Part II: Certification

Certificate reference UNITED KINGDOM

II. Health information

(1) II.1. Public health attestation [Delete when the Union is not the final destination of the live bivalve molluscs, echinoderms, tunicates, marine gastropods and products of animal origin from these animals]

I, the undersigned, declare that I am aware of the relevant requirements of Regulation (EC) No 178/2002 of the European Parliament and of the Council, Regulation (EC) No 852/2004 of the European Parliament and of the Council, Regulation (EC) No 853/2004 of the European Parliament and of the Council and Regulation (EU) 2017/625 of the European Parliament and of the Council and hereby certify that the [live bivalve molluscs] (4) [live echinoderms] (4) [live tunicates] (4) [live marine gastropods] (4) [products of animal origin derived from live bivalve molluscs/live echinoderms/live tunicates/live marine gastropods] (4) described in Part I were produced in accordance with these requirements, and in particular that they:

- (a) have been obtained in a region/regions or a country/countries which, at the date of issue of this animal health/official certificate is/are authorised for the entry into the Union of [live bivalve molluscs]⁽⁴⁾ [live echinoderms] (4) [live tunicates] (4) [live marine gastropods] (4) products of animal origin derived from live bivalve molluscs/live echinoderms/live tunicates/live marine gastropods] (4), and listed in Annex VIII to Commission Implementing Regulation (EU) 2021/405;
- come from (an) establishment(s) applying general hygiene requirements and implementing a programme based on the hazard analysis and (b) critical control points (HACCP) principles in accordance with Article 5 of Regulation (EC) No 852/2004, regularly audited by the competent authorities, and is listed as a Union approved establishment;
- have been harvested, where necessary relayed and transported in accordance with Section VII, Chapters I and II, of Annex III to Regulation (c) (EC) No 853/2004:
- (4) either [were handled, where necessary purified, and packaged in compliance with Section VII, Chapters III and IV, of Annex III (d) to Regulation (EC) No 853/2004;]
 - $^{(4)}$ or [were prepared, processed, frozen and thawed hygienically in compliance with the requirements laid down in Section VIII, Chapters III and IV, of Annex III to Regulation (EC) No 853/2004;]
- satisfy the health standards laid down in Section VII, Chapter V, of Annex III to Regulation (EC) No 853/2004, [Section VIII, Chapter (e) V, of Annex III to Regulation (EC) No 853/2004] ⁽⁴⁾ and the criteria laid down in Commission Regulation (EC) No 2073/2005; have been packaged, stored and transported in compliance with [Section VII, Chapters VI and VIII, of Annex III to Regulation (EC) No
- 853/2004] (4) [Section VIII, Chapters VI, VII and VIII, of Annex III to Regulation (EC) No 853/2004] (4);
- have been marked and labelled in accordance with [Section I of Annex II and Section VII, Chapter VII, of Annex III to Regulation (EC) No 853/2004] (4) [Section I of Annex II to Regulation (EC) No 853/2004] (4);
- in the case of Pectinidae, marine gastropods and echinoderms that are not filter feeders harvested outside classified production areas, these comply with the specific requirements laid down in Section VII, Chapter IX, of Annex III to Regulation (EC) No 853/2004;
- come from a production area classified in accordance with Article 52 of Commission Implementing Regulation (EU) 2019/627 as [A] [B] or [C] at the moment of their harvesting (please indicate the classification of the production area at the moment of harvesting) (except for Pectinidae, marine gastropods and echinoderms that are not filter feeders, which are harvested outside classified production areas);
- have satisfactorily undergone the official controls laid down in [Articles 51 to 66 of Implementing Regulation (EU) 2019/627 or in Article 11 of Commission Delegated Regulation (EU) 2019/624] (4) [Articles 69, 70 and 71 of Implementing Regulation (EU) 2019/627] (4);
- fulfil the guarantees covering live animals and products thereof, if of aquaculture origin, provided by the control plan submitted in (k) accordance with Article 6(2) of Commission Delegated Regulation (EU) 2022/2292 and the concerned animals and products are listed in Annex -I to Implementing Regulation (EU) 2021/405 for the concerned third country or territory of origin.
- Animal health attestation for live bivalve molluscs of listed (3) species intended for human consumption and products of (2) [II.2. animal origin from those molluscs which are intended for further processing in the Union before human consumption, excluding wild molluscs and their products landed from fishing vessels

I, the undersigned official veterinarian, hereby certify that:

- According to official information, the [aquatic animals described in Part $\Pi^{(4)}$ [products of animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which (4) meet the following animal health requirements:
 - they originate from [an establishment] (4) [a habitat] (4) which is not subject to national restriction measures to animal health reasons or because of the occurrence of abnormal mortalities with an undetermined cause including the relevant listed diseases referred to in Annex I to Commission Delegated Regulation (EU) 2020/692 and emerging diseases;
 - the [aquatic animals are not intended to be killed] (4) [products of animal origin from aquatic animals other than II.2.1.2. live aquatic animals, have been obtained from animals which were not intended to be killed] (4) under a national programme for the eradication of diseases, including the listed diseases referred to in Annex I to Delegated Regulation (EU) 2020/692 relevant for the species and emerging diseases.
- (4) [II.2.2. The [aquaculture animals described in Part I] (4) [products of animal origin from aquaculture animals other than live aquaculture animals described in Part I, have been obtained from animals which] (4) meet the following requirements:
 - they come from an aquaculture establishment which is [registered] (4) [approved] (4) by, and under the control of, the competent authority of the third country or territory of origin and which has a system in place to maintain and to keep for a period of at least three years, up-to-date records containing information regarding: the species, categories and number of aquaculture animals on the establishment;

II.a Certificate reference UNITED KINGDOM

the movements of aquatic animals into, and aquaculture animals out of, the establishment;

- (iii) the mortality in the establishment:

II.2.2.2. they come from an aquaculture establishment which receives regular animal health visits from a veterinarian for the purpose of the detection of, and information on, signs indicative of the occurrence of diseases, including the listed diseases referred to in Annex I to Delegated Regulation (EU) 2020/692 relevant for the species and emerging diseases, at a frequency that is proportionate to the risk posed by the establishment.]

11.2.3. General animal health requirements

The [aquatic animals described in Part I] (4) [products of animal origin from aquatic animals other than live aquatic animals described in Part I have been obtained from animals which] (4) meet the following animal health requirements:

- [II.2.3.1. they are subject to the requirements referred to in Part II.2.4., and originate from a [country] (4) [territory] (4) [zone] (4) [compartment] (4) with code: ___ - __ (5) which, at the date of issue of this animal health/official certificate, is listed in Part 1 of Annex XXI to Commission Implementing Regulation (EU) 2021/404 for the entry into the Union of those [aquatic animals] (4) [products of animal origin from aquatic animals other than live aquatic animals] (4);]
- they are aquatic animals that have undergone clinical inspection in accordance with Article 166 of Delegated Regulation (EU) 2020/692 within 72 hours prior to the time of loading for dispatch to the Union. During the inspection, the animals showed no clinical symptoms of transmissible disease and, according to the relevant records of the establishment, there was no indication of disease problems;]
- they are aquatic animals which are dispatched to the Union directly from the place of origin;]
 - they have not been in contact with aquatic animals of a lower health status.

(4) (6) either [II.2.4. Specific health requirements

> [II.2.4.1. Requirements for listed (3) species for infection with Mikrocytos mackini or infection with Perkinsus marinus

> > The [aquatic animals described in Part I] (4) [products of animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which] (4) originate from a [country] (4) [territory] (4) [zone] (4) [compartment] (4) declared free from [infection with Mikrocytos mackini] (4) [infection with Perkinsus marinus] (4) in accordance with conditions which are at least as stringent as those laid down in Article 66 or in Article 73(1) and Article 73(2), point (a), of Commission Delegated Regulation (EU) 2020/689 and in the case of aquatic animals, all listed (3) species for the relevant disease(s) are:

- introduced from another country or territory, or zone or compartment thereof which has been declared free from the same disease(s);
- not vaccinated against [that] (4) [those] (4) disease(s).]

^{(4) (7)} [II.2.4.2. Requirements for listed (3) species for infection with Marteilia refringens, infection with Bonamia exitiosa or infection with Bonamia ostreae

> The [aquatic animals described in Part I] (4) [products of animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which] (4) originate from a [country] (4) [territory] [zone,] (4) [compartment] (4) declared free from [infection with Marteilia refringens] (4) [infection with Bonamia exitiosa] (4) [infection with Bonamia ostreae] (4) in accordance with Part II, Chapter 4, of Delegated Regulation (EU) 2020/689 and in the case of aquatic animals, all listed (3) species for the relevant disease(s) are:

- introduced from another country or territory, or zone or compartment thereof which has been declared free from the same disease(s);
- not vaccinated against [that] (4) [those] (4) disease(s).]

