

PLANNING COMMENT FOR APPLICATION REF: 5/2024/0950

Raymond Henderson

owner

Support the Proposal

I can see the current property from most of the rear windows of my house. The existing property is an eyesore with a poor design and low quality yellow bricks and concrete pan tiles which are totally out of keeping with the rest of the street scene and, in fact, entire Avenues neighbourhood. Quite frankly anything would be an improvement to the existing monstrosity. Fortunately the applicant has carefully designed a house with empathetic elevations and a congenial selection of building materials which are substantially more sympathetic with the existing street scene. We encourage the authorities to approve the application and take out the current blot on the landscape!
