TRADE LICENCE

Open General Trade Control Licence (Category C Goods)

Dated 30 September 2022, granted by the Secretary of State.

The Secretary of State, in exercise of powers conferred by Article 26 of the Export Control Order 2008¹ ("the Order"), hereby grants the following Open General Trade Control Licence:

Licence

1. Subject to the following provisions of this Licence, any person (referred to in this Licence as the "trader") may;
 - (1) agree to supply or deliver any goods specified in Schedule 1; or
 - (2) do any act, or agree to do any act calculated to promote the supply or delivery any goods specified in Schedule 1;

from any country, other than a country or individual specified in Schedule 2(1), to any country specified in Schedule 2(1) Part A; or from any country specified in Schedule 2(1) Part A to any other country, other than a country specified in Schedule 2(2) Part B hereto, providing the goods are not located in the UK or Isle of Man, unless they are goods in transit.

Exclusions

2. This licence does not apply:
 - (1) if the trader is aware or suspects that the goods are or may be intended, in their entirety or in part for use in connection with the development, production, handling, operation, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons, or other nuclear explosive devices or the development, production, maintenance or storage of missiles capable of delivering such weapons,

¹ S.I.2008/3231

- (2) if the trader knows or has reason to believe that the action in paragraph 1 above will or may result in the removal of the controlled goods to a country not authorised in Schedule 2;
- (3) if the trader has been informed by the Secretary of State, or is aware that the transaction will be carried out contrary to the export or import law or regulations of the exporting or importing country;
- (4) if the destination of the goods is within a Customs Free Zone;
- (5) where the trader has, at the time of act, been served with a notice which suspends or revokes his ability to use this Licence pursuant to article 32(1) of the Order, unless the period of suspension or revocation has expired.

Conditions and Requirements

3. The authorisation in paragraph 1 above is subject to the following conditions:
 - (1) **Registration:** Any person who does any act under the authority of this licence must, before the first occasion he makes use of the licence, provide details to the Secretary of State of his name and address where copies of the records referred to below may be inspected;
 - (2) **Record keeping:** The provisions of Article 29 of the Order shall apply to any act under the authority of this licence;
 - (3) Where the trader has received a warning letter sent on behalf of the Secretary of State which identifies failure to comply with this Licence or a provision of applicable export control legislation, the trader shall take such steps as are identified in that warning letter (within the timescale stated) in order to restore compliance with the Licence. Without prejudice to article 34 of the Order, failure to comply with this condition may result in this Licence being revoked or suspended until the trader can show compliance to the Department for International Trade's (DIT) satisfaction. The trader will be notified in writing of any such suspension or revocation and the initial period of

such suspension or revocation. Where at the end of this initial period, the trader has not shown compliance to DIT's satisfaction, the period of suspension or revocation may be extended. The trader will be notified of such an extension in writing.

(4) The Secretary of State has the power to vary or withdraw export licences at any time. If you do not use this licence within any 24-month period for an export allowed by this licence, your entitlement to use it will **automatically run out** at the end of that 24-month period and your registration details will be removed from SPIRE. However, you can register for this licence again if you want to use it after your registration has ended.

(5) You **must** update the 'Open licensing returns' within SPIRE, for **all** exports or trade carried out within each calendar year. You **must** update the returns by the last day of the following January at the latest (for example, you would need to update the January to December returns by the end of the following January) and include **all** the information required. You do **not** have to report on technology transfers.

Prohibitions not affected by this Licence

4. Nothing in this Licence shall affect any prohibition or restriction on the trade or the carrying out of any act with respect to the trade of any goods concerned under, or by virtue of, any enactment other than a prohibition or restriction in the legislation under which this licence was issued, as set out in the licence itself.

Interpretation

5. For the purpose of this Licence:
- (1) "any person" means any person operating from within the UK;
 - (2) a "Customs Free Zone" is a part of the territory of a country where any goods introduced are generally regarded, insofar as import duties and taxes are concerned, as being outside the Customs territory of that country, and are not subject to the Customs controls that would otherwise apply;

- (3) "goods in transit" shall not be considered to be located in the UK or Isle of Man;
- (4) unless the context otherwise requires, any other expression used in this Licence shall have the meaning it bears in the Export Control Act 2002, or in the Order.

Entry into Force

6. This Licence shall come into force on 30 September 2022.
7. The Open General Trade Control Licence (category C goods) dated 31 December 2020 is hereby revoked.

under contractual obligations). In addition, this Licence does not extend to prohibitions in other legislation implementing United Nations Sanctions.

10. Under Article 28 of the Order, any person who does any act under the authority of this licence must, before or within 30 days after the first occasion he makes use of the licence, provide details to the Secretary of State of his name and address where copies of the records referred to below may be inspected.

authority of this licence must maintain and retain certain records relating to each such acts for at least 4 years from the end of the calendar year in which the authorised act takes place, and must permit such records to be inspected and copied by any person authorised by the Secretary of State.

12. The Secretary of State has the power to suspend or revoke licences at any time and in such circumstances and on such terms as he thinks fit. If a trader receives written notice to this effect, he will be prevented from relying on this Licence. The power to suspend may be used in addition to criminal prosecution or as an alternative. Suspension may occur for example where a trader is being investigated or prosecuted in relation to a possible criminal offence or has been found guilty of a criminal offence under the export control legislation. It may also be used in situations where a trader has breached the conditions of the Licence and failed to take corrective action within a reasonable period (see condition 3(3)).
13. Where DIT identifies failures in compliance with licence conditions or the legislation during a compliance visit, DIT may send a warning letter to the trader listing the improvements that need to be made to ensure compliance.
