kind used for the oil or
3403190000	grease treatment of textile materials, leather, furskins or other materials, but excluding preparations containing, as basic constituents, 70% or more by weight of petroleum oils or of oils obtained from bituminous minerals
	Containing petroleum oils or oils obtained from bituminous minerals
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3403990000	Lubricating preparations (including cutting-oil preparations, bolt or nut release preparations, anti-rust or anti-corrosion preparations and mould-release preparations, based on lubricants) and preparations of a kind used for the oil or
	grease treatment of textile materials, leather, furskins or other materials, but excluding preparations containing, as basic constituents, 70% or more by weight of petroleum oils or of oils obtained from bituminous minerals
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3404	Artificial waxes and prepared waxes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3405	Polishes and creams, for footwear, furniture, floors, coachwork, glass or metal, scouring pastes and powders and similar preparations (whether or not in the form of paper, wadding, felt, nonwovens, cellular plastics or cellular rubber,
	impregnated, coated or covered with such preparations), excluding waxes of heading 3404
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 35 Albuminoidal Substances; Modified Starches; Glues; Enzymes

Commodity Code	Description
3501105010	Casein, caseinates and other casein derivatives; casein glues
	Casein
	For industrial uses other than the manufacture of foodstuffs or fodder
	With a water content of more than 50% by weight
3501105090	Casein, caseinates and other casein derivatives; casein glues
	Casein
	For industrial uses other than the manufacture of foodstuffs or fodder
	Other
3501109000	Casein, caseinates and other casein derivatives; casein glues
	Casein
	Other —
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3501900000	Casein, caseinates and other casein derivatives; casein glues
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3505	Dextrins and other modified starches (for example, pregelatinised or esterified starches); glues based on starches, or on dextrins or other modified starches
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2500	• for linking these drilling or production platforms to the mainland
3506	Prepared glues and other prepared adhesives, not elsewhere specified or included; products suitable for use as glues or adhesives, put up for retail sale as glues or adhesives, not exceeding a net weight of 1kg • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 38 Miscellaneous Chemical Products

Commodity Code	Chapter 38 Miscellaneous Chemical Products
Commodity Code 3801	Description Artificial graphite; colloidal or semi-colloidal graphite; preparations based on graphite or other carbon in the form of pastes, blocks, plates or other semi-manufactures
JUU I	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3802100010	Activated carbon; activated natural mineral products; animal black, including spent animal black:
	Activated carbon:
	Mixture of activated carbon and polyethylene, in form of powder • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3802100040	• for linking these drilling or production platforms to the mainland
3602100040	Activated carbon; activated natural mineral products; animal black, including spent animal black: Activated carbon:
	Chemically activated carbon for the absorption and desorption of vapors, in a defined or irregular shape with an effective butane capacity of 5 g butane / 100 ml or more (according to ASTM D 5228)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2002400000	• for linking these drilling or production platforms to the mainland
3802100090	Activated carbon; activated natural mineral products; animal black, including spent animal black:
	Activated carbon: Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3802900019	Activated carbon; activated natural mineral products; animal black, including spent animal black
	Other
	Soda flux calcinated diatomaceous earth Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
200200000	• for linking these drilling or production platforms to the mainland Activited parkets activated partyral mineral products; enimal black, including aport enimal black. Activited parkets activated partyral mineral products; enimal black, including aport enimal black.
3802900090	Activated carbon; activated natural mineral products; animal black, including spent animal black Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3803	Tall oil, whether or not refined
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3804	• for linking these drilling or production platforms to the mainland Residual lyes from the manufacture of wood pulp, whether or not concentrated, desugared or chemically treated, including lignin sulphonates, but excluding tall oil of heading 3803
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2005	for linking these drilling or production platforms to the mainland
3805	Gum, wood or sulphate turpentine and other terpenic oils produced by the distillation or other treatment of coniferous woods; crude dipentene; sulphite turpentine and other crude para-cymene; pine oil containing alpha-terpineol as the main constituent
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2006400040	for linking these drilling or production platforms to the mainland
3806100010	Rosin and resin acids, and derivatives thereof; rosin spirit and rosin oils; run gums Rosin and resin acids
	Obtained from fresh oleoresins
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3806100090	• for linking these drilling or production platforms to the mainland Rosin and resin acids, and derivatives thereof; rosin spirit and rosin oils; run gums
	Rosin and resin acids
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3806200000	Rosin and resin acids, and derivatives thereof; rosin spirit and rosin oils; run gums
	Salts of rosin, of resin acids or of derivatives of rosin or resin acids, other than salts of rosin adducts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;

Common ditty Condo	Describetors
Commodity Code 3806300000	Description Rosin and resin acids, and derivatives thereof; rosin spirit and rosin oils; run gums
300030000	Ester gums
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3806900000	Rosin and resin acids, and derivatives thereof; rosin spirit and rosin oils; run gums
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3807	Wood tar; wood tar oils; wood creosote; wood naphtha; vegetable pitch; brewers' pitch and similar preparations based on rosin, resin acids or on vegetable pitch
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808520000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Goods specified in subheading note 1 to this chapter
	DDT (ISO) (clofenotane (INN)), in packings of a net weight content not exceeding 300 g
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808590000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Goods specified in subheading note 1 to this chapter Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3808610000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Goods specified in subheading note 2 to this chapter
	In packings of a net weight content not exceeding 300 g
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
200000000	• for linking these drilling or production platforms to the mainland
3808620000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Goods specified in subheading note 2 to this chapter
	In packings of a net weight content exceeding 300 g but not exceeding 7,5kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808690000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Goods specified in subheading note 2 to this chapter
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
380891	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Insecticides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3808921000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other
	Fungicides Inorganic
	Preparations based on copper compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ox 8420,40 or floating or submercible of subheading 8005,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808922000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Fungicides
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	
3808923010	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wisks, and sandles, and file papers).
	treated bands, wicks and candles, and fly-papers) Other
	Fungicides
	Other Record on dithin contracts
	Based on dithiocarbamates Mancozeb (ISO) (CAS RN 8018-01-7) imported in immediate packings of a content of 500 kg or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808923090	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Other
	Fungicides
	Other
	Based on dithiocarbamates
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3808924000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Fungicides
	Fungicides Based on benzimidazoles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3808925000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Other
	Fungicides
	Based on diazoles or triazoles
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3808926000	• for linking these drilling or production platforms to the mainland Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
3000320000	treated bands, wicks and candles, and fly-papers)
	Other
	Fungicides Based on diazines or morpholines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808929010	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Fungicides Other
	Fungicide in the form of a powder, containing by weight 65 % or more but not more than 75 % of hymexazole (ISO), not put up for retail sale
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808929030	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Fungicides
	Other
	Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight: - 24 % or more but not more than 26 % of pyrithione zinc (INN), or
	- 24 % or more but not more than 26 % or pyrithione zinc (INN), or - 39 % or more but not more than 41 % of pyrithione zinc (INN)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3808929040	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wisks and sandles, and fly papers)
3000929040	treated bands, wicks and candles, and fly-papers) Fungicides
3000929040	
3000929040	Other
3000929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion
3000929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight:
3000929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight: - 24 % or more but not more than 26 % of pyrithione zinc (INN), or
3606929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight: - 24 % or more but not more than 26 % of pyrithione zinc (INN), or - 39 % or more but not more than 41 % of pyrithione zinc (INN) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
3000929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight: - 24 % or more but not more than 26 % of pyrithione zinc (INN), or - 39 % or more but not more than 41 % of pyrithione zinc (INN) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
3606929040	Other Preparation containing 38% or more but not more than 50% by weight of pyrithione zinc (INN) (CAS RN 13463-41-7) in an aqueous dispersion Preparation consisting of a suspension of pyrithione zinc (INN) in water, containing by weight: - 24 % or more but not more than 26 % of pyrithione zinc (INN), or - 39 % or more but not more than 41 % of pyrithione zinc (INN) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code 3808929050	Description
	Description Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Fungicides
	Other Preparations based on copper pyrithione (CAS RN 14915-37-8)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808929090	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Fungicides Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808931100	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Other
	Herbicides, anti-sprouting products and plant-growth regulators
	Herbicides
	Based on phenoxy-phytohormones
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2000024200	• for linking these drilling or production platforms to the mainland
3808931300	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Other
	Herbicides, anti-sprouting products and plant-growth regulators
	Herbicides Based on triazines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3808931500	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Herbicides, anti-sprouting products and plant-growth regulators
	Herbicides, anti-sprouting products and plant-growth regulators Herbicides
	Based on amides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3808931700	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Other
	Herbicides, anti-sprouting products and plant-growth regulators
	Herbicides Record on corporates
	Based on carbamates • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3808932100	• for linking these drilling or production platforms to the mainland Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other
	Herbicides, anti-sprouting products and plant-growth regulators Herbicides
	Based on dinitroaniline derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808932300	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Herbicides, anti-sprouting products and plant-growth regulators
	Herbicides
	Based on derivatives of urea, of uracil or of sulphonylurea
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2000022700	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
3808932700	I NOGRAM MAINON THORN DISTRICT HIS MAINING WITH HIS MADDING
3808932700	Other
3808932700	Other Herbicides, anti-sprouting products and plant-growth regulators
3808932700	Other Herbicides, anti-sprouting products and plant-growth regulators Herbicides
3808932700	Other Herbicides, anti-sprouting products and plant-growth regulators Herbicides Other
3808932700	Other Herbicides, anti-sprouting products and plant-growth regulators Herbicides Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
3808932700	Other Herbicides, anti-sprouting products and plant-growth regulators Herbicides Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commonditus Condo	Description
Commodity Code 3808933000	Description Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Harbicides, anti-enrouting products and plant growth regulators
	Herbicides, anti-sprouting products and plant-growth regulators Anti-sprouting products
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2000020040	• for linking these drilling or production platforms to the mainland
3808939010	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Other
	Herbicides, anti-sprouting products and plant-growth regulators Plant-growth regulators
	Preparation, in the form of granules, containing by weight:
	-38,8% or more but not more than 41,2% of Gibberellin A3, or -9,5% or more but not more than 10,5% of Gibberellin A4 and A7
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3808939060	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Other
	Herbicides, anti-sprouting products and plant-growth regulators
	Plant-growth regulators Preparation in the form of tablets containing by weight:
	-0,55% or more but not more than 2,50% of 1-methylcyclopropene (1-MCP) (CAS RN 3100-04-7) with a minimum purity of 96% or more, and
	-less than 0,05% of each of the two impurities, 1-chloro-2-methylpropene (CAS RN 513-37-1) and 3-chloro-2-methylpropene (CAS RN 563-47-3) for coating
3808939090	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Other
	Herbicides, anti-sprouting products and plant-growth regulators
	Plant-growth regulators Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3808940000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)
	Other
	Disinfectants • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3808990000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers) Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3808991000	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
	treated bands, wicks and candles, and fly-papers)
	Other Rodenticides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3808999000	• for linking these drilling or production platforms to the mainland Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-
556533350U	treated bands, wicks and candles, and fly-papers)
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
200042422	• for linking these drilling or production platforms to the mainland
3809101000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere specified or included
	With a basis of amylaceous substances
	Containing by weight less than 55 % of such substances • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3809103000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
	specified or included With a basis of amylaceous substances
	Containing by weight 55 % or more but less than 70 % of such substances
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	101 minutes at 1000 drinking of production platforms to the maintains

Commodity Code	
	Description
3809105000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
	specified or included With a basis of amulaceous substances
	With a basis of amylaceous substances Containing by weight 70 % or more but less than 83 % of such substances
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3809109000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
	specified or included
	With a basis of amylaceous substances
	Containing by weight 83 % or more of such substances
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3809910010	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
	specified or included
	Other
	Of a kind used in the textile or like industries
	Mixture of 5-ethyl-2-methyl-2-oxo-1,3,2λ⁵-dioxaphosphoran-5-ylmethyl methylphosphonate and bis(5-ethyl-2-methyl-2-oxo-1,3,2λ⁵-dioxaphosphoran-5-ylmethyl) methylphosphonate
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3809910090	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
_	specified or included
	Öther
	Of a kind used in the textile or like industries
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3809920000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
000002000	specified or included
	Öther
	Of a kind used in the paper or like industries
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3809930000	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere
000000000	specified or included
	Öther
	Of a kind used in the leather or like industries
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3810100090	Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used
3010100030	as cores or coatings for welding electrodes or rods
	Pickling preparations for metal surfaces; soldering, brazing or welding powders and pastes consisting of metal and other materials
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
I	• for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
3810001000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used
3810901000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or solversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
3810901000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3810901000 3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels!
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation in ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Pickling preparations of a kind used as cores or coatings for welding ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for incorporation in ships, boats or other vessels in the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion,
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels is listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their constr
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms be delined by the production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for linking these drilling or production platforms to the purpose of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or pro
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Other Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction platforms to the mainland Anti-knock preparations, oxidation inhibitors, gu
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for inciting these drilling or production platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; •
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other O
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production pla
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Other Other Officiancy preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other Ot
3810909000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes and rods • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation in ships to describe the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for fitting these drilling or production platforms to the mainland Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes o

Commodity Code 3811210018	Description Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils
	Additives for lubricating oils Containing petroleum oils or oils obtained from bituminous minerals
	Detergent containing:
	-long chain alkyltoluene calcium sulphonates,
	-more than 30% but not more than 50% by weight of mineral oils, and -having a total base number of more than 310 but not more than 340,
	used in the manufacture of blends of additives for lubricating oils
8811210019	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing: - a polyisobutylene succinimide based mixture, and
	- more than 30% but not more than 50% by weight of mineral oils,
0044040005	having a total base number of more than 40, for use in the manufacture of lubricating oils
3811210025	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral oils
	Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals Additives containing:
	-a (C8-18) alkyl polymethacrylate copolymer with N-[3-(dimethylamino)propyl]methacrylamide, of an average molecular weight (Mw) of more than 10,000 but not more than 20,000, and
	-more than 15%, but not more than 30% by weight of mineral oils,
3811210027	for use in the manufacture of lubricating oils Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
,011210021	oils
	Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals Additives containing:
	-20% or more by weight of an ethylene-propylene copolymer chemically modified by succinic anhydride groups reacted with 4-(4-nitrophenylazo)aniline and 3-nitroaniline, and
	-mineral oils, for use in the manufacture of lubricating oils
8811210037	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing: -a styrene-maleic anhydride copolymer esterified with C4-C20 alcohols, modified by aminopropylmorpholine, and
	-more than 50% but not more than 75% by weight of mineral oils,
3811210063	for use in the manufacture of lubricating oils Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils
	Additives for lubricating oils Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing: -an overbased mixture of calcium petroleum sulphonates (CAS RN 61789-86-4) and synthetic calcium alkylbenzenesulphonates (CAS RN 68584-23-6 and CAS RN 70024-69-0) with a total sulphonate content by weight of 15% or
	more, but not more than 25% and
	-by weight more than 40% but not more than 60% of mineral oils, having a total base number of 280 or more but not more than 320, for use in the manufacture of lubricating oils
8811210065	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals Additives containing:
	-a polyisobutylene succinimide based mixture (CAS RN 160610-76-4), and
	-more than 35% but not more than 50% by weight of mineral oils, having a sulphur content of more than 0,7% but not more than 1,3% by weight, having a total base number of more than 8, for use in the manufacture of lubricating oils
3811210073	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing: -borated succinimide compounds (CAS RN 134758-95-5),
	-mineral oils, and -having a total base number (TBN) greater than 40,
	for use in the manufacture of additive mixtures for lubricating oils
8811210075	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral oils
	Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals Additives containing:
	-Calcium (C10-C14) dialkylbenzenesulfonates,
	-more than 40%, but not more than 60% by weight of mineral oils, with a total base number of not more than 10, for use in the manufacture of blends of additives for lubricating oils
8811210077	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals Antifoam additives consisting of:
	-a copolymer of 2-ethylhexyl acrylate and ethyl acrylate, and
	-more than 50% but not more than 80% by weight of mineral oils for use in the manufacture of additive blends for lubricating oils
3811210080	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing : -polyisobutylene aromatic polyamine succinimide,
	-more than 40% but not more than 60% by weight of mineral oils, with a nitrogen content of more than 0,6% but not more than 0,9% by weight, for use in the manufacture of additive blends for lubricating oils

Commodity Code 3811210083	Description Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils
	Additives for lubricating oils Containing petroleum oils or oils obtained from bituminous minerals
	Additives containing:
	-polyisobutene succinimide derived from reaction of polyethylenepolyamines with polyisobutenyl succinic anhydride (CAS RN 84605-20-9), -containing more than 31,9% but not more than 43,3% by weight of mineral oils,
	-not more than 0,05% by weight chlorine, and
	-having a total base number (TBN) greater than 20, for use in the manufacture of additives blends for lubricating oils
3811290018	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Other
3811290025	Additive consisting of dihydroxy butanedioic acid - (mixed C12-16-alkyl and C13-rich C11-14-isoalkyl) diester, of a kind used in the manufacture of automotive engine oils Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
001120020	oils
	Additives for lubricating oils Other
	Additives containing at least salts of primary amines and mono- and di-alkylphosphoric acids, for use in the manufacture of lubricating oils
3811290045	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral oils
	Additives for lubricating oils
	Other Additives consisting of a mixture of (C7-C9) dialkyl adipates, in which diisooctyl adipate (CAS RN 1330-86-5) is more than 85% by weight of the mixture, for use in the manufacture of lubricating oils
3811290057	Additives consisting of a mixture of (07-03) diarry adipates, in which discocty adipate (0A0 KK 1550-00-3) is more than 05% by weight of the mixture, for disc in the mixture of idohcating oils Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral
	oils Additives for lubricating oils
	Other
	Additives consisting of reaction products of diphenylamine and branched nonenes with: - more than 20% but not more than 50% by weight 4-monononyldiphenylamine, and
	- more than 50% but not more than 80% by weight 4.4'-dinonyldiphenylamine,
	- a total percentage of 2.4-dinonyldiphenylamine and 2.4'-dinonyldiphenylamine of not more than 15% by weight, used for the manufacture of lubricating oils
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2944200000	• for linking these drilling or production platforms to the mainland Anti-knock proportions evidetics inhibitors grow inhibitors viacosity improvers extinctions and other proportions are proportions and other proportions and other proportions and other proportions are proportions and other proportions and other proportions and other proportions are proportions are proportionally and proportions are proportionally are proportionally and proportions are proportionally ar
3811290090	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral oils
	Additives for lubricating oils
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3812	• for linking these drilling or production platforms to the mainland Prepared rubber accelerators; compound plasticisers for rubber or plastics, not elsewhere specified or included; anti-oxidising preparations and other compound stabilisers for rubber or plastics
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3813	Preparations and charges for fire-extinguishers; charged fire-extinguishing grenades
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3814001010	• for linking these drilling or production platforms to the mainland Organic composite solvents and thinners, not elsewhere specified or included; prepared paint or varnish removers
	Based on butyl acetate Ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union), denatured or undenatured, excluding products with a water content of more than 0,3 % (m/m) measured
	according to the standard EN 15376, but including ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union) contained in blends with gasoline with an ethyl alcohol
	content of more than 10 % (v/v) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3814009070	Organic composite solvents and thinners, not elsewhere specified or included; prepared paint or varnish removers Other
	Ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union), denatured or undenatured, excluding products with a water content of more than 0,3 % (m/m) measured
	according to the standard EN 15376, but including ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union) contained in blends with gasoline with an ethyl alcohol content of more than 10 % (v/v)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2045420020	• for linking these drilling or production platforms to the mainland Production initiators production platforms and establish propagations are producted and establish propagations are producted as a propagation and establish propagations are producted as a producted and establish propagations are producted as a propagation and establish propagations are producted as a propagation and establish propagations are propagations and establish propagations are propagations are propagations.
3815120030	Reaction initiators, reaction accelerators and catalytic preparations, not elsewhere specified or included With precious metal or precious-metal compounds as the active substance
	Catalyst
	-containing 0,3 gram per litre or more, but not more than 7 gram per litre of precious metals, -deposited on a ceramic honeycomb structure coated with aluminium oxide or cerium/zirconium oxide, the honeycomb structure having
	-a nickel content of 1,26 % by weight or more, but not more than 1,29 % by weight,
	-62 cells per cm² or more, but not more than 140 cells per cm², -a diameter of 100 mm or more, but not more than 120 mm and
	-a length of 60 mm or more, but not more than 150 mm,
	for use in the production of motor vehicles
3815199030	Reaction initiators, reaction accelerators and catalytic preparations, not elsewhere specified or included
3815199030	Reaction initiators, reaction accelerators and catalytic preparations, not elsewhere specified or included Supported catalysts
3815199030	\cdot

Commodity Code	Description
3815199086	Reaction initiators, reaction accelerators and catalytic preparations, not elsewhere specified or included Supported catalysts
	Other
	Other
815909089	Catalyst containing titanium tetrachloride supported on magnesium dichloride, for use in the manufacture of polyolefins Reaction initiators, reaction accelerators and catalytic preparations, not elsewhere specified or included
013909009	Other
	Other
819000020	Rhodococcus rhodocrous J1 bacteria, containing enzymes, suspended in a polyacrylamide gel or in water, for use as a catalyst in the production of acrylamide by the hydration of acrylonitrile Hydraulic brake fluids and other prepared liquids for hydraulic transmission, not containing or containing less than 70% by weight of petroleum oils or oils obtained from bituminous minerals
013000020	Fire resistant hydraulic fluid based on phosphate ester
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
204000000	• for linking these drilling or production platforms to the mainland Hydraulic brake fluids and other prepared liquids for hydraulic transmission, not containing or containing less than 70% by weight of petroleum oils or oils obtained from bituminous minerals
8819000090	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
020000040	• for linking these drilling or production platforms to the mainland
82000010	Anti-freezing preparations and prepared de-icing fluids Ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union), denatured or undenatured, excluding products with a water content of more than 0,3 % (m/m) measured
	according to the standard EN 15376, but including ethyl alcohol produced from agricultural products (as listed in Annex I to the Treaty on the Functioning of the European Union) contained in blends with gasoline with an ethyl alcohol
	content of more than 10 % (v/v) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3824100010	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Prepared binders for foundry moulds or cores Based on synthetic resins
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
824100090	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Prepared binders for foundry moulds or cores Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
000400040	• for linking these drilling or production platforms to the mainland
3824300010	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Non-agglomerated metal carbides mixed together or with metallic binders
	Tungsten carbide simply mixed with metallic powder
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8824300090	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Non-agglomerated metal carbides mixed together or with metallic binders
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8824400000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Prepared additives for cements, mortars or concretes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8824501000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Non-refractory mortars and concretes Concrete ready to pour
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
824509000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Non-refractory mortars and concretes Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3824601100	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
8824601100	Sorbitol other than that of subheading 2905 44
824601100	Sorbitol other than that of subheading 2905 44 In aqueous solution
824601100	In aqueous solution Containing 2 % or less by weight of D-mannitol, calculated on the D-glucitol content
824601100	In aqueous solution Containing 2 % or less by weight of D-mannitol, calculated on the D-glucitol content • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
824601100	In aqueous solution Containing 2 % or less by weight of D-mannitol, calculated on the D-glucitol content

mmodity Code	Description Description Description
24601900	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Sorbitol other than that of subheading 2905 44
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
24609100	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Sorbitol other than that of subheading 2905 44
	Other Containing 2 % or less by weight of D-mannitol, calculated on the D-glucitol content
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4609900	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
4009900	Sorbitol other than that of subheading 2905 44
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4780000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Mixtures containing halogenated derivatives of methane, ethane or propane Containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) or hydrochlorofluorocarbons (HCFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4040000	for linking these drilling or production platforms to the mainland
4810000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Goods specified in subheading note 3 to this chapter
	Containing oxirane (ethylene oxide)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4820000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Goods specified in subheading note 3 to this chapter
	Containing polychlorinated biphenyls (PCBs), polychlorinated terphenyls (PCTs) or polybrominated biphenyls (PBBs) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4830000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Goods specified in subheading note 3 to this chapter
	Containing tris(2,3-dibromopropyl) phosphate
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4890000	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Goods specified in subheading note 3 to this chapter
	Containing short-chain chlorinated paraffins • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
24910000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Mixtures and preparations consisting mainly of (5-ethyl-2-methyl-2-oxido-1,3,2-dioxaphosphinan-5-yl)methyl methylphosphonate and bis[(5-ethyl-2-methyl-2-oxido-1,3,2-dioxaphosphinan-5-yl)methyl] methylphosphonate
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4920000	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
102000	Polyglycol esters of methylphosphonic acid
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4991000	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other Petroleum sulphonates, excluding petroleum sulphonates of alkali metals, of ammonium or of ethanolamines; thiophenated sulphonic acids of oils obtained from bituminous minerals, and their salts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4004540	for linking these drilling or production platforms to the mainland
4991510	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Ion-exchangers
	Acid aluminosilicate (artificial zeolite of the Y type) in the sodium form, containing by weight not more than 11 % of sodium evaluated as sodium oxide, in the form of rodlets • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for fitting to or equipping such snips, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;

324991590	Description Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
_ 100 1000	Other
	Ion-exchangers Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4992000	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
4992000	Other
	Other
	Getters for vacuum tubes
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4992500	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other Pyrolignites (for example, of calcium); crude calcium tartrate; crude calcium citrate
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4993000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other Other
	Naphthenic acids, their water-insoluble salts and their esters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4994500	• for linking these drilling or production platforms to the mainland Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other Other
	Anti-scaling and similar compounds
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4005000	• for linking these drilling or production platforms to the mainland
24995000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Other
	Other Draw grations for electroplating
	Preparations for electroplating • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4995500	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other Other
	Other
	Mixtures of mono-, di- and tri-, fatty acid esters of glycerol (emulsifiers for fats)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4996100	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
- 	Other
	Other Other
	Products and preparations for pharmaceutical or surgical uses
	Intermediate products of the antibiotics manufacturing process obtained from the fermentation of Streptomyces tenebrarius, whether or not dried, for use in the manufacture of human medicaments of heading 3004
4996500	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Other
	Other
	Auxiliary products for foundries (other than those of subheading 3824 10 00) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4997000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other Other
	Fireproofing, waterproofing and similar protective preparations used in the building industry
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

3824997500	Description
	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other
	Other Other
	Lithium niobate wafer, undoped
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3824998000	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other Other
	Other
	Other
	Mixture of amines derived from dimerised fatty acids, of an average molecular weight of 520 or more but not exceeding 550
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3824998600	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
0024330000	Other
	Other
	Other
	Other
	Mixtures consisting mainly of dimethyl methylphosphonate, oxirane and diphosphorus pentaoxide
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3824999200	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included
	In the form of a liquid at 20 °C
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3824999231	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included
	In the form of a liquid at 20 °C
3824999300	Liquid crystal mixtures for use in the manufacture of LCD (liquid crystal display) modules Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
3024333300	Other
	Other
	Other
	Other
	Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3824999363	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other
	Other
	Other
	Other Other
	Other
	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included
	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols,
	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols,
	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters
3824999367	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
3824999367	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
3824999367	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
3824999367	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other products or preparations, predominantly composed of organic compounds, not elsewhere specified or included
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight:
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other of powders, containing by weight: -75% or more of sterols, in the form of powder, containing by weight: -75% or more of sterols,
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterole seters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: - 75% or more of sterols, - not more than 25% of stanols
	Other Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other of phytosterols, in the form of powder, containing by weight: - 75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterols or stanol/sterol esters
3824999367	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterole seters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: - 75% or more of sterols, - not more than 25% of stanols
	Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Other Other Other Mixture of phytosterols, in the form of powder, containing by weight: -75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: -75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
	Other Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: - 75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols. for use in the manufacture of stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Femical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: - 75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other

	Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: -75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Other
	Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols, for use in the manufacture of stanols/sterols or stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Other Other Other Mixture of phytosterols, in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols for use in the manufacture of stanols/sterols or stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, not in the form of powder, containing by weight: -75% or more of sterols, -not more than 25% of stanols/sterols or stanol/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Chemical products or preparations, predominantly composed of organic compounds, not elsewhere specified or included Other Mixture of phytosterols, in the form of powder, containing by weight: -75% or more of sterols, - not more than 25% of stanols for use in the manufacture of stanols/sterol esters Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other Other Other Other Other

8824999647	Description
	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included Other
	Other
	Other
	Other
	Other Mixed metals oxides, in the form of powder, containing by weight:
	-either 5% or more of barium, neodymium or magnesium and 15% or more of titanium,
	-or 30% or more of lead and 5% or more of niobium,
24999657	for use in the manufacture of dielectric films or for use as dielectric materials in the manufacture of multilayer ceramic capacitors Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included
24999037	Other
	Other
	Other
	Other Other
	Particles of silicon dioxide on which are covalently bonded organic compounds, for use in the manufacture of high performance liquid chromatography columns (HPLC) and sample preparation cartridges
26	Biodiesel and mixtures thereof, not containing or containing less than 70% by weight of petroleum oils or oils obtained from bituminous minerals
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
27110000	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing chlorofluorocarbons (CFCs), whether or not containing hydrochlorofluorocarbons (HCFCs), perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs); containing hydrobromofluorocarbons (HBFCs); containing carbon
	tetrachloride; containing 1,1,1-trichloroethane (methyl chloroform)
	Containing chlorofluorocarbons (CFCs), whether or not containing hydrochlorofluorocarbons (HCFCs), perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
327120000	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	Containing chlorofluorocarbons (CFCs), whether or not containing hydrochlorofluorocarbons (HCFCs), perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs); containing hydrobromofluorocarbons (HBFCs); containing the tetrachloride; containing 1,1,1-trichloroethane (methyl chloroform)
	Containing hydrobromofluorocarbons (HBFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
27130000	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	Containing chlorofluorocarbons (CFCs), whether or not containing hydrochlorofluorocarbons (HCFCs), perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs); containing hydrobromofluorocarbons (HBFCs); containing carbon
	tetrachloride; containing 1,1,1-trichloroethane (methyl chloroform) Containing carbon tetrachloride
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
27140000	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	Containing chlorofluorocarbons (CFCs), whether or not containing hydrochlorofluorocarbons (HCFCs), perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs); containing hydrobromofluorocarbons (HBFCs); containing the tetrachloride; containing 1,1,1-trichloroethane (methyl chloroform)
	Containing 1,1,1-trichloroethane (methyl chloroform)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
27200000	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	Containing bromochlorodifluoromethane (Halon-1211), bromotrifluoromethane (Halon-1301) or dibromotetrafluoroethanes (Halon-2402)
	for incomparation in phine, heads an other consistent in Table 4, for the manners of their construction, as a linear consistent and a construction.
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels:
	• for fitting to or equipping such ships, boats or other vessels;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
07040000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
27310000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
27310000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
27310000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
27310000	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
27310000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
27310000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation in platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs)
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing yubstances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels.
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • or incorporation, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or late of the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro
27320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainlan
27320000	for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for filting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drillin
327310000 327320000 327390000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing haldgenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for equipping the above platforms; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for equipping the above platforms; • for
327320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or onversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitning to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethan
27320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation in ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms: •
27320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (FCCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, in aintenance or conversion; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels sited in Table 1, for the purposes of their construction, repair, maintenance or solversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their constructi
27320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for inicking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methan
27320000 27390000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing young hydrochlorofluorocarbons (CFCS), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for linking these orbitaling or production platforms to the mainland Mixtures containing hydrochlorofl
327320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 48 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting but or equipping such ships, boats or other vessels: • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Other • for incorporation in
327320000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (PFCs) or hydrofluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Containing substances of subheadings 2903 41 to 2903 46 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels. • for incorporation, in the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for inking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing hydrochlorofluorocarbons (HCFCs), whether or not containing perfluorocarbons (HFCs), but not containing chlorofluorocarbons (CFCs) Other, containing substances of subheadings 2903 71 to 2903 75 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping used ships, boats or other vessels: • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included Containing these drilling or pr

Commodity Code	Description
3827900010	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included
	Other
	Mixtures containing by weight: - 60 % or more but not more than 90 % of 2-chloropropene (CAS RN 557-98-2), - 8 % or more but not more than 14 % of (Z)-1-chloropropene (CAS RN 16136-84-8), - 5 % or more but not more than
	23 % of 2-chloropropane (CAS RN 75-29-6), - not more than 6 % of 3-chloropropene (CAS RN 107-05-1), and - not more than 1 % of ethyl chloride (CAS RN 75-00-3)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3827900090	Mixtures containing halogenated derivatives of methane, ethane or propane, not elsewhere specified or included

	Chapter 39 Plastics and Articles Thereof
Commodity Code	Description
3901201000	Polymers of ethylene, in primary forms
	Polyethylene having a specific gravity of 0,94 or more
	Polyethylene in one of the forms mentioned in note 6(b) to this chapter, of a specific gravity of 0,958 or more at 23 °C, containing:
	-50 mg/kg or less of aluminium,
	-2 mg/kg or less of calcium,
	-2 mg/kg or less of chromium, -2 mg/kg or less of iron,
	-2 mg/kg or less of nickel,
	-2 mg/kg or less of titanium and
	-8 mg/kg or less of vanadium,
	for the manufacture of chlorosulphonated polyethylene
3901300010	Polymers of ethylene, in primary forms
	Ethylene-vinyl acetate copolymers
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3901908010	Polymers of ethylene, in primary forms
	Other
	Other
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3901908093	Polymers of ethylene, in primary forms
	Other
	Other Other
	Copolymer of ethylene, vinyl acetate and carbon monoxide, for use as a plasticizer in the manufacture of roof sheets
3902300010	Polymers of propylene or of other olefins, in primary forms
330£3000 IU	Polymers of propylene of of other olerins, in primary forms Propylene copolymers
	Fropylene copolymers For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3902909010	Polymers of propylene or of other olefins, in primary forms
	Other
	Other
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3903909080	Polymers of styrene, in primary forms
	Other
	Other Granules of copolymer of styrene and divinylbenzene of a minimum diameter of 150 µm and a maximum diameter of 800 µm and containing by weight:
	-minimum 65% styrene,
	-maximum 25% divinylbenzene
	for use in the manufacture of ion exchange resins
3904100015	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
	Poly(vinyl chloride), not mixed with any other substances
	In the form of granules, for use in certain types of aircraft
	Suspension polyvinylchloride ('s-pvc'), not mixed with any other substance
3904100025	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
	Poly(vinyl chloride), not mixed with any other substances
	In the form of granules, for use in certain types of aircraft
	Other
3904210010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
0001210010	Other poly(vinyl chloride)
	Non-plasticised
	In the form of granules, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3904220010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
	Other poly(vinyl chloride)
	Plasticised In the form of many law forms in a stain to a stain t
	In the form of granules, for use in certain types of aircraft
3004400040	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3904400010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms Other vinyl chloride copolymers
	Other vinyl chloride copolymers For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3904509010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
	Vinylidene chloride polymers
	Other
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3904698010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
	Fluoropolymers
	Other
	Other For cavity filling, for use in certain types of aircraft
	For cavity filling, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3904900010	Polymers of vinyl chloride or of other halogenated olefins, in primary forms
300 T3000 IV	Other
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3905190010	Polymers of vinyl acetate or of other vinyl esters, in primary forms; other vinyl polymers in primary forms
	Poly(vinyl acetate)
	Other
	For cavity filling, for use in certain types of aircraft
000500000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3905290010	Polymers of vinyl acetate or of other vinyl esters, in primary forms; other vinyl polymers in primary forms
	Vinyl acetate copolymers
	Other For equity filling, for use in cortain types of circreft
	For cavity filling, for use in certain types of aircraft
3005040040	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3905910010	Polymers of vinyl acetate or of other vinyl esters, in primary forms; other vinyl polymers in primary forms Other
	Copolymers
	For cavity filling, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description
3906905000	Acrylic polymers in primary forms Other
	Polymerisation product of acrylic acid with alkyl methacrylate and small quantities of other monomers, for use as a thickener in the manufacture of textile printing pastes
3907300015	Polyacetals, other polyethers and epoxide resins, in primary forms; polycarbonates, alkyd resins, polyallyl esters and other polyesters, in primary forms Epoxide resins
	Epoxide resin, halogen-free,
	-containing by weight more than 2% phosphoros calculated on the solid content, chemically bound in the epoxide resin, -not containing any hydrolysable chloride or containing less than 300 ppm hydrolysable chloride, and
	-containing solvents
3907300040	for use in the manufacture of prepreg sheets or rolls of a kind used for the production of printed circuits Polyacetals, other polyethers and epoxide resins, in primary forms; polycarbonates, alkyd resins, polyallyl esters and other polyesters, in primary forms
3307300040	Epoxide resins
3907500000	Epoxide resin, containing by weight 70% or more of silicon dioxide, for the encapsulation of goods of headings 8533, 8535, 8536, 8541, 8542 or 8548 Polyacetals, other polyethers and epoxide resins, in primary forms; polycarbonates, alkyd resins, polyallyl esters and other polyesters, in primary forms
	Alkyd resins
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3910000090	Silicones in primary forms
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3916100010	• for linking these drilling or production platforms to the mainland Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics
3313100010	Of polymers of ethylene
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3916100090	Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics
	Of polymers of ethylene Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3916200010	Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics
	Of polymers of vinyl chloride For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3916200099	Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics Of polymers of vinyl chloride
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3916901000	• for linking these drilling or production platforms to the mainland Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics
3910901000	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
3916905010	for linking these drilling or production platforms to the mainland
3910903010	Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics Of other plastics
	Of addition polymerisation products For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3916905090	Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics Of other plastics
	Of addition polymerisation products
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3916909000	• for linking these drilling or production platforms to the mainland Monofilament of which any cross-sectional dimension exceeds 1 mm, rods, sticks and profile shapes, whether or not surface-worked but not otherwise worked, of plastics
	Of other plastics
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3917211010	• for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
331.211010	Tubes, pipes and hoses, rigid
	Of polymers of ethylene Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked
	For use in certain types of aircraft
3917211090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of ethylene
	Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

Commodity Code	Description
3917219010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of ethylene
	Other With fittings attached for use in sixil circreft
	With fittings attached, for use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
3917219020	• use in ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid
	Of polymers of ethylene Other
	For use in certain types of aircraft
3917219090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
0011210000	Tubes, pipes and hoses, rigid
	Of polymers of ethylene Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3917221010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of propylene
	Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3917221090	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of propylene
	Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3917229010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics Tubes, pipes and hoses, rigid
	Of polymers of propylene
	Other With fittings attached, for use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
3917229020	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of propylene
	Other
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3917229090	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of propylene
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0047004040	for linking these drilling or production platforms to the mainland
3917231010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics Tubes, pipes and hoses, rigid
	Of polymers of vinyl chloride
	Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked For use in certain types of aircraft
3917231090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
3917231090	Tubes, pipes and hoses, rigid Tubes, pipes and hoses, rigid
	Of polymers of vinyl chloride Seamless and of a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3917239010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of vinyl chloride
	Other
	With fittings attached, for use in civil aircraft • use in civil aircraft
	use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
3917239020	• use in ground flying trainers for civil use
J311 ZJ3UZU	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics Tubes, pipes and hoses, rigid
	Of polymers of vinyl chloride Other
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description Takes a rings and fittings therefore (for example, injects all house flagges) of allegting
3917239090	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of polymers of vinyl chloride
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3917290011	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid
	Of other plastics
	Of addition polymerisation products
	For use in certain types of aircraft
3917290019	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
3317230013	Tubes, pipes and hoses, rigid Tubes, pipes and hoses, rigid
	Of other plastics
	Of addition polymerisation products
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3917290091	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Tubes, pipes and hoses, rigid Of other plastics
	Of other plastics Other
	With fittings attached, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
20470222	• use in ground flying trainers for civil use Takes a rise and have and fitting the refer (for every legistre all have flores) of pleating
3917290099	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics Tubes, pipes and hoses, rigid
	Of other plastics
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3917310010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Flexible tubes, pipes and hoses, having a minimum burst pressure of 27,6 MPa
	With fittings attached, for use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
3917310020	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Flexible tubes, pipes and hoses, having a minimum burst pressure of 27,6 MPa
	For use in certain types of aircraft
3917310090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
3317310030	Other tubes, pipes and hoses
	Flexible tubes, pipes and hoses, having a minimum burst pressure of 27,6 MPa
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3917320010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Other, not reinforced or otherwise combined with other materials, without fittings
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3917320090	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Other, not reinforced or otherwise combined with other materials, without fittings
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3917330010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses Other not reinforced or otherwise combined with other meterials, with fittings
	Other, not reinforced or otherwise combined with other materials, with fittings With fittings attached, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
3917330090	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses Other not reinforced or otherwise combined with other meterials, with fittings
	Other, not reinforced or otherwise combined with other materials, with fittings Other
	Otner • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description (Company of the Company
3917390010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics Other tubes, pipes and hoses
	Other tubes, pipes and noses Other
	With fittings attached, for use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
3917390091	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Other
	Other For use in certain types of circust
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3917390099	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Other tubes, pipes and hoses
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3917400010	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Fittings
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
3917400099	Tubes, pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics
	Fittings
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3918101010	Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter
	Of polymers of vinyl chloride
	Consisting of a support impregnated, coated or covered with poly(vinyl chloride)
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3918101090	Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter
	Of polymers of vinyl chloride
	Consisting of a support impregnated, coated or covered with poly(vinyl chloride)
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3918109010	Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter
	Of polymers of vinyl chloride
	Other San and in contain to make of aircraft
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3918109090	Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter
	Of polymers of vinyl chloride
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3918900010	• for linking these drilling or production platforms to the mainland Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter
	Of other plastics
	For use in certain types of aircraft
20402222	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3918900090	Floor coverings of plastics, whether or not self-adhesive, in rolls or in the form of tiles; wall or ceiling coverings of plastics, as defined in note 9 to this chapter Of other plastics
	Of other plastics Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
3919101200	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
3919101200	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
3919101200	 • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber
3919101200	 • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
3919101200	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
3919101200	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
3919101200	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
3919101200 3919101500	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of polypropylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for intiting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for intiting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for intiting to or equipping such ships
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of poly(vinyl chloride) or of polyethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm Strips, the coating of which consists of unvulcanised natural or synthetic rubber Of polypropylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
3919101900	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm
	Strips, the coating of which consists of unvulcanised natural or synthetic rubber Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3919108010	• for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
- 33.33. 333.3	In rolls of a width not exceeding 20 cm
	Other For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3919108025	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	Other
	Other Reflecting film, consisting of a layer of polyurethane, with, on one side, security imprints against counterfeiting, alteration or substitution of data or duplication, or an official mark for an intended use, and embedded glass beads and,
	on the other side, an adhesive layer, covered on one side or on both sides with a release film
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3919108027	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other
	Polyester film: -coated on one side with an acrylic thermal release adhesive that debonds at temperatures of 90 °C or more but not more than 200 °C, and a polyester liner, and
	-on the other side not coated or coated with an acrylic pressure sensitive adhesive or with an acrylic thermal release adhesive that debonds at temperatures of 90 °C or more but not more than 200 °C, and a polyester liner
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3919108035	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other
	Reflecting film, consisting of a layer of poly(vinyl chloride), a layer of alkyd polyester, with, on one side, security imprints against counterfeiting, alteration or substitution of data or duplication, or an official mark for an intended use, only visible by means of a retroreflecting lighting, and embedded glass beads and, on the other side, an adhesive layer, covered on one side or on both sides with a release film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3919108037	• for linking these drilling or production platforms to the mainland Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm
	Other Other
	Polytetrafluoroethylene film:
	-with a thickness of 100 µm or more, -an elongation at break of not more than 100%,
	-coated on one side with a pressure sensitive silicon adhesive
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3919108040	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other Rlack poly(vipy) chloride) film:
	Black poly(vinyl chloride) film: •with a gloss of more than 30 degrees according to ASTM D2457,
	•whether or not covered on one side with a protective poly(ethylene terephthalate) film, and on the other side with a pressure sensitive adhesive with channels and a release liner • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3919108043	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	Other
	Other Ethylene vinyl acetate film:
	-of a thickness of 100 μm or more,
	-coated on one side with an acrylic pressure sensitive or UV-sensitive adhesive and a polyester or polypropylene liner • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3919108045	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	Other
	Other Reinforced polyethylene foam tape, coated on both sides with an acrylic micro channelled pressure sensitive adhesive and on one side a liner, with an application thickness of 0,38 mm or more but not more than 1,53 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description Self adhesive plates about film fail tang strip and other flat change of plastics, whether or not in rolls
3919108050	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls In rolls of a width not exceeding 20 cm
	Other
	Other
	Adhesive film consisting of a base of a copolymer of ethylene and vinyl acetate (EVA) of a thickness of 70 µm or more and an adhesive part of acrylic type of a thickness of 5 µm or more, for use in the grinding and/or dicing process
	of silicon discs
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
919108055	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other
	Acrylic foam tape, covered on one side with a heat activatable adhesive or an acrylic pressure sensitive adhesive and on the other side with an acrylic pressure sensitive adhesive and a release sheet, of a peel adhesion at an angle
	of 90 ° of more than 25 N/cm (as determined by the ASTM D 3330 method)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
919108057	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other
	Reflecting sheet:
	-of a polycarbonate or acrylic polymer film embossed on one side in a regular shaped pattern
	-covered on one or both sides with one or more layers of plastic or metallisation, and -whether or not covered on one side with a self-adhesive layer and a release sheet
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
919108075	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm
	Other
	Other Salf adhasing reflection files agreed to a real leaves including
	Self adhesive reflecting film, consisting of several layers including: -a copolymer of acrylic resin, -polyurethane, -a metalised layer with, on one side, laser imprints against counterfeiting, alteration or substitution of data or duplications, or an official mark for an intended use, -glass microspheres, an
	an adhesive layer, with a release liner on one or both sides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
919108085	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm
	Other Other
	Poly(vinyl chloride) or polyethylene or any other polyolefine film:
	-of a thickness of 65 µm or more,
	-coated on one side with an acrylic UV-sensitive adhesive and a polyester liner
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
919108090	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	In rolls of a width not exceeding 20 cm Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
919908000	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
04000040	• for linking these drilling or production platforms to the mainland
919908010	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls Other
	Other
	For use in certain types of aircraft
204000000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
919908037	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls Other
	Other
	Other
	Polyethylene or polycarbonate film, cut into ready to use forms,
	-one side partly printed whereby part of the printing either gives information about the meaning of LED's visible at the unprinted areas, or marks those points which must be touched to operate the system,
	-the other side partly covered with an adhesive layer,
	-both sides covered with a release liner, and -with dimensions of not more than 14 cm x 2,5 cm,
	for use in the manufacture of push-button switches for mechatronic system adjustable furniture
919908041	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls
	Other
	Other
	Othor
	Other Adhesive film consisting of a base of a copolymer of ethylene and vinyl acetate (EVA) of a thickness of 70 µm or more and an adhesive part of acrylic type of a thickness of 5 µm or more, for use in the grinding and/or dicing process

Commodity Code 3920102300	Description Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
392U IU23UU	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm
	Of polyethylene having a specific gravity of
	Less than 0,94
	Polyethylene film, of a thickness of 20 micrometres or more but not exceeding 40 micrometres, for the production of photoresist film used in the manufacture of semiconductors or printed circuits
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920102410	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920102410	Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm
	Of polyethylene having a specific gravity of
	Less than 0,94
	Stretch film, not printed For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920102490	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm Of polyethylene having a specific gravity of
	Less than 0,94
	Stretch film, not printed
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920102530	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene Of a thickness not exceeding 0,125 mm
	Of a thickness not exceeding 0,125 mm Of polyethylene having a specific gravity of
	Less than 0,94
	Other
	Other Mana layared High Danaity Balyathylana films
	Mono-layered High-Density Polyethylene film: -containing by weight 99% or more of polyethylene,
	-with a thickness of 12 μm or more but not more than 20 μm,
	-with a length of 4000 m or more but not more than 7000 m,
	-with a width of 600 mm or more but not more than 900 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0000400500	• for linking these drilling or production platforms to the mainland
3920102590	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm
	Of polyethylene having a specific gravity of
	Less than 0,94
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920102810	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm Of polyethylene having a specific gravity of
	Of polyethylene having a specific gravity of 0,94 or more
	For use in certain types of aircraft
000010500	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920102891	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene Of a thickness not exceeding 0,125 mm
	Of polyethylene having a specific gravity of
	0,94 or more
	Other
	Poly(ethylene) film printed with a graphic design, which is achieved by using four base colours in ink plus specialist colours, to achieve multiple colours in ink on one side of the film, and one colour on the opposite side, the graphic design also has the following characteristics:
	-is repetitive and equally spaced along the length of the film
	-is equally and visibly aligned when viewed from the back or front of the film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading or \$430.40 or fleating or submersible of subheading \$905.20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920102899	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm Of polyethylone having a specific gravity of
	Of polyethylene having a specific gravity of 0,94 or more
	Other Other
	Other Other Other of the responsible of the respon
	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
3920104010	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene Of a thickness not exceeding 0,125 mm
	Other
	For use in certain types of aircraft for the construction, maintanance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircle to the construction of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircle to the construction of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircle to the construction of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircle to the construction of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircle to the construction of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for aircraft of aircraft o
3920104040	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
00201010	Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm
	Other Other
	Tubular layered film predominately of polyethylene:
	-consisting of a tri-layer barrier with a core layer of ethylene vinyl alcohol covered on either side with a layer of polyamide, covered on either side with at least one layer of polyethylene,
	-having a total thickness of 55 µm or more, -having a diameter of 500 mm or more but not more than 600 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920104099	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of ethylene
	Of a thickness not exceeding 0,125 mm
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920108100	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene Of a thickness exceeding 0,125 mm
	Synthetic paper pulp, in the form of moist sheets made from unconnected finely branched polyethylene fibrils, whether or not blended with cellulose fibres in a quantity not exceeding 15%, containing poly(vinyl alcohol) dissolved in
	water as the moistening agent
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3920108910	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of ethylene
	Of a thickness exceeding 0,125 mm Other
	For use in certain types of aircraft
000010005	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920108925	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of ethylene
	Of a thickness exceeding 0,125 mm
	Other Other
	Adhesive film consisting of a base of a copolymer of ethylene and vinyl acetate (EVA) of a thickness of 70 µm or more and an adhesive part of acrylic type of a thickness of 5 µm or more, for use in the grinding and/or dicing process
	of silicon discs
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920108940	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3323133373	Of polymers of ethylene
	Of a thickness exceeding 0,125 mm
	Other Other
	Composite sheet containing an acrylic coating and laminated to a high-density polyethylene layer, of a total thickness of 0.8 mm or more but not exceeding 1.2 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920108990	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
0020100330	Of polymers of ethylene
	Of a thickness exceeding 0,125 mm
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3020202440	• for linking these drilling or production platforms to the mainland Other plates, sheets, film foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920202110	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of propylene
	Of a thickness not exceeding 0,10 mm
	Biaxially oriented For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description
Commodity Code 3920202140	Description Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
0010101110	Of polymers of propylene
	Of a thickness not exceeding 0,10 mm
	Biaxially oriented Cheate of bioxially ariented polygraphyland films
	Sheets of biaxially - oriented polypropylene film: -with the thickness of not more than 0,1 mm,
	-printed on both sides with specialised coatings to allow banknote security printing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3920202150	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials:
0020202100	Of polymers of propylene:
	Of a thickness not exceeding 0,10 mm:
	Biaxially oriented:
3920202190	Biaxialy oriented film of multiple layers of polypropylene, with a total thickness of not more than 14 micron Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
J920202190	Of polymers of propylene
	Of a thickness not exceeding 0,10 mm
	Biaxially oriented
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920202910	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of propylene Of a thickness not exceeding 0.10 mm
	Of a thickness not exceeding 0,10 mm Other
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920202994	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of propylene
	Of a thickness not exceeding 0,10 mm Other
	Other
	Co-extruded trilayer film,
	each layer containing a mixture of polypropylene and polyethylene,
	• containing not more than 3% by weight of other polymers,
	 whether or not containing titanium dioxide in the core layer, of an overall thickness of not more than 70 μm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920202999	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920202999	Of polymers of propylene
	Of a thickness not exceeding 0,10 mm
	Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920208010	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of propylene Of a thickness exceeding 0,10 mm
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920208090	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of propylene Of a thickness exceeding 0.10 mm
	Of a thickness exceeding 0,10 mm Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920300010	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
J32UJUUU IU	Other plates, sheets, film, foil and strip, or plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of styrene
	Acrylonitrile-butadiene-styrene, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920300090	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of styrene Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920431010	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of vinyl chloride Containing by weight not less than 6% of plasticisers
	Containing by weight not less than 6% of plasticisers Of a thickness not exceeding 1 mm
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

('Ommodity ('odo	
Commodity Code	Description Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920431092	Other plates, sneets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride
	Containing by weight not less than 6% of plasticisers
	Of a thickness not exceeding 1 mm
	Other
	Sheeting of poly(vinyl chloride), stabilized against ultraviolet rays, without any holes, even microscopic, of a thickness of 60 µm or more but not more than 80 µm, containing 30 or more but not more than 40 parts of plasticizer to 100
	parts of poly(vinyl chloride)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920431095	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of vinyl chloride
	Containing by weight not less than 6% of plasticisers Of a thickness not exceeding 1 mm
	Other
	Reflecting laminated sheet, consisting of a film of poly(vinyl chloride) and a film of an other plastic totally embossed in a regular pyramidal pattern, covered on one side with a release sheet
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920431099	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polymers of vinyl chloride
	Containing by weight not less than 6% of plasticisers
	Of a thickness not exceeding 1 mm Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920439010	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
UVENTUUU IU	Of polymers of vinyl chloride
	Containing by weight not less than 6% of plasticisers
	Of a thickness exceeding 1 mm
	For use in certain types of aircraft
3920439090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920439090	Of polymers of vinyl chloride
	Containing by weight not less than 6% of plasticisers
	Of a thickness exceeding 1 mm
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920491010	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of mali manara of crimical obligation
	Of polymers of vinyl chloride Other
	Other
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or sixed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels, • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other
3920491030	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other I a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer - containing by weight 45% or more of fillers - on a support - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms: - for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Other
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Of a thickness not exceeding 1 mm Other Of a chickness not exceeding 1 mm Other Of a chickness not exceeding 1 mm Other Of a chickness not exceeding 1 mm Other Of no croporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of
	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, or the purposes of their construction, repair, maintenance or similarly combined with other materials -for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of virily chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for equipping the above platforms; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Other Of a thickness not exceeding 1 mm Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping the above platforms: -for linking these drilling or production platforms to the mainland
3920491099	Other Discharge of aircraft Of a thickness not exceeding 1 mm For use in certain types of aircraft 1 of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of viryl chloride Other
3920491099	Other Colla thickness not exceeding 1 mm For use in certain types of aircraft 1 or the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Tilm of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting to or equipping such ships, boats or other vessels; 2 or fitting to or equipping such ships, boats or other vessels; 3 or fitting to or equipping such ships, boats or other vessels; 4 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 5 or fitting to or equipping such ships, boats or other vessels; 6 or incorporation in the purposes of their construction, repa
3920491099	Other Collamin Collam
3920491099	Other Colla thickness not exceeding 1 mm For use in certain types of aircraft 1 or the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Tilm of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chloride Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting to or equipping such ships, boats or other vessels; 2 or fitting to or equipping such ships, boats or other vessels; 3 or fitting to or equipping such ships, boats or other vessels; 4 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 5 or fitting to or equipping such ships, boats or other vessels; 6 or incorporation in the purposes of their construction, repa
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of wnyl chloride copolymer - of a flophymyl chloride-copolymer - containing by waight 45% or more of fillers - on a support - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the maintand - other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials - of polymers of vnnyl chloride - other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of alteroft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyt chloride Other Of a thickness not exceeding 1 mm Other Film of a (polyvinyl)chloride-copolymer -containing by weight 45% or more of fillers -on a support -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for inting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for linking these drilling or production platforms to the maintand Other plates, sheets, film, foil and strip, or plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of a binkness not exceeding 1 mm Other Other -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms to the maintand Other Other -for the original plates dealling or production platforms to the maintand Other plates, sheets, film, fold
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, liftin, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of virryi chloride Other Of a thickness not exceeding 1 mm Other Indianing by weight 45% or more of fillers - on a support - on a support - of in incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of virryi chloride Other Of a thickness not exceeding 1 mm Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - to incorporation in ships, boats or other vessels; - to incorporation in ships, boats or other vessels; - to incorporation in the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - to incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - to incorporation, for the purposes of their construction, repair, maintenance or convers
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, isminated, supported or similarly combined with other materials Of polymers of virty chinories Of the likenses not exceeding 1 mm Other Film of a (polyvinyl)-bioride-copolymer -containing by weight 45% or more of filliers -on a support - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion: - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or oversion in other control of the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such shi
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, isminated, supported or similarly combined with other materials Of polymers of virty letitories Of a thickness not exceeding 1 mm Other Film of a (polyviny)chloride-copolymer Film of a polyvinychloride Film of a polyvinych
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, isminated, supported or similarly combined with other materials Of polymers of virty chinories Of the likenses not exceeding 1 mm Other Film of a (polyvinyl)-bioride-copolymer -containing by weight 45% or more of filliers -on a support - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion: - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or oversion in other control of the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such shi
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft for the construction, maliteriance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foll and stip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Other Other Other Film of a (polywnyt)chloride-copy)mer -containing by weight 45% or more of fillers -on a support -on the proposation of brights, boots or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: -for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials Of polymers of vinyl children Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl children Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl children Other -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for inking these drilling or production plastforms to the mainland Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chindre Other -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purpose of their construction plastforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of
3920491099	Other Of a thickness not exceeding 1 mm For use in centain types of aircraft of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Of polymers of viryl chloride Other Of a hickness not exceeding 1 mm Other Film of a (polywrity) chloride-copulymer -containing by weight 45% or more of filliers -containing by weight 45% or more of filliers -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping use has ships, boats or other vessels; -for inicorporation in ships, boats or other vessels; -for inicorporation in the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping use above platforms; -for equipping the above platforms; -for equipping the above platforms; -for inicing these drilling or production platforms to the mainland Other plates, sheets, fill, for land stips, objects, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Other plates, sheets, fill, for aid stips, objects, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Other plates, sheets, fill, for aid stips, objects, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Other Other -for incorporation, in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, both per purposes of their construction, repair, maintenance or conversion; -for incorporation, both per purpose in the construction, repair, maintenance or conversion; -for incorporation, both per purpose in the construction, repair, maintenance or conversion; -for incorporation, both per purpose in the construction, repair, maintenance or conversion; -for incorporation, both per purpose of their construction, repair, maintenance
3920491099	Other Of a thickness not exceeding 1 mm For use in certain types of aircraft for the construction, maliteriance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foll and stip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Other Other Other Film of a (polywnyt)chloride-copy)mer -containing by weight 45% or more of fillers -on a support -on the proposation of brights, boots or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: -for incorporation, for the purposes of their construction, repair, maintenance or similarly combined with other materials Of polymers of vinyl children Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl children Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl children Other -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for inking these drilling or production plastforms to the mainland Other plates, sheets, film, foll and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polymers of vinyl chindre Other -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purpose of their construction plastforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of

