Dear Sir,

I am writing to you in connection with the Planning Application S62A/2024/0046 in the Herts Advertiser. I would like to give my support to this application. I drive down Rosebery Avenue quite frequently and the houses are beautiful except for the 1970's building which is 9a. The new plans will completely enhance the road compared to the ugly '70's house.

Yours faithfully

Philippa Tuck
