Updated data for indicators included in May 2024 publication

Data for the indicators listed below is added to the PHOF data tool as part of the May update – see

<https://fingertips.phe.org.uk/profile/public-health-outcomes-framework>

Domain B - Wider determinants of health Indicators

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
B01b - Children in absolute low income families (under 16s)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles	<16 years	No	OHID, using data provided by DWP, HMRC and ONS
B01b - Children in relative low income families (under 16s)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles	<16 years	No	OHID, using data provided by DWP, HMRC and ONS
B03 - Pupil absence	September 2022 to	Updated	England Region	Deprivation deciles	5-15 years	Yes	DfE (OHID)

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
	August 2023		County District and Unitary Authority	Sex Ethnic Groups			adds confidence limits)
B08b - Gap in the employment rate between those with a learning disability and the overall employment rate	April 2022 to March 2023	Updated	England Region County and Unitary Authority	Deprivation deciles Sex	18 to 64 years	No	OHID, using data provided by ONS and NHS England
B08b - The percentage of the population who are in receipt of long term support for a learning disability that are in paid employment (aged 18 to 64)	April 2022 to March 2023	Updated	England Region County and Unitary Authority	Deprivation deciles Sex	18 to 64 years	No	OHID, using data provided by NHS England
B12a - Violent crime - hospital admissions for violence (including sexual violence)	April 2020 to March 2021 to April 2022 to March 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex	All ages	No	OHID, using data provided by NHS England and ONS

Domain C - Health Improvement Indicators

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
C11a - Hospital admissions caused by unintentional and deliberate injuries in children (aged 0-14 years)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	Under 15 years	No	OHID, using data provided by NHS England and ONS
C11a - Hospital admissions caused by unintentional and deliberate injuries in children (aged 0-4 years)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	0 to 4 years	No	OHID, using data provided by NHS England and ONS
C11b - Hospital admissions caused by unintentional and deliberate injuries in young people (aged 15-24 years)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	15 to 24 years	No	OHID, using data provided by NHS England and ONS
C12 - Percentage of looked after children whose emotional wellbeing is a cause for concern	April 2021 to March 2022	Updated	England Region County and Unitary Authority	Deprivation deciles	5 to 16 years	Yes	DfE

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
C14b - Emergency Hospital Admissions for Intentional Self-Harm	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	All ages	No	OHID, using data provided by NHS England and ONS
C15 - Percentage of adults meeting the '5-a-day' fruit and vegetable consumption recommendations (new method) (16+ yrs)	November 2022 to November 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex Ethnic groups Working Status Disability Socioeconomic class Level of Education Age	16 years and over	No	OHID, using data provided by Sport England
C16 - Overweight (including obesity) prevalence in adults (18+ yrs)	November 2022 to November 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex Ethnic groups Working Status Disability Socioeconomic class Level of Education Age	18 years and over	No	OHID, using data provided by Sport England

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
C17a - Percentage of physically active adults (19+ yrs)	November 2022 to November 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex Ethnic groups Working Status Disability Socioeconomic class Level of Education Age	19 years and over	No	OHID, using data provided by Sport England
C17b - Percentage of physically inactive adults (19+ yrs)	November 2022 to November 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex Ethnic groups Working Status Disability Socioeconomic class Level of Education Age	19 years and over	No	OHID, using data provided by Sport England
C19d - Deaths from drug misuse	2020 to 2022	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex	All ages	Yes	ONS

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
C21 - Admission episodes for alcohol-related conditions (Narrow)	April 2022 to March 2023	Updated	England Region County District and Unitary Authority	Deprivation deciles Sex	All ages	No	OHID, using data provided by NHS England and ONS
C29 - Emergency hospital admissions due to falls in people aged 65 and over	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	65 years and over	No	OHID, using data provided by NHS England and ONS
C29 - Emergency hospital admissions due to falls in people aged 65-79	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	65 to 79 years	No	OHID, using data provided by NHS England and ONS
C29 - Emergency hospital admissions due to falls in people aged 80+	April 2022 to March 2023	Updated	England Region County District and Unitary Authority ICB	Deprivation deciles Sex	80 years and over	No	OHID, using data provided by NHS England and ONS

Domain D - Health Protection Indicators

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
D04e - Population vaccination coverage - HPV vaccination coverage for one dose (12-13 years old)	September 2022 to August 2023	Updated	England Region County and Unitary Authority ICB	Sex	12 to 13 years	Yes	UKHSA (confidence limits added for PHOF)
D04f - Population vaccination coverage - HPV vaccination coverage for two doses (13-14 years old) (Female)	September 2022 to August 2023	Updated	England Region County and Unitary Authority ICB	No additional Breakdowns	13 to 14 years	Yes	UKHSA (confidence limits added for PHOF)
D06b - Population vaccination coverage - PPV	April 2022 to March 2023	Updated	England Region County and Unitary Authority ICB	No additional breakdown	65 years and over	Yes	UKHSA (confidence limits added for PHOF)
D06c - Population vaccination coverage – Shingles vaccination coverage (71 years)	April 2012 to March 2023	Updated	England Region County and Unitary	Deprivation deciles	71 years	Yes	UKHSA (confidence limits added for PHOF)

