Tri-Service Accommodation Regulations Volume 1:
Service Family Accommodation (SFA) and
Substitute Service Family Accommodation –
United Kingdom

Part 2: Guidance

Foreword

People lie at the heart of operational capability; attracting and retaining the right numbers of capable, motivated individuals to deliver Defence outputs is critical. This is dependent upon maintaining a credible and realistic offer that earns and retains the trust of people in Defence. In order to achieve this, all personnel must be confident that, not only will they be treated fairly, but also that their families will be treated properly and that Service veterans and their dependants will be respected and appropriately supported.

It is a condition of service in recognition of their inherently mobile lifestyles, frequently remote bases and terms of service, that Regular Service (including FTRS(FC)) personnel are provided with high quality subsided accommodation, which is a fundamental part of the overall package for Service personnel, which can take the form, subject to PStatCat and individual circumstances, of either publicly provided family or single accommodation (or an appropriate substitute) either at, or within an appropriate distance from, their duty unit, or an appropriate allowances package.

JSP 464 is the authoritative policy and guidance for the provision of Service Family Accommodation (SFA) and Substitute Service Family Accommodation (SSFA) both in the UK and Overseas.

Vice Admiral Phil Hally Chief of Defence People Defence Authority for People

1 Principles

Provision of Service Accommodation

1. It is a condition of service in recognition of their inherently mobile lifestyles, frequently remote bases and terms of service, that Regular Service (including FTRS(FC)) personnel are provided with high quality subsidised accommodation.

Responsibility for Policy

2. Chief Defence People (CDP) is responsible for the formulation of Defence living accommodation policy and delegates the lead to the Director Service Personnel & Training Policy (D SP Pol), who delegates day to day responsibility to Hd Accommodation Policy (Hd Accom). In discharging these responsibilities, Hd Accom may consult with the single Service Accommodation Colonels²³.

JSP 464

3. **Governance.** JSP 464, Tri-Service Accommodation Regulations (TSARs), is the overarching and definitive policy source document for the provision of Defence living accommodation and takes primacy on all accommodation matters. Sponsorship and periodic review of the policy is vested in People-Accommodation and any proposal for change should be submitted via the single Service Accommodation Colonel staff. Any review or changes are considered through the Accommodation Policy Working Group (APWG) and Accommodation Steering Group (ASG), which include representation from the single Services, Joint Force Command, Defence Infrastructure Organisation and Defence Equipment and Support. The APWG and ASG report to the Military People Leadership Team (MPLT) and then the Defence People Leadership Team (DPLT).

DIO Accommodation Contact List

4. Details of DIO Accommodation's National Housing Prime Help Desk (IPHD) contact details and telephone numbers are at Volume 1 Part 2 Chapter 1 Annex B and the Substitute Accommodation help desk are at Volume 1 Part 1 Chapter 5.

Unborn children, who are expected to be born within 6 months of occupation of SFA, are to be counted as members of the family. Exceptions to the age limit above are:

|-----|--------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|
| Ser | Category | Criteria | Agreed Scaling | | | | | |
| | | Community Function | | | | | | |
| а | b | С | d | | | | | |
| 1 | HIVES | SFA required where not suitable office accommodation is available within other publicly scaled buildings. Required for major units or Garrison areas and isolated units. Not tied to the size of unit. | Normally scaled as one facility per SFA area: (1) Ideally located in a multi-functional SFA. (2) Distinct or isolated SFA patches will merit full scaling under Serials 1-4 subject to local demand for the function. | | | | | |
| 2 | Pre-School Groups (including Crèches & Play Groups) | SFA required where adequate special-to-type facilities are not available in other publicly scaled buildings. Where no equivalent civilian community facility is available. | (3) The availability of local facilities or existin cohesive community structures at less remot SFA patches may merit lesser provision; subject to demand and unit agreement. | | | | | |
| 3 | Offices for Specialist Welfare Staff (incl Unit Welfare Officer - previously Unit Families Officer) | For AWS/PWS, RNRMW and SSAFA-FH(RAF) staff where no suitable office accommodation is available in publicly scaled buildings. | | | | | | |
| 4 | Community Centres (facilitating 'coffee shSD') Police Facilities | Scaled where local circumstances dictate and/or when a major unit deploys on operations, and where adequate special-to-type facilities are not available in other publicly scaled buildings. | (1) Up to 50 SFA one multi-functional quarter.(2) Between 50 and 150 SFA up to 2 multi-functional quarters.(3) Over 150 SFA up to 3 multi-function quarters. | | | | | |
| 5 | Contact Houses (Army) or Short Term Families Accommodation (RN) | Short term family housing for single parents visitation rights. To enable families to join unaccompanied | Minimum of 2 or 3 per 'designated' station or garrison, to reflect density of Service population. See Note 4. | | | | | |

| | | serving spouse/civil partner for short visits | |
|---|------------------------|----------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|
| 6 | SFA '93 days' category | For estranged spouse/civil partners/families and families for welfare/com cases. | Minimum of 3 per 'designated' station or garrison, to reflect density of Service population. See Note 4. |

