Part II: Certification

Public health attestation [Delete when the Union is not the final destination of the fresh meat]

I, the undersigned official veterinarian, declare that I am aware of the relevant requirements of Regulation (EC) No 999/2001 of the European Parliament and of the Council, Regulation (EC) No 178/2002 of the European Parliament and of the Council, Regulation (EC) No 852/2004 of the European Parliament and of the Council, Regulation (EC) No 853/2004 of the European Parliament and of the Council, Regulation (EU) 2017/625 of the European Parliament and of the Council, Commission Delegated Regulation (EU) 2019/624 and Commission Implementing Regulation (EU) 2019/627 and hereby certify that the fresh meat ⁽²⁾ of animals of the family *Bovidae* (except domestic bovine, ovine and caprine animals), camelid animals and cervid animals kept as farmed game, described in Part I was produced in accordance with these requirements, in particular that:

the meat comes from (an) establishment(s) applying general hygiene requirements and implementing a programme based on hazard analysis and critical control points (HACCP) principles in accordance with Article 5 of Regulation (EC) No 852/2004, regularly audited by the competent authorities, and is listed as a Union approved establishment;

- the meat has been obtained in accordance with the conditions set out in Section III of Annex III to Regulation (EC) No 853/2004; the meat has been found fit for human consumption following *ante-mortem* and *post-mortem* inspections carried out in
 - accordance with Articles 8 to 14, 16, 27, 29, 33, 34, 37, 38 of Implementing Regulation (EU) 2019/627 and Articles 3 to 8 of Delegated Regulation (EU) 2019/624;
- II.1.4. ⁽¹⁾ *either* [the carcase or parts of the carcase have been marked with a health mark in accordance with Article 48 of and Annex II to Implementing Regulation (EU) 2019/627;]
 - ⁽¹⁾ or [the packages of meat have been marked with an identification mark in accordance with Section I of Annex II to Regulation (EC) No 853/2004;]
- II.1.5. the meat satisfies the relevant criteria laid down in Commission Regulation (EC) No 2073/2005;
- II.1.6. the guarantees covering live animals and products thereof provided by the control plan submitted in accordance with Article 6(2) of Commission Delegated Regulation (EU) 2022/2292 are fulfilled and the concerned animals and products are listed in Annex -I to Commission Implementing Regulation (EU) 2021/405 for the concerned third country or territory;
- II.1.7. the meat has been stored and transported in accordance with the relevant requirements in Section I, Chapter VII, of Annex III to Regulation (EC) No 853/2004;
- ⁽¹⁾⁽³⁾ [II.1.8. with regard to chronic wasting disease (CWD):

This product contains or is derived exclusively from meat, excluding offal and spinal cord, of farmed cervid animals which have been examined for chronic wasting disease by histopathology, immunohistochemistry or other diagnostic method recognised by the competent authorities with negative results and is not derived from animals coming from a herd where chronic wasting disease has been confirmed or is officially suspected.]

- ⁽¹⁾ [II.1.9. the meat has been obtained from animals:
 - (a) which have been slaughtered on the holding of origin, following authorisation by an official veterinarian responsible for the holding, who has provided a written statement that:
 - in his opinion an unacceptable risk would have been posed to the welfare of the animals or to their handlers by the transport of the animals to a slaughterhouse,
 - the holding has been inspected and authorised by the competent authorities for the slaughter of game animals,
 - the animals have passed the *ante-mortem* health inspection during the last 24 hours before the date of slaughter and, in
 particular, have shown no evidence of the diseases referred to in point II.2.1.,
 - - the bleeding of the animals was performed correctly,
 - the slaughter animals were eviscerated within three hours of the time of the slaughter.

(b) the bodies of which have been transported to the approved slaughterhouse under hygiepic conditions and, where more than one hour elapsed since the time of slaughter, a temperature between 0°C and +4°C has been found on the arrival of the vehicle used for the transport.]

II.2. Animal health attestation

I, the undersigned official veterinarian, hereby certify that the fresh meat described in Part I:

II.2.1. has been obtained in the **zone/s** with code/s:⁽⁵⁾ which, at the date of issue of this animal health/official certificate is/are authorised for the entry into the Union **of fresh meat of animals of the family** *Bovidae* (other than domestic bovine, ovine and caprine animals), camelid animals and cervid animals kept as farmed game and listed in Part 1 of Anney XIII to Commission Implementing Regulation (EU) 2021/404, and:

- (a) in which infection with rinderpest virus has not been reported for the last 12 months before the date of [slaughter] ([killing]⁽¹⁾ of the animals from which the fresh meat was obtained, and during the same period vaccination against this disease has not been carried out;
- ⁽¹⁾*either* [(b) in which foot and mouth disease has not been reported for the last 12 months before the date of [slaughter] ⁽¹⁾ [killing] ⁽¹⁾ of the animals from which the fresh meat was obtained, and during the same period vaccination against this disease has not been carried out.]
