Summary

1. This publication sets out the additional guidance needed for the delivery of the National Careers Service Community Based Contracts and should be read in conjunction with the National Careers Service funding rules.

Who is this publication for?

2. This guidance is for Prime Contractor and Subcontracting staff delivering the National Careers Service

Data sharing agreements

3. Following a few queries around potential data sharing with local partners, please note, for the avoidance of doubt, that where prime/subcontractors are invited to enter information sharing agreements (ISA) with partners or stakeholders that involve either the *receipt* of or *to provide* local or regional sensitive customer data, they **do need** to seek permission from the Department for Education (DfE).
4. The UK GDPR draws a distinction between a **controller** and a **processor** to recognise that not all organisations involved in the processing of personal data have the same degree of responsibility. A controller has responsibility for compliance with UK GDPR, whereas a processor has more limited compliance responsibilities.
5. The Prime Contractor contracts clearly state that the Department acts as the **controller** of National Careers Service data, with Prime Contractors acting as the **processor**. This means that Prime Contractors **do not have the authority** to enter into data-sharing agreements; this authority sits with the Department.
6. Any data shared by you as the prime or subcontractor should ensure that the data you provide is accurate, proportionate, appropriate, and transmitted securely. Unless there is a compelling reason, the preference must always be to share aggregated anonymised data rather than individual customer data.

Vexatious customers – handling of enquiries from individuals by Prime Contractors

7. Although infrequent, we are aware of occasions where:
 - A Prime Contractor is considering to refuse provision of the National Careers Service to an individual resident within their area of delivery.
 - An individual has approached a Prime Contractor that appears to have no obvious connection with the community-based contractor's geographical area.
 - Individuals demand National Careers Service provision on the basis that the Prime Contractor relevant to their home residence has refused them provision.
8. When this situation arises:

- The legal obligations of a Prime Contractor are set out in the contract with the Department for Education (DfE). The DfE has every expectation that you will fulfil these contractual obligations.
- We expect you to deliver the service in accordance with the National Careers Service customer charter.
- Where a Prime Contractor considers that it has grounds for refusing to provide careers advice and guidance, it should take its own legal advice regarding its obligations under the National Careers Service contract with the DfE.
- We recommend that any decision to refuse provision of careers advice and guidance sought by an individual is taken after the Prime Contractor has referred to its contract with the DfE.
- If a community-based contractor declines to provide National Careers Service provisions and a complaint is made, the contractor is responsible for addressing the complaint.
- Where the individual has exhausted the complaint process with the community-based contractor and remains dissatisfied, the DfE could consider a complaint under its own procedure.

Privacy

9. The [National Careers Service privacy statement](#) is available on our website.

Raising invoices

10. All invoices must include the correct purchase order number.
11. A full description of the activity including details of the Prime Contractor, area and month it took place should be included in the description.
12. Invoices should be sent to the Accounts Payable team at accountspayable.OCR@education.gov.uk
13. For Outcome-Based invoices following the 5th working day of the month, please e-mail nationalcareersservice.returns@education.gov.uk who will confirm the amounts due for payment that month. This will make sure that correct invoices are sent through, and payments are not delayed.
14. For Service Fee invoices, the Operations Team will inform Prime Contractors by e-mail on the 12th working day of the month, the payment due for that month. The Prime Contractor will then invoice as above.

Funding report queries

15. Any queries relating to the Occupancy Summary report or DSS must be sent through to the DSS Mailbox at NationalCareersService.DSS@education.gov.uk

Reporting templates

16. As set out in the Funding Rules, table 8, under Appendix C confirms the reporting date for each return. These templates will be provided separately.
17. The timing for each of these returns is set out below.

Report	Frequency of Submission
MI01	Monthly
MI04	Monthly
Volumes and Costs Return	Quarterly, in July, October, January, and April
Complaints	Ad hoc

Complaints log

18. Prime Contractors should provide details of any complaints received, through the MS forms link you have been provided separately.
19. The complaints log should be completed once the complaint has been resolved.
20. Where no complaints are received in month, Prime Contractors should provide a nil return email to nationalcareersservice.returns@education.gov.uk by 4pm on the 5th working day of each month.

Contacting DfE – complaints, FOIs and subject access requests

21. See the [complaints process for DfE](#). This guidance sets out the routes that citizens are able to contact the DfE, including an [online contact form](#). This online form can be used for the following requests:
- Questions
 - Complaints
 - Disclosure
 - Freedom of Information (FOI)

- Subject Access Request (SAR)
22. Complaints should be managed at Prime Contractor level in the first instance and escalated to the DfE as appropriate.
 23. SARs and FOIs received by the Prime Contractor should be escalated to the DfE for co-ordination.

Transferring customer satisfaction data samples

24. National Careers Service advisers should ask customers if they are willing to take part in market research to feedback about their experience and contribute to improvements of the service.
25. The requirement is for at least 40 submissions to be provided per month, per region.
26. At the beginning of the month the customer details of those who agreed to participate in market research are retrieved from the Prime Contractor CRMs
27. All IA/ IAG must be transferred securely via Galaxkey by the 6th working day of each month.
28. Please contact nationalcareersservice.returns@education.gov.uk for any issues accessing Galaxkey.

Submission of subcontractor and delivery venue returns

29. Prime Contractors are required to complete a subcontractor declaration and delivery venue return in April and October each year.
30. These returns should be sent to nationalcareersservice.returns@education.gov.uk by close of play of the 5th working day.
31. The latest templates have been provided separately.

Jobs and learning declaration

32. As set out in paragraph 98 of the Funding Rules, the Prime Contractor must document the organisation's approach to follow-up and the associated processes in the collection of evidence for jobs or learning outcomes. The templates for all required documents will be provided separately.
33. This should be done through a declaration to be signed by a senior manager within the Prime Contractor's organisation, submitted annually to the DfE at the start of each financial year. This should be signed in compliance with the National Careers Service Funding Rules for Area Based Contractors.
34. The DfE National Careers Service Operations Team will provide a copy of the updated declaration to Prime Contractors in advance of the deadline. This return should be sent to nationalcareersservice.returns@education.gov.uk

Incident management

35. The incident management process for the National Careers Service is set out in the slide deck that you have been provided separately. Please refer to the Incident Management Process slide deck, which you have been provided separately, for any technical issues affecting the service.

Calendar of returns

Return	Frequency	Timescales
Workforce Development Survey	Annual	March
Jobs and Learning Declaration	Annual	April
Delivery Venues Return	6 monthly	April and October
Subcontractor Declarations	6 monthly	April and October
Code of Connection	Annually	September

How to prove and verify someone's identity

36. Please follow the GOV.UK guidance on [how to prove and verify someone's identity](#).