Notes:

- 1. The size/type of SFA to be provided will depend on the need and the availability of property.
- 2. Each serial is a discrete requirement; however, properties allocated against Serials 1-4 should be of such size or grouping and, where possible, scaling to be in accordance with the JSP 850, as to provide a cohesive centre of welfare and community. It would also be desirable for the property to have multi-functional use.
- 3. Requirements are essentially needs-led and facilities that are patently unused will <u>not</u> be retained for community use.
- 4. Higher requirement for Naval Port Areas agreed by JSWG to be negotiated locally.

3 Entitlement to SFA

INDICATIVE SPACE STANDARDS FOR OFFICERS' SFA IN HIGH-COST AREAS

- 1. **Definition of a high-cost area**. A high-cost area or location is one where the cost of a comparable house to the appropriate Officers SFA, based on statistics produced by the Valuation Office (of the Inland Revenue), is a factor of 1.5 higher than the nation-wide average.
- 2. **New build SFA**. Sponsors of all new-build SFA programmes are responsible for determining the applicability of this definition to the project under consideration; when a high-cost area or location is declared, the sponsor is responsible for negotiating appropriate reduced space standards (in consultation with DIO Accommodation, AFPPol and the Services as appropriate) in accordance with the following guideline minima:

| SFA Type | SFA size (m2) | | | | |
|----------|---------------|--|--|--|--|
| I | 205 | | | | |
| II | 173 | | | | |
| III | 137.5 | | | | |
| IV | 122 | | | | |
| V | 105 | | | | |

3. **Specification**. The detail of the accommodation to be provided will depend upon the individual circumstances of each project (smaller gardens would, however, normally be expected; garages will be required), but the value for money of all alternative solutions considered must be tested through the application of an Investment Appraisal.

4 Application and Allocation Process

The Application, Allocation (and Vacation) Process

1. The application, allocation (and vacation – see Chapter 8) of SFA is a self-perpetuating process which is driven by the mobility of Service personnel between duty stations. The purpose of the application and allocation process is to provide Service personnel with appropriate SFA (or SSFA) at their new duty station in accordance with their accommodation required date. The IPHD will operate a responsive housing service which is reactive to the submission of the SFA Application Form, and which is configured to provide applicants with maximum notice of address. MOD Form 1132 can be found at Annex A to Chapter 4.

Review of 2nd Offer of SFA (UK Only)

GUIDANCE NOTES FOR THE COMPLETION OF THE SFA APPLICATION FORM (MOD FORM 1132)

- 1. All sections of the form must be completed in black ink and in block capitals. Please complete legibly and with as much detail as possible.
- 2. The completion of all sections of the form is mandatory. Without the information requested it will not be possible for your Housing Provider to process the application. This may result in the form being returned to the applicant and a subsequent delay in allocating you SFA. Chaplains, Civil Servants and Civilians where entitled/eligible should provide military equivalent rank to ensure allocation of SFA to the appropriate entitlement.
- 3. Personnel filling "In Command" appointments may be provided with SFA which is exofficio / tied to the particular appointment. The entitlement will be deemed to exist if the applicant exercises Commanding Officers Powers of Punishment as defined within the Armed Forces Act 2006. In cases of doubt, the appropriate Accommodation Colonel will arbitrate.
- 4. The number of people expecting to live in a property could influence the SFA to which you are entitled. All dependent children living with you (including those at boarding school) and for whom you and/or your spouse/civil partner have legal custody and you can demonstrate that you are legally the prime mover should be entered. Live in nannies for children / and au pairs who have been the subject of specific approval should be included. Expected date of birth for baby(ies) due should also be entered on the form. Single Service personnel approved for adoption will be entitled to occupy SFA from the date of approval given the need to establish a home prior to any child being placed with the adoptive parent. See JSP 464 Chapter 1 for detailed regulations.
- 5. Your assignment information is stated on your Assignment Order.
- 6. There is no entitlement to SFA prior to the date of assignment (unless vacating tied/ex-officio SFA or posted in to UK from overseas or from UK to overseas). The Housing Provider will make every effort to meet your required date up to a maximum of 4 weeks prior to your assignment date. You should not book removals / make schooling arrangements etc. until you have received and accepted your formal offer of allocation.
- 7. If you currently occupy SFA you are required to notify your current Housing Provider that you are assigned within 14 days of receipt of your Assignment Order (unless you are deployed on operations or at sea when this may not be possible, in which case you are to notify your Housing Provider within 14 days of your return). If you currently occupy SSFA, you should also notify the MOD contractor by giving them the appropriate Notice as per your Licence to Occupy (usually 40 days).
- 8. Preferred Locations: For an entitled move the IPHD will try and allocate SFA in your preferred location; if the preferred location is not available, the IPHD will allocate as close as possible to the Duty Station. Allocated SFA will be within the closest location (and iaw entitlement/eligibility) DIO will try to allocate you to your preferred property.
- 9. Once the 1132 form is completed, data submitted may be cross-referenced with JPA records. Disciplinary action may be taken if you knowingly submit incorrect / withhold information that affects your entitlement to accommodation.