0 11: 0 1	
Commodity Code 3920510000	Description Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920310000	Of acrylic polymers
	Of poly(methyl methacrylate)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920590000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of acrylic polymers
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920610000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of polycarbonates, alkyd resins, polyallyl esters or other polyesters
	Of polycarbonates, alkyd resins, polyallyl esters or other polyesters Of polycarbonates
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920621200	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polycarbonates, alkyd resins, polyallyl esters or other polyesters
	Of poly(ethylene terephthalate)
	Of a thickness not exceeding 0,35 mm Poly(ethylene terephthalate) film, of a thickness of 72 micrometres or more but not exceeding 79 micrometres, for the manufacture of flexible magnetic disks; poly(ethylene terephthalate) film, of a thickness of 100 micrometres or
	more but not exceeding 150 micrometres, for the manufacture of photopolymer printing plates
3920621900	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polycarbonates, alkyd resins, polyallyl esters or other polyesters
	Of poly(ethylene terephthalate) Of a thickness not exceeding 0,35 mm
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920630000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of polycarbonates, alkyd resins, polyallyl esters or other polyesters
	Of unsaturated polyesters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920690000	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920090000	Of polycarbonates, alkyd resins, polyallyl esters or other polyesters
	Of other polyesters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920710000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of cellulose or its chemical derivatives Of regenerated cellulose
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3920730000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
-	Of cellulose or its chemical derivatives
	Of cellulose acetate
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
202070000	• for linking these drilling or production platforms to the mainland Other plates, sheets, film fail and strip, of platics, non-callular and not reinforced laminated supported or similarly combined with other materials
3920790000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of cellulose or its chemical derivatives
	Of cellulose of its chemical derivatives Of other cellulose derivatives
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920910010	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of poly(signal burburg)
	Of poly(vinyl butyral) For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
3920910052	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of poly(virged butture)
	Of poly(vinyl butyral) Other
	Poly(vinyl butyral) film:
	-containing by weight 26% or more but not more than 30% of triethyleneglycol bis(2-ethyl hexanoate) as a plasticiser,
	-with a thickness of 0,73 mm or more but not more than 1,50 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
3920910091	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of poly(vinyl butyral)
	Other
	Poly(vinyl butyral) film having a graduated coloured band
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920910093	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of poly(vinyl butyral)
	Other
	Film of poly(ethylene terephthalate), whether or not metallised on one or both sides, or laminated film of poly(ethylene terephthalate) films, metallised on the external sides only, and having the following characteristics:
	-a visible light transmission of 50% or more,
	-coated on one or both sides with a layer of poly(vinyl butyral) but not coated with an adhesive or any other material except poly(vinyl butyral), -a total thickness of not more than 0,2 mm without taking the presence of poly(vinyl butyral) into account and a thickness of poly(vinyl butyral) of more than 0,2 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3920910095	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics
	Of poly(vinyl butyral)
	Other Co-extruded trilayer poly(vinyl butyral) film
	Co-extruded trilayer poly(vinyl butyral) film with a graduated colour band containing by weight 29% or more but not more than 31% of 2,2'-ethylenedioxydiethyl bis(2-ethylhexanoate) as a plasticiser
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920910097	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics
	Of poly(vinyl butyral) Other
	Co-extruded trilayer poly(vinyl butyral) film
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920910099	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of poly(vinyl butyral)
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920920000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of other plastics
	Of polyamides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3920930000	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics
	Of amino-resins • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920940000	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
J32U34UUUU	Other plates, sneets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of other plastics
	Of phenolic resins
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
3920992100	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	 — Of other plastics — Of other plastics
	— Of other plastics — Of condensation or rearrangement polymerisation products, whether or not chemically modified
	— Polyimide foil and strip, uncoated, or coated or covered solely with plastic
	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Polyimide sheet and strip, uncoated, or coated or covered solely with plastic
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;

0	December 2 in
Commodity Code 3920992840	Description Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3920992040	Of other plastics
	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other Polymer film containing the following monomers:
	-poly (tetramethylene ether glycol),
	-bis (4-isocyanotocyclohexyl) methane,
	-1,4-butanediol or 1,3-butanediol,
	-with a thickness of 0,25 mm or more but not more than 5,0 mm,
	-embossed with a regular pattern on one surface, -and covered with a release sheet
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3920992845	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
000000000000000000000000000000000000000	Of other plastics
	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Other
	Transparent polyurethane film metallised on one side:
	-with a gloss of more than 90 degrees according to ASTM D2457
	-covered on the metalized side with a heat bonding adhesive layer consisting of polyethylene/polypropylene copolymer
	-covered on the other side with a protective poly(ethylene terephthalate) film -with a total thickness of more than 204 µm but not more than 244 µm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920992850	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other
	Thermoplastic polyurethane film, of a thickness of 250 µm or more but not more than 350 µm, covered on one side with a removable protective film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920992865	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
3320332003	Of other plastics
	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Other
	Matt, thermoplastic polyurethane foil in rolls with:
	-a width of 1640 mm (± 10 mm),
	-a gloss of 3,3 degrees or more but not more than 3,8 (as determined by the method ASTM D2457),
	-a surface roughness of 1,9 Ra or more but not more than 2,8 Ra (as determined by the method ISO 4287), -a thickness of more than 365 μm but not more than 760 μm,
	-a hardness of 90 (± 4) (as determined by the method: Shore A (ASTM D2240)),
	-an elongation to break of 470% (as determined by the method: EN ISO 527)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
200000070	• for linking these drilling or production platforms to the mainland
3920992870	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of other plastics
	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other Sheets on rolls, consisting of epoxy resin, with conducting properties, containing:
	-microspheres with a coating of metal, whether or not alloyed with gold, -an adhesive layer, -with a protective layer of silicone or poly(ethylene terephthalate) on one side, -with a protective layer of poly(ethylene terephthalate) on the
	other side, and-with a width of 5 cm or more but not more than 100 cm-with a length of not more than 2 000 m
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3920992890	• for linking these drilling or production platforms to the mainland Other plates, shoots film foil and strip, of platforms and not reinforced laminated supported as similarly combined with other materials.
3920992090	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials Of other plastics
	Of other plastics
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3920995200	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials
	Of other plastics Of other plastics
	Of other plastics Of addition polymerisation products
	Poly(vinyl fluoride) sheet; biaxially oriented poly(vinyl alcohol) film, containing by weight 97% or more of poly(vinyl alcohol), uncoated, of a thickness not exceeding 1 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

3921130000	Of polyurethanes
3921130000	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
3921130000	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
3921130000	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
3921130000	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
3921130000 3921140000	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics
	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics Cellular
	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics Cellular Of regenerated cellulose
	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics Cellular Of regenerated cellulose • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Of polyurethanes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics Cellular Of regenerated cellulose • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
3921190030	Other plates, sheets, film, foil and strip, of plastics
	Cellular Of other pleatics
	Of other plastics Other
	Blocks with cellular structure, containing by weight:
	-polyamide-6 or poly(epoxy anhydride) -7% or more but not more than 9% of polytetrafluorethylene if present
	-10% or more but not more than 25% of inorganic fillers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3921190060	Other plates, sheets, film, foil and strip, of plastics Cellular
	Of other plastics
	Other Multi paraus multilayer conserter feil with:
	Multi-porous multilayer separator foil with: -one microporous polyethylene layer between two microporous polypropylene layers and whether or not containing a coating of aluminium oxide on both sides,
	-a width of 65 mm or more but not more than 170 mm,
	-a total thickness of 0,01 mm or more but not more than 0,03 mm, -a porosity of 0,25 or more but not more than 0,65
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3921190070	Other plates, sheets, film, foil and strip, of plastics
	Cellular Of other plastics
	Of other plastics Other
	Microporous membranes of expanded Polytetrafluoroethylene (ePTFE) in rolls, having:
	-a width of 1 600 mm or more but not more than 1 730 mm, and -a membrane thickness of 15 μm or more, but not more than 50 μm
	for use in the manufacture of a bi-component ePTFE membrane
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2004400000	• for linking these drilling or production platforms to the mainland
3921190093	Other plates, sheets, film, foil and strip, of plastics Cellular
	Of other plastics
	Other Strip of microporous polytetrafluoroethylene on a support of a non-woven, for use in the manufacture of filters for kidney dialysis equipment
3921190095	Other plates, sheets, film, foil and strip, of plastics
	Cellular
	Of other plastics Other
	Film of polyethersulfone, of a thickness of not more than 200 µm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3921190099	Other plates, sheets, film, foil and strip, of plastics Cellular
	Of other plastics
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3921901000	Other plates, sheets, film, foil and strip, of plastics
	Other Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Of polyesters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
202402222	• for linking these drilling or production platforms to the mainland
3921903000	Other plates, sheets, film, foil and strip, of plastics Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Of phenolic resins • for incorporation in chips, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3921904100	Other plates, sheets, film, foil and strip, of plastics
	Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Of amino-resins
	Laminated
	High-pressure laminates with a decorative surface on one or both sides
	High-pressure laminates with a decorative surface on one or both sides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	High-pressure laminates with a decorative surface on one or both sides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	High-pressure laminates with a decorative surface on one or both sides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description Control of the Control o
3921904300	Other plates, sheets, film, foil and strip, of plastics Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Of amino-resins
	Laminated
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3921904900	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics
3321304300	Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Of amino-resins
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
2024005525	for linking these drilling or production platforms to the mainland
3921905525	Other plates, sheets, film, foil and strip, of plastics Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Other
	Prepreg sheets or rolls containing polyimide resin
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0004005=0-	• for linking these drilling or production platforms to the mainland
3921905535	Other plates, sheets, film, foil and strip, of plastics Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified Other
	Glass fibre impregnated with epoxy resin for use in the manufacture of smart cards
3921905540	Other plates, sheets, film, foil and strip, of plastics Other
	Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other Three layered fabric sheet, in rolls,
	-comprising a core layer of 100% Nylon Taffeta or Nylon/Polyester blended Taffeta, -coated on both sides with polyamide,
	-of a total thickness not more than 135 μm,
	-of a total weight not more than 80 g/m ² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3921905590	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics
	Other Of condensation or rearrangement polymerisation products, whether or not chemically modified
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
3921906010	• for linking these drilling or production platforms to the mainland Other plates, sheets, film, foil and strip, of plastics
	Other Of addition polymerisation products
	For use in certain types of aircraft
3921906035	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other plates, sheets, film, foil and strip, of plastics
	Other Of addition polymerisation products
	Other
	Ion-exchange membranes based on a fabric coated on both sides with fluorinated plastic material, for use in chlor-alkali electrolytic cells • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

* for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Boxes, cases, crates and similar articles Other * for incorporation in ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or su for equipping the above platforms; * for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, * for linking these drilling or production platforms to the mainland * Articles for the conveyance or packing of goods, of plastics, stoppers, lids, caps and other closures, of plastics * Sacks and bags (including cones) Of other plactics * of incorporation, for the purposes of their construction, repair, maintenance or conversion; * for linking these drilling or production platforms to the mainland * Articles for the conveyance or packing of goods, of plastics, stoppers, lids, caps and other closures, of plastics * of incorporation, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels: * for incorporation in ships, boats or other vessels listed in Table 1, for	ubmersible of subheading 8905 20;
Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Other Other Official or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulface for equipping the above platforms; Incorporation in thing, these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation, for the purposes of their construction, repair, maintenance or conversion; Incorporation in ships, boats or other vessels; Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction,	ubmersible of subheading 8905 20;
Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or such fitting to requipping the above platforms; - for linking these drilling or production platforms to the mainland - Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics - Sacks and bags (including cones) - Of polymers of ethylene - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or subjudy in the subjudy of the subjudy of the subject of the conveyance or packing of goods, of plastics; - for incorporation in ships, boats or other vessels; stoppers, lids, caps and other closures, of plastics - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	ubmersible of subheading 8905 20;
*for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or su for equiphing the above platforms; *for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene *for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics *Sacks and bags (including cones) 3923290000 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics *Carboys, bottles, listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels; *for incorporation in or the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair,	ubmersible of subheading 8905 20;
*for fitting to or equipping such ships, boats or other vessels: *for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulfinking three drilling or production platforms to the mainland 3923210000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene *for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, *for incorporation, for the purposes of their construction, repair, maintenance or conversion, *for incorporation, for the purposes of their construction, repair, maintenance or conversion, *for incorporation, for the purposes of their construction, repair, maintenance or conversion, *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels issed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels; *for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for incorporation in ships, boats or other vessels; *for incorporation in ship	ubmersible of subheading 8905 20;
* for equipping the above platforms; * for linking these drilling or production platforms to the mainland 3923210000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulvivors in equipping the above platforms; * for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics, stoppers, lids, caps and other closures, of plastics * Sacks and bags (including cones) Of other plastics * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation in of the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation in of the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for	ubmersible of subheading 8905 20;
- for linking these drilling or production platforms to the mainland 3923210000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulface in liking these drilling or production platforms to the mainland 3923290000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics - for incorporation in ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitning these drilling or production platforms; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorpo	<u> </u>
Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of polymers of ethylene - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulformation or equipping the above platforms; - for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics - for incorporation in ships, boats or other vessels; listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulformation or sulformatio	
Sacks and bags (including cones) Of polymers of ethylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulform sulforms to the mainland 3923290000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in the production platforms; • for inking these drilling or production platforms; • for in	
* for incorporation in ships, boats or other vessels itsed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulforming in the above platforms; * for linking these drilling or production platforms to the mainland 3923290000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulforms; * for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation or ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes o	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for filmking these drilling or production platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923290000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships,	
* for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sulforms; for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports for linking these drilling or production platforms to other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the mainland	ubmersible of subheading 8905 20;
Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Sacks and bags (including cones) Of other plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sule for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sule for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	obmersible of subheading 8905 20;
Sacks and bags (including cones) Of other plastics for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sultiforms to requipping the above platforms; for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sultification to requipping the above platforms; for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	ubmersible of subheading 8905 20;
Of other plastics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fifting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sull for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sull for equipping the above platforms; • for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	ubmersible of subheading 8905 20;
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sule for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sule for equipping the above platforms; • for equipping the above platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	ubmersible of subheading 8905 20;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sultiform equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sultification or equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	bmersible of subheading 8905 20;
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	annoisis of cashedaning coop 25,
• for linking these drilling or production platforms to the mainland 3923300000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sule for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
Carboys, bottles, flasks and similar articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sull • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sull for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sull for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland 3923400000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for linking these drilling or production platforms to the mainland Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	bmersible of subheading 8905 20;
Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
Spools, cops, bobbins and similar supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	bmersible of subheading 8905 20:
• for equipping the above platforms;	
• for linking these drilling or production platforms to the mainland	
Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics Stoppers, lids, caps and other closures	
Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	shmareible of subboading 2005 20
• for equipping the above platforms;	ibiliersible of Subfleading 0903 20,
for linking these drilling or production platforms to the mainland	
3923900000 Articles for the conveyance or packing of goods, of plastics; stoppers, lids, caps and other closures, of plastics	
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	bmersible of subheading 8905 20;
 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 	
3924100011 Tableware, kitchenware, other household articles and hygienic or toilet articles, of plastics	
Tableware and kitchenware	
Kitchenware containing polyamide or melamine	
Consigned from China or Hong Kong • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	bmersible of subheading 8905 20;
 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 	
3924100019 Tableware, kitchenware, other household articles and hygienic or toilet articles, of plastics	
Tableware and kitchenware	
Kitchenware containing polyamide or melamine	
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	bmersible of subheading 8905 20;
 for equipping the above platforms; for linking these drilling or production platforms to the mainland 	
3924100090 Tableware, kitchenware, other household articles and hygienic or toilet articles, of plastics	
Tableware and kitchenware	
Other	
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	ubmersible of subheading 8905 20;
• for equipping the above platforms;	Č ,
• for linking these drilling or production platforms to the mainland Tableware, kitchenware, other household articles and hydionic or toilet articles, of plactics	
Tableware, kitchenware, other household articles and hygienic or toilet articles, of plastics Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	harana Malaya ()
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul • for equipping the above platforms;	ibmersible of subheading 8905 20;
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland	
3925 Builders' ware of plastics, not elsewhere specified or included	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or sul	ibmersible of subheading 8905 20.

Commodity Code	Description
3926100000	Other articles of plastics and articles of other materials of headings 3901 to 3914
	Office or school supplies
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
2026200000	• for linking these drilling or production platforms to the mainland Other articles of plastics and articles of other materials of headings 2001 to 2014
3926200000	Other articles of plastics and articles of other materials of headings 3901 to 3914 Articles of apparel and clothing accessories (including gloves, mittens and mitts)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3926300040	Other articles of plastics and articles of other materials of headings 3901 to 3914
	Fittings for furniture, coachwork or the like
2026200000	Plastic internal door handle used in the manufacture of motor vehicles Other estimates of plastics and estimates of other materials of headings 2001 to 2014
3926300090	Other articles of plastics and articles of other materials of headings 3901 to 3914 Fittings for furniture, coachwork or the like
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
3926400000	Other articles of plastics and articles of other materials of headings 3901 to 3914
	Statuettes and other ornamental articles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland.
3926905000	• for linking these drilling or production platforms to the mainland Other articles of plastics and articles of other materials of headings 3901 to 3914
	Other
	Perforated buckets and similar articles used to filter water at the entrance to drains
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
202000705	• for linking these drilling or production platforms to the mainland Other entires and entires and entires of other materials of beadings 2004 to 2014
3926909705	Other articles of plastics and articles of other materials of headings 3901 to 3914 Other
	Other
	Other
	For technical uses, for use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
3926909710	Other articles of plastics and articles of other materials of headings 3901 to 3914
	Other Other
	Other
	Microspheres of a polymer of divinylbenzene, of a diameter of 4,5 μm or more but not more than 80 μm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
222222745	• for linking these drilling or production platforms to the mainland
3926909715	Other articles of plastics and articles of other materials of headings 3901 to 3914 Other
	Other
	Other
3926909727	Glass fibre reinforced plastic traverse leaf spring for use in the manufacture of motor vehicle suspension systems Other articles of plastics and articles of other materials of headings 3901 to 3914
J3203031 <i>21</i>	Other articles of plastics and articles of other materials of headings 3901 to 3914 Other
	Other
	Other
	Gasket of polyethylene foam, intended to fill-up the space between the body of a motor vehicle and the base of a rear-view mirror • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3926909733	Other articles of plastics and articles of other materials of headings 3901 to 3914
	Other
	Other
	Other Housings, housing parts, drums, setting wheels, frames, covers and other parts of acrylonitrile-butadiene-styrene or polycarbonate, of a kind used for the manufacture of remote controls
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3926909790	Other articles of plastics and articles of other materials of headings 3901 to 3914
-	Other
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 40 Rubber and Articles Thereof

Commodity Code	Chapter 40 Rubber and Articles Thereof Description
1001	Natural rubber, balata, gutta-percha, guayule, chicle and similar natural gums, in primary forms or in plates, sheets or strip
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4002	Synthetic rubber and factice derived from oils, in primary forms or in plates, sheets or strip; mixtures of any product of heading 4001 with any product of this heading, in primary forms or in plates, sheets or strip
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4003	Reclaimed rubber in primary forms or in plates, sheets or strip
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4005	Compounded rubber, unvulcanised, in primary forms or in plates, sheets or strip
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1006	Other forms (for example, rods, tubes and profile shapes) and articles (for example, discs and rings), of unvulcanised rubber
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1007	Vulcanised rubber thread and cord
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
008110000	Plates, sheets, strip, rods and profile shapes, of vulcanised rubber other than hard rubber
	Of cellular rubber
	Plates, sheets and strip • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
000400000	• for linking these drilling or production platforms to the mainland
008190000	Plates, sheets, strip, rods and profile shapes, of vulcanised rubber other than hard rubber Of cellular rubber
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4008210000	Plates, sheets, strip, rods and profile shapes, of vulcanised rubber other than hard rubber
	Of non-cellular rubber
	Plates, sheets and strip
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1008290010	Plates, sheets, strip, rods and profile shapes, of vulcanised rubber other than hard rubber
	Of non-cellular rubber Other
	Profile shapes, cut to size, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
00000000	• use in ground flying trainers for civil use
008290090	Plates, sheets, strip, rods and profile shapes, of vulcanised rubber other than hard rubber Of non-cellular rubber
	Other Control of the
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading or 8420,40 or floating or submarsible of subheading 8005,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
009110000	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Not reinforced or otherwise combined with other materials
	Without fittings • for incorporation in ships, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
1009120010	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Not reinforced or otherwise combined with other materials With fittings
	With fittings Suitable for conducting gases or liquids, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use

WILLIAM LAND	Description
Commodity Code 4009120090	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Not reinforced or otherwise combined with other materials
	With fittings Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4009210000	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined only with metal
	Without fittings
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4009220010	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Reinforced or otherwise combined only with metal
	With fittings Suitable for conducting gases or liquids, for use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
4009220090	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Reinforced or otherwise combined only with metal With fittings
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4009310000	• for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Reinforced or otherwise combined only with textile materials
	Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4009320010	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Reinforced or otherwise combined only with textile materials With fittings
	Suitable for conducting gases or liquids, for use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
40000000	• use in ground flying trainers for civil use
4009320020	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined only with textile materials
	With fittings
	Multilayered rubber pipe, reinforced with aramide fabric, whether or not having polyamide connection elements and steel clamps, for use in the manufacture of automotive heat exchangers and/or condenser in automotive air conditioning systems
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4009320090	• for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
4003320030	Reinforced or otherwise combined only with textile materials
	With fittings Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
1000 110000	for linking these drilling or production platforms to the mainland
	Tubon pipes and become of vulconiced rubber other than bord rubber with an without their fittings (for example lighter allowed)
4009410000	Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials
4009410000	Reinforced or otherwise combined with other materials Without fittings
4009410000	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
4009410000	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
4009410000	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4009410000	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials
	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft
	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft
	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use
	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges)
4009420010	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings With fittings
4009420010	Reinforced or otherwise combined with other materials Without fittings for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings With fittings Other
4009420010	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings With fittings
4009420010	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft • use in civil aircraft • use in circorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
4009420010	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use for invil aircraft • use for invil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance o
4009420010	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for flinking these drilling or production platforms to the mainland Conveyor or transmission belts or belting, of vulcanised rubber
4009420010 4009420090	Reinforced or otherwise combined with other materials Without fittings for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft use in civil aircraft use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels: for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation platforms; for linking or production platforms to the mainland Conveyor or transmission belts or belting, of vulcanised rubber for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for linking or production platforms to the mainland
4009420010 4009420090	Reinforced or otherwise combined with other materials Without fittings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Suitable for conducting gases or liquids, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Tubes, pipes and hoses, of vulcanised rubber other than hard rubber, with or without their fittings (for example, joints, elbows, flanges) Reinforced or otherwise combined with other materials With fittings Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for flinking these drilling or production platforms to the mainland Conveyor or transmission belts or belting, of vulcanised rubber

ommodity Code 010310010	Description Conveyor or transmission belts or belting, of vulcanised rubber
010010010	Transmission belts or belting
	Endless transmission belts of trapezoidal cross-section (V-belts), V-ribbed, of an outside circumference exceeding 60 cm but not exceeding 180 cm
	Vulcanized rubber endless transmission belt of trapezoidal cross-section (V-belts) with longitudinal V-ribbed pattern on the inner side for use in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
10330010	Conveyor or transmission belts or belting, of vulcanised rubber
	Transmission belts or belting
	Endless transmission belts of trapezoidal cross-section (V-belts), V-ribbed, of an outside circumference exceeding 180 cm but not exceeding 240 cm
10340000	Vulcanized rubber endless transmission belt of trapezoidal cross-section (V-belts) with longitudinal V-ribbed pattern on the inner side for use in the manufacture of goods of Chapter 87 Conveyor or transmission belts or belting, of vulcanised rubber
100-10000	Transmission belts or belting
	Endless transmission belts of trapezoidal cross-section (V-belts), other than V-ribbed, of an outside circumference exceeding 180 cm but not exceeding 240 cm
10350000	Conveyor or transmission belts or belting, of vulcanised rubber
	Transmission belts or belting
	Endless synchronous belts, of an outside circumference exceeding 60 cm but not exceeding 150 cm
10360000	Conveyor or transmission belts or belting, of vulcanised rubber
	Transmission belts or belting
	Endless synchronous belts, of an outside circumference exceeding 150 cm but not exceeding 198 cm
10390010	Conveyor or transmission belts or belting, of vulcanised rubber
	Transmission belts or belting Other
	Vulcanized rubber endless transmission belt of trapezoidal cross-section (V-belts) with longitudinal V-ribbed pattern on the inner side for use in the manufacture of goods of Chapter 87
11300010	New pneumatic tyres, of rubber
	Of a kind used on aircraft For use on civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
44700000	use in ground flying trainers for civil use
11700000	New pneumatic tyres, of rubber Of a kind used on agricultural or forestry vehicles and machines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
11800000	New pneumatic tyres, of rubber
	Of a kind used on construction, mining or industrial handling vehicles and machines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
11900000	New pneumatic tyres, of rubber Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
12130010	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, tyre treads and tyre flaps, of rubber
	Retreaded tyres
	Of a kind used on aircraft For use on civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
4040000	• use in ground flying trainers for civil use
12190000	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, tyre treads and tyre flaps, of rubber Retreaded tyres
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
2200010	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, tyre treads and tyre flaps, of rubber
	Used pneumatic tyres For use on civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
4000000	use in ground flying trainers for civil use
12200090	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, tyre treads and tyre flaps, of rubber Used pneumatic tyres
	Other types
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
2900000	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, tyre treads and tyre flaps, of rubber
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4000000	for linking these drilling or production platforms to the mainland
13900000	Inner tubes, of rubber Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;

Commodity Code 4014900000	Description Hygienic or pharmaceutical articles (including teats), of vulcanised rubber other than hard rubber, with or without fittings of hard rubber
4014900000	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4015120000	Articles of apparel and clothing accessories (including gloves, mittens and mitts), for all purposes, of vulcanised rubber other than hard rubber
	Gloves, mittens and mitts Of a kind used for medical, surgical, dental or veterinary purposes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4015190000	• for linking these drilling or production platforms to the mainland Articles of apparel and clothing accessories (including gloves, mittens and mitts), for all purposes, of vulcanised rubber other than hard rubber
	Gloves, mittens and mitts Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4015900000	• for linking these drilling or production platforms to the mainland Articles of apparel and clothing accessories (including gloves, mittens and mitts), for all purposes, of vulcanised rubber other than hard rubber
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4016100010	Other articles of vulcanised rubber other than hard rubber Of cellular rubber
	For technical uses, for use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
4046400000	• use in ground flying trainers for civil use
4016100090	Other articles of vulcanised rubber other than hard rubber Of cellular rubber
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4040040000	• for linking these drilling or production platforms to the mainland
4016910000	Other articles of vulcanised rubber other than hard rubber Other
	Floor coverings and mats • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4016930010	Other articles of vulcanised rubber other than hard rubber Other
	Gaskets, washers and other seals For technical uses, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use
4016930090	Other articles of vulcanised rubber other than hard rubber
	Other Gaskets, washers and other seals
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4040040000	• for linking these drilling or production platforms to the mainland
4016940000	Other articles of vulcanised rubber other than hard rubber Other
	Boat or dock fenders, whether or not inflatable • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4040050000	• for linking these drilling or production platforms to the mainland
4016950000	Other articles of vulcanised rubber other than hard rubber Other
	Other inflatable articles
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
1010005=15	• for linking these drilling or production platforms to the mainland
4016995710	Other articles of vulcanised rubber other than hard rubber Other
	Other
	For motor vehicles of headings 8701 to 8705 Other
	Air intake hose for air supply to the combustion part of the engine comprising at least: -one flexible rubber hose,
	-one plastic hose, and
	-metal clips,
	-whether or not a resonator
	for use in the manufacture of goods of Chapter 87

Commodity Code	Description
4016995730	Other articles of vulcanised rubber other than hard rubber
	Other
	Other
	For motor vehicles of headings 8701 to 8705
	Other
	Pin boot of a brake calliper made of vulcanized rubber with:
	-an inner diameter of not less than 5 mm and an outer diameter of not more than 35 mm,
	-a height of 15 mm or more, but not more than 40 mm, and
	-a ribbed design
	for use in the manufacture of goods of Chapter 87
4016999100	Other articles of vulcanised rubber other than hard rubber
4010333100	Other Other
	Other
	Other
	Rubber-to-metal bonded parts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4016999110	Other articles of vulcanised rubber other than hard rubber
-10 103331 IU	
	Other

	Other
	For technical uses, for use in civil aircraft
	• use in civil aircraft
	use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
4016999730	Other articles of vulcanised rubber other than hard rubber
4010333730	Other articles of valcanised rubber other thair hard rubber of thair hard rubber other thair hard rubber other thair hard rubber other thair hard rubber other thair hard rubber of the rubber
	Other
	Other
	Other
	Tyre moulding bladder
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4016000700	Other articles of vulcanised rubber other than hard rubber
4016999790	
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4047	• for linking these drilling or production platforms to the mainland
4017	Hard rubber (for example, ebonite) in all forms, including waste and scrap; articles of hard rubber
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Tot infining those drining of production platforms to the maintain

Chapter 41 Raw Hides and Skins (Other Than Furskins) and Leather

Commodity Code	Description
4101	Raw hides and skins of bovine (including buffalo) or equine animals (fresh, or salted, dried, limed, pickled or otherwise preserved, but not tanned, parchment-dressed or further prepared), whether or not dehaired or split • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
4102	• for linking these drilling or production platforms to the mainland Raw skins of sheep or lambs (fresh, or salted, dried, limed, pickled or otherwise preserved, but not tanned, parchment-dressed or further prepared), whether or not with wool on or split, other than those excluded by note 1(c) to this
	chapter • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4103	Other raw hides and skins (fresh, or salted, dried, limed, pickled or otherwise preserved, but not tanned, parchment-dressed or further prepared), whether or not dehaired or split, other than those excluded by note 1(b) or 1(c) to this chapter
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4104	• for linking these drilling or production platforms to the mainland Tanned or crust hides and skins of bovine (including buffalo) or equine animals, without hair on, whether or not split, but not further prepared
+104	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4105	Tanned or crust skins of sheep or lambs, without wool on, whether or not split, but not further prepared • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
1106	Tanned or crust hides and skins of other animals, without wool or hair on, whether or not split, but not further prepared
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4107	• for linking these drilling or production platforms to the mainland Leather further prepared after tanning or crusting, including parchment-dressed leather, of bovine (including buffalo) or equine animals, without hair on, whether or not split, other than leather of heading 4114
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4440	• for linking these drilling or production platforms to the mainland
4112	Leather further prepared after tanning or crusting, including parchment-dressed leather, of sheep or lamb, without wool on, whether or not split, other than leather of heading 4114 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4113	Leather further prepared after tanning or crusting, including parchment-dressed leather, of other animals, without wool or hair on, whether or not split, other than leather of heading 4114 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4114	Chamois (including combination chamois) leather; patent leather and patent laminated leather; metallised leather
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4115100000	• for linking these drilling or production platforms to the mainland Composition leather with a basis of leather or leather fibre, in slabs, sheets or strip, whether or not in rolls; parings and other waste of leather or of composition leather, not suitable for the manufacture of leather articles; leather dust,
	powder and flour
	Composition leather with a basis of leather or leather fibre, in slabs, sheets or strip, whether or not in rolls
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;

Chapter 42 Articles of Leather; Saddlery and Harness; Travel Goods, Handbags and Similar Containers; Articles of Animal Gut (Other Than Silkworm Gut)

Commodity Code	Chapter 42 Articles of Leather; Saddlery and Harness; Travel Goods, Handbags and Similar Containers; Articles of Animal Gut (Other Than Silkworm Gut) Description
4201000090	Saddlery and harness for any animal (including traces, leads, knee pads, muzzles, saddle-cloths, saddlebags, dog coats and the like), of any material
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
4202110000	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels and similar containers With outer surface of leather or of composition leather
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4202120000	• for linking these drilling or production platforms to the mainland Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels and similar containers With outer surface of plastics or of textile materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
4202400000	• for linking these drilling or production platforms to the mainland
4202190000	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels and similar containers Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
4202918000	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper
	Other With outer surface of leather or of composition leather Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4202921900	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper
	Other With outer surface of sheeting of plastics or of textile materials Of sheeting of plastics Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4202929190	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper
	Other With outer surface of sheeting of plastics or of textile materials Of textile materials
	Travelling-bags, toilet bags, rucksacks and sports bags Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4202929800	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food of beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper
	Other With outer surface of sheeting of plastics or of textile materials Of textile materials
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4202990090	• for linking these drilling or production platforms to the mainland Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food cases, some cases, and similar containers.
4202990090	beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, climater cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper Other Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
4203100000	Articles of apparel and clothing accessories, of leather or of composition leather
	Articles of apparel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4203290000	Articles of apparel and clothing accessories, of leather or of composition leather
	Gloves, mittens and mitts
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4203400000	Articles of apparel and clothing accessories, of leather or of composition leather
	Other clothing accessories
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4205	Other articles of leather or of composition leather
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4000	• for linking these drilling or production platforms to the mainland
4206	Articles of gut (other than silkworm gut), of goldbeater's skin, of bladders or of tendons
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 43 Furskins and Artificial Fur; Manufactures Thereof

Commodity Code	Description
4302	Tanned or dressed furskins (including heads, tails, paws and other pieces or cuttings), unassembled, or assembled (without the addition of other materials) other than those of heading 4303
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4303	Articles of apparel, clothing accessories and other articles of furskin
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 44 Wood and Articles of Wood; Wood Charcoal

0	Chapter 44 Wood and Articles of Wood; Wood Charcoal
Commodity Code	Description Fuel wood in logs in billets in twigs in faggets or in similar forms; wood in chips or particles; sawdust and wood waste and scrap, whether or not agglemented in logs, briggettes, pollets or similar forms.
4401210000	Fuel wood, in logs, in billets, in twigs, in faggots or in similar forms; wood in chips or particles; sawdust and wood waste and scrap, whether or not agglomerated in logs, briquettes, pellets or similar forms Wood in chips or particles Coniferous
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4401220000	• for linking these drilling or production platforms to the mainland Fuel wood, in logs, in billets, in twigs, in faggots or in similar forms; wood in chips or particles; sawdust and wood waste and scrap, whether or not agglomerated in logs, briquettes, pellets or similar forms
4401220000	Wood in chips or particles Non-coniferous
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4400	for linking these drilling or production platforms to the mainland
4403	Wood in the rough, whether or not stripped of bark or sapwood, or roughly squared • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
4404	Hoopwood; split poles; piles, pickets and stakes of wood, pointed but not sawn lengthwise; wooden sticks, roughly trimmed but not turned, bent or otherwise worked, suitable for the manufacture of walking sticks, umbrellas, tool handles or the like; chipwood and the like
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4405	• for linking these drilling or production platforms to the mainland Wood wool; wood flour
4405	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4406910000	Railway or tramway sleepers (cross-ties) of wood Other
	Coniferous • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4406920000	Railway or tramway sleepers (cross-ties) of wood Other
	Non-coniferous • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4407	Wood sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or end-jointed, of a thickness exceeding 6 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4408101500	• for linking these drilling or production platforms to the mainland Sheets for veneering (including those obtained by slicing laminated wood), for plywood or for similar laminated wood and other wood, sawn lengthwise, sliced or peeled, whether or not planed, sanded, spliced or end-jointed, of a
	thickness not exceeding 6 mm Coniferous
	Planed; sanded; end-jointed, whether or not planed or sanded • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4408109800	Sheets for veneering (including those obtained by slicing laminated wood), for plywood or for similar laminated wood and other wood, sawn lengthwise, sliced or peeled, whether or not planed, sanded, spliced or end-jointed, of a thickness not exceeding 6 mm
	Coniferous Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4408310000	• for linking these drilling or production platforms to the mainland Sheets for veneering (including those obtained by slicing laminated wood), for plywood or for similar laminated wood and other wood, sawn lengthwise, sliced or peeled, whether or not planed, sanded, spliced or end-jointed, of a
	thickness not exceeding 6 mm Of tropical wood
	Dark red meranti, light red meranti and meranti bakau • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4408311100	Sheets for veneering (including those obtained by slicing laminated wood), for plywood or for similar laminated wood and other wood, sawn lengthwise, sliced or peeled, whether or not planed, sanded, spliced or end-jointed, of a thickness not exceeding 6 mm
	Of tropical wood Dark red meranti, light red meranti and meranti bakau
	End-jointed, whether or not planed or sanded

	• for linking these drilling or production platforms to the mainland

Chapter 45 Cork and Articles of Cork

	Chapter 45 Cork and Articles of Cork
Commodity Code	Description
4501	Natural cork, raw or simply prepared; waste cork; crushed, granulated or ground cork
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4502	Natural cork, debacked or roughly squared, or in rectangular (including square) blocks, plates, sheets or strip (including sharp-edged blanks for corks or stoppers)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4503	Articles of natural cork
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4504101900	Agglomerated cork (with or without a binding substance) and articles of agglomerated cork
	Blocks, plates, sheets and strip; tiles of any shape; solid cylinders, including discs
	Corks and stoppers
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4504109100	Agglomerated cork (with or without a binding substance) and articles of agglomerated cork
	Blocks, plates, sheets and strip; tiles of any shape; solid cylinders, including discs
	Other
	With a binding substance
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
1501100000	• for linking these drilling or production platforms to the mainland
4504109900	Agglomerated cork (with or without a binding substance) and articles of agglomerated cork
	Blocks, plates, sheets and strip; tiles of any shape; solid cylinders, including discs
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4504002000	
4504902000	Agglomerated cork (with or without a binding substance) and articles of agglomerated cork
	Other Corks and stoppers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 46 Manufactures of Straw, of Esparto or of Other Plaiting Materials; Basketware and Wickerwork

Commodity Code	Description
46	Manufactures of straw, of esparto or of other plaiting materials; basketware and wickerworkPlaits and similar products of plaiting materials, whether or not assembled into strips; plaiting materials, plaits and similar products of plaiting materials, bound together in parallel strands or woven, in sheet form, whether or not being finished articles (for example, mats, matting, screens)
	Mats, matting and screens of vegetable materials
	Of bamboo
	Of plaits or similar products of plaiting materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 48 Paper and Paperboard; Articles of Paper Pulp, of Paper or of Paperboard

Commodity Code	Chapter 48 Paper and Paperboard; Articles of Paper Pulp, of Paper or of Paperboard Description
4810130080	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
	rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, not containing fibres obtained by a mechanical or chemi-mechanical process or of which not more than 10% by weight of the total fibre content consists of such fibres
	In rolls
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4810140000	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
	rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, not containing fibres obtained by a mechanical or chemi-mechanical process or of which not more than 10% by weight of the total fibre content consists of such fibres
	In sheets with one side not exceeding 435 mm and the other side not exceeding 297 mm in the unfolded state
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4810190000	• for linking these drilling or production platforms to the mainland Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
4010130000	rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, not containing fibres obtained by a mechanical or chemi-mechanical process or of which not more than 10% by weight of the total fibre content
	consists of such fibres Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
40400000	• for linking these drilling or production platforms to the mainland
4810220080	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, of which more than 10% by weight of the total fibre content consists of fibres obtained by a mechanical or chemi-mechanical process
	Lightweight coated paper Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4810293080	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, of which more than 10% by weight of the total fibre content consists of fibres obtained by a mechanical or chemi-mechanical process
	Other
	In rolls Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4810298000	• for linking these drilling or production platforms to the mainland Paper and paperheard, ageted an angust both sides with keelin (China day) or other increasing whateness, with an without a binder, and with no other coating, whether or not surface adjourned surface described in relie or
4610296000	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size
	Paper and paperboard of a kind used for writing, printing or other graphic purposes, of which more than 10% by weight of the total fibre content consists of fibres obtained by a mechanical or chemi-mechanical process
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4040240000	• for linking these drilling or production platforms to the mainland
4810310000	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size
	Kraft paper and paperboard, other than that of a kind used for writing, printing or other graphic purposes
	Bleached uniformly throughout the mass and of which more than 95% by weight of the total fibre content consists of wood fibres obtained by a chemical process, and weighing 150 g/m² or less • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
4810320000	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
	rectangular (including square) sheets, of any size Kraft paper and paperboard, other than that of a kind used for writing, printing or other graphic purposes
	Bleached uniformly throughout the mass and of which more than 95% by weight of the total fibre content consists of wood fibres obtained by a chemical process, and weighing more than 150 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4810920000	• for linking these drilling or production platforms to the mainland Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
	rectangular (including square) sheets, of any size
	Other paper and paperboard
	Multi-ply • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
4810991080	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size Other paper and paperboard
	Other Bleached paper and paperboard, coated with kaolin
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4810998080	Paper and paperboard, coated on one or both sides with kaolin (China clay) or other inorganic substances, with or without a binder, and with no other coating, whether or not surface-coloured, surface-decorated or printed, in rolls or
	rectangular (including square) sheets, of any size Other paper and paperboard
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
4811	• for linking these drilling or production platforms to the mainland Paper, paperboard, cellulose wadding and webs of cellulose fibres, coated, impregnated, covered, surface-coloured, surface-decorated or printed, in rolls or rectangular (including square) sheets, of any size, other than goods of the
	kind described in heading 4803, 4809 or 4810 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
4812	Filter blocks, slabs and plates, of paper pulp
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4814	Wallpaper and similar wallcoverings; window transparencies of paper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4816900000	Carbon paper, self-copy paper and other copying or transfer papers (other than those of heading 4809), duplicator stencils and offset plates, of paper, whether or not put up in boxes
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
40400000	for linking these drilling or production platforms to the mainland
4818909000	Toilet paper and similar paper, cellulose wadding or webs of cellulose fibres, of a kind used for household or sanitary purposes, in rolls of a width not exceeding 36 cm, or cut to size or shape; handkerchiefs, cleansing tissues, towels, tablecloths, serviettes, bedsheets and similar household, sanitary or hospital articles, articles of apparel and clothing accessories, of paper pulp, paper, cellulose wadding or webs of cellulose fibres
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
4040	for linking these drilling or production platforms to the mainland
4819	Cartons, boxes, cases, bags and other packing containers, of paper, paperboard, cellulose wadding or webs of cellulose fibres; box files, letter trays, and similar articles, of paper or paperboard, of a kind used in offices, shops or the like
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
İ	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 49 Printed Books, Newspapers, Pictures and Other Products of The Printing Industry; Manuscripts, Typescripts and Plans

Commodity Code	Description
4901	Printed books, brochures, leaflets and similar printed matter, whether or not in single sheets
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4905	Maps and hydrographic or similar charts of all kinds, including atlases, wall maps, topographical plans and globes, printed
İ	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4906	Plans and drawings for architectural, engineering, industrial, commercial, topographical or similar purposes, being originals drawn by hand; handwritten texts; photographic reproductions on sensitised paper and carbon copies of the
	foregoing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
4908	Transfers (decalcomanias)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
4911100000	Other printed matter, including printed pictures and photographs
	Trade advertising material, commercial catalogues and the like
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
404400000	• for linking these drilling or production platforms to the mainland
4911990000	Other printed matter, including printed pictures and photographs
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 50 Silk

Commodity Code	Description
5007	Woven fabrics of silk or of silk waste
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 51 Wool, Fine or Coarse Animal Hair; Horsehair Yarn and Woven Fabric

Commodity Code	Description
5111	Woven fabrics of carded wool or of carded fine animal hair
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5112	Woven fabrics of combed wool or of combed fine animal hair
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5113	Woven fabrics of coarse animal hair or of horsehair
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 52 Cotton

	Chapter 52 Cotton
Commodity Code	Description
5204	Cotton sewing thread, whether or not put up for retail sale
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5208119000	• for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m²
3200119000	Unbleached
	Plain weave, weighing not more than 100 g/m ²
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5208120000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Unbleached Plain weave, weighing more than 100 g/m²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5208121620	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m2
	Unbleached Plain weave, weighing more than 100 g/m2
	Plain weave, weighing more than 100 g/m2 but not more than 130 g/m2 and of a width
	Not exceeding 165 cm With:
	- a width of not more than 145 cm,
	- a weight of 120 g/m² or more, - 30 or more, but not more than 45 wefts per cm,
	- 30 or more, but not more than 45 weits per cm, - a tuck-in selvedge on both sides,
	where from the inside out, the 15 mm (± 2 mm) wide tuck-in selvedge consists of a 6 mm or more but not more than 9 mm wide strip of plain weave and a 6 mm or more but not more than 9 mm wide strip of panama weave
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5208121680	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m2
	Unbleached Plain was a weighting page than 100 g/g0
	Plain weave, weighing more than 100 g/m2 Plain weave, weighing more than 100 g/m2 but not more than 130 g/m2 and of a width
	Not exceeding 165 cm
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5208129620	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m2
	Unbleached Plain weave, weighing more than 100 g/m2
	Plain weave, weighing more than 100 g/m2 but not more than 130 g/m2 and of a width
	Not exceeding 165 cm With:
	- a width of not more than 145 cm,
	- a weight of not more than 145 g/m²,
	- 30 or more, but not more than 45 wefts per cm, - a tuck-in selvedge on both sides,
	where from the inside out, the 15 mm (± 2 mm) wide tuck-in selvedge consists of a 6 mm or more but not more than 9 mm wide strip of plain weave and a 6 mm or more but not more than 9 mm wide strip of panama weave
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
5208129680	• for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m2
	Unbleached
	Plain weave, weighing more than 100 g/m2 Plain weave, weighing more than 130 g/m2 and of a width
	Not exceeding 165 cm
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5208130000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Unbleached 3-thread or 4-thread twill, including cross twill
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5208190000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Unbleached Other fabrics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430,49 or floating or submersible of subheading 8905,20;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
5208219000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Bleached Bleitered 100 m/m²
	Plain weave, weighing not more than 100 g/m ² Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
F00000000	• for linking these drilling or production platforms to the mainland
5208220000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ² Bleached
	Plain weave, weighing more than 100 g/m ²
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
5208230000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Bleached
	3-thread or 4-thread twill, including cross twill • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5208290000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Bleached Other fabrics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5208310000	• for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m²
<u></u>	Dyed
	Plain weave, weighing not more than 100 g/m ² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
5208320000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m²
	Dyed Plain weave, weighing more than 100 g/m²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5208330000	• for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m²
02000000	Dyed
	3-thread or 4-thread twill, including cross twill
	• for incorporation in shins, hoats or other vessels listed in Table 1, for the nurposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for fitting to or equipping such ships, boats or other vessels;
5208390000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m²
5208390000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
5208390000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
5208390000	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
5208390000	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5208390000 5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m²
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or listing to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Woven fabrics of
5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or
5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or incorporation, for the purposes of their construction, repair, maintenance or gradients and the purposes of their construction, repair, maintenance or gradients and the purposes of their construction, repair, maintenance or gradients and the purposes of their construction, repair, maintenance or gradients and the purposes of their construction, repair, maintenance or gradients and the purposes of their construction, repair, maintenance or conversion; • for inciting these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yams of different colours Plain weave, weighing not more than 100 g/m² • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yams of different colours Plain weave, weighing more than 100 g/m² For linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² For linking these drilling or production platforms to the mainland
5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yarns of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation in or the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporatio
5208410000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Dyed Other fabrics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m² Of yams of different colours Plain weave, weighing not more than 100 g/m² • for incorporation in ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation

Commodity Code	Description
5208510000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
0233313333	Printed
	Plain weave, weighing not more than 100 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5208520000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Printed
	Plain weave, weighing more than 100 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5208590000	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing not more than 200 g/m ²
	Printed
	Other fabrics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
F200	• for linking these drilling or production platforms to the mainland
5209	Woven fabrics of cotton, containing 85% or more by weight of cotton, weighing more than 200 g/m ² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5210	Woven fabrics of cotton, containing less than 85% by weight of cotton, mixed mainly or solely with man-made fibres, weighing not more than 200 g/m ²
0210	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5211	Woven fabrics of cotton, containing less than 85% by weight of cotton, mixed mainly or solely with man-made fibres, weighing more than 200 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5212	Other woven fabrics of cotton
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 53 Other Vegetable Textile Fibres; Paper Yarn and Woven Fabrics of Paper Yarn

Commodity Code	Description
5309	Woven fabrics of flax
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5310	Woven fabrics of jute or of other textile bast fibres of heading 5303
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5311	Woven fabrics of other vegetable textile fibres; woven fabrics of paper yarn
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 54 Man-Made Filaments: Strip and The Like of Man-Made Textile Materials

Commodity Code	Chapter 54 Man-Made Filaments; Strip and The Like of Man-Made Textile Materials Commodity Code Description		
5401101200	Sewing thread of man-made filaments, whether or not put up for retail sale		
	Of synthetic filaments		
	Not put up for retail sale Core yarn		
	Polyester filament surrounded by cotton fibres • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
	• for linking these drilling or production platforms to the mainland		
5401101400	Sewing thread of man-made filaments, whether or not put up for retail sale		
	Of synthetic filaments Not put up for retail sale		
	Core yarn		
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
5401101600	• for linking these drilling or production platforms to the mainland Sewing thread of man-made filaments, whether or not put up for retail sale		
3401101000	Of synthetic filaments		
	Not put up for retail sale Other		
	Textured yarn		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland		
5401101800	Sewing thread of man-made filaments, whether or not put up for retail sale		
	Of synthetic filaments Not put up for retail sale		
	Other		
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
F404004000	for linking these drilling or production platforms to the mainland		
5401201000	Sewing thread of man-made filaments, whether or not put up for retail sale Of artificial filaments		
	Not put up for retail sale		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland		
5402110000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex High tenacity yarn of nylon or other polyamides, whether or not textured		
	Of aramids		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
5402190000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex		
	High tenacity yarn of nylon or other polyamides, whether or not textured Other		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
5402200000	• for linking these drilling or production platforms to the mainland Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex		
	High tenacity yarn of polyesters, whether or not textured • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
	for linking these drilling or production platforms to the mainland		
5402310000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Textured yarn		
	Of nylon or other polyamides, measuring per single yarn not more than 50 tex		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
5402320000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex		
	Textured yarn Of nylon or other polyamides, measuring per single yarn more than 50 tex		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
F40000000	• for linking these drilling or production platforms to the mainland Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex		
5402330000	- ,		
5402330000	Textured yarn		
5402330000	Of polyesters		
5402330000	Of polyesters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
5402330000	Of polyesters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
5402330000 5402340000	Of polyesters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		

Commodity Codo	Description
Commodity Code	Description Of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5402390000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Textured yarn Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5402440000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre Elastomeric
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5402450000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre
	Other, of nylon or other polyamides • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5402460000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre
	Other, of polyesters, partially oriented • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
5402480000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre
	Other, of polypropylene • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
5402490050	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre
	Other Non-textured filament yarn of poly(vinyl alcohol)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5402490090	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, single, untwisted or with a twist not exceeding 50 turns per metre Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5402510000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Other yarn, single, with a twist exceeding 50 turns per metre
	Of nylon or other polyamides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
E40050000	• for linking these drilling or production platforms to the mainland
5402520000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Other yarn, single, with a twist exceeding 50 turns per metre
	Of polyesters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
F400F0000	• for linking these drilling or production platforms to the mainland
5402530000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Other yarn, single, with a twist exceeding 50 turns per metre
	Of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5402590000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Other yarn, single, with a twist exceeding 50 turns per metre
	Other yarn, single, with a twist exceeding 50 turns per metre Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430,49 or floating or submersible of subheading 8905,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5402610000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex Other yarn, multiple (folded) or cabled

Commodity Code	Description
	Of nylon or other polyamides
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5402620000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, multiple (folded) or cabled
	Of polyesters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5402630000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, multiple (folded) or cabled
	Of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5402690000	Synthetic filament yarn (other than sewing thread), not put up for retail sale, including synthetic monofilament of less than 67 decitex
	Other yarn, multiple (folded) or cabled
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5407	Woven fabrics of synthetic filament yarn, including woven fabrics obtained from materials of heading 5404
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5408	Woven fabrics of artificial filament yarn, including woven fabrics obtained from materials of heading 5405
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
<u>-</u>	• for linking these drilling or production platforms to the mainland

Chapter 55 Man-Made Staple Fibres

Commodity Code	Description
5512	Woven fabrics of synthetic staple fibres, containing 85% or more by weight of synthetic staple fibres
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5513	Woven fabrics of synthetic staple fibres, containing less than 85% by weight of such fibres, mixed mainly or solely with cotton, of a weight not exceeding 170 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5514	Woven fabrics of synthetic staple fibres, containing less than 85% by weight of such fibres, mixed mainly or solely with cotton, of a weight exceeding 170 g/m ²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5515	Other woven fabrics of synthetic staple fibres
3313	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5516	Woven fabrics of artificial staple fibres
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 56 Wadding, Felt and Nonwovens; Special Yarns; Twine, Cordage, Ropes and Cables and Articles Thereof

5602	Description Felt, whether or not impregnated, coated, covered or laminated
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
603111010	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments Weighing not more than 25 g/m ²
	Coated or covered
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles:
	-of a thickness of 200 µm or more but not more than 280 µm and
	-of a weight of 20 g/m² or more but not more than 50 g/m²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
603111090	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing not more than 25 g/m ²
	Coated or covered
	Other Control of the
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
603119010	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing not more than 25 g/m ²
	Other Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles:
	-of a thickness of 200 μm or more but not more than 280 μm and
	-of a weight of 20 g/m² or more but not more than 50 g/m²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
603119090	• for linking these drilling or production platforms to the mainland
003119090	Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments
	Weighing not more than 25 g/m ²
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
603121000	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing more than 25 g/m² but not more than 70 g/m²
	Coated or covered
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
603129010	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing more than 25 g/m² but not more than 70 g/m²
	I ()troor
	Other Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles:
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles:
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 μm or more but not more than 280 μm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
503129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 20 g/m² or more but not more than 50 g/m² • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels;
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
603129030	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms;
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Nonwovens, whether or not impregnated, coated, covered or laminated - Of man-made filaments - Weighing more than 25 g/m² but not more than 70 g/m² - Other - Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms;
5603129030 5603129060	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 280 µm and - of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments - Weighing more than 25 g/m² but not more than 70 g/m² - Weighing more than 25 g/m² but not more than 70 g/m² - Weighing more than 25 g/m² but not more than 70 g/m²
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 280 µm and -of a weight of 200 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not more than 70 g/m² Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or solversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for inching these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments Weighing more than 25 g/m² but not mor
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 50 g/m² -of a weight of 20 g/m² or more but not more than 50 g/m² -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; -for linking these drilling or production platforms to the mainland -Nonwovens, whether or not impregnated, coated, covered or laminated -Nonwovens, whether or not impregnated, coated, covered or laminated -Nonwovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation in ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation in ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for inclining these drilling or production platforms; -for linking these drilling or production platforms to the mainland -Nonwovens, whether or not impregnated, coated, covered or laminated -for man-mande filaments -for linking the above platforms; -for linking the above plat
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 µm or more but not more than 50 g/m² -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for incorporation in ships, boats or other vessels; -for linking these drilling or production platforms to the mainland -for man-made filaments -for equipping the above impregnated, coated, covered or laminated -for man-made filaments -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for incorporation in ships, boats or other vessels: -for incorporation in ships, boats or other vessels: -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for inking these drilling or production platforms to the mainland -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for equipping the above platforms; -for linking these drilling or production platforms to the mainland -for man-made filaments -for linking these of mainland for more than 70 g/m² -for linking these or not impregnated, coated, covered or laminated -for man-made filaments -for linking these or on timpregnated, coated, covered or laminated -for man-made filaments -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: -of a thickness of 200 ym² or more but not more than 280 ym and -of a weight of 20 g/m² or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Nonwovens, whether or not impregnated, coated, coated, covered or laminated - Of man-made filaments - Weighing more than 25 g/m² but not more than 70 g/m² - Other - Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to requipping the above platforms; - for linking these drilling or production platforms to the mainland - Nonwovens, whether or not impregnated, coated, covered or laminated - Of man-made filaments - Weighing more than 25 g/m² but not more than 70 g/m² - Other - Non-woven of spunbonded polyethylene, of a weight of more than 60 g/m2 but not more than 80 g/m2 and an air resistance (Gurley) of 8 seconds or more but not more than 36 seconds (as determined by the ISO 5636/5 method - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships,
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles: - of a thickness of 200 µm or more but not more than 50 g/m² - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for lifting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for incorporation in ships, boats or other vessels; - for linking these drilling or production platforms to the mainland - Nonwovens, whether or not impregnated, coated, covered or laminated - Of man-made filaments - Weighing more than 25 g/m² but not more than 70 g/m² - Other - Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels: - for incorporation in ships, boats or other vessels: - for incorporation in ships, boats or other vessels: - for inking these drilling or production platforms to the mainland - Nonwovens of anomatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for inking these drilling or production platforms in the purposes of their construction, repair, maintenance or conversion; - for inking these drilling or production platforms to the mainland - Nonwoven or or not impregnated, coated, covered or laminated - Of man-made filaments - Weighing more than 25 g/m² but not more th

