Aspect	Details
Images	
PSD Number	2407-0078
Product Type	Pyrotechnic articles - Model Rocket Engine
Product Identifiers	Brand: Estes Rockets Models: D12-3 and D12-5 Batch: J20 1120 Barcodes: D12-3 engines – 047776015666, D12-5 engines - 47776015678
Product Description	A model rocket motor rocket and rocket motor for small-size simulation of rocket and rocket motors for entertainment and private use.
Country of Origin	United States
Counterfeit	No
Risk Level	Unknown
Risk Type	Injuries
Risk Description	The product presents a risk of injuries as due to a manufacturing fault, the forward ejection charge fails. This results in the uncontrolled return of the rocket to the ground, which may result in the user, or surrounding people becoming injured. The product does not meet the requirements of the Pyrotechnic Articles (Safety) Regulations 2015.
Corrective Measures	The affected models/batches have been recalled from end users. For further information, or to make contact with Estes on this recall, please access: https://estesrockets.com/pages/d12-engine-service-bulletin
Online Marketplace	N/A
Notifier	Office for Product Safety and Standards.