10. You should select which (if any) further items of furniture you wish to have included in your SFA (except Gibraltar). Your selection will be assessed by the respective Furnishing Authority; this normally occurs when you move in to the SFA, on the basis of the numbers and nature of the items requested. You will be advised of this assessment and the impact it will have on the SFA charge you will pay.

If you have any further queries over the completion of this Application Form you should contact your local Housing Provider for advice.

Policy for the provision of SFA is contained in Tri-Service Accommodation Regulations
– JSP 464 (Vol 1 Part 1 – UK & Overseas)

- 5. You must not bury deceased pets in the garden of the SFA or on any MOD communal land under any circumstances.
- 6. XL Bully dogs have been added to the list of dogs banned under the Dangerous Dogs Act 1991. From 1 February 2024 it is a criminal offence for anyone, including SFA residents, to own an XL Bully dog in England and Wales unless your dog has a <u>Certificate of Exemption</u>. Further details on the ban can be found <u>here</u>. Where a Certificate of Exemption is held, all rules must be followed, such as ensuring your dog is controlled on a leash and muzzle when in public, keeping it in secure conditions to prevent it from escaping, have the correct insurance, and on moving addresses inform Defra. GUIDANCE NOTES FOR THE COMPLETION OF THE SSFA APPLICATION FORM (MOD FORM 1132A)

- 1. Policy for the provision of SSFA is contained in Tri-Service Accommodation Regulations (JSP 464 Pt 1). Applicants are advised to familiarise themselves with the policy before applying for SSFA. Applicants should also read the 'Rules and Instructions for Service Personnel Occupying SSFA' which were provided by IPHD) with this SSFA Application Form 1132A.
- 2. The SSFA Application (MOD Form 1132A) is a Tri-Service Application Form which is to be submitted by Service personnel who have been instructed by DIO Accommodation (IPHD) to apply for SSFA. Whilst some of the questions duplicate those on the 1132 (SFA Application), this is necessary as the detail contained herein is provided separately to the MOD Contractor. (You should note that this application will be read by DIO Accommodation in conjunction with your original 1132. If any of your circumstances have changed, you should re-submit the 1132). All sections of this form must be completed in black ink and in block capitals. Please complete legibly and with as much detail as possible.
- 3. SSFA will be provided by DIO Accommodation on those occasions when there is insufficient or inappropriate Service Family Accommodation (SFA) available. DIO Accommodation utilises a civilian contractor to provide accommodation from the commercial rental market. It is intended that SSFA will broadly equate to the provision of SFA (outside London no smaller than 10% below the indicative square meterage of an individual's entitlement); however, applicants should be aware that there is no security of tenure beyond the first 6 months of the lease.
- 4. The completion of all relevant sections of the form is mandatory. Without the information requested it will not be possible for DIO Accommodation / MOD Contractor to process the application. This may result in the form being returned to the applicant and a subsequent delay in finding appropriate SSFA. The form is to be completed as follows:
 - a. All applicants are to complete Parts 1, 2 and 5.
 - b. In addition, Officer Applicants only are also to complete Part 3 (High Cost Rental Area Procedure).
 - c. Once completed, the applicant is to return the Form 1132A by fax to DIO Accommodation (Substitute Accommodation Team SAT) at:

