

THE OFFSHORE COMBUSTION INSTALLATIONS (POLLUTION PREVENTION AND CONTROL) REGULATIONS 2013 (as amended)

Regulations 8(1) and 8(2) Notice: Grant of Application for a Large Combustion Installation Permit

SHELL U.K. LIMITED has made an application dated 14 March 2024 and updated 17 May 2024 under the Offshore Combustion Installation (Pollution Prevention and Control) Regulations 2013 (as amended). The Secretary of State has considered the application and in exercise of the powers available under the Offshore Combustion Installation (Pollution Prevention and Control) Regulations 2013 (as amended) hereby gives notice of its decision to grant a permit **PPC/113** to SHELL U.K. LIMITED to undertake the operations as set out in the application. The reasons for the decision are that the Secretary of State is satisfied that the large combustion installation will be operated in compliance with regulations 7(2) and 7(3) of the Offshore Combustion Installation (Pollution Prevention and Control) Regulations 2013 (as amended).

Effective Date: 5th June 2024

Summary of Representations:

No representations were received from the public under regulation 8 and there were therefore no representations taken into account in making the decision.
