was advertised as a life jacket, but once purchased was identified as a buoyancy aid (which does not provide the same level of protection). The product does not meet the level of buoyancy claimed by the manufacturer and there is no minimum and maximum user's mass stated.	Risk Type	<u> </u>
Risk Description  Mandatory third-party conformity assessment by a body authorised for PPE is required by the relevant Regulations for those products which protect against more serious risks, the absence of such independent assessment for such a product may increase the risk to the consumer that the product may not perform as expected when relied upon as a buoyancy aid.  The product does not meet the requirements of Regulation (EU) 2016/425 on Personal Protective Equipment or the Personal Protective Equipment (Enforcement) Regulations 2018.	Description	product does not meet the level of buoyancy claimed by the manufacturer and there is no minimum and maximum user's mass stated.  The product was not supplied with the required compliance documentation or markings to demonstrate that they have been adequately conformity assessed. Mandatory third-party conformity assessment by a body authorised for PPE is required by the relevant Regulations for those products which protect against more serious risks, the absence of such independent assessment for such a product may increase the risk to the consumer that the product may not perform as expected when relied upon as a buoyancy aid.  The product does not meet the requirements of Regulation (EU) 2016/425 on Personal Protective Equipment
