Dear [REDACTED],

Thank you for your FOI request dated 14th January 2024. We can confirm that the MHRA does hold the requested information and it can be accessed using the link below:

<https://yellowcard.mhra.gov.uk/idaps>

The COVID-19 vaccine reports contain a complete listing of all suspected adverse reactions that have been reported to the MHRA via the Yellow Card scheme for all COVID-19 vaccines. This includes all reports received from healthcare professionals, members of the public, and pharmaceutical companies. It is important to note that reported adverse reactions have not been proven to be related to the drug, and should not be interpreted as a list of known side effects.

I hope the information provided is helpful, but if you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of this response; and can be addressed to this email address.

Kind regards,
FOI Team
Safety & Surveillance Group

You don't often get email from [REDACTED]

For the attention of the FOI Team

Regarding the Covid 19 vaccine I request figures on the following under the Freedom Of Information scheme :-

1. The total amount of adverse reactions reported after receiving the Covid 19 vaccine since the beginning of the pandemic to date for the UK.

2. How many were classed as serious adverse reactions.

3. How many deaths have been reported to date for the UK following a Covid 19 vaccine.

I look forward to hearing from you.

Many thanks.