Mil: 95371-8681 Civ: 01480 - 52451 Ex: 8681

- d. DIO Accommodation (SAT) is to complete the Property Search Specifications and authorise the SSFA at Part 6. Once authorised, DIO Accommodation (SAT) is to issue an instruction to the MOD Contractor.
- 5. Applicants are to note that there is no entitlement to SSFA more than 2 days prior to the date of assignment. The only exceptions to this are where the applicant is vacating tied/ex-officio SFA or is assigned to the UK from overseas. In these cases, the SSFA will

be provided to ensure continuity of housing. If you do require accommodation earlier, you should provide written justification to DIO Accommodation (SAT) in addition to this application.

- 6. Preferred Locations. You should take the following into consideration <u>before</u> you complete this section. You may state a preference for location, in which case the MOD Contractor will try and source SSFA in your preferred area. However, if the preference incurs additional costs to the MOD (e.g. if the rental cost of SSFA sourced in your preference location is more expensive than for property to your entitlement within the full entitlement radius), you may be required to pay a Personal Contribution (PC). Any PC will be annotated on the Property Acceptance Certificate and debited directly through JPA for the duration of your occupancy. If the preferred location is not available, the MOD Contractor will source accommodation to your entitlement as close as possible to the Duty Station.
- 7. If you are unwilling to accept a widened search radius, it may be necessary for you to occupy a reduced scale SSFA. Prior to tasking the MOD Contractor DIO Accommodation (SAT) will contact you separately to determine your preferences, e.g. for fewer rooms or a smaller property overall.
- 8. Once Form 1132A is completed, data submitted will be read in conjunction with your original 1132, and may be cross-referenced with JPA records. Disciplinary action may be taken if you knowingly submit incorrect / withhold information that affects your entitlement to accommodation.
- 9. As SSFA is procured by a contractor on behalf of the MOD under strict criteria that equate to Grade 1 SFA, it will automatically be charged as Grade 1 accommodation. You may challenge this grading within 3 months of occupation.

If you have any further queries over the completion of this Application Form you should contact DIO Accommodation (SAT) for advice

Guiding Principles for Additional Needs & Disability Adaptations (ANDA)

The purpose of this document is to give guidance regarding adaptations DIO Accommodation will make to Service Family Accommodation (SFA) to meet housing requirements arising from occupants' medical conditions. We consider all adaptation requests regardless of whether the additional need and/or disability is physical, visible or hidden.

Service Personnel (SP) are advised to seek support with their ANDA application from their welfare team.

If an occupant requires adaptations to their SFA, it is their responsibility to provide up-to-date supporting medical evidence, from a suitably qualified medical professional, setting out all necessary and specific housing requirements, to enable DIO Accommodation to provide adaptations which are fit-for-purpose and provide value for money. Given the inherently mobile lifestyles of SP, DIO Accommodation will provide essential housing requirements which meet an individual's current needs up to a maximum of three years, however DIO Accommodation are happy to review the requirement if there is a change of circumstance. If for any reason the detail of the housing requirement is insufficient to progress the request, DIO Accommodation/IP ANDA team may seek clarification from the OT/medical professional or request the occupant provide further evidence. If an occupant does not wish particular recommendations in their report to be carried out, then they should ask the author to rescind these in writing.

For Data Protection Act 2018 compliance, DIO Accommodation do not retain personal information; occupants are required to provide full details of all housing requirements for every ANDA request submitted. This information may be provided by asking the medical professional to complete the ANDA Assessment Form. Please note if, during an ANDA application, an updated report is submitted, this report will supersede all other reports. It is therefore essential that the latest report contains all the necessary housing recommendations. Please be aware any additional work outside the recommendations of your OT and/or medical report is unlikely to be approved.

For the purpose of ANDA, DIO Accommodation will consider adaptation requests for the Service Person (SP), spouse, civil partner or children who permanently reside at the SFA utilising the definition of children quoted in Chapter 1 of this JSP:

"Children: For the purposes of SFA allocation, a child is defined as 'the natural child, or the adopted child of the Service person or his or her spouse, civil partner or other partner in respect of whom a Service Declaration has been made; or a child of the family who is below the age of majority (18 years of age). Unborn children, who are expected to be born within 6 months of occupation of SFA, are to be counted as members of the family. Exceptions to the age limit above are: - Dependent children who are under age 25, unmarried and in receipt of full-time education at school, 6th Form College, College of Further Education or an Institute of Higher Education (e.g. university), studying up to and including 1st degree level only and where the dependent child continues to reside with the parents in SFA, providing there is no more than a break of one academic year between the

secondary and further education. Children of any age, who are physically or mentally incapable of contributing to their own support."