0	Description
Commodity Code 5603129090	Description Nonwovens, whether or not impregnated, coated, covered or laminated
5605129090	Of man-made filaments
	Weighing more than 25 g/m² but not more than 70 g/m²
	Other
	Other • for incorporation in chine, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5603130000	Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments
	Weighing more than 70 g/m² but not more than 150 g/m²
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603141000	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing more than 150 g/m ²
	Coated or covered • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
E0004 40000	• for linking these drilling or production platforms to the mainland
5603142000	Nonwovens, whether or not impregnated, coated, covered or laminated Of man-made filaments
	Weighing more than 150 g/m2
	Other
	Carrier sheet, of polyester, specified in additional note 1 to this chapter
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603148010	Nonwovens, whether or not impregnated, coated, covered or laminated
3003140010	Of man-made filaments
	Weighing more than 150 g/m ²
	Other
	Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603148090	Nonwovens, whether or not impregnated, coated, covered or laminated
	Of man-made filaments
	Weighing more than 150 g/m ²
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5603910000	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
Í	Weighing not more than 25 g/m ² • for incorporation in ships, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
E602024000	• for linking these drilling or production platforms to the mainland
5603921000	Nonwovens, whether or not impregnated, coated, covered or laminated Other
	Weighing more than 25 g/m² but not more than 70 g/m²
	Coated or covered
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5603929010	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other Weighing more than 25 g/m² but not more than 70 g/m²
	Other
	Poly(vinyl alcohol) non-wovens, in the piece or cut into rectangles:
	-of a thickness of 200 μm or more but not more than 280 μm and
	-of a weight of 20 g/m ² or more but not more than 50 g/m ²
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
5603929020	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
	Weighing more than 25 g/m² but not more than 70 g/m² Other
	Non-wovens consisting of a meltblown central layer of a thermoplastic elastomer laminated on each side with spunbonded filaments of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5603929060	Nonwovens, whether or not impregnated, coated, covered or laminated Other
	Weighing more than 25 g/m² but not more than 70 g/m²
	Other
	Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603929070	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
	Weighing more than 25 g/m² but not more than 70 g/m² Other
	Non-wovens, consisting of multiple layers of a mixture of meltblown fibres and staple fibres of polypropylene and polyester, whether or not laminated on one side or on both sides with spunbonded filaments of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5603929080	Nonwovens, whether or not impregnated, coated, covered or laminated Other
	Weighing more than 25 g/m² but not more than 70 g/m²
	Other
	Non-woven polyolefin fabric, consisting of an elastomeric layer, laminated on each side with polyolefin filaments: • a weight of 25 g/m² or more but not more than 70 g/m²,
	• in the piece or simply cut into squares or rectangles,
	• not impregnated,
	with cross-directional or machine-directional stretch properties for use in the manufacture of infant/child care products
5603929090	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other State of the Control of the Co
	Weighing more than 25 g/m² but not more than 70 g/m² Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
500004000	• for linking these drilling or production platforms to the mainland
5603931000	Nonwovens, whether or not impregnated, coated, covered or laminated Other
	Weighing more than 70 g/m² but not more than 150 g/m²
	Coated or covered • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603939020	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
	Weighing more than 70 g/m² but not more than 150 g/m² Other
	Non-wovens consisting of a meltblown central layer of a thermoplastic elastomer laminated on each side with spunbonded filaments of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
F0000000 10	• for linking these drilling or production platforms to the mainland
5603939040	Nonwovens, whether or not impregnated, coated, covered or laminated Other
	Weighing more than 70 g/m² but not more than 150 g/m²
	Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
5603939050	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other Weighing more than 70 g/m² but not more than 150 g/m²
	Other
	Non-woven polyolefin fabric, consisting of an elastomeric layer, laminated on each side with polyolefin filaments:
	• a weight of 70 g/m² or more but not more than 150 g/m², • in the piece or simply cut into squares or rectangles,
1	
	• not impregnated,
	 not impregnated, with cross-directional or machine-directional stretch properties for use in the manufacture of infant/child care products

Commodity Code	Description
5603939090	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other Weighing more than 70 g/m² but not more than 150 g/m²
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5603941000	• for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated
3003341000	Other
	Weighing more than 150 g/m ² Coated or covered
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5603942000	Nonwovens, whether or not impregnated, coated, covered or laminated
	Other Weighing more than 150 g/m2
	New description: Carrier sheet, of polyester, specified in additional note 1 to this chapter
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5603948030	• for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
	Weighing more than 150 g/m ² Other
	Other Non-wovens of aromatic polyamide fibres obtained by polycondensation of m-phenylenediamine and isophthalic acid, in the piece or cut into rectangles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5603948040	• for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated
	Other
	Weighing more than 150 g/m ² Other
	Other Non-wovens, consisting of multiple layers of a mixture of meltblown fibres and staple fibres of polypropylene and polyester, whether or not laminated on one side or on both sides with spunbonded filaments of polypropylene
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5603948090	• for linking these drilling or production platforms to the mainland Nonwovens, whether or not impregnated, coated, covered or laminated
	Other Weighing more than 150 g/m²
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5604	Rubber thread and cord, textile covered; textile yarn, and strip and the like of heading 5404 or 5405, impregnated, coated, covered or sheathed with rubber or plastics
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5605	Metallised yarn, whether or not gimped, being textile yarn, or strip or the like of heading 5404 or 5405, combined with metal in the form of thread, strip or powder or covered with metal • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
5000	• for linking these drilling or production platforms to the mainland
5606	Gimped yarn, and strip and the like of heading 5404 or 5405, gimped (other than those of heading 5605 and gimped horsehair yarn); chenille yarn (including flock chenille yarn); loop wale-yarn • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
5607	• for linking these drilling or production platforms to the mainland Twine, cordage, ropes and cables, whether or not plaited or braided and whether or not impregnated, coated, covered or sheathed with rubber or plastics
JU01	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5607509010	• for linking these drilling or production platforms to the mainland Twine, cordage, ropes and cables, whether or not plaited or braided and whether or not impregnated, coated, covered or sheathed with rubber or plastics
	Of other synthetic fibres
	Of other synthetic fibres Unsterilised twine of poly(glycolic acid) or of poly(glycolic acid) and its copolymers with lactic acid, plaited or braided, with an inner core, for the manufacture of surgical sutures
5608	Knotted netting of twine, cordage or rope; made-up fishing nets and other made-up nets, of textile materials • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
5609	Articles of yarn, strip or the like of heading 5404 or 5405, twine, cordage, rope or cables, not elsewhere specified or included
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 57 Carpets and Other Textile Floor Coverings

Commodity Code	Description
57	Carpets and other textile floor coverings
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 58 Special Woven Fabrics; Tufted Textile Fabrics; Lace; Tapestries; Trimmings; Embroidery

Commodity Code	Description
58	Special woven fabrics; tufted textile fabrics; lace; tapestries; trimmings; embroidery fabrics; tufted textile fabrics; lace; tapestries; trimmings; embroidery
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 59 Impregnated, Coated, Covered or Laminated Textile Fabrics; Textile Articles of A Kind Suitable For Industrial Use

Commodity Code 5901	Chapter 59 Impregnated, Coated, Covered or Laminated Textile Fabrics; Textile Articles of A Kind Suitable For Industrial Use
	Description Textile fabrics coated with gum or amylaceous substances, of a kind used for the outer covers of books or the like; tracing cloth; prepared painting canvas; buckram and similar stiffened textile fabrics of a kind used for hat
	foundations • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5902	• for linking these drilling or production platforms to the mainland Tyre cord fabric of high-tenacity yarn of nylon or other polyamides, polyesters or viscose rayon
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5903	Textile fabrics impregnated, coated, covered or laminated with plastics, other than those of heading 5902 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
5903209020	• for linking these drilling or production platforms to the mainland Textile fabrics impregnated, coated, covered or laminated with plastics, other than those of heading 5902
5555255525	With polyurethane
	Coated, covered or laminated Two layers' plastic-laminated textile fabric with:
	one layer consisting of knitted or crocheted polyester textile fabric, other layer consisting of polyurethane foam,
	• a weight of 150g/m2 or more, but not more than 500g/m2, • a thickness of 1mm or more, but not more than 5mm
	for use in the manufacture of the retractable roof of motor vehicles
5904	Linoleum, whether or not cut to shape; floor coverings consisting of a coating or covering applied on a textile backing, whether or not cut to shape • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5905	• for linking these drilling or production platforms to the mainland Textile wall coverings
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5906	Rubberised textile fabrics, other than those of heading 5902 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5907	• for linking these drilling or production platforms to the mainland Textile fabrics otherwise impregnated, coated or covered; painted canvas being theatrical scenery, studio backcloths or the like
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5908	Textile wicks, woven, plaited or knitted, for lamps, stoves, lighters, candles or the like; incandescent gas mantles and tubular knitted gas-mantle fabric therefor, whether or not impregnated • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5909	• for linking these drilling or production platforms to the mainland Textile hosepiping and similar textile tubing, with or without lining, armour or accessories of other materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
5910	Transmission or conveyor belts or belting, of textile material, whether or not impregnated, coated, covered or laminated with plastics, or reinforced with metal or other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
5911100000	• for linking these drilling or production platforms to the mainland Textile products and articles, for technical uses, specified in note 7 to this chapter
	Textile fabrics, felt and felt-lined woven fabrics, coated, covered or laminated with rubber, leather or other material, of a kind used for card clothing, and similar fabrics of a kind used for other technical purposes, including narrow fabrics made of velvet impregnated with rubber, for covering weaving spindles (weaving beams)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Textile products and articles, for technical uses, specified in note 7 to this chapter Bolting cloth, whether or not made up
5911200000	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
5911200000	
5911200000	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
5911200000	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
5911200000 5911311900	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Textile products and articles, for technical uses, specified in note 7 to this chapter
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Textile products and articles, for technical uses, specified in note 7 to this chapter Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement) Weighing less than 650 g/m² Of silk or man-made fibres
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Textile products and articles, for technical uses, specified in note 7 to this chapter Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement) Weighing less than 650 g/m² Of silk or man-made fibres Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Textile products and articles, for technical uses, specified in note 7 to this chapter Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement) Weighing less than 650 g/m² Of silk or man-made fibres Other

Commodity Code	Description
5911319000	Textile products and articles, for technical uses, specified in note 7 to this chapter
	Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement)
	Weighing less than 650 g/m ²
ĺ	Of other textile materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5911321900	Textile products and articles, for technical uses, specified in note 7 to this chapter
	Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement)
	Weighing 650 g/m ² or more
	Of silk or man-made fibres
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5911329000	Textile products and articles, for technical uses, specified in note 7 to this chapter
	Textile fabrics and felts, endless or fitted with linking devices, of a kind used in paper-making or similar machines (for example, for pulp or asbestos-cement)
	Weighing 650 g/m ² or more
	Of other textile materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
5911400000	Textile products and articles, for technical uses, specified in note 7 to this chapter
	Filtering or straining cloth of a kind used in oil-presses or the like, including that of human hair
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
F044000000	• for linking these drilling or production platforms to the mainland
5911900000	Textile products and articles, for technical uses, specified in note 7 to this chapter
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 60 Knitted or Crocheted Fabrics

Commodity Code	Description
60	Knitted or crocheted fabrics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 61 Articles of Apparel and Clothing Accessories, Knitted or Crocheted

Commodity Code	Chapter 61 Articles of Apparel and Clothing Accessories, Knitted or Crocheted Description
6101	Men's or boys' overcoats, car coats, capes, cloaks, anoraks (including ski jackets), windcheaters, wind-jackets and similar articles, knitted or crocheted, other than those of heading 6103
0101	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

	• for equipping the above platforms;
6805	• for linking these drilling or production platforms to the mainland Natural or artificial abrasive powder or grain, on a base of textile material, of paper, of paperboard or of other materials, whether or not cut to shape or sewn or otherwise made up
0000	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
6806	Slag-wool, rock-wool and similar mineral wools; exfoliated vermiculite, expanded clays, foamed slag and similar expanded mineral materials; mixtures and articles of heat-insulating, sound-insulating or sound-absorbing mineral
	materials, other than those of heading 6811 or 6812 or of Chapter 69 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
6807	Articles of asphalt or of similar material (for example, petroleum bitumen or coal tar pitch) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
6808	Panels, boards, tiles, blocks and similar articles of vegetable fibre, of straw or of shavings, chips, particles, sawdust or other waste of wood, agglomerated with cement, plaster or other mineral binders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
6809	• for linking these drilling or production platforms to the mainland Articles of plaster or of compositions based on plaster
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
C040	• for linking these drilling or production platforms to the mainland
6810	Articles of cement, of concrete or of artificial stone, whether or not reinforced • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
6811	Articles of asbestos-cement, of cellulose fibre-cement or the like
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
6812801010	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
	whether or not reinforced, other than goods of heading 6811 or 6813
	Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate
	For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
6812801090	
	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
	whether or not reinforced, other than goods of heading 6811 or 6813
	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate
	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other
	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
6812809010	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
6812809010	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets), whether or not reinforced, other than goods of heading 6811 or 6813
6812809010	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets), whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite
6812809010	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets), whether or not reinforced, other than goods of heading 6811 or 6813
6812809010	whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Fabricated fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of heir construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets), whether or not reinforced, other than goods of heading 6811 or 6813 Of crocidolite Other

Commodity Code	Description
6812809090	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
	whether or not reinforced, other than goods of heading 6811 or 6813
	Of crocidolite Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
6812910000	• for linking these drilling or production platforms to the mainland Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
0012310000	whether or not reinforced, other than goods of heading 6811 or 6813
	Other Clathing elathing accessories factured and headress
	Clothing, clothing accessories, footwear and headgear • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
6812991010	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets), whether or not reinforced, other than goods of heading 6811 or 6813
	Other
	Other
	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
6812991090	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
	whether or not reinforced, other than goods of heading 6811 or 6813
	Other Other
	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
6812999010	Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
	whether or not reinforced, other than goods of heading 6811 or 6813 Other
	Other
	Other Control of the land to
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
6812999090	• use in ground flying trainers for civil use Fabricated asbestos fibres; mixtures with a basis of asbestos or with a basis of asbestos and magnesium carbonate; articles of such mixtures or of asbestos (for example, thread, woven fabric, clothing, headgear, footwear, gaskets),
0012999090	whether or not reinforced, other than goods of heading 6811 or 6813
	Other Other
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
6813200090	Friction material and articles thereof (for example, sheets, rolls, strips, segments, discs, washers, pads), not mounted, for brakes, for clutches or the like, with a basis of asbestos, of other mineral substances or of cellulose, whether
	or not combined with textile or other materials
	Containing asbestos Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
6813810090	• for linking these drilling or production platforms to the mainland Friction material and articles thereof (for example, sheets, rolls, strips, segments, discs, washers, pads), not mounted, for brakes, for clutches or the like, with a basis of asbestos, of other mineral substances or of cellulose, whether
0013010090	or not combined with textile or other materials
	Not containing asbestos
	Brake linings and pads Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
6813890090	• for linking these drilling or production platforms to the mainland Friction material and articles thereof (for example, sheets, rolls, strips, segments, discs, washers, pads), not mounted, for brakes, for clutches or the like, with a basis of asbestos, of other mineral substances or of cellulose, whether
	or not combined with textile or other materials
	Not containing asbestos Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
6814	Worked mica and articles of mica, including agglomerated or reconstituted mica, whether or not on a support of paper, paperboard or other materials
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	L • TOCHOKING DIESE OFFICIAL OF DISCOURTING TO THE MAINIANG

Commodity Code	Description
6815	Articles of stone or of other mineral substances (including carbon fibres, articles of carbon fibres and articles of peat), not elsewhere specified or included
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
6914	Other ceramic articles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 70 Glass and Glassware

Commodity Code	Description
7009910000	Glass mirrors, whether or not framed, including rear-view mirrors Other
	Unframed • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7009920000	Glass mirrors, whether or not framed, including rear-view mirrors Other
	Framed
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
7013	Glassware of a kind used for table, kitchen, toilet, office, indoor decoration or similar purposes (other than that of heading 7010 or 7018) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7014	Signalling glassware and optical elements of glass (other than those of heading 7015), not optically worked • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7046	for linking these drilling or production platforms to the mainland
7016	Paving blocks, slabs, bricks, squares, tiles and other articles of pressed or moulded glass, whether or not wired, of a kind used for building or construction purposes; glass cubes and other glass smallwares, whether or not on a backing, for mosaics or similar decorative purposes; leaded lights and the like; multicellular or foam glass in blocks, panels, plates, shells or similar forms
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
7019110000	Glass fibres (including glass wool) and articles thereof (for example, yarn, woven fabrics)
	Slivers, rovings, yarn and chopped strands Chopped strands, of a length of not more than 50 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7019120000	• for linking these drilling or production platforms to the mainland Glass fibres (including glass wool) and articles thereof (for example, yarn, woven fabrics)
	Slivers, rovings, yarn and chopped strands Rovings
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7019190000	• for linking these drilling or production platforms to the mainland Glass fibres (including glass wool) and articles thereof (for example, yarn, woven fabrics)
	Slivers, rovings, yarn and chopped strands Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7019610000	• for linking these drilling or production platforms to the mainland Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Mechanically bonded fabrics
	Closed woven fabrics of rovings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7019610070	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Mechanically bonded fabrics Closed woven fabrics of rovings
	Other
	E-fibre glass fabrics: - having a weight of 20 g/m² or more, but not more than 214 g/m²,
	- impregnated with silane,
	- in rolls, - having a humidity content by weight of 0.13% or less, and
	- having not more than 3 hollow fibres out of 100 000 fibres,
7019620000	for the exclusive use in the manufacture of prepregs and copper clad laminates Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Mechanically bonded fabrics
	Other closed fabrics of rovings Fabrics of stitched continuous filament glass fibre rovings or yarns, excluding products which are impregnated or pre-impregnated (pre-preg)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7019630000	• for linking these drilling or production platforms to the mainland Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	- Mechanically bonded fabrics
	 Closed woven fabrics, plain weave, of yarns, not coated or laminated for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7019630030	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	- Mechanically bonded fabrics
	- Closed woven fabrics, plain weave, of yarns, not coated or laminated
	- E-fibre glass fabrics: - having a weight of 20 g/m² or more, but not more than 214 g/m², - impregnated with silane, - in rolls, - having a humidity content by weight of 0.13% or less, and - having not more than 3 hollow fibres out of 100 000 fibres, for the exclusive use in the manufacture of prepregs and copper clad laminates
7019640000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	- Mechanically bonded fabrics
	- Closed woven fabrics, plain weave, of yarns, coated or laminated • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7019650000	• for linking these drilling or production platforms to the mainland Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Mechanically bonded fabrics :
	Open woven fabrics of a width not exceeding 30 cm fabrics and the state of th
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7019660000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics):
	Mechanically bonded fabrics
	 Open woven fabrics of a width exceeding 30 cm for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7019690000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	 Mechanically bonded fabrics Other
	• Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7019710010	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics) Chemically bonded fabrics
	Veils (thin sheets)
	Of low moisture absorption capacity, intended for certain types of aircraft
7019710050	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics) Chemically bonded fabrics
	Veils (thin sheets)
	Non-woven product of non-textile glass fibre, for the manufacture of air filters or catalysts
7019710090	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics) Chemically bonded fabrics
	Veils (thin sheets)
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7019720000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Chemically bonded fabrics Other closed fabrics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7019801090	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics) Glass wool and articles of glass wool
	Boards, mattresses and similar products
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7019809000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics)
	Glass wool and articles of glass wool Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ox 8420.40 or fleeting or submersible of subheading 8005.20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7019900000	Glass fibres (including glass wool) and articles thereof (for example, yarn, rovings, woven fabrics) Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7020	• for linking these drilling or production platforms to the mainland
7020	Other articles of glass • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 72 Iron and Steel

7206 7207	Description Iron and non-alloy steel in ingots or other primary forms (excluding iron of heading 7203) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Semi-finished products of iron or non-alloy steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7207	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Semi-finished products of iron or non-alloy steel
7207 :	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Semi-finished products of iron or non-alloy steel
7207	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Semi-finished products of iron or non-alloy steel
7207 :	• for linking these drilling or production platforms to the mainland Semi-finished products of iron or non-alloy steel
7207 7208	Semi-finished products of iron or non-alloy steel
7208	
7208	
7208	• for fitting to or equipping such ships, boats or other vessels;
7208	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7208	• for linking these drilling or production platforms to the mainland
I ,	Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, hot-rolled, not clad, plated or coated
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
•	• for linking these drilling or production platforms to the mainland
	Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, cold-rolled (cold-reduced), not clad, plated or coated
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, clad, plated or coated • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland Flat-rolled products of iron or non-alloy steel, of a width of less than 600 mm, not clad, plated or coated
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Bars and rods, hot-rolled, in irregularly wound coils, of iron or non-alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Other bars and rods of iron or non-alloy steel, not further worked than forged, hot-rolled, hot-drawn or hot-extruded, but including those twisted after rolling
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
	Other bars and rods of iron or non-alloy steel
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Angles, shapes and sections of iron or non-alloy steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
	Wire of iron or non-alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
7218	Stainless steel in ingots or other primary forms; semi-finished products of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7219	Flat-rolled products of stainless steel, of a width of 600 mm or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Flat-rolled products of stainless steel, of a width of less than 600 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Bars and rods, hot-rolled, in irregularly wound coils, of stainless steel
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Other bars and rods of stainless steel; angles, shapes and sections of stainless steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7223	Wire of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7224	Other alloy steel in ingots or other primary forms; semi-finished products of other alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7225	Flat-rolled products of other alloy steel, of a width of 600 mm or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7226	Flat-rolled products of other alloy steel, of a width of less than 600 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7227	Bars and rods, hot-rolled, in irregularly wound coils, of other alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7228	Other bars and rods of other alloy steel; angles, shapes and sections, of other alloy steel; hollow drill bars and rods, of alloy or non-alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000	• for linking these drilling or production platforms to the mainland
7229	Wire of other alloy steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 73 Articles of Iron or Steel

Commodity Code	Chapter 73 Articles of Iron or Steel
Commodity Code 7301	Description Sheet piling of iron or steel, whether or not drilled, punched or made from assembled elements; welded angles, shapes and sections, of iron or steel
1001	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000	• for linking these drilling or production platforms to the mainland
7302	Railway or tramway track construction material of iron or steel, the following: rails, check-rails and rack rails, switch blades, crossing frogs, point rods and other crossing pieces, sleepers (cross-ties), fish-plates, chairs, chair wedges, sole plates (base plates), rail clips, bedplates, ties and other material specialised for jointing or fixing rails
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7303	• for linking these drilling or production platforms to the mainland Tubes, pipes and hollow profiles, of cast iron
7303	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7204440040	• for linking these drilling or production platforms to the mainland
7304110010	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Line pipe of a kind used for oil or gas pipelines
	Of stainless steel
	Of circular cross-section, of an external diameter not exceeding 406.4 mm and with a Carbon Equivalent Value (CEV) not exceeding 0.86 according to the International Institute of Welding (IIW) formula and chemical analysis • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7304190000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Line pipe of a kind used for oil or gas pipelines
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7304220000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Casing, tubing and drill pipe, of a kind used in drilling for oil or gas Drill pipe of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
700 1000000	• for linking these drilling or production platforms to the mainland
7304230000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Casing, tubing and drill pipe, of a kind used in drilling for oil or gas
	Other drill pipe
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7304240000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Casing, tubing and drill pipe, of a kind used in drilling for oil or gas Other, of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7304290000	• for linking these drilling or production platforms to the mainland Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Casing, tubing and drill pipe, of a kind used in drilling for oil or gas Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7204242000	• for linking these drilling or production platforms to the mainland
7304312000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Other, of circular cross-section, of iron or non-alloy steel
	Cold-drawn or cold-rolled (cold-reduced)
	Precision tubes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7204240020	• for linking these drilling or production platforms to the mainland
7304318030	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Other, of circular cross-section, of iron or non-alloy steel
	Cold-drawn or cold-rolled (cold-reduced)
	Other Of an external diameter not exceeding 406,4 mm and with a Carbon Equivalent Value (CEV) not exceeding 0,86 according to the International Institute of Welding (IIW) formula and chemical analysis
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7304318099	• for linking these drilling or production platforms to the mainland Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Other, of circular cross-section, of iron or non-alloy steel
	Cold-drawn or cold-rolled (cold-reduced) Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

O	I Described on
Commodity Code	Description Tubes pines and hellow profiles accompany of iron (other than east iron) or steel
7304410000	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel Other, of circular cross-section, of stainless steel
	Other, of circular cross-section, of stainless steel Cold-drawn or cold-rolled (cold-reduced)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7304518930	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Other, of circular cross-section, of other alloy steel
	Cold-drawn or cold-rolled (cold-reduced) Other
	Other
	Of an external diameter not exceeding 406,4 mm and with a Carbon Equivalent Value (CEV) not exceeding 0,86 according to the International Institute of Welding (IIW) formula and chemical analysis
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7004540000	• for linking these drilling or production platforms to the mainland
7304518999	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
	Other, of circular cross-section, of other alloy steel Cold-drawn or cold-rolled (cold-reduced)
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7304900099	Tubes, pipes and hollow profiles, seamless, of iron (other than cast iron) or steel
. 00700000	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7305	Other tubes and pipes (for example, welded, riveted or similarly closed), having circular cross-sections, the external diameter of which exceeds 406,4 mm, of iron or steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7306110000	• for linking these drilling or production platforms to the mainland Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
7300110000	Line pipe of a kind used for oil or gas pipelines
	Welded, of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7306190000	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
. 000 10000	Line pipe of a kind used for oil or gas pipelines
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7306210000	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Casing and tubing of a kind used in drilling for oil or gas
	Welded, of stainless steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7306290000	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Casing and tubing of a kind used in drilling for oil or gas
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7306304120	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Other, welded, of circular cross-section, of iron or non-alloy steel
	Other
	Threaded or threadable tubes (gas pipe)
	Plated or coated with zinc
	Tubes and pipes of an external diameter not exceeding 168,3 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7306304190	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Other, welded, of circular cross-section, of iron or non-alloy steel
	Other Threaded or threadable tubes (gas pipe)
	Threaded or threadable tubes (gas pipe) Plated or coated with zinc
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7306304920	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel Other, welded, of circular cross-section, of iron or non-alloy steel
	Other Other
	Threaded or threadable tubes (gas pipe)
	Other Tubes and pipes of an external diameter not exceeding 168,3 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7306304990	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Other, welded, of circular cross-section, of iron or non-alloy steel Other
	Threaded or threadable tubes (gas pipe)
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7306307290	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
	Other, welded, of circular cross-section, of iron or non-alloy steel
	Other
	Other, of an external diameter Not exceeding 168,3 mm
	Plated or coated with zinc
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7306307780	• for linking these drilling or production platforms to the mainland Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel
7300307700	Other, welded, of circular cross-section, of iron or non-alloy steel
	Other
	Other, of an external diameter Not exceeding 168,3 mm
	Other
	Tubes and pipes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7306307790	• for linking these drilling or production platforms to the mainland Other tubes, pines and hellow profiles (for example, open soom or welded, riveted or similarly closed), of iron or steel
7306307790	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel Other, welded, of circular cross-section, of iron or non-alloy steel
	Other
	Other, of an external diameter
	Not exceeding 168,3 mm Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
700000000	• for linking these drilling or production platforms to the mainland
7306900000	Other tubes, pipes and hollow profiles (for example, open seam or welded, riveted or similarly closed), of iron or steel Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7307110000	Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel
	Cast fittings Of non-malleable cast iron
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7307190000	Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel
	Cast fittings
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	1 for initianing an ood drinning or production production to the midificant

	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
7307929090	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
7307929090	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel
7307929090	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other
7307929090	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel
7307929090	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves
7307929090	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends
7307929090	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
7307929090	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7307929090	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7307929090 7307931191	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe littings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other
	for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction or the purpose of their construction or the purpos
	* for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; * for equipping the above platforms; * for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation for the purposes of their construction, repair, maintenance or conversion; * for equipping the above platforms; * for incing these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other Other Other Other Consigned from Taiwan
	for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for equipping the above platforms; for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elibows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for inking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other O
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other Other Other Other Other Other Other Other Flowing the above platforms and bends Other other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed b
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elibows, sleeves), of iron or steel Other Threaded elbows, bends and sleeves Elbows and bends Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for inking these drilling or production platforms to the mainland Tube or pipe fittings (for example, couplings, elbows, sleeves), of iron or steel Other Butt welding fittings With greatest external diameter not exceeding 609,6 mm Elbows and bends Other O

	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7308	Structures (excluding prefabricated buildings of heading 9406) and parts of structures (for example, bridges and bridge-sections, lock-gates, towers, lattice masts, roofs, roofing frameworks, doors and windows and their frames and
	thresholds for doors, shutters, balustrades, pillars and columns), of iron or steel; plates, rods, angles, shapes, sections, tubes and the like, prepared for use in structures, of iron or steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7309	Reservoirs, tanks, vats and similar containers for any material (other than compressed or liquefied gas), of iron or steel, of a capacity exceeding 300 l, whether or not lined or heat-insulated, but not fitted with mechanical or thermal
7309	equipment
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7310100010	Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 l, whether or not lined or heat-insulated, but not fitted with mechanical or thermal equipment
	Of capacity of 50 I or more
	Kegs, vessels, drums, tanks, casks and similar containers, excluding cans and boxes, refillable, of stainless steel, with bodies approximately cylindrical in shape, with a wall thickness of 0,5 mm or more, of a kind used for materials
	other than crude oil and petroleum products, of a capacity of 4,5 litres or more, regardless of the type of finish, gauge or stainless steel grade, whether or not with additional components, whether or not painted or coated with other
	materials
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7310100090	• for linking these drilling or production platforms to the mainland Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 l, whether or not lined or heat-insulated, but not fitted with
7310100090	mechanical or thermal equipment
	Of capacity of 50 I or more
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7040040400	• for linking these drilling or production platforms to the mainland
7310219100	Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 I, whether or not lined or heat-insulated, but not fitted with
	mechanical or thermal equipment Of a capacity of less than 50 I
	Cans which are to be closed by soldering or crimping
	Other, with a wall thickness of
	Less than 0,5 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7940040000	• for linking these drilling or production platforms to the mainland Table code driving one bases and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line) and similar containers for any material (other than compressed or line).
7310219900	Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 I, whether or not lined or heat-insulated, but not fitted with
	mechanical or thermal equipment Of a capacity of less than 50 I
	Of a capacity of less than 50 I Cans which are to be closed by soldering or crimping
	Other, with a wall thickness of
	0,5 mm or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
•	• for linking these drilling or production platforms to the mainland

0	1 Beauty Can
Commodity Code 7310291000	Description Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 l, whether or not lined or heat-insulated, but not fitted with
7310291000	mechanical or thermal equipment
	Of a capacity of less than 50 l
	Other
	With a wall thickness of less than 0,5 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7310299010	Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 l, whether or not lined or heat-insulated, but not fitted with
	mechanical or thermal equipment
	Of a capacity of less than 50 I Other
	With a wall thickness of 0,5 mm or more
	Kegs, vessels, drums, tanks, casks and similar containers, excluding cans and boxes, refillable, of stainless steel, with bodies approximately cylindrical in shape, with a wall thickness of 0,5 mm or more, of a kind used for materials
	other than crude oil and petroleum products, of a capacity of 4,5 litres or more, regardless of the type of finish, gauge or stainless steel grade, whether or not with additional components, whether or not painted or coated with other

	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7240200000	• for linking these drilling or production platforms to the mainland Torder coales driving across beyond similar containers for any metalial (other than compressed or line and the coales driving across the coales driving acro
7310299090	Tanks, casks, drums, cans, boxes and similar containers, for any material (other than compressed or liquefied gas), of iron or steel, of a capacity not exceeding 300 l, whether or not lined or heat-insulated, but not fitted with mechanical or thermal equipment
	Of a capacity of less than 50 I
	Other
	With a wall thickness of 0,5 mm or more
	Other • for incorporation in ships, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7244004440	• for linking these drilling or production platforms to the mainland Containers for compressed or liquidized gas, of iron or steel
7311001110	Containers for compressed or liquefied gas, of iron or steel Seamless
	For a pressure of 165 bar or more, of a capacity of
	Less than 20 I
	Containers intended for pressurisation, of iron or steel, in certain types of aircraft
7311001190	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel
7311001190	Seamless
	For a pressure of 165 bar or more, of a capacity of
	Less than 20 I
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7044004040	• for linking these drilling or production platforms to the mainland
7311001310	Containers for compressed or liquefied gas, of iron or steel Seamless
	For a pressure of 165 bar or more, of a capacity of
	20 I or more but not more than 50 I
	Containers intended for pressurisation, of iron or steel, in certain types of aircraft
7311001390	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7311001390	Containers for compressed or liquefied gas, of iron or steel Seamless
	For a pressure of 165 bar or more, of a capacity of
	20 I or more but not more than 50 I
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7044004040	• for linking these drilling or production platforms to the mainland
7311001910	Containers for compressed or liquefied gas, of iron or steel Seamless
	For a pressure of 165 bar or more, of a capacity of
	More than 50 I
	Containers intended for pressurisation, of iron or steel, in certain types of aircraft
7311001990	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7311001990	Containers for compressed or liquefied gas, of iron or steel
	Seamless
	Seamless For a pressure of 165 bar or more, of a capacity of
	For a pressure of 165 bar or more, of a capacity of More than 50 I
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7311002010	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7311003010	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7311003010	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other
7311003010	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel Seamless Other Other
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel Seamless Other Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7311003010 7311003090	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel Seamless Other Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	For a pressure of 165 bar or more, of a capacity of More than 501 Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel Seamless Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	For a pressure of 165 bar or more, of a capacity of More than 50 I Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Containers for compressed or liquefied gas, of iron or steel Seamless Other Containers intended for pressurisation, of iron or steel, in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Containers for compressed or liquefied gas, of iron or steel Seamless Other Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;

Commodity Code 7311009100	Description Containers for compressed or liquefied gas, of iron or steel
7311009100	Containers for compressed or liquefied gas, of iron or steel Other, of a capacity of
	Less than 1 000 I
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7311009900	Containers for compressed or liquefied gas, of iron or steel
	Other, of a capacity of
	1 000 l or more
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7312106191	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Stranded wire
	Not coated
	With not more than 18 wires, of non-alloy steel, containing by weight 0,6% or more of carbon
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7312106199	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Stranded wire
	Not coated Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7242400500	• for linking these drilling or production platforms to the mainland
7312106599	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Stranded wire
	Coated Plated or coated with zinc
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7312106999	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	Stranded wire, ropes and cables
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm Stranded wire
	Coated
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7949499446	• for linking these drilling or production platforms to the mainland
7312108112	
	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables
	Stranded wire, ropes and cables
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes)
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes)
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms; • for linking these drilling or production platforms to the maintand Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm and the like of iron or steel, not electrically insulated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or dulping or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from the Republic of Korea
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from the Republic of Korea • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of t
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms: - for inking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from the Republic of Korea - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7312108113	Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from Morocco • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm Of steel Consigned from the Republic of Korea • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of t

	Description
Commodity Code 7312108119	Description Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
7312100119	Stranded wire, ropes, cables, planted bands, slings and the like, or non or steel, not electrically insulated Stranded wire, ropes and cables
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Ropes and cables (including locked coil ropes)
	Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
	Exceeding 3 mm but not exceeding 12 mm Of steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7312108190	• for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
7312100130	Stranded wire, ropes, cables, planted bands, slings and the like, or non or steel, not electrically insulated
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Ropes and cables (including locked coil ropes)
	Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 mm but not exceeding 12 mm
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7312108312	• for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
. 5 . 2 1 0 0 0 1 2	Stranded wire, ropes, cables, planted bands, silings and the like, or non or steel, not electrically insulated Stranded wire, ropes and cables
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm
	Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross sectional dimension
	Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm
	Of steel
	Consigned from Morocco
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7312108313	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	Stranded wire, ropes and cables
	Other, with a maximum cross-sectional dimension
	Exceeding 3 mm Renea and onlying locked soil reneals
	Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
	Exceeding 12 mm but not exceeding 24 mm
	Of steel
	Consigned from the Republic of Korea
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7312108319	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	Stranded wire, ropes and cables Other with a regiment area a stirred discoursing
	Other, with a maximum cross-sectional dimension Exceeding 3 mm
	Ropes and cables (including locked coil ropes)
	Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
	Exceeding 12 mm but not exceeding 24 mm
	Of steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels:
	 for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
704042222	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
7312108390	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
7312108390	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables
7312108390	 • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
7312108390	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes)
7312108390	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
7312108390	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm
7312108390	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other
7312108390	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
7312108390	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7312108390	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7312108390 7312108512	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or growth platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied with zinc, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for feuipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, platied bands, slings and the like, of iron or steel, not electrically insulated
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for requipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes and cables, platfed bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking or production platforms to the mainland Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plated bands, slings and the like, of iron or
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 24 mm but not exceeding 48 mm Of steel
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking for production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited b
	in fitting to or equipping such ships, boats or other vessels; vin incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; in requipping the above platforms; in linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other Or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; ior fitting to or equipping such ships, boats or other vessels; ior incorporation, for the purposes of their construction, repair, maintenance or conversion; ior equipping the above platforms; ior linking these drilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 the coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 the coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 the coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 the coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3
	in firiting to or equipping such ships, boats or other vessels; ior incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; ior equipping the above platforms; ior linking these artilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other ior incorporation, for the purposes of their construction, repair, maintenance or conversion; ior incorporation, for the purposes of their construction, repair, maintenance or conversion; ior inclining to or equipping such ships, boats or other vessels, ior incorporation, for the purposes of their construction, repair, maintenance or conversion; ior inclining the sex dilling or production platforms to the mainland Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables (including looked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 24 mm but not exceeding 48 mm Of steel Consigned from Morocco ior incorporation in ships, boats or other vessels
	i of ritting to or equipping such ships, boats or other vessels; vin incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; i or incing hese drilling or production platforms to the maintand Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 12 mm but not exceeding 24 mm Other Or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; i or inciproration, for the purposes of their construction, repair, maintenance or conversion; i or equipping the above platforms; ior linking these drilling or production platforms to the maintand Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated Stranded wire, ropes and cables Other, with a maximum cross-sectional dimension Exceeding 3 mm Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 from Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 from Ropes and cables (including locked coil ropes) Not coated or only plated or coated with zinc, with a maximum cross-sectional dimension Exceeding 3 the case of the

7316	• for equipping the above platforms;
7316	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
7316	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7316	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7316 7317	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels; • for equipping the above platforms;
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Screws, bolts, nuts, coach screws, screw hooks, rivets, cotter pins, washers (including spring washers) and similar articles, of iron or steel
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, graphels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Screws, bolts, nuts, coach screws, screw hooks, rivets, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Coach screws • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland
7317	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of fron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms to the mainland Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Coach screws • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Anchors, grapnels and parts thereof, of iron or steel • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Screws, bolts, nuts, coach screws, screw hooks, rivets, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Coach screws • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland

Commodity Code Description	
Threaded articles Other wood screws Of stainless steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	
Other wood screws Of stainless steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	
Of stainless steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	
• for fitting to or equipping such ships, boats or other vessels;	
• 10LIUCOLDOLATIOU" TOLE DALDOSES OF THEIL COURTNOISE AND LEGAL MAINTENANCE OF CONVERSION. IN AUTHOR OF DICTION DISTORMS HIGH A DISTORDA OF STONDAMINA AS	2420 40 or floating or or hypersible of or his poding 2005 20.
• for equipping the above platforms;	8430 49 or floating or submersible of subheading 8905 20;
• for linking these drilling or production platforms to the mainland	
7318129090 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	
Threaded articles	
Other wood screws	
Other Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8	8430 49 or floating or submersible of subheading 8905 20;
• for equipping the above platforms;	
• for linking these drilling or production platforms to the mainland 7318130090 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	
Threaded articles	
Screw hooks and screw rings	
Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	2402.40 (1. 1) 11. (1.11. 1) 2005.00
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms;	ว4อบ 49 บา แบลแทฐ or submersible of subheading 8905 20;
• for linking these drilling or production platforms to the mainland	
7318141090 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	
Threaded articles	
Self-tapping screws	
Of stainless steel Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8	8430 49 or floating or submersible of subheading 8905 20;
• for equipping the above platforms;	
• for linking these drilling or production platforms to the mainland	
7318149190 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles	
Self-tapping screws	
Other	
Spaced-thread screws	
Other	
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8	8430 49 or floating or submersible of subheading 8905 20:
• for equipping the above platforms;	or to at meaning or easinoresiste or easinoading ecoes 20,
for linking these drilling or production platforms to the mainland	
7318149990 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	
Threaded articles Self-tapping screws	
Other	
Other	
Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 	8/30 40 or floating or submersible of subheading 8005 20:
• for equipping the above platforms;	5430 49 of floating of Submersible of Subheading 6903 20,
• for linking these drilling or production platforms to the mainland	
7318152000 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	
Threaded articles	
Other screws and bolts, whether or not with their nuts or washers	
For fixing railway track construction material	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	2400.40 (1. 1) 11. (1.1. 1) 2005.00
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 	3430 49 or floating or submersible of subheading 8905 20;
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 for equipping the above platforms; 	3430 49 or floating or submersible of subheading 8905 20;
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 for equipping the above platforms; for linking these drilling or production platforms to the mainland 	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads Of stainless steel	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads Of stainless steel Other	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads Of stainless steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	3430 49 or floating or submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads Of stainless steel Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8 • for linking these drilling or production platforms to the mainland 7318153590 Screws, bolts, nuts, coach screws, screw hooks, rivets, cotter pins, washers (including spring washers) and similar articles, of iron or steel Threaded articles Other screws and bolts, whether or not with their nuts or washers Other Without heads Of stainless steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8 • for equipping the above platforms;

	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7318290090	Screws, bolts, nuts, coach screws, screw hooks, rivets, cotters, cotter pins, washers (including spring washers) and similar articles, of iron or steel Non-threaded articles
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7319	• for linking these drilling or production platforms to the mainland Sewing needles, knitting needles, bodkins, crochet hooks, embroidery stilettos and similar articles, for use in the hand, of iron or steel; safety pins and other pins of iron or steel, not elsewhere specified or included
1313	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7320101190	Springs and leaves for springs, of iron or steel
	Leaf-springs and leaves therefor Hot-worked
	Laminated springs and leaves therefor
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7320101990	• for linking these drilling or production platforms to the mainland Springs and leaves for springs, of iron or steel
1020101000	Leaf-springs and leaves therefor
	Hot-worked Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7320109090	Springs and leaves for springs, of iron or steel Leaf-springs and leaves therefor
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7320202090	Springs and leaves for springs, of iron or steel
	Helical springs
	Hot-worked Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7320208190	Springs and leaves for springs, of iron or steel Helical springs
	Other
	Coil compression springs
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7320208590	Springs and leaves for springs, of iron or steel
	Helical springs
	Other Coil tension springs
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7320208990	Springs and leaves for springs, of iron or steel
	Helical springs
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7320901099	Springs and leaves for springs, of iron or steel
	Other
	Flat spiral springs
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
700000000	• for linking these drilling or production platforms to the mainland
7320903090	Springs and leaves for springs, of iron or steel Other
	Discs springs
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7320909090	Springs and leaves for springs, of iron or steel
. 52555555	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7321	Stoves, ranges, grates, cookers (including those with subsidiary boilers for central heating), barbecues, braziers, gas rings, plate warmers and similar non-electric domestic appliances, and parts thereof, of iron or steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7322110000	Radiators for central heating, not electrically heated, and parts thereof, of iron or steel; air heaters and hot-air distributors (including distributors which can also distribute fresh or conditioned air), not electrically heated, incorporating
	a motor-driven fan or blower, and parts thereof, of iron or steel
	Radiators and parts thereof
	Of cast iron
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7322190000	Radiators for central heating, not electrically heated, and parts thereof, of iron or steel; air heaters and hot-air distributors (including distributors which can also distribute fresh or conditioned air), not electrically heated, incorporating
	a motor-driven fan or blower, and parts thereof, of iron or steel
	Radiators and parts thereof Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7222000040	• for linking these drilling or production platforms to the mainland Padiators for control hasting, not electrically hasted, and parts thereof, of iron or steel, air hasters and has air distributors (including distributors which can also distribute from a conditioned air), not electrically hasted, incorporating
7322900010	Radiators for central heating, not electrically heated, and parts thereof, of iron or steel; air heaters and hot-air distributors (including distributors which can also distribute fresh or conditioned air), not electrically heated, incorporating a motor-driven fan or blower, and parts thereof, of iron or steel
	Other
	Air heaters and not-air distributors (excluding parts thereof), for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
722200000	• use in ground flying trainers for civil use Padiators for control hasting, not electrically hasted, and parts thereof, of iron or steel, air hasters and hat air distributors (including distributors which can also distribute from a conditioned air), not electrically hasted, incorporating
7322900090	Radiators for central heating, not electrically heated, and parts thereof, of iron or steel; air heaters and hot-air distributors (including distributors which can also distribute fresh or conditioned air), not electrically heated, incorporating a motor-driven fan or blower, and parts thereof, of iron or steel
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7323	Table, kitchen or other household articles and parts thereof, of iron or steel; iron or steel wool; pot scourers and scouring or polishing pads, gloves and the like, of iron or steel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7324100090	• for linking these drilling or production platforms to the mainland Sanitary ware and parts thereof, of iron or steel
, 527 I UUU 3U	Sanitary ware and parts thereof, or from or steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7324210000	Sanitary ware and parts thereof, of iron or steel
	Baths Of cast iron, whether or not enamelled
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7324290000	• for linking these drilling or production platforms to the mainland Sanitary ware and parts thereof, of iron or steel
7324290000	Baths
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7324900090	Sanitary ware and parts thereof, of iron or steel Other, including parts
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7325100000	Other cast articles of iron or steel
	Of non-malleable cast iron • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7325910000	Other cast articles of iron or steel Other
	Grinding balls and similar articles for mills
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7325999090	Other cast articles of iron or steel
	Other Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7326110000	• for linking these drilling or production platforms to the mainland Other articles of iron or steel
7326110000	Forged or stamped, but not further worked
	Grinding balls and similar articles for mills • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7326190000	Other articles of iron or steel Forged or stamped, but not further worked
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7326200010	Other articles of iron or steel
	Articles of iron or steel wire For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
7326200020	Other articles of iron or steel Articles of iron or steel wire
	Metal fleece, consisting of a mass of stainless steel wires of diameters of 0,001 mm or more but not more than 0,070 mm, compacted by sintering and rolling
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7326200090	Other articles of iron or steel
	Articles of iron or steel wire Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7326903000	• for linking these drilling or production platforms to the mainland Other articles of iron or steel
	Other
	Ladders and steps • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;

Commodity Code	Description
Commodity Code 7326904000	Description Other articles of iron or steel
1020304000	Other Children of Steel
	Pallets and similar platforms for handling goods
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7326905000	• for linking these drilling or production platforms to the mainland Other articles of iron or steel
7320903000	Other articles of from or steel
	Reels for cables, piping and the like
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
700000000	• for linking these drilling or production platforms to the mainland
7326906000	Other articles of iron or steel Other
	Non-mechanical ventilators, guttering, hooks and like articles used in the building industry
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
700000000	• for linking these drilling or production platforms to the mainland
7326909210	Other articles of iron or steel Other
	Other articles of iron or steel
	Open-die forged
	Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909220	Other articles of iron or steel
	Other
	Other articles of iron or steel Open-die forged
	Devices for cargo stowage and clamping freight, for use in certain types of aircraft
W00000000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909230	Other articles of iron or steel Other
	Other articles of iron or steel
	Open-die forged
	Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909290	Other articles of iron or steel
	Other
	Other articles of iron or steel
	Open-die forged Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7326909410	China antiglas of ivan or stool
	Other articles of iron or steel Other
	Other articles of iron or steel Other Other articles of iron or steel
	Other Other articles of iron or steel Closed-die forged
	Other Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft

	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel
	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel
7326909430	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged
7326909430	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Salls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less
7326909430 7326909440	Other articles of iron or steel Closed-die forged Other articles of iron or steel Closed-die forged Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90°, for use in the manufacture of trailer hitches for passenger cars
7326909430	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other articles of iron or steel Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90°, for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Other
7326909430 7326909440	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90°, for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel
7326909430 7326909440	Other articles of iron or steel Closed-die torged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Salts used in freight loading systems in certain types of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90°, for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Other articles of iron or steel Closed-die forged Other articles of iron or steel Other articles of iron or steel
7326909430 7326909440	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Balts used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Salts used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel Dall neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7326909430 7326909440	Other articles of iron or steel Closed-die forged Collars, llanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Other Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Closed-die forged Other Other farticles of iron or steel Closed-die forged Other or conversion in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting for or equipping such ships, boats or other vessels!
7326909430 7326909440	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Other articles of iron or steel Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of
7326909430 7326909440 7326909490	Other articles of iron or steel Closed-die forged Colars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Other articles of iron or steel Closed-die forged Balls used in treight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in treight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of iron or steel Other Other articles of i
7326909430 7326909440	Other articles of iron or steel Closed-die forged Colars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Other articles of iron or steel Other of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Salls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90°, for use in the manufacture of trailer hitches for passenger cars Other articles of iron or steel Closed-die forged Other Other articles of iron or steel Closed-die forged Other or or or or or or or or steel Closed-die forged Other or or or or or or or or or or or or or
7326909430 7326909440 7326909490	Other articles of iron or steel Closed-die forged Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged
7326909430 7326909440 7326909490	Other Other articles of iron or steel Closed-die forged Colars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Other articles of iron or steel Other articles of iron or steel Closed-die forged Balls used in Height loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged
7326909430 7326909440 7326909490	Other Other articles of iron or steel Closed-die forged Closed-die forged Closed-die forged Closed-die forged Closed-die forged Other articles of iron or steel Closed-die forged Other articles of iron or steel Closed-die forged Other articles of iron or steel Closed-die forged Steel ball need, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of their articles of iron or steel Closed-die forged Steel ball need, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the conical head and the arm of less than 90° or
7326909440 7326909440 7326909490	Other Other articles of iron or steel Closed-die forged Closed-die forged Closed-die forged Closed-die forged Closed-die forged Cher articles of iron or steel Closed-die forged Devices for cargo stowage and champing freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Cher articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Cher articles of iron or steel Closed-die forged Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Cher articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball neck, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the cen
7326909430 7326909440 7326909490	Other articles of iron or steel Closed-die forged Closed rice forged Salls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in freight loading systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Steel ball reach, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the c
7326909440 7326909440 7326909490	Other articles of iron or steel Closed-die forged Colless, filesges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Colless, filesges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Colless, filesges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Cher articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft I or the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Cher articles of iron or steel Closed-die forged Cl
7326909440 7326909440 7326909490	Other articles of iron or steel Closed-die forged Collars, Ilanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Collars, Ilanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Collars, Ilanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft Other articles of iron or steel Closed-die forged Devices for cargo stowage and clamping freight, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Balls used in fringht hisdaing systems in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel Closed-die forged Street ball next, drop forged, machined, also heat treated or surface treated, having an angle between the centre of the conical head and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an angle between the centre of the ball and the arm of less than 90° or having an ang

Commodity Code	Description
7326909630	Other articles of iron or steel
7320303030	Other articles of front of steel
	Other articles of iron or steel
	Sintered
	Ball bearings used in freight loading systems in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909690	Other articles of iron or steel
	Other Other articles of iron or steel
	Sintered
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7326909810	Other articles of iron or steel
702000010	Other
	Other articles of iron or steel
	Other
	Collars, flanges and other devices for fixing, jointing, clamping or spacing, for use in certain types of aircraft
7326909820	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Other articles of iron or steel
1 320303020	Other articles of Iron or steel Other
	Other articles of iron or steel
	Other
	Devices for cargo stowage and clamping freight, for use in certain types of aircraft
700000000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909830	Other articles of iron or steel
	Other Other articles of iron or steel
	Other articles of front of steel
	Ball bearings used in freight loading systems in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7326909860	Other articles of iron or steel
	Other Other articles of iron or steel
	Other articles of iron or steel Other
	Vane ring of a kind for fastening gas flow control blades:
	-of iron or steel alloy,
	-with a heat resistance of 830 °c or more but not more than 1 050 °c,
	-with an external diameter of not more than 92 mm,
	-with holes for holding the gas flow control blades, for use in the manufacture of turbochargers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000000070	• for linking these drilling or production platforms to the mainland

	Other articles of iron or steel
	Other
	Disc of a kind for ensuring the gas flow channel width:
	-of iron or steel alloy,
	-with a heat resistance of 830 °c or more but not more than 1 050 °c,
	-with an external diameter of not more than 92.5 mm, -with an internal diameter of not more than 62 mm,
	for use in the manufacture of turbochargers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7326909890	• for linking these drilling or production platforms to the mainland Other articles of iron or steel
1 320303030	Other articles of front of steel
	Other articles of iron or steel
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 74 Copper and Articles Thereof

	Chapter 74 Copper and Articles Thereof
Commodity Code 7407	Description Copper bars, rods and profiles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7408	Copper wire • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7409	Copper plates, sheets and strip, of a thickness exceeding 0,15 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
744444000	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7410110090	Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm Not backed Of refined copper Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7410120000	Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm Not backed Of copper alloys
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
7410210000	Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm Backed
	Of refined copper • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7410210020	Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm Backed Of refined copper
7410210070	Foils, rolls composed of one layer of glass epoxy of 100 µm colaminated with refined copper foil on one or two sides of 35 µm with a tolerance of 10% for use in the production of smart cards Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm
	Backed Of refined copper Plates or sheets:
	-with at least one layer of woven glass fibre, impregnated with a fire- retardant artificial or synthetic resin with a glass transition temperature (Tg) of more than 130 °C as measured according to IPC-TM-650, method 2.4.25, coated on one or both sides with a copper film with a thickness of not more than 3,2 mm, and containing at least one of the following: -poly(tetrafluoroethylene) (CAS RN 9002-84-0)
	-poly(oxy-(2,6-dimethyl)-1,4-phenylene) (CAS RN 25134-01-4) -epoxy resin having a thermal expansion of not more than 10 ppm in length and width and not more than 25 ppm in height for use in the manufacture of circuit boards
7410220000	Copper foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,15 mm Backed
	Of copper alloys • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7411	Copper tubes and pipes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
7412	Copper tube or pipe fittings (for example, couplings, elbows, sleeves) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
7413000020	• for linking these drilling or production platforms to the mainland Stranded wire, cables, plaited bands and the like, of copper, not electrically insulated Loudspeaker centering ring, consisting of one or more vibration dampers and minimum 2 non-insulated copper cables, therein woven or pressed of the kind used in car loudspeakers
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7413000090	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Stranded wire, cables, plaited bands and the like, of copper, not electrically insulated
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
7415	Nails, tacks, drawing pins, staples (other than those of heading 8305) and similar articles, of copper or of iron or steel with heads of copper; screws, bolts, nuts, screw hooks, rivets, cotters, cotter pins, washers (including spring
	washers) and similar articles, of copper
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7418109000	Table, kitchen or other household articles and parts thereof, of copper; pot scourers and scouring or polishing pads, gloves and the like, of copper; sanitary ware and parts thereof, of copper
	Table, kitchen or other household articles and parts thereof; pot scourers and scouring or polishing pads, gloves and the like
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7418200000	Table, kitchen or other household articles and parts thereof, of copper; pot scourers and scouring or polishing pads, gloves and the like, of copper; sanitary ware and parts thereof, of copper
	Sanitary ware and parts thereof
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7419	Other articles of copper
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 75 Nickel and Articles Thereof

Commodity Code	Description
7505	Nickel bars, rods, profiles and wire
	- for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	- for fitting to or equipping such ships, boats or other vessels;
	- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	- for equipping the above platforms;
	- for linking these drilling or production platforms to the mainland
7506	Nickel plates, sheets, strip and foil
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7507	Nickel tubes, pipes and tube or pipe fittings (for example, couplings, elbows, sleeves)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7500	• for linking these drilling or production platforms to the mainland
7508	Other articles of nickel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 76 Aluminium and Articles Thereof

Commodity Code	
7004404000	Description
7604101000	Aluminium bars, rods and profiles
	Of aluminium, not alloyed
	Bars and rods
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7604210000	Aluminium bars, rods and profiles
	Of aluminium alloys
	Hollow profiles
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7604291010	Aluminium bars, rods and profiles
	Of aluminium alloys
	Other Bars and rods
	Sheets and bars of aluminium-lithium alloys
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7004004000	• for linking these drilling or production platforms to the mainland
7604291030	Aluminium bars, rods and profiles Of aluminium alloys
	Other
	Bars and rods
	Aluminium alloy rods with a diameter of 300,1 mm or more, but not more than 533,4 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7604291090	Aluminium bars, rods and profiles
	Of aluminium alloys
	Other
	Bars and rods
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
7604299010	Aluminium bars, rods and profiles
	Of aluminium alloys
	Other
	Profiles Bearing a specific manufacture number, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7604299020	
/ OU4299U2U	
	Aluminium bars, rods and profiles Of aluminium alloys
	Aluminium bars, rods and profiles Of aluminium alloys Other
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium, not alloyed
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels;
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or such platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels is to the ressels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed,
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for filting to or equipping such ships, boats or other vessels;
7604299090 7605110000	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium wire • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland
7604299090 7605110000	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or conversion; * for linking these drilling or production platforms to the mainland Aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, ma
7604299090 7605110000	Aluminum bars, rods and profiles Of aluminum alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminum bars, rods and profiles Of aluminium alloys Other Profiles Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to preduction platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to production platforms to the mainland Aluminium wire • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to production platforms to the mainland Aluminium give Of aluminium give Of aluminium give Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium wire Of aluminium, not alloyed Other
7604299090 7605110000	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of aluminium bars, rods and profiles Of other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms to the mainland Aluminium wire Of aluminium, not alloyed Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or grupping the above platforms to the mainland Aluminium, not alloyed Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7604299090	Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rods and profiles Of aluminium alloys Other Profiles Other Profiles Other - for the construction in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Aluminium wire Of aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting for or equipping the above platforms; - for fitting for or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting for or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fi
7604299090 7605110000	Aluminum bars, rods and profiles Of aluminum alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminum bars, rods and profiles Of aluminum alloys Other Profiles Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms; - for incorporation in ships, boats or other vessels; - for linking flesse drilling or production platforms to the maintenance or conversion; - for fitting to group in the above platforms; - for linking flesse drilling or production platforms to the maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the
7604299090 7605110000	Aluminum bars, rots and profiles Of aluminium alloys Other Profiles Conical shapes for reinforcing lateral rudders, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium bars, rots and profiles Of aluminium bars, rots and profiles Of aluminium alloys Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for inking these drilling or production platforms to the mainland Aluminium, not alloyed Of which the maximum cross-sectional dimension exceeds 7 mm - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping use above platforms; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting tip the above platforms; - for inking these drilling or production platforms to the mainland - Aluminium, not alloyed Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms; - for fitting to or equipping the above platforms; - for fitting to or equipping the above platforms; - for fitting to or equipping the above platform

