Product Description	A multi-purpose musical stroller that can be made into a scooter and play table.
Country of Origin	China
Counterfeit	Unknown
Risk Level	Serious
Risk Type	Choking
Risk Description	The product presents a serious risk of choking as the removable lid from the water/sand bottle, and the removable screws that attached to the bottle, were all found to fit entirely inside of a small parts cylinder. A young child may put the small part in their mouth and choke. When tested in "Motorcycle mode", the toy tipped over and therefore poses a potential fall hazard to a child under 36 months. Additionally, the product poses a risk of cuts as, after a drop test, the walker broke apart, with the top of the walker breaking away completely, leaving large amounts of rigid, jagged plastic on both sides. Some of the required documentation and markings were not present. The product does not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	The import has been rejected at the border and destroyed.