DIO Accommodation will only provide adaptations to SFA at a SP's posting location. We will not make adaptations if SFA is occupied under a surplus licence or on retention.

DIO Accommodation will provide adaptations if the occupant has a long-term health condition or disability which is expected to continue for at least 9 months (this qualifying period is waived for terminally ill occupants with a life expectancy of less than 6 months).

If a posting, or the remainder of a posting, is less than six months, DIO Accommodation will provide the adaptations at the next posting location.

Occupancy Services allocate SFA to entitlement, in line with policy and compliant with the overcrowding standard described in the Housing Act 1985; however, by exception, SFA above entitlement may be allocated to meet necessary housing requirements. The decision as to which SFA is allocated will be based on the availability of stock at the time of receiving the ANDA request and DIO Accommodation/IP's knowledge of which property would best meet the housing needs as set out in the OT and/or medical report.

DIO Accommodation do not have generic adapted properties. Our stock comprises of a diverse range of individual properties. We have very few single level living SFA so it is highly unlikely we will be able to meet a request for single level living; occupants and Occupational Therapists (OTs) should bear this in mind when carrying out an assessment of housing requirements and consider all options eg use of a stairlift.

The time required to allocate and/or adapt an SFA will depend on the availability of a suitable property and the complexity of the adaptations required. ANDA requests are given the highest priority; however, to avoid delays, it is essential applications, along with the relevant supporting documentation, are submitted at the earliest opportunity. IP will appoint an ANDA Focal Point within OS who is responsible for keeping occupants fully informed of decisions and progress regarding their application. They will provide occupants with regular updates (fortnightly as a minimum) and in turn occupants must keep OS informed of any changes in their circumstance.

DIO Accommodation will consider all ANDA requests on a case-by-case basis, however common examples of what we will and will not consider are set out below for clarification:

If there is a justified medical requirement, DIO Accommodation will allocate a bedroom for the sole use of an individual, however please be aware, dependent on the household's composition, this might not necessitate the allocation of a property with an additional bedroom. We do not allocate additional rooms for use as therapy or sensory rooms; however, we will endeavour to allocate a property which has a separate living and dining room so occupants can use the available space as flexibly as possible to meet their individual needs. If housing stock permits, and the family wishes, a larger property can be requested for personal reasons.

Garden adaptations are limited to providing a secure back garden and providing level access to a patio area not exceeding 4mx4m. We will not enclose a front garden with fencing, level lawns or lay astro turf.

DIO Accommodation will ensure external doors are fitted with key locks; however, we will not provide locks, bolts or any other means which may restrict either entry or egress from the property or a room. Bathrooms and toilets are fitted with thumb locks.

DIO Accommodation will provide radiator covers or Low Surface Temperature radiators to a child's bedroom and bathroom. Occupants may wish to consider purchasing removable, padded fabric radiator covers which are widely available.

DIO Accommodation do not provide padding to walls, doors or floors.

DIO Accommodation do not provide bespoke stairgates. We may provide stable doors to kitchens and a child's bedroom.

DIO Accommodation's housing specification includes duel fuel free standing cookers. We do not provide induction cookers; however, we may consider changing an electric hob for a gas hob.

DIO will provide specialist smoke detectors and doorbells for occupants with hearing impairments however we will not provide door alarms and/or monitoring systems.

If replacement flooring is required due to allergies, we will provide wood-effect vinyl. If flooring is required for wheelchair users, this too, will be wood-effect vinyl.

Due to health and safety and maintenance issues, DIO Accommodation do not provide walk-in baths. We will provide a household with either bathing or showering facilities but not both.

If an occupant wishes adaptations over and above those DIO Accommodation and/or the NHS/Local Authority are able to provide, then they may request permission to fund these themselves via the encroachment process, however the occupant will be required to remove and make good, at their own cost, on move out.

DIO Accommodation do not provide kitchen adaptations for children e.g. lowered worktops, however we are happy, by exception, to review on a case by case basis.

Additional Needs & Disabled Adaptations (ANDA) Process Guidance for Service Family Accommodation (SFA)

Making an application for an adaptation to your SFA or moving to a new property

The Service Person (SP) is advised to seek support with their ANDA application from their welfare team.

