Additional modules or Re-sit modules

18 Specialisation course for carriage in Tanks

This programme is to be used whenever trainees need to complete the specialisation course for carriage in tanks in addition to the basic course and any of the other specialisation course. The start time will depend on the time that the previous course and examinations are finished, and the total duration will always be one and a half days including the tanker examination. There will always be at least one overnight break, the timing of which will depend on the start time. All trainees attending this programme must previously have completed a course and examinations consisting of a minimum of core, practicals and one class. The sequence will be:

Day	1 hour	2 hours	3 hours	4 hours	5 hours	6 hours	7 hours	8 hours
1	Tanks	Tanks	Tanks	Tanks	Tanks	Tanks	Tanks	Tanks
2	Tanks	Tanks	Tanks Exam					

32 Specialisation course for carriage of substances and articles of Class 1

This programme is to be used whenever trainees need to complete the specialisation course for carriage of substances and articles of Class 1 course in addition to any course involving anything other than core and practicals only. The start time will depend on the time that the previous course and examinations are finished, and the total duration will always be one day including the Class 1 examination. All trainees attending this programme must previously have completed a course and examinations consisting of a minimum of core and practicals. The sequence will be:

Day	1 hour	2 hours	3 hours	4 hours	5 hours	6 hours	7 hours	8 hours
1	Class 1	Class 1	Class 1	Class 1	Class 1	Class 1	Class 1	Class 1 Exam

33 Specialisation course for carriage of substances and articles of Class 7

This programme is to be used whenever trainees need to complete the specialisation course for carriage of radioactive material of Class 7 in addition to any course involving anything other than core and practicals only. The start time will depend on the time that the previous course and examinations are finished, and the total duration will always be one day including the Class 7 examination. All trainees attending this programme must previously have completed a course and examinations consisting of a minimum of core and practicals. The sequence will be:

Day	1 hour	2 hours	3 hours	4 hours	5 hours	6 hours	7 hours	8 hours
1	Class 7	Class 7	Class 7	Class 7	Class 7	Class 7	Class 7	Class 7 Exam