Commodity Code	Description
7605290090	Aluminium wire
	Of aluminium alloys
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000110000	• for linking these drilling or production platforms to the mainland
7606113000	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium, not alloyed Aluminium Composite Panel
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000445005	• for linking these drilling or production platforms to the mainland
7606115025	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Painted, varnished or coated with plastics
	Plates bearing a specific manufacture number, for use in certain types of aircraft
	Not backed, without internal layers of other material
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000445000	• for linking these drilling or production platforms to the mainland
7606115030	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Painted varnished or coated with plastics
	Painted, varnished or coated with plastics Plates bearing a specific manufacture number, for use in certain types of aircraft
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7606115089	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other
	Painted, varnished or coated with plastics
	Other Other
7606119125	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7000113123	Rectangular (including square)
	Of aluminium, not alloyed
	Other, of a thickness of
	Less than 3 mm
	Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606119130	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium, not alloyed
	Other, of a thickness of Less than 3 mm
	Plates bearing a specific manufacture number, for use in certain types of aircraft
	Other
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606119186	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium, not alloyed
	I LITAL OF 3 THICKNOSS OF
	Other, of a thickness of Less than 3 mm
	Other, of a thickness of Less than 3 mm Other
	Less than 3 mm Other Not backed, without internal layers of other material
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for litting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for litting to or equipping such ships, boats or other vessels;
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
7606119189	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels;
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Less than 3 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Less than 3 mm Other Not backed, without internal layers of other material Not backed, without internal layers of other wassels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other Other Of or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for inking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of
	Less than 3 mm Other Not backed, without internal layers of other material For incorporation, in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For equipping the above platforms; For linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Other, of a thickness of Less than 3 mm Other Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Other Not less than 3 mm but less than 6 mm
	Less than 3 mm Other Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Aluminum plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Less than 3 mm Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • f
7606119189	Less than 3 mm Other Not backed, without internal layers of other material For incorporation, in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For equipping the above platforms; For linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Other, of a thickness of Less than 3 mm Other Other Other Offitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Other Not less than 3 mm but less than 6 mm

Commotify Code Secription Auminum plates, sheets and strip, of a thickness exceeding 0,2 mm Restangular (including square)
Rectangular (including square) Orl aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use - for the construction. Provided including square) Orl aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other O
Of sluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Paties bearing a specific manufacture number, for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladern weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and stip, of a thickness exceeding 0.2 mm Restangular (including square) Ol aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Not backed, without internal layers of other material - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms: - for equipping the above platforms: - for equipping the above platforms - for equipping the shore platforms to the maintend - Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Restangular (including square) Of laturnitium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels listed in Table 1, for the purpose of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for fitting to or equipping such ships, boats or other vessels; - for fitting to or equipping such ships, boats or other vessels; - for fitting to or equipping such ships, boats or other vessels; - for

Not less than 3 mm but less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2.000 kilograms and of ground flying trainers for civil use 7606119386 Auminium plates, sheets and strp, of a thickness exceeding 0.2 mm Rectangular (including square) Other of the proposed of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels; of incorporation in ships, boals or other vessels; of incorporation in ships, boals or other vessels; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of aturnitum, not alloyed Other, of a thickness of their construction, repair, maintenance or conversion; of aturnitum, not alloyed Other, of a thickness of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boals or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in thips, boals or other vessels listed in Table 1, for the purposes of their construction, maintenance or conversion; of incorporation in thips, boals or other vessels listed in Table 1, for the pur
Pates bearing a specific manufacture number, for use in certain types of aircraft Other Other Other onstruction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119336 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of sturmium, not alloyed Other, of a thickness of Not backert, without internal layers of other material of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of refitting to or equipping such ships, boats or other vessels; of recupping the above platforms; of rinking flees drilling or production platforms to the mainland Rectangular (including square) Other Oth
Other - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Of aluminium, not alloyed Of aluminium, not alloyed Of selections of the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for finiting to or equiping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for recorporation, for the purposes of their construction, repair, maintenance or conversion; - for recorporation, for the purposes of their construction, repair, maintenance or conversion; - for recorporation, for the purposes of their construction, repair, maintenance or conversion; - for recorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels is laded in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fining to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels islaed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fining to or equipping such ships, boats or other vessels; - for linking these dilling or production platforms to the maintand 7606119925 7606119925 Aluminium plates, sheets and ship, of a thickness exceeding 0,2 mm Rectangular (including square) - of aluminium, not alloyed - Other, of a thickness of - Not less than 6 mm - Not beside, without internal layers of other material - for the construction, maintenance and respire of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
**Or the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aliminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aliminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm but less than 3 mm but less than 6 mm but less than 3 mm but less than 6 mm but less than
Aluminium plates, sheets and strp, of a thickness exceeding 0,2 mm Rectangular (including square) Of alluminum, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Robert Stree
Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Not backed, without internal layers of other material • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incincipation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or submersible of subheading 8905.20 • for equipping the above platforms; • for linking these drilling or production platforms to the maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for incorpo
Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Not backed, without internal layers of other wassels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland 7606119389 Aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to requipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to requipping such ships, boats or other vessels; - for incinking these drilling or production platforms; - for fitting to requipping such ships, boats or other vessels; - for incincipation in ships, boats or other vessels; - for incincipation in ships, boats or other vessels; - for incincipation in ships, boats or other vessel
Other, of a thickness of Not less than 3 mm but less than 6 mm Other Not backed, without internal layers of other material - for incorporation in ships, boats or other vessels; isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incuproration, for the purposes of their construction, repair, maintenance or conversion; - for incuproration, for the purposes of their construction, repair, maintenance or conversion; - for incuproration in ships, boats or other vessels; - for incorporation in ships, boats or other vessels incuproration in ships, boats or other vessels incuproration in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for equipping the above platforms; - for equipping accordance and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of increase and expendit of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
Not less than 3 mm but less than 6 mm Other Not backed, without internal layers of other material for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other of incorporation in ships, boats or other vessels; for incorporation for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms listed below; fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 for equipping the above platforms; for linking these drilling or production platforms is listed below; fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 for equipping such spins, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms is listed below; fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 for equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms is listed below; fixed, of subheading ex 8430 49 or floating or subhead
Other Not backed, without internal layers of other material 1 for incorporation in ships, boats or other vessels; listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 for equipping the above platforms; 3 for linking these drilling or production platforms to the maintand. Auminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not loss than 3 mm but less than 6 mm Other Other Other Other Other Other Other Auminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of incorporation in ships, boats or other vessels; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 1 for incorporation in ships, boats or other vessels; 1 for incorporation in ships, boats or other vessels; 1 for incorporation in ships, boats or other vesse
Not backed, without internal layers of other material - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms; - for incorporation in the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Auminium plates, sheets and strip, of a thickness exceeding 0,2 mm - Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels; -
* for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or submersible of subheading 8905.20 * for equipping the above platforms; * for linking these drilling or production platforms to the maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or submersible of subheading 8905.20 * for linking these drilling or production platforms to the maintenance or conversion; * for linking these drilling or production platforms to the maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels: * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels: * for incorporation in ships, boats or other vessels:
* for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 for equipping the above platforms to the mainland 7606119389 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other Other Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for he purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 • for linking these drilling or production platforms to the mainland 7606119925 Aluminum plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminum, nature and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
* for equipping the above platforms: * bot linking these drilling or production platforms to the mainland 7606119389 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of atminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other Other **For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For incorporation, for the purposes of their construction, repair, maintenance or conversion; **For incorporation, for the purposes of their construction, repair, maintenance or conversion; **For incorporation, for the purposes of their construction, repair, maintenance or conversion; **For incorporation, for the purposes of their construction, repair, maintenance or conversion; **For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 **For equipping the above platforms: **For inking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material **For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
* for linking these drilling or production platforms to the mainland **Aluminum plates, sheets and strip, of a thickness exceeding 0,2 mm **Rectangular (including square) Of aluminum, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other
Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitning the sea drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for incorporation, in alloyed or production platforms to the maintain - for linking these shelling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading ex 8430 49 or floating ex 843
Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for inking the sed rilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Of alumínium, not alloyed Other, of a thickness of Not less than 3 mm but less than 6 mm Other Other Other Other 'for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 'for fitting to or equipping such ships, boats or other vessels; 'for incorporation, for the purposes of their construction, repair, maintenance or conversion; 'for equipping the above platforms; 'for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material 'for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Other, of a thickness of Not less than 3 mm but less than 6 mm Other Oth
Not less than 3 mm but less than 6 mm Other Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels; - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms to the maintained and subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 - for equipping the above platforms; - for linking these drilling or production platforms; - for linking these drilling or production platforms; - for fluxing these drilling or production
Other Other
Other Other Other Other Othicorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of rifting to or equipping such ships, boats or other vessels; of incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of or equipping the above platforms; of rilinking these drilling or production platforms lot the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
* for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; * for equipping the above platforms; * for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
* for linking these drilling or production platforms to the mainland 7606119925 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material * for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Rectangular (including square) Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Of aluminium, not alloyed Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Other, of a thickness of Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Not less than 6 mm Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Plates bearing a specific manufacture number, for use in certain types of aircraft Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Not backed, without internal layers of other material • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
7606119930 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
Rectangular (including square)
Of aluminium, not alloyed
Other, of a thickness of
Not less than 6 mm
Plates bearing a specific manufacture number, for use in certain types of aircraft
Other
• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606119986 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
Rectangular (including square)
Of aluminium, not alloyed
Other, of a thickness of
Not less than 6 mm
Other
Not backed, without internal layers of other material
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20.
• for equipping the above platforms;
• for linking these drilling or production platforms to the mainland
7606119989 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
Rectangular (including square)
Of aluminium, not alloyed
Other, of a thickness of
Not less than 6 mm
Other
Other
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
• for fitting to or equipping such ships, boats or other vessels;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20
• for equipping the above platforms;
• for linking these drilling or production platforms to the mainland
7606129223 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
Rectangular (including square) Of aluminium allows
Of aluminium alloys
Other Other, of a thickness of
Uther, of a thickness of Less than 3 mm
Plates bearing a specific manufacture number, for use in certain types of aircraft
Not backed, without internal layers of other material
Of a thickness of not less than 0,8 mm
• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606129225 Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
Rectangular (including square)
Of aluminium alloys
Of aluminium alloys Other
Of aluminium alloys
Of aluminium alloys Other Other, of a thickness of Less than 3 mm
Of aluminium alloys Other Other, of a thickness of Less than 3 mm Plates bearing a specific manufacture number, for use in certain types of aircraft
Of aluminium alloys Other Other, of a thickness of Less than 3 mm

Commodity Code	Description
7606129230	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium alloys Other
	Other, of a thickness of
	Less than 3 mm Plates bearing a specific manufacture number, for use in certain types of aircraft
	Other
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606129291	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square) Of aluminium alloys
	Other
	Other, of a thickness of
	Less than 3 mm Other
	Not backed, without internal layers of other material
7606129292	For use as body panels in the car industry or for use in the manufacture of aircraft parts and of a thickness of not less than 0,8 mm Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7000129292	Rectangular (including square)
	Of aluminium alloys
	Other Other, of a thickness of
	Less than 3 mm
	Other
	Not backed, without internal layers of other material Other
	Hot rolled coils, tension levelled, of a thickness not exceeding 1,5 mm, of a width of not less than 800 mm but not exceeding 2050 mm, for use in the manufacture of aluminium composite panels
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7606129293	• for linking these drilling or production platforms to the mainland
7606129293	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
	Of aluminium alloys
	Other Other, of a thickness of
	Less than 3 mm
	Other
	Not backed, without internal layers of other material Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7000400040	• for linking these drilling or production platforms to the mainland
7606129310	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Rectangular (including square)
	Of aluminium alloys
	Other Other, of a thickness of
	Not less than 3 mm but less than 6 mm
	Plates bearing a specific manufacture number, for use in certain types of aircraft
7606129385	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7000129303	Rectangular (including square)
	Of aluminium alloys
	Other Other, of a thickness of
	Not less than 3mm but less than 6 mm
	Other
	Not backed, without internal layers of other material For use as body panels in the car industry or for use in the manufacture of aircraft parts
7606129910	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium alloys Other
	Other, of a thickness of
	Not less than 6 mm
	Plates bearing a specific manufacture number, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606129921	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square) Of aluminium allows
	Of aluminium alloys Other
	Other, of a thickness of
	Not less than 6 mm Sheets of aluminium-lithium alloys
	Not backed, without internal layers of other material
	For use as body panels in the car industry and with a thickness of 6 mm or for use in the manufacture of aircraft parts
7606129985	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Rectangular (including square)
	Of aluminium alloys Other
	Other, of a thickness of
	Not less than 6 mm
	Other Not backed, without internal layers of other material
	For use as body panels in the car industry and with a thickness of 6 mm or for use in the manufacture of aircraft parts
	•

Commodity Code	Description
7606910025	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Of aluminium, not alloyed
	Plates bearing a specific manufacture number, for use in certain types of aircraft
	Not backed, without internal layers of other material, - in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm;
	- in plates, of a thickness exceeding 6 mm
7606910030	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other
	Of aluminium, not alloyed Plates bearing a specific manufacture number, for use in certain types of aircraft
	Other
7606910086	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other
	Of aluminium, not alloyed Other
	Not backed, without internal layers of other material,
	- in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm; - in plates, of a thickness exceeding 6 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7606910088	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Other
	Of aluminium, not alloyed
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7606920023	• for linking these drilling or production platforms to the mainland Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7000320023	Other
	Of aluminium alloys Plates bearing a specific manufacture number, for use in certain types of aircraft
	Not backed, without internal layers of other material,
	- in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm; - in plates, of a thickness exceeding 6 mm
	Of a thickness of not less than 0,8 mm, for use in the manufacture of aircraft parts
7606920025	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7000320020	Other
	Of aluminium alloys Plates bearing a specific manufacture number, for use in certain types of aircraft
	Not backed, without internal layers of other material,
	- in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm; - in plates, of a thickness exceeding 6 mm
	Other
7606920030	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Of aluminium alloys
	Plates bearing a specific manufacture number, for use in certain types of aircraft
	Other • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7606920085	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm Other
	Of aluminium alloys
	Other Not backed, without internal layers of other material,
	- in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm;
	- in plates, of a thickness exceeding 6 mm For use as body panels in the car industry and of a thickness of not more than 6 mm or for use in the manufacture of aircraft parts and of a thickness of not less than 0,8 mm
7606920091	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Of aluminium alloys
	Other
	Not backed, without internal layers of other material, - in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm;
	- in plates, of a thickness exceeding 6 mm Other
	Hot rolled coils, tension levelled, of a thickness not exceeding 1,5 mm, of a width of not less than 800 mm but not exceeding 2050 mm, for use in the manufacture of aluminium composite panels
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7606920092	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other Of aluminium alloys
	Other
	Not backed, without internal layers of other material, - in coils or in coiled strips, in cut-to-length sheets, or in the form of circles; of a thickness exceeding 0,2 mm but not exceeding 6 mm;
	- in plates, of a thickness exceeding 6 mm
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7606920095	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
	Other
	Of aluminium alloys Other
	Other
	for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7607444400	• for linking these drilling or production platforms to the mainland Aluminium feit (whether or not printed or healed with paper, paperboard plastics or similar healing meterials) of a thickness (evaluding any healing) not evacading 0.2 mm.
7607111100	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Rolled but not further worked
	Of a thickness of less than 0,021 mm In rolls of a weight not exceeding 10kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7607111900	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Rolled but not further worked
	Of a thickness of less than 0,021 mm
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7607111960	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Not backed Rolled but not further worked
	Of a thickness of less than 0,021 mm
	Other Same the same that have been believed to be a single or fail.
	For other uses than household aluminium foil, - Of a thickness of not less than 0,007 mm and less than 0,008 mm, whether or not annealed, or,
	- Of a thickness of not less than 0,008 mm and not more than 0,018 mm, in rolls of a width exceeding 650 mm, whether or not annealed, or,
7607119075	- Of a thickness of more than 0,018 mm and less than 0,021 mm, whether or not annealed Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
7007119073	Not backed
	Rolled but not further worked
	Of a thickness of not less than 0,021 mm but not more than 0,2 mm Other
	Aluminium and magnesium alloy strip or foil:
	- of an alloy conforming to standards 5182-H19 or 5052-H19, - in rolls with an outside diameter of minimum 1 250 mm but not more than 1 350 mm,
	- of a thickness (tolerance - 0,006 mm) of 0,15 mm, 0,16 mm, 0,18 mm or 0,20 mm,
	- of a width (tolerance ± 0,3 mm) of 12,5 mm, 15,0 mm, 16,0 mm, 25,0 mm, 35,0 mm, 50,0 mm or 356 mm,
	- having a camber tolerance of not more than 0,4 mm/750 mm, - of a flatness measurement: I-unit ±4,
	- having a tensile strength of more than (5182-H19) 365 MPa or (5052-H19) 320 MPa,
	- of an elongation A50 of more than (5182-H19) 3 % or (5052-H19) 2,5 % for use in the manufacture of slats for blinds
	Of a thickness of not less than 0,03 mm but less than 0.2 mm, without internal layers of other material, in coils or in coiled strips
7607119076	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Not backed Rolled but not further worked
	Of a thickness of not less than 0,021 mm but not more than 0,2 mm
	Other Aluminium and magnesium allow etrin or fails
	Aluminium and magnesium alloy strip or foil: - of an alloy conforming to standards 5182-H19 or 5052-H19,
	- in rolls with an outside diameter of minimum 1 250 mm but not more than 1 350 mm,
	- of a thickness (tolerance - 0,006 mm) of 0,15 mm, 0,16 mm, 0,18 mm or 0,20 mm, - of a width (tolerance ± 0,3 mm) of 12,5 mm, 15,0 mm, 16,0 mm, 25,0 mm, 35,0 mm, 50,0 mm or 356 mm,
	- having a camber tolerance of not more than 0,4 mm/750 mm,
	- of a flatness measurement: I-unit ±4, - having a tensile strength of more than (5182-H19) 365 MPa or (5052-H19) 320 MPa,
	- of an elongation A50 of more than (5182-H19) 3 % or (5052-H19) 2,5 %
	for use in the manufacture of slats for blinds
	Of a thickness of 0.2 mm Without internal layers of other material
7607119077	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Not backed
	Rolled but not further worked Of a thickness of not less than 0,021 mm but not more than 0,2 mm
	Other
7607191000	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Not backed Other
	Of a thickness of less than 0,021 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7607199084	• for linking these drilling or production platforms to the mainland Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Not backed
	Other Of a thickness of not less than 0.021 mm but not more than 0.2 mm
	Of a thickness of not less than 0,021 mm but not more than 0,2 mm Other
	Of a thickness of 0.2 mm, in coils or in coiled strips, in cut-to-length sheets, or in the form of circles
	Without internal layers of other material Alloyed, for use as body panels in the car industry
	r in o y o way purious in the our mounty

Commodity Code	Description
7607199093	Description Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Other Of a thickness of not less than 0,021 mm but not more than 0,2 mm
	Other Of a thickness of 0.2 mm, in coils or in coiled strips, in cut-to-length sheets, or in the form of circles
	Without internal layers of other material Other
	Hot rolled coils, tension levelled, of a thickness not exceeding 1,5 mm, of a width of not less than 800 mm but not exceeding 2050 mm, for use in the manufacture of aluminium composite panels • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7607199094	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Other Of a thickness of not less than 0,021 mm but not more than 0,2 mm
	Other
	Of a thickness of 0.2 mm, in coils or in coiled strips, in cut-to-length sheets, or in the form of circles Without internal layers of other material Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
7607199095	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Other Of a thickness of not less than 0,021 mm but not more than 0,2 mm
	Other Of a thickness of 0.2 mm, in coils or in coiled strips, in cut-to-length sheets, or in the form of circles
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7607199096	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm Not backed
	Other
	Of a thickness of not less than 0,021 mm but not more than 0,2 mm Other Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7607209910	• for linking these drilling or production platforms to the mainland Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
	Backed Other
	Aluminium foil, in rolls: - coated on one side with polypropylene or polypropylene and acid-modified polypropylene and on the other with polyamide and polyethylene terephthalate, with adhesive layers between them,
	- with a width of 200 mm or more, but not more than 400 mm, - with a thickness of 0,138 mm or more, but not more than 0,168 mm,
7607201000	for use in the manufacture of lithium-ion battery cell covers Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
7007201000	Backed Of a thickness (excluding any backing) of less than 0,021 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7608100020	for linking these drilling or production platforms to the mainland
7608100020	Aluminium tubes and pipes Of aluminium, not alloyed Table and pipe and first and the second site of the seco
	Tubes and pipes, ready for fitting, usable as hydraulic conduits or as conduits for fuel-oil or lubricants for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7608202010	Aluminium tubes and pipes Of aluminium alloys
	Welded With attached fittings, suitable for conducting gases or liquids, for use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
7608202020	• use in ground flying trainers for civil use Aluminium tubes and pipes
	Of aluminium alloys Welded
	Tubes and pipes, ready for fitting, usable as hydraulic conduits or as conduits for fuel-oil or lubricants for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7608202090	Aluminium tubes and pipes Of aluminium alloys
	Welded Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Common life C. I	Description
Commodity Code 7608208110	Description Aluminium tubes and pipes
	Of aluminium alloys
	Other Not further worked than extruded
	With attached fittings, suitable for conducting gases or liquids, for use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
7608208120	Aluminium tubes and pipes
	Of aluminium alloys Other
	Not further worked than extruded
	Seamless aluminium alloyed extruded tubes (Aluminum 6061F according to standard ASTM B241) with: -an outer diameter of 320 mm or more but not more than 400 mm, and
	-a wall thickness of 8 mm or more but not more than 10 mm,
	for use in the manufacture of high pressure vessels • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7608208190	Aluminium tubes and pipes Of aluminium alloys
	Other
	Not further worked than extruded Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ox 8430,40 or floating or submareible of subheading 8005,30;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7608208910	for linking these drilling or production platforms to the mainland
1 0002009 IU	Aluminium tubes and pipes Of aluminium alloys
	Other Other
	Other With attached fittings, suitable for conducting gases or liquids, for use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
7608208920	Aluminium tubes and pipes
	Of aluminium alloys Other
	Other
	Tubes and pipes, ready for fitting, usable as hydraulic conduits or as conduits for fuel-oil or lubricants for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
7608208930	Aluminium tubes and pipes
	Of aluminium alloys Other
	Other
	Seamless aluminium alloyed extruded tubes with: -an outer diameter of 60 mm or more but not more than 420 mm, and
	-a wall thickness of 10 mm or more but not more than 80 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
7608208940	Aluminium tubes and pipes
	Of aluminium alloys Other
	Seamless flow forming aluminium alloyed tubes (Aluminum 6061A according to standard ISO 7866) with:
	-an outer diameter of 378 mm or more but not more than 385 mm, and
	-a wall thickness of 4 mm or more but not more than 7 mm for use in the manufacture of high pressure vessels
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7608208990	• for linking these drilling or production platforms to the mainland Aluminium tubes and pipes
	Of aluminium alloys
	Other Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
7609000010	Aluminium tube or pipe fittings (for example, couplings, elbows, sleeves)
	For use in certain types of aircraft For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use.
7609000030	Aluminium tube or pipe fittings (for example, couplings, elbows, sleeves)
	Aluminium connecting block for automotive air conditioning systems:
	-with a t6 hardening, -equipped with round stubs with a circumferential outer groove,
	-with through or non-through holes, made of profiles with an upper radius of 8 mm or more but not more than 11 mm, and a lower radius of 12 mm or more but not more than 17 mm,
	-with a distance between holes of 15 mm or more but not more than 22 mm, -with sockets designed for brazing or clamping,
	-with mounting holes for m6 or m8 mounting screw, threaded or not,
	-with a width of 5 mm or more but not more than 16 mm, -for connecting a compressor, a condenser, an evaporator, a chiller and other lines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	1 YOU IIICOIDOI AUOT, TOT LITE DUI DOSES OF LITELE CONSTITUCIONE. TEDAIL. ITALII III CONTRESIONE OF SOURCESTONE
	• for equipping the above platforms; • for linking or production platforms to the mainland

Commodity Code	Description
7609000090	Aluminium tube or pipe fittings (for example, couplings, elbows, sleeves) Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7610	• for linking these drilling or production platforms to the mainland Aluminium structures (excluding prefabricated buildings of heading 9406) and parts of structures (for example, bridges and bridge-sections, towers, lattice masts, roofs, roofing frameworks, doors and windows and their frames and
	thresholds for doors, balustrades, pillars and columns); aluminium plates, rods, profiles, tubes and the like, prepared for use in structures • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7611	Aluminium reservoirs, tanks, vats and similar containers, for any material (other than compressed or liquefied gas), of a capacity exceeding 300 litres, whether or not lined or heat-insulated, but not fitted with mechanical or thermal equipment
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7612	Aluminium casks, drums, cans, boxes and similar containers (including rigid or collapsible tubular containers), for any material (other than compressed or liquefied gas), of a capacity not exceeding 300 litres, whether or not lined or
	heat-insulated, but not fitted with mechanical or thermal equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7613000010	• for linking these drilling or production platforms to the mainland Aluminium containers for compressed or liquefied gas
101000010	Bottles for inflating escape chutes, intended for use in certain types of aircraft
7613000020	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Aluminium containers for compressed or liquefied gas
	Aluminium container, seamless, for compressed natural gas or compressed hydrogen, wholly embedded in an overwrap of epoxy-carbon fibres composite, of a storage capacity of 172 l (± 10%) and an unfilled weight of not more than 64kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7613000090	Aluminium containers for compressed or liquefied gas
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7614	• for linking these drilling or production platforms to the mainland Stranded wire, cables, plaited bands and the like, of aluminium, not electrically insulated
7014	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7615	Table, kitchen or other household articles and parts thereof, of aluminium; pot scourers and scouring or polishing pads, gloves and the like, of aluminium; sanitary ware and parts thereof, of aluminium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7616100010	Other articles of aluminium Nails, tacks, staples (other than those of heading 8305), screws, bolts, nuts, screw hooks, rivets, cotters, cotter pins, washers and similar articles
	Self-locking bolts and nuts (of the type "Hi-lok")
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7616910000	Other articles of aluminium Other
	Cloth, grill, netting and fencing, of aluminium wire • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
7040004004	• for linking these drilling or production platforms to the mainland
7616991091	Other articles of aluminium Oth
	Cast Other
	Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7616991099	Other articles of aluminium Other
	Other
	Cast Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
7616999001	Other articles of aluminium
	Other
	Other
	Other
	Hand-made
	Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7616999020	Other articles of aluminium
7010333020	Other
	Other
	Other
	"quick change" apparatus for transforming passenger transport aeroplanes into goods transport aeroplanes and vice versa, for use in certain types of aircraft
7616999030	Other articles of aluminium
	Other
	Other
	Other
704000000	Plates and sheets of variable thickness of widths of 1 200 mm or more, for use in certain types of aircraft
7616999060	Other articles of aluminium Other
	Other
	Other
	Other
	Disc (target) with deposition material, consisting of molybdenum silicide:
	-containing 1mg/kg or less of sodium and
	-mounted on a copper or aluminium support
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
7646000070	• for linking these drilling or production platforms to the mainland Other articles of aluminium
7616999070	Other articles of aluminium Other
	Other
	Other
	Other
	Connecting components for use in the production of helicopter tail rotor shafts
7616999077	Other articles of aluminium
	Other
	Other
	Other
	Other Talevision pedastal stands with as without broakst for fivation to and stabilization of talevision cabinet assa/bady
	Television pedestal stands with or without bracket for fixation to and stabilization of television cabinet case/body • for incorporation in ships, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
7616999091	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Other articles of aluminium
7616999091	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other
7616999091	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other
7616999091	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Other Other
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other O
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks
7616999091	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for requipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other
7616999099 7616999099	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Other articles of aluminium Other Other Other Other Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Other Other Other Other Other Othing Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Aluminium radiators and elements or sections of which such radiator is composed, whether or not such elements are assembled in blocks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Other Other Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for linking these drilling or production platforms to the maintand Other articles of aluminium Other Other Other Other Other Other Other Other Other Other Other other other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other Other Other Other Other Other Othor Othor Othor Othor Othor Othor Othor Othor Othor incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other articles of aluminium Other Other Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Other articles of aluminium Other Ot

Chapter 78 Lead and Articles Thereof

Commodity Code	Description
7804	Lead plates, sheets, strip and foil; lead powders and flakes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;• for
	equipping the above platforms;
	for linking these drilling or production platforms to the mainland
7806	Other articles of lead
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 79 Zinc and Articles Thereof

Commodity Code	Description
7904	Zinc bars, rods, profiles and wire • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7905	Zinc plates, sheets, strip and foil • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
7907	Other articles of zinc • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Chapter 80 Tin and Articles Thereof

Commodity Code	Description
8003	Tin bars, rods, profiles and wire
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8007	Other articles of tin
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 81 Other Base Metals: Cermets: Articles Thereof

	Chapter 81 Other Base Metals; Cermets; Articles Thereof
Commodity Code 8101100000	Description Tungsten (wolfram) and articles thereof, including waste and scrap
0101100000	Powders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8101940000	for linking these drilling or production platforms to the mainland Tungsten (wolfram) and articles thereof, including waste and scrap
6101940000	Other
	Unwrought tungsten, including bars and rods obtained simply by sintering • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8101960010	• for linking these drilling or production platforms to the mainland Tungsten (wolfram) and articles thereof, including waste and scrap
	Other Wire
	Tungsten wire containing by weight 99% or more of tungsten with:
	-a maximum cross-sectional dimension of not more than 50 μm -a resistance of 40 Ohm or more but not more than 300 Ohm at length of 1 metre
	of a kind used in the production of heated car front windows • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8101960020	• for linking these drilling or production platforms to the mainland Tungsten (wolfram) and articles thereof, including waste and scrap
	Other Wire
	Tungsten wire -containing by weight 99,95% or more of tungsten, and
	-with a maximum cross-sectional dimension of not more than 1,02 mm
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
2404000000	for linking these drilling or production platforms to the mainland
8101960090	Tungsten (wolfram) and articles thereof, including waste and scrap Other
	Wire Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8101990000	Tungsten (wolfram) and articles thereof, including waste and scrap Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8102	• for linking these drilling or production platforms to the mainland Molybdenum and articles thereof, including waste and scrap
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8103	Tantalum and articles thereof, including waste and scrap • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8104110000	• for linking these drilling or production platforms to the mainland Magnesium and articles thereof, including waste and scrap
	Unwrought magnesium Containing at least 99,8% by weight of magnesium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8104190000	Magnesium and articles thereof, including waste and scrap Unwrought magnesium
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8104300000	for linking these drilling or production platforms to the mainland Magnesium and articles thereof, including waste and scrap
2.0.30000	Raspings, turnings and granules, graded according to size; powders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
840400000	for linking these drilling or production platforms to the mainland
8104900000	Magnesium and articles thereof, including waste and scrap Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Commodity Code	Description
Commodity Code 8105200000	Description Cobalt mattes and other intermediate products of cobalt metallurgy; cobalt and articles thereof, including waste and scrap
010320000	Cobalt mattes and other intermediate products of cobalt metallurgy; cobalt and articles thereof, including waste and scrap Cobalt mattes and other intermediate products of cobalt metallurgy; unwrought cobalt; powders
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8105300000	Cobalt mattes and other intermediate products of cobalt metallurgy; cobalt and articles thereof, including waste and scrap Waste and scrap
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8105900090	Cobalt mattes and other intermediate products of cobalt metallurgy; cobalt and articles thereof, including waste and scrap
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8106	Bismuth and articles thereof, including waste and scrap
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8108200000	Titanium and articles thereof, including waste and scrap
	Unwrought titanium; powders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8108903010	• for linking these drilling or production platforms to the mainland Titanium and articles thereof, including waste and scrap
3100303010	Other
	Bars, rods, profiles and wire
	Titanium alloy rods complying with standard EN 2002-1, EN 4267 or DIN 65040 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8108903015	Titanium and articles thereof, including waste and scrap
	Other Research and the conductor of the
	Bars, rods, profiles and wire Rods and wire of an alloy of titanium with:
	-a uniform solid cross-section in the form of a cylinder,
	-with a diameter of 0,8 mm or more, but not more than 5 mm,
	-an aluminium content by weight of 0,3% or more, but not more than 0,7%, -a silicon content by weight of 0,3% or more, but not more than 0,6%,
	-a niobium content by weight of 0,1 or more, but not more than 0,3%, and
	-an iron content by weight of not more than 0,2% • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8108903060	Titanium and articles thereof, including waste and scrap
	Other Characteristics of the control
	Bars, rods, profiles and wire Forged cylindrical bars of titanium with:
	-a purity of 99,995% by weight or more,
	-a diameter of 140 mm or more but not more than 200 mm,
	-a weight of 5kg or more but not more than 300kg • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8108903070	Titanium and articles thereof, including waste and scrap
	Other Bars, rods, profiles and wire
	Bars, rods, profiles and wire Wire of an titanium alloy containing by weight:
	-22% (± 1%) of vanadium, and
	-4% (± 0,5%) of aluminium or
	-15% (± 1%) of vanadium,
	-3% (± 0,5%) of chromium,
	-3% (± 0,5% of tin and -3% (± 0,5%) of aluminium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8108903090	Titanium and articles thereof, including waste and scrap
	Other Bars, rods, profiles and wire
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8108905045	Titanium and articles thereof, including waste and scrap
	Other Plates sheets strip and fail
	Plates, sheets, strip and foil Cold or hot rolled plates, sheets and strips of non-alloyed titanium with:
	-a thickness of 0,4 mm or more, but not more than 100 mm,
	-a length of not more than 14 m, and
	-a width of not more than 4 m • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8108905055	Titanium and articles thereof, including waste and scrap
	Other
	Plates, sheets, strip and foil Plates, sheets, strip and foil of an alloy of titanium
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8108905080	Titanium and articles thereof, including waste and scrap
	Other Plates, sheets, strip and foil
	Plates, sheets, strips and foil of non-alloyed titanium
	- of a width of more than 750 mm
	- of a thickness of not more than 3 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8108905090	Titanium and articles thereof, including waste and scrap
	Other
	Plates, sheets, strip and foil Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8108906010	Titanium and articles thereof, including waste and scrap
	Other Tubes and pipes
	Tubes and pipes Tubes and pipes, with attached fittings, suitable for conducting gases or liquids, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use
8108906020	Titanium and articles thereof, including waste and scrap
	Other
	Tubes and pipes Thin-walled tubes ready for use in ventilation and air-conditioning systems, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8108906090	Titanium and articles thereof, including waste and scrap
	Other Tubes and pipes
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
040000040	• for linking these drilling or production platforms to the mainland
8108909010	Titanium and articles thereof, including waste and scrap Other
	Other
	Self-locking bolts and nuts (of the type "Hi-lok")
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8108909091	• for linking these drilling or production platforms to the mainland Titanium and articles thereof, including waste and scrap
 -	Other
	Other Other
	Otner Bolts, nuts, screws, rivets and similar articles complying with US standards, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8108909099	Titanium and articles thereof, including waste and scrap Other
	Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8109210090	Zirconium and articles thereof, including waste and scrap
	Unwrought zirconium; powders
	Containing less than 1 part hafnium to 500 parts zirconium by weight
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Commodity Code 8109290090	Description Zirconium and articles thereof, including waste and scrap Unwrought zirconium; powders
8109910000	Other Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
0103310000	Zirconium and articles thereof, including waste and scrap Other
	Containing less than 1 part hafnium to 500 parts zirconium by weight • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8109990000	• for linking these drilling or production platforms to the mainland Zirconium and articles thereof, including waste and scrap
010000000	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8110100000	• for linking these drilling or production platforms to the mainland Antimony and articles thereof, including waste and scrap
3113100000	Unwrought antimony; powders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8110900000	for linking these drilling or production platforms to the mainland
0110300000	Antimony and articles thereof, including waste and scrap Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0444004400	for linking these drilling or production platforms to the mainland
8111001100	Manganese and articles thereof, including waste and scrap Unwrought manganese; waste and scrap; powders
	Unwrought manganese; powders • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8111009000	• for linking these drilling or production platforms to the mainland Manganese and articles thereof, including waste and scrap
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8112120000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
	Beryllium Unwrought; powders
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8112190000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap Beryllium
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8112210000	• for linking these drilling or production platforms to the mainland Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
	Chromium Unwrought; powders
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8112290000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap Chromium
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9449549999	for linking these drilling or production platforms to the mainland
8112510000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap Thallium
	Unwrought; powders • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8112590000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
	Thallium
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8112920000	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
	Other
	Unwrought; waste and scrap; powders for incorporation in china hoots on other vessels listed in Table 1, for the numbers of their construction, repair, resistances of conversion.
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8112922100	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
	Other
	Unwrought; waste and scrap; powders Niobium (columbium); gallium; indium; vanadium; germanium
	Waste and scrap
8112924000	Beryllium, chromium, hafnium, rhenium, thallium, cadmium, germanium, vanadium, gallium, indium andniobium (columbium), and articles of these metals, including waste and scrap
	— Other
	— Unwrought; waste and scrap; powders
	— Niobium (columbium); gallium; indium; vanadium; germanium
	— Niobidin (coldribidin), gallidin, indidin, variadidin, germanidin
8112990000	— Niobium (columbium) Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
0112330000	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8112994000	Beryllium, chromium, hafnium, rhenium, thallium, cadmium, germanium, vanadium, gallium, indium andniobium (columbium), and articles of these metals, including waste and scrap
	— Other
	— Other
	— Germanium
8112995010	Beryllium, chromium, hafnium, rhenium, thallium, cadmium, germanium, vanadium, gallium, indium andniobium (columbium), and articles of these metals, including waste and scrap — Other — Other — Niobium (columbium)
	— Alloy of niobium (columbium) and titanium, in the form of bars and rods
8112995090	Beryllium, chromium, hafnium, rhenium, thallium, cadmium, germanium, vanadium, gallium, indium andniobium (columbium), and articles of these metals, including waste and scrap — Other — Other — Niobium (columbium)
044000000	— Other
8113002000	Cermets and articles thereof, including waste and scrap
	Unwrought • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0440000000	• for linking these drilling or production platforms to the mainland
8113009000	Cermets and articles thereof, including waste and scrap
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 82 Tools, Implements, Cutlery, Spoons and Forks, of Base Metal; Parts Thereof of Base Metal

Commodity Code	Description Used to be following and do should methods picks have followed and relies and similar howing to be acceptant and primary of any kinds on the circles have been timber we does and other
8201100000	Hand tools, the following: spades, shovels, mattocks, picks, hoes, forks and rakes; axes, billhooks and similar hewing tools; secateurs and pruners of any kind; scythes, sickles, hay knives, hedge shears, timber wedges and other tools of a kind used in agriculture, horticulture or forestry Spades and shovels
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
3202100000	Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades) Handsaws
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling are production platforms to the registered.
8202200000	• for linking these drilling or production platforms to the mainland Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades)
	Bandsaw blades • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for listing the sea drilling as a reputation platforms to the resident description.
8202310000	• for linking these drilling or production platforms to the mainland Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades)
	Circular saw blades (including slitting or slotting saw blades) With working part of steel
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8202390000	Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades) Circular saw blades (including slitting or slotting saw blades)
	Other, including parts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for listing the above platforms;
3202400000	• for linking these drilling or production platforms to the mainland Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades)
	Chainsaw blades • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8202910000	• for linking these drilling or production platforms to the mainland Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades) Other saw blades
	Straight saw blades, for working metal • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for listing the above platforms;
8202990000	• for linking these drilling or production platforms to the mainland Handsaws; blades for saws of all kinds (including slitting, slotting or toothless saw blades) Other saw blades
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8203	• for linking these drilling or production platforms to the mainland Files, rasps, pliers (including cutting pliers), pincers, tweezers, metal-cutting shears, pipe-cutters, bolt croppers, perforating punches and similar hand tools
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
3204	Hand-operated spanners and wrenches (including torque meter wrenches but not including tap wrenches); interchangeable spanner sockets, with or without handles • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for activities the above platforms:
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
3205	Hand tools (including glaziers' diamonds), not elsewhere specified or included; blowlamps; vices, clamps and the like, other than accessories for and parts of machine-tools or water-jet cutting machines; anvils; portable forges; har or pedal-operated grinding wheels with frameworks
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
2207120000	• for linking these drilling or production platforms to the mainland
8207130000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including die for drawing or extruding metal, and rock-drilling or earth-boring tools Rock-drilling or earth-boring tools With particles and tools are to for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including die for drawing or earth-boring tools
	With working part of cermets • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

Commodity Code	Description
8207190000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies for drawing or extruding metal, and rock-drilling or earth-boring tools Rock-drilling or earth-boring tools
	Other, including parts
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8207200000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies
	for drawing or extruding metal, and rock-drilling or earth-boring tools Dies for drawing or extruding metal
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
2027024000	• for linking these drilling or production platforms to the mainland
8207301090	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies for drawing or extruding metal, and rock-drilling or earth-boring tools Tools for pressing, stamping or punching For working metal
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0207200000	• for linking these drilling or production platforms to the mainland
8207309000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies for drawing or extruding metal, and rock-drilling or earth-boring tools Tools for pressing, stamping or punching Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8207400000	• for linking these drilling or production platforms to the mainland Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies
	for drawing or extruding metal, and rock-drilling or earth-boring tools
	Tools for tapping or threading • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0207500000	• for linking these drilling or production platforms to the mainland
8207500000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies for drawing or extruding metal, and rock-drilling or earth-boring tools Tools for drilling, other than for rock-drilling
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8207600000	Interchangeable tools for hand tools, whether or not power-operated, or for machine tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning or screw driving), including dies
	for drawing or extruding metal, and rock-drilling or earth-boring tools Tools for boring or broaching
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8211100000	• for linking these drilling or production platforms to the mainland Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading 8208, and blades therefor
	Sets of assorted articles
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8211920000	Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading 8208, and blades therefor
	Other Other knives having fixed blades
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8211930000	• for linking these drilling or production platforms to the mainland Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading 8208, and blades therefor
	Other
	Knives having other than fixed blades • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8211940000	Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading 8208, and blades therefor Other
	Blades
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	1 - Ior infuring these diffilling of production platforms to the maintaind

Commodity Code	Description
8211950000	Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading 8208, and blades therefor
	Other
	Handles of base metal
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8213	Scissors, tailors' shears and similar shears, and blades therefor
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 83 Miscellaneous Articles of Base Metal

	Chapter 83 Miscellaneous Articles of Base Metal
ommodity Code 301100000	Description Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal
	Padlocks
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
01300000	• for linking these drilling or production platforms to the mainland Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal
000100000	Locks of a kind used for furniture
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
301400000	Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal
	Other locks • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
2452222	• for linking these drilling or production platforms to the mainland
01500000	Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal Clasps and frames with clasps, incorporating locks
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
01600000	• for linking these drilling or production platforms to the mainland Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal
	Parts
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
01700000	Padlocks and locks (key, combination or electrically operated), of base metal; clasps and frames with clasps, incorporating locks, of base metal; keys for any of the foregoing articles, of base metal Keys presented separately
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
02100090	• for linking these drilling or production platforms to the mainland Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
	castors with mountings of base metal; automatic door closers of base metal
	Hinges Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
02200090	Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
	castors with mountings of base metal; automatic door closers of base metal Castors
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
02410000	Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
	castors with mountings of base metal; automatic door closers of base metal Other mountings, fittings and similar articles
	Suitable for buildings
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
02420090	Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures; castors with mountings of base metal; automatic door closers of base metal
	Other mountings, fittings and similar articles
	Other, suitable for furniture Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
02490091	• for linking these drilling or production platforms to the mainland Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
	castors with mountings of base metal; automatic door closers of base metal
	Other mountings, fittings and similar articles Other
	Other
02490099	Aluminium telescopic handle for use in the manufacture of luggage Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
	castors with mountings of base metal; automatic door closers of base metal
	Other mountings, fittings and similar articles Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland

Commodity Code	Description
8302500000	Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
030230000	castors with mountings of base metal; automatic door closers of base metal
	Hat-racks, hat-pegs, brackets and similar fixtures
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8302600090	• for linking these drilling or production platforms to the mainland Base-metal mountings, fittings and similar articles suitable for furniture, doors, staircases, windows, blinds, coachwork, saddlery, trunks, chests, caskets or the like; base-metal hat-racks, hat-pegs, brackets and similar fixtures;
0302000090	castors with mountings of base metal; automatic door closers of base metal
	Automatic door closers
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8303	• for linking these drilling or production platforms to the mainland Armoured or reinforced safes, strongboxes and doors and safe deposit lockers for strong-rooms, cash or deed boxes and the like, of base metal
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8304	Filing cabinets, card-index cabinets, paper trays, paper rests, pen trays, office-stamp stands and similar office or desk equipment, of base metal, other than office furniture of heading 9403
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, epair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8306	• for linking these drilling or production platforms to the mainland Bells, gongs and the like, non-electric, of base metal; statuettes and other ornaments, of base metal; photograph, picture or similar frames, of base metal; mirrors of base metal
. 5555	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8307100090	Flexible tubing of base metal, with or without fittings
	Of iron or steel Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8307900090	Flexible tubing of base metal, with or without fittings
	Of other base metal Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8308100000	Clasps, frames with clasps, buckles, buckle-clasps, hooks, eyes, eyelets and the like, of base metal, of a kind used for clothing or clothing accessories, footwear, jewellery, wrist watches, books, awnings, leather goods, travel goods or saddlery or for other made up articles; tubular or bifurcated rivets, of base metal; beads and spangles, of base metal
	Hooks, eyes and eyelets
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
020000000	• for linking these drilling or production platforms to the mainland
8308200090	Clasps, frames with clasps, buckles, buckle-clasps, hooks, eyes, eyelets and the like, of base metal, of a kind used for clothing or clothing accessories, footwear, jewellery, wrist watches, books, awnings, leather goods, travel goods or saddlery or for other made up articles; tubular or bifurcated rivets, of base metal; beads and spangles, of base metal
	Tubular or bifurcated rivets
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8308900000	• for linking these drilling or production platforms to the mainland Clasps, frames with clasps, buckles, buckle-clasps, hooks, eyes, eyelets and the like, of base metal, of a kind used for clothing or clothing accessories, footwear, jewellery, wrist watches, books, awnings, leather goods, travel goods
	or saddlery or for other made up articles; tubular or bifurcated rivets, of base metal; beads and spangles, of base metal
	Other, including parts
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8309	• for linking these drilling or production platforms to the mainland Stoppers, caps and lids (including crown corks, screw caps and pouring stoppers), capsules for bottles, threaded bungs, bung covers, seals and other packing accessories, of base metal
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430,40 or floating or submersible of subheading 8005,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8310	Sign-plates, nameplates, address-plates and similar plates, numbers, letters and other symbols, of base metal, excluding those of heading 9405 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8311	• for linking these drilling or production platforms to the mainland Wire, rods, tubes, plates, electrodes and similar products, of base metal or of metal carbides, coated or cored with flux material, of a kind used for soldering, brazing, welding or deposition of metal or of metal carbides; wire and rods,
JJ	of agglomerated base metal powder, used for metal spraying
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 84 Nuclear Reactors, Boilers, Machinery and Mechanical Appliances; Parts Thereof

	Chapter 84 Nuclear Reactors, Boilers, Machinery and Mechanical Appliances; Parts Thereof
Commodity Code	Description
8401	Nuclear reactors; fuel elements (cartridges), non-irradiated, for nuclear reactors; machinery and apparatus for isotopic separation
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.400	• for linking these drilling or production platforms to the mainland
8402	Steam or other vapour generating boilers (other than central heating hot water boilers capable also of producing low pressure steam); superheated water boilers • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8403	• for linking these drilling or production platforms to the mainland Central heating boilers other than those of heading 8402
0403	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8404	Auxiliary plant for use with boilers of heading 8402 or 8403 (for example, economisers, superheaters, soot removers, gas recoverers); condensers for steam or other vapour power units
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8405	Producer gas or water gas generators, with or without their purifiers; acetylene gas generators and similar water process gas generators, with or without their purifiers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8406	Steam turbines and other vapour turbines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8407210000	Spark-ignition reciprocating or rotary internal combustion piston engines
	Marine propulsion engines Outboard motors
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8407290000	Spark-ignition reciprocating or rotary internal combustion piston engines
	Marine propulsion engines
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8407332010	Spark-ignition reciprocating or rotary internal combustion piston engines Reciprocating piston engines of a kind used for the propulsion of vehicles of Chapter 87
	Of a cylinder capacity exceeding 250 cm ³ but not exceeding 1 000 cm ³
	Of a cylinder capacity exceeding 250 cm³ but not exceeding 500 cm³
	Spark-ignition reciprocating or rotary internal combustion piston engines, having a cylinder capacity of not less than 300 cm ³ and a power of not less than 6 kW but not exceeding 20,0 kW, for the manufacture of:
	-self-propelled lawn mowers, with a seat of subheading 8433 11 51, and hand-operated lawn mowers of heading 8433 11 90, -tractors of subheading 8701 91 90, whose main function is that of a lawn mower,
	-four stroke mowers with motor of a cylinder capacity of not less than 300 cc of subheading 8433 20 10 or
	-snowploughs and snow blowers of subheading 8430 20
8407341000	Spark-ignition reciprocating or rotary internal combustion piston engines
	Reciprocating piston engines of a kind used for the propulsion of vehicles of Chapter 87 Of a cylinder capacity exceeding 1 000 cm ³
	For the industrial assembly of: pedestrian-controlled tractors of subheading 8701 10; motor vehicles of heading 8703; motor vehicles of heading 8704 with an engine of a cylinder capacity of less than 2 800 cm ³ ; motor vehicles of
	heading 8705
8407901010	Spark-ignition reciprocating or rotary internal combustion piston engines
	Other engines Of a cylinder capacity not exceeding 250 cm ³
	Four-stroke petrol engines of a cylinder capacity of not more than 250cm³ for use in the manufacture of lawnmowers of sub-heading 8433 11, mowers with motor of subheading 8433 20 10, rotovators of sub-heading 8432 29 50,
	garden shredders of subheading 8436 80 90 or scarifiers of subheading 8432 29 10
8407901090	Spark-ignition reciprocating or rotary internal combustion piston engines
	Other engines Of a cylinder capacity not exceeding 250 cm ³
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8407905000	Spark-ignition reciprocating or rotary internal combustion piston engines
	Other engines
	Of a cylinder capacity exceeding 250 cm ³ For the industrial assembly of pedestrian-controlled tractors of subheading 8701.10; motor vehicles of heading 8703; motor vehicles of heading 8704 with an engine of a cylinder capacity of less than 2.800 cm ³ ; motor vehicles of
	For the industrial assembly of: pedestrian-controlled tractors of subheading 8701 10; motor vehicles of heading 8703; motor vehicles of heading 8704 with an engine of a cylinder capacity of less than 2 800 cm ³ ; motor vehicles of heading 8705
8407908010	Spark-ignition reciprocating or rotary internal combustion piston engines
0407908010	Other engines
	Of a cylinder capacity exceeding 250 cm ³
	Other
	Other Of a power not exceeding 10 kW

	Exceeding 5 000 kW
	Marine propulsion engines New, of a power
8408109100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Exceeding 1 000 kW but not exceeding 5 000 kW
	Marine propulsion engines New, of a power
8408108100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Exceeding 500 kW but not exceeding 1 000 kW
	Marine propulsion engines
8408107100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Exceeding 300 kW but not exceeding 500 kW
00 100 100	Marine propulsion engines
8408106100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Exceeding 200 kW but not exceeding 300 kW
00 .00 .00	Marine propulsion engines
8408105100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Exceeding 100 kW but not exceeding 200 kW
	Marine propulsion engines
8408104100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Exceeding 50 kW but not exceeding 100 kW
00 .00 .00	Marine propulsion engines
8408103100	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	New, of a power Not exceeding 50 kW
0 1 00 102300	Marine propulsion engines
8408102300	For seagoing vessels of headings 8901 to 8906, tugs of subheading 8904 00 10 and warships of subheading 8906 10 00 Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Marine propulsion engines Used
8408101100	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8408100000	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Marine propulsion engines
0400400000	for linking these drilling or production platforms to the mainland
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	Other
	Other Of a power exceeding 10 kW
	Of a cylinder capacity exceeding 250 cm ³
8407909090	Spark-ignition reciprocating or rotary internal combustion piston engines Other engines
	-inlet and exhaust valves modified to operate continuously in heavy duty applications, for use in the manufacture of vehicles of heading 8427
	-an output of 75 kW or more, but not more than 80 kW,
	Compact Liquid Petroleum Gas (LPG) Engine System, with: -6 cylinders,
	Other Of a power exceeding 10 kW
	Of a cylinder capacity exceeding 250 cm ³
8407909020	Spark-ignition reciprocating or rotary internal combustion piston engines Other engines
	• four stroke mowers with motor of a cylinder capacity of not less than 300 cc of subheading 8433 20 10 or • snowploughs and snow blowers of subheading 8430 20
	• self-propelled lawn mowers, with a seat of subheading 8433 11 51, and hand-operated lawn mowers of heading 8433 11 90, • tractors of subheading 8701 91 90, whose main function is that of a lawn mower,
	Spark-ignition reciprocating or rotary internal combustion piston engines, having a cylinder capacity of not less than 300 cm³ and a power of not less than 6 kW but not exceeding 20,0 kW, for the manufacture of:
	Other Of a power exceeding 10 kW
	Other engines Of a cylinder capacity exceeding 250 cm ³
8407909010	Spark-ignition reciprocating or rotary internal combustion piston engines
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Of a power not exceeding 10 kW Other
	Other
	Of a cylinder capacity exceeding 250 cm ³

O	Description
Commodity Code 8408902710	Description Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
OTOUGUET IU	Other engines
	Other
	Used
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408902790	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other
	Other Used
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8408904110	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other engines
	Other New, of a power
	Not exceeding 15 kW
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8408904190	• use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
5-10000 -1 100	Other engines
	Other
	New, of a power
	Not exceeding 15 kW Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8408904310	• for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other
	New, of a power Exceeding 15 kW but not exceeding 30 kW
	Exceeding 15 kW but not exceeding 30 kW For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
0.40000.4000	• use in ground flying trainers for civil use Compression implication internal combustion picture and discalar agricultural combustion picture.
8408904320	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
	Other engines Other
	New, of a power
	Exceeding 15 kW but not exceeding 30 kW
8408904340	Diesel engines of a power of not more than 30 kW, with 4 cylinders, for use in the manufacture of vehicle mounted temperature control systems Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
U4U03U434U	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
	Other engines Other
	New, of a power
	Exceeding 15 kW but not exceeding 30 kW
	4 Cylinder, 4 cycle, liquid cooled, compression-ignition engine having: -a capacity of not more than 3 850 cm ³ , and
	-a rated output of 15 kW or more but not more than 85 kW,
	for use in the manufacture of vehicles of heading 8427
8408904390	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other
	New, of a power
	Exceeding 15 kW but not exceeding 30 kW
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	TO BE THE STATE OF
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8408904510	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
8408904510	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
8408904510	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
8408904510	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW
8408904510	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft
8408904510	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft use in civil aircraft
8408904510	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8408904510 8408904590	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft use in civil aircraft
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
	for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft use in civil aircraft use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for inking these bove platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other Other engines Other New, of a power
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for inking these bove platforms; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other Other engines Other New, of a power
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft • use in incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other now, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft • use in civil aircraft • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW Other New, of a power Exceeding 30 kW but not exceeding 50 kW Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW For use in civil aircraft • use in civil aircraft • use in incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other Other engines Other New, of a power Exceeding 30 kW but not exceeding 50 kW Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;

Commodity Code	Description
8408904710	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other
	New, of a power
	Exceeding 50 kW but not exceeding 100 kW For use in civil aircraft
	• use in civil aircraft
	use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408904799	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other
	New, of a power Exceeding 50 kW but not exceeding 100 kW
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8408906110	• for linking these drilling or production platforms to the mainland Compression ignition internal combustion pictor angines (discaller comit discaller grains)
0400900110	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
	Other
	New, of a power
	Exceeding 100 kW but not exceeding 200 kW
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8408906190	use in ground flying trainers for civil use Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
0 1 00300 30	Other engines
	Other
	New, of a power
	Exceeding 100 kW but not exceeding 200 kW
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8408906510	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other New of a power
	New, of a power Exceeding 200 kW but not exceeding 300 kW
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408906590	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other
	New, of a power
	Exceeding 200 kW but not exceeding 300 kW
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8408906710	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
-	Other engines
	Other
	New, of a power
	Exceeding 300 kW but not exceeding 500 kW
	For use in civil aircraft • use in civil aircraft
	• use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408906790	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other New of a power
	New, of a power Exceeding 300 kW but not exceeding 500 kW
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8408908110	• for linking these drilling or production platforms to the mainland Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
0 1 00300110	Other engines
	Other
	O UTION
	New, of a power
	New, of a power Exceeding 500 kW but not exceeding 1 000 kW
	New, of a power Exceeding 500 kW but not exceeding 1 000 kW For use in civil aircraft
	New, of a power Exceeding 500 kW but not exceeding 1 000 kW For use in civil aircraft • use in civil aircraft
	New, of a power Exceeding 500 kW but not exceeding 1 000 kW For use in civil aircraft