Moving to a new property

When completing your e1132 application (Application Form to Occupy Service Family Accommodation (SFA)) you must indicate on the form that you have additional needs and may require adaptations.

Applying for adaptations to your current SFA

If you require an ANDA to your current SFA please contact the Pinnacle Helpdesk (0800 031 8628 Option 2 or via the Home Hub)

You will be asked to provide an Occupational Therapist (OT) and/or medical report to support your request (please submit to HomeServicesConfidential@pinnacleservicefamilies.co.uk). This information can also be provided by completing the DIO ANDA Assessment Form. Please note it is the SP's responsibility to provide up-to-date supporting medical evidence, from a suitably qualified medical professional*, setting out all necessary and specific housing requirements. Complex adaptations will always require an OT report. Any delay in providing this can cause delays in progressing your request. If you already have an existing OT/medical/specialist report and there has been no change in circumstances, then this can be submitted (please take into account any changes to family circumstances), however we may still need to request further information or clarification from you or your medical professional in order to deliver adaptations which are fit for purpose.

Please be aware any additional work outside the recommendations of your OT and/or medical report is unlikely to be approved.

The Occupational Therapy Service is a specialist service which, depending on your needs, will either be provided by your local Clinical Commissioning Group or your Local Authority. Further guidance for OT assessments can be found at http://www.nhs.uk/conditions/occupational-therapy/Pages/Accessing-occupational-therapy.aspx

Pinnacle will appoint an ANDA Focal Point within Home Services (HS) who is responsible for keeping you fully informed of decisions and progress regarding your application. They will provide you with regular updates (weekly as a minimum) and in turn you must keep them informed of any changes in your circumstances.

Identify a suitable property (if applicable)
Information on publicly funded midtour moves can be found in JSP 464 Vol 1 Pt 1 Ch 4 Sec VIII

Dependent on the adaptations required, it may not be possible to adapt your current SFA. In this instance, the Pinnacle will source an alternative property.

For major adaptations, our Industry Partners may take specialist advice to identify a suitable property to meet your family's needs. In some cases, a property may be available that has already been adapted and, if it is considered suitable, this will be offered to vou.

The decision as to which SFA is allocated will be based on the availability of stock at the time of the ANDA request and DIO Accommodation Industry Partners' knowledge of which property would best meet your housing needs as set out in your OT and/or medical report.

Making an offer

Once a suitable property has been identified, you will be made an offer. The target for allocating a property is within 15 days of receipt of your OT and/or medical report, however this will be dependent on the complexity of the adaptations required and current housing stock availability.

Carrying out the adaptations

Following acceptance of the property, any required work will commence.

The timeframe for carrying out work will vary depending on the complexity of the adaptations required eg a simple request to fit a grab rail or change carpets for wood-effect vinyl flooring may be completed quicker than works requiring structural alterations, a wet room or a through-floor lift. Other factors which determine how quickly works can be completed include lead times for procuring specialist equipment, whether works can be undertaken safely with a family in residence or whether Planning Permission is required. Throughout the works programme your HS ANDA Focal Point will ensure you are kept fully informed of progress, including the start and proposed completion dates. Depending on the complexity/length of the project, you can agree a suitable schedule for updates. You may of course contact your ANDA Focal Point at any time should you have concerns.

Works completed

Once the adaptations are complete and your SFA is ready, OS will arrange a move in date. Your OT may wish to inspect the work and confirm it has been satisfactorily completed in accordance with the requirement.

*DIO define a 'suitably qualified medical professional' as one who is able to provide sufficient detail and technical specification in order for DIO and our Industry Partners to deliver adaptations which are fit-for-purpose and provide value for money e.g. if a medical professional recommends a grab rail, then they will need to be able to provide location, height, length, circumference etc.

The Additional Needs & Disabled Adaptations (ANDA) Process Flowchart for Service Family Accommodation (SFA)

The following flowchart sets out the process for a Service Person (SP) and their family requiring adaptations to their current or new SFA.

The SP is advised to seek support with their ANDA application from their welfare team.

To make an ANDA application the SP should contact Pinnacle Home Services either via the Helpdesk (0800 031 8628) or Home Hub for inoccupancy requests or via the e1132 application process for new postings. Pinnacle will appoint the SP a HS ANDA Focal Point for the duration of the ANDA process.

