CREATIVE + PROFESSIONAL DESIGN ADVICE
 ON ALL SCALES OF BUILDING PROJECT

1. All works to be in accordance with the Building regulations, British Standards, statutory and local authority requirements.
2. Consistency between similar materials must be maintained.
3. Jllarchitecture + DESIGN to be notified of any discrepancies, dimensional inconsistencies or the need for clarification prior to commencement of work or the manufacture of any component required in the work.
4. Jllarchitecture + DESIGN to approve all detailed drawings/setting out prior to construction
5. Contractor to confirm stability/and feasibility of all building elements and components prior to construction or manufacture.
6. All drawings to be verified on site - Responsibility is not accepted for errors made by others in scaling from this drawing. All construction information should be taken from figured dimensions only. If in doubt - CHECK.
7. Refer to, and read this document in conjunction with Specification (if applicable) and all other scheme drawings.
