Dear Sir/Madam

I am writing to lodge an objection to the above mentioned planning application.

I live at [REDACTED], [REDACTED] Promenade House.

Whilst I have no objection to occasional events for office staff and consequent noise (once or twice per year), the installation of a permanent tent, if it were to involve regular events, including at the weekend, with music amplification, is likely to impinge on the enjoyment of my garden in summer and cause noise disturbance for all the residents of Litfield Road and surrounding areas. Please could the residents be provided with an indication of the frequency and duration of the events proposed? I have not been able to find any details in the planning application and without this information, I cannot see how the residents can give their approval.

The issue of parking has also been brought up by residents of the surrounding area, as this is already a current concern, even prior to this planning application. What is the capacity of the proposed tent?

As far as the construction is concerned, the plan shows that the construction access path will be directly next to my garden wall, rather than from the main entrance of the Promenade House property. Is there a reason for this?

I look forward to receiving a response to my queries and I will be sending a representative to the hearing.

Regards

Renate Henry