Supporting medical evidence should be submitted to

<u>HomeServicesConfidential@pinnacleservicefamilies.co.uk</u>. Please note it is the SP's responsibility to provide an up-to-date medical/OT report, from a suitably qualified medical professional*, setting out the necessary and specific housing requirements. This may be provided using the DIO ANDA Assessment Form. If for any reason the detail of the housing requirement is insufficient for us to progress the request, DIO Accommodation/our Industry Partners ANDA team may seek clarification from the OT/medical professional or request the family provide further evidence.

^{*} DIO define a 'suitably qualified medical professional' as one who is able to provide sufficient detail and technical specification in order for DIO and our Industry Partners to deliver adaptations which are fit-for-purpose and provide value for money eg if a medical professional recommends a grab rail, then they will need to be able to provide location, height, length, circumference etc.

APPENDIX 3 TO ANNEX C TO CHAPTER 6 TO JSP 464 VOL 1 PT 2

For completion by an OT or similarly suitable qualified medical professional*. Please assess the family member's *current* housing requirements. Please note we will only consider adaptations required for up to a maximum of 3 years, however we are happy to review the requirement if there is a change of circumstance.

The Licensee and/or spouse should provide as much information as possible at the earliest opportunity to assist the IPHD and Local Service Commander in establishing an agreed notice to vacate (NTV) and can be found at Annex B.

Retention of SFA/SSFA For Recognised Stages of Education

RETENTION FOR RECOGNISED STAGES OF EDUCATION - SAMPLE SUPPORTING SCHOOL LETTERS

A. School Headed Paper

Insert Date

To whom it may concern,

Ref: Insert child's name / DoB

I can confirm that the above-named student is currently studying at XXX School and will be completing their final year of GCSEs in the current/next academic year 20XX/20XX.

For (name of child) to have to relocate to another school at this critical time would have a detrimental impact on their education and mental wellbeing.

It is vital that (name of child) be allowed to continue their education at XXX School, so that they have the opportunity of achieving the best GCSE examination results.

Name of signatory Post

B. School Headed Paper

Insert Date

To whom it may concern,

(Name of child) is a student at (name of school) and commenced their education with us from Year X. (Name of child) is currently studying GCSE courses in a variety of subjects and will be sitting their final exams in the summer of 20XX. They began their KS4 courses in Sep 20XX.

The subjects we offer for GCSE begin in Year 9 with some subjects spanning three years of study which may differ to many other schools. Moving schools during this most critical time is likely to have a negative effect on (name of child) results and potentially their future aspirations. (Name of child) is settled in their classes and working hard to succeed.

Moving a child who has commenced such an important stage of education is not recommended as curriculums and subject options will invariably be difficult to replicate in another school. We therefore request that you consider the impact on (name of child) and their education when making the decision on where the family can live.

8 Irregular Occupancy

Expiry of the Notice to Vacate

- 1. Irrespective of the cause of the loss of entitlement to occupy the SFA, when a Notice to Vacate (or Notice to Quit) expires and the family or members of the family remain in occupation of SFA they will become Irregular Occupants. (Refer to Volume 1 Part 1 Chapter 8 for policy). At this stage IPHD will decide, in consultation with the Local Service Commander and Service/civil welfare, whether to:
 - a. repossess the property, or
 - b. offer an alternative Occupancy Agreement.

Issue of Certificate

2. The IPHD is to issue the Certificate of Cessation of Entitlement to Occupy SFA (Annex A to Chapter 7) to any family which requests it in order to assist the family in seeking social housing on expiry of the notice to vacate their SFA.

9 Occupation of Temporary Surplus SFA by Eligible Personnel

Provision for Eligible Personnel to Occupy Surplus SFA

1. In accordance with DIO Accommodation mandate to reduce the number of voids, provision is made for eligible personnel to occupy surplus SFA both inside and outside of the wire.

10 Allocation of SFA to Entitled and Eligible Personnel

1. For reference, a summary of all entitled and eligible Service and Civilian personnel who may occupy SFA in UK and Overseas is detailed in Volume 1 Part 1 Chapter 10 Annex A.

11 Domestic Assistance (DA) Policy

Overview

1. In general, DA is authorised against a requirement to conduct OH. There are some exceptions and these are dealt with against each of the main sub categories of DA below. If individuals are both In Command and occupying large SFA, the basic provision of DA (not including OH events) is determined by the largest of either category and should not exceed 10hrs without authority of the TLB and confirmation of funding availability.

