**DECISION**

---

**This has been a remote determination on the papers which has not been objected to by the parties. The form of remote hearing was P: PAPERREMOTE. A face-to-face hearing was not held because it was not practicable, and all issues could be determined on paper. The documents that I was referred to are in the applicants' bundle of 128 pages, the contents of which I have noted.**

## **Decision of the Tribunal**

- (a) The Tribunal grants dispensation under section 20ZA of the Landlord and Tenant Act 1985 ('the 1985 Act') for works to investigate and repair leaks to the rear roof at 10 Princes Avenue, London N10 3LR ('the Property')**
- (b) No terms are imposed on the grant of dispensation.**
- (c) The applicants shall send a copy of this decision to each of the respondents, either by email, hand delivery or first-class post. They shall also display a copy in a prominent place in the common parts of the Property. They must send an email to the Tribunal by 27 February 2024, confirming the date(s) when this was done.**

## **The application**

1. The applicants seek dispensation from the consultation requirements imposed by section 20 of the 1985 Act.
2. The application is dated 19 October 2023 and directions were issued on 14 November 2023. The case was allocated to the paper track, to be determined upon the basis of written representations. None of the parties has objected to this allocation or requested an oral hearing. The paper determination took place on 13 February 2024
3. The relevant legal provisions are set out in the appendix to this decision.

## **The background**

4. The applicants are the freeholders of the Property, which is a converted, three-storey house containing three flats. The respondents are the leaseholders of these flats. The Property is managed by Parkfords Management Limited ('PML').
5. The application concerns proposed repairs to the rear roof area, between the balconies at the Property. There is a roof leak affecting Flats B and C, whenever it rains. This has caused damage to the bedroom in Flat B and kitchen/diner in Flat C.
6. PML served a section 20 notice of intention on the respondents dated 27 October 2023, describing the proposed works as "*Roof repairs*" considered necessary due to "*Water ingress into the flats*". They subsequently obtained a quotation from KBK Property Specialists dated

19 January 2024 for £6,110 plus VAT. They have not served a statement of estimates.

7. The applicants seek dispensation from the statutory consultation requirements for the roof repairs. The only issue for the Tribunal is whether it is reasonable to dispense with the statutory consultation requirements. **This application does not concern the issue of whether any service charge costs will be reasonable or payable.**

### **The grounds of the application**

8. The grounds are contained in the Tribunal application. In brief, the applicant contends the repairs are urgent given the leaks and damage to Flats B and C.
9. Paragraph 2 of the directions gave the respondents an opportunity to object to the dispensation application by completing and returning reply forms and serving statements, setting out their grounds of opposition. No objections have been received by the applicants or the Tribunal.

### **The Tribunal's decision**

10. The Tribunal grants dispensation for works to investigate and repair the rear roof at the Property. No terms are imposed on the grant of dispensation.

### **Reasons for the Tribunal's decision**

11. The Tribunal accepts the works are urgent, given the leaks and damage to Flats B and C. A full section 20 consultation would take several months and considerably delay these works. It is reasonable to proceed with the works now, given the time of year and risk of further leaks/damage.
12. There has been partial consultation in that a notice of intention was served on the respondents.
13. None of the respondents have contested this application, identified any prejudice that might arise from the grant of dispensation or proposed any terms as a condition of granting dispensation.
14. Having regard to the particular facts of this case and the guidance in ***Daejan Investments Limited v Benson [2013] UKSC 14***, it is reasonable to dispense with the full section 20 consultation requirements.

15. This decision does not address the cost of the roof repairs or whether the respondents are liable to contribute to this cost via their service charges. Nothing in this decision prevents the respondents from seeking a determination of 'payability', pursuant to section 27A of the 1985 Act.

### **Rights of appeal**

1. By rule 36(2) of the Tribunal Procedure (First-tier Tribunal) (Property Chamber) Rules 2013, the Tribunal is required to notify the parties about any right of appeal they may have.
2. If a party wishes to appeal this decision to the Upper Tribunal (Lands Chamber), then a written application for permission must be made to the First-tier Tribunal at the regional office which has been dealing with the case.
3. The application for permission to appeal must arrive at the regional office within 28 days after the Tribunal sends written reasons for the decision to the person making the application.
4. If the application is not made within the 28-day time limit, such application must include a request for an extension of time and the reason for not complying with the 28-day time limit; the Tribunal will then look at such reason(s) and decide whether to allow the application for permission to appeal to proceed, despite not being within the time limit.
5. The application for permission to appeal must identify the decision of the Tribunal to which it relates (i.e. give the date, the property and the case number), state the grounds of appeal and state the result the party making the application is seeking.
6. If the Tribunal refuses to grant permission to appeal, a further application for permission may be made to the Upper Tribunal (Lands Chamber).