^{(4) (8)} [II.2.4.3. Requirements for species ⁽⁹⁾ susceptible to infection with Ostreid herpes virus 1 μvar (OsHV-1 μvar)

> The [aquatic animals described in Part I] (4) [products of animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which] (4) originate from a [country] (4) [territory] (4) [zone] (4) [compartment] (4) which fulfils the health guarantees as regards OsHV-1 uvar which are necessary to comply with the national measures which apply in the Member State of destination in accordance with Article 175 of Delegated Regulation (EU) 2020/692, and for which the Member State or part thereof, is listed in [Annex I] (4) [Annex II] (4) to Commission Implementing Decision (EU) 2021/260.]]

 $^{(4)}(^{6)}or$ III.2.4. Specific health requirements

The [aquatic animals described in Part I] (4) [products of animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which] (4) are destined for a disease control aquatic food establishment within the Union which is approved in accordance with Article 11 of Commission Delegated Regulation (EU) 2020/691, where they are to be processed for human consumption.]

- To the best of my knowledge, and as declared by the operator, the [aquatic animals described in Part I] (4) [products of II.2.5. animal origin from aquatic animals other than live aquatic animals described in Part I, have been obtained from animals which] (4) originate from [an establishment] (4) [a habitat] (4) where:
 - there were no abnormal mortalities with an undetermined cause; and (i)
 - the animals have not been in contact with aquatic animals of listed (3) species which did not comply with the (ii) requirements referred to in point II.2.1.

Transport requirements II.2.6.

Arrangements have been made to transport the aquatic animals described in Part I in accordance with the requirements laid down in Articles 167 and 168 of Delegated Regulation (EU) 2020/692 and specifically that:

UNITED KINGDOM II.a Certificate reference

- II.2.6.1. when the aquatic animals are transported in water, the water is not changed in a third country or territory, or zone or compartment thereof which is not listed for entry into the Union of the particular species and category of aquatic animals;
- II.2.6.2. the aquatic animals are not transported under conditions that jeopardise their health status, in particular:
 - (i) when the aquatic animals are transported in water, it does not alter their health status;
 - the means of transport and the containers are constructed in such a way that the health status of the aquatic animals is not jeopardised during transportation;
 - (iii) the [container] (4) [well-boat] (4) is [previously unused] (4) [cleaned and disinfected in accordance with a protocol and with products approved by the competent authority of the third country or territory of origin] (4), prior to loading for dispatch to the Union;
- II.2.6.3. from the time of loading at the place of origin until the time of arrival in the Union, the animals in the consignment are not transported in the same water or [container] (4) [well-boat] (4) together with aquatic animals which are of a lower health status or which are not intended for the entry into the Union;
- II.2.6.4. where a water exchange is necessary in a [country] (4) [territory] (4) [compartment] (4) which is listed for the entry into the Union of the particular species and category of aquatic animals, it only occurs [in the case of transport on land, at water exchange points approved by the competent authority of the third country or territory where the water exchange takes place] (4) [in the case of transport by well-boat, at a distance which is at least 10 km from any aquaculture establishments which are located *en-route* from the place of origin to the place of destination in the Union] (4).

II.2.7. Labelling requirements

Arrangements have been made to identify and label the [means of transport] (4) [containers] (4) in accordance with Article 169 of Delegated Regulation (FU) 2020/692 and specifically that:

- II.2.7.1. the consignment is identified by [a legible and visible label on the exterior of the container] ⁽⁴⁾ [an entry in the ships manifest when transported by well-boat] ⁽⁴⁾, which clearly links the consignment to this animal health/official certificate;
- (4) [II.2.7.2. in the case of live aquatic animals, the legible and visible label referred to in point II.2.7.1. contains:
 - (a) details of the number of containers in the consignment;
 - (b) the name of the species present in each container;
 - (c) details of the number of aquatic animals in each container for each of the species present;
 - (d) the following statement: "live molluscs intended for human consumption in the Union";]
- in the case of products of animal origin from aquatic animals other than live aquatic animals, the legible and visible label referred to in point II.2.7.1. contains at least the following statement:
 - "products of animal origin from molluscs, other than live molluscs, intended for further processing in the Union".]

(4) (10) II.2.8. Validity of animal health/official certificate

This animal health/official certificate shall be valid for the period of 10 days from the date of issue. In the case of transport by waterway/sea of aquatic animals, this period of 10 days may be extended by the duration of the journey by waterway/sea.]

Notes

In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, references to the Union in this animal health/official certificate include the United Kingdom in respect of Northern Ireland.

This animal health/official certificate is intended for the entry into the Union of live bi-valve molluscs and products of animal origin from those animals intended for human consumption, including when the Union is not the final destination of such bivalve molluscs and their products.

"Aquatic animals" are animals as defined in Article 4, point (3), of Regulation (EU) 2016/429 of the European Parliament and of the Council. "Aquaculture animals" are aquatic animals which are subject to aquaculture as defined in Article 4, point (7), of Regulation (EU) 2016/429.