Commodity Code 8408908190	Description Compression internal computation picton angines (diesal or semi-diesal angines)
U+U03U0 I 3U	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Other engines
	Other engines
	New, of a power
	Exceeding 500 kW but not exceeding 1 000 kW
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8408908510	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other
	New, of a power
	Exceeding 1 000 kW but not exceeding 5 000 kW
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408908590	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other
	New, of a power Exceeding 1,000 kW but not exceeding 5,000 kW
	Exceeding 1 000 kW but not exceeding 5 000 kW Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8408908910	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines
	Other
	New, of a power
	Exceeding 5 000 kW For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8408908990	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Other engines Other
	New, of a power
	Exceeding 5 000 kW
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8409100090	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	For aircraft engines
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8409910025	8409 Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other Suitable for use calcly or principally with spark ignition internal combustion pictor angines
	Suitable for use solely or principally with spark-ignition internal combustion piston engines Air intake module for engine cylinders consisting of:
	-a suction pipe,
	-a suction pipe, -a pressure sensor,
	-a pressure sensor, -an electric throttle, -hoses,
	-a pressure sensor, -an electric throttle, -hoses, -brackets,
2400040000	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with:
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg,
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm,
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg,
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or shows listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland
8409910033	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or shows listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 - Other
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4,0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation in ships, -for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 -Other - Suitable for use solely or principally with the engines of heading 8407 or 8408 -Other - Suitable for use solely or principally with spark-ignition internal combustion piston engines -Fuel distribution pipe complete consisting of rail pipe, high pressure sensor and injectors for direct gasoline fuel injection with: - an operating pressure of not more than 22.5 MPa,
	an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suttable for use solely or principally with spark-ignition internal combustion piston engines Camishaft carrier for a spark-ignition internal combustion engine, made of add12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 - Other - Suitable for use solely or principally with spark-ignition internal combustion piston engines Fuel distribution pipe complete consisting of rail pipe, high pressure sensor and injectors for direct gasoline fuel injection with: - an operating pressure of not more than 22.5 MPa, - solenoid direct injector,
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 - Other - Suitable for use solely or principally with spark-ignition internal combustion piston engines Fuel distribution pipe complete consisting of rail pipe, high pressure sensor and injectors for direct gasoline fuel injection with: - an operating pressure of not more than 22.5 MPa, - solenoid direct injector, - analog pressure sensor for not more than 22.5 MPa
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion piston engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more stan 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 - Other - Suitable for use solely or principally with spark-ignition internal combustion piston engines Fuel distribution pipe complete consisting of rail pipe, high pressure sensor and injectors for direct gasoline fuel injection with: -an operating pressure of not more than 22.5 MPa, -solenold direct injector, -analog pressure sensor for not more than 22.5 MPa - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	a pressure sensor, an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Cher Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adot12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 6.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in production platforms; - for linking these drilling or production platforms to the mainland - Parts suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Graph of the production of the purposes of their construction, repair, maintenance or conversion; - of no incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other ve
	-a pressure sensor, -an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion piston engine, made of adc12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more than 5.5 kg, -a wall thickness of 2.0 mm or more but not more stan 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 - Other - Suitable for use solely or principally with spark-ignition internal combustion piston engines Fuel distribution pipe complete consisting of rail pipe, high pressure sensor and injectors for direct gasoline fuel injection with: -an operating pressure of not more than 22.5 MPa, -solenold direct injector, -analog pressure sensor for not more than 22.5 MPa - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	a pressure sensor, an electric throttle, -hoses, -brackets, for use in the manufacture of engines of motor vehicles Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Cher Suitable for use solely or principally with spark-ignition internal combustion piston engines Camshaft carrier for a spark-ignition piston internal combustion engine, made of adot12 aluminium alloy, with: -a weight of 4.0 kg or more but not more than 6.5 kg, -a wall thickness of 2.0 mm or more but not more than 6.0 mm, for use in the manufacture of motor vehicle engines - for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation in ships, boats or other vessels; - for incorporation in production platforms; - for linking these drilling or production platforms to the mainland - Parts suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Suitable for use solely or principally with spark-ignition internal combustion piston engines - Graph of the production of the purposes of their construction, repair, maintenance or conversion; - of no incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other ve

Commodity Code	
	Description
8409910038	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines
	Crankcase for 4-cylinder spark-ignition piston internal combustion engine, made of adc12 aluminium alloy, for use in the manufacture of motor vehicle engines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8409910040	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
0409910040	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines
	Fuel injector with solenoid valve for optimized atomization in the combustion chamber for use in the manufacture of spark-ignition internal combustion piston engines of motor vehicles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8409910045	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines
	Metal alloy intake and exhaust valve with a Rockwell hardness HRC 20 or more, but not more than HRC 50 for use in the manufacture of spark or compression ignition engines of motor vehicles
8409910050	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines Exhaust manifold with turbine housing of turbochargers with:
	-a heat-resistance of not more than 1 050 °C, and
	-a hole to insert a turbine wheel, whereby the hole has a diameter of 28 mm or more, but not more than 181 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8409910053	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines
	The exhaust gas recirculation assembly consisting of:
	-a control unit,
	-an air throttle,
	-an intake pipe, -an outlet hose,
	for use in the manufacture of spark-ignition or compression-ignition combustion engines of motor vehicles
8409910070	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Suitable for use solely or principally with spark-ignition internal combustion piston engines
	Inlet manifold, exclusively for use in the manufacture of the motor vehicles with:
	-a width of 40 mm or more but not more than 70 mm,
	-valves length of 250 mm or more but not more than 350 mm,
	-air volume of 5,2 litres, and
0400040000	-an electrical flow control system that provides maximum performance at more than 3200 rpm

8409910090	Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other
8409910090	Other
8409910090	
8409910090	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8409910090	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
84U991U09U	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8409910090	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8409910090	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for linking these drilling or production platforms; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Other of rincorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of rifting to or equipping such ships, boats or other vessels; of rincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of rilnking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber of rincorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping the above platforms; of ritting to or equipping the above platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: - three rubber hoses, whether or not with a protective braided sleeving,
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Other Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; In incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; In incorporation in spins, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; In incorporation in ships, boats or other vessels: In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, mainten
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Other of rincorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of rifting to or equipping such ships, boats or other vessels; of rincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of rilnking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber of rincorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of rincorporation for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping the above platforms; of ritting to or equipping the above platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: - three rubber hoses, whether or not with a protective braided sleeving,
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels, • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine combustion chamber Injectors with solenoid valve for optimised atomisation in the engine of beading 8407 or 8408 Other Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: - three rubber hoses, whether or not with a protective braided sleeving, - three connectors for connecting fuel i
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other **Or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **Or incorporation in ships, boats or other vessels; listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **Or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; **Or equipping the above platforms; **Or linking these drilling or production platforms to the maintand **Parts suitable for use solely or principally with the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve for optimised atomisation in the engine combustion chamber **Injectors with solenoid valve
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Of intiting to or equipping such ships, boats or other vessels; Of incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; Of requipping the above platforms; Of linking these drilling or production platforms to the maintaind Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Other it in a purpose of their construction, repair, maintenance or conversion; Or in incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Or in incorporation in the purposes of their construction, repair, maintenance or conversion; Or in control or production platforms to the maintaind Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: - three rubber hoses, whether or not with a protective braided sleeving, - three connectors for connecting fuel injectors, - five metal clamps, - one T-shaped plastic joint, for use in the manufacture of engines of motor vehicles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping use his play, boats or other vessels;
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting to or equipping such ships, boats or other vessels; 1 or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 or equipping the above platforms; 3 or linking lines drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Other Other Other Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber 2 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 3 or fitting to or equipping usub ships, boats or other vessels; 4 or incorporation, for the purposes of their construction, repair, maintenance or conversion; 5 or equipping the above platforms; 5 or linking lines admilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Oth
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Of intiting to or equipping such ships, boats or other vessels; Of incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; Of requipping the above platforms; Of linking these drilling or production platforms to the maintaind Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Other it in a purpose of their construction, repair, maintenance or conversion; Or in incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Or in incorporation in the purposes of their construction, repair, maintenance or conversion; Or in control or production platforms to the maintaind Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: - three rubber hoses, whether or not with a protective braided sleeving, - three connectors for connecting fuel injectors, - five metal clamps, - one T-shaped plastic joint, for use in the manufacture of engines of motor vehicles - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping use his play, boats or other vessels;
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other 1 of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of filting to or equipping such ships, boats or other vessels; 1 of incorporation, for the purposes of their construction, repair, maintenance or conversion; 2 of requipping the above platforms; 3 of incorporation, for the purposes of their construction, repair, maintenance or conversion; 3 of linking these drilling or production platforms to the mainland 3 parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber 1 of rincorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of rithing to re equipping such ships, boats or other vessels 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 2 of requipping the above platforms; 3 of rithing the set defining or production platforms to the mainland 4 of the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 3 of requipping the above platforms; 4 of rithing the set defining or production platforms to the mainland 5 of the purpose of their construction, repair, maintenance or conversion; 5 of requipping use the principally with the engines of heading 8407 or 8408 Other Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: 1 there on the proses, whether or not with a protective braided sleeving. 1 of ricorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, m
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other 1 of nicorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of rititing to or equipping such ships, boats or other vessels; 1 of nicorporation, for the purposes of their construction, repair, maintenance or conversion; 2 of nicorporation, for the purposes of their construction, repair, maintenance or conversion; 3 of nicorporation, for the purposes of their construction, repair, maintenance or conversion; 3 of nicorporation, for the purposes of their construction repair, maintenance or conversion; 4 of nicorporation in phase beauting or production platforms to the maintain Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Ot
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Or incroporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incing production, for the purposes of their construction, repair, maintenance or conversion; For incing production platforms; For inking those adding or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Other Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For inking the sole platforms; For inking the sole platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Other Thinking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing the solenoid valve for optimised atomisation in the engine combustion chamber Uniform with solenoid valve for optimised atomisation in the engine combustion chamber For Incorporation in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For Incing the conversion in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion, For Incing the conversion in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For Incing these offiling or production platforms is listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or connecting fuel injectors, Five metal claims, Five me
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Other Other Other Other Other Other Other Inlectors with solenoid valve for equipping such ships, boats or other vessels; instead not solenoid to the principally with the engines of heading 8905 20; Other Inlectors with solenoid valve for optimised atomisation in the engine combustion chamber Infitting to or equipping the above platforms; Other Inlectors with solenoid valve for optimised atomisation in the engine combustion chamber Information or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Other Inlectors with solenoid valve for optimised atomisation in the engine combustion chamber Information of the properties of the properties of their construction, repair, maintenance or conversion; I of riting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; I or incorporation in ships, boats or other vessels is construction, repair, maintenance or conversion; I or incorporation, or the purposes of their construction, repair, maintenance or conversion; I or incorporation, or the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; I or incorporation for the purposes of their construction, repair, maintenance or conversion; I or inclinate for use solely or principally with the engines of heading 8407 or 8408 Other Othe
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or conversion; For Incing the solenoid valve for optimised atomisation in the engine combustion chamber Uniform with solenoid valve for optimised atomisation in the engine combustion chamber For Incorporation in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For Incing the conversion in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion, For Incing the conversion in ships, boats or other vessels leafed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For Incing these offiling or production platforms is listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For Incing these offiling or production platforms to the maintenance or conversion; For Incing these offiling or production platforms to the maintenance or connecting fuel injectors, Five metal claims, Five me
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Things for recupping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms bisted below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; To rimoporation in ships, boats or other vessels in the maintain of the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the vessels; To rimoporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To requipping the above platforms; To requipping the platforms to the maintain of the maintain of the region of the purposes of their construction, repair, maintenance or conversion; To requipping the plate plate plate platforms to the maintain of the purposes of their construct
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For inking the or equipping such ships, boats or other vessels is such an internance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For pulping the above platforms Other Other Other Other Injectors with solenoid valve for optimised atomisation in the engine combustion chamber For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For inclination of equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For equipping the above platforms; For inking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For equipping the above platforms; For inking these drilling or production platforms to the maintainad Farts suitable for use solely or principally with the engines of heading 8407 or 8408 Other Other Other Hoses assembly for fuel return from injectors to engine fuel unit consisting of at least: -three other bross, whether or not with a protective braided sleevingthree connectors for connecting fuel injectors, -five metal clamps, - one T-shaped plastic join!, -five metal clamps, - one T-shaped plastic join!, -five metal clamps, - one T-shaped plastic join!, -five metal clamps, - one T-shaped plastic join! -five use in the maintain of explainment of the maintain of the maintain of the maintain of the maintain of the maintain of the maintain of the maintain of the maintain of t
8409990010	Other Suitable for use solely or principally with spark-ignition internal combustion piston engines Other Things for recupping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms bisted below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; To rimoporation in ships, boats or other vessels in the maintain of the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the maintain or production platforms to the vessels; To rimoporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To rimoporation in ships, boats or other vessels; To requipping the above platforms; To requipping the platforms to the maintain of the maintain of the region of the purposes of their construction, repair, maintenance or conversion; To requipping the plate plate plate platforms to the maintain of the purposes of their construct

Commodity Code	Description Control of the literature of the lit
8409990060	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Other Intake manifold for air supply to the engine cylinders, comprising at least:
	-a throttle,
	-a boost pressure sensor
	for use in the manufacture of compression ignition engines of motor vehicles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.100000070	• for linking these drilling or production platforms to the mainland
8409990070	Parts suitable for use solely or principally with the engines of heading 8407 or 8408 Other
	Other
	Metal alloy intake and exhaust valve with a Rockwell hardness HRC 20 or more, but not more than HRC 50 for use in the manufacture of compression ignition engines of motor vehicles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.400000075	• for linking these drilling or production platforms to the mainland
8409990075	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other Other
	High pressure fuel rail of galvanised ferrite-pearlite steel with:
	-at least one pressure sensor and one valve,
	-a length of 314 mm or more but not more than 322 mm,
	-an operating pressure not more than 225 MPa,
	-an inlet temperature not more than 95°C,
	-ambient temperature of -45°C or more but not more than 145°C,
	for use in the manufacture of compression ignition engines of motor vehicles
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8409990090	Parts suitable for use solely or principally with the engines of heading 8407 or 8408
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8410	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8410	• for equipping the above platforms;
8410	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
8410	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8410	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8410 8411110090	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets
	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8411110090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels is the original or submersible of subheading 8905 20; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or latforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines
8411110090	for equipping the above platforms: - for linking these drilling or production platforms to the mainland
8411110090	for equipping the above platforms; for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels is ited in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets of the force of the force of the force of the force of the force of the force of the force of the force of the force of the force of the force of the force of the fo
8411110090	for equipping the above platforms: - for linking these drilling or production platforms to the mainland
8411110090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets of a thrust
8411110090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets and other gas turbines Turbojets of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incurporation, for the purposes of their construction, repair, maintenance or sisted below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets of a thrust exceeding 25 kN Of a thrust exceeding 25 kN but not exceeding 44 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes
8411110090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels, • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for requipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets turbopropellers and other gas turbines Turbojets turbopropellers and other gas turbines Turbojets turbopropellers and other gas turbines Turbojets turbopropellers and other gas turbines Turbojets of a thrust exceeding 25 kN but not exceeding 44 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for litting to purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for fitting t
8411110090	• for equipping the above platforms: • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets curbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust exceeding 25 kN but not exceeding 44 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is subheading ex 8430 49 or floating or submersibl
8411110090 8411121090	of requipping the above platforms; of relinking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of requipping such ships, boats or other vessels; or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of linking these drilling or production platforms to the mainland Turbojets of the subheading 25 kN Other of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of rincorporation in ships, boats or other vessels; of incorporation in ships, boats or other vessels; of incorporation in ships, boats or other vessels; of incorporation in corporation, for the purposes of their construction, repair, maintenance or conversion; of requipping the above platforms; of inking these drilling or production platforms to the mainland Turbojets of the surbopropellers and other gas turbines Turbojets unbopropellers and other gas turbines Turbojets of a thrust exceeding 25 kN or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of a thrust exceeding 25 kN but not exceeding 44 kN of a thrust exceeding 25 kN but not exceeding 44 kN of the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion,
8411110090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for inking these drilling or production platforms to the mainland Turbojets. Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Of a thrust exceeding 25 kN Of a thrust exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construct
8411110090 8411121090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels, • for linking purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for linking these drilling or purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping the above platforms; • for fitting to production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets to receding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such s
8411110090 8411121090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for inking these drilling or production platforms to the mainland Turbojets. Of a thrust not exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Of a thrust exceeding 25 kN Of a thrust exceeding 25 kN Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construct
8411110090 8411121090	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for inciting to or equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets or equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other gas turbines Turbojets, turbopropellers and other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets or the vessel platforms; • for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets or or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for inking these drilling or production
8411110090 8411121090	For equipping the above platforms; For inking these drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels; For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; For equipping the above platforms; For inking these drilling or production platforms to the mainland For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels; For incorporation in ships, For incor
8411110090 8411121090	of requipping the above platforms; of inkingh tesse drilling or production platforms to the mainland Hydraulic turbines, water wheels, and regulators therefor of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of riting to or equipping such ships, boats or other vessels; of nichogration, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of nichogration, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of thirds the exceeding 25 kN of a firthing to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of riting to or equipping such ships, boats or other vessels: of incorporation in ships, boats or other vessels: of incorporation, for the purposes of their construction, repair, maintenance or conversion; of requipping the above platforms; of nichogration, for the purposes of their construction, repair, maintenance or conversion; of requipping the above platforms; of all finites exceeding 25 kN Of a thrust exceeding 25 kN but not exceeding 44 kN Other of a thrust exceeding 25 kN but not exceeding 44 kN Other of riting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of riting to or equipping such ships, boats or other vessels; of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of or incorporation, for the purposes of their construction, repair, maintenance or convers
8411110090 8411121090	of contact production platforms to the mainland Hydraulic furbines, water wheels, and regulators therefor for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for intiting to or equiping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels itsed of a Table 1, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines Turbojets. Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for incorporation in the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in other purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the mainland Turbojets, turbopropellers and other gas turbines
8411110090 8411121090	For linking the above platforms; for linking these drilling or production platforms to the mainland
8411121090 8411123090	of raiking the above platforms; for laiking these drilling or production platforms to the mainland Hydraulic furbines, water wheels, and regulators therefor or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation, for the purposes of their construction, repair, maintenance or conversion; or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; or captable for the standard or the repair of the subheading ex 8430 49 or floating or submersible of subheading 8905 20; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or filting to or equipping such ships, boats or other vessels; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or filting to or equipping such ships, boats or other vessels; or incorporation, for the purposes of their construction, repair, maintenance or conversion, or equipping the above platforms; or lanking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; or equipping the above platforms; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 1, for th

Commodity Code	Description
Commodity Code 8411210090	Description Turbojets, turbopropellers and other gas turbines
32.000	Turbopropellers
	Of a power not exceeding 1 100 kW Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8411222090	Turbojets, turbopropellers and other gas turbines
	Turbopropellers Of a power exceeding 1 100 kW
	Of a power exceeding 1 100 kW but not exceeding 3 730 kW
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8411228090	Turbojets, turbopropellers and other gas turbines
	Turbopropellers Of a power exceeding 1 100 kW
	Of a power exceeding 1 700 kW
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8411810090	Turbojets, turbopropellers and other gas turbines
	Other gas turbines
	Of a power not exceeding 5 000 kW Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8411822090	Turbojets, turbopropellers and other gas turbines Other gas turbines
	Of a power exceeding 5 000 kW
	Of a power exceeding 5 000 kW but not exceeding 20 000 kW
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8411826090	Turbojets, turbopropellers and other gas turbines
	Other gas turbines Of a power exceeding 5 000 kW
	Of a power exceeding 20 000 kW but not exceeding 50 000 kW
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8411828090	Turbojets, turbopropellers and other gas turbines
	Other gas turbines Of a power exceeding 5 000 kW
	Of a power exceeding 5 000 kW

	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8411910090	Turbojets, turbopropellers and other gas turbines
	Parts
	Of turbojets or turbopropellers Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 9420,40 or floating or submersible of subheading 8005,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8411990020	Turbojets, turbopropellers and other gas turbines Parts
	Other
	Other
	Wheel-shaped gas turbine component with blades, of a kind used in turbochargers: -of a precision-cast nickel based alloy complying with standard DIN G- NiCr13Al6MoNb or DIN G- NiCr13Al16MoNb or DIN G- NiCo10W10Cr9AlTi or DIN G- NiCr12Al6MoNb or AMS AISI:686,
	-with a heat-resistance of not more than 1 100 °C,
	-with a diameter of 28 mm or more, but not more than 180 mm,
	-with a height of 20 mm or more, but not more than 150 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8411990030	Turbojets, turbopropellers and other gas turbines
	Parts
	Other Other
	Turbine housing of turbochargers with:
	-a heat-resistance of not more than 1 050 °C, and
	-a hole to insert a turbine wheel, whereby the hole has a diameter of 28 mm or more, but not more than 181 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8411990099	Turbojets, turbopropellers and other gas turbines
	Parts
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

	Of pumps
	Pump head for two cylinder high pressure pump made of forged steel, with:
	- milled threaded fittings with a diameter of 10 mm or more but not more than 36,8 mm, and - drilled fuel channels with a diameter of 3,5 mm or more but not more than 10 mm
	of a kind used in diesel injection systems
	of a kind used in diesel injection systems • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	of a kind used in diesel injection systems • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	of a kind used in diesel injection systems • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code Description	
Of pumps Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or equipping the above platforms; • for linking these drilling or production platforms to the mainland 8413920000 8413920000 Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or equipping the above platforms; • for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	
Other Other Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for equipping the above platforms; for linking these drilling or production platforms to the mainland 8413920000 Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for linking these drilling or production platforms to the mainland 8413920000 8413920000 Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8414102590 Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8413920000 8413920000 Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for equipping the above platforms; • for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	
• for linking these drilling or production platforms to the mainland Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or equipping the above platforms; • for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	r submersible of subheading 8905 20;
Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Parts Of liquid elevators • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8414102590 Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	r submersible of subheading 8905 20;
Of liquid elevators	r submersible of subheading 8905 20;
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or equipping the above platforms; • for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	r submersible of subheading 8905 20;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating of equipping the above platforms; • for linking these drilling or production platforms to the mainland 8414102590 Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	r submersible of subheading 8905 20;
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8414102590 Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other	T Submersible of Submeauing 0303 20,
Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Vacuum pumps Other

• use in ground flying trainers for civil use	

Commodity Code	Description
8414308150	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Compressors of a kind used in refrigerating equipment
	Of a power exceeding 0,4 kW Hermetic or semi-hermetic
	Other
	Hermetic or semi-hermetic variable-speed electric scroll compressors, with a nominal power rating of 0,5 kW or more but not more than 10 kW, with a displacement volume of not more than 35 cm ³ , of the type used in refrigeration
	equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414308189	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Compressors of a kind used in refrigerating equipment Of a power exceeding 0,4 kW
	Hermetic or semi-hermetic
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414308910	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters Compressors of a kind used in refrigerating equipment
	Of a power exceeding 0,4 kW
	Other
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8414308990	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Compressors of a kind used in refrigerating equipment
	Of a power exceeding 0,4 kW Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414400000	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Air compressors mounted on a wheeled chassis for towing • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8414510010	• for linking these drilling or production platforms to the mainland Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
0414010010	Fans
	Table, floor, wall, window, ceiling or roof fans, with a self-contained electric motor of an output not exceeding 125 W
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8414510090	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Fans Table, floor, wall, window, ceiling or roof fans, with a self-contained electric motor of an output not exceeding 125 W
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414592510	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Fans Other
	Other
	Axial fans
	For use in civil aircraft
	• use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use

	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414808010	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Other
	Other
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8414808090	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Other
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8414900010	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Parts For use in civil aircraft
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8414900015	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Parts
	Fan assembly made of aluminium and magnesium alloy: -with an outer diameter of 54 mm or more but not more than 130 mm,
	-with an outer diameter of 54 mm or more but not more than 130 mm, -with a height of 8 mm or more but not more than 30 mm,
	-with two discs connected by blades of involute shape,
	-with or without dowel, and with or without washer,
	for use in the manufacture of electromotors
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8414900020	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Parts
	Aluminium pistons, for incorporation into compressors of air conditioning machines of motor vehicles

Commedity O	Decarintian
Commodity Code 8414900025	Description Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
0414900025	Parts
	Scroll type compressor housing of an aluminium alloy of a kind with:
	-a heat resistance of 200 °c or more but not more than 250 °c,
	-one or more fixing points suitable for mounting an actuator, for use in the manufacture of turbochargers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8414900030	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Parts Pressure-regulating system, for incorporation into compressors of air conditioning machines of motor vehicles
8414900090	Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters
	Parts
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8415100000	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Of a kind designed to be fixed to a window, wall, ceiling or floor, self-contained or "split-system"
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0445040040	• for linking these drilling or production platforms to the mainland Air and distring modeling a production platforms to the mainland
8415810010	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated Other
	Incorporating a refrigerating unit and a valve for reversal of the cooling/heat cycle (reversible heat pumps)
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8415810091	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Other Incorporating a refrigerating unit and a valve for reversal of the cooling/heat cycle (reversible heat pumps)
	Other
	Pre-charged with hydrofluorocarbons (HFCs)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8415810099	• for linking these drilling or production platforms to the mainland Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
011001000	Other
	Incorporating a refrigerating unit and a valve for reversal of the cooling/heat cycle (reversible heat pumps)
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8415820010	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated Other
	Other, incorporating a refrigerating unit
	For use in civil aircraft
	use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8415820091	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Other Other, incorporating a refrigerating unit
	Other, incorporating a reingerating unit
	Pre-charged with hydrofluorocarbons (HFCs)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8415820099	• for linking these drilling or production platforms to the mainland Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
0413020033	Other
	Other, incorporating a refrigerating unit
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8415830010	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Other Not incorporating a refrigerating unit
	For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
<u>. </u>	Lase in ground rightly trainers for ovir use

Commodity Code	Description
8415830090	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Other Not incorporating a refrigerating unit
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8415900010	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Parts Of air conditioning machines of subheading Nos 8415 81, 8415 82 or 8415 83, for use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8415900015	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated
	Parts Electrically welded manifolds for the condenser in automotive air conditioning systems:
	-consisting of a tube produced by stamping an aluminium strip and joining the edges by electric arc welding,
	-containing internal baffles responsible for the proper flow of coolant, -with a length of 190 mm or more, but not more than 460 mm,
	-with a diameter of 9 mm or more, but not more than 42 mm, -with a weight of 0.01 kg or more, but not more than 0.45 kg,
	-whether or not having aluminium connection blocks,
	used in the production of air conditioning systems in vehicles of chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8415900091	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated Parts
	Other
	Pre-charged with hydrofluorocarbons (HFCs) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0.445000000	for linking these drilling or production platforms to the mainland
8415900099	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated Parts
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8416100000	• for linking these drilling or production platforms to the mainland Furnace burners for liquid fuel, for pulverised solid fuel or for gas; mechanical stokers, including their mechanical grates, mechanical ash dischargers and similar appliances
0410100000	Furnace burners for liquid fuel
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8416200000	Furnace burners for liquid fuel, for pulverised solid fuel or for gas; mechanical stokers, including their mechanical grates, mechanical ash dischargers and similar appliances
	Other furnace burners, including combination burners • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8416300000	• for linking these drilling or production platforms to the mainland Furnace burners for liquid fuel, for pulverised solid fuel or for gas; mechanical stokers, including their mechanical grates, mechanical ash dischargers and similar appliances
3.1300000	Mechanical stokers, including their mechanical grates, mechanical ash dischargers and similar appliances
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8416900000	Furnace burners for liquid fuel, for pulverised solid fuel or for gas; mechanical stokers, including their mechanical grates, mechanical ash dischargers and similar appliances
	Parts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8417200000	• for linking these drilling or production platforms to the mainland Industrial or laboratory furnaces and ovens, including incinerators, non-electric
3717 2 00000	Bakery ovens, including biscuit ovens
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8417807000	Industrial or laboratory furnaces and ovens, including incinerators, non-electric
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8417900000	• for linking these drilling or production platforms to the mainland Industrial or laboratory furnaces and ovens, including incinerators, non-electric
	Parts
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8418102091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Combined refrigerator-freezers, fitted with separate external doors
	Of a capacity exceeding 340 litres Other
	Pre-charged with hydrofluorocarbons (HFCs)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8418102099	• for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
0410102099	Combined refrigerator-freezers, fitted with separate external doors
	Of a capacity exceeding 340 litres
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418108091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Combined refrigerator-freezers, fitted with separate external doors
	Other
	Other Provided the standard transport of the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport to the standard transport transport to the standard transport to the standard transport transport to the standard transport transport to the standard transport tra
	Pre-charged with hydrofluorocarbons (HFCs) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8418108099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Combined refrigerator-freezers, fitted with separate external doors Other
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8418210000	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Refrigerators, household type
	Compression-type • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418290000	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Refrigerators, household type Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
044000004	• for linking these drilling or production platforms to the mainland
8418302091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Freezers of the chest type, not exceeding 800 litres capacity
	Of a capacity not exceeding 400 litres
	Other Pre-charged with hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418302099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the chest type, not exceeding 800 litres capacity Of a capacity not exceeding 400 litres Of a capacity not exceeding 400 litres
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418308091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the chest type, not exceeding 800 litres capacity Of a capacity exceeding 400 litres but not exceeding 800 litres are applied to the chest type, not exceeding 800 litres capacity
	Other
	Pre-charged with hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8418308099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the chest type, not exceeding 800 litres capacity
	Of a capacity exceeding 400 litres but not exceeding 800 litres Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	A NORTH CONTROL OF THE PROPERTY OF THE PROPERT
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;

Commodity Code	Description
8418402091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the upright type, not exceeding 900 litres capacity
	Of a capacity not exceeding 250 litres Other
	Pre-charged with hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9449402000	• for linking these drilling or production platforms to the mainland Petrigoretors, freezers and other refrigoreting or freezing equipment, electric or other heat number other than air conditioning machines of heading 2415.
8418402099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Freezers of the upright type, not exceeding 900 litres capacity
	Of a capacity not exceeding 250 litres
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418408091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the upright type, not exceeding 900 litres capacity Of a capacity exceeding 250 litres but not exceeding 900 litres Of a capacity exceeding 250 litres but not exceeding 900 litres
	Other
	Pre-charged with hydrofluorocarbons (HFCs)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8418408099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Freezers of the upright type, not exceeding 900 litres capacity
	Of a capacity exceeding 250 litres but not exceeding 900 litres Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.44.0500000	• for linking these drilling or production platforms to the mainland
8418500000	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Other furniture (chests, cabinets, display counters, showcases and the like) for storage and display, incorporating refrigerating or freezing equipment
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8418610091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Other refrigerating or freezing equipment; heat pumps
	Heat pumps other than air conditioning machines of heading 8415
	Other Pro-shound with hydraftware or (UECs)
	Pre-charged with hydrofluorocarbons (HFCs) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418610099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Other refrigerating or freezing equipment; heat pumps Heat pumps other than air conditioning machines of heading 8415
	Other
	Other Control of the
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for lipking these drilling or production platforms to the mainland
8418690091	• for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Other refrigerating or freezing equipment; heat pumps
	Other Other
	Pre-charged with hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0449600000	for linking these drilling or production platforms to the mainland
8418690099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Other refrigerating or freezing equipment; heat pumps
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8418910000	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
8418910000	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Parts
8418910000	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
8418910000	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Parts Furniture designed to receive refrigerating or freezing equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8418910000	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Parts Furniture designed to receive refrigerating or freezing equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8418910000	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415 Parts Furniture designed to receive refrigerating or freezing equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;

Commodity Code	Description
8418991081	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Parts Other
	Evaporators and condensers, excluding those for refrigerators of the household type
	Other
	Other Pre-charged with hydrofluorocarbons (HFCs)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8418991087	• for linking these drilling or production platforms to the mainland Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
0410331007	Parts
	Other
	Evaporators and condensers, excluding those for refrigerators of the household type
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: ixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8418999091	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Parts Other
	Other
	Other
	Pre-charged with hydrofluorocarbons (HFCs)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8418999099	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415
	Parts Other
	Other
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0440440000	• for linking these drilling or production platforms to the mainland
8419110000	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage
	water heaters, non-electric
	Instantaneous or storage water heaters, non-electric
	Instantaneous gas water heaters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8419190000	• for linking these drilling or production platforms to the mainland Machinery, plant or laboratory aguinment, whether or not electrically heated (evaluding furnaces, evens and other equipment of heading 9514), for the treatment of materials by a process involving a change of temperature such as
0419190000	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage
	water heaters, non-electric
	Instantaneous or storage water heaters, non-electric
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8419200000	• for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as
UT 13400000	heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage
	water heaters, non-electric
	Medical, surgical or laboratory sterilisers a for incorporation in china, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion.
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.440000000	• for linking these drilling or production platforms to the mainland Machine and all the restance of the platform of the plat
8419390000	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as
	I DESTING COOKING DISCING DISCOURS TO SECURISING SECURISING ASSESSMENT AND DESTINATION OF DISCOURSE PROPERTY OF DESTINATION OF
	heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric
	water heaters, non-electric Dryers
	water heaters, non-electric Dryers Other
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	water heaters, non-electric Dryers Other
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8419400000	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for equipping the above platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Distilling or rectifying plant
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Distilling or rectifying plant • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Distilling or rectifying plant • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	water heaters, non-electric Dryers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Distilling or rectifying plant • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
8419508090	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Heat-exchange units Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8419600000	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric
	Machinery for liquefying air or other gases • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8419812090	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Other machinery, plant and equipment For making hot drinks or for cooking or heating food
	Percolators and other appliances for making coffee and other hot drinks Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8419818090	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Other machinery, plant and equipment
	For making hot drinks or for cooking or heating food Other Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8419890000	• for linking these drilling or production platforms to the mainland Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as
	heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Other machinery, plant and equipment
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8419908590	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric Parts
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8421110000	• for linking these drilling or production platforms to the mainland Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases Centrifuges, including centrifugal dryers Cream separators
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8421120000	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases Centrifuges, including centrifugal dryers Clothes dryers
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8421197000	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases Centrifuges, including centrifugal dryers Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code 8421210090	
0421210090	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases Filtering or purifying machinery and apparatus for liquids
	For filtering or purifying water
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421220000	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for liquids
	For filtering or purifying beverages other than water • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421230090	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for liquids
	Oil or petrol filters for internal combustion engines
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421298090	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for liquids
	Other Cothor
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421310090	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for gases Intake air filters for internal combustion engines
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421392590	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for gases
	Other Other
	Machinery and apparatus for filtering or purifying air
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0404202500	• for linking these drilling or production platforms to the mainland
8421393590	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases Filtering or purifying machinery and apparatus for gases
	Other
	Other
	Machinery and apparatus for filtering or purifying other gases
	By a catalytic process
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430,49 or floating or submersible of subheading 8905,20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8421398590	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Filtering or purifying machinery and apparatus for gases
	Other
	Other Control of the City of t
	Machinery and apparatus for filtering or purifying other gases
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8421910000	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Parts Of contributes in all ultimate contributed drawns
	Of centrifuges, including centrifugal dryers
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
-	

Commodity Code	Description
8421999091	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
0.2100001	Parts
	Other
	Other Parts of equipment, for the purification of water by reverse osmosis, consisting of a bundle of hollow fibres of artificial plastic material with permeable walls, embedded in a block of artificial plastic material at one end and passing
	through a block of artificial plastic material at the other end, whether or not housed in a cylinder
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8421999099	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases
	Parts Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8422110000	• for linking these drilling or production platforms to the mainland Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and
0422110000	similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages
	Dishwashing machines
	Of the household type • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8422190000	Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and
	similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages
	Dishwashing machines Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8422200000	Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and
	similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages Machinery for cleaning or drying bottles or other containers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8422300000	Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and
	similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages Machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and similar containers; machinery for aerating beverages
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8422400000	Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages
	Other packing or wrapping machinery (including heat-shrink wrapping machinery)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.400	• for linking these drilling or production platforms to the mainland
8423	Weighing machinery (excluding balances of a sensitivity of 5 cg or better), including weight-operated counting or checking machines; weighing machine weights of all kinds • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8424100090	Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and
	similar jet projecting machines Fire extinguishers, whether or not charged
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8424200000	• for linking these drilling or production platforms to the mainland Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and
U4444UUUUU	similar jet projecting machines
	Spray guns and similar appliances
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8424300000	• for linking these drilling or production platforms to the mainland Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and
J-12-100000	similar jet projecting machines
	Steam or sandblasting machines and similar jet projecting machines
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description Machanical appliances (whether or not hand approach) for projecting, dispersing or appliances in surface and similar appliances at a positive at a positive at a pos
8424890000	Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and similar jet projecting machines
	Other appliances
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8424908080	Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and
	similar jet projecting machines
	Parts Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8425	Pulley tackle and hoists other than skip hoists; winches and capstans; jacks
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8426110000	Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
	Overhead travelling cranes, transporter cranes, gantry cranes, bridge cranes, mobile lifting frames and straddle carriers
	Overhead travelling cranes on fixed support • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8426120000	• for linking these drilling or production platforms to the mainland Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
0420120000	Overhead travelling cranes, transporter cranes, gantry cranes, bridge cranes, mobile lifting frames and straddle carriers
	Mobile lifting frames on tyres and straddle carriers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8426190000	Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
	Overhead travelling cranes, transporter cranes, gantry cranes, bridge cranes, mobile lifting frames and straddle carriers
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8426200000	• for linking these drilling or production platforms to the mainland Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
042020000	Tower cranes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8426300000	Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
	Portal or pedestal jib cranes
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8426410000	Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
	Other machinery, self-propelled On tyres
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8426490000	• for linking these drilling or production platforms to the mainland Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane
0-120-130000	Other machinery, self-propelled
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers
8430100000	
8430100000	Piledrivers and pile extractors • for incorporation in ships, hoats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
8430100000	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8430100000	
8430100000	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers
	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers Snowploughs and snowblowers
8430100000 8430200000	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

0 " 0 1	
Commodity Code 8430310000	Description Other position and in a levelling covering coverating extracting or beginning to each principle of any pile extractors are unless to each pile extractors are unless to each pile extractors are unless to each pile extractors are unless to each pile extractors are unless to each pile extractors are unless to each pile extractors.
8430310000	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers Coal or rock cutters and tunnelling machinery
	Self-propelled
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8430390000	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers
	Coal or rock cutters and tunnelling machinery
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8430410000	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers
	Other boring or sinking machinery Self-propelled
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8430490000	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers
	Other boring or sinking machinery
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
042050000	• for linking these drilling or production platforms to the mainland Other moving, grading, levelling, coroning, everyting, temping, compacting or beging and planting and planting and another production platforms and another production platforms to the mainland
8430500000	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers Other machinery, self-propelled
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8431100000	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8425
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8431200030	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430 Of machinery of heading 8427
	Drive axle assembly containing differential, reduction gears, crown wheel, drive shafts, wheel hubs, brakes and mast mounting arms for use in the manufacture of vehicles in heading 8427
8431200080	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8427
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8431310000	• for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
0431310000	Of machinery of heading 8428
	Of lifts, skip hoists or escalators
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8431390000	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8428 Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8431410000	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8426, 8429 or 8430
	Buckets, shovels, grabs and grips • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8431420000	• for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
UTU 1 T4UUUU	Of machinery of heading 8426, 8429 or 8430
	Bulldozer or angledozer blades
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8431430000	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8426, 8429 or 8430 Parts for boring or sinking machinery of subheading 8430 41 or 8430 49
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	1 manageria processor

Commodity Code	Description
8431490000	Parts suitable for use solely or principally with the machinery of headings 8425 to 8430
	Of machinery of heading 8426, 8429 or 8430 Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8437800000	• for linking these drilling or production platforms to the mainland Machines for cleaning, sorting or grading seed, grain or dried leguminous vegetables; machinery used in the milling industry or for the working of cereals or dried leguminous vegetables, other than farm-type machinery
0.101.00000	Other machinery
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8437900000	Machines for cleaning, sorting or grading seed, grain or dried leguminous vegetables; machinery used in the milling industry or for the working of cereals or dried leguminous vegetables, other than farm-type machinery
	Parts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0420404000	• for linking these drilling or production platforms to the mainland Machine and the standard plant of the standard for the industrial annual feet and find a driving the standard for the industrial annual feet and find the standard for the industrial annual feet and find the standard for the industrial annual feet and find the standard for the industrial annual feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet and find the standard feet an
8438101000	Machinery, not specified or included elsewhere in this chapter, for the industrial preparation or manufacture of food or drink, other than machinery for the extraction or preparation of animal or fixed vegetable fats or oils Bakery machinery and machinery for the manufacture of macaroni, spaghetti or similar products
	Bakery machinery
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8438801000	Machinery, not specified or included elsewhere in this chapter, for the industrial preparation or manufacture of food or drink, other than machinery for the extraction or preparation of animal or fixed vegetable fats or oils Other machinery
	For the preparation of tea or coffee
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8438809900	Machinery, not specified or included elsewhere in this chapter, for the industrial preparation or manufacture of food or drink, other than machinery for the extraction or preparation of animal or fixed vegetable fats or oils
	Other machinery Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8438900000	Machinery, not specified or included elsewhere in this chapter, for the industrial preparation or manufacture of food or drink, other than machinery for the extraction or preparation of animal or fixed vegetable fats or oils Parts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8441800000	• for linking these drilling or production platforms to the mainland Other machinery for making up paper pulp, paper or paperboard, including cutting machines of all kinds
	Other machinery
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8441900000	Other machinery for making up paper pulp, paper or paperboard, including cutting machines of all kinds
	Parts • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8443197000	• for linking these drilling or production platforms to the mainland Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof
	Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8443310000	Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof
	Other printers, copying machines and facsimile machines, whether or not combined Machines which perform two or more of the functions of printing, copying or facsimile transmission, capable of connecting to an automatic data-processing machine or to a network
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8443321000	• for linking these drilling or production platforms to the mainland Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof
	Other printers, copying machines and facsimile machines, whether or not combined
	Other, capable of connecting to an automatic data-processing machine or to a network Printers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	- tot intituing triese writing or production platforms to trie maintain

	Description
8443390000	Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof Other printers, copying machines and facsimile machines and facsimile machines, whether or not combined
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8443910000	• for linking these drilling or production platforms to the mainland Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof
	Parts and accessories Parts and accessories of printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8443990000	• for linking these drilling or production platforms to the mainland Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442; other printers, copying machines and facsimile machines, whether or not combined; parts and accessories thereof
	Parts and accessories Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8444	for linking these drilling or production platforms to the mainland Machines for extruding, drawing, texturing or cutting man-made textile materials
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0.450	• for linking these drilling or production platforms to the mainland
8450	Household or laundry-type washing machines, including machines which both wash and dry • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8451100000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics
	Dry-cleaning machines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8451210000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics
	Drying machines Each of a dry linen capacity not exceeding 10kg
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8451290000	• for linking these drilling or production platforms to the mainland Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up
0431230000	textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics Drying machines Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8451300000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics
	Ironing machines and presses (including fusing presses) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8451400000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics
	Washing, bleaching or dyeing machines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8451808000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics
	Other machinery
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8451900000	Machinery (other than machines of heading 8450) for washing, cleaning, wringing, drying, ironing, pressing (including fusing presses), bleaching, dyeing, dressing, finishing, coating or impregnating textile yarns, fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or pinking textile fabrics Parts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland

Camana alita Cada	Description
Commodity Code 8470	Description Calculating machines and pocket-size data-recording, reproducing and displaying machines with calculating functions; accounting machines, postage-franking machines, ticket-issuing machines and similar machines, incorporating a
0470	calculating device; cash registers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8471800000	Automatic data-processing machines and units thereof; magnetic or optical readers, machines for transcribing data onto data media in coded form and machines for processing such data, not elsewhere specified or included Other units of automatic data-processing machines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8471900000	Automatic data-processing machines and units thereof; magnetic or optical readers, machines for transcribing data onto data media in coded form and machines for processing such data, not elsewhere specified or included
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8472	Other office machines (for example, hectograph or stencil duplicating machines, addressing machines, automatic banknote dispensers, coin-sorting machines, coin-counting or -wrapping machines, pencil-sharpening machines,
	perforating or stapling machines)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8473	• for linking these drilling or production platforms to the mainland Parts and accessories (other than covers, carrying cases and the like) suitable for use solely or principally with machines of headings 8470 to 8472
04/3	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8476	Automatic goods-vending machines (for example, postage stamp, cigarette, food or beverage machines), including money-changing machines
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479309000	• for linking these drilling or production platforms to the mainland Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
047 3303000	Presses for the manufacture of particle board or fibre building board of wood or other ligneous materials and other machinery for treating wood or cork
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479600000	• for linking these drilling or production platforms to the mainland Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
041300000	Evaporative air coolers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479790000	• for linking these drilling or production platforms to the mainland Machines and machines and included applications and individual functions, not appointed at included also where in this chanter.
0479790000	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter Passenger boarding bridges
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479830000	• for linking these drilling or production platforms to the mainland Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
047 9030000	Other machines and mechanical appliances
	Cold isostatic presses
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479893000	• for linking these drilling or production platforms to the mainland Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
2 11 2000000	Other machines and mechanical appliances
	Other
	Mobile hydraulic-powered mine roof supports • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8479896000	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
	Other machines and mechanical appliances Other
	Other Central greasing systems
İ	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter:
	Other:
	Other: Other:
8479899738	Other: Other: Camshaft actuator for controlling the timing of valve opening by using electromotor in a continuous variable valve timing system of an internal combustion piston engine, of:
8479899738	Other: Other: Camshaft actuator for controlling the timing of valve opening by using electromotor in a continuous variable valve timing system of an internal combustion piston engine, of: -a length of 110 mm or more but not more than 140 mm
8479899738	Other: Other: Camshaft actuator for controlling the timing of valve opening by using electromotor in a continuous variable valve timing system of an internal combustion piston engine, of:

Commodity Code	Description
8479899790	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
	Other machines and mechanical appliances Other
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8479902090	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
	Parts
	Other Of cast iron or cast steel
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8479907030	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
	Parts Other
	Other
	Other Silicone or plastic keyboards, comprising:
	-parts of common metal, and
	-whether or not comprising parts of plastic, -epoxy resin reinforced with fiberglass or wood,
	-whether or not printed or surface-treated,
	-with or without electrical conductors -with or without a membrane bonded to the keyboard,
	-with or without mono or multilayer protective film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8479907099	• for linking these drilling or production platforms to the mainland Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter
	Parts Other
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0404400540	• for linking these drilling or production platforms to the mainland
8481100510	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Pressure-reducing valves
	Combined with filters or lubricators For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481100590	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Pressure-reducing valves
	Combined with filters or lubricators
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8481101910	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Pressure-reducing valves Other
	Of cast iron or steel
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481101990	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Pressure-reducing valves Other
	Of cast iron or steel Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8481109910	• for linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
0401109910	Pressure-reducing valves
	Other Other
	For use in certain types of aircraft
0.404.400000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481109920	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Pressure-reducing valves
	Other
	Other Electromagnetic pressure reducing valve
	-with a plunger,
	-with at least 275 mPa internal tightness, -with a plastic connector with 2 silver or tin pins
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
8481109990	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Pressure-reducing valves Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8481201020	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Valves for oleohydraulic or pneumatic transmissions
	Valves for the control of oleohydraulic power transmission
	for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481201090	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Valves for oleohydraulic or pneumatic transmissions
	Valves for the control of oleohydraulic power transmission
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8481209020	• for linking these drilling or production platforms to the mainland Tana codes valves and similar appliances for pipes, beilar shalls, tanks, vets or the like, including pressure reducing valves and thermostatically controlled valves.
0401209020	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Valves for oleohydraulic or pneumatic transmissions
	Valves for the control of pneumatic power transmission
	for use in certain types of aircraft
0.404.000000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481209090	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Valves for oleohydraulic or pneumatic transmissions
	Valves for the control of pneumatic power transmission
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8481309120	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Check (non-return) valves Of cast iron or steel
	for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481309191	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Check (non-return) valves Of cast iron or steel
	Other
	Steel check (non-return) valves with:
	-an opening pressure of not more than 800 kPa
	-an external diameter not more than 37 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8481309199	• for linking these drilling or production platforms to the mainland Tana and a walk of an allowed for pines hallowed by the control of the plant o
0401309199	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Check (non-return) valves
	Of cast iron or steel
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8481309920	• for linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
0 4 01303320	l aps, cocks, valves and similar appliances for pipes, bolier shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Check (non-return) valves
	Other
	for use in certain types of aircraft
8481309930	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
0401309930	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Check (non-return) valves
	Other
	Brake booster check valve assembly containing at least:
	-three vulcanized rubber hoses,
	-one membrane valve, -two metal clamps,
	-two metal clamps, -one metal holder,
	-whether or not connecting metal pipe,
	for use in the manufacture of motor vehicles
8481309990	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Check (non-return) valves Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8481401050	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Safety or relief valves Of cast iron or steel
	for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
	To the construction, maintenance and repair of an orall of an unlauch weight exceeding 2 000 kilograms and of ground hying trainers for Civil use

Commodity Code	Description To the control of the co
8481401090	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves

8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Butterfly valves
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Butterfly valves Other Other
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Butterfly valves Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8481808590	Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8481808590	Other Other Other Butterfly valves For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Butterfly valves Other 6 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading 8905 20;
8481808590	Other Other Butterfly valves For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Butterfly valves Other in corporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; if or incorporation, for the purposes of their construction, repair, maintenance or submersible of subheading 8905 20; for equipping the above platforms; of relinking these drilling or production platforms to the mainland
8481808590 8481808730	Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of or incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of re equipping the above platforms; of linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other 6 in incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or lateral sisted below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances
	Other Other Other Other Sutterfly valves For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Sutterfly valves Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other
	Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Butterfly valves Other other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of riftling to or equipping such ships, boats or other vessels; of rincorporation, for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of re equipping the above platforms; of inking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other
	Other Other Other Other Butterfly valves For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Butterfly valves Other 'of for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 'of rictrip to or equipping such ships, boats or other vessels; 'for incorporation, for the purposes of their construction, repair, maintenance or conversion; 'of requipping the above platforms; 'of relinking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Diaphragm valves
	Other Other Other Butterfly valves For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Butterfly valves Other 'or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 'or incorporation, for the purposes of their construction, repair, maintenance or understanding or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 'or equipping the above platforms; 'or linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other
8481808730	Other Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft, for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Butterfly valves Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Othe
	Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting to or equipping such ships, boats or other vessels: 1 or incorporation, for the purposes of their construction repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 or equipping the above platforms; 3 or linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Diaphragm valves for use in certain types of aircraft 1 of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 1 aps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
8481808730	Other Other Other Other Other Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft, for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Other Other Other platforms to define the mainland of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other appliances of pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances of pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances of pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances
8481808730	Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Butterfly valves Other 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or fitting to or equipping such ships, boats or other vessels: 1 or incorporation, for the purposes of their construction repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 or equipping the above platforms; 3 or linking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Diaphragm valves for use in certain types of aircraft 1 of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use 1 aps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
8481808730	Other Other Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Other Butterfly valves Other - or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - or incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping the above platforms; - for inking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Diaphragm valves for use in certain types of aircraft - for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other onstruction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other
8481808730	Other Other Butterfly valves For use in certain types of aircraft. For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Sutterfly valves Other 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 2 for incorporation for the purposes of their construction, repair, maintenance or conversion; 3 for equipping the above platforms; 4 for incorporation for the purposes of their construction, repair, maintenance or conversion platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 5 for equipping the above platforms; 5 for inking these drilling or production platforms to the mainland Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Diaphragm valves for use in certain types of aircraft 5 out the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Other Other
8481808730	Other Other Other Other Butterfly valves For use in certain types of aircraft For use in certain types of aircraft; for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Other Other Butterfly valves Other - 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - 1 or incorporation for the purposes of their construction, repair, maintenance or conversion; - 1 or incorporation in ships, boats or other vessels; - 1 or incorporation in or the purposes of their construction, repair, maintenance or conversion; - 1 or inking the see defilling or production platforms: - 1 or linking these defilling or production platforms to the mainland - 1 aps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other Other Other Other Diaphragm valves Other appliances Other Other Other Other Other Diaphragm valves Other Other Diaphragm valves Other Other Diaphragm valves Other Other Diaphragm valves Other
8481808730	Other Other Other Butterfly valves For use in certain types of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircr
8481808730	Other Butterfly valves For use in certain types of aircraft. For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other appliances Other Other Other Other Other Office Other Other Other In Comporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incinopration, for the purposes of their construction, repair, maintenance or conversion; of incinopration in ships, boats or other vessels; of incinopration, for the purposes of their construction, repair, maintenance or conversion, of incinopration, for the purposes of their construction, repair, maintenance or conversion, of incinopration, for the purposes of their construction, repair, maintenance or conversion; of incinopration, for the purposes of their construction, repair, maintenance or conversion; of incinopration, for the purposes of their construction, repair, maintenance or conversion; of incinopration, for the purposes of their construction, repair, maintenance or conversion; of the incinopration and their construction, repair, maintenance or conversion; of the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Other
8481808730	Other Other Other Butterfly valves For use in certain types of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircraft For use in certain types of aircr

Commodity Code	Description The code whose and similar and line as for since he ilea to the since he ilea to the since he is a set of the sector of the secto
8481809940	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Other appliances Other
	Other
	Other
	for use in certain types of aircraft
0.404.00004.0	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481900010	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves Parts
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8481900090	Taps, cocks, valves and similar appliances for pipes, boiler shells, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves
	Parts
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8482101010	• for linking these drilling or production platforms to the mainland
8482101010	Ball or roller bearings Ball bearings
	With greatest external diameter not exceeding 30 mm
	Ball and cylindrical bearings:
	-with an outside diameter of 28 mm or more but not more than 140 mm,
	-with an operational thermal stress of more than 150°C at a working pressure of not more than 14 MPa,
	for the manufacture of machinery for the protection and control of nuclear reactors in nuclear power plants • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8482101015	• for linking these drilling or production platforms to the mainland Ball or roller hearings
0402101013	Ball or roller bearings Ball bearings
	With greatest external diameter not exceeding 30 mm
	Ball bearings with:
	-an internal diameter of 4 mm or more but not more than 9 mm,
	-an external diameter of not more than 26 mm,
	-a width of not more than 8 mm,
	for use in the manufacture of electromotors with a range of 40 000 rpm or more but not more than 80 000 rpm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8482101025	Ball or roller bearings
	Ball bearings
	With greatest external diameter not exceeding 30 mm
	Double row ball bearings / ball bearing cartridges: -with an internal diameter of 3 mm or more, but not more than 9 mm,
	-with an external diameter of 17 mm or more, but not more than 36 mm,
	-with a width of 6 mm or more, but not more than 69 mm,
	-manufactured according to ISO standard 492 - Class 5 or DIN 620 - P5 or ANSI Standard 20 - ABEC 5,
	-with ceramic balls,
	for use in turbo compressors (turbochargers)
8482101090	Ball or roller bearings
	Ball bearings With greatest external diameter not exceeding 30 mm
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8482109010	Ball or roller bearings
	Ball bearings Ball bearings
	Other
	Ball and cylindrical bearings: with an outside diameter of 38 mm or more but not more than 140 mm
	-with an outside diameter of 28 mm or more but not more than 140 mm, -with an operational thermal stress of more than 150°C at a working pressure of not more than 14 MPa,
	for the manufacture of machinery for the protection and control of nuclear reactors in nuclear power plants
8482109040	Ball or roller bearings
	Ball bearings
	Other
	Double row ball bearings / ball bearing cartridges:
	-with an internal diameter of 3 mm or more, but not more than 9 mm,
	-with an external diameter of 17 mm or more, but not more than 36 mm, -with a width of 6 mm or more, but not more than 69 mm,
	-manufactured according to ISO standard 492 - Class 5 or DIN 620 - P5 or ANSI Standard 20 - ABEC 5,
	-with ceramic balls,
	for use in turbo compressors (turbochargers)
8482109090	Ball or roller bearings
	Ball bearings Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8482200000	• for linking these drilling or production platforms to the mainland Ball or roller bearings
UTULLUUUUU	Tapered roller bearings, including cone and tapered roller assemblies
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	The mining those drining or production platforms to the maintain

Commodity Code	Description
8482300000	Ball or roller bearings
	Spherical roller bearings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8482400000	Ball or roller bearings
	Needle roller bearings • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0.400500040	• for linking these drilling or production platforms to the mainland
8482500010	Ball or roller bearings Other cylindrical roller bearings
	Ball and cylindrical bearings:
	-with an outside diameter of 28 mm or more but not more than 140 mm, -with an operational thermal stress of more than 150°C at a working pressure of not more than 14 MPa,
0.400500000	for the manufacture of machinery for the protection and control of nuclear reactors in nuclear power plants
8482500090	Ball or roller bearings Other cylindrical roller bearings
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8482800010	Ball or roller bearings
	Other, including combined ball/roller bearings Connecting components for use in the production of helicopter tail rotor shafts
8482800090	Ball or roller bearings
	Other, including combined ball/roller bearings Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8482910000	• for linking these drilling or production platforms to the mainland Ball or roller bearings
	Parts
	Balls, needles and rollers • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0.40000000	• for linking these drilling or production platforms to the mainland
8482990000	Ball or roller bearings Parts
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483102110	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Cranks and crank shafts
	Of cast iron or cast steel For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8483102190	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Transmission shafts (including cam shafts and crank shafts) and cranks
	Cranks and crank shafts Of cast iron or cast steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483102510	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Cranks and crank shafts
	Of open-die forged steel For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8483102590	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Cranks and crank shafts
	Of open-die forged steel Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8483102910	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Transmission shafts (including cam shafts and crank shafts) and cranks Cranks and crank shafts
	Other
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8483102990	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Cranks and crank shafts
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483105010	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Transmission shafts (including cam shafts and crank shafts) and cranks Articulated shafts
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8483105090	• use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Transmission shafts (including cam shafts and crank shafts) and cranks
	Articulated shafts Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8483109510	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Other
	For use in civil aircraft
	use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8483109530	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Transmission shafts (including cam shafts and crank shafts) and cranks
	Other
	Steel alloy splined shaft (torque shaft) with straight teeth and involute profile, with:
	-external toothing in a diametral pitch standard, -17 teeth or more, but not more than 50 teeth,
	-a diameter of 35 mm or more, but not more than 145 mm,
	-a length of 200 mm or more, but not more than 1345 mm,
	-a hardness of 35 hrc or more, but not more than 45 hrc • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483109590	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Transmission shafts (including cam shafts and crank shafts) and cranks Other
	Other Other
	Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483303210	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
8483303210	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
8483303210	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings
8483303210	Other Other Other Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings For ball or roller bearings
8483303210	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings
8483303210	Other Other Other Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings For ball or roller bearings For use in civil aircraft - use in civil aircraft - use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	Other Other Other Other Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings For ball or roller bearings For ball or roller bearings For use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use
8483303210 8483303230	Other Other Other Other Other Of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings For ball or roller bearings For ball or roller bearings For use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;