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
			Authority ICB				

Domain E - Healthcare and premature mortality Indicators

Indicator name	Time period added	New or updated indicator	Geographies included	Inequality data	Age	Already in public domain in exact format	Calculated by
E11 - Emergency readmissions within 30 days of discharge from hospital	April 2022 to March 2023	Updated	England Region District and Unitary Authority ICB	Deprivation deciles Sex	All ages	Yes	NHS England

The following indicators have been updated in PHOF to include data for NHS Integrated Care Boards (ICB)

Domain A: Overarching Indicators

- A01b - Life expectancy at birth and at 65 (male, female)

Domain B: Wider Determinants

- B01b - Children in absolute low income families (under 16s)
- B01b - Children in relative low income families (under 16s)
- B02a - School readiness: percentage of children achieving a good level of development at the end of Reception
- B02a - School Readiness: percentage of children with free school meal status achieving a good level of development at the end of Reception
- B02b - School readiness: percentage of children achieving the expected level in the phonics screening check in Year 1
- B02b - School readiness: percentage of children with free school meal status achieving the expected level in the phonics screening check in Year 1
- B02c - School readiness: percentage of children achieving at least the expected level in communication and language skills at the end of Reception
- B02d - School readiness: percentage of children achieving at least the expected level of development in communication, language and literacy skills at the end of Reception
- B12b - Violent crime - violence offences per 1,000 population
- B12c - Violent crime - sexual offences per 1,000 population

- B17 - Fuel poverty (low income, low energy efficiency methodology)

Domain C: Health improvement

- C05a - Baby's first feed breastmilk
- C06 - Smoking status at time of delivery
- C09a - Reception prevalence of overweight (including obesity) (4-5 yrs)
- C09b - Year 6 prevalence of overweight (including obesity) (10-11 yrs)
- C11a - Hospital admissions caused by unintentional and deliberate injuries in children (aged under 4 and aged 0 to 14 years)
- C11b - Hospital admissions caused by unintentional and deliberate injuries in young people (aged 15 to 24 years)
- C14b - Emergency Hospital Admissions for Intentional Self-Harm
- C18 - Smoking Prevalence in adults (18+) - current smokers (APS)
- C24a - Cancer screening coverage: breast cancer
- C24b - Cancer screening coverage: cervical cancer (aged 25 to 49 years old)
- C24c - Cancer screening coverage: cervical cancer (aged 50 to 64 years old)
- C24d - Cancer screening coverage: bowel cancer
- C24e - Abdominal Aortic Aneurysm Screening Coverage
- C24m - Newborn Hearing Screening: Coverage

- C29 - Emergency hospital admissions due to falls in people aged 65 and over, aged 65 to 79, aged 80 and over

Domain D: Health protection

- D03c - Population vaccination coverage: Dtap IPV Hib HepB (1 year old)
- D03d - Population vaccination coverage: MenB (1 year)
- D03e - Population vaccination coverage: Rotavirus (Rota) (1 year)
- D03f - Population vaccination coverage: PCV
- D03h - Population vaccination coverage: Dtap IPV Hib Hep B (2 years old)
- D03i - Population vaccination coverage: MenB booster (2 years)
- D03j - Population vaccination coverage: MMR for one dose (2 years old)
- D03k - Population vaccination coverage: PCV booster
- D03l - Population vaccination coverage: Flu (2 to 3 years old)
- D03m - Population vaccination coverage: Hib and MenC booster (2 years old)
- D04a - Population vaccination coverage: DTaP and IPV booster (5 years)
- D04b - Population vaccination coverage: MMR for one dose (5 years old)
- D04c - Population vaccination coverage: MMR for two doses (5 years old)
- D04e - Population vaccination coverage: HPV vaccination coverage for one dose (12 to 13 year old) (female, male)

- D04f - Population vaccination coverage: HPV vaccination coverage for two doses (13 to 14 years old) (female, male)
- D05 - Population vaccination coverage: Flu (at risk individuals)
- D06a - Population vaccination coverage: Flu (aged 65 and over)
- D06b - Population vaccination coverage: PPV
- D06c - Population vaccination coverage: Shingles vaccination coverage (71 years)
- D08a - Proportion of drug sensitive TB notifications who had completed a full course of treatment by 12 months
- D08b - TB incidence (three year average)

Domain E: Healthcare and premature mortality

- E03 - Under 75 mortality rate from causes considered preventable
- E04a - Under 75 mortality rate from all circulatory diseases
- E04b - Under 75 mortality rate from circulatory diseases considered preventable
- E05a - Under 75 mortality rate from cancer
- E05b - Under 75 mortality rate from cancer considered preventable
- E06a - Under 75 mortality rate from liver disease
- E06b - Under 75 mortality rate from liver disease considered preventable
- E07a - Under 75 mortality rate from respiratory disease

- E07b - Under 75 mortality rate from respiratory disease considered preventable
- E08 - Mortality rate from a range of specified communicable diseases, including influenza
- E11 - Emergency readmissions within 30 days of discharge from hospital
- E12a - Preventable sight loss: age related macular degeneration (AMD)
- E12d - Preventable sight loss: sight loss certifications
- E13 - Hip fractures in people aged 65 and over, aged 65 to 79, aged 80 and over
- E15 - Estimated dementia diagnosis rate (aged 65 and older)

Supporting indicators:

- Percentage of the population aged under 18
- Percentage of the population aged 65 and over