"Further processing" means any type of measures and techniques, carried out before the placing on the market for human consumption, affecting anatomical wholeness, such as bleeding, evisceration, heading, slicing and filleting which produce waste or by-products which could cause a risk of disease spread.

All aquatic animals and products of animal origin from aquatic animals other than live aquatic animals, to which Part II.2.4. of this animal health/official certificate applies, must originate from a third country or territory, or zone or compartment thereof which appears in column 2 of the table in Part 1 of Annex XXI to Implementing Regulation (EU) 2021/404.

Part II.2.4. of the animal health/official certificate **shall not apply to** the following aquatic animals, and they may therefore originate from a third country or region thereof which is listed in Annex VIII to Implementing Regulation (EU) 2021/405:

(a) molluses which are packaged and labelled for human consumption in accordance with the specific requirements for those animals laid down in Regulation (EC) No 853/2004 and which are no longer able to survive as living animals if returned to the aquatic environment;

II.a Certificate reference UNITED KINGDOM

molluses which are intended for human consumption without further processing, provided they are packaged for retail sale in compliance with the requirements for such packages laid down in Regulation (EC) No 853/2004;

molluses which are packaged and labelled for human consumption in accordance with the specific requirements for those animals laid down in Regulation (EC) No 853/2004 and which are intended for further processing without temporary storage at the place of

This animal health/official certificate shall be completed in accordance with the notes for the completion of certificates provided for in Chapter 4 of Annex I to Commission Implementing Regulation (EU) 2020/2235.

Part h

Box reference I.8 .: Region of origin: indicate the production area, except for Pectinidae, marine gastropods and echinoderms harvested outside classified production areas.

Part II

- art 11.1 shall not apply to third countries or territories with the special public health certification requirements laid down in equivalence agreements or other Union legislation.
- (2) Part II.2, of this animal health/official certificate shall not apply and must be deleted when the consignment consists of: (a) species other than those listed in the Annex to Commission Implementing Regulation (EU) 2018/1882; or (b) wild aquatic animals and products of animal origin from those aquatic animals which are landed from fishing vessels for direct human consumption; or (c) products of animal origin from aquatic animals other than live aquatic animals which are ready for direct human consumption, without undergoing further processing in the Union.
- Species listed in columns 3 and 4 of the table in the Annex to Implementing Regulation (EU) 2018/1882. Species listed in column 4 shall only be regarded as vectors under the conditions set out in Article 171 of Delegated Regulation (EU) 2020/692.
- Keep if appropriate/delete if not applicable. In the case of Part II.2.4.1., deletion is not permitted if the consignment contains listed species for infection with Mikrocytos mackini or infection with Perkinsus marinus, other than in the circumstances referred to in note (6).
- Code of the third country or territory, or zone or compartment thereof as it appears in column 2 of the table in Part 1 of Annex XXI to Implementing Regulation (EU) 2021/404.
- Parts II.2.3.1., II.2.3.2., II.2.3.3. and II.2.4. of this animal health/official certificate shall not apply and must be deleted if the consignment contains only the following aquatic animals:
 - molluscs which are packaged and labelled for human consumption in accordance with the specific requirements for those animals laid down in Regulation (EC) No 853/2004 and which are no longer able to survive as living animals if returned to the aquatic environment.
 - molluses which are intended for human consumption without further processing, provided they are packaged for retail sale in (b) compliance with the requirements for such packages laid down in Regulation (EC) No 853/2004,
 - molluses which are packaged and labelled for human consumption in accordance with the specific requirements for those (c) animals laid down in Regulation (EC) No 853/2004 and which are intended for further processing without temporary storage at the place of processing.
- Applicable only when the Member State or zone or compartment thereof of destination in the Union either has disease-free status for a category C disease as defined in Article 1, point (3), of Implementing Regulation (EU) 2018/1882, or is subject to an optional eradication programme established in accordance with Article 31(2) of Regulation (EU) 2016/429, otherwise delete.
- Applicable when the Member State of destination in the Union or part thereof, has approved national measures for a specific disease as listed in Annex I or Annex II to Implementing Decision (EU) 2021/260, otherwise delete.
- Susceptible species as referred to in column 2 of the table in Annex III to Implementing Decision (EU) 2021/260
- (10) Shall apply only to the consignments of live aquatic animals.
- (11) to be signed by:
 - an official veterinarian when Part II.2. Animal health attestation is not deleted,
 - a certifying officer or an official veterinarian when Part II.2. Animal health attestation is deleted.