	Other Other Other Other Other Other Other Other Other Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for litting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the maintenance or conversion, in drilling or production platforms to the maintenance or conversion; for linking these drilling or production platforms to the maintenance or conversion, in drilling or production platforms to the maintenance, including the platforms to the maintenance or conversion and pulleys, including pulley blocks; clutches and crank shafts) and cranks, bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings For use in civil aircraft • use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Transmission shafts (including cam shafts and cranks shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, or to incorporating ball or roller bearings; plain shaft bearings Bearing housings of a kind used in turbochargers: of precision-cast grey cast iron complying with standard DIN EN 1561 or precision-cast ductile cast iron complying with DIN E
	Other Other Other Other Other * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Transmission shafts (including or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings For use in civil aircraft use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings of a kind used in turbochargers: of precision-cast grey cast iron complying with standard DIN EN 1561 or precision-cast ductile cast iron complying with DIN EN 1560, with oil chambers, without bearings,
	Other Other Other Other Other Other Other Other For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including carn shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings For ball or roller bearings For use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use Transmission shafts (including carn shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, a kind used in turbochargers: • of precision-cast grey cast iron complying with standard DIN EN 1561 or precision-cast ductile cast iron complying with DIN EN 1560, • with oil chambers, • without bearings, • with out bearings.
	Other Other Other Other Other Other In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; In incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; In requipping the above platforms; In linking these drilling or production platforms to the mainland Irransmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; cutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings For ball or roller bearings For ball or roller bearings For use in civil aircraft • use in civil aircraft • use in civil aircraft • use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use • Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings, gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; cutches and shaft couplings (including universal joints) • Bearing housings, not incorporating ball or roller bearings • Bearing housings For ball or roller bearings • Bearing housings and plain shaft bearings • Bearing housings For ball or roller bearings • Bearing housings of him or more, but not more than 150 mm, • with out bearings. • without bearings.
	Other Other Other Other Other Other of or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of reincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of reinking these drilling or production platforms to the mainland Transmissions shafts (including cam shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, For ball or roller bearings For use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings For ball or rol
	Other Other Other Other Other Other To incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for fitting to or equipping such ships, boats or other vessels; * for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the maintand Transmission shafts (including cam shafts and cransh shafts) and cransks, bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating to the universal plain shaft bearings For use in civil aircraft * use in civil aircraft * use in civil aircraft * use in civil aircraft * use in civil aircraft * use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion * use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion * use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings, on the incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion * For ball or roller bearings Bearing housings For ball or roller bearings Bearing housings For ball or rol
	Other Other Other Other Other Other of or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of ritting to or equipping such ships, boats or other vessels; of reincorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; of requipping the above platforms; of reinking these drilling or production platforms to the mainland Transmissions shafts (including cam shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, For ball or roller bearings For use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings, not incorporating ball or roller bearings Bearing housings For ball or rol

8483303290	Description Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings
	For ball or roller bearings Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8483303810	• for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings
	Other For use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8483303860	 use in ground flying trainers for civil use Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings Other
	Other Bearing housing of a kind used in turbochargers: -of precision-cast grey cast iron complying with standard DIN EN 1561 or precision-cast ductile cast iron complying with DIN EN 1560, -with oil chambers,
	-without bearings, -with a diameter of 50 mm or more, but not more than 250 mm, -with a height of 40 mm or more, but not more than 150 mm, -whether or not with water chambers and connectors
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483303899	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Bearing housings Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483308010	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Plain shaft bearings For use in civil aircraft • use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8483308090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Bearing housings, not incorporating ball or roller bearings; plain shaft bearings Plain shaft bearings Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483402190	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gears and gearing (other than friction gears) Spur and helical Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483402390	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gears and gearing (other than friction gears) Bevel and bevel/spur Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description Transmission shotts (including some shotts and graphs having having and plain shott havings graphs hall as reliev arrays and other and other and shorter including targets appropriately
8483402590	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
	Gears and gearing (other than friction gears)
	Worm gear
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8483402960	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
	Gears and gearing (other than friction gears)
	Other Other
	Epicyclic gearing, of a kind used in driving hand-held power tools with:
	-a rated torque of 25 Nm or more, but not more than 70 Nm,
	-standard gear ratios of 1:12.7 or more, but not more than 1:64.3
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483402970	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
0400402010	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
	Gears and gearing (other than friction gears)
	Other Cost steel planetery eage, with:
	Cast steel planetary cage, with: -external or internal toothing in a diametral pitch standard,
	-external of internal toothing in a diametral pitch standard, -27 teeth or more, but not more than 70 teeth,
	-a diameter of 300 mm or more, but not more than 725 mm,
	-a length of 225 mm or more, but not more than 800 mm,
	-3 or 4 planetary gears,
	-a hardness of 40 hrc or more, but not more than 45 hrc
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8483402989	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
	Gears and gearing, other than friction gears)
	Other
	Other
	Other

	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8483403090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
	Ball or roller screws Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8483405190	• for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
0403403130	flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
	Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
•	Gear boxes and other speed changers
	Gear boxes and other speed changers Gear boxes
	Gear boxes and other speed changers Gear boxes Other
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483405990	Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters;
8483405990	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
8483405990	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters
8483405990	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints)
8483405990	Gear boxes and other speed changers Gear boxes Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other
8483405990	Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8483405990	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8483405990	Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8483405990	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8483405990 8483409099	Gear boxes and other speed changers Gear boxes Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing, ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other Other of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation in the purposes of their construction, repair, maintenance or conversion; for incorporation in the purposes of their construction, repair, maintenance or conversion; for incorporation for the purposes of their construction, repair, maintenance or conversion; for incorporation for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft beari
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Transmission shafts (including or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and o
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Transmission shafts (including carn shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels in the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including oram shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; cutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Transmission shafts (including a mark shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and other transmission elements presented separately; ball or roller screws; gear boxes and other speed cha
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms, listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation in shafts (including carns shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers, including torque converters Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above
	Gear boxes and other speed changers Gear boxes Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including oram shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; cutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland Transmission shafts (including a mark shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and other transmission elements presented separately; ball or roller screws; gear boxes and other speed cha
	Gear boxes Gear boxes Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for filting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for inking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other Other or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms to the maintenance or conversion; or incorporation in ships, boats or other vessels including and shaft shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley
	Gear boxes Gear boxes Other 1 of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 of fitting to or equipping such ships, boats or other vessels; 2 of recomposition, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 of or equipping the above platforms; 3 of or inking these drilling or production platforms to the mainland 3 of transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) 3 Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters 3 Gear boxes and other speed changers 3 other 3 of the composation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 3 of incorporation in ships, boats or other vessels; 4 of riting to or equipping such ships, boats or other vessels; 5 of incorporation, for the purposes of their construction, repair, maintenance or conversion; 5 of incorporation, for the purposes of their construction, repair, maintenance or conversion; 5 of incorporation in ships, boats or other vessels; 6 of incorporation in ships, including pulley blocks; clutches and shaft couplings (including universal joints) 6 of a gearing of production platforms to the mainland 6 of requipping the above platforms; 6 of incorporation for the purposes of their construction, repair, maintenance or conversion; 7 of incorporation in ships, boats or other vessels listed in Table 1, for the
	Gear boxes Gear boxes Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for filting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for inking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Gears and gearing, other than toothed wheels, chain sprockets and other transmission elements presented separately; ball or roller screws; gear boxes and other speed changers, including torque converters Gear boxes and other speed changers Other Other or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms in conversion; or incorporation, for the purposes of their construction, repair, maintenance or conversion; or incorporation in ships, boats or other vessels listed in Table 3, for the purposes of their construction, repair, maintenance or conversion; or equipping the above platforms; or inking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks;

Commodity Code	Description
8483502090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Flywheels and pulleys, including pulley blocks Of cast iron or cast steel Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483508030	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Flywheels and pulleys, including pulley blocks Other
	Mechanical tensioner for maintaining the tension of the drive belts of a passenger car engine: -with two pulleys made of polyamide, each of them with a diameter of 50 mm or more but not more than 70 mm, -with a spring made of a steel alloy containing chromium and silicon, -with two arms made of aluminum, -with a holder made of aluminum, for use in the manufacture of motor vehicle engines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483508090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Flywheels and pulleys, including pulley blocks Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8483602090	• for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Clutches and shaft couplings (including universal joints) Of cast iron or cast steel Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483608090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8483902090	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts Parts of bearing housings Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8483908190	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts Other Of cast iron or cast steel Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8483908920	Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts: Other Sprocket for continuous variable valve timing to optimize the process of filling the cylinders of an internal combustion engine with: case
	rotor at least 4 screws springs of an external diameter of 80 mm or more but not exceeding 95 mm of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of a thickness of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of 25 mm or more but not more than 35 mm, for use in the manufacture of engines of motor vehicles of 25 mm or more but not more than 35 mm, for use in the m
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Description Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts Other
Other Forged steel sprockets with external toothing, whether or not with internal splines in a diametral pitch standard, with:
-a diameter of 400 mm or more, but not more than 630 mm,
-7 teeth or more, but not more than 15 teeth, -a tooth core hardness of 28 hrc or more, but not more than 45 hrc,
-a tooth surface hardness of 50 hrc or more, but not more than 60 hrc, -whether or not, a spline hardness of 30 hrc or more, but not more than 45 hrc,
-an effective carburised case depth of 4 mm or more, but not more than 5 mm
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts
Other Other
Steel alloy gear wheels with straight teeth and involute profile, with: -external and/or internal toothing in a diametral pitch standard,
-a diameter of 35 mm or more, but not more than 600 mm,
-13 teeth or more, but not more than 80 teeth, -a tooth core hardness of 28 hrc or more, but not more than 45 hrc,
-a tooth surface hardness of 50 hrc or more, but not more than 65 hrc, -an effective carburised case depth of 1.00 mm or more, but not more than 3.1 mm,
-a spline hardness of 27 hrc or more, but not more than 62 hrc, -whether or not in combination with a shaft with a spline hardness of 27 hrc or more, but not more than 62 hrc
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
 for equipping the above platforms; for linking these drilling or production platforms to the mainland
Transmission shafts (including cam shafts and crank shafts) and cranks; bearing housings and plain shaft bearings; gears and gearing; ball or roller screws; gear boxes and other speed changers, including torque converters; flywheels and pulleys, including pulley blocks; clutches and shaft couplings (including universal joints) Toothed wheels, chain sprockets and other transmission elements presented separately; parts
Other Other Other
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
Gaskets and similar joints of metal sheeting combined with other material or of two or more layers of metal; sets or assortments of gaskets and similar joints, dissimilar in composition, put up in pouches, envelopes or similar
packings; mechanical seals Gaskets and similar joints of metal sheeting combined with other material or of two or more layers of metal Other
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
for linking these drilling or production platforms to the mainland
Gaskets and similar joints of metal sheeting combined with other material or of two or more layers of metal; sets or assortments of gaskets and similar joints, dissimilar in composition, put up in pouches, envelopes or similar packings; mechanical seals Other
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
Machines for additive manufacturing Other
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
• for linking these drilling or production platforms to the mainland Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter
Ships' or boats' propellers and blades therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
• for fitting to or equipping such ships, boats or other vessels;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
 for equipping the above platforms; for linking these drilling or production platforms to the mainland
Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter Other Of cast iron
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
• for fitting to or equipping such ships, boats or other vessels;
 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
8487905190	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter
	Other
	Of iron or steel
	Of cast steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8487905790	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter
	Other
	Of iron or steel
	Of open-die forged or closed-die forged iron or steel
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8487905990	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter
	Other
	Of iron or steel
	Other

	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8487909090	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 85 Electrical machinery and equipment and parts thereof; sound recorders and reproducers, television image and sound recorders and reproducers, and parts and accessories of such articles

Commodity Code	and sound recorders and reproducers, and parts and accessories of such articles Description
8501101070	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W Synchronous motors of an output not exceeding 18 W
	Electric controller for blinds of cooler, with an operating dc voltage of 9 v or more but not more than 16 v and a maximum power of less than 18 w, containing at least:
	-a printed circuit board,
	-an electric stepper motor,
	-a connector, -a plastic cover,
	for use in the manufacture of goods of chapter 87
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501101090	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W Synchronous motors of an output not exceeding 18 W
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501109190	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W Other
	Universal AC/DC motors
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8501109390	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W Other
	AC motors
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for intuing to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501109956	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37.5 W
	Other
	DC motors
	Other
	Dc motor: - with a speed rotation of not more than 7 000 rpm without load,
	- with a nominal voltage of not more than 18 v,
	- with a maximum power of 24 w,
	- for a specific temperature range from -40°c to 160°c,
	- with or without a gear connection, - with or without a mechanical attachment interface,
	- with 2 electrical connections,
	- with a maximum torque of 100 nm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501109958	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W
	Other DC motors
	Other
	DC Motor:
	-with a speed rotation of not more than 6500 rpm (without load),
	-with a nominal voltage of 12 V (± 4 V), -with a maximal power below than 20 W,
	-with a specified temperature range from -40°C to 160°C,
	-with a worm gear drive,
	-with a mechanical attachment interface, -with 2 electrical connections,
	-with a maximum torque of 75 Nm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

	Description () The state of th
8501109965	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W
	Other
	DC motors
	Other
	Electric turbocharger actuator, with:
	-a DC motor,
	-an integrated gear mechanism,
	-a (pulling)force of 200 N or more at a minimum of 140°C elevated ambient temperature,
	-a (pulling) force of 250 N or more in each position of its stroke,
	-an effective stroke of 15 mm or more but not more than 25 mm,
	-with or without an on-board diagnostics interface • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501109970	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W
	Other
	DC motors Other
	DC stepping motor, with
	-an angle of step of 7,5 ° (± 0,5 °)
	-a two-phase winding,
	-a rated voltage of 9 V or more, but not more than 16,0 V
	-of a specified temperature range covering at least - 40 °C to + 105 °C
	-with or without connecting pinion
	-with or without motor drive connector
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8501109975	Electric motors and generators (excluding generating sets)

	for linking these drilling or production platforms to the mainland
8501109979	Electric motors and generators (excluding generating sets)
	Motors of an output not exceeding 37,5 W
	Other DC motors
	Other
	DC motor with brushes and an internal rotor with a three-phase winding, whether or not equipped with a worm or a pinion, of a specified temperature range covering at least - 20°C to + 70°C
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	$t = 0.12 \cdot 10^{-1}$ $t = 0.002 \cdot 10^{-1}$ $t = 0.002 \cdot 10^{-1}$ $t = 0.002 \cdot 10^{-1}$
8501109980	• for linking these drilling or production platforms to the mainland
8501109980	Electric motors and generators (excluding generating sets)
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other Other DC stepping motor, with:
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°),
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25° C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8501109980	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out pruse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or glatforms; • for linking those drilling or production platforms to the mainland
8501109980 8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out prote at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out brorque at 25° CC of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for lifting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a rated voltage of 10,5 V or more, but not more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generators)
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1,500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25° Co f 25 mNm or more, -a pull-out torque at 25° Co f 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out posses winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or subsequence of the construction, repair, maintenance or conversion; - for linking these drilling or production platforms to the mainland - Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other Other Other Other Other Other Other Other Other of third poor of the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels;
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1 500 ps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels: • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for fitting these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other Other Off incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed bel
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out forque at 25° C of 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5° V or more, but not more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other -for motors Other -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for incorporation, for the purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subhead
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1,500 pps or more, -a pull-out pulse rate of 1,500 pps or more, -a two-phase winding, and -a rated voltage of 10,5° or more, but not more than 16,0 V - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for inciding these drilling or production platforms; - for inciding these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other - DC motors Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for inciding these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other - DC motors Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for lifting to or equipping such ships, boats or other vessels; - for incorporation for the purposes of their construction, repair, maintenance or conversion; - for requipping the above platforms; - for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25° C of 25 mMm or more, -a pull-out pulse rate of 1500 pps or more, -a pull-out pulse rate of 1500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for finiting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, or other purposes of their construction, repair, maintenance or conversion; -for finiting these drilling or production platforms to the mainland
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5" (± 0,5"), -a pull-out forque at 25 °C of 25 mNm or more, -a pull-out pulse rate of 1500 pps or more, -a pull-out pulse rate of 1500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation for the purposes of their construction, repair, maintenance or conversion; -for equipping the above platforms; -for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other -DC motors Other -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels; -for incorporation in ships, boats or other vessels is or other vessels; -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion; -for filting to or equipping or production platforms to the mainland
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (± 0,5°), -a pull-out torque at 25° Cof 25° mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a torque at 25° cof 25° mNm or more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels: -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; -for incorporation, for the purposes of their construction and penetrators (excluding generating sets) Motors of an output not exceeding 37,5 W Other
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (e.0,5°), -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out pulse rate of 1500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting these drilling or production platforms to the mainland - Electric motors and generators (excluding generating sets) - Motors of an output not exceeding 37,5 W Other - Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair,
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other OC motors Other OC stepping motor, with: -an angle of step of 7,5' (± 0,5'), -a pull-out torque at 25' Co f 25' mNm or more, -a pull-out torque at 25' Co f 25' mNm or more, -a pull-out torque at 25' Co f 25' mNm or more, -a pull-out torque at 25' Co f 25' mNm or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation in ships, boats or other construction, repair, maintenance or conversion; -for linking these drilling or production platforms to the mainland
8501109990	Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other DC stepping motor, with: -an angle of step of 7,5° (e.0,5°), -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out torque at 25° Cof 25 mNm or more, -a pull-out pulse rate of 1 500 pps or more, -a pull-out pulse rate of 1 500 pps or more, -a two-phase winding, and -a rated voltage of 10,5 V or more, but not more than 16,0 V - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels for incident the second of production platforms to the maintaind Electric motors and generators (excluding generating sets) Motors of an output not exceeding 37,5 W Other DC motors Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for inking these drilling or production platforms to the maintaind - Electric motors and generators (excluding generating sets) - Universal AC/IOC motors of an output exceeding 37,5 W Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, mai

Commodity Code	Description
8501310045	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators
	Of an output not exceeding 750 W
	Other DC motors, brushless, with:
	-an external diameter of 90 mm or more, but not more than 110 mm,
	-a rated speed of not more than 3 680 rpm,
	-an output of 600 W or more but not more than 740 W at 2 300 rpm and at 80 °C,
	-a supply voltage of 12 V,
	-a torque of not more than 5,67 Nm, -a rotor position sensor,
	-an electronic star-point relay, and
	-for use with an electric power steering control module
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501310050	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators
	Of an output not exceeding 750 W
	Other DC motors, brushless, with:
	-an external diameter of 80 mm or more, but not more than 200 mm,
	-a supply voltage of 9 V or more, but not more than 16 V,
	-an output at 20 °C of 300 W or more, but not more than 750 W,
	-a torque at 20 °C of 2,00 Nm or more, but not more than 7,00 Nm,
	-a rated speed at 20 °C of 600 rpm or more, but not more than 3 100 rpm, -with or without the rotor angle position sensor of resolver type or Hall effect type,
	of the kind used in power steering systems for cars
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501310055	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators
	Of an output not exceeding 750 W
	Other DC motor with commutator, with
	-an external diameter of 27.5 mm or more, but not more than 45 mm,
	-a rated speed of 11 000 rpm or more, but not more than 23 200 rpm,
	-a rated supply voltage of 3.6 V or more, but not more than 230 V,
	-an output power of not more than 529 W,
	-a free load current of not more than 3.1 A, -a maximum efficiency of 54% or more,
	for driving hand-held power tools
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8501310099	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators
	Of an output not exceeding 750 W
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8501320065	• for linking these drilling or production platforms to the mainland
0301320003	Electric motors and generators (excluding generating sets): Of an output exceeding 750 W but not exceeding 75 Kyrr
	Of an output exceeding 750 W but not exceeding 75 Kw:
	Other Ready for installation in vahiales or equipment of headings 9422 and 9422, brushless and permanently excited direct current meter with:
	Ready for installation in vehicles or equipment of headings 8432 and 8433, brushless and permanently excited direct current motor with:
	a specified speed of not more than 4 100 rpm, a minimum output of 400 W, but not more than 1 3 kW (at 12 V) or with a minimum output of 750 W but not more than 1.55 kW (at 36 V)
	a minimum output of 400 W, but not more than 1,3 kW (at 12 V), or with a minimum output of 750 W but not more than 1,55 kW (at 36 V), a flange diameter of 85 mm or more but not more than 200 mm
	a maximum length of 335 mm, measured from the beginning of the shaft to the outer ending,
	a housing length of not more than 265 mm, measured from the flange to the outer ending
	a maximum of two-piece (basic housing including electric components and flange with minimum 2 and maximum 11 bore holes) aluminium diecast or sheet steel housing whether or not with a sealing compound (groove with an
	O-ring and grease), a stator with single T-tooth design and single coil windings in 9/6 or 12/8 topology, and
	surface magnets
	whether or not with electronic power steering controller
	whether or not with pulley
	whether or not with rotor position sensor Floating meters and generators (evaluding generating acts)
8501320099	Electric motors and generators (excluding generating sets) Other DC motors; DC generators
8501320099	
8501320099	
8501320099	Office DC motors, DC generators Of an output exceeding 750 W but not exceeding 75 kW Other
8501320099	Of an output exceeding 750 W but not exceeding 75 kW Other Other
8501320099	Of an output exceeding 750 W but not exceeding 75 kW Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
8501320099	Of an output exceeding 750 W but not exceeding 75 kW Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8501320099	Of an output exceeding 750 W but not exceeding 75 kW Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description (Additional Control of the Control of t
8501330030	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators Of an output exceeding 75 kW but not exceeding 375 kW
	Electric drive for motor vehicles, with an output of not more than 315 kW, with:
	• an AC or DC motor whether or not with transmission,
	• power electronics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
000100000	• for linking these drilling or production platforms to the mainland
8501330099	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators Of an output exceeding 75 kW but not exceeding 275 kW
	Of an output exceeding 75 kW but not exceeding 375 kW Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8501340099	Electric motors and generators (excluding generating sets)
	Other DC motors; DC generators
	Of an output exceeding 375 kW
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501402035	Electric motors and generators (excluding generating sets)
	Other AC motors, single-phase
	Of an output not exceeding 750 W
	Electric AC motor, single-phase, with:
	-a rated power of 120 W or more but not more than 150 W,
	-an input power of 280 W or more but not more than 350 W,
	-an external diameter without bracket connector and pulley of 145 mm or more but not more than 160 mm, -a rated speed of 2 680 rpm or more but not more than 3 000 rpm,
	-a weight of 4,2 kg or more but not more than 4,6 kg,
	-pulleys, a spindle and a tachometer,
	for use in the manufacture of home appliance products
	Electric motors and generators (excluding generating sets)
	Other AC motors, single-phase
	Of an output not exceeding 750 W
8501402045	Electric motors and generators (excluding generating sets)
	Other AC motors, single-phase Of an output not exceeding 750 W
	Electric AC motor, single-phase, with:
	-a rated power of 275 W or more, but not more than 325 W,
	-an input power of 600 W or more but not more than 700 W,
	-an external diameter without bracket and connector of 150 mm or more but not more than 170 mm,
	-a rated speed of 15 000 rpm or more but not more than 20 000 rpm,
	-a weight of 4,2 kg or more,
	-a pulley and a tachometer,
0504400050	for use in the manufacture of home appliance products
8501402050	Electric motors and generators (excluding generating sets) Other AC motors, single-phase
	Of an output not exceeding 750 W
	Electric AC motor, single-phase, with:
	-a rated power of 300 W or more but not more than 370 W,
	-an input power of 600 W or more but not more than 700 W,
	-an external diameter without bracket and connector of 150 mm or more but not more than 170 mm,
	-a rated speed of 15 000 rpm or more but not more than 19 000 rpm,
	-a weight of 4,8 kg or more,
	-a pulley,
9501402055	for use in the manufacture of home appliance products Electric maters and generators (excluding generating sets)
8501402055	Electric motors and generators (excluding generating sets) Other AC motors, single-phase
	Officer AC motors, single-phase Of an output not exceeding 750 W
	Electric AC motor, single-phase, with:
	-a rated power of 275 W or more, but not more than 325 W,
	-an input power of 600 W or more but not more than 700 W,
	-an external diameter without bracket and connector of 160 mm or more but not more than 180 mm,
	-a rated speed of 15 000 rpm or more but not more than 19 000 rpm,
	-a weight of not more than 4,4 kg,
	-a pulley,
9501402060	for use in the manufacture of home appliance products Electric maters and generators (excluding generating sets)
8501402060	Electric motors and generators (excluding generating sets) Other AC motors, single-phase
	Officer AC motors, single-phase Of an output not exceeding 750 W
	Electric AC motor, single-phase, with:
	-a rated power of 275 W or more but not more than 325 W,
	-an output power of 550 W or more but not more than 600 W,
	-an input power of 800 W or more but not more than 1 000 W,
	-an external diameter of more than 150 mm but not more than 170 mm without the bracket,
	-a rated speed of more than 16 000 rpm but not more than 18 000 rpm,
	-a weight of 3,4 kg or more but not more than 3,7 kg,
	-a pulley,
0504.400000	for use in the manufacture of home appliance products
8501402080	Electric motors and generators (excluding generating sets)
	Other AC motors, single-phase Of an output not exceeding 750 W
	Of an output not exceeding 750 W Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

8501408090 E	Description Electric motors and generators (excluding generating sets)
	()thor // motore cinalo phaco
1	Other AC motors, single-phase Of an output exceeding 750 W
	Of an output exceeding 750 W Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets)
	Other AC motors, multi-phase
	Of an output not exceeding 750 W
	AC synchronous servo motor with resolver and brake for a maximum speed of not more than 6 000rpm,
	With: '
-	- an output of 340W or more but not more than 7,4kW,
-	- a flange of dimensions of not more than 180mm x 180mm, and
-	- a length from flange to extreme end of resolver of not more than 271mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets):
	Other AC motors, multi-phase
	Of an output not exceeding 750 W
	Electric AC motor, three-phase, with:
	a rated power of 280 W or more but not more than 320 W an output power of 480 W or more but not more than 540 W
	an input power of 800 W or more but not more than 900 W
	an external diameter of 150 mm or more but not more than 170 mm,
	a rated speed of 15 000 rpm or more but not more than 20 000 rpm,
	a weight of 6 kg or more but not more than 6,4 kg,
	a pulley and a tachometer
	for use in the manufacture of home appliance products
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets)
	Other AC motors, multi-phase
	Of an output not exceeding 750 W
	Automotive-ready brushless permanently excited magnet synchronous ac-motor with
	-a specified speed of not more than 7 000 rpm,
	-a power rating of 400 w or more but not more than 1.8 kw (at 12 v),
	-a flange diameter of 80 mm or more, but not more than 200 mm,
	-a maximum length of not more than 220 mm, measured from the beginning of the shaft to its outer end,
	-a housing length of not more than 180 mm, measured from the flange to the outer end, -a steel sheet or die-cast aluminium basic housing consisting of not more than two parts, including electrical components and a flange with two or more but not more than 11 holes, whether or not with a sealing connection (groove
	with o-ring and protective grease or liquid seal interface),
	-a stator with single t-tooth design and single coil winding with 12/10 or 12/8 topology and surface magnets
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets)
	Other AC motors, multi-phase
	Of an output not exceeding 750 W
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
	Electric motors and generators (excluding generating sets)
	Other AC motors, multi-phase
	Of an output exceeding 750 W but not exceeding 75 kW
	Of an output exceeding 750 W but not exceeding 7,5 kW
	Other AC our phrancus come mater With receiver and brake for a maximum and of not more than C 000 mm. With:
	AC synchronous servo motor With resolver and brake for a maximum speed of not more than 6 000rpm, With:
	- an output of 340W or more but not more than 7,4kW,
	- a flange of dimensions of not more than 180mm x 180mm, and
-	- a length from flange to extreme end of resolver of not more than 271mm
	• for incorporation in shine, hoats or other vessels listed in Table 1, for the numbers of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
1	
	• for linking these drilling or production platforms to the mainland

Electric motors and generators (excluding generating sets) Other AC motors, multi-phase Other Ac motors, multi-phase	
Other AC motors, multi-phase Of an output exceeding 750 W but not exceeding 75 kW Of an output exceeding 750 W but not exceeding 7.5 kW Other Automotive-ready brushless permanently excited magnet synchronous ac-motor with -a specified speed of not more than 7 000 rpm, -a power rating of 400 or more but not more than 1.8 kw (at 12 v), -a flange diameter of 80 mm or more, but not more than 200 mm, -a maximum length of not more than 120 mm, measured from the beginning of the shaft to its outer end, -a housing length of not more than 180 mm, measured from the telange to the outer end, -a steel sheet or die-cast aluminium basic housing consisting of not more than two parts, including electrical components and a flange with two or more but not more than 11 holes, whether or not with a sealing of with o-ring and protective grease or liquid seal interface), -a stator with single t-tooth design and single coil winding with 12/10 or 12/8 topology and surface magnets -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation in ships, boats or other vessels; -for incorporation in or the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping the above platforms: -for linking these drilling or production platforms to the mainland Electric motors and generators (excluding generating sets) Other AC motors, multi-phase Of an output exceeding 750 W but not exceeding 75 kW Of an output exceeding 750 W but not exceeding 75 kW Other Other	
Of an output exceeding 750 W but not exceeding 7.5 kW Of an output exceeding 750 W but not exceeding 7.5 kW Other Automotive-ready brushless permanently excited magnet synchronous ac-motor with - a specified speed of not more than 7 000 rpm, - a power rating of 400 w or more but not more than 1.8 kw (at 12 v), - a flange diameter 0.80 m mor more, but not more than 1.80 kw (at 12 v), - a flange diameter 0.80 m mor more, but not more than 1.80 mm, - a maximum length of not more than 1.80 mm, measured from the lange to the outer end, - a housing length of not more than 1.80 mm, measured from the lange to the outer end, - a housing length of not more than 1.80 mm, measured from the lange to the outer end, - a steel sheet or die-cast aluminium basic housing consisting of not more than two parts, including electrical components and a flange with two or more but not more than 11 holes, whether or not with a sealing of with or-ring and protective grease or liquid seal interface), - a stator with single 1-tooth design and single coil winding with 12/10 or 12/8 topology and surface magnets - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for finking these drilling or production platforms to the mainland 8501522089 Electric motors and generators (excluding generating sets) Other AC motors, multi-phase Of an output exceeding 750 W but not exceeding 75 kW Other Other	
Of an output exceeding 750 W but not exceeding 7,5 kW Other Automotive-ready brushless permanently excited magnet synchronous ac-motor with - a specified speed of not more than 7 000 pm, - a power rating of 400 w or more but not more than 1.8 kw (at 12 v), - a flange diameter of 80 mm or more, but not more than 200 mm, - a maximum length of not more than 220 mm, measured from the beginning of the shaft to its outer end, - a housing length of not more than 180 mm, measured from the flange to the outer end, - a housing length of not more than 180 mm, measured from the flange to the outer end, - a tousing length of not more than 180 mm, measured from the flange to the outer end, - a steel sheet or dis-cast alturninum basic housing consisting of not more than two parts, including electrical components and a flange with two or more but not more than 11 holes, whether or not with a sealing of with 0-ring and protective grease or liquid seal interface), - a stator with single t-tooth design and single coil winding with 12/10 or 12/8 topology and surface magnets - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels: - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for linking these drilling or production platforms to the mainland 8501522089 8501522089 Electric motors and generators (excluding generating sets) Other AC motors, multi-phase Of an output exceeding 750 W but not exceeding 75 kW Other Other

Commodity Code 8501710000	Description Electric motors and generators (excluding generating sets)
300.7.10000	Photovoltaic DC generators Photovoltaic DC generators
	Of an output not exceeding 50 W
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8501720000	Electric motors and generators (excluding generating sets)
	Of an output exceeding 50 W
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8502112090	Electric generating sets and rotary converters
	Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Of an output not exceeding 75 kVA
	Of an output not exceeding 7,5 kVA Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8502118090	Electric generating sets and rotary converters Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Of an output not exceeding 75 kVA
	Of an output exceeding 7,5 kVA but not exceeding 75 kVA
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8502120090	Electric generating sets and rotary converters
	Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Of an output exceeding 75 kVA but not exceeding 375 kVA Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8502132090	Electric generating sets and rotary converters Concreting acts with compression ignition internal combustion pieton engines (discal engines)
	Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines) Of an output exceeding 375 kVA
	Of an output exceeding 375 kVA but not exceeding 750 kVA
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8502134090	Electric generating sets and rotary converters
	Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Of an output exceeding 375 kVA Of an output exceeding 750 kVA but not exceeding 2 000 kVA
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9502429000	• for linking these drilling or production platforms to the mainland
8502138090	Electric generating sets and rotary converters Generating sets with compression-ignition internal combustion piston engines (diesel or semi-diesel engines)
	Of an output exceeding 375 kVA
	Of an output exceeding 2 000 kVA Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8502202090	Electric generating sets and rotary converters
	Generating sets with spark-ignition internal combustion piston engines Of an output not exceeding 7,5 kVA
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8502204000	• for linking these drilling or production platforms to the mainland Electric generating sets and rotary converters
8502204090	Electric generating sets and rotary converters Generating sets with spark-ignition internal combustion piston engines
	Of an output exceeding 7,5 kVA but not exceeding 375 kVA
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	- for infining these drinking of production platforms to the maintain

	Other
	Rotor, at the inner side provided with one or two magnetic rings (uniform or sectional) whether or not incorporated in a steel ring
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8503009199	• for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	Of cast iron or cast steel
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8503009910	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other Other
	Other For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8503009931	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	I Other
	Other Other
	Other Stamped collector of an electric motor, having an external diameter of not more than 16 mm
	Other Stamped collector of an electric motor, having an external diameter of not more than 16 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	Other Stamped collector of an electric motor, having an external diameter of not more than 16 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	Other Stamped collector of an electric motor, having an external diameter of not more than 16 mm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
8503009932	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	Other Other
	Rotor, at the inner side provided with one or two magnetic rings (uniform or sectional) whether or not incorporated in a steel ring
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8503009933	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	Other Other
	Stator for brushless motor of electrical power steering with a roundness tolerance of 50 µm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8503009934	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other Other
	Other
	Rotor for brushless motor of electrical power steering with a roundness tolerance of 50 µm • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8503009937	Parts suitable for use solely or principally with the machines of heading 8501 or 8502 Other
	Other
	Other Rotor for an electric motor, with the rotor cylindrical body made of agglomerated ferrite and plastics and the shaft made of metal with:
	-diameter of the rotor body of 17 mm or more but not more than 37 mm,
	-length of the rotor body of 12 mm or more but not more than 36 mm, -shaft length of 52 mm or more but not more than 82 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8503009960	• for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the machines of heading 8501 or 8502
0303009900	Other
	Other Other
	Engine cover for electronic belt drive steering system of galvanized steel with a thickness of not more than 2,5 mm (± 0,25 mm)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8503009975	Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	Other Other
	Stator body of stacked electrical sheet having
	an inner diameter of 18 mm or more, but not more than 35 mm an outer diameter of 35 mm or more, but not more than 65 mm, and
	a length of 20 mm or more, but not more than 65 mm
8503009999	whether or not incorporated in a housing Parts suitable for use solely or principally with the machines of heading 8501 or 8502
	Other
	Other Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504102090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Ballasts for discharge lamps or tubes Inductors, whether or not connected with a capacitor
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504108090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Ballasts for discharge lamps or tubes Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504210000	Electrical transformers, static converters (for example, rectifiers) and inductors
	Liquid dielectric transformers Having a power handling capacity not exceeding 650 kVA
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
8504220000	Electrical transformers, static converters (for example, rectifiers) and inductors
	Liquid dielectric transformers Liquid a power handling consists expecting CEO IV/A but not exceeding 40 000 IV/A
	Having a power handling capacity exceeding 650 kVA but not exceeding 10 000 kVA • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504230000	Electrical transformers, static converters (for example, rectifiers) and inductors
	Liquid dielectric transformers
	Having a power handling capacity exceeding 10 000 kVA • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504312190	Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers Hoving a power handling conseity not exceeding 1 kV/A
	Having a power handling capacity not exceeding 1 kVA Measuring transformers
	For voltage measurement
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8504312990	• for linking these drilling or production platforms to the mainland Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers
	Having a power handling capacity not exceeding 1 kVA Measuring transformers
	Measuring transformers Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8504318015	• for linking these drilling or production platforms to the mainland Electrical transformers, static converters (for example, rectifiers) and inductors
0304310013	Other transformers
	Having a power handling capacity not exceeding 1 kVA
	Other Electrical Transformer with
	-a capacity of 192 Watts or 216 Watts
	-dimensions of not more than 27,1 x 26,6 x 18 mm
	-an operating temperature range of - 40 °C or more, but not more than + 125 °C -three or four inductively coupled copper wire windings and
	-9 connection pins at the bottom
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0504040005	• for linking these drilling or production platforms to the mainland
8504318025	Electrical transformers, static converters (for example, rectifiers) and inductors Other transformers
	Having a power handling capacity not exceeding 1 kVA
	Other Floatised Transform and the
	Electrical Transformer with -a capacity of 432 Watts
	-dimensions of not more than 24 mm x 21 mm x19 mm
	-an operating temperature range of - 20 °C or more, but not more than + 85 °C
	-two windings and -5 connection pins at the bottom
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8504318030	Electrical transformers, static converters (for example, rectifiers) and inductors Other transformers
	Other transformers Having a power handling capacity not exceeding 1 kVA
	Other
	Switching transformers, having a power handling capacity of not more than 1 kVA for use in the manufacture of static converters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504318035	• for linking these drilling or production platforms to the mainland Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers
	Having a power handling capacity not exceeding 1 kVA Other
	Other Electrical Transformer with
	-a capacity of 433 Watts
	-dimensions of not more than 37,3 x 38,2 x 28,5 mm -an operating temperature range of - 40 °C or more, but not more than + 125 °C
	-an operating temperature range of - 40 °C or more, but not more than + 125 °C -four inductively coupled copper wire windings and
	-13 connection pins at the bottom
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	l • tor titting to or adulinning such shine, hosts or other vessels.
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;

0	Description
Commodity Code 8504318040	Description Flectrical transformers, static converters (for example, rectifiers) and inductors
0304310040	Electrical transformers, static converters (for example, rectifiers) and inductors Other transformers
	Having a power handling capacity not exceeding 1 kVA
	Other
	Electrical transformers:
	-with a capacity of 1 kVA or less -without plugs or cables,
	for internal use in the manufacture of set top boxes and TVs
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8504318045	Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers
	Having a power handling capacity not exceeding 1 kVA Other
	Electrical Transformer with:
	-a capacity of 0,2 Watts,
	-dimensions of not more than 15 x 15,5 x 14 mm,
	-an operating temperature range of - 10 °C or more, but not more than + 125 °C,
	-two inductively coupled copper wire windings, -5 connection pins at the bottom, and
	-a copper shielding
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8504318050	Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers
	Having a power handling capacity not exceeding 1 kVA
	Other Transformers for use in the manufacture of electronic drivers, control devices and LED light sources for lighting industry.
	Transformers for use in the manufacture of electronic drivers, control devices and LED light sources for lighting industry • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8504318090	• for linking these drilling or production platforms to the mainland
0004310090	Electrical transformers, static converters (for example, rectifiers) and inductors Other transformers
	Having a power handling capacity not exceeding 1 kVA
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8504320090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers Having a power handling capacity exceeding 1 kVA but not exceeding 16 kVA Having a power handling capacity exceeding 1 kVA but not exceeding 16 kVA
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8504330090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Other transformers
	Having a power handling capacity exceeding 16 kVA but not exceeding 500 kVA
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in snips, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0E04240000	• for linking these drilling or production platforms to the mainland Floatrical transformers, static converters (for example, regtifiers) and industors
8504340000	Electrical transformers, static converters (for example, rectifiers) and inductors Other transformers
	Having a power handling capacity exceeding 500 kVA
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8504406090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Static converters
	Accumulator chargers
	Other • for incorporation in ships, hoats or other vessels listed in Table 1, for the nurposes of their construction, repair, maintenance or conversion:
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0504400000	• for linking these drilling or production platforms to the mainland
8504408390	Electrical transformers, static converters (for example, rectifiers) and inductors
	Static converters Other
	Rectifiers
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland

	Description
8504408590	Electrical transformers, static converters (for example, rectifiers) and inductors
	Static converters
	Other
	Inverters Having a power handling capacity not exceeding 7,5 kVA
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0504400000	• for linking these drilling or production platforms to the mainland
8504408690	Electrical transformers, static converters (for example, rectifiers) and inductors Static converters
	Other
	Inverters
	Having a power handling capacity exceeding 7,5 kVA
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8504409590	Electrical transformers, static converters (for example, rectifiers) and inductors
	Static converters
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8504409090	Electrical transformers, static converters (for example, rectifiers) and inductors
	Static converters
	Other
	Other
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8505111099	Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings,
	clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation
	Of metal
	Containing neodymium, praseodymium, dysprosium or samarium
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8505191020	Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings,
	clutches and brakes; electromagnetic lifting heads
	Permanent magnets and articles intended to become permanent magnets after magnetisation
	Other
	Permanent magnets of agglomerated ferrite Arc segments of permanent magnets of agglomerated ferrite, with:
	-a length of 16.8 mm or more, but not more than 110.2 mm,
	-a width of 14.8 mm or more, but not more than 75.2 mm,
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm,
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings,
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or patterns listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnetsation Other Permanent magnets of agglomerated ferrite
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnetisation Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8505191090	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms;
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for inching these drilling or production platforms to the mainland
8505191090 8505199060	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic outplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels! • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels! • for equipping the above platforms: • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings,
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads - Permanent magnets and articles intended to become permanent magnets after magnetisation Other - Permanent magnets of agglomerated ferrite Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for filting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation or the purposes of their construction, repair, maintenance or conversion; - for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after mag
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic outplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels! • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping such ships, boats or other vessels! • for equipping the above platforms: • for equipping the above platforms: • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings,
	- a width of 14,8 mm or more, but not more than 75.2 mm, - a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland
	-a width of 14.8 mm or more, but not more than 75.2 mm, -a thickness of 4.8 mm or more, but not more than 15.2 mm, for use in the manufacture of electromotor rotors - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; - for equipping the above platforms; - for linking these drilling or production platforms to the mainland - Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads - Permanent magnets and articles intended to become permanent magnets after magnetisation - Other - Permanent magnets of agglomerated ferrite - Other - Other or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for linking these drilling or production platforms
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 175.2 mm, for use in the manufacture of electromotor rotors for incursor in more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the maintand Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels: for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electromagnets, permanent magnets and articl
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 15.2 mm, for use in the manufacture of electromotor rotors • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Permanent magnets of agglomerated ferrite Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for inking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other Other Other Other Other Other Article of ag
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels: for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electromagnets: permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping the above platforms; for linking these drilling or production platforms to the mainland Electromagnets; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become
	a width of 14.8 mm or more, but not more than 75.2 mm, so thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electromagnets, permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets of agglomerated ferrite Other Other
	a width of 14.8 mm or more, but not more than 75.2 mm, so thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for linking these drilling or production platforms to the maintand Electromagnets; permanent magnets and articles intended to become permanent magnetis after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnetisation Other Permanent magnets of agglomerated ferrite Other *for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting tiping the above platforms; for linking these drilling or production platforms to the maintand Electromagnetic or permanent magnets and articles intended to become permanent magnets and articles intended to become permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet shall holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads Permanent magnets and articles intended to become permanent magnets after magnetisation Other
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 17.2 mm, for use in the manufacture of electromotor rotors **Or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For fitting to or equipping such ships, boats or other vessels; **For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; **For equipping the above platforms; **For linking these drilling or production platforms to the mainland **Electromagnetis; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads **Permanent magnets of agglomerated ferrite** Other **Permanent magnets of agglomerated ferrite** Other **For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For firiting to or equipping such ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For incorporation in ships,
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 13.2 mm, for use in the manufacture of electromotor rotors 1 for incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels. 2 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 2 for equipping the above platforms; 3 for linking these drilling or production platforms to the mainland Electromagnetic production platforms to the mainland Electromagnetic production platforms to the mainland electromagnetic production platforms to the mainland electromagnetic production platforms to the mainland electromagnetic production platforms in the mainland electromagnetic production platforms to the mainland electromagnetic drilling or production platforms to the mainland electromagnetic drilling or production platforms in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 3 for equipping such ships, boats or other vessels. 4 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms by the platforms; 5 for equipping the above platforms; 5 for equipping the above platforms; 6 for equipping the above platforms; 7 for equipping the above platforms; 8 for equipping the above platforms; 9 for equipping the above platforms; 1 for equipping the above platforms; 1 for equipping the above platforms; 1 for equipping the above platforms; 1 for equipping the above platforms; 1 for equipping the above platforms; 1 for equipping the above platforms; 2 for equipping the above platforms; 3 for equipping the above platforms; 3 for incorporation, or the purposes of their construct
	a width of 14.8 mm or more, but not more than 75.2 mm, a thickness of 4.8 mm or more, but not more than 17.2 mm, for use in the manufacture of electromotor rotors **Or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For fitting to or equipping such ships, boats or other vessels; **For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; **For equipping the above platforms; **For linking these drilling or production platforms to the mainland **Electromagnetis; permanent magnets and articles intended to become permanent magnets after magnetisation; electromagnetic or permanent magnet chucks, clamps and similar holding devices; electromagnetic couplings, clutches and brakes; electromagnetic lifting heads **Permanent magnets of agglomerated ferrite** Other **Permanent magnets of agglomerated ferrite** Other **For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For firiting to or equipping such ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation, ships, boats or other vessels; **For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **For incorporation in ships,

	• for equipping the above platforms;
8507600040	• for linking these drilling or production platforms to the mainland Flectric accumulators, including separators therefor, whether or not rectangular (including square)
8507600010	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	For use in civil aircraft
	• use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8507600015	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion
	Cylindrical lithium-ion-accumulators or modules with: -a nominal capacity of 8,8 Ah or more, but not more than 18 Ah,
	-a nominal voltage of 36 V or more, but not more than 48 V,
	-a power of 300 Wh or more, but not more than 648 Wh,
8507600021	for use in the manufacture of electric bicycles Flectric accumulators, including separators therefor, whether or not rectangular (including square)
0007000021	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Cylindrical rechargeable lithium-ion polymer accumulator module with:
	-a cable,
	-a connector, -1 or 2 cells,
	-a charge control module or ntc temperature sensor,
	-a fuse,
	-a weight of 37.3 g or more but not more than 91.5 g, -a nominal voltage of 3.2 v,
	-a battery capacity of 1 100 mah or more but not more than 2 200 mah,
	for the manufacture of automatic emergency call devices for passenger cars
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8507600004	• for linking these drilling or production platforms to the mainland Floatric accumulators, including separators therefor, whether or not rectangular (including square)
8507600024	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Rechargeable lithium-ion battery, based on lithium-iron-phosphate technology, with:
	-a fuse,
	-a cell-to-pack design, -a length of 985 mm or more but not more than 1 015 mm,
	-a length of 985 mm or more but not more than 1 015 mm, -a width of 1 050 mm or more but not more than 1 070 mm
	-a height of 145 mm or more but not more than 160 mm,
	-a weight of 220 kg or more but not more than 250 kg,
	-a capacity of 200 ah or more, -a specific energy density of 130 wh/kg or more,
	for use in the manufacture of vehicles of subheading 8702 40
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8507600033	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion Control Co
	Lithium-ion accumulator, with: - a length of 150 mm or more, but not more than 1 310 mm,
	- a width of 100 mm or more, but not more than 1 000 mm,
	- a height of 200 mm or more, but not more than 1 500 mm,
	- a weight of 75 kg or more, but not more than 200 kg, - a nominal capacity not less than 58 Ah and not more than 500 Ah
	- a nominal output voltage of 230V AC (Line to neutral) or a nominal voltage of 50V (± 10%)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainlan
8507600037	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion Lithium-ion accumulator, with:
	- a length of 1 200 mm or more, but not more than 2 000 mm
	- a width of 800 mm or more, but not more than 1 300 mm
	- a height of 2 000 mm or more, but not more than 2 800 mm - a weight of 1 800 kg or more, but not more than 3 000 kg
	- a nominal capacity of 2 800 Ah or more but not more than 7 200 Ah
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8507600050	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion Modules for the assembly of batteries of ion lithium electric accumulators with:
	- a length of 298 mm or more, but not more than 500 mm,
	- a width of 33.5 mm or more, but not more than 209 mm,
	- a height of 75 mm or more, but not more than 228 mm, - a weight of 3.6 kg or more, but not more than 17 kg, and
	- a power of 458 Wh or more, but not more than 2 158 Wh
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8507600065	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion Cylindrical lithium ion cell with - a nominal diameter of 9.8 mm or more, but not more than 14.5 mm, - a nominal voltage of 3.0 VDC or more, but not more than 4.0 VDC, and - a nominal capacity of 200 mAh or more, but not more
	than <u>1200</u> mAh
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8507600068	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Lithium-ion accumulator in a metal housing, with
	- a length of 65 mm or more, but not more than 225 mm,
	- a width of 10 mm or more, but not more than 75 mm, - a height of 60 mm or more, but not more than 285 mm,
	- a nominal voltage of 2.1 V or more, but not more than 3.8 V, and
	- a nominal capacity of 2.5 Ah or more, but not more than 325 Ah
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
050700077	• for linking these drilling or production platforms to the mainland
8507600077	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Lithium-ion rechargeable batteries, with:
	-a length of 700 mm or more, but not more than 2 820 mm,
	-a width of 935 mm or more, but not more than 1 660 mm, -a height of 85 mm or more, but not more than 700 mm,
	-a neight of 85 mm or more, but not more than 700 mm, -a weight of 250 kg or more, but not more than 700 kg,
	-a power of not more than 175 kwh,
	-a nominal voltage of 350 v or more, but not more than 430 v
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8507600090	• for linking these drilling or production platforms to the mainland Electric accumulators, including separators therefor, whether or not rectangular (including square)
0307 000030	Lithium-ion
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9507600007	• for linking these drilling or production platforms to the mainland
8507600037	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Lithium-ion accumulator, with:
	-a length of 1 200 mm or more, but not more than 2 000 mm
	-a width of 800 mm or more, but not more than 1 300 mm -a height of 2 000 mm or more, but not more than 2 800 mm
	-a weight of 1 800kg or more, but not more than 3 000kg
	-a nominal capacity of 2 800 Ah or more but not more than 7 200 Ah
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code 8507600050	Description Electric accumulators, including separators therefor, whether or not rectangular (including square)
0001000000	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Modules for the assembly of batteries of ion lithium electric accumulators with:
	-a length of 298 mm or more, but not more than 408 mm,
	-a width of 33,5 mm or more, but not more than 209 mm, -a height of 138 mm or more, but not more than 228 mm,
	-a weight of 3,6kg or more, but not more than 17kg, and
	-a power of 458 Wh or more, but not more than 2 158 Wh
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
050700005	• for linking these drilling or production platforms to the mainland
8507600065	Electric accumulators, including separators therefor, whether or not rectangular (including square) Lithium-ion
	Cylindrical Lithium Ion Cell with
	-3,5 VDC to 3,8 VDC,
	-300 mAh to 900 mAh and -a diameter of 10,0 mm to 14,5 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8507600090	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Lithium-ion Control Co
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8507800090	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Other accumulators
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8507903010	• for linking these drilling or production platforms to the mainland Electric accumulators, including separators therefor, whether or not rectangular (including square)
0307903010	Parts
	Separators
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8507903090	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Parts Separators
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8507908010	Electric accumulators, including separators therefor, whether or not rectangular (including square) Parts
	Other
	For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8507908090	Electric accumulators, including separators therefor, whether or not rectangular (including square)
	Parts
	Other Other
8511100010	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Sparking plugs
	For use in civil aircraft • use in civil aircraft
	use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
0544400000	• use in ground flying trainers for civil use
8511100090	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Sparking plugs
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0544000010	• for linking these drilling or production platforms to the mainland
8511200010	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Ignition magnetos; magneto-dynamos; magnetic flywheels
	For use in civil aircraft
	• use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
	1

Commercial	Description
Commodity Code 8511200090	Description Floatrical ignition or starting aguigment of a kind used for spark ignition or compression ignition internal combustion engines (for example, ignition magnetes, magnetes, magnetes, magnetes, magnetes, description coils, sparking plugs, and glow plugs, starter,
0311200090	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Ignition magnetos; magneto-dynamos; magnetic flywheels
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8511300010	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Distributors; ignition coils For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
054400000	• use in ground flying trainers for civil use
8511300030	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Distributors; ignition coils
	Igniter integrated coil assembly with:
	-an igniter,
	-a coil on plug assembly with an integrated mounting bracket, -a housing,
	-a length of 90 mm or more but not more than 200 mm (+/- 5 mm),
	-an operating temperature of -40 °C or more but not more than 130 °C,
	-a voltage of 10,5 V or more, but not more than 16 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8511300055	• for linking these drilling or production platforms to the mainland Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
JU 1 1 JUUU JU	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Distributors; ignition coils
	Ignition coil:
	-with a length of 50 mm or more, but not more than 200 mm, -with an operating temperature of - 40 °C or more, but not more than 140 °C, and
	-with a voltage of 9 V or more, but not more than 16 V,
	-with or without connection cable,
0544200000	for use in the manufacture of engines of motor vehicles
8511300090	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Distributors; ignition coils
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8511400010	• for linking these drilling or production platforms to the mainland Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
0311400010	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Starter motors and dual purpose starter-generators
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
8511400090	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Starter motors and dual purpose starter-generators Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8511500010	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Other generators For use in civil aircraft
	• use in civil aircraft
	use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8511500090	• use in ground flying trainers for civil use Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
0011000000	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Other generators
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0511000010	• for linking these drilling or production platforms to the mainland Floatrical ignition or starting agreement of a kind used for exactly ignition or compression ignition internal computation angines (for example, ignition magnetes, magnetes, magnetes, dynamos, ignition coils, energing plugs and glow plugs, etertor,
8511800010	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Other equipment
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use
8511800090	Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
	Other equipment Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

8511900010	Description Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines
8511900090	Parts For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical ignition or starting equipment of a kind used for spark-ignition or compression-ignition internal combustion engines (for example, ignition magnetos, magneto-dynamos, ignition coils, sparking plugs and glow plugs, starter
0311300030	motors); generators (for example, dynamos, alternators) and cut-outs of a kind used in conjunction with such engines Parts Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8512200030	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles
	Other lighting or visual signalling equipment Lighting module, containing at least: -two LEDs, -glass or plastic lenses, focusing/scattering the light emitted by the LEDs,
	-reflectors redirecting the light emitted by the LEDs, in an aluminium housing with a radiator, mounted at a bracket with an actuator • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8512200040	• for linking these drilling or production platforms to the mainland Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles Other lighting or visual signalling equipment
	Fog lamp with a galvanised inner surface, containing: -a plastic holder with three or more brackets, -one or more 12 V bulbs,
	-a connector, -a plastic cover, -whether or not with a connection cable
8512200040	for use in the manufacture of goods of Chapter 87 Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles Other lighting or visual signalling equipment Fog lamp with a galvanised inner surface, containing:
	-a plastic holder with three or more brackets, -one or more 12 V bulbs, -a connector,
	-a plastic cover, -whether or not with a connection cable for use in the manufacture of goods of Chapter 87
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8512200060	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles
00.1220000	Other lighting or visual signalling equipment Information screen displaying
	-at least time, date and status of safety features in a vehicle, or -safety information on driving in the lane, blind spot, distance from the vehicle in front, current speed, speed limit, with an operating voltage of 12 V or more but not more than 14,4 V, of a kind used in the manufacturing of goods of Chapter 87
8512200090	Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles Other lighting or visual signalling equipment Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
8512309000	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles
	Sound signalling equipment Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8512400000	• for linking these drilling or production platforms to the mainland Electrical lighting or signalling equipment (excluding articles of heading 8539), windscreen wipers, defrosters and demisters, of a kind used for cycles or motor vehicles Windscreen wipers, defrosters and demisters
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8513100000	• for linking these drilling or production platforms to the mainland Portable electric lamps designed to function by their own source of energy (for example, dry batteries, accumulators, magnetos), other than lighting equipment of heading 8512
	Lamps • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8515908090	Electric (including electrically heated gas), laser or other light or photon beam, ultrasonic, electron beam, magnetic pulse or plasma arc soldering, brazing or welding machines and apparatus, whether or not capable of cutting; electric machines and apparatus for hot spraying of metals or cermets Parts
	Other Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

E4040000	Description
3516100000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Electric instantaneous or storage water heaters and immersion heaters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
516210000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electric space-heating apparatus and electric soil-heating apparatus Storage heating radiators
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
16290000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Electric space-heating apparatus and electric soil-heating apparatus
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
516310000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Electrothermic hairdressing or hand-drying apparatus
	Hairdryers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
516320000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Electrothermic hairdressing or hand-drying apparatus
	Other hairdressing apparatus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
16330000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electrothermic hairdressing or hand-drying apparatus
	Hand-drying apparatus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
516400000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electric smoothing irons
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
16500090	
710300030	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
710300030	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
710300030	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other
710300030	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
710300030	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
710300030	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob)
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation at least an oven and a hob) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation at least an oven and a hob) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
16601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, f
16601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for linking these drilling or production platforms to the mainland • Flectric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, ot
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair cu
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incing these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms; • for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric insomothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for inking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cookers, cooking plates, boiling rings; grille
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; gillers and roadsers Cookers (incorporation in ships, boats or other vessels; for incorporation or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cooke
516601000 516605000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for inking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookiers, cooking plates, boliling rings; grillers and roasters Cookers (incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers,
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or incorporation, for the purposes of their construction, repair, maintenance or conversion; 2 or incorporation, for the purposes of their construction, repair, maintenance or conversion; 3 or equipping the above platforms; 4 or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 3 or incorporation or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob) 1 or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 or incorporation, for the purposes of their construction, repair, maintenance or conversion; 2 or incorporation, for the purposes of their construction, repair, maintenance or conversion; 3 or incorporation, for the purposes of their construction, repair, maintenance or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kin
516601000 516605000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Microwave ovens Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob) for incorporation is ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction repair, maintenance or conversion; for fitting to or equipping the above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdyers, hair curlers, curlin
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other overs; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob) for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, electric monthing incording their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, electric monthing incording their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for linking to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other v
516601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is tested below: fixed, of subheading 8843 49 or floating or submersible of subheading 8805 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric specific monthly in process of their electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters Cookers (incorporating at least an oven and a hob) for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms be above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dyrers; electric space in the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping guest hisps, boats or other vessels for
16601000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes, electric heating resistors, other than those of heading 8545 Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other overs; cookers, cooking plates, boiling rings; grillings and roasters Cookers (incorporating at least an oven and a hob) for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels; for incorporation in ships, electric monthing incording their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation in ships, electric monthing incording their construction, repair, maintenance or conversion; for incorporation in ships, boats or other vessels; for incorporation in ships, boats or other vessels, for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrother

Commodity Code	Description
8516608010	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters
	Other ovens, cooking plates, boiling rings, grillers and roasters Ovens for building in
	Cavity assembly comprising at least:
	-a transformer with an input of not more than 240 V and an output of not more than 3 000 W
	-an AC or DC fan motor with an output of not more than 42 watts
	-a housing made of stainless steel
	-with or without a magnetron of a microwave output power of not more than 900 W for use in the manufacture of built-in products of headings 8514 2080, 8516 5000 and 8516 6080
8516608090	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Other ovens; cookers, cooking plates, boiling rings; grillers and roasters
	Ovens for building in
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8516609000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Other ovens; cookers, cooking plates, boiling rings; grillers and roasters
	Other Overs, cooking plates, boiling rings, grillers and roasters Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8516710000	• for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Other electrothermic appliances
	Coffee or tea makers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8516720000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Other electrothermic appliances Toasters
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8516790000	• for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
0310790000	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Other electrothermic appliances
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8516802010	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electric heating resistors Assembled with an insulated former
	Assembled only with a simple insulated former and electrical connections, used for anti-icing or de-icing, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8516802090	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electric heating resistors Assembled with an insulated former
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8516808000	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
-	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Electric heating resistors
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8516900010	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Parts For heating circreft and wing surfaces, mounted an propeller coronlance, and for use in cortain types of circreft.
	For heating aircraft and wing surfaces, mounted on propeller aeroplanes, and for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

8516900051	Description Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Parts
	Other Legs, tops and iron rests of ironing boards, including of sleeve boards, whether or not free standing, with a steam soaking and/or heating top and/or blowing top • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;
8516900070	• for linking these drilling or production platforms to the mainland Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545
	Parts Other Inner pot
	-containing side and central openings, -of annealed aluminium, -with a ceramic coating, heat resistant to more than 200° C
8516900099	for use in the manufacture of an electric fryer Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong
3310300033	heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545 Parts Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
8517110000	• for linking these drilling or production platforms to the mainland Telephone sets, including telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or
	wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Telephone sets, including telephones for cellular networks or for other wireless networks Line telephone sets with cordless handsets
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8517180000	• for linking these drilling or production platforms to the mainland Telephone sets, including telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or
	wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Telephone sets, including telephones for cellular networks or for other wireless networks Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8517691000	Telephone sets, including telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or
	wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or wireless network (such as a local or wide area network) Other
	Videophones • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8517692000	Telephone sets, including telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or
	wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or wireless network (such as a local or wide area network) Other
	Entry-phone systems • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8518220090	• for linking these drilling or production platforms to the mainland Microphones and stands therefor; loudspeakers, whether or not mounted in their enclosures; headphones and earphones, whether or not combined with a microphone, and sets consisting of a microphone and one or more
0010220000	loudspeakers; audio-frequency electric amplifiers; electric sound amplifier sets Loudspeakers, whether or not mounted in their enclosures Multiple loudspeakers, mounted in the same enclosure
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8518500090	• for linking these drilling or production platforms to the mainland Microphones and stands therefor; loudspeakers, whether or not mounted in their enclosures; headphones and earphones, whether or not combined with a microphone, and sets consisting of a microphone and one or more
0310300090	loudspeakers; audio-frequency electric amplifiers; electric sound amplifier sets Electric sound amplifier sets Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8519201000	Sound recording or sound reproducing apparatus
	Apparatus operated by coins, banknotes, bank cards, tokens or by other means of payment Coin- or disc-operated record-players
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
	1 .o. mining a root arming of production producting to the marinana

Commodity Code	Description Sound recording or count reproducing emperatus
8519209100	Sound recording or sound reproducing apparatus Apparatus operated by coins, banknotes, bank cards, tokens or by other means of payment
	Other
	With laser reading system
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8519209990	Sound recording or sound reproducing apparatus
	Apparatus operated by coins, banknotes, bank cards, tokens or by other means of payment Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8519300000	Sound recording or sound reproducing apparatus
	Turntables (record-decks) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8521109590	• for linking these drilling or production platforms to the mainland Video recording or reproducing apparatus, whether or not incorporating a video tuner
	Magnetic tape-type
	Other
	Other • for incorporation in ships, hoats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8521900000	• for linking these drilling or production platforms to the mainland Video recording or reproducing apparatus, whether or not incorporating a video tuner
032190000	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8522100000	Parts and accessories suitable for use solely or principally with the apparatus of heading 8519 or 8521
	Pick-up cartridges
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8525500000	Transmission apparatus for radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras, digital cameras and video camera recorders Transmission apparatus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8525600000	Transmission apparatus for radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras, digital cameras and video camera recorders
	Transmission apparatus incorporating reception apparatus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8525810000	Transmission apparatus for radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras, digital cameras and video camera recorders
	Television cameras, digital cameras and video camera recorders High-speed goods as specified in subheading note 1 to this chapter
8525820000	Transmission apparatus for radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras, digital cameras and video camera recorders
	Other, radiation-hardened or radiation-tolerant goods as specified in subheading note 2 to this chapter
8526100090	Radar apparatus, radio navigational aid apparatus and radio remote control apparatus
	Radar apparatus Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8526920090	Radar apparatus, radio navigational aid apparatus and radio remote control apparatus
_	Other
	Radio remote control apparatus
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8527130000	• for linking these drilling or production platforms to the mainland Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock
3321 130000	Reception apparatus for radio-broadcasting, whether or not combined, in the same nousing, with sound recording or reproducing apparatus or a clock Radio-broadcast receivers capable of operating without an external source of power
	Other apparatus combined with sound recording or reproducing apparatus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8527190000	Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock
	Radio-broadcast receivers capable of operating without an external source of power
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8527210000	Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock
	Radio-broadcast receivers not capable of operating without an external source of power, of a kind used in motor vehicles
	Combined with sound recording or reproducing apparatus
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8527290000	Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock
	Radio-broadcast receivers not capable of operating without an external source of power, of a kind used in motor vehicles
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8527920000	Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock
	Other Not combined with sound recording or reproducing apparatus but combined with a clock
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8528590020	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Other monitors
	Other monitors Other
	Liquid crystal display colour video monitor assembly mounted on a frame,
	-excluding those combined with other apparatus, -comprising touch screen facilities, a printed circuit board with drive circuitry and power supply,
	used for permanent incorporation or permanent mounting into entertainment systems for vehicles
8528590030	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Other monitors Other
	Electronic device with LCD touch screen display powered by a voltage of 12 V or more but not more than 14,4 V, containing:
	-a LCD control processor,
	-a GPS module, -a Bluetooth module,
	-an USB port,
	-a radio signal tuner,
	-whether or not containing DAB module, -whether or not containing functions for cooperation with E-CALL,
	-whether or not containing an integrated control panel,
	-whether or not containing connectors, for use in the manufacture of goods of Chapter 87
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8528590090	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Other monitors Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8528692000	• for linking these drilling or production platforms to the mainland Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
0020092000	Projectors
	Other
	Monochrome • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8528698010	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Projectors
	Other Other
	Video projector consisting of three cathode-ray tubes each with a lens, for use in certain types of aircraft
052000000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8528698090	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Projectors
	Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
-	

Commodity Code	Description
8528710000	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Not designed to incorporate a video display or screen
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8528711100	• for linking these drilling or production platforms to the mainland Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Not designed to incorporate a video display or screen Video tuners
	Electronic assemblies for incorporation into automatic data-processing machines
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8528711500	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Not designed to incorporate a video display or screen
	Apparatus with a microprocessor-based device incorporating a modem for gaining access to the Internet, and having a function of interactive information exchange, capable of receiving television signals (so-called 'set-top boxes
	which have a communication function', including those incorporating a device performing a recording or reproducing function, provided that they retain the essential character of a set top box which has a communication function) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8528711900	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Not designed to incorporate a video display or screen
	Video tuners
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8528719100	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Not designed to incorporate a video display or screen
	Other Apparatus with a microprocessor-based device incorporating a modem for gaining access to the Internet, and having a function of interactive information exchange, capable of receiving television signals (so-called 'set-top boxes
	which have a communication function, including those incorporating a device performing a recording function, provided that they retain the essential character of a set top box which has a communication function)
8528720000	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Other, colour
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8528730000	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus
	Reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reproducing apparatus Other, monochrome
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
0500400500	for linking these drilling or production platforms to the mainland
8529106590	Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528 Aerials and aerial reflectors of all kinds; parts suitable for use therewith
	Inside aerials for radio or television broadcast receivers, including built-in types
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8529901500	Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528
	Other Organic light-emitting diode modules and organic light-emitting diode papels for the apparatus of subheadings 8528.73 or 8528.73
	Organic light-emitting diode modules and organic light-emitting diode panels for the apparatus of subheadings 8528 72 or 8528 73 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
050000000	for linking these drilling or production platforms to the mainland
8529902000	Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528 Other
	Of digital cameras falling within subheadings 8525 81 00, 8525 82 00, 8525 83 00 and 8525 89 00; Of apparatus of subheadings 8525 60 00, 8528 42 00, 8528 52 10 and 8528 62 00
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8529906500	Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528
	Other Other
	Other
	Electronic assemblies • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms;

Commodity Code 8529909200	Description
8529909200	D ()(1) () () () () () () () ()
	Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528
	Other Other
	Other
	Other
	Other
	For television cameras falling within subheadings 8525 81, 8525 82, 8525 83 and 8525 89 and apparatus of headings 8527 and 8528
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8529909700	• for linking these drilling or production platforms to the mainland Parts suitable for use solely or principally with the apparatus of headings 8524 to 8528
0329909700	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8530800000	Electrical signalling, safety or traffic control equipment for railways, tramways, roads, inland waterways, parking facilities, port installations or airfields (other than those of heading 8608)
	Other equipment
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8530900000	Electrical signalling, safety or traffic control equipment for railways, tramways, roads, inland waterways, parking facilities, port installations or airfields (other than those of heading 8608)
	Parts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8531109510	• for linking these drilling or production platforms to the mainland Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
0331103310	Burglar or fire alarms and similar apparatus
	Other
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
8531109590	• use in ground flying trainers for civil use Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
8531109590	Burglar or fire alarms and similar apparatus
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8531202090	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
3331232U3U	Indicator panels incorporating liquid crystal devices (LCD) or light-emitting diodes (LED)
	Incorporating light-emitting diodes (LED)
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8531204090	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
	Indicator panels incorporating liquid crystal devices (LCD) or light-emitting diodes (LED)
	Incorporating liquid crystal devices (LCD)
	Incorporating active matrix liquid crystal devices (LCD)
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8531209590	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
	Indicator panels incorporating liquid crystal devices (LCD) or light-emitting diodes (LED)
	Incorporating liquid crystal devices (LCD)
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8531804010	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
	Other apparatus Palla hyperana dana shinana and similar
	Bells, buzzers, door chimes and similar
	For use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion

Commodity Code	Description
8531804090	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530
	Other apparatus Bells, buzzers, door chimes and similar substituting the substitution of the substitution
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8532	• for linking these drilling or production platforms to the mainland Electrical capacitors, fixed, variable or adjustable (pre-set)
0332	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8533	Electrical resistors (including rheostats and potentiometers), other than heating resistors
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8534	Printed circuits
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8535100010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other connectors, junction boxes), for a voltage exceeding 1 000 V
	Fuses
	For use in certain types of aircraft
8535100090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
0000100000	connectors, junction boxes), for a voltage exceeding 1 000 V
	Fuses
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8535210010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
	connectors, junction boxes), for a voltage exceeding 1 000 V Automatic circuit breakers
	For a voltage of less than 72,5 kV
	For use in certain types of aircraft
8535210090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
0000210000	connectors, junction boxes), for a voltage exceeding 1 000 V
	Automatic circuit breakers For a voltage of less than 73.5 kV
	For a voltage of less than 72,5 kV Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
050500040	• for linking these drilling or production platforms to the mainland
8535290010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other connectors, junction boxes), for a voltage exceeding 1 000 V
	Automatic circuit breakers
	Other For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8535290090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
	connectors, junction boxes), for a voltage exceeding 1 000 V Automatic circuit breakers
	Other
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8535301010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
	connectors, junction boxes), for a voltage exceeding 1 000 V
	Isolating switches and make-and-break switches For a voltage of less than 72,5 kV
	For use in certain types of aircraft
0505004000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8535301090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other connectors, junction boxes), for a voltage exceeding 1 000 V
	Isolating switches and make-and-break switches
	For a voltage of less than 72,5 kV
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8535309010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
	connectors, junction boxes), for a voltage exceeding 1 000 V
	Isolating switches and make-and-break switches Other
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description
8535309090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
0333303030	connectors, junction boxes), for a voltage exceeding 1 000 V
	Isolating switches and make-and-break switches
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8535400010	• for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
0555400010	connectors, junction boxes), for a voltage exceeding 1 000 V
	Lightning arresters, voltage limiters and surge suppressors
	For use in certain types of aircraft
8535400090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other
0555400090	connectors, junction boxes), for a voltage exceeding 1 000 V
	Lightning arresters, voltage limiters and surge suppressors
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8535900010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other connectors, junction boxes), for a voltage exceeding 1 000 V
	Other
	For use in certain types of aircraft
050500000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8535900089	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs and other connectors, junction boxes), for a voltage exceeding 1 000 V
	Other
	Other
	14• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8536101010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Fuses
	For a current not exceeding 10 A
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536101090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Fuses
	For a current not exceeding 10 A
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8536105010	• for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
0330103010	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Fuses
	For a current exceeding 10 A but not exceeding 63 A
	For use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536105090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Fuses
	For a current exceeding 10 A but not exceeding 63 A Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8536109010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Fuses For a current exceeding 63 A
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536109090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, impetion haves) for a voltage net expending 1,000 V/s connectors for extinct fibre expendence of the connectors of the c
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Fuses
	For a current exceeding 63 A
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8536201010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Automatic circuit breakers
	For a current not exceeding 63 A
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description
8536201090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
6530201090	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical f
	Automatic circuit breakers
	For a current not exceeding 63 A
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8536209010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Automatic circuit breakers For a current exceeding 63 A
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536209090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Automatic circuit breakers
	For a current exceeding 63 A Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0E26444040	• for linking these drilling or production platforms to the mainland Floatrical apparetus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, releval functions, suggestions, and other connectors, and other con
8536411010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Relays
	For a voltage not exceeding 60 V
	For a current not exceeding 2 A
	For use in certain types of aircraft
8536411090	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
0030411090	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical f
	Relays
	For a voltage not exceeding 60 V
	For a current not exceeding 2 A
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8536419010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Relays
	For a voltage not exceeding 60 V
	For a current exceeding 2 Å
	For use in certain types of aircraft
0500440040	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536419040	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Relays
	For a voltage not exceeding 60 V
	For a current exceeding 2 Å
	Other
	A power relay with:
	-an electromechanical switching function, -a load current of 3 amperes or more but not exceeding 16 amperes,
	-a coil voltage of 5 volts or more but not exceeding 24 volts,
	-a distance between the connector pins of the load circuit not more than 12,5 mm
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8536419089	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Relays
	For a current exceeding 60 V
	For a current exceeding 2 A Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8536490010	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8536490010	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8536490010	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays
8536490010	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays Other
8536490010	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays Other For use in certain types of aircraft
8536490010	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays Other

Commodity Code 8536490060	Description Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays
	Other Other
	Relay in the shape of a cube with: -a coil operating voltage of 12 vdc (voltage direct current) or more, but not more than 24 vdc (voltage direct current),
	-a contact current carrying capacity of 5a or more, but not more than 15a,
	-a contact voltage of 80 vac (voltage alternating current) or more, but not more than 270 vac (voltage alternating current), -outer dimensions of 19 mm (± 0.4 mm) x 15.2 mm (± 0.4 mm) x 15.5 mm (± 0.4 mm),
	for use in the production of control board of household appliances
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8536490099	• for linking these drilling or production platforms to the mainland
8536490099	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Relays Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8536611090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Lamp holders, plugs and sockets
	Lamp holders Edison lamp holders Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8536619090	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Lamp holders, plugs and sockets
	Lamp holders Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
8536691000	• for linking these drilling or production platforms to the mainland Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Lamp holders, plugs and sockets Other
	For coaxial cables
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8536693000	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Lamp holders, plugs and sockets
	Other For printed circuits
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8536699010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables
	Lamp holders, plugs and sockets
	Other Other
	For use in certain types of aircraft
8536699083	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Lamp holders, plugs and sockets
	Other
	Other Other
	AC socket with a noise filter, composed of:
	-AC socket (for power cord connection) of 230 V, -integrated noise filter composed of capacitors and inductors,
	-cable connector for connecting an AC socket with the PDP (Plasma display panel) power supply unit, whether or not equipped with a metal support, which joins the AC socket to the PDP TV set
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
8536699099	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Lamp holders, plugs and sockets
	Other Other
	Other Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8536700010	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Connectors for optical fibres, optical fibre bundles or cables Optical socket, plug or connector, for use in the manufacture of goods falling within headings 8521 or 8528
8536700093	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors,
	junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Connectors for optical fibres, optical fibre bundles or cables Other
	Connectors of plastics for optical fibres, optical fibre bundles or cables, for use in certain types of aircraft • for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8536700099	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres,
	Other Other of for incorporation in china, heats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion:
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8536901000	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and other connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables Other apparatus
	Connections and contact elements for wire and cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8537101010	• for linking these drilling or production platforms to the mainland Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Numerical control panels with built-in automatic data-processing machine For use in certain types of aircraft
0507404000	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8537101090	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Numerical control panels with built-in automatic data-processing machine Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8537109110	• for linking these drilling or production platforms to the mainland Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
6557109110	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V Other
	Programmable memory controllers For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use
8537109120	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V Other
	Programmable memory controllers Other
	Electronic assembly containing: -a microprocessor,
	-a programmable memory and other electronic components mounted on a printed circuit, -with or without light-emitting diode (LED) or liquid crystal display (LCD) indicators,
8537109120	for use in the manufacture of products of subheadings 8418 21, 8418 29, 8421 12, 8422 11, 8450 11, 8450 12, 8450 19, 8451 21, 8451 29 and 8516 60 Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V Other
	Programmable memory controllers Other
	Electronic assembly containing: -a microprocessor,
	-a programmable memory and other electronic components mounted on a printed circuit,
	-with or without light-emitting diode (LED) or liquid crystal display (LCD) indicators, for use in the manufacture of products of subheadings 8418 21, 8418 29, 8421 12, 8422 11, 8450 12, 8450 19, 8451 21, 8451 29 and 8516 60
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
8537109143	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V Other
	Programmable memory controllers
	Other
	Electronic suspension control unit with:
	-a printed circuit board in plastic housing,
	-lin and can buses, -a programmable memory,
	-a signal processor,
	-an operating direct current voltage of 9 v or more but not more than 16 v,
	-at least one connector,
	-whether or not with metal mounting bracket, for use in the manufacture of goods of chapter 87
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8537109150	• for linking these drilling or production platforms to the mainland Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
0557 109150	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other Dragger models manager controllers
	Programmable memory controllers Other
	Fuse control module in a plastic housing with mounting brackets comprising:
	-sockets with or without fuses,
	-connecting ports, -a printed circuit board with embedded microprocessor, micro switch and relay
	of a kind used in the manufacture of goods of chapter 87
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8537109160	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Programmable memory controllers
	Other Electronic control units, manufactured according to class 2 of IPC-A-610E standard, with at least:
	-an AC power input of 208 V or more but not more than 400 V,
	-a logic power input of 24 V DC,
	-an automatic circuit breaker, -a main power switch,
	-internal or external electrical connectors and cables,
	-in a housing with dimension of 281 mm x 180 mm x 75 mm or more, but not more than 630 mm x 420 mm x 230 mm,
	of a kind used for manufacturing recycling or sorting machines • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8537109170	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V Other
	Programmable memory controllers
	Other
	Programmable memory controller for a voltage not exceeding 1000 V, of a kind used for the operation of a combustion motor and/or various actuators working with a combustion motor, comprising at least
	-a printed circuit with active and passive components, -an aluminium housing, and
	-multiple connectors
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8537109199	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Other
	Programmable memory controllers
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8537109810	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V Other
	Other
	For use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Code	Description
Commodity Code 8537109830	Description Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
0337 103030	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Other
	Other Meters bridge ICe without programmeble memory consisting of
	Motor bridge ICs without programmable memory consisting of: -one or more integrated circuits, not interconnected, on separate lead frames,
	-also with discrete Metal Oxide Field Effect Transistors (MOSFET) for controlling DC motors in cars
	-mounted in a plastic housing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8537109833	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
0337 103033	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	-For a voltage not exceeding 1 000 V
	Other
	Other
	Other
	Lever for control module under the steering wheel:
	with several single or multi-positional electrical switches (push-button, rotary or other),
	equipped with printed circuit boards and/or electrical cables
	for a voltage of 9 V or more but not more than 16 V,
	of a kind used in the manufacture of motor vehicles of Chapter 87
8537109835	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other Other
	Other
	Electronic control unit without memory, for a voltage of 12 V, for information exchange systems in vehicles (for connection of audio, telephony, navigation, camera and wireless car service) containing:
	-2 rotary knobs
	-27 or more pushbuttons
	-LED lights
	-2 integrated circuits for receiving and sending of control signals via the LIN-bus
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8537109840	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other Other
	Other
	Electronic control unit for monitoring car vehicle tyre pressure comprising plastic box with printed circuit board inside and with or without metal holder, of:
	-a length of 50 mm or more, but not more than 120 mm,
	-a width of 20 mm or more but not more than 40 mm,
	-a height of 30 mm or more, but not more than 120 mm
	of a kind used in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8537109845	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V Other
	Other
	Other
	Electronic control units, manufactured according to class 2 of IPC-A-610E standard, with at least:
	-an AC power input of 208 V or more but not more than 400 V,
	-a logic power input of 24 V DC,
	-an automatic circuit breaker,
	-a main power switch, -internal or external electrical connectors and cables,
	-internal or external electrical connectors and cables, -in a housing with dimension of 281 mm x 180 mm x 75 mm or more, but not more than 630 mm x 420 mm x 230 mm,
	of a kind used for manufacturing recycling or sorting machines
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8537109850	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Other
	Other Floatronic control unit PCM (Pody Control Module) or IPM (Integrated Pody Control Module) or similar:
	Electronic control unit BCM (Body Control Module) or IBM (Integrated Body Control Module) or similar:
	- comprising at least a plastic box with printed circuit board, with operating direct voltage of 9 V or more, but not more than 16 V,
	l - whether or not with metal holder.
	- whether or not with metal holder, - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder,
	- whether or not with metal holder, - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder, of a kind used in the manufacture of goods of Chapter 87
	 - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder, of a kind used in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder, of a kind used in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder, of a kind used in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 - able to control, evaluate and manage functions of assisting services in an automobile, at least wiper timing, window heating, interior lighting, seat belt reminder, of a kind used in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;

Commodity Code	Description
8537109855	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Other Other
	Silicone or plastic keyboards, comprising:
	-parts of common metal, and
	-whether or not comprising parts of plastic,
	-epoxy resin reinforced with fiberglass or wood,
	-whether or not printed or surface-treated, -with or without electrical conductors
	-with or without electrical conductors -with or without a membrane bonded to the keyboard,
	-with or without mono or multilayer protective film
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8537109860	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Other Other
	Electronic assembly consisting of:
	-a microprocessor,
	-light-emitting diode (LED) or liquid crystal display (LCD) indicators,
	-electronic components mounted on a printed circuit,
	for use in the manufacture of built-in products of headings 8514 2080, 8516 5000 and 8516 6080
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8537109860	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Other
	Other
	Other
	Electronic assembly consisting of:
	-a microprocessor,
	-light-emitting diode (LED) or liquid crystal display (LCD) indicators, -electronic components mounted on a printed circuit,
	for use in the manufacture of built-in products of headings 8514 2080, 8516 5000 and 8516 6080
8537109875	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other Other
	Other
	Control unit for keyless access to vehicle and vehicle starting, with electrical switching apparatus, in a plastic housing, for a voltage of 12 V, whether or not with:
	-an antenna,
	-a connector,
	-a metal holder,
	for use in the manufacture of goods of Chapter 87 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
050740000	• for linking these drilling or production platforms to the mainland Parada pa
8537109893	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517
	For a voltage not exceeding 1 000 V
	Other
	Other
	Other Control of the
	Electronic control units for a voltage of 12 V, for use in the manufacture of vehicle mounted temperature control systems
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8537109898	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus
	of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Other
	Other
Ì	Other
	Electronic circuit cards that
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and -regulate the functioning (switching on or off and suction capacity) of vacuum cleaners according to a stored program,
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and -regulate the functioning (switching on or off and suction capacity) of vacuum cleaners according to a stored program, -whether or not fitted with indicators that display the functioning of the vacuum cleaner (suction capacity and/or dust bag full and/or filter full)
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and -regulate the functioning (switching on or off and suction capacity) of vacuum cleaners according to a stored program,
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and -regulate the functioning (switching on or off and suction capacity) of vacuum cleaners according to a stored program, -whether or not fitted with indicators that display the functioning of the vacuum cleaner (suction capacity and/or dust bag full and/or filter full) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	Electronic circuit cards that -are connected by wire or radio frequency to each other and the motor controller card, and -regulate the functioning (switching on or off and suction capacity) of vacuum cleaners according to a stored program, -whether or not fitted with indicators that display the functioning of the vacuum cleaner (suction capacity and/or dust bag full and/or filter full) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;

Commodity Code 8537109899	Description Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading 8517 For a voltage not exceeding 1 000 V
	Other Other Other

	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
8538909930	Parts suitable for use solely or principally with the apparatus of heading 8535, 8536 or 8537
	Other Other Other Other
	Other Polycarbonate or acrylonitrile butadiene styrene covers and cases for steering pad switches whether or not coated on the outside with a scratch resistant paint
	 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8538909940	Parts suitable for use solely or principally with the apparatus of heading 8535, 8536 or 8537 Other Other
	Other Other Other
	Polycarbonate control interface buttons for steering pad switches coated on the outside with scratch resistant paint, in immediate packages of 500 pieces or more • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland

Commodity Code	Description
8538909960	Parts suitable for use solely or principally with the apparatus of heading 8535, 8536 or 8537
	Other Other
	Other
	Other
	Front control panel, in the form of a plastic box, with light guides, rotary switches, pressure switches and buttons switches, or other type of switches, without any electrical component, of a kind used in the dashboard of motor
	vehicles of Chapter 87
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8538909999	Parts suitable for use solely or principally with the apparatus of heading 8535, 8536 or 8537
	Other
	Other
	Other Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8539100090	• for linking these drilling or production platforms to the mainland Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
0339100090	Sealed beam lamp units
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8539219290	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
- 	Other filament lamps, excluding ultraviolet or infra-red lamps
	Tungsten halogen
	Other, for a voltage
	Exceeding 100 V Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0500040000	• for linking these drilling or production platforms to the mainland
8539219890	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps Other filament lamps, excluding ultraviolet or infra-red lamps
	Tungsten halogen
	Other, for a voltage
	Not exceeding 100 V
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539221090	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Other filament lamps, excluding ultraviolet or infra-red lamps
	Other, of a power not exceeding 200 W and for a voltage exceeding 100 V Reflector lamps
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8539229090	Flectric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
JUUJEEJUJU	Other filament lamps, excluding ultraviolet or infra-red lamps Other filament lamps, excluding ultraviolet or infra-red lamps
	Other, of a power not exceeding 200 W and for a voltage exceeding 100 V
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for fitting to or equipping such snips, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539299290	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Other filament lamps, excluding ultraviolet or infra-red lamps
	Other Other, for a voltage
	Exceeding 100 V
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539299890	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Other filament lamps, excluding ultraviolet or infra-red lamps
	Other
	Other, for a voltage
	Not exceeding 100 V
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

0	T. Daniel and Committee
Commodity Code 8539311090	Description Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
0339311090	Discharge lamps, other than ultraviolet lamps
	Fluorescent, hot cathode
	With double ended cap
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539319090	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Discharge lamps, other than ultraviolet lamps Fluorescent, hot cathode
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539322000	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Discharge lamps, other than ultraviolet lamps
	Mercury or sodium vapour lamps; metal halide lamps
	Mercury or sodium vapour lamps • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
050000000	• for linking these drilling or production platforms to the mainland
8539329090	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps Discharge lamps, other than ultraviolet lamps
	Mercury or sodium vapour lamps; metal halide lamps
	Metal halide lamps
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8539392000	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Discharge lamps, other than ultraviolet lamps
	Other Cold-cathode fluorescent lamps (CCFLs) for backlighting of flat panel displays
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8539398090	• for linking these drilling or production platforms to the mainland Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
000000000	Discharge lamps, other than ultraviolet lamps
	Other
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0.00440000	• for linking these drilling or production platforms to the mainland
8539410000	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps Ultraviolet or infra-red lamps; arc lamps
	Arc lamps
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8539490000	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
	Ultraviolet or infra-red lamps; arc lamps
	Other Control of the
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8539510000	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) light sources
	Light-emitting diode (LED) light sources
8539900000	Light-emitting diode (LED) modules Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) lamps
00099UUUUU	Parts
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
8540110090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
30.3.13000	Cathode ray television picture tubes, including video monitor cathode ray tubes
	Colour
İ	Other
İ	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Commodity Code	Description
Commodity Code 8540120090	Description Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
0010120000	Cathode ray television picture tubes, including video monitor cathode ray tubes
	Monochrome

	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
0540004000	• for linking these drilling or production platforms to the mainland
8540201090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes) Television camera tubes; image converters and intensifiers; other photocathode tubes
	Television camera tubes, image converters and intensiners, other protocatnode tubes Television camera tubes
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8540208091	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Television camera tubes; image converters and intensifiers; other photocathode tubes Other
	Other
	Photomultiplier
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8540208099	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Television camera tubes; image converters and intensifiers; other photocathode tubes Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8540400090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Data/graphic display tubes, monochrome; data/graphic display tubes, colour, with a phosphor dot screen pitch smaller than 0,4 mm Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8540600080	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Other cathode ray tubes
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
8540710090	• for linking these drilling or production platforms to the mainland Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
0040710090	Microwave tubes (for example, magnetrons, klystrons, travelling-wave tubes, carcinotrons), excluding grid-controlled tubes
	Magnetrons g.i.e commission g.i.e commission g.i.e commission g.i.e commission table
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
054070000	• for linking these drilling or production platforms to the mainland
8540790090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes) Microwave tubes (for example, magnetrons, klystrons, travelling-wave tubes, carcinotrons), excluding grid-controlled tubes
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0540040000	• for linking these drilling or production platforms to the mainland
8540810090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes) Other valves and tubes
	Receiver or amplifier valves and tubes
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8540890091	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Other valves and tubes Other
	Other
	Displays in the form of a tube consisting of a glass housing mounted on a board the dimensions of which do not exceed 300 mm !x! 350 mm excluding leads. The tube contains one or more rows of characters or lines arranged in
	rows, each character or line consisting of fluorescent or phosphorescent elements. These elements are mounted on a metallised base which is covered with fluorescent substances or phosphorescent salts which give off light when bombarded with electrons
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland

	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8540990090	Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tubes, cathode ray tubes, television camera tubes)
	Parts Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8541	• for linking these drilling or production platforms to the mainland Diodes, transistors and similar semiconductor devices; photosensitive semiconductor devices, including photovoltaic cells whether or not assembled in modules or made up into panels; light-emitting diodes (LED); mounted
0341	piezoelectric crystals
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8542	Electronic integrated circuits
0342	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8543100000	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
0070100000	Particle accelerators
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8543200000	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
007020000	Signal generators
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking those drilling or production platforms to the mainland
8543300000	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
004 0300000	Machines and apparatus, naving individual functions, not specified or included elsewhere in this chapter Machines and apparatus for electroplating, electrolysis or electrophoresis
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9542700400	• for linking these drilling or production platforms to the mainland Flortrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter.
8543700100	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter Other machines and apparatus
	Articles specifically designed for connection to telegraphic or telephonic apparatus or instruments or to telegraphic or telephonic networks
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
l	for linking these drilling or production platforms to the mainland

Commodity Code	Description Floatrical machines and apparatus, having individual functions, not specified or included alcowhere in this chapter.
8543700200	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Microwave amplifiers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8543700300	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Cordless infrared remote control devices for video game consoles
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8543700400	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Digital flight-data recorders
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
05.40700500	• for linking these drilling or production platforms to the mainland
8543700500	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Portable battery operated electronic readers for recording and reproducing text, still image or audio file
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0540700000	• for linking these drilling or production platforms to the mainland
8543700600	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter Other machines and apparatus
	Digital signal processing apparatus capable of connecting to a wired or wireless network for the mixing of sound
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8543700800	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
0343700000	Other machines and apparatus
	Plasma cleaner machines that remove organic contaminants from electron microscopy specimens and specimen holders
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8543701000	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus
	Electrical machines with translation or dictionary functions
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8543703000	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus
	Aerial amplifiers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8543705000	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus
	Sunbeds, sunlamps and similar suntanning equipment • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8543706000	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Electric fence energisers
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
05/2700005	• for linking these drilling or production platforms to the mainland
8543709005	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter Other machines and apparatus
	Other machines and apparatus Other
	Flight recorders, electric synchros and transducers, defrosters and demisters with electric resistors, for use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	use in ground flying trainers for civil use
8543709010	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Other
	Other Engine pressure indicators, for use in certain types of aircraft
	• for the construction, maintenance and repair of aircraft of an unladen weight exceeding 2 000 kilograms and of ground flying trainers for civil use

Commodity Codo	Decerintian
Commodity Code 8543709015	Description Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus
	Other Laminated electrochromic film consisting of:
	-two outer layers of polyester,
	-a middle layer of acrylic polymer and silicone, and
	-two electric connection terminals • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8543709030	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Other
	Amplifier, consisting of active and passive elements mounted on a printed circuit, contained in a housing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8543709035	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
0343703033	Other machines and apparatus
	Other Design for a supervision with a formation with a formation of 42 MHz and a supervision of action and accident and action and accident and action and accident and accident and accident and accident and accident and accident accident and accident acc
	Radio frequency (RF) modulator, operating with a frequency range of 43 MHz or more but not more than 870 MHz, capable of switching VHF and UHF signals, consisting of active and passive elements mounted on a printed circuit, contained in a housing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0540700045	• for linking these drilling or production platforms to the mainland
8543709045	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter Other machines and apparatus
	Other
	Piezo-electric crystal oscillator with a fixed frequency, within a frequency range of 1,8 MHz to 67 MHz, contained in a housing • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8543709055	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Other
	Opto-electronic circuit comprising one or more light-emitting diodes (LEDs), whether or not equipped with an integrated driving circuit, and one photodiode with amplifier circuit, whether or not with an integrated logic gate arrays
	circuit or one or more light-emitting diodes and at least 2 photodiodes with an amplifier circuit, whether or not with an integrated logic gate arrays circuit or other integrated circuits, contained in a housing • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8543709080	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus Other
	Temperature compensated oscillator, comprising a printed circuit on which are mounted at least a piezo-electric crystal and an adjustable capacitor, contained in a housing
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8543709085	• for linking these drilling or production platforms to the mainland Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter
	Other machines and apparatus
	Other Voltage controlled oscillator (VCO), other than temperature compensated oscillators, consisting of active and passive elements mounted on a printed circuit, contained in a housing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
05 10700000	• for linking these drilling or production platforms to the mainland
8543709099	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter Other machines and apparatus
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8544110000	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors Winding wire
	Of copper
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8544190000	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors Winding wire
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
İ	for linking these drilling or production platforms to the mainland

Common ditty Condo	Description
Commodity Code	Description Insulated (including enamelled or anodised) wire cable (including coavial cable) and other insulated electric conductors, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres, whether or not fitted with connectors; ontical fibre cables, made up of individually sheathed fibres.
8544200030	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether or not assembled with electric conductors or fitted with connectors
	Coaxial cable and other coaxial electric conductors
	Antenna connecting cable for the transmission of radio (AM/FM) signal and whether or not GPS signal, containing:
	-a coaxial cable,
	-two or more connectors, and
	-3 or more plastic clips for attachment to the dashboard
	of a kind used in the manufacture of goods of Chapter 87
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8544200090	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Coaxial cable and other coaxial electric conductors
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8544300010	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	For use in civil aircraft
	• use in civil aircraft
	 use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion use in ground flying trainers for civil use
8544300030	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	Other
	Multi-measurement wire harness of a voltage of 5V or more but not more than 90 V capable of measuring some or all of the following;
	-a travel speed of not more than 24 km/h
	-a motor speed of not more than 4 500 rpm -hydraulic pressure of not more than 25 Mpa
	-mass of not more than 50 metric tonnes
	for use in the manufacture of vehicles of heading 8427
8544300045	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	Linking seven-core cable for connecting sensor for pressure measure in intake manifold (Boost Pressure Sensor - BPS) and sockets for glow plugs with common connector, containing four sockets and two connectors for use in
	the manufacture of compression-ignition internal combustion piston engines for passenger car
8544300055	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	Connecting five-core cable with connectors for coupling the temperature sensor and the exhaust manifold pressure difference sensor to the common connector for use in the manufacture of compression-ignition internal combustion piston engines of passenger cars
8544300070	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
0344300070	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	Öther
	Multi-measurement wire harness:
	-of a voltage of 5 V or more but not more than 90 V,
	-capable of transmitting information
8544300089	for use in the manufacture of vehicles of heading 8711 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
0344300009	or not assembled with electric conductors or fitted with connectors
	Ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8544421000	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
3311.21333	or not assembled with electric conductors or fitted with connectors
	Other electric conductors, for a voltage not exceeding 1 000 V
	Fitted with connectors
	Of a kind used for telecommunications
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below; fixed, of subheading ex 8430.49 or floating or submersible of subheading 8905.20;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8544429010	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether
	or not assembled with electric conductors or fitted with connectors
	Other electric conductors, for a voltage not exceeding 1 000 V
	Fitted with connectors
	Other
	Data transmission cable capable of a bit rate transmission of 600 Mbit/s or more, with:
	-a voltage of 1,25 V (± 0,25 V)
	-a voltage of 1,25 V (± 0,25 V) -connectors fitted at one or both ends, at least one of which contains pins with a pitch of 1 mm,
	-a voltage of 1,25 V (± 0,25 V) -connectors fitted at one or both ends, at least one of which contains pins with a pitch of 1 mm, -outer screening shielding,
	-a voltage of 1,25 V (± 0,25 V) -connectors fitted at one or both ends, at least one of which contains pins with a pitch of 1 mm,
	-a voltage of 1,25 V (± 0,25 V) -connectors fitted at one or both ends, at least one of which contains pins with a pitch of 1 mm, -outer screening shielding, used solely for communication between LCD, PDP or OLED panel and video processing electronic circuits • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	-a voltage of 1,25 V (± 0,25 V) -connectors fitted at one or both ends, at least one of which contains pins with a pitch of 1 mm, -outer screening shielding, used solely for communication between LCD, PDP or OLED panel and video processing electronic circuits • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or patching or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;

Cother For a voltage of 1 000 V For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible For equipping the above platforms; For linking these drilling or production platforms to the mainland 854460000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors or fitted with connectors Other electric conductors, for a voltage exceeding 1 000 V For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For equipping the above platforms; For linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors or fitted with connectors Optical fibre cables For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels, listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For fitting to or equipping such ships, boats or other vessels, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of requipping the above platforms;	
For a voltage of 1 000 V for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; for linking these drilling or production platforms to the mainland 8544600000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors or fitted with connectors Other electric conductors, for a voltage exceeding 1 000 V for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for equipping the above platforms; for equipping the above platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible or or not assembled with electric conductors or fitted with connectors Optical fibre cables for equipping the above platforms; for incorporation in ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping push ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platf	
*for fitting to or equipping such ships, boats or other vessels; *for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of requipping the above platforms; *for linking these drilling or production platforms to the mainland 8544600000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors of fitted with connectors Other electric conductors, for a voltage exceeding 1 000 V *for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for fitting to or equipping such ships, boats or other vessels; *for incorporation for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; *for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors or fitted with connectors Optical fibre cables *for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; *for fitting to or equipping such ships, boats or other vessels; *for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms; *for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (includ	
* for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; * for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individuor or not assembled with electric conductors or fitted with connectors of the electric conductors, for a voltage exceeding 1 000 V * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for equipping the above platforms; * for incorporation in ships, boats or other vessels; * for incorporation platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individuor or not assembled with electric conductors or fitted with connectors Optical fibre cables * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for incorporation, for the purposes of their construction, repair, maintenance or conversion; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for incorporation in ships, boats or other vessels; * for inc	
* for equipping the above platforms; * for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Other electric conductors, for a voltage exceeding 1 000 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individe or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation,	of subheading 8905 20:
Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors of the electric conductors, for a voltage exceeding 1 000 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	g ,
or not assembled with electric conductors or fitted with connectors Other electric conductors, for a voltage exceeding 1 000 V • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	ually sheathed fibres, whether
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8544700000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individuor or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; • for linking these drilling or production platforms to the mainland	tany erroamou noroe, mremer
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8544700000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; • for linking these drilling or production platforms to the mainland	
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland 8544700000 Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; • for linking these drilling or production platforms to the mainland	
• for linking these drilling or production platforms to the mainland Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	of subheading 8905 20;
Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individual or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	
or not assembled with electric conductors or fitted with connectors Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	
Optical fibre cables • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms; • for linking these drilling or production platforms to the mainland	ually sheathed fibres, whether
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; for linking these drilling or production platforms to the mainland 	
 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible for equipping the above platforms; for linking these drilling or production platforms to the mainland 	
 for equipping the above platforms; for linking these drilling or production platforms to the mainland 	of subheading 8905 20:
	,
Output distribution of distribution and other distribution of	
Electrodes	
Of a kind used for furnaces • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels;	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible • for equipping the above platforms;	of subheading 8905 20;
• for linking these drilling or production platforms to the mainland	
8545190000 Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes	
Electrodes Other	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible	of subheading 8905 20:
• for equipping the above platforms;	or subfrictioning 6500 20,
• for linking these drilling or production platforms to the mainland Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes	
Brushes Carbon brushes, lamp carbons, battery carbons and other articles of graphite of other carbon, with or without metal, of a kind used for electrical purposes	
• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible	
• for equipping the above platforms;	of subheading 8905 20.
• for linking these drilling or production platforms to the mainland Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes	of subheading 8905 20;
Other	of subheading 8905 20;
Heating resistors	of subheading 8905 20;
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 	of subheading 8905 20;
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible	
 for equipping the above platforms; for linking these drilling or production platforms to the mainland 	

Commodity Code	Description
8545909010	Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes
	Other
	Other
	Nipples used for graphite electrodes of a kind used for electric furnaces, with an apparent density of 1,65 g/cm³ or more and an electrical resistance of 6.0 μΩ.m or less
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8545909099	Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes
	Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8546	Electrical insulators of any material
33.13	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below:
	fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8547100000	Insulating fittings for electrical machines, appliances or equipment, being fittings wholly of insulating material apart from any minor components of metal (for example, threaded sockets) incorporated during moulding solely for
	purposes of assembly, other than insulators of heading 8546; electrical conduit tubing and joints therefor, of base metal lined with insulating material
	Insulating fittings of ceramics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8547200000	Insulating fittings for electrical machines, appliances or equipment, being fittings wholly of insulating material apart from any minor components of metal (for example, threaded sockets) incorporated during moulding solely for
	purposes of assembly, other than insulators of heading 8546; electrical conduit tubing and joints therefor, of base metal lined with insulating material
	Insulating fittings of plastics
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8547900000	Insulating fittings for electrical machines, appliances or equipment, being fittings wholly of insulating material apart from any minor components of metal (for example, threaded sockets) incorporated during moulding solely for
	purposes of assembly, other than insulators of heading 8546; electrical conduit tubing and joints therefor, of base metal lined with insulating material
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 87 Vehicles Other Than Railway or Tramway Rolling Stock, and Parts and Accessories Thereof

	Chapter 87 Vehicles Other Than Railway or Tramway Rolling Stock, and Parts and Accessories Thereof
Commodity Code 8708101010	Description Parts and accessories of the motor vehicles of headings 8701 to 8705
	Bumpers and parts thereof
	For the industrial assembly of: Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
8708101090	Plastic cover for filling the space between the fog lights and the bumper whether or not with a chrome strip for use in the manufacture of goods of Chapter 87 Parts and accessories of the motor vehicles of headings 8701 to 8705
0700101000	Bumpers and parts thereof
	For the industrial assembly of: Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a
	spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705 Other
8708109010	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Bumpers and parts thereof Other
	Plastic cover for filling the space between the fog lights and the bumper whether or not with a chrome strip for use in the manufacture of goods of Chapter 87
8708211000	Parts and accessories of the motor vehicles of headings 8701 to 8705 Other parts and accessories of bodies (including cabs)
	Safety seat belts For the industrial assembly of:
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
8708221000	Vehicles of heading 8705
6706221000	Parts and accessories of the motor vehicles of headings 8701 to 8705 Front windscreens (windshields), rear windows and other windows specified in subheading note 1 to this chapter
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 6703, Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm3 or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705
8708291000	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories of bodies (including cabs) Other
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
8708301020	Parts and accessories of the motor vehicles of headings 8701 to 8705 Brakes and servo-brakes; parts thereof
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
	Motor powered brake actuation unit -with a rating of 13.5 V (±0.5V) and
	-a ball screw mechanism to control brake fluid pressure in the master cylinder for use in the manufacture of electric motor vehicles
8708301040	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Brakes and servo-brakes; parts thereof For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
	Body of disc type brake in BIR ("Ball in Ramp") or EPB ("Electronic Parking Brake") or with hydraulic function only, containing functional and mounting openings and guide grooves, of a kind used in the manufacture of goods of Chapter 87
8708301060	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Brakes and servo-brakes; parts thereof For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
9709204070	Non-asbestos organic brake pads with friction material mounted to the band steel back plate for use in the manufacture of goods of Chapter 87 Parts and accessories of the motor vehicles of headings 8701 to 8705
8708301070	Brakes and servo-brakes; parts thereof
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705 Ductile cast iron brake caliper jaw, of a kind used in the manufacture of goods of Chapter 87
8708301090	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Brakes and servo-brakes; parts thereof For the industrial assembly of Dedoctrian controlled tractors of subheading 9701.10; Vehicles of heading 9702; Vehicles of heading 9704 with either a compression ignition internal computation pictors of subheading 9704.
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
070000000	Other
8708309120	Parts and accessories of the motor vehicles of headings 8701 to 8705 Brakes and servo-brakes; parts thereof
	Other For disc brakes
	Non-asbestos organic brake pads with friction material mounted to the band steel back plate for use in the manufacture of goods of Chapter 87

Commodity Code	Description Secription ecription Secription Secription Secription Secription Secretary
8708309160	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Brakes and servo-brakes; parts thereof Other
	For disc brakes
	Motor powered brake actuation unit
	-with a rating of 13.5 V (±0.5V) and
	-a ball screw mechanism to control brake fluid pressure in the master cylinder
	for use in the manufacture of electric motor vehicles
8708402000	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Gear boxes and parts thereof For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
8708405010	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Gear boxes and parts thereof
	Other
	Gear boxes
	Automatic hydrodynamic gearbox
	- with a hydraulic torque converter, - without transfer box and cardan shaft,
	- whether or not with front differential,
	for use in the manufacture of motor vehicles of Chapter 87
8708405050	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Gear boxes and parts thereof
	Other
	Gear boxes Automotic transmission assembly with retary goor chifter with:
	Automatic transmission assembly with rotary gear shifter with: -aluminium casting housing,
	-auminum casting housing, -differential gear,
	-differential gear, -9 Speed automatic,
	-electronic range select gear selection system,
	with dimensions of:
	-a width of 330 mm or more but not more than 420 mm,
	-a height of 380 mm or more but not more than 450 mm,
	-a length of 580 mm or more but not more than 690 mm,
	for use in the manufacture of the vehicles in heading 87
8708405060	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Gear boxes and parts thereof Other
	Gear boxes
	Manual gearbox in cast aluminium housing for transverse installation with:
	-a width of not more than 480 mm,
	-a height of not more than 400 mm,
	-a length of not more than 550 mm,
	-five or six gears,
	-a differential gear,
	-an engine torque of 400 Nm or less,
070050000	for use in the manufacture of motor vehicles of Heading 8703
8708502000	Parts and accessories of the motor vehicles of headings 8701 to 8705 Drive-axles with differential, whether or not provided with other transmission components, and non-driving axles; parts thereof
	For the industrial assembly of:
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
8708505520	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Drive-axles with differential, whether or not provided with other transmission components, and non-driving axles; parts thereof
	Other
	Parts Of closed-die forged steel
	Of closed-die forged steel Double flange bearing of 3rd generation, for motor vehicles,
	-with double-row ball bearing,
	-whether or not with impulse (encoder) ring,
	-whether or not with antilock brake system (ABS) sensor,
	-whether or not with mounted screws,
8708509920	for use in the manufacture of goods of Chapter 87 Parts and accessories of the motor vehicles of headings 8701 to 8705
J. 000000EU	Drive-axles with differential, whether or not provided with other transmission components, and non-driving axles; parts thereof
	Other
	Intermediate steel shaft connecting the gearbox with semi-axle with:
	-a length of 300 mm or more but not more than 650 mm,
	-a spline end on both sides,
	-whether or not with a pressed bearing in the case, -whether or not with a holder
	-whether or not with a holder for use in the manufacture of goods of Chapter 87
8708701015	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Road wheels and parts and accessories thereof
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703; Vehicles of heading 8704 with either a compression ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceeding 2.500 cm ³ or with a spark ignition internal computation picton engine of a cylinder capacity not exceed the cylinder capacity not excee
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
	Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres
	fitted with pneumatic tyres, new or retreaded, of rubber, of a kind used for buses or lorries, with a load index exceeding 121

Commodity Code Description	· ·
Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignic cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal contact a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	
For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignic cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal contact a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	
Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignic cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal contact a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	
Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignic cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal contact a cylinder capacity not exceeding 2 500 cm³or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	
cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	
Vehicles of heading 8705 Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other 8708701080 Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	phystian piston angina (diasal ar sami diasal) of
Wheels of aluminium, whether or not with their accessories and whether or not fitted with tyres Other Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	phystian piston angina (diasal ar sami diasal) af
Parts and accessories of the motor vehicles of headings 8701 to 8705 Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	phystian piston angina (diosal ar sami diasal) of
Road wheels and parts and accessories thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	phystian nistan angina (diasal ar sami diasal) of
For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal con a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	shustion piston anging (diasal or sami diasal) of
a cylinder capacity not exceeding 2 500 cm3or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm3; Vehicles of heading 8705 Other Road wheels of steel, whether or not with their accessories and whether or not fitted with tyres, for the industrial assembly of vehicles of heading 8703;	abuetion nieton ongino (diocol or comi diocol) ot

Commodity Code	Description
8708912030	Parts and accessories of the motor vehicles of headings 8701 to 8705 Other parts and accessories
	Radiators and parts thereof
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8703, Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705 Aluminium allowing to a subtation to the desired to the dead of the control of the co
	Aluminium alloy inlet or outlet air tank manufactured to standard EN AC 42100 with: -an insulating area flatness of not more than 0,1 mm,
	-a permissible particle quantity of 0,3 mg per tank,
	-a distance between pores of 2 mm or more,
	-pore sizes of not more than 0,4 mm, and -not more than 3 pores larger than 0,2mm
	of a kind used in heat exchangers for car cooling systems
8708912090	Parts and accessories of the motor vehicles of headings 8701 to 8705
	- Other parts and accessories
	Radiators and parts thereof
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-
	diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
8708922000	Parts and accessories of the motor vehicles of headings 8701 to 8705
0.00022000	Other parts and accessories
	Silencers (mufflers) and exhaust pipes; parts thereof
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
8708931000	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories
	Clutches and parts thereof For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm³;
	Vehicles of heading 8705
8708939040	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Clutches and parts thereof
	Other Clutch pedal with electronic parking brake connection (EPB), whether or not with sending signal function for:
	- cruise control reset.
	- electronic parking brake release,
	-start and stop engine management under Idle Stop and Go system (ISG),
07000400	for use in the manufacture of passenger vehicles
87089420	Parts and accessories of the motor vehicles of headings 8701 to 8705 Other parts and accessories
	Steering wheels, steering columns and steering boxes; parts thereof
	For the industrial assembly of: Vehicles of boarding 9703:
	Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
0700054000	Vehicles of heading 8705
8708951020	Parts and accessories of the motor vehicles of headings 8701 to 8705 Other parts and accessories
	Safety airbags with inflator system; parts thereof
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705 Inflatable safety cushion of high strength polyamide fibre:
	-sewn,
	-folded,
	-with three-dimensionally applied silicone bonding for air bag cavity forming and load-regulated air bag sealing -suitable for cool inflator technology
8708951030	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories
	Safety airbags with inflator system; parts thereof For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10: Vehicles of heading 8703: Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm ³ ; Vehicles of heading 8705
	-Inflatable sewn safety cushion of high strength polyamide fibre:
	-folded into three-dimensional packing form, fixed by thermal forming, dedicated fixation seams, fabric cover or plastic staples, or -flat safety cushion with or without thermal folding
8708951090	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories Other parts and accessories
	Safety airbags with inflator system; parts thereof
	For the industrial assembly of: Pedestrian-controlled tractors of subheading 8701 10; Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of
	a cylinder capacity not exceeding 2 500 cm³ or with a spark-ignition internal combustion piston engine of a cylinder capacity not exceeding 2 800 cm³; Vehicles of heading 8705
	Other
8708991025	Parts and accessories of the motor vehicles of headings 8701 to 8705 Other parts and accessories
	Other parts and accessories Other
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703; Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
Ĺ	Plastic air guide for directing air flow to the surface of intercooler for use in the production of motor vehicles

Commodity Code	Description Parts and accessories of the materials of headings 9704 to 9705
8708991060	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories Other
	For the industrial assembly of:
	Pedestrian-controlled tractors of subheading 8701 10;
	Vehicles of heading 8703;
	Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	Vehicles of heading 8705
	Aluminium engine bracket, with dimensions of:
	-height of more than 10 mm but not more than 200 mm
	-width of more than 10 mm but not more than 200 mm
	-length of more than 10 mm but not more than 200 mm
	equipped with at least two fixing holes, made of aluminium alloys ENAC-46100 or ENAC-42100 (based on the norm EN:1706) with following characteristics:
	-internal porosity not more than 1 mm; -outer porosity not more than 2 mm;
	-outer porosity not more than 2 min, -Rockwell hardness HRB 10 or more
	of a kind used in the production of suspensions systems for engines in motor vehicles
8708991090	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories
	Other
	For the industrial assembly of:
	- Pedestrian-controlled tractors of subheading 8701 10;
	- Vehicles of heading 8703;
	- Vehicles of heading 8704 with either a compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity not exceeding 2 500 cm ³ or with a spark-ignition internal combustion piston engine of a
	cylinder capacity not exceeding 2 800 cm ³ ;
	- Vehicles of heading 8705 Other
8708999718	Parts and accessories of the motor vehicles of headings 8701 to 8705
J. 000001 10	Other
	Other
	Hydrostatic speed changer:
	-with a hydro pump and a differential with wheel axle,
	-whether or not with a fan impeller and/or a pulley,
	for use in the manufacture of tractors of subheadings 8701 91 90 and 8701 92 90, whose main function is that of a lawn mower
8708999775	Parts and accessories of the motor vehicles of headings 8701 to 8705
	Other parts and accessories
	Other
	Other
	Other
0700440000	Aluminium alloy support bracket, with mounting holes, whether or not with fixation nuts, for indirect connection of the gearbox to the car body for use in the manufacture of goods of Chapter 87
8709110000	Works trucks, self-propelled, not fitted with lifting or handling equipment, of the type used in factories, warehouses, dock areas or airports for short distance transport of goods; tractors of the type used on railway station platforms;
	parts of the foregoing vehicles Vehicles
	Electrical
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
8709190000	Works trucks, self-propelled, not fitted with lifting or handling equipment, of the type used in factories, warehouses, dock areas or airports for short distance transport of goods; tractors of the type used on railway station platforms;
	parts of the foregoing vehicles
	Vehicles Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8713	Carriages for disabled persons, whether or not motorised or otherwise mechanically propelled
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
871/011024	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
8714911021	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713
8714911021	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other
8714911021	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713
8714911021	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames
8714911021	 • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof
8714911021	 for equipping the above platforms; for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: in quantities below 300 units per month on average for a period not exceeding 12 months; or
8714911021	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes)
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China:
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered
8714911021 8714911025	• for equipping the above platforms: • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or or to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or
	• for equipping the above platforms: • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from aluminium or aluminium and carbon fibres and artificial resin, for use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713
8714911025	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from arbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from another holder of an end-use authorisation or to exempted parties Constructed from another holder of an end-use authorisation or to exempted parties Frame, constructed from aluminium or aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other
8714911025	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: - in equantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof
8714911025	• for equipping the above platforms; • for finking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Frame, constructed from aluminium or aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames Another holder of an end-use authorisation or to exempted parties Constructed from calmon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Frames and forks, and parts thereof Frames Frames
8714911025	• for equipping the above platforms; • for finking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from aluminium and carbon libres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered
8714911025	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China:
8714911025	• for equiping the above platforms; • for filmking these drilling production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bioycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from autominum or aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • In quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or • Parts and accessories of vehicles of headings 8711 to 8713 Other Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred
8714911025	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China: • in quantities below 300 units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon units per month on average for a period not exceeding 12 months; or • to be transferred to another holder of an end-use authorisation or to exempted parties Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Frame, constructed from aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713 Other Frames and forks, and parts thereof Frames Painted, anodised, polished and/or lacquered Originating in or consigned from China:

