Subject: S62A/2024/0040 Promenade House BS8 3NE

With reference to the above application, I wish to comment as a resident of [REDACTED]

Several things occur to me, the structure of a tent at the front of Promenade House will be ugly and not at all in keeping with the structure of the beautiful building. I understand trees will need to be felled (disturbance of wildlife) and hard landscaping will be necessary. On the occasions in the past when temporary gazebos have been erected in the front of Promenade House, after the event, cans, bottles and cigarette butts have been strewn around the trees and foliage. All of this is bad enough without there being no mention of noise and parking! Litfield Road is small and narrow and is plagued with cars from Stride Treglown and Engineers House during the week. Both Managers have been very helpful in trying to discourage people from parking in this road but it's impossible to police and some people are downright rude! At the weekend we have people parking for free to walk to The Observatory. We actually have to purchase Residents parking permits and it's a bit annoying when we can't park.

We also have events occurring in The Merchant Venturers building and The Mayor's Residence.
