<b>Product Description</b>	A magnet game packaged in a dark blue cardboard box.
<b>Country of Origin</b>	China
<b>Counterfeit</b>	No
<b>Risk Level</b>	High
<b>Risk Type</b>	Choking, Injuries and Health risk
<b>Risk Description</b>	<p>The product presents a high risk of choking and internal injuries due to the presence of small parts that fit entirely inside of a small parts cylinder. A young child may put a small part in its mouth and the parents/carers may not notice in time, so the small part could block the child's airways.</p> <p>The magnets were found to have an excessively high magnetic flux, greater than the maximum permitted by the relevant standard. Small, high-powered magnetic products can easily be swallowed and, when ingested, have the potential to cause serious internal injuries within the gastrointestinal tract.</p> <p>OPSS has issued a Product Safety Alert for small, high-powered magnetic products which can be accessed at the following link: <a href="https://www.gov.uk/product-safety-alerts-reports-recalls/product-safety-alert-small-high-powered-magnetic-products-psa1">https://www.gov.uk/product-safety-alerts-reports-recalls/product-safety-alert-small-high-powered-magnetic-products-psa1</a></p> <p>The product does not meet the requirements of the Toys (Safety) Regulations 2011.</p>