Commodity Code	Description
8714911031	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Frames and forks, and parts thereof
	Frames Painted, anodised, polished and/or lacquered
	Other
	Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) For goods that are used in the assembly of cycles fitted with an auxiliary motor.
	Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only.
8714911035	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Frames and forks, and parts thereof
	Frames Painted, anodised, polished and/or lacquered
	Other
	Frame, constructed from aluminium or aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) For goods that are used in the assembly of cycles fitted with an auxiliary motor.
	Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only.
8714911039	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Frames and forks, and parts thereof
	Frames Painted, anodised, polished and/or lacquered
	Other Other
	For goods that are used in the assembly of cycles fitted with an auxiliary motor.
8714911075	Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only. Parts and accessories of vehicles of headings 8711 to 8713
07 173 1073	Other
	Frames and forks, and parts thereof Frames
	Other
8714911077	Constructed from carbon fibres and artificial resin, for use in the manufacture of bicycles (including e-bikes) Parts and accessories of vehicles of headings 8711 to 8713
	Other
	Frames and forks, and parts thereof Frames
	Other
8714913025	Frame, constructed from aluminium or aluminium and carbon fibres and artificial resin, for the use in the manufacture of bicycles (including electric bicycles) Parts and accessories of vehicles of headings 8711 to 8713
	Other Frames and forks, and parts thereof
	Front forks
	Painted, anodised, polished and/or lacquered Originating in or consigned from China:
	- in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or
	- to be transferred to another holder of an end-use authorisation or to exempted parties Front forks, except rigid (non-telescopic) front forks made entirely of steel, for use in the manufacture of bicycles
8714913029	Parts and accessories of vehicles of headings 8711 to 8713
	Other Frames and forks, and parts thereof
	Front forks
	Painted, anodised, polished and/or lacquered Originating in or consigned from China:
	- in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties
	Other
8714913035	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Frames and forks, and parts thereof
	Front forks Painted, anodised, polished and/or lacquered
	Front forks, except rigid (non-telescopic) front forks made entirely of steel, for use in the manufacture of bicycles (including electric bicycles)
	For goods that are used in the assembly of cycles fitted with an auxiliary motor. Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only.
8714913039	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Frames and forks, and parts thereof
	Front forks Painted, anodised, polished and/or lacquered
	Other
	Other For goods that are used in the assembly of cycles fitted with an auxiliary motor.
9744020044	Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only.
8714930011	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Hubs, other than coaster braking hubs and hub brakes, and free-wheel sprocket-wheels Free-wheel sprocket-wheels
	Originating in or consigned from China:
	- in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or - to be transferred to another holder of an end-use authorisation or to exempted parties
8714930019	Parts and accessories of vehicles of headings 8711 to 8713
	Other Hubs, other than coaster braking hubs and hub brakes, and free-wheel sprocket-wheels
	Free-wheel sprocket-wheels
	Other For goods that are used in the assembly of cycles fitted with an auxiliary motor.
8714942091	Authorised Use provision provides exemption from anti-dumping and / or countervailing duty only.
07 14942091	Parts and accessories of vehicles of headings 8711 to 8713 Other
	Brakes, including coaster braking hubs and hub brakes, and parts thereof Brakes
	Other brakes
	Originating in or consigned from China: - in quantities below 300 units per month on average for a period not exceeding 12 months, or to be transferred to a party in quantities below 300 units per month on average for a period not exceeding 12 months; or
	- to be transferred to another holder of an end-use authorisation or to exempted parties

Chapter 88 Aircraft, Spacecraft, and Parts Thereof

Commodity Code	Chapter 88 Aircraft, Spacecraft, and Parts Thereof
Commodity Code 8801001010	Description Balloons and dirigibles; gliders, hang gliders and other non-powered aircraft
0001001010	Balloons and dirigibles; gliders, nang gliders and other non-powered aircraft Balloons and dirigibles; gliders and hang gliders
	For civil use
8801009010	Balloons and dirigibles; gliders, hang gliders and other non-powered aircraft
	Other
0000400044	For civil use
8802400011	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo)
	of an unladen weight exceeding 15 000 kg but not exceeding 38 000 kg
8802400013	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo)
	Of an unladen weight exceeding 38 000 kg but not exceeding 100 000 kg
8802400015	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo)
	of an unladen weight exceeding 100 000 kg but not exceeding 124 000 kg
8802400017	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo)
	of an unladen weight exceeding 124 000 kg but not exceeding 132 000 kg
8802400019	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo)
	of an unladen weight exceeding 132 000 kg but not exceeding 140 000 kg
8802400021	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	New (other than governemental or cargo) of an unladen weight exceeding 140 000 kg
8802400029	Other aircraft (for example, helicopters, aeroplanes); spacecraft (including satellites) and suborbital and spacecraft launch vehicles
0002400023	Aeroplanes and other aircraft, of an unladen weight exceeding 15 000 kg
	For civil use
	Other
8805101000	Aircraft launching gear; deck-arrestor or similar gear; ground flying trainers; parts of the foregoing articles
	Aircraft launching gear and parts thereof; deck-arrestor or similar gear and parts thereof Aircraft launching gear and parts thereof
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
8805109000	• for linking these drilling or production platforms to the mainland Aircraft launching goar; dock arrector or similar goar; ground flying trainers; parts of the foregoing articles
0003103000	Aircraft launching gear; deck-arrestor or similar gear; ground flying trainers; parts of the foregoing articles Aircraft launching gear and parts thereof; deck-arrestor or similar gear and parts thereof
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland
8806211000	Unmanned aircraft
	Other, for remote-controlled flight only
	With maximum take-off weight not more than 250 g
8806221000	Multi rotors, equipped with permanently integrated apparatus of subheading 8525 89 for capturing and recording video and still images Unmanned aircraft
3300221000	With maximum take-off weight more than 250 g but not more than 7 kg
	Multi rotors, equipped with permanently integrated apparatus of subheading 8525 89 for capturing and recording video and still images

Chapter 89 Ships, Boats and Floating Structures

Commodity Code	Description Chapter 89 Snips, Boats and Floating Structures
8903329000	Yachts and other vessels for pleasure or sports; rowing boats and canoes
0903329000	
	Motorboats, other than inflatable, not including outboard motorboats Of a length exceeding 7.5 m but not exceeding 24 m
	Of a length exceeding 7.5 m but not exceeding 24 m
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
8903339000	
8903339000	Yachts and other vessels for pleasure or sports; rowing boats and canoes Metarla acts at the state of the st
	Motorboats, other than inflatable, not including outboard motorboats
	Of a length exceeding 24 m
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0000004000	• for linking these drilling or production platforms to the mainland
8906901000	Other vessels, including warships and lifeboats other than rowing boats
	Other
	Seagoing
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
0000000400	• for linking these drilling or production platforms to the mainland
8906909100	Other vessels, including warships and lifeboats other than rowing boats
	Other
	Other
	Of a weight not exceeding 100kg each
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
000000000	
8906909900	Other vessels, including warships and lifeboats other than rowing boats Other
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms:
9007	• for linking these drilling or production platforms to the mainland Other fleeting structures (for example, refts, toolse, coffer dame, landing stages, busine and become)
8907	Other floating structures (for example, rafts, tanks, coffer-dams, landing stages, buoys and beacons)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 90 Optical, Photographic, Cinematographic, Measuring, Checking, Precision, Medical or Surgical Instruments and Apparatus; Parts and Accessories Thereof

Commodity Code 9001504940	Description Ontical fibres and ontical fibre hundles: ontical fibre cables other than those of heading 8544: sheets and plates of polarising material; lenses (including contact lenses), prisms, mirrors and other ontical elements, of any material.
9001304940	Optical fibres and optical fibre bundles; optical fibre cables other than those of heading 8544; sheets and plates of polarising material; lenses (including contact lenses), prisms, mirrors and other optical elements, of any material, unmounted, other than such elements of glass not optically worked Spectacle lenses of other materials
	For the correction of vision Both sides finished
	Other Organic uncut corrective eyeglass lens, finished on both sides, to undergo a coating, colouring, edging, mounting or any other substantial process for use in the manufacture of corrective glasses
9001900010	Optical fibres and optical fibre bundles; optical fibre cables other than those of heading 8544; sheets and plates of polarising material; lenses (including contact lenses), prisms, mirrors and other optical elements, of any material,
	unmounted, other than such elements of glass not optically worked Other
	For use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
9005	• use in ground flying trainers for civil use Binoculars, monoculars, other optical telescopes, and mountings therefor; other astronomical instruments and mountings therefor, but not including instruments for radio-astronomy
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
9007200090	Cinematographic cameras and projectors, whether or not incorporating sound recording or reproducing apparatus Projectors
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9007920090	• for linking these drilling or production platforms to the mainland Cinematographic cameras and projectors, whether or not incorporating sound recording or reproducing apparatus
3001320030	Parts and accessories
	For projectors Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9013804000	Lasers, other than laser diodes; other optical appliances and instruments, not specified or included elsewhere in this chapter Other devices, appliances and instruments
	Passive optical splitters, not containing any electrical or electronic elements, for telecommunications • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9014100090	• for linking these drilling or production platforms to the mainland Direction finding compasses; other navigational instruments and appliances
0014100000	Direction finding compasses
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
9014800000	Direction finding compasses; other navigational instruments and appliances
	Other instruments and appliances • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9017809000	• for linking these drilling or production platforms to the mainland Drawing, marking-out or mathematical calculating instruments (for example, drafting machines, pantographs, protractors, drawing sets, slide rules, disc calculators); instruments for measuring length, for use in the hand (for example)
	measuring rods and tapes, micrometers, callipers), not specified or included elsewhere in this chapter Other instruments
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9018	• for linking these drilling or production platforms to the mainland Instruments and appliances used in medical, surgical, dental or veterinary sciences, including scintigraphic apparatus, other electromedical apparatus and sight-testing instruments
3010	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
9019	Mechano-therapy appliances; massage apparatus; psychological aptitude-testing apparatus; ozone therapy, oxygen therapy, aerosol therapy, artificial respiration or other therapeutic respiration apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9021100000	• for linking these drilling or production platforms to the mainland Orthopaedic appliances, including crutches, surgical belts and trusses; splints and other fracture appliances; artificial parts of the body; hearing aids and other appliances which are worn or carried, or implanted in the body, to
3021100000	compensate for a defect or disability
	Orthopaedic or fracture appliances • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9021500000	• for linking these drilling or production platforms to the mainland Orthopaedic appliances, including crutches, surgical belts and trusses; splints and other fracture appliances; artificial parts of the body; hearing aids and other appliances which are worn or carried, or implanted in the body, to
	compensate for a defect or disability Pacemakers for stimulating heart muscles, excluding parts and accessories
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;

• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Instruments and apparatus for physical or chemical analysis; (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for incorporati		Parts and accessories
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purpose of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships		
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for equipping the above platforms; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersib		
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation in ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, repair, maintenance or conversion; • for equipping the above platforms;		• for equipping the above platforms;
expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;	002740000	
Gas or smoke analysis apparatus • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for incorporation, for the purposes of their construction, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;	3021 100000	
• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		Gas or smoke analysis apparatus
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
• for equipping the above platforms; • for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
• for linking these drilling or production platforms to the mainland Gas, liquid or electricity supply or production meters, including calibrating meters therefor • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; 		for linking these drilling or production platforms to the mainland
 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; 	9028	
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
• for equipping the above platforms;		
• for linking these drilling or production platforms to the mainland		• for equipping the above platforms;
		• for linking these drilling or production platforms to the mainland

Commodity Code	Description
9029100090	Revolution counters, production counters, taximeters, milometers, pedometers and the like; speed indicators and tachometers, other than those of heading 9014 or 9015; stroboscopes
	Revolution counters, production counters, taximeters, milometers, pedometers and the like
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
9029203190	Revolution counters, production counters, taximeters, milometers, pedometers and the like; speed indicators and tachometers, other than those of heading 9014 or 9015; stroboscopes
	Speed indicators and tachometers; stroboscopes Speed indicators and tachometers
	Speed indicators for vehicles
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9029203890	Revolution counters, production counters, taximeters, milometers, pedometers and the like; speed indicators and tachometers, other than those of heading 9014 or 9015; stroboscopes
	Speed indicators and tachometers; stroboscopes Speed indicators and tachometers
	Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9029900090	Revolution counters, production counters, taximeters, milometers, pedometers and the like; speed indicators and tachometers, other than those of heading 9014 or 9015; stroboscopes Parts and accessories
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9030310090	• for linking these drilling or production platforms to the mainland Oscilloscopes, spectrum analysers and other instruments and apparatus for measuring or checking electrical quantities, excluding meters of heading 9028; instruments and apparatus for measuring or detecting alpha, beta, gamma,
0000010000	X-ray, cosmic or other ionising radiation
	Other instruments and apparatus, for measuring or checking voltage, current, resistance or power Multimeters, without a recording device
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
9032102090	Automatic regulating or controlling instruments and apparatus
	Thermostats
	Electronic Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9032108090	• for linking these drilling or production platforms to the mainland Automatic regulating or controlling instruments and apparatus
0002100000	Thermostats
	Other Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
003330000	• for linking these drilling or production platforms to the mainland Automatic regulating or controlling instruments and apparatus.
9032200090	Automatic regulating or controlling instruments and apparatus Manostats
	Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
9032890010	Automatic regulating or controlling instruments and apparatus
	Other instruments and apparatus Other
	For use in civil aircraft
	 use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
9032890030	Automatic regulating or controlling instruments and apparatus
	Other instruments and apparatus Other
	Electronic controller of electric power steering (EPS controller)
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland
9032890040	Automatic regulating or controlling instruments and apparatus
	Other instruments and apparatus Other
	Digital valve controller for controlling liquids and gases
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Commodity Code	Description
9032890090	Automatic regulating or controlling instruments and apparatus
	Other instruments and apparatus
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9032900010	Automatic regulating or controlling instruments and apparatus
	Parts and accessories
	For use in civil aircraft
	• use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
	• use in ground flying trainers for civil use
9032900090	Automatic regulating or controlling instruments and apparatus
	Parts and accessories
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9033	Parts and accessories (not specified or included elsewhere in this chapter) for machines, appliances, instruments or apparatus of Chapter 90
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 91 Clocks and Watches and Parts Thereof

Commodity Code	Description Chapter 91 Clocks and Watches and Parts Thereof
9104000090	Instrument panel clocks and clocks of a similar type for vehicles, aircraft, spacecraft or vessels
310400000	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9105	Other clocks
0.00	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9106	Time of day recording apparatus and apparatus for measuring, recording or otherwise indicating intervals of time, with clock or watch movement or with synchronous motor (for example, time-registers, time-recorders)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9107000010	Time switches, with clock or watch movement or with synchronous motor
	Time switches, with clock or watch movement, used in automatic systems, intended in certain types of aircraft
9107000090	Time switches, with clock or watch movement or with synchronous motor
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9109100090	Clock movements, complete and assembled
	Electrically operated
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9109900090	Clock movements, complete and assembled
	Other
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 92 Musical Instruments; Parts and Accessories of Such Articles

Commodity Code	Description
9201	Pianos, including automatic pianos; harpsichords and other keyboard stringed instruments
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9202	Other string musical instruments (for example, guitars, violins, harps)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9205	Wind musical instruments (for example, keyboard pipe organs, accordions, clarinets, trumpets, bagpipes), other than fairground organs and mechanical street organs
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
9206	• for linking these drilling or production platforms to the mainland Percussion musical instruments (for example, drums, xylophones, cymbals, castanets, maracas)
9200	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
9207	Musical instruments, the sound of which is produced, or must be amplified, electrically (for example, organs, guitars, accordions)
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland
9208	Musical boxes, fairground organs, mechanical street organs, mechanical singing birds, musical saws and other musical instruments not falling within any other heading of this chapter; decoy calls of all kinds; whistles, call horns and
	other mouth-blown sound signalling instruments
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	for linking these drilling or production platforms to the mainland

Chapter 93 Arms and Ammunition; Parts and Accessories Thereof

Commodity Code	Description
9303900000	Other firearms and similar devices which operate by the firing of an explosive charge (for example, sporting shotguns and rifles, muzzle-loading firearms, Very pistols and other devices designed to project only signal flares, pistol and revolvers for firing blank ammunition, captive-bolt humane killers, line-throwing guns)
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland

Chapter 94 Furniture; Bedding, Mattresses, Mattress Supports, Cushions and Similar Stuffed Furnishings; Luminaires and Lighting Fittings, Not Elsewhere Specified or Included; Illuminated Signs, Illuminated Nameplates and The Like; Prefabricated Buildings

	Illuminated Nameplates and The Like; Prefabricated Buildings		
Commodity Code 9401200000	Description Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
9401200000	Seats of a kind used for motor vehicles		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
0.404.24.0000	• for linking these drilling or production platforms to the mainland Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
9401310000	Seats (other than those of heading 9402), whether of not convertible into beds, and parts thereof Swivel seats with variable height adjustment		
	Of wood		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
940139	• for linking these drilling or production platforms to the mainland Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Swivel seats with variable height adjustment		
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
940141	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Seats other than garden seats or camping equipment, convertible into beds Of wood		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
040440	for linking these drilling or production platforms to the mainland		
940149	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof Seats other than garden seats or camping equipment, convertible into beds		
	Other		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
9401520000	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Seats of cane, osier, bamboo or similar materials		
	Of bamboo • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
	• for linking these drilling or production platforms to the mainland		
9401530000	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Seats of cane, osier, bamboo or similar materials Of rattan		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
9401590000	• for linking these drilling or production platforms to the mainland Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
3401330000	Seats of cane, osier, bamboo or similar materials		
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland		
9401610000	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Other seats, with wooden frames Upholstered		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms;		
9401690000	• for linking these drilling or production platforms to the mainland Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
3701030000	Other seats, with wooden frames		
	Other		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
9401710000	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof		
	Other seats, with metal frames Upholstered		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
0.404=00000	for linking these drilling or production platforms to the mainland		
9401790000	Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof Other seats, with metal frames		
	Other		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;		
	• for equipping the above platforms; • for linking those drilling or production platforms to the mainland		
	for linking these drilling or production platforms to the mainland		

Commodity Code 9401800000	
	Description Seats (other than those of heading 9402), whether or not convertible into beds, and parts thereof
9401000000	Other seats
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;

Commodity Code	Description
9405199020	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included
	Chandeliers and other electric ceiling or wall lighting fittings, excluding those of a kind used for lighting public open spaces or thoroughfares
	Other
	Of other materials
	Of base metal, for use in civil aircraft • use in civil aircraft
	• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion
0.405400000	use in ground flying trainers for civil use
9405199090	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included Chandeliers and other electric ceiling or wall lighting fittings, excluding those of a kind used for lighting public open spaces or thoroughfares
	Other
	Of other materials
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
940521	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included
	Electric table, desk, bedside or floor-standing luminaires
	Designed for use solely with light-emitting diode (led) light sources • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
	• for linking these drilling or production platforms to the mainland
940529	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included Electric table, desk, bedside or floor-standing luminaires
	Other
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
940531	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included
	Lighting strings of a kind used for christmas trees Designed for use solely with light-emitting diode (led) light sources
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland
940539	Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source, and parts
	thereof not elsewhere specified or included
	Lighting strings of a kind used for christmas trees Other
	other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	• for equipping the above platforms;
040544	• for linking these drilling or production platforms to the mainland

Illuminated signs, illuminated analysis and parts thereof, not elsewhere specified or included, illuminated signs, illuminated analysis and parts thereof, not elsewhere specified or included, illuminated signs, illuminated analysis and parts thereof, not elsewhere specified or included, illuminated signs, illuminated analysis and parts thereof, not elsewhere specified or included, illuminated signs, illuminate	luminated nameplates and the like, having a permanently fixed light source, and parts luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
- For incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below, freed, of subheading or status 400518010 Luminaria and plating fining and plating frame pulsating searchights and spotlights and parts thereof, not elsewhere specified or included; illuminated riamplates and the like, having a permanently fixed light southern and continued to the continued of the con	luminated nameplates and the like, having a permanently fixed light source, and parts luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
405618910 Luminates and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout through of contenting specified in included. Luminates and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, beaving a permanently fixed light sout through of comparation in old areas that the course of their manufacture, repair, mantenance, rebuilding, modification or conversion - use for incorporation in old areas that the course of their manufacture, repair, mantenance, rebuilding, modification or conversion and planting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout force and planting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout the control of coherance spotlight or included; illuminated signs, illuminated areas the like, having a permanently fixed light sout the control of coherance spotlights in the part of the control of the contro	luminated nameplates and the like, having a permanently fixed light source, and parts luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Mary	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Luminates and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not clearwhere specified or included; illuminated signs, illuminated rameplates and the like. The properties of the control	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
thereof not desewhere specified or included illuminated signs, illuminated rame-plates and the like Dosgrad for use policy with light-emitting dode (LED) light sources Illuminated signs, illuminated rame-plates and the like of base metal, for use in civil aircraft - use for incorporation in red intend in the cause of their manufacture, repair, maintenance, rebuilding, modification or conversion - use for incorporation in red intend in the cause of their manufacture, repair, maintenance, rebuilding, modification or conversion - unmovers and lighting filtings including searchispits and spotlights and ports thereof, not elsewhere specified or included, illuminated signs, illuminated rameplates and the like, having a permanently fixed light southered on clearly with performance or manufacture, repair, maintenance or conversion; - for filting to or outprings such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for filting to or outpring such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for filting to or outprings such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for filting to or outprings such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for filting to or outprings and profit in the like - for filting to or outprings and profit in the like - for filting to or outprings and profit in the like - for filting to or outprings and profit in the like - Designed for use solely with light-emitting dode (LED) light sources - for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for filting to or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, m	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Illuminated signs. Illuminated pare plates and the like Designed for use solely with light emitting double (LED) light sources Or other materials — use for incorporation in civil aircraft — use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion — use for proup of their platings including searchlights and spotlights and parts thereof, not observiers expectited or included. illuminated signs, illuminated armeplates and the like Designed for use solely with light-emitting dode (LED) light sources Or other materials — to incorporation in ships, boats or other vessels issued in Table 1, for the purposes of their construction, repair, maintenance or conversion: • of inting these diffusion or production platforms to the maintenance or conversion; for included: illuminated signs, illuminated and the like Designed for use solely with light-emitting dode (LED) light sources Or incorporation, for the purposes of their construction, repair, maintenance or conversion; or included: illuminated signs, illuminated and the like or incorporation in ships, boats or other vessels is seen in Table 1, for the purposes of their construction, repair, maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or subheading 88 or incorporation in ships, boats or other vessels is used to the maintenance or conversion; in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or subheading 88 or incorporation in ships, boats or other vessels is used in Table 1, for the purposes of their construction, repair, maintenance or conversion; or elsewhere specified or included: illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour their or elsewhere specified or included: illuminated signs, illuminated nameplates and the like, for use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modificati	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Designed for use solely with light-emitting discle (LED) light sources Of other materials Illuminated signs, illuminated rame-plates and the like, of base metal, for use in civil aircraft - use for incorporation in oil bit incorporation in oil bit incorraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion - use in ground flying trainers for civil use - User incorporation in oil bit incorporation in oil bit incorporation in oil bit incorporation in oil bit incorporation in oil bit incorporation in oil bit incorporation in bit incorporation in oil bit incorporation in oil bit incorporation in bit incorporation in bit incorporation in bit incorporation in study with light-emitting dode (LED) light sources Of other materials Of other materials - Incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, - Incl filling to equipping the above politicions platforms by the maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or subheading 89 - Incl responsible, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or subheading 89 - Increase in the subheading of production platforms by the maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or subheading 89 - Increase in the subheading subh	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Of other materials Illiminated gigs, illuminated rame-plates and the like, of base metal, for use in civil aircraft - use of event in the course of their manufacture, repair, maintenance or conversion - use in civil aircraft - use in civil aircraft - use of event in the course of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - to fitting to or oquipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, r	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Illuminated signs, illuminated name-plates and the like, of base metal, for use a local circraft use for incorporation in civil aircraft use for incorporation or included liminated signs, illuminated airgns, illuminated signs, illuminated name-plates and the like Designed for use solely with light-emitting dode (LED) light sources or incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion. or incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion. or incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion. or incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion. or incorporation in ships, boats or other vessels isted in Table 1, for the purposes of their construction, repair, maintenance or conversion. Illuminated signs, illuminated aigns, illuminated name-plates and the like, having a permanently fixed light soul liuminated signs, illuminated aigns, ill	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
- use in rowl aircraft - use for incorporation in rivil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying hathers for civil use - use in ground flying in the civil reports and search in the civil recorporation in civil pit-metting dode (LED) light sources Of other materials - In incorporation in civil pit-metting dode (LED) light sources Of other materials - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in the purpose of their construction, repair, maintenance or conversion; - In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - In incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion, - In incorporation in the purposes of their construction, repair, maintenance or included; illuminated signs,	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
-use in ground fiving trainers for cold use Luministers and lighting trainings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour briefly and so the property of the south report of the south tight sentiting dock (EED) light sources control state. The property of the south tight sentiting dock (EED) light sources and hand-marble For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation, for the purposes of their construction, repair, maintenance or conversion; For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; For Inting these delling or production platforms; for included; illumi	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Luminaries and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included: illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included: illuminated signs, illuminated nameplates and the like Dissigned for uses solely with light-emitting clock (LED) light sources Of other materials - Nor incorporation in shipe, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - For incorporation in the purposes of their construction, repair, maintenance or conversion; - For incorporation in the purposes of their construction, repair, maintenance or conversion; - For incorporation in the purposes of their construction, repair, maintenance or conversion; - For incorporation in the purposes of their construction, repair, maintenance or conversion; - For incorporation in the purposes of their construction, repair, maintenance or conversion; - For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: - For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: - For incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: - For Initing to or equipping such ships, boats or other vessels; - For incorporation, for the purposes of their construction, repair, maintenance or conversion: - For Initing to or equipping such ships, boats or other vessels; - For incorporation, for the purposes of their construction, repair, maintenance or conversion: - For Initing those dilling or production platforms to the maintand content of the purposes of their construction, repair, maintenance or conversion: - For Initing those dilling or production platforms to the maintand content or the purposes of their	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
thereof not elsewhere specified or included Illuminated signs, illuminated signs, illuminated signs, illuminated signs, illuminated signs, illuminated nameplates and the like Designed for use solely with light-emitting diode (LED) light sources Of other materials of incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; of incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms is or their vessels. For inking these drilling or production platforms to the maintand Luminates and lighting littings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour function or equipping such ships, boats or other vessels. 9405692010 Luminates and lighting inspinicularing searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour floration or included illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour floration or incorporation in civil aircraft - use for incorporation in civil aircraft the course of their manufacture, repair, mai	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Illuminated signs, illuminated amplates and the like Designed for use solely with light-emtitting diode (LED) light sources Of other materials Hand-made Arch incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance or conversion; Arch incorporation, for the purposes of their construction, repair, maintenance Arch incorporation, for the purposes of their construction, repair, maintenance, rebuilding, modification or conversion; Arch incorporation incorporation includes and the like, for use in civil aircraft Arch incorporation in civil aircraft Arch incorporation in civil aircraft Arch incorporation in civil aircraft Arch incor	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Designed for use solely with light-emitting diode (LED) light sources Of other materials Hand-made 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 2 for incorporation, for the purposes of their construction, repair, maintenance or conversion; 3 for linking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 for equipping the above platforms; 3 for linking these drilling or production platforms to the mainland 4 Luminaries and lighting fittings including searchlights and spotlights and spotlights and spotlight southeading 89 for outside thereof not alseawfree specified or included; illuminated signs, illuminated anameplates and the like, having a permanently fixed light southeading 89 designed for use solely with light-emitting dode (LED) light sources October materials October materials October materials 1 for incorporation in ships, boats or other vessels; 2 for incorporation in ships, boats or other vessels; 3 for linking these drilling or or equipping such ships, boats or other vessels; 4 for requipping the above platforms; 5 for linking these drilling or production platforms to the mainland 1 for incorporation for the purposes of their construction, repair, maintenance or conversion; 5 for linking these drilling or production platforms to the mainland 1 for requipping the above platforms; 5 for linking these drilling or production platforms to the mainland 1 for requipping the above platforms; 5 for linking these drilling or production platforms to the mainland 1 for requipping the above platforms; 5 for linking these drilling or production platforms to the mainland 1 for requipping the above platforms; 5 for linking these drilling or production platforms to the mainland platforms and parts thereof, not elsewhere specified or included; illuminated signs, illuminat	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Of other materials Hand-made 1 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; 1 for fitting to or equipping such ships, boats or other vessels; 1 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below, fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 or incidence or conversion, in drilling or production platforms to the mainland or production platforms to the mainland or production platforms to the mainland or production platforms to the mainland or production platforms and injenting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated alogs, illuminated alogs, illuminated signs, illuminated signs, illuminated alogs, illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or inclu	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Hand-made I or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; I or fitting to or equipping such ships, boats or other vessels; I or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading set 8430 49 or floating or submersible of subheading 88 in or equipping the above platforms; I Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southeading for rus solely with light-emitting diode (LED) light sources Of other materials Other I or incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion: I or fitting to or equipping such ships, boats or other vessels; I or incorporation, for the purposes of their construction, repair, maintenance or conversion: I or incorporation, for the purposes of their construction, repair, maintenance or conversion: I or incorporation, for the purposes of their construction, repair, maintenance or conversion; I or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading sea 8430 49 or floating or submersible of subheading 89 or floating to equipping the above platforms: I or incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the maintand I unminated signs, illuminated nameplates and the like of the maintand transplates and the like of the maintand transplates and the like of the maintand transplates and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like of the floating or included is gins, illuminated	luminated nameplates and the like, having a permanently fixed light source, and parts d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
*for fitting to or equipping such ships, boats or other vessels; *for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or submersible of subheading 89 *for equipping the above platforms; for linking these drilling or production platforms to the mainland 405618090 **Luminates and lighting tritings including searchights and spotlights and spotlights and spotlights and spotlights and spotlights and spotlights and spotlights and spotlights out there of not elsewhere specified or included illuminated signs, illuminated nameplates and the like Designed for use solely with light-emitting diode (LED) light sources Of other materials Other **Tor incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; **Tor incorporation in or the purposes of their construction, repair, maintenance or conversion; **Tor incorporation in or the purposes of their construction, repair, maintenance or conversion; **Tor incorporation in or the purposes of their construction, repair, maintenance or conversion; **Tor incorporation in or the purposes of their construction, repair, maintenance or conversion; **Tor incorporation in or the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below, fixed, of subheading ex 8430.49 or floating or submersible of subheading 89 **Tor incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms to the mainland of the purposes of their construction, repair, maintenance or conversion **Luminates and lighting fittings including searchights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included Illuminated signs, illum	luminated nameplates and the like, having a permanently fixed light source, and parts	
*for fitting to or equipping such ships, boats or other vessels; *for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430.49 or floating or submersible of subheading 89	luminated nameplates and the like, having a permanently fixed light source, and parts	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, re
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below. fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 erequipping the above platforms. In the control of equipping the above platforms in the maintained and platforms and lighting thisps including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like. Designed for use solely with fight-emitting diode (LED) light sources Of other materials Other or equipping such ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for incorporation, for the purposes of their construction, repair, maintenance or conversion; for inching these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 effort incorporation, for the purposes of their construction, repair, maintenance or conversion; for inking these drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 effort incorporation in situation platforms to the maintenance or conversion; for inking these drilling or production platforms to the maintenance or conversion; for inking these drilling or production platforms to the expense of their construction or included; illuminated signs, illuminated and platforms to the like, having a permanently fixed light southered not elsewhere specified or included; illuminated signs, illuminated and platforms to the like	luminated nameplates and the like, having a permanently fixed light source, and parts	
Source Inching these drilling or production platforms to the mainland	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
Luminaries and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included. Illuminated signs, illuminated signs,	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	• for equipping the above platforms;
Luminaries and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included. Illuminated signs, illuminated signs,	d, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	for linking these drilling or production platforms to the mainland
Illuminated signs, illuminated anameplates and the like Designed for use solely with light-emitting diode (LED) light sources Of other materials Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89; - for inciving price defiling or production platforms to the mainland - for linking these drilling or production platforms to the mainland - Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like - Uniform the production of the production platforms to the mainland - Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included - Uniform the production of the		
Designed for use solely with light-emitting diode (LED) light sources Of other materials Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 or equipping with eabove platforms; - for linking these drilling or production platforms to the mainland 9405692010 September 1		
Of other materials Other -for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for equipping the above platforms; -for equipping the above platforms; -for equipping the above platforms; -for linking these drilling or production platforms in the purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 -for equipping the above platforms; -for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like Other -for plastics -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance or conversion -for incorporation in civil aircraft in the course of their manufacture, repair, maintenance or conversion -for plastics -for fitting to or equipping such ships, boats or other vessels; isted in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels;		
Other - for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; - for fitting to or equipping such ships, boats or other vessels; - for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 or or equipping the above platforms; for linking these drilling or production platforms to the mainland		
-for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; -for fitting to or equipping such ships, boats or other vessels; -for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89for equipping the above platforms; -for linking these drilling or production platforms to the mainland 9405692010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included illuminated signs, illuminated nameplates and the like, for use in civil aircraft - use in civil aircraft - use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion - use in ground flying trainers for civil use 9405692090 405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like Other -Of plastics -Oth		
in fitting to or equipping such ships, boats or other vessels; in for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 in for equipping the above platforms; for linking these drilling or production platforms to the mainland 9405692010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, for use in civil aircraft illuminated signs, illuminated name-plates and the like, for use in civil aircraft iuse for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion iuse in pround flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated		
- for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 89 or equipping the above platforms to the mainland 9405692010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included lilluminated signs, illuminated name-plates and the like, for use in civil aircraft - use in civil aircraft - use in incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion - use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like having a permanently fixed light sour		
• for equipping the above platforms; for linking these drilling or production platforms to the mainland 9405692010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
for linking these drilling or production platforms to the mainland 405692010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 40	luminated nameplates and the like, having a permanently fixed light source, and parts	
Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light southereof not elsewhere specified or included; illuminated signs, illuminated signs, illuminated signs, illuminated signs, illuminated	luminated nameplates and the like, having a permanently fixed light source, and parts	
thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminatires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels:	numinated nameplates and the like, having a permanently fixed light source, and parts	
Illuminated signs, illuminated nameplates and the like Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other of plastics Other for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
Other Of plastics Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included; illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
Illuminated signs, illuminated name-plates and the like, for use in civil aircraft • use in civil aircraft • use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		Other
• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use 9405692090 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sour thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
• use in ground flying trainers for civil use Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light south thereof not elsewhere specified or included lilluminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light sout thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of plastics Other of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	luminated namenlates and the like, having a permanently fixed light source, and parts	
Illuminated signs, illuminated nameplates and the like Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;	anniated nameplated and the line, having a permanently liked light source, and parts	
Other Of plastics Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		Other
 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; 		
• for fitting to or equipping such ships, boats or other vessels;		
Law incorporation together proposes of their construction remains an interpretable of the state		a for fitting to or equipping such ships, hoots or other vessels:
• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 890 from the purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 890 from the purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 890 from the purpose of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 890 from the purpose of the purpose	i, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;	
•		• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro
for linking these drilling or production platforms to the mainland		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro for equipping the above platforms;
9405698010 Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated nameplates and the like, having a permanently fixed light source thereof are also where specified are included.	uminated nameplates and the like, having a permanently fixed light source, and parts	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro for equipping the above platforms; for linking these drilling or production platforms to the mainland
		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specifically
		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro- for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specific thereof not elsewhere specified or included
		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specification thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like
		• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro • for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specific thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other
• use in civil aircraft		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specification thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of other materials
		• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or pro • for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specific thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of other materials Illuminated signs, illuminated name-plates and the like, of base metal, for use in civil aircraft
• use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, modification or conversion • use in ground flying trainers for civil use		 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or processors for equipping the above platforms; for linking these drilling or production platforms to the mainland Luminaires and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specific thereof not elsewhere specified or included Illuminated signs, illuminated nameplates and the like Other Of other materials Iluminated signs, illuminated name-plates and the like, of base metal, for use in civil aircraft use in civil aircraft use for incorporation in civil aircraft in the course of their manufacture, repair, maintenance, rebuilding, more

Chapter 95 Toys, Games and Sports Requisites: Parts and Accessories Thereof

Occurry a Physical and	Chapter 95 Toys, Games and Sports Requisites; Parts and Accessories Thereof
Commodity Code 9503007510	Description Tripyeles, assets a padal agree and similar whoeled town della corriages, della, other town radiused size //assla// models and similar repressional models, working or not appropriate of all kinds.
9503007510	Tricycles, scooters, pedal cars and similar wheeled toys; dolls' carriages; dolls; other toys; reduced-size ('scale') models and similar recreational models, working or not; puzzles of all kinds Other toys and models, incorporating a motor Of plastics
	Cable car scale models for printing
9503009510	Tricycles, scooters, pedal cars and similar wheeled toys; dolls' carriages; dolls; other toys; reduced-size ('scale') models and similar recreational models, working or not; puzzles of all kinds Other
	Other Of plastics Cable car scale models for printing
9506210000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools Water-skis, surf-boards, sailboards and other water-sport equipment Sailboards
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
9506290000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools
	Water-skis, surf-boards, sailboards and other water-sport equipment Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
9506400000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools Articles and equipment for table tennis
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation for the purposes of their construction repair maintenance or conversion in drilling or production platforms listed below fixed of subheading av 8420.40 or floating or subheading 2005.20.
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
9506590000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools Tennis, badminton or similar rackets, whether or not strung Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
9506620000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools Balls, other than golf balls and table-tennis balls Inflatable
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland
9506699000	Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools
	Balls, other than golf balls and table-tennis balls Other
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland.
9506910000	• for linking these drilling or production platforms to the mainland Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools
9500910000	Other
	Articles and equipment for general physical exercise, gymnastics or athletics • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;
9506999000	• for linking these drilling or production platforms to the mainland Articles and equipment for general physical exercise, gymnastics, athletics, other sports (including table tennis) or outdoor games, not specified or included elsewhere in this chapter; swimming pools and paddling pools Other
	Other Other
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels;
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms; • for linking these drilling or production platforms to the mainland.
9507	• for linking these drilling or production platforms to the mainland Fishing rods, fish-hooks and other line fishing tackle; fish landing nets, butterfly nets and similar nets; decoy 'birds' (other than those of heading 9208 or 9705) and similar hunting or shooting requisites • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20;
	for equipping the above platforms; for linking these drilling or production platforms to the mainland

Chapter 96 Miscellaneous Manufactured Articles

Chapter 96 Miscellaneous Manufactured Articles			
Commodity Code	Description		
9601	Worked ivory, bone, tortoiseshell, horn, antlers, coral, mother-of-pearl and other animal carving material, and articles of these materials (including articles obtained by moulding) • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
9602	• for linking these drilling or production platforms to the mainland Worked vegetable or mineral carving material and articles of these materials; moulded or carved articles of wax, of stearin, of natural gums or natural resins or of modelling pastes, and other moulded or carved articles, not elsewhere specified or included; worked, unhardened gelatin (except gelatin of heading 3503) and articles of unhardened gelatin		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 		
	 for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
9603100000	Brooms, brushes (including brushes constituting parts of machines, appliances or vehicles), hand-operated mechanical floor sweepers, not motorised, mops and feather dusters; prepared knots and tufts for broom or brush making; paint pads and rollers; squeegees (other than roller squeegees) Brooms and brushes, consisting of twigs or other vegetable materials bound together, with or without handles		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels; • for incorporation for the purposes of their construction are purposed in drilling or production plotforms listed below fixed at subheading as \$420.40 or fleating or subheading \$2005.20;		
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
9603400000	Brooms, brushes (including brushes constituting parts of machines, appliances or vehicles), hand-operated mechanical floor sweepers, not motorised, mops and feather dusters; prepared knots and tufts for broom or brush making; paint pads and rollers; squeegees (other than roller squeegees)		
	Paint, distemper, varnish or similar brushes (other than brushes of subheading 9603 30); paint pads and rollers • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
9603900000	• for linking these drilling or production platforms to the mainland Brooms, brushes (including brushes constituting parts of machines, appliances or vehicles), hand-operated mechanical floor sweepers, not motorised, mops and feather dusters; prepared knots and tufts for broom or brush making; paint pads and rollers; squeegees (other than roller squeegees)		
	Other • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
9605	• for linking these drilling or production platforms to the mainland		
9605	Travel sets for personal toilet, sewing or shoe or clothes cleaning • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
	• for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
9611	• for linking these drilling or production platforms to the mainland Date, sealing or numbering stamps, and the like (including devices for printing or embossing labels), designed for operating in the hand; hand-operated composing sticks and hand printing sets incorporating such composing sticks		
	• for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; • for fitting to or equipping such ships, boats or other vessels;		
	 for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; for linking these drilling or production platforms to the mainland 		
9612	Typewriter or similar ribbons, inked or otherwise prepared for giving impressions, whether or not on spools or in cartridges; ink-pads, whether or not inked, with or without boxes • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; 		
9613800000	• for linking these drilling or production platforms to the mainland Cigarette lighters and other lighters, whether or not mechanical or electrical, and parts thereof other than flints and wicks		
	Other lighters • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; 		
	• for linking these drilling or production platforms to the mainland		
9617	Vacuum flasks and other vacuum vessels, complete with cases; parts thereof other than glass inners • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	 for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; for equipping the above platforms; 		
	• for linking these drilling or production platforms to the mainland		
9620001000	Monopods, bipods, tripods and similar articles Of a kind used for digital, photographic or video cameras, cinematographic cameras and projectors; of a kind used for other apparatus of Chapter 90 • for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion;		
	• for fitting to or equipping such ships, boats or other vessels; • for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; • for equipping the above platforms;		
9620009100	• for linking these drilling or production platforms to the mainland Monopods, bipods, tripods and similar articles		
	Other Of plastics or of aluminium		
	 for incorporation in ships, boats or other vessels listed in Table 1, for the purposes of their construction, repair, maintenance or conversion; for fitting to or equipping such ships, boats or other vessels; for incorporation, for the purposes of their construction, repair, maintenance or conversion, in drilling or production platforms listed below: fixed, of subheading ex 8430 49 or floating or submersible of subheading 8905 20; 		
	• for equipping the above platforms; • for linking these drilling or production platforms to the mainland		

TABLE 1: SHIPS, BOATS AND OTHER VESSELS

Commodity Code	Description	
8901 10 10	Seagoing cruise ships, excursion boats and similar vessels principally designed for the transport of persons; seagoing ferry-boats of all kinds	
8901 20 10	Seagoing tankers	
8901 30 10	Seagoing refrigerated vessels, other than tankers	
8901 90 10	Seagoing other vessels for the transport of goods and other vessels for the transport of both persons and goods	
8902 00 10	Seagoing fishing vessels; seagoing factory ships and other vessels for processing or preserving fishery products	
8903 91 10	Seagoing sailboats, with or without auxiliary motor	
8903 92 10	Seagoing motor boats, other than outboard motor boats	
8904 00 91	Seagoing pusher craft	
8905 10 10	Seagoing dredgers	
8905 90 10	Seagoing light-vessels, fire-floats, floating cranes, and other vessels the navigability of which is subsidiary to their main function; seagoing floating docks;	
8906 10	Warships	
8906 90 10	Other seagoing vessels, including lifeboats other than rowing boats but excluding yachts and other vessels for pleasure or sports, rowing boats and canoes and tugs	

TABLE 2: GOODS USED BY, OR ON BEHALF OF, THE UK ARMED FORCES

Goods use by, or on behalf of, the UK Armed Forces, individually or in cooperation with other States:

- for defending the territorial integrity of the United Kingdom, or
- in participating in international peace-keeping or support operations, or
- for other military purposes like the protection of nationals of the United Kingdom from social or military unrest or,
- for training purposes, or
- temporarily, for civil purposes in the customs territory of the United Kingdom due to unforeseen or natural disasters.

Commodity Code	Description		
2804	Hydrogen, rare gases and other non-metals		
2825	Hydrazine and hydroxylamine and their inorganic salts; other inorganic bases; other metal oxides, hydroxides and peroxides		
3601	Propellent powders		
3602	Prepared explosives, other than propellent powders		
3603	Safety fuses; detonating cords; percussion or detonating caps; igniters; electric detonators		
3604	Fireworks, signalling flares, rain rockets, fog signals and other pyrotechnic articles		
3606	Ferro-cerium and other pyrophoric alloys in all forms; articles of combustible materials as specified in note 2 to this chapter		
3701	Photographic plates and film in the flat, sensitised, unexposed, of any material other than paper, paperboard or textiles; instant print film in the flat, sensitised, unexposed, whether or not in packs		
3702	Photographic film in rolls, sensitised, unexposed, of any material other than paper, paperboard or textiles; instant print film in rolls, sensitised, unexposed		
3703	Photographic paper, paperboard and textiles, sensitised, unexposed		
3705	Photographic plates and film, exposed and developed, other than cinematographic film		
3707	Chemical preparations for photographic uses (other than varnishes, glues, adhesives and similar preparations); unmixed products for photographic uses, put up in measured portions or put up for retail sale in a form ready for use		
3824	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included		
3926	Other articles of plastics and articles of other materials of headings 3901 to 3914		
4202	Trunks, suitcases, vanity cases, executive-cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and similar containers; travelling-bags, insulated food or beverages bags, toilet bags, rucksacks, handbags, shopping-bags, wallets, purses, map-cases, cigarette-cases, tobacco-pouches, tool bags, sports bags, bottle-cases, jewellery boxes, powder boxes, cutlery cases and similar containers, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanised fibre or of paperboard, or wholly or mainly covered with such materials or with paper		
4901	Printed books, brochures, leaflets and similar printed matter, whether or not in single sheets		
4911	Other printed matter, including printed pictures and photographs		
5608	Knotted netting of twine, cordage or rope; made-up fishing nets and other made-up nets, of textile materials		
6116	Gloves, mittens and mitts, knitted or crocheted		
6210	Garments, made up of fabrics of heading 5602, 5603, 5903, 5906 or 5907		
6211	Tracksuits, ski suits and swimwear; other garments		
6217	Other made-up clothing accessories; parts of garments or of clothing accessories, other than those of heading 6212		
6305	Sacks and bags, of a kind used for the packing of goods		
6307	Other made-up articles, including dress patterns		
6506	Other headgear, whether or not lined or trimmed		
7308	Structures (excluding prefabricated buildings of heading 9406) and parts of structures (for example, bridges and bridge-sections, lock-gates, towers, lattice masts, roofs, roofing frameworks, doors and windows		
	and their frames and thresholds for doors, shutters, balustrades, pillars and columns), of iron or steel; plates, rods, angles, shapes, sections, tubes and the like, prepared for use in structures, of iron or steel		
7311	Containers for compressed or liquefied gas, of iron or steel		
7314	Cloth (including endless bands), grill, netting and fencing, of iron or steel wire; expanded metal of iron or steel		
7326	Other articles of iron or steel		
7610	Aluminium structures (excluding prefabricated buildings of heading 9406) and parts of structures (for example, bridges and bridge-sections, towers, lattice masts, roofs, roofing frameworks, doors and windows and their frames and thresholds for doors, balustrades, pillars and columns); aluminium plates, rods, profiles, tubes and the like, prepared for use in structures		
8413 8414	Pumps for liquids, whether or not fitted with a measuring device; liquid elevators Air or vacuum pumps, air or other gas compressors and fans; ventilating or recycling hoods incorporating a fan, whether or not fitted with filters; gas-tight biological safety cabinets, whether or not fitted with filters		
8415	Air-conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated		
8418	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air-conditioning machines of heading 8415		
8419	Machinery, plant or laboratory equipment, whether or not electrically heated (excluding furnaces, ovens and other equipment of heading 8514), for the treatment of materials by a process involving a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilising, pasteurising, steaming, drying, evaporating, vaporising, condensing or cooling, other than machinery or plant of a kind used for domestic purposes; instantaneous or storage water heaters, non-electric		
8421	Centrifuges, including centrifugal dryers; filtering or purifying machinery and apparatus, for liquids or gases		
8424	Mechanical appliances (whether or not hand-operated) for projecting, dispersing or spraying liquids or powders; fire extinguishers, whether or not charged; spray guns and similar appliances; steam or sandblasting machines and similar jet projecting machines		
8426	Ships' derricks; cranes, including cable cranes; mobile lifting frames, straddle carriers and works trucks fitted with a crane		
8427	Fork-lift trucks; other works trucks fitted with lifting or handling equipment		
8428	Other lifting, handling, loading or unloading machinery (for example, lifts, escalators, conveyors, teleferics)		
8429 8430	Self-propelled bulldozers, angledozers, graders, levellers, scrapers, mechanical shovels, excavators, shovel loaders, tamping machines and roadrollers Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers		
8430	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; piledrivers and pile extractors; snowploughs and snowblowers Calculating machines and pocket-size data-recording, reproducing and displaying machines with calculating functions; accounting machines, postage-franking machines, ticket-issuing machines and similar machines, incorporating a calculating device; cash registers		
8471	Automatic data-processing machines and units thereof; magnetic or optical readers, machines for transcribing data onto data media in coded form and machines for processing such data, not elsewhere specified or included		
8472	Other office machines (for example, hectograph or stencil duplicating machines, addressing machines, automatic banknote dispensers, coin-sorting machines, coin-counting or -wrapping machines, pencil-sharpening machines, perforating or stapling machines)		
8479	Machines and mechanical appliances having individual functions, not specified or included elsewhere in this chapter		
8502	Electric generating sets and rotary converters		
0740	Electric instantaneous or storage water heaters and immersion heaters; electric space-heating apparatus and soil-heating apparatus; electrothermic hairdressing apparatus (for example, hairdryers, hair curlers, curling tong heaters) and hand dryers; electric smoothing irons; other electrothermic appliances of a kind used for domestic purposes; electric heating resistors, other than those of heading 8545		
8516			
8517	Telephone sets, including smartphones and other telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication in a wired or wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Microphones and stands therefor: loudeneakers, whether or not populated in their enclosures; headphones and earthones, whether or not combined with a microphone, and sets consisting of a microphone and		
	apparatus for communication in a wired or wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528 Microphones and stands therefor; loudspeakers, whether or not mounted in their enclosures; headphones and earphones, whether or not combined with a microphone, and sets consisting of a microphone and		
8517	apparatus for communication in a wired or wireless network (such as a local or wide area network), other than transmission or reception apparatus of heading 8443, 8525, 8527 or 8528		

8524	Flat panel display modules, whether or not incorporating touch-sensitive screens	
8525	Transmission apparatus for radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras, digital cameras and video camera recorders	
8526	Radar apparatus, radio navigational aid apparatus and radio remote control apparatus	
8527	Reception apparatus for radio-broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock	
8528	Monitors and projectors, not incorporating television reception apparatus; reception apparatus for television, whether or not incorporating radio-broadcast receivers or sound or video recording or reprodu apparatus	
8531	Electric sound or visual signalling apparatus (for example, bells, sirens, indicator panels, burglar or fire alarms), other than those of heading 8512 or 8530	
8535	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs ar other connectors, junction boxes), for a voltage exceeding 1 000 V	
8536	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp holders and oth connectors, junction boxes), for a voltage not exceeding 1 000 V; connectors for optical fibres, optical fibre bundles or cables	
8539	Electric filament or discharge lamps, including sealed beam lamp units and ultraviolet or infra-red lamps; arc-lamps; light-emitting diode (LED) light sources	
8543	Electrical machines and apparatus, having individual functions, not specified or included elsewhere in this chapter	
8544	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheath fibres, whether or not assembled with electric conductors or fitted with connectors	
8701 8703	Tractors (other than tractors of heading 8709) Motor cars and other motor vehicles principally designed for the transport of persons (other than those of heading 8702), including station wagons and racing cars	
8703 8704	Motor vehicles for the transport of goods	
8705	Special purpose motor vehicles, other than those principally designed for the transport of persons or goods (for example, breakdown lorries, crane lorries, fire fighting vehicles, concrete-mixer lorries, road sweep lorries, spraying lorries, mobile workshops, mobile radiological units)	
8709	Works trucks, self-propelled, not fitted with lifting or handling equipment, of the type used in factories, warehouses, dock areas or airports for short distance transport of goods; tractors of the type used on railway	
8710	station platforms; parts of the foregoing vehicles Tanks and other armoured fighting vehicles, motorised, whether or not fitted with weapons, and parts of such vehicles	
8711	Motorcycles (including mopeds) and cycles fitted with an auxiliary motor, with or without side-cars; side-cars	
8716	Trailers and semi-trailers; other vehicles, not mechanically propelled; parts thereof	
8801	Balloons and dirigibles; gliders, hang gliders and other non-powered aircraft	
8802	Other aircraft (for example, helicopters, aeroplanes), except unmanned aircraft of heading 8806; spacecraft (including satellites) and suborbital and spacecraft launch vehicles	
8804	Parachutes (including dirigible parachutes and paragliders) and rotochutes; parts thereof and accessories thereto	
8805	Aircraft launching gear; deck-arrestor or similar gear; ground flying trainers; parts of the foregoing articles	
8901	Cruise ships, excursion boats, ferry-boats, cargo ships, barges and similar vessels for the transport of persons or goods	
8903	Yachts and other vessels for pleasure or sports; rowing boats and canoes	
8906	Other vessels, including warships and lifeboats other than rowing boats	
8907	Other floating structures (for example, rafts, tanks, coffer-dams, landing stages, buoys and beacons)	
9004	Spectacles, goggles and the like, corrective, protective or other	
9005	Binoculars, monoculars, other optical telescopes, and mountings therefor; other astronomical instruments and mountings therefor, but not including instruments for radio-astronomy	
9006	Photographic (other than cinematographic) cameras; photographic flashlight apparatus and flashbulbs other than discharge lamps of heading 8539	
9008	Image projectors, other than cinematographic; photographic (other than cinematographic) enlargers and reducers	
9013	Lasers, other than laser diodes; other optical appliances and instruments, not specified or included elsewhere in this chapter	
9014	Direction finding compasses; other navigational instruments and appliances Surveying (including photograpmetrical curveying), hydrographic pagagagaphic hydrological metagraphic large appliances available and appliances available appliances.	
9015	Surveying (including photogrammetrical surveying), hydrographic, oceanographic, hydrological, meteorological or geophysical instruments and appliances, excluding compasses; rangefinders Instruments and appliances used in medical, surgical, dental or veterinary sciences, including scintigraphic apparatus, other electromedical apparatus and sight-testing instruments	
9019	Mechano-therapy appliances; massage apparatus; psychological aptitude-testing apparatus; ozone therapy, aerosol therapy, artificial respiration or other therapeutic respiration apparatus	
9020	Other breathing appliances and gas masks, excluding protective masks having neither mechanical parts nor replaceable filters	
9021	Orthopaedic appliances, including crutches, surgical belts and trusses; splints and other fracture appliances; artificial parts of the body; hearing aids and other appliances which are worn or carried, or implanted the body, to compensate for a defect or disability	
9022	Apparatus based on the use of X-rays or of alpha, beta, gamma or other ionising radiation, whether or not for medical, surgical, dental or veterinary uses, including radiography or radiotherapy apparatus, X-ray tubes and other X-ray generators, high tension generators, control panels and desks, screens, examination or treatment tables, chairs and the like	
9025	Hydrometers and similar floating instruments, thermometers, pyrometers, barometers, hygrometers and psychrometers, recording or not, and any combination of these instruments	
9026	Instruments and apparatus for measuring or checking the flow, level, pressure or other variables of liquids or gases (for example, flow meters, level gauges, manometers, heat meters), excluding instruments and apparatus of heading 9014, 9015, 9028 or 9032	
9027	Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes	
9030	Oscilloscopes, spectrum analysers and other instruments and apparatus for measuring or checking electrical quantities, excluding meters of heading 9028; instruments and apparatus for measuring or detecting alpha, beta, gamma, X-ray, cosmic or other ionising radiation	
9031	Measuring or checking instruments, appliances and machines, not specified or included elsewhere in this chapter; profile projectors	
9301	Military weapons, other than revolvers, pistols and the arms of heading 9307	
9302	Revolvers and pistols, other than those of heading 9303 or 9304	
9303	Other firearms and similar devices which operate by the firing of an explosive charge (for example, sporting shotguns and rifles, muzzle-loading firearms, Very pistols and other devices designed to project only signal flares, pistols and revolvers for firing blank ammunition, captive-bolt humane killers, line-throwing guns)	
9304	Other arms (for example, spring, air or gas guns and pistols, truncheons), excluding those of heading 9307	
9306	Bombs, grenades, torpedoes, mines, missiles and similar munitions of war and parts thereof; cartridges and other ammunition and projectiles and parts thereof, including shot and cartridge wads	
9307	Swords, cutlasses, bayonets, lances and similar arms and parts thereof and scabbards and sheaths therefor	
9404	Mattress supports; articles of bedding and similar furnishing (for example, mattresses, quilts, eiderdowns, cushions, pouffes and pillows) fitted with springs or stuffed or internally fitted with any material or of cellular rubber or plastics, whether or not covered	
9406	Prefabricated buildings	

PARTS, COMPONENTS AND SUBASSEMBLIES OF WEAPONS AND MILITARY EQUIPMENT

Commodity Code	Description
Commodity codes relating to parts, components or	Parts, components or subassemblies:
subassemblies of weapons or military equipment specified as	
being eligible for relief when imported by or on behalf of the UK	for incorporation in or fitting to:
Armed Forces	the specified weapons and military equipment or
	parts, components or subassemblies thereof or
	for the repair, refurbishment or maintenance of specified weapons and military equipment.