Notes:

- 1. Where DA is provided by either Catering Core Manpower (CCM) or within MACs, adequate provision must be made for event planning and organisation, procurement of food items, set up tasks, pre event food preparation and post event administration. JSP 456 Volume 1 provides further guidance.
- 2. Columns e & f above state the broad ratio of Catering (Chef) and Catering (Waiting staff) staff for OH events. This is an agreed planning guideline for TLBs only. It may not be appropriate for all types of OH event and it is recommend that staffing numbers are approved and funded (outside of established, enduring DA support) through the submission of F1199. Thus, staffing of OH events will be done on a case by case basis. More detail is available in JSP 456 Volume 1.
- 3. For those both in Command and in Large SFA the basic provision not including OH events is the largest of either category and should not exceed 10 hrs without authority of the TLB and confirmation of funding availability.

¹² There is no entitlement to Cleaning Support for occupants of surplus Large SFA and/or occupants of Large SFA above entitlement through personal choice.

- 3. **Application Procedure**. When an eligible applicant has found a qualifying property they wish to purchase, has spoken to a mortgage provider and obtained the services of a legal representative, they may submit a JPA on-line application to DBS Mil Pers, FHTB Section, through their CO (or authorised representative) as per paragraph 1 above, only in exceptional circumstances may a JPA Form E035 be used. An individual having applied on-line and gained approval is to use only the JPA printout to gather all required certifying signatures and forward to the DBS Mil Pers, FHTB Section.
- 4. **Reassessment of Eligibility**. Personnel who are initially assessed as "entitled" prior to formal JPA on-line application are reminded that both eligibility and the maximum amount of the FHTB which may be awarded will be fully reassessed once the formal JPA on-line application is submitted (subject to certification and recommendation by unit authorities). At this point, if any information supporting the JPA on-line application has changed, it is possible that eligibility and entitlement may be affected. If there has been a change in personal circumstances, this should be reported on JPA Form E035a
- 5. **Certification of the Application Form**. Once a JPA on-line application has been approved and printed, it is to be certified by the claimant's Unit HR and CO (or authorised representative) as follows:
 - a. <u>Unit HR</u>. In assessing the FHTB application, the Unit HR is to include a check of the applicant's current medical status on JPA (see paragraph 1211). Their Joint Medical Employment Standard (JMES) grading is at, or above, the minimum standard where single Service policy allows the SP to serve without medical retirement/discharge action being undertaken. Unit HR staff are to confirm the applicant's JMES as stated on JPA. Those that have been downgraded for reasons of pregnancy are eligible, but this must be evidenced by a JMES E grading of E6 or a copy of form Mat B1. Unit HR should check with their single Service Manning Authorities if they are in doubt. Those undergoing medical retirement/discharge

action who are nonetheless able to obtain a mortgage offer in principle, may make an exceptional case through their CO and DBS Mil Pers to PACCC (who may consult with People-SPSupport-Accom). However, a FHTB advance is only likely to be granted in exceptional cases where it would be able to be recovered from terminal benefits due to the applicant. Irrespective of JMES grading, at the time of the FHTB application, the applicant is required to acknowledge on the application form that, should they later have a medical condition that leads to invaliding or discharge from the Service, then recovery of the FHTB advance may only be waived following submission of casework to the PACCC in accordance with para 1246.

- b. <u>UMO</u>. Only in cases where the claimant's medical deployability standard is Medically Non-Deployable (MND), either permanent or temporary at the time of the application, the UMO must certify whether or not the applicant is likely to be MFD/MLD within 6 months of the medical assessment and return the application to the Unit HR.
- c. <u>CO (or Authorised Representative)</u>. In certifying an application, the CO (or authorised representative) must take into account an applicant's current financial situation, for example, if an applicant is subject to any administrative or disciplinary action, which may result in a significant/material change in circumstances (e.g. premature termination of Service, assignment, detention, reduction in rank), the application is either to be rejected or held in abeyance until the outcome of the action is known. Otherwise, the application may be recommended by the CO (or authorised representative) and forwarded to DBS Mil Pers, FHTB Section.
- 6. **Short Notice Appointment**. Applicants who are at risk of being assigned to a seagoing ship or assignment overseas at short notice, before the purchase of their new property is completed, should discuss with their solicitor the arrangement of a limited Power of Attorney, or similar. This is to ensure that purchase can be completed in their absence. It is emphasised, however, that the additional expense of such a course of action is not necessary in normal circumstances. Any additional expenses incurred in association with the Power of Attorney are the responsibility of the Service person.
