Defence Confidential Occurrence Reporting Scheme (*DCORS*) Form

GUARANTEE

Command Flight Safety Officers and the MAA guarantee that your name and address will be removed. From then on your report will be anonymous.

Narrative:

Air Safety matters are generally best addressed through your unit using normal Service channels or entered in the Flight Safety Log (for RN personnel). Exceptionally, a mistake or error which would otherwise go unreported, may be reported directly to your Service CFSO (address overleaf) who guarantees that your anonymity will be preserved.

Please give a complete story of the situation. One way to include all the important facts in your report is to make sure you have answered the following questions: 1. What happened? 2. Why? 3. What did you do about it? 4. Any recommendations to prevent reoccurrence.

Use continuation sheets if necessary and post to the appropriate address overleaf. It helps if the originator's name and unit are included, but neither is mandatory.

The table below indicates some other considerations. It is not exhaustive but contains many pertinent ingredients of past accidents/incidents.

Personal Details (Aircrew)	Aircraft type and Mk		
	Aircrew category to nearest 100hrs on type / overall		
Personal Details (Ground Crew / Maintainers / Others)	Aircraft / Equipment type		
	Trade / Class		
	Length of time served / Length of time on unit
