I have a few concerns about the planning application UTT/24/1618/PINS on the south side of Bedwell Road.

1. Access. The residents who live opposite the proposed entrance to this site park along the north side of this road meaning access to the site will be difficult/dangerous.
2. The increased traffic on an already overused narrow country lane.
3. The proposed 3 storey apartments are not in keeping with the surrounding area and it gives the impression they are being used to shield the other properties on the site from the M11.
